Following departure of the group the Commission resumed discussion of the matter. Chairman Chandler gave as his feeling that the delegation's request has much merit. The Engineer stated that in view of additional evidence presented by the delegation he now wishes to recommend that a connection to the south be constructed at Cemetery Road (Green Valley Road) at an estimated cost of $67,000, including acceleration and deceleration lanes as may be required , on condition that the interchange can be constructed without imposing an undue hazard to highway traffic and without interfering with the "freeway" principle. The Engineer also commented that one member of the Douglas County Court has indicated that the County will secure the necessary right of way and perform grading on part of the project. The Commission approved the project as recommended by the Engineer.

Messrs. George Henderson and Arden X. Pangborn, members of the Travel Advisory Committee, and Mr. Dudley L. McClure and Mr. Arlyn E. Cole, of the Cole & Weber Advertising Company, and Mr. Eric Bergman, Assistant Director of the Travel and Information Department, came before the Commission concerning the budget for the Travel and

Information Department for the year 1956. Mr. Bergman introduced the members of the delegation. Mr. Henderson explained the budget pointing out the types of advertising thatareto be used, and calling attention to the amount of the main budget which has been set up for $275,000 and a supplemental budget which has been proposed in the amount of $29,609.66 for advertising in the State of Washington newspapers, outdoor magazines, and to cover the National Education Association's conventions as well as items for television and radio advertising. He commented that material and labor costs have gone up approximately 20 per cent during the last year whereas the proposed budget has been increased only 9 per cent. He also called attention to an additional item of $5,370 for folders for the State Parks Department to be distributed in Oregon, a departure from past practice. It is proposed, he stated, to print folders for each of the four park regions and other folders for each of ten individual parks. Commissioner Reynolds inquired if the regional folders are of more value than an overall State parks folder. Mr. Henderson replied that in his opinion they are of more value because so many requests are received for information concerning specific parks and areas. It is proposed, he stated, to prepare four color folders with pictures and stories concerning the various parks, with emphasis being placed on the larger, more important parks. As a result of the discussion the Commission unanimously approved the regular budget of $275,000 as presented, a supplemental budget of $29,609.66, and an item of $5,370 to provide park folders for the Columbia Gorge, Central Oregon, the northern coast and southern coast regions, and 10 individual parks folders for Wallowa Lake, Collier, Silver Falls, Cape Lookout, Honeyman, Cove Palisades, Champoeg, Ecola, Shore Acres, and Lava Caves State Parks.

Mr. Henderson also commented that the Travel Advisory Committee obtained much valuable knowledge from its recent visits to Oregon parks and parks in the neighboring states of Washington and California. One conclusion reached, he stated, is that many of the Oregon parks are ready for use so advertising should be directed to get people to use them. The Committee was complimented by the Commission for a task well performed.

Captain H. T. Shaver, Member, and Mr. F. O. Meyer, Chairman, Columbia River Basin Operators, appeared before the Commission regarding sale of riparian rights along the Willamette River at Oregon City. Captain Shaver was spokesman. He stated that he was present at the public sale of these rights on September 26 when the Crown Zellerbach Corporation, which was the only bidder, submitted an offer of $10,000. Crown Zellerbach, he stated, has agreed to let river traffic tie up log rafts and other water borne materials at this location. He pointed out that tugboat operators and other river users had feared that the rights might be sold to someone who would make exorbitant charges for securing log rafts and other materials but they are satisfied that Crown Zellerbach will deal fairly, so they have no objections to the sale of the riparian rights to such company if the Commission so desires.

Chairman Chandler stated that the riparian rights are of no particular value or use to the State Highway Department, and that it is the feeling of the Commission that so long as the rights are not required for highway purposes they should be sold. The Commission thereupon by unanimous vote approved sale of the rights to Crown Zellerbach for the amount of its bid.

The meeting recessed for luncheon at 11:40 a.m. and reconvened at 2:00 p.m. in the same room, with the same persons present and participating.

Mr. Paul Rynning, Jackson County Engineer, and Mr. Chester Wendt, Jackson County Commissioner, came before the Commission regarding the Lake of the Woods Road (Little Butte State Secondary Highway). Mr. Rynning stated that the Jackson County Court has unanimously agreed to accept as a county road the section that extends easterly from the end of the presently constructed highway at McAllister Springs to the Klamath County Line, provided such section is placed on the Federal-aid Secondary (County Road) System so construction can be completed in about 8 years using 60% Federal money and 40% State money. The Court also agreed to acquire necessary right of way. Mr. Wendt confirmed Mr. Rynning's statement and stated that the Court feels that it can finance such an obligation with the State's cooperation. Chairman Chandler inquired if this means that the county will approve allocation of all of Jackson County's FAS money to this job until the road is completed to the Klamath County line, and is willing to allow construction to lapse if an emergency arises whereby the money is needed elsewhere. Mr. Wendt replied in the affirmative, adding that the road should be built to secondary highway standards. Commissioner Reynolds then inquired if the County anticipates use of regular funds only and is not asking the Commission to pledge future funds, and the County is willing to wait 8 years for completion of the road. Mr. Wendt again replied in the affirmative, adding that the County does not intend to ask the State for more money each year than is provided in the regular allocation.

Chairman Chandler questioned the economic justification of constructing the road only to the Klamath County line and he inquired if Jackson County will be satisfied to end construction at that point. Mr. Rynning replied that ending the road at the County line will be satisfactory to Jackson County because they are quite certain that the U. S. Forest Service will arrange a way to complete the entire project. Mr. Wendt mentioned that they have had meetings with representatives of the Klamath County Chamber of Commerce who appeared to be very much in favor of construction of the road as suggested by the State Highway Engineer but it appears that the Klamath County Court is not so inclined. Mr. Rynning commented that from Jackson County's point of view it would be perfectly agreeable to construct the road in Jackson County to the Klamath County line and that pressure of road users would force construction in Klamath County.

Chairman Chandler suggested that the County Courts of both Counties should get together and agree to the allocation of all of the F.A.S. monies allocated to them. He said that the Highway Commission very likely will approve the project on such basis, but does not look with favor on building only to the county line and then being urged to complete the job with State money.

The State Highway Engineer reported an offer from Klamath County Court to take over the northerly part of the Klamath Lake Secondary Highway if the State will take over as a state secondary highway the Klamath County portion of the Lake of the Woods Road. He commented that such arrangement would not be consistent with the proposal accepted by Jackson County.

Chairman Chandler concluded the discussion by stating that the Commission, he believed, is willing to accept the proposed transfer of roads within Jackson County but does not like the proposal as submitted by Klamath County. He suggested again that the two County Courts get together to determine if an acceptable solution can be worked out. Mr. Wendt advised that they will do so as soon as is possible.

A group from the City of Baker came before the Commission concerning rerouting of the Old Oregon Trail through this city and the location of the proposed by-pass route. The following people composed the group, all from Baker: Hon. Fred Young, Mayor; Bob Applegate, City Manager; Bill Jackson, Clyde Ward and Mrs. Ethel Troyer, members of the City Council; Byron C. Brinton, Editor, "Record Courier"; and a Mr. Jones.

Mr. Young was spokesman and introduced the members of the delegation. He mentioned the present routing of the highway through the city which contains numerous turns and advised that the business people and the residents of Baker are generally satisfied with such route but realize that it is difficult for tourists to travel. The City, he said, is interested in the two alternate routes that have been proposed, one of which is a one-way couplet route, using Main and Resort Streets, and the other a route which follows the railroad for a considerable distance, and he inquired if studies of those routes have been completed.

The Engineer replied that a study has been made of both routes and it was found that to improve the existing route, including the new route along the railroad will cost approximately $865,000 whereas to construct the one-way couplet route, using Main and Resort Streets, will cost approximately $573,000. He explained further details. Mr. Young remarked that these two routes have been considered by the City Council which favors the Main and Resort Street couplet because it will afford a better connecting link with the proposed freeway by-pass. He pointed out that the route along the railroad track is objectionable because it is so close to a new school and will disrupt warehouse facilities in addition to being expensive.

Mr. Jackson stated that the people who have expressed themselves heretofore in favor of one route over the other are those who will suffer economic loss. He added that the City Council feels that the Main Street-Resort Street couplet will best serve the greatest number of people. He expressed great interest in the overall picture including the proposed by-pass, and he urged, if and when the by-pass route is constructed, that it be located as close to the city as possible. Mr. Young also emphasized this point and stated that the city needs to know about the plans for the proposed by-pass route so it can proceed with plans to fit it. He added that the city is somewhat divided on the question of routing the highway and that the location of the freeway is important. He asked for some idea where it will go.

Commissioner Reynolds commented that this situation posed a greater problem than had been anticipated and he assured the delegation that the Commission has no intention of taking any action which will effect the economy of the city on any route. The Commission, he said, has authorized the Engineer to make a survey to determine the most feasible route for the "throughway" and for the modernization of US30 as it concerns Baker, and when such survey has been made and the route selected, then it will be much easier to decide the best way to get into and out of the city. Chairman Chandler outlined briefly the procedure that is followed in determining a highway location. He advised that a careful survey will be made of the Baker situation and that the Engineer will keep in close touch with the city through the City Manager, Mr. Applegate. Mr. Applegate requested a copy of the Engineer's latest report on this subject. The Engineer was instructed to furnish him such copy.

C. W. Craddock, Harney County Judge, T. E. Jenkins and Lee Williams, County Commissioners, and J. L. McCulloch, member of the Highway Committee of the Harney County Chamber of Commerce, were present and asked the Commission to extend the Frenchglen State Secondary Highway southerly from its present terminus at Frenchglen to Denio at the Nevada state line. Judge Craddock headed the group. He said that if the Commission will approve their request the County will take over the Diamond Valley Secondary Highway between Diamond and Princeton; also, the County will be willing to use a three-year allocation of County Federal-aid funds plus approximately $30,000 now on hand, to finance improvement of the requested extension. He said that they do not need an oiled road now between Frenchglen and Denio but they do want the highway oiled between Frenchglen and Burns. He pointed out that the road will link up the Malheur Bird Refuge, Hart Mountain Antelope Refuge, Steens Mountain Game Refuge, and Charles Shelton Antelope Refuge in California.

Chairman Chandler commented that to build the highway to secondary standards as requested would require an oiled surface. The Engineer stated that, on the basis of a very rough estimate, to construct a gravel road from Frenchglen to Denio will cost about $2,000,000 and the cost to provide an oil-surfaced road would be about $3,000,000. He pointed out

that Nevada has built an oiled road to the Oregon line, and he gave as his feeling that were the highway constructed in Oregon no one would be satisfied until it is oiled. As a result of the discussion the Engineer was authorized to make a reconnaissance survey of the proposed road if it is not too costly, to determine how much it will cost, its feasibility, and how long it will take to build the road with F.A.S. money. A report is to be submitted to the Commission when the survey is completed.

Service agreements with Central Electric Cooperative and with Wasco Electric Cooperative to furnish electrical energy for remote-controlled radio stations were discussed. Mr. Stiffler, Assistant Highway Engineer, stated that one of the radio stations is located on Grizzly Peak, 18 miles northwest of Prineville, and the other is located on Wasco Butte, 6 miles southwest of The Dalles. On the Grizzly Peak installation, the agreement provides for a monthly payment of $20 for a period of five years, of which approximately $13 is for electricity used. On the Wasco Butte installation, the agreement provides for payment of $12.50 per month, for 10 years. Upon the Engineer's favorable recommendation, the Commission approved the agreements.

The Right of Way Engineer requested authority to renew negotiations for acquisition of a portion of the "Winks" Auction Yard in The Dalles, which property is needed as right of way for the proposed improvement of US30 at this place. The Commission granted the authority.

The matter of acquiring right of way on the T. H. Banfield Expressway from the SP&S Railroad was discussed. The Chief Counsel commented that he hopes to complete negotiations in the near future, however, it may be necessary to condemn the property. The Commission authorized him to condemn the property if necessary.

The Right of Way Engineer requested and the Commission authorized public sale of 50.74 acres of excess property on the Portland-Salem Expressway in Marion County, near the Brooks Overcrossing, formerly owned by a Mr. Petzel for a price of not less than $12,500. The attached resolution relative thereto marked EXHIBIT "B-7", which resolution by this reference is made a part hereof as though extended in full herein was thereupon adopted by the Commission.

The Chief Counsel reported a compromise settlement with Mrs. Anna E. Stein for purchase of 0.61 acre of land to be used as right of way for Tualatin River-Middleton Section of U.S.99W in Washington County. He said that Mrs. Stein was offered $560 for the property which she refused and demanded $750. A compromise settlement was reached at $655. The Commission approved the settlement as reported.

The Commission discussed with the Engineer bids received in the morning session, and at 3:30 p.m., Commissioner McIver publicly announced awards of contracts as follows:

"Grading and oiling West Unit, Black Bridge-Richland Section of the Baker-Homestead Highway, about 32 miles east of Baker in Baker County: The Commission awarded the contract to the low bidder Durbin Bros., Eugene, at their bid price of $135,672.

"Grading and paving; also furnishing crushed material in stock pile on the Coquille-Rink Creek Section of the Coos Bay-Roseburg Highway in Coos County: The Commission elects to accept the bid of Fred H. Slate Co., Ore. Ltd., & E. C. Hall Co., Portland, in the sum of $306,278.50 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Hunter Creek-Macks Arch Rock Production Project on the Oregon Coast Highway, south from Gold Beach in Curry County: The Commission awarded the contract to the low bidder, Coos Bay Dredging Co., Inc., Coos Bay, at their bid price of $25,040.

"Grading and surfacing the Brookings-Morse Ranch Section of the Chetco River Road in Curry County: The Commission elects to accept the bid of Keith Bros. Construction Co., Medford, in the sum of $39,440 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Curry County is received and the sum of $8,919 is deposited by the County.

"Grading and oiling the East Unit, Hamilton-Long Creek Section of the Kimberly-Long Creek Highway in Grant County: The Commission awarded the contract to the low bidder, E. H. Itschner Co., Molalla, at their bid price of $81,387.

"Grading and paving Helman Street-Third Street (Ashland) Section of the Pacific Highway (northbound route) in Ashland in Jackson County: The Commission elects to accept the bid of T. W. Thomas, Portland, in the sum of $118,136.90 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Construction of East Fork Illinois River Bridge on the relocated Redwood Highway at Cave Junction in Josephine County: The Commission awarded the contract to the low bidder, Tom Lillebo, Reedsport, at his bid price of $133,760.

"Spring Creek Hill-Klamath Falls Rock Production Project on The Dalles-California Highway in Klamath County: The Commission awarded the contract to the low bidder, M. C. Lininger & Sons, Medford, at their bid price of $18,570.

"Grading the Sublimity Gun Club-Stout Creek Section of the North Santiam Highway in Marion County: The Commission elects to accept the bid of Durbin Bros., Eugene, in the sum of $211,888.50 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired.

"Construction of 39th Avenue Structure over Banfield Expressway in Portland in Multnomah County: The Commission elects to accept the bid of Lord Bros. Contractors, Portland, in the sum of $294,444 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Emerson Loop Oiling Project on the Emerson Loop County Road, about 10 miles south and east of The Dalles in Wasco County: The Commission elects to accept the bid of Babler Bros., Inc., Portland, in the sum of $56,792.50 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Wasco County is received and the sum of $12,800 is deposited by the County.

"Grading and oiling on the Baker Creek Section of the Scholls Secondary Highway southeast of Hillsboro in Washington County: The Commission awarded the contract to the low bidder, Birkemeier Construction Co., Milwaukie, at their bid price of $34,115.

"Construction of Service Creek Bridge over the John Day River at Service Creek on the Service Creek-Mitchell Highway in Wheeler County: The Commission awarded the contract to the low bidder, A. H. Saxton & Sons, Corvallis, at their bid price of $131,515."

Consideration was given by the Commission to the adoption of a working budget for the calendar year 1956. The Engineer presented a proposed budget for this purpose and explained details. He pointed out that the budget as prepared is for a total amount of $59,998,000 and includes the budgets for the Travel Information Department and the Parks Department. He recommended approval of the budget as submitted. The budget was carefully studied by the Commission, and as a result of discussion, the Commission unanimously adopted it as presented upon motion of Commissioner Reynolds which was seconded by Commissioner McIver.

(For details of the budget as approved see copy filed in the Secretary's Office under the heading "Highway Department's Budgets.)

The Chief Counsel reported orally on the case of Joe Harland vs. the State to stop construction on the proposed relocation of the Willamina-Salem Highway between Rickreall and Dolph Corner. Mr. Harland, he stated, seeks to stop acquisition of land for right of way, the award of the contract, and the spending of any money on the relocated route. A hearing was held on September 26 and evidence was presented on that day and on the 27th. On October 31, Judge Dobson considered further evidence and advised that more explanation was needed, particularly concerning how a "benefit quotient" was derived for this section of highway. He pointed out that the 45-day period in which to award the contract, on bids received at

the September meeting, will expire November 6, 1955. The immediate question, he said, is whether or not the Commission wishes to award the contract in view of the fact that Judge Dobson has not rendered a verdict and may or may not issue an injunction to stop further highway activities on this section.

Commissioner McIver expressed the thought that the contract should be awarded now because no condition of fact exists. Commissioner Reynolds expressed fear that awarding the contract now will create unnecessary complications.

The Engineer explained that there are two courses of action which may be taken, one to award the contract now, the other to wait until a decision has been rendered by the Judge. He pointed out that if the contract is awarded now, there is no possibility of the contractor performing any work until spring as the ground is too wet.

The thought was expressed by Commissioner McIver that many people are watching this case and the result could be that property owners will seek injunctions to stop other highway construction if this contract is not awarded now.

The Engineer expressed his concern over the seriousness of the situation, pointing out that if Mr. Harland is allowed the injunction this and similar practices can completely disrupt highway construction.

The Chief Counsel observed that if Judge Dobson finds that the route selected is not the most economical route and does not serve the best interests of the greatest number of people, then he may rule that the Commission acted in a capricious manner and grant the injunction on that basis. It was also his feeling that, even though the injunction is allowed, the Supreme Court would not uphold it. He recommended if the Commission wishes to award the contract, that the authority previously given to the Engineer to award the contract when certain conditions had been satisfied be confirmed.

Chairman Chandler stated that the Commission has already given the Engineer authority to award this contract and such authority has not been rescinded. It was his feeling that the contract should be awarded. Commissioners Reynolds and McIver concurred and it was so ordered.

Commissioner Reynolds inquired concerning the status of the Lostine by-pass route on the Wallowa Lake Highway in Wallowa County. The Deputy Engineer replied that this project will be included in the list of projects for consideration by the Commission when the next construction program is formulated.

Inquiry was also made by Commissioner Reynolds concerning the status of the new bridge across the Columbia River between Portland and Vancouver. The Engineer stated that no word had yet been received from the U. S. Army Engineers regarding cooperation from the Federal Govern-

ment in the cost to reconstruct the old bridge. The design for the new bridge, he stated, is complete and a model has been constructed; also, work is progressing in designing revisions to the existing bridge. The Chief Counsel commented that the Supreme Court of the State of Washington has not yet rendered an opinion in the matter.

Commissioner Reynolds inquired as to salient findings from the Malad (Idaho) Test Road Project. The Engineer mentioned a few of the outstanding findings, including the great advantage of oiled shoulders. The study, he stated, also confirmed that pavement distress increases as axle loads increase, and that 2" pavement is generally inadequate for ordinary loads whereas the 4" thickness serves very well. The expense of the test, he said, is well justified.

Commissioner Reynolds also inquired as to what progress is being made concerning the proposed bridge across the Columbia River at Biggs. The Engineer replied that he has an appointment with Washington authorities on November 6 to discuss the matter. It was his opinion that their estimate of potential traffic is too high.

The Commission resumed discussion of the eleven questions presented by the Astoria delegation earlier in the day concerning the proposed bridge across the Columbia River at Astoria. Each question was given careful consideration and answers, as follows, were unanimously approved:

Question No. 1. Are there any means available to the Highway Commission by which they could guarantee the toll revenues so that revenue bonds could be issued for the total project cost? Such a guarantee based on the Coverdale and Colpitts net toll revenue estimates would require underwriting approximately $795,000 the first year of bridge operation with progressively smaller annual amounts guaranteed for approximately 26 years.

Answer. While there may be legal means available, it is probable that additional legislation would be required, but, regardless of this situation, the Highway Commission advised that there is no money now available for this purpose.

Question 2. Referring to question No. 1, if some other agency assumed one-half the annual deficit each year for the 26 years, would the Highway Commission be in position to underwrite the other one-half?

Answer. No.

Question No. 3. If means are found to finance this bridge, would the Highway Commission be agreeable to construct, operate and maintain this project either solely or on a cooperative basis with the Washington Toll Bridge Authority or Washington Highway Commission?

Answer. The Commission believes that the financing authority should have the responsibility of constructing, operating, and maintaining the bridge.

Question No. 4. Would the Highway Commission be in position to assume all or a portion of the maintenance and/or operating costs of the bridge if it were constructed by some other agency?

Answer. No, not until it is a free bridge.

Question No. 5. Would this toll bridge be eligible for any federal highway aid funds allocated to your State for primary highways?

Answer. Probably yes, but the Commission further advised that the sum was too large to allot to this bridge without materially handicapping the rest of the state, since it would take nearly all of the primary funds, on the basis of present authorizations, for nearly two years.

Question No. 6. If above is not permissible at the present time but legislation is passed permitting it, to what amount would the Highway Commission be in a position to allocate funds to the construction of the bridge?

Answer. Unless legislation by Congress carried with it specific authorizations for this project, any allocation of funds could only be made at the expense of other needed projects in the state.

Question No. 7. If a Federal Interstate Highway Program is adopted by Congress, would the Highway Commission be in position to allot funds to the construction of the bridge in the amount of one-quarter or one-half the project construction cost?

Answer. The federal interstate highway system does not now include this bridge and it appears that it is quite unlikely that it ever will.

Question No. 8. In your opinion, are there any means at the Federal level where sufficient funds could be obtained to construct the bridge either in whole or in conjunction with revenue bond financing?

Answer. None known.

Question No. 9. All of the above questions assume that the Highway Commission is already empowered to participate in the manners indicated. Is State legislative action necessary for it to participate financially in any way in the construction, operation and/or maintenance of this proposed toll bridge?

Answer. Yes, it is believed that all the authority necessary is available, but it may be that some special feature would need to be covered, depending upon the nature of any future agreement.

Question No. 10. What suggestions do you have for solving the financial problems facing this project?

November 4, 1955

Answer. None.

Question No. 11. Will the Highway Commission take leadership in cooperation with the Washington Toll Bridge Authority and/or Washington State Highway Commission in trying to solve the financial problems of this project?

Answer. No.

The Engineer was instructed to transmit the answers to the Port of Astoria in writing.

The Commission signed agreements, et cetera as follows:

"Bargain and Sale Deed" re selling riparian rights along the Willamette River in Oregon City to Crown Zellerbach Corporation for $10,000.

"Bargain and Sale Deed" re sale to Mr. and Mrs. Adolph J. Brunner of Lots 5 and 6, Block 2, Elizabeth Addition to Mill City, for consideration of $250.

"Lease for Land" with Robert W. Marcum covering 3,719 sq. ft. of excess right of way near Providence Hospital to be used for parking lot. Lease is for ten-year period with consideration of $125 per year.

"Indentures of Access" re changes in highway access points for the following:

a. Lloyd Corporation on Greggs Creek-Wedderburn Section of Oregon Coast Highway, Curry County.

b. Mr. and Mrs. Theodore Vernon Jones and Mr. and Mrs. George G. Rausch on Newport-Toledo Section of Corvallis-Newport Highway, Lincoln County.

c. Mr. and Mrs. Gerald W. Jenkins on Newport-Toledo Section of Corvallis-Newport Highway, Lincoln County.

d. Mr. and Mrs. T. W. Keto on Glendale-Wolf Creek Section of Pacific Highway, Josephine County.

e. Mr. and Mrs. Wilbur D. Converse on Glendale Junction-Wolf Creek Section of Pacific Highway, Josephine County.

f. Mr. and Mrs. William N. Grahame on Glendale Junction-Wolf Creek Section of Pacific Highway, Josephine County.

g. Mrs. Olive S. Kuhl on Glendale Junction-Wolf Creek Section of Pacific Highway, Josephine County.

Indentures of Access-Cont.

h. Mr. and Mrs. Walter Mosher on Glendale Junction-Wolf Creek Section of Pacific Highway, Josephine County.

i. Mr. and Mrs. Raymond H. Stevens on Greggs Creek-Wedderburn Section of Oregon Coast Highway, Curry County.

j. Mr. and Mrs. Everett Fry on Dayville-Mt. Vernon Section of John Day Highway, Grant County.

k. Mr. and Mrs. James G. Carlton on Glendale Junction-Wolf Creek Section of Pacific Highway, Josephine County.

l. Mr. and Mrs. Earl F. Wead on the Glendale Junction-Wolf Creek Section of Pacific Highway, Josephine County.

m. Mrs. Magdalena Krause on Onion Flat-Middleton Unit of the Tigard-Newberg Section of Pacific Highway West, Washington County.

"Easement" with the Portland General Electric Company and the Portland Traction Company granting the State an easement in connection with construction of the ramp at the east end of Ross Island Bridge on Pacific Highway East, Multnomah County.

"Grants of Access" for the following:

a. To Mr. and Mrs. W. J. Inman on Viento-Hood River Section of Columbia River Highway, Hood River County.

b. To Josephine County on Glendale Junction-Wolf Creek Section of Pacific Highway, Josephine County.

"Cooperative Agreement" re State assuming maintenance of the Clear Lake-Belknap Springs Road by adding it to the State Secondary System.

"Fifth Modification of Cooperative Agreement" with U. S. Bureau of Public Roads re the State assuming immediate maintenance of the 2.8 mile Forest Road Project on Willamette Highway just west of Oakridge.

"Letter" re approval of Forest Highway Program for 1957 fiscal year.

"Agreement" with Southern Pacific Company re installation of signals on Central Avenue in Sutherlin. State and Southern Pacific Company to contribute 50 per cent of installation cost with Southern Pacific Company to maintain the signals thereafter.

"Agreement and Approach Road Permit" with Oregon Game Commission permitting them to construct an approach road to the Sherars Bridge Secondary Highway at M.P. 8.34 in order to furnish access to property under their control for benefit of fishermen seeking access to Buck Hollow Creek and the Deschutes River.

November 4, 1955

"Agreement" with O. W. R. & N. Company and U. P. Company covering temporary private road crossing of railroad at grade in Wallowa County.

"Maintenance & Finance Agreements" with Lake County covering the West Side-Dry Creek Section of FAS 407. (Authorized 10-28-54)

"Abandonment Agreement" with Lincoln County and City of Newport covering the Newport-Toledo Section of the Corvallis-Newport Highway in Lincoln County.

"Trust Agreement" with Bonneville Power Administration covering the reconstruction of Bonneville's transmission line facilities on the Meacham-Glover Section of the Old Oregon Trail in Umatilla County. (Authorized 9-22-55)

"Agreement" with City of Portland covering modernization of traffic signals within the limits of Portland on portions of S.E. McLoughlin Boulevard, E. Burnside Street, N.E. Sandy Boulevard, N.E. Union Avenue and N. Lombard Street. (Authorized 4-13-55)

"Supplemental Agreement" with Southern Pacific Company with reference to the Myrtle Creek Overcrossing on the revised location of the Pacific Highway. (Original Agreement 5-23-55)

"Bargain and Sale Deed" to Everett C. Heegard for a parcel of land on the Goshen-Divide Section of the Pacific Highway in Lane County. (Authorized 9-22-55)

"Agreement" with City of Lebanon covering the traffic signal installation on the Santiam Highway in Lebanon. (Authorized 6-30-55)

"Agreement" with the Southern Pacific Company relative to the Divide Overcrossing project made necessary by the revised location of the Pacific Highway in Lane County. (Bids received 9-22-55)

"Finance & Maintenance Agrements" with Wasco County covering the Emerson Loop Section of FAS 588. (Authorized 8-9-54)

"Bargain and Sale Deed" to the Union Pacific Railroad Company for a parcel of land on the T. H. Banfield Expressway in Multnomah County. (Authorized 9-22-55)

"Bargain and Sale Deed" to Robert V. Schreiner, et al. for a parcel of land on the Willamette R.-Hayesville Section of Portland-Salem Expressway in Marion County. (Authorized 9-22-55)

"Maintenance & Finance Agreements" with Curry County covering the Brookings-Morse Ranch Section of FAS 259.

"Agreement" with Southern Pacific Company covering an electric power line crossing under the Southern Pacific Company's tracks to serve the traffic signal installation at intersection of Stewart and Riverside Avenues in Medford.

November 4, 1955

"Throughway Agreement" with City of Portland designating the Union Avenue-N.E. 42nd Avenue Section of the T. H. Banfield Expressway as a "Throughway" and providing for closure of certain streets.

"Agreement" with City of Portland covering the construction of a city street extending from the intersection of N. E. 39th Avenue with N. E. Senate Street to the intersection of N. E. 39th Avenue with N. E. Sandy Boulevard.

"Throughway Agreement" with Yamhill County covering the construction of the East Unit of the McMinnville Airport-Da yton Junction Section of the Three Mile Lane Highway.

"Abandonment Agreement" with Sherman County covering the abandonment of a portion of the Moro-Kent Section of the Sherman Highway.

"Agreement" with Central Electric Cooperative, Inc., re purchase of power and energy for radio communication center located on Grizzly Peak, approximately 18 miles northeast of Prineville.

"Agreement" with Wasco Electric Cooperative re construction of a remote-control repeater station on Wasco Butte, about six miles southwest of The Dalles.

"Abandonment Agreement" with Yamhill County in connection with the re-location of the McMinnville Airport-Dayton Junction Section of the Three Mile Lane Secondary Highway, and revisions on the Lafayette Secondary and Salem-Dayton Secondary Highways.

"Amendment No. 1 to Special Use Permit" re an amendment to Special Provision 19 on the Special Use Permit granting the state right of way through National Forest lands on Meacham-Hilgard Section of Old Oregon Trail, Umatilla County.

There being no further business to come before the Commission, the meeting was declared adjourned by Chairman Chandler at 4:15 p.m.

State Highway Engineer

Commissioner

November 4, 1955

EXHIBIT "A"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, in connection with the future improvement of the highway herein designated, and for the convenience and benefit of the public, it is and has been necessary to acquire property for rights of way, quarry sites, gravel or other material sites, sites for the storage of materials, and properties for other purposes authorized by statute as hereinafter more definitely set forth, and

WHEREAS, as a result of negotiations carried on with the owners of the property required, options have been obtained, which options have been considered by the Commission outlining the bases of settlement which have been agreed upon, and

WHEREAS, it is the judgment of the Commission that the said options should be approved and accepted and/or the said reports be declared acceptable to the State Highway Commission as bases of settlement for the properties involved, and that the acquisition of the properties should be completed,

NOW, THEREFORE BE IT RESOLVED that the following described properties are hereby declared to be necessary for State highway, park, and other uses under the jurisdiction of the Commission, and that the several options or bases of settlement hereinafter enumerated be, and the same hereby are approved and accepted, and that the attorney for the Commission be, and he hereby is, instructed to complete the acquisition of the said properties and to take title thereto in the name of the State of Oregon, by and through its State Highway Commission. The said properties hereby ordered and authorized to be acquired are as follows:

1.58 acres, lump sum	175.00	
Amount to be paid owners - chrg to Right of Way		$ 175.00
Amount to be paid owners - chrg to Quarry Site		825.00
GRAND TOTAL		$1,000.00

Owner reserves oil rights.
Property to revert if declared surplus by Hwy. Comm.

THINGS TO BE DONE BY THE STATE

Construct cattle guard where haul road enters Paulina Hwy.
Agrees not to fence haul road.

Access not controlled -

EXHIBIT "A" (Cont)

WILLAMETTE JUNCTION-DIAMOND LAKE SECTION - THE DALLES-CALIFORNIA HIGHWAY

24098 Lang, Delford and Ruby (Bucknum)
Right of Way
Option expires April 5, 1956

1 acre at $500 per acre	$ 500.00
1.97 acres at $25+ per acre	49.95
130' well	520.00
Severance damage	715.05

Amount to be paid owners - chrg to Right of Way $1,785.00

THINGS TO BE DONE BY THE STATE

Permit access to grantor's remaining property from East Diamond Lake Hwy., each 50' wide: 100 feet W. of new westerly r/w line, 250 feet W. of the new westerly r/w line.

Access: 1230+00 and 1235+00, west for farm and residential use, and trans. of mineral products.

Access controlled - Subject to Bargain Sale Deed, or better.

EAST UNIT-HAMILTON-LONG CREEK SECTION - KIMBERLY-LONG CREEK HIGHWAY

23621 Heirs of Roscoe W. Shaw (Brainerd)
Right of Way
Option expires March 18, 1956

6.6 acres at $20 per acre	$ 132.00
632 rods fencing at $3 per rod	1,896.00
Damages, lump sum	427.00

Amount to be paid owners - chrg to Right of Way $2,455.00

Grantor to re-establish fencing.

Access not controlled -

23623 DeVin, Rene J. and Victoria R. (Bucknum)
Right of Way, Quarry and Stock Pile Site
Option expires April 10, 1956

EXHIBIT "A" (Cont)

EAST UNIT-HAMILTON-LONG CREEK SECTION - KIMBERLY-LONG CREEK SECTION (Cont)

23623 DeVin, Rene J. and Victoria R. (Cont)

4.51 acres at $20 per acre	$ 90.20	
Fencing, 230 rods at $3 per rod	690.00	
Amount to be paid owners - chrg to Right of Way		$ 710.00
Amount to be paid owners - chrg to Quarry Site		70.20
GRAND TOTAL		$ 780.20

Grantor to fence along r/w only.

THINGS TO BE DONE BY THE STATE

Water channels from spring crossing hwy. to be protected if disturbed. Not to fence quarry area off from grantor's remaining property on southerly side of hwy. Construct adequate cattle guard on its roadway leading from quarry area to r/w.

Access not controlled -

HINKLE UNDERPASS-UMATILLA RIVER SECTION - HERMISTON HIGHWAY

24038 Mueller, N. R. and Rose G. (Brainerd)
Right of Way
Option expires April 13, 1956

0.3 acre, lump sum	$ 50.00	
Amount to be paid owners - chrg to Right of Way		$ 50.00

THINGS TO BE DONE BY THE STATE

Construct access at Hwy. Eng. Sta. 33+20, west side.

Access not controlled -

24037 Dumond, Earnest A. and Anna L. (Brainerd)
Right of Way
Option expires April 11, 1956

HINKLE UNDERPASS-UMATILLA RIVER SECTION - HERMISTON HIGHWAY (Cont)

24037 Dumond, Earnest A. and Anna L. (Cont)

2.18 acres at $400 per acre	$ 872.00	
4.88 acres at $25 per acre	122.00	
115 rods fence at $3 per rod	345.00	
Allowance to construct drainage ditch, drop box, lump sum	100.00	
Amount to be paid owners - chrg to Right of Way		$1,439.00

Grantor to re-establish fencing.

THINGS TO BE DONE BY THE STATE

Re-establish existing approaches.

Access not controlled -

HAVANA SECTION - HAVANA-HELIX SECONDARY HIGHWAY

23575 Schwank, Albert C. and Sally V. (Brainerd)
Right of Way
Option expires March 19, 1956

0.47 acre at $400 per acre	$ 188.00	
Severance damage	297.00	
Amount to be paid owners - chrg to Right of Way		$ 485.00

THINGS TO BE DONE BY THE STATE

Quit claim old right of way not needed to grantor.

Access not controlled -

WEST UNIT-BLACK BRIDGE-RICHLAND SECTION - BAKER-HOMESTEAD HIGHWAY

23913 Bowman, Floyd and Ruby Rizor (Brainerd)
Right of Way and Gravel Pits
Option expires April 4, 1956

6.1 acres at $200 per acre	$1,220.00
0.69 acres at $250 per acre	172.50
16.46 acres at $25 per acre	411.50
443 rods fencing at $3 per rod	1,329.00
Damages, lump sum	500.00

EXHIBIT "A" (Cont)

WEST UNIT - BLACK BRIDGE-RICHLAND SECTION - BAKER-HOMESTEAD HIGHWAY (Cont)

23913 Bowman, Floyd and Ruby Rizor (Cont)

Amount to be paid owners - chrg to Right of Way	$2,934.25
Amount to be paid owners - chrg to Gravel Pits	698.75
GRAND TOTAL	$3,633.00

Grantor may run irrigation pipe along south r/w line between Sta. 1811+00 and 1812+00.

THINGS TO BE DONE BY THE STATE

Protect and re-establish grantors' irrigation system, if necessary. Install 6" pipe for irrigation under road at Sta. 1832+75.

Access north side of hwy. at Eng. Sta. 1824+00, 1835+10 and 1847+45, south side of hwy. 1824+00, 1835+10, 1848+50 and 1864+35.

Access controlled -

23914 Shold, Grant T. and Lela F. (Brainerd)
Right of Way
Option expires April 4, 1956

0.33 acre, lump sum	$ 25.00	
27 rods fencing at $3 per rod	81.00	
Amount to be paid owners - chrg to Right of Way		$ 106.00

Grantor to re-establish fencing.

Access controlled - none allowed -

23912 Shold, Ben and Sarah E. (Brainerd)
Right of Way
Option expires April 6, 1956

3.75 acres at $200 per acre (1.5 ac. no value)	$ 750.00
343 rods fencing at $3 per rod	1,029.00
Allowance to move corrals, lump sum	150.00
Allowance to move pens and shed	300.00

EXHIBIT "A" (Cont)

WEST UNIT BLACK BRIDGE-RICHLAND SECTION - BAKER-HOMESTEAD HIGHWAY (Cont)

23912 Shold, Ben and Sarah E. (Cont)

Amount to be paid owners - chrg to Right of Way $2,229.00

Grantor to have right to use tubes at Hwy. Eng. Sta. 1787+20 and 1753+22 to run sprinkler system pipe through.
Grantor may run fence down stock berm on s. side between Stas. 1782+00 and 1788+50. Grantor to re-establish fencing.

THINGS TO BE DONE BY THE STATE

Install 84" tube for cattle underpass at Hwy. Eng. Sta. 1775+60, and 12" tube for irrigation pipe at Hwy. Eng. Sta. 1779+50 (Est. cost $100)

Access: 1773+80, 1777+65, 1796+00, north side and 1777+65 and 1796+00 south side for farming, livestock raising, private residential use and future mining activity on grantor's remaining land, only.

Access controlled -

OLDS FERRY-ONTARIO SECTION - OLD OREGON TRAIL HIGHWAY

23884 Grace, C. C. and Anna M. (Brainerd)
Right of Way
Option expires March 21, 1956

6.2 acres, lump sum $ 300.00

Amount to be paid owners - chrg to Right of Way $ 300.00

Grantor reserves mineral rights.

THINGS TO BE DONE BY THE STATE

Re-establish and maintain fence, new one to be constructed before old one removed. Gate to be put alongside cattle guard.

Access controlled -

24011 Lockett, Dwight and Gladys (Brainerd)
Haul Road and Quarry Site
Option expires April 3, 1956

EXHIBIT "A" (Cont)

OLDS FERRY-ONTARIO SECTION - OLD OREGON TRAIL HIGHWAY (Cont)

24011 Lockett, Dwight and Gladys (Cont)

9.69 acres, lump sum (4.77 ac. quarry & 4.92 ac. Ease) $ 475.00

Amount to be paid owners - chrg to Quarry Site $ 475.00

THINGS TO BE DONE BY THE STATE

Construct cattle guard where haul road crosses owners' fence in Sec. 34 and re-est. any fencing disturbed. Locked gate to be installed across cattle guard at completion of State hauling operations, estimated cost $450.

24012 Turner Brothers (Brainerd)
Haul Road and Quarry Site
Option expires April 3, 1956

14.22 acres (7.37 ac. haul rd. eas. & 6.85 ac. Qr. Site) $ 650.00

Amount to be paid owners - chrg to Quarry Site $ 650.00

THINGS TO BE DONE BY THE STATE

Construct cattle guard where haul rd. crosses west line of Sec. 34. Locked gate to be installed and furnished copy of key to be furnished owner. (Estimated cost $450)

24013 Turner Brothers
Easement for Haul Road
Option expires April 3, 1956

1.14 acres, lump sum $ 100.00

Amount to be paid owners - chrg to Quarry Site $ 100.00

THINGS TO BE DONE BY THE STATE

Construct cattle guard where haul rd. joins hwy. (Est. cost $400). Protect spring pipe line crossing and spring area, if disturbed.

EXHIBIT "A" (Cont)

NYSSA BRIDGE SECTION - OLD OREGON TRAIL HIGHWAY

23583 Skubal, Vincent and Julia (Brainerd)
Right of Way
Option expires January 25, 1956

Land, 1,742 sq. ft. at $0.10 per sq. ft.	$ 174.20	
Allowance for moving house (Clarence Vogt, bid)	2,010.00	
Damages	325.00	
Amount to be paid owners - chrg to Right of Way		$2,510.00

Grantor to move residence from r/w 60 days from notice.

Access north side of hwy. at Eng. Sta. 16+75.

Access controlled -

HARBOR DRIVE-BARBUR BOULEVARD SECTION - PORTLAND-SALEM EXPRESSWAY

22535 Schiewe, Herbert M. et al (Smith)

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission is the owner of the parcel of land in the Clackamas County Line-Hubbard Section of the Wilsonville-Hubbard Highway described as follows:

A parcel of land lying in Section 11, Township 4 South, Range 1 West, W.M., Marion County, Oregon, the said parcel being described as follows:

Beginning at the southwest corner of the northeast quarter of Section 11; thence east 223.07 feet along the south line of said northeast quarter to a line which is parallel to and 100 feet westerly of the center line of the Wilsonville-Hubbard Highway (formerly the West Portland-Hubbard Highway); thence north 7° 08' east 1330 feet to the north line of the southwest quarter of the northeast quarter of Section 11; thence west along said north line 388 feet to the northwest corner of said southwest quarter of the northeast quarter; thence south 1320 feet to the place of beginning.

Also beginning at the northwest corner of the southeast quarter of Section 11; thence east 223.07 feet along the north line of said southeast quarter to a line which is parallel to and 100 feet westerly of the center line of the Wilsonville-Hubbard Highway (formerly the West Portland-Hubbard Highway); thence south 7° 08' west 1811 feet to the west line of said southwest Section 11; thence north along said West line 1796 feet to the place of beginning.

Except County Roads and Highways.

The parcel of land to which this description applies contains 12.2 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for Highway purposes.

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $4,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Secretary of the Commission, be and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.070 Et Seq.

EXHIBIT "B-1" (Cont)

AND BE IT FURTHER RESOLVED that this Miscellaneous Resolution No. 164 be entered in the minutes and records of the Commission as of the 3rd day of November, 1955.

25667

EXHIBIT "B-2"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission is the owner of the parcel of land in the Bunker Hill-Delmar Section of the Oregon Coast Highway described as follows:

> A parcel of land lying in Lot 3 of Section 11, Township 26 South, Range 13 west, W.M., Coos County, Oregon, the said parcel being that portion of said Lot 3 lying northwesterly of a line which is parallel to and 100 feet northwesterly of the center line of the Oregon Coast Highway and lying Easterly of a 60 foot road easement, which road easement center line is described as follows: Beginning at Engineer's center line station 0+00, said Station being on the westerly line of the Oregon Coast Highway opposite and 100 feet westerly of highway center line station 172+47.7, said station 0+00 also being 929.24 feet north and 1080.4 feet east of the south $\frac{1}{4}$ corner of said Section 11; thence in a northeasterly direction 475 feet, more or less, to the intersection of the center line of Third Street of the Port Barnum Plat, with the South lines of Blocks 18 and 19 extended across Third Street, containing 2.0 acres more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes.

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $2,500.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Secretary of the Commission, be and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et Seq.

AND BE IT FURTHER RESOLVED that this Miscellaneous Resolution No. 165 be entered in the minutes and records of the Commission as of the 3rd day of November, 1955.

November 3, 1955

EXHIBIT "B-3"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission is the owner of the parcel of land in the Newport Section of the Oregon Coast Highway described as follows:

A parcel of land lying in Section 5, Township 11 South, Range 11 West, W.M., Lincoln County, Oregon, and being a portion of that tract of land described in that certain deed to the State of Oregon, by and through its State Highway Commission, recorded in Book 97, Page 104 of Lincoln County Records of Deeds; the said parcel being described as follows:

Beginning at a point on the Northerly line of said State of Oregon Property, said point being North 0° 16' East 20 feet and South 89° 44' East 20 feet of the Southwest corner of Lot 14, Block 1, in Phelps Addition to Newport, said point also being 50 feet Easterly of (when measured at right angles to) the center line of the Oregon Coast Highway; thence South 0° 16' West parallel to said center line to the Southerly line of said State of Oregon property; thence along the boundaries of said State of Oregon property as follows: Easterly to the Southeast corner of said State property, Northerly 174.5 feet, Westerly 20 feet, Southerly 85 feet and Westerly 160 feet to the point of beginning, containing 0.4 acre, more or less.

State to retain an easement for slopes over and across a strip of land 15 feet in width lying Easterly of and adjacent to a line which is parallel and 50 feet Easterly of the center line of said Oregon Coast Highway.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes.

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $5,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Secretary of the Commission, be and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et Seq.

AND BE IT FURTHER RESOLVED that this Miscellaneous Resolution No. 166 be entered in the minutes and records of the Commission as of the 3rd day of November, 1955.

EXHIBIT "B-4"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in Unit 2 of the Banfield Expressway described as follows:

A parcel of land lying in Section 36, Township 1 North, Range 1 East, W.M., Multnomah County, Oregon, and being those tracts of land described in those certain deeds to the State of Oregon, by and through its State Highway Commission, recorded in Book 1386, Page 130, Book 1412, Page 490, Book 1399, Page 215, Book 1386, Page 129, Book 1400, Page 486, Book 1388, Page 426, Book 1392, Page 320, Book 1387, Page 559 and Book 1409, Page 77, Multnomah County Deed Records; the said parcel being described as follows:

Beginning at the Northwest corner of Lot 9, Block "B", First Addition to Holladay Park in the City of Portland; thence Easterly along the North line of said Lot 9, a distance of 6 feet; thence Southerly parallel to the West line of said Lot 9 a distance of 50 feet; thence Southeasterly 53.49 feet to a point on the South line of said Lot 9, said point being 25 feet Easterly from the Southwest corner of said Lot 9; thence Easterly along the South lines of lots 9, 8 and 7 of said Block "B" 125 feet to the Southeast corner of said Lot 7; thence Southerly along the Southerly extension of the East line of said Lot 7 a distance of 50 feet; thence Easterly parallel to the Southerly lines of Lots 6 and 5 of said Block "B", 100 feet to the Southerly extension of the Westerly line of Lot 4, said Block "B"; thence Northerly along the Southerly extension of the Westerly line of said Lot 4, a distance of 20 feet to a point 30 feet Southerly of the Southwest corner of said Lot 4; thence Easterly parallel to the Southerly lines of Lots 4, 3, 2 and 1 of said Block "B" 200 feet to a point on the Southerly extension of the East line of said Lot 1 which is 30 feet South of the Southeast corner of said Lot 1; thence South along the Southerly extension of the East line of said Lot 1 a distance of 60 feet to the most Northerly corner of that tract conveyed to State of Oregon by and through its State Highway Commission by deed recorded in Book 1409, Page 77, Multnomah County Deed records; thence Southeasterly to a point on the Northerly line of the Oregon Railroad and Navigation Company property, said point being 60 feet Easterly of the Southwest corner of said tract recorded in Book 1409, Page 77; thence westerly along the Northerly line of said Oregon Railroad and Navigation Company property 510 feet, more or less, to the Southwest corner of that tract conveyed to the State of Oregon, by and through its State Highway Commission by deed recorded in Book 1412, Page 490, Multnomah County Deed Records, said Southwest corner being on the Southerly extension of the Westerly line of Lot 9 of said Block "B"; thence Northerly along the Southerly extension of the

EXHIBIT "B-4" (Con t)

Westerly line of said Lot 9 and along the westerly line of said Lot 9 to the place of beginning, containing 1.105 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes.

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $12,848.20, and the Commission is desirous of selling and disposing of said property at a price not less then the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Secretary of the Commission, be and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et Seq.

AND BE IT FURTHER RESOLVED that this Miscellaneous Resolution No. 167 be entered in the minutes and records of the Commission as of the 3rd day of November, 1955.

EXHIBIT "B-5"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission is the owner of the parcel of land in Unit 2 of the Banfield Expressway described as follows:

> A parcel of land lying in Section 36, Township 1 North, Range 1 East, W. M., Multnomah County, Oregon, and being a portion of the following described property: That tract of land which was conveyed by that certain deed to M. and M. Wood Working Company, recorded in Book 767, Pages 186 and 187 of Multnomah County Record of Deeds. The said parcel being described as follows:
>
> All of Lot No. 10 of Block lettered "B" in the First Addition to Holladay Park Addition, City of Portland, County of Multnomah, State of Oregon.
>
> Also, beginning at the Southwest corner of said Lot No. 10, thence running easterly along the South line of Lot No. 10, a distance of 50 feet to the Southeast corner of said lot; thence Southerly along the Southerly extension of the East line of Lot No. 10, a distance of 76 feet; thence Northwesterly a distance of 90.97 feet to the point of beginning.
>
> The parcel of land to which this description applies contains 0.158 acre.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes.

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,720.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Secretary of the Commission, be and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et Seq.

AND BE IT FURTHER RESOLVED that this Miscellaneous Resolution No. 168 be entered in the minutes and records of the Commission as of the 3rd day of November, 1955.

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Willamette River-Gervais Section of the Portland-Salem Expressway described as follows:

A parcel of land lying in Sections 3 and 10, Township 4 South, Range 1 West, W.M., Marion County, Oregon,

Beginning at the Northeast corner of the Amable Arquait D. L. C. No. 45, being the northeast corner of that tract conveyed to the State of Oregon, by and through its State Highway Commission by deed recorded in Book 455, Page 574, Marion County Deed Records; thence south 16° 30' East 26.94 chains to the southeast corner of said tract; thence south 73° 15' West 22.18 chains to the southwest corner of said tract being the southeast corner of that tract conveyed to the State of Oregon by and through its State Highway Commission by deed recorded in Book 455, Page 576; thence south 73° 15' West 31.9 chains to the southwest corner of said last named tract; thence north 21° 30' West 380 feet more or less along the west line of said last mentioned tract to the west line to a line which is parallel to and 100 feet southeasterly of the northbound traffic center line of the Portland-Salem Expressway; thence northeasterly (North 31° 54' East, Highway bearing) 5575 feet more or less to the east line of that tract conveyed to the State of Oregon by and through its State Highway Commission by deed recorded in Book 458, Page 259; thence south 0° 31' East 2520 feet more or less to the southeast corner of said last named tract, said corner being on the north line of said D. L. C. No. 45; thence North 73° 15' East 245 feet more or less to the place of beginning, containing 175 acres, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes.

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $26,500.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW THEREFORE, BE IT RESOLVED that the Secretary of the Commission, be and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et Seq.

AND BE IT FURTHER RESOLVED that this Miscellaneous Resolution No. 169 be entered in the minutes and records of the Commission as of the 3rd day of November, 1955.

EXHIBIT "B-7"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission is the owner of the parcel of land in the Willamette River-Hayesville Section of the Portland-Salem Expressway described as follows:

A parcel of land lying in the J. J. Lemmons D. L. C. No. 63 and in the Linus Brooks D. L. C. No. 64, also lying in Sections 17 and 18, Township 6 South, Range 2 West, W. M., Marion County, Oregon, and being a portion of that property conveyed by those deeds to the State of Oregon, by and through its State Highway Commission, recorded in Book 457, Page 605 and in Book 461, Page 441, of Marion County Records of Deeds. The said parcel being that portion of said property lying West of a line which is parallel to and 174 feet Westerly of the center line of the Portland-Salem Expressway, which center line is described as follows:

Beginning at Engineer's center line Station 1585+00, said Station being 1296.46 feet North and 13.81 feet East of the Southeast corner of said J. J. Lemmons D. L. C. No. 63; thence South 22° 40' West 3,000 feet to Station 1615+00, except that part of said property which is included in a strip of land 65 feet in width lying North of and adjacent to the North line of County Road No. 609. Said center line crosses the North line of said property (which line is also the North line of Krebs Acres) approximately at Center line Station 1590+25. And said center line crosses the center line of said County Road No. 609 which runs along the South side of said property approximately at center line Station 1613+40, containing 50.74 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes.

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $12,500.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Secretary of the Commission, be and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et Seq.

EXHIBIT "B-7" (Cont)

AND BE IT FURTHER RESOLVED that this Miscellaneous Resolution No. 170 be entered in the minutes and records of the Commission as of the 4th day of November, 1955.

EXHIBIT "C"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the Engineer has reported that the following State Highway Commission contracts for the construction of State Highway projects have been completed according to the terms and provisions of said contracts and that said jobs are now ready for acceptance:

"Contract No. 3931 with Coos Bay Dredging Co., Inc., for grading and paving on the South Unit, Elbow Lake-Gardiner Section of the Oregon Coast Highway in Douglas County, completed August 20, 1955.

"Contract No. 3980 with Peter Kiewit Sons' Co. for grading and paving on the Brush Creek-Frankport Unit, Rocky Point-Gold Beach Section of the Oregon Coast Highway in Curry County, completed August 1, 1955.

"Contract No. 4018 with H. G. Palmberg for constructing the Clatskanie River Bridge and County Road Overcrossing on the Columbia River Highway in Columbia County, completed July 15, 1955.

"Contract No. 4020 with Porter W. Yett for grading and pavement widening on the Rice Hill Section of the Pacific Highway in Douglas County, completed September 28, 1955.

"Contract No. 4021 with Fred H. Slate Co., Oreg. Ltd., and E. C. Hall Co. for grading and paving on the North Unit, Elbow Lake-Gardiner Section of the Oregon Coast Highway in Douglas County, completed August 20, 1955.

"Contract No. 4057 with Peter Kiewit Sons' Co. for grading and paving on the Rocky Point-Brush Creek Section of the Oregon Coast Highway in Curry County, completed August 8, 1955.

"Contract No. 4073 with A. H. Saxton & Son for grading and paving on the Canyonville-O'Shea Creek Section of the Tiller-Trail Highway in Douglas County, completed August 31, 1955.

"Contract No. 4076 with Berke Bros. and C. R. O'Neil for grading on the Emigrant Hill Section of the Old Oregon Trail Highway in Umatilla County, completed July 15, 1955.

"Contract No. 4121 with Fred H. Slate Co., Oreg. Ltd., and E. C. Hall Co. for grading and paving on the Frankport-Greggs Creek Unit, Brush Creek-Greggs Creek Section of the Oregon Coast Highway in Curry County, completed September 2, 1955.

"Contract No. 4148 with J. C. Compton Co. for bridge construction, grading and paving on the Sage Hen Hill-Hines Section of the Central Oregon Highway, completed July 12, 1955.

EXHIBIT "C" (Cont)

"Contract No. 4164 with Wall, Bartram & Sandford for constructing the Rocky Point Viaduct on the Oregon Coast Highway in Curry County, completed September 29, 1955.

"Contract No. 4174 with K. F. Jacobsen & Co. for grading and paving on the Sutherlin (E. Central Avenue) City St. Section in Douglas County, completed September 9, 1955.

"Contract No. 4175 with K. F. Jacobsen & Co. for grading and paving on the Oakland (Stearns Avenue) City St. Section in Douglas County, completed September 9, 1955.

"Contract No. 4207 with Valley Construction Co. for constructing the Row River Bridges on the Pacific Highway in Lane County, completed September 29, 1955.

"Contract No. 4240 with Peter Kiewit Sons' Co. for constructing the Shady Bridge over South Umpqua River on the Pacific Highway in Douglas County, completed October 14, 1955.

"Contract No. 4242 with Walt M. Young for constructing the John Day Maintenance Building in Grant County, completed June 24, 1955.

"Contract No. 4264 with Acme Construction Co. for grading and paving on the Depot Slough-Toledo Section of the Corvallis-Newport Highway in Lincoln County, completed September 10, 1955.

"Contract No. 4271 with Inland Construction Co. for constructing the 82nd Avenue Undercrossing on the T. H. Banfield Expressway in Multnomah County, completed August 23, 1955.

"Contract No. 4290 with Willamette Irrigation Co. for roadside improvement on the Second Street Connection of the Columbia River Highway in Hood River County, completed September 20, 1955.

"Contract No. 4294 with Lloyd G. Sperling for park extension work in Cape Lookout Park in Tillamook County, completed September 9, 1955.

"Contract No. 4302 with Coos Bay Dredging Co., Inc., for grading and paving on the Tarheel Creek Section of the Cape Arago Highway in Coos County, completed September 29, 1955.

"Contract No. 4308 with Rogers Construction Co. for paving of the Emigrant Hill Section of the Old Oregon Trail Highway in Umatilla County, completed September 15, 1955.

"Contract No. 4314 with C & W Crushing Co. for furnishing crushed material in stock pile on the Necanicum Section of the Oregon Coast, Sunset and Necanicum Highways in Clatsop County, completed September 20, 1955.

EXHIBIT "C" (Cont)

"Contract No. 4318 with Tom Lillebo for construction of four structures at Shady Point on the Pacific Highway in Douglas County, completed October 3, 1955.

"Contract No. 4322 with C & W Crushing Co. for furnishing crushed material in stock pile on the Clatsop County Line-Rockaway Section of the Oregon Coast and Necanicum Highways in Tillamook County, completed September 20, 1955.

"Contract No. 4330 with Warren Northwest, Inc., for grading and paving on the Crow-Gillespie Corner Section of the Territorial Highway in Lane County, completed October 3, 1955.

"Contract No. 4332 with Columbia Empire Constructors, Inc., and P. S. Lord Mechanical Contractors for construction of the Cottage Grove Connection Overcrossing on the Pacific Highway in Lane County, completed September 30, 1955.

"Contract No. 4341 with Peter Kiewit Sons' Co. for grading and paving on the South Unit, Klamath Falls-Midland Overcrossing Section of the Midland Highway in Klamath County, completed September 15, 1955.

"Contract No. 4352 with Allum Bros. for grading and surfacing on the South Unit, Hayden Slough-Donna Section of the Eugene-Marcola Road in Lane County, completed September 19, 1955.

"Contract No. 4357 with Den Herder & Strobel, Contractors, for slide correction on the Forest Boundary Slide Unit, Winchester Bay-Forest Boundary Section of the Oregon Coast Highway in Douglas County, completed August 20, 1955.

"Contract No. 4358 with Trowbridge & Flynn Electric Co. for installation of traffic signals in Medford on the Pacific Highway in Jackson County, completed June 30, 1955.

"Contract No. 4372 with R. H. Jones for constructing the Willamette Junction Grade Separation on The Dalles-California Highway in Klamath County, completed August 31, 1955.

"Contract No. 4383 with D. F. McKenzie for bridge construction, grading and paving on the Beaver Creek School-Twin Bridges Section on the Beaver Creek-Greenberry County Road in Benton County, completed October 20, 1955.

"Contract No. 4387 with Frank Watt Construction Co. and D & S Construction Co. for constructing Little Applegate River and Star Gulch Bridges on the Upper Applegate County Road in Jackson County, completed September 30, 1955.

"Contract No. 4400 with Diamond Rock Co. for grading and paving on the Deer Creek Section of the Oregon Coast Highway in Lincoln County, completed September 29, 1955.

EXHIBIT "C" (Cont)

"Contract No. 4402 with P. B. Doherty & Son for furnishing crushed materials in stock pile on the Sardine Creek-Linn County Line Section of the North Santiam Highway in Marion County, completed August 8, 1955.

"Contract No. 4403 with Jackson & Ray for construction work on the Cold Springs Creek Bridge Section on the Pendleton-Cold Springs Highway in Umatilla County, completed September 24, 1955.

"Contract No. 4412 with Vernie Jarl for furnishing crushed materials in stock pile on the Alicel-Minam Section of the Wallowa Lake Highway in Wallowa and Lake Counties, completed October 12, 1955.

"Contract No. 4416 with E-W Construction Co. for construction of the Quartz Creek Culvert and McNeil Creek Bridge on the Butte Falls County Road in Jackson County, completed August 31, 1955.

"Contract No. 4417 with Oregon Asphaltic Paving Co. for grading and oil mat surfacing on the Beals Corner-Parkdale Section of the Dougherty Corner-Parkdale Road in Hood River County, completed September 29, 1955.

"Contract No. 4424 with Oregon Asphaltic Paving Co. for oiling on the Linn County Roads Oiling Project, completed October 7, 1955.

"Contract No. 4446 with La Grande Concrete Pipe Co. for grading and stone base on the structure approach on the Glover Overcrossing-Oro Dell Overcrossing Section of the Old Oregon Trail Highway in Union County, completed October 5, 1955.

"Contract No. 4454 with Russell Olson Construction Co., Inc., for grading and paving on the Union (Warren & Dearborn Sts.) City Street Section in Union County, completed September 20, 1955.

"Contract No. 4471 with Rogers Construction, Inc., for furnishing crushed materials in stock pile on the Lane County Line-Willamette Junction Section of the Willamette Highway in Klamath County, completed October 28, 1955.

"Contract No. 4475 with Russell Olson Construction Co., Inc., for paving on the La Grande (Jefferson Avenue Truck Route) Section of the Old Oregon Trail Highway in Union County, completed September 30, 1955.

"Contract No. 4478 with Calkins Crushing Co. for furnishing crushed materials in stock pile on the Viento-Wasco County Line Section of the Columbia River Highway in Hood River County, completed October 8, 1955.

"Contract No. 4483 with Rohde Construction Co. for construction of the Emigrant Hill Sand Storage Shed on the Old Oregon Trail Highway in Umatilla County, completed October 17, 1955.

EXHIBIT "C" (Cont)

"Contract No. 4492 with Morrison & Lamping for paving on the Enterprise (Depot St.) City Street Section in Wallowa County, completed October 18, 1955.

"Contract No. 4509 with Lankford Bros. for grading and surfacing on the John Day (Main St. -S. W. 2nd St.) Section of the John Day-Burns Highway in Grant County, completed October 6, 1955.

THEREFORE BE IT RESOLVED that the work covered by State Highway Contracts for the construction of said State Highway projects be declared completed according to the terms of the respective contracts and said jobs are hereby accepted and final payment in connection with each is hereby authorized.

BE IT FURTHER RESOLVED that this Contracts Completed Resolution No. 47 shall be entered in the minutes and records of the Commission as of the 3rd day of November, 1955.

25681

EXHIBIT "D"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, pursuant to the provisions of ORS 366.810, there have been by the Oregon State Highway Commission apportioned to the cities and/or towns hereinafter named for disbursement for street purposes as provided in said law, the amounts set opposite the names of the respective cities or towns:

Jordan Valley...	$ 712.28
Monument.....	688.14
Yamhill.....	1,626.78

AND, WHEREAS, each of said cities and towns has, by appropriate action evidenced by resolution or other official instrument, certified copies of which have been filed with the State Highway Commission, conformed to and complied with the requirements of said law so as to qualify each for the benefits thereof;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED as follows:

1. That the type, plan and character of improvement proposed in the resolutions filed with the State Highway Commission by the above named respective cities and/or towns hereby are approved.

2. That the action taken respectively by said cities and/or towns as evidenced by appropriate resolutions by them respectively adopted and thereafter filed with the State Highway Commission, shall be and is deemed an appropriate and proper conformance with the requirements of said law by said cities and/or towns individually so as to qualify each to receive and use the funds to them apportioned.

3. That upon entry of this resolution in the minutes and records of the Commission, the Secretary shall thereafter mail to the proper officer in each of said cities and/or towns a duly certified copy of the resolution or resolutions adopted by the city, together with a copy of the resolution approving the plans submitted by the city.

4. This resolution shall be entered in the minutes and records of the Oregon State Highway Commission as of the 3rd day of November, 1955.

November 3, 1955

EXHIBIT "E-1"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the section of the Springfield-Creswell Highway, State Secondary Highway No. 222, located in Lane County and known as the Jasper-Pleasant Hill Section the northerly terminus of which is at Highway Engineer's Station 7+94.78 on the relocated highway and the southerly terminus of which is at Highway Engineer's Station 152+13.56 on the relocated highway, is now open for public travel;

WHEREAS, as a consequence of the relocation of said section of highway, a portion or unit of the old right of way has been eliminated from the boundaries of the relocated highway and is no longer needed for state highway purposes; and

WHEREAS, Lane County and the Highway Commission entered into an agreement under date of April 2, 1954, relating to the disposition to be made of the eliminated portion or unit; and

WHEREAS, the said agreement provided that after the said relocated section was opened to public travel the Commission would notify the County of same by letter and that, effective upon the date of said letter, the eliminated portion or unit, therein and herein referred to as Unit "A", would be abandoned as part of the said highway and all right, title and interest which the State may have in the right of way of Unit "A" shall thereupon pass to and vest in the County, and said Unit "A" would be maintained thereafter by said County as a county road under the jurisdiction and control of said County; and

WHEREAS, Lane County was duly notified by letter dated August 2, 1955, that the said section had been opened to public travel and that as of August 2, 1955 jurisdiction and control over Unit "A" became vested in said County; and

WHEREAS, it is the purpose of the Highway Commission to take official action and impress upon its records the disposition made of the portion or unit of the right of way of said highway, herein referred to as Unit "A", affected by reason of said relocation;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That the portion or unit of the old right of way which by reason of the relocation of the said highway is no longer within the boundaries of the new right of way and which is identified herein as Unit "A" is shown colored in red on the map attached hereto, which is marked Exhibit "A" and by this reference made a part hereof. The location of Unit "A" is more particularly described as follows:*

EXHIBIT "E-1" (Cont)

Unit "A"

Beginning at State Highway Engineer's Station 18+00 of the relocated Springfield-Creswell Highway in the northeast quarter of the northeast quarter (NE¼ NE¼) of Section 22, Township 18 South, Range 2 West, W. M.; thence southerly via the former route of the Springfield-Creswell Highway to State Highway Engineer's Station 78+00 of the relocated Springfield-Creswell Highway in the southeast quarter of the northeast quarter (SE¼ NE¼) of Section 27, Township 18 South, Range 2 West, W. M. *

2. That, pursuant to the aforesaid agreement, Unit "A" is hereby duly abandoned as part of the Springfield-Creswell Highway, State Secondary Highway No. 222, effective as of August 2, 1955, the date of said letter to Lane County, and that all right, title and interest which the State has in the right of way of Unit "A" hereby passes to and vests in the said County, and shall hereafter be maintained by said county as a county road.

3. That the area shown colored in green on the said Exhibit "A" includes right of way acquired for the said relocated section of highway and includes also some parts or areas of the old right of way not now incorporated within the boundaries of the right of way proper. In connection with the area colored in green, it is the judgment and finding of the Commission that all of said area is and will be needed for right of way and other highway purposes and uses. Therefore, the Commission does hereby declare and order that possession of and title to all of the land or area shown colored in green on said Exhibit "A" shall be retained and held by the State. *

4. That this resolution be entered in the minutes and records of the Commission as of this 3rd day of November, 1955, as Abandonment and Retention Resolution File No. 289; and the Secretary is directed to mail a duly certified copy thereof to the County Court of Lane County.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, being filed under File No. 289 under the heading "Abandonment and Retention Resolutions" and said map by this reference is made part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "E-2"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the relocated Zigzag-Rhododendron Section of the Mt. Hood Primary Highway No. 26 located in Clackamas County, the westerly terminus of which is at Highway Engineer's Survey Station 899+00 and the easterly terminus of which is at Highway Engineer's Survey Station 1032+83.2 on the relocated highway, has been completed and opened for public travel; and

WHEREAS, due to the relocation of the aforesaid section a portion of the former right of way is no longer needed for state highway purposes and may be eliminated from the boundaries of the relocated highway; and

WHEREAS, it is the judgment of the Highway Commission that a portion of the former Mt. Hood Highway, which is no longer within the boundaries of the relocated Zigzag-Rhododendron Section of said highway, is no longer needed or required for state highway purposes; that said portion hereinafter referred to as Unit "A" shall be abandoned and revert to the owners of the abutting property; and

WHEREAS, it is the judgment of the Highway Commission that part of the former right of way of the Zigzag-Rhododendron Section of the Mt. Hood Highway, together with the other real property acquired by the State for roadway right of way and other public purposes, are needed and valuable for right of way purposes and public use; and

WHEREAS, it is the purpose of the Highway Commission to take official action and impress upon its records the disposition made of the portion or unit of the former right of way of the said Mt. Hood Highway referred to herein as Unit "A", as well as all the property affected by reason of said realignment;

NOW, THEREFORE, based upon power and authority vested in this Commission by the State of Oregon, it is HEREBY ORDERED AND RESOLVED that:

1. The portion of the former right of way, which is no longer within the boundaries of the new right of way by reason of the relocation of the Zigzag-Rhododendron Section of the Mt. Hood Highway, is identified as Unit "A" and described as follows:

Unit "A"

All the land situated within the right of way boundaries of the former Mt. Hood Highway, beginning at the southerly right of way line opposite Highway Engineer's Survey Station 922+90 of the relocated Mt. Hood Highway in U. S. Government

EXHIBIT "E-2" (Cont)

Unit "A" (Cont)

Lot 8, Section 3, Township 3 South, Range 7 East, W. M.; thence southeasterly via said former highway to a place on said former highway opposite and southerly of Highway Engineer's Survey Station 935+00 of said relocated highway in Lot 8, Section 3, Township 3 South, Range 7 East, .W. M.

2. Unit "A", as aforedescribed and shown on a map attached hereto marked Exhibit "A" and by this reference made a part hereof, because it is no longer needed for highway purposes or for the service of persons living thereon, or for any community served thereby, is hereby duly abandoned as part of the Mt. Hood Highway in the state highway system and all the right, title and interest which the State has in the right of way of Unit "A" thereby passes to and vests in the abutting property owners according to law.*

3. The right of way of the former and of the relocated Zigzag-Rhododendron Section of the Mt. Hood Highway within the right of way boundaries, together with the real property acquired by the State for roadway right of way and other public purposes, as indicated on Exhibit "A" attached hereto, shall be retained and held by the State.*

4. This Abandonment and Retention Resolution No. 306 be entered in the minutes and records of the Oregon State Highway Commission as of the 3rd day of November, 1955, and the Secretary is ordered to mail a duly certified copy hereof to the Regional Forest Supervisor of the U. S. Forest Service.

FOOTNOTE*:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, being filed under File No. 306 under the heading "Abandonment and Retention Resolutions" and said map by this reference is made part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "E-3"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the relocated Emigrant Hill Section of the Old Oregon Trail Primary Highway No. 6 located in Umatilla County, the northwesterly terminus of which is at Highway Engineer's Survey Station 75+00 and the southeasterly terminus of which is at Highway Engineer's Survey Station 985+33 on the relocated highway, has been completed and is now open for public travel; and

WHEREAS, due to the relocation of the aforesaid section a portion of the old right of way is no longer needed for state highway purposes and may be eliminated from the boundaries of the relocated highway; and

WHEREAS, Umatilla County and the State Highway Commission entered into an agreement under date of January 18, 1954, relating to the disposition to be made of the portion that may be eliminated, therein and hereinafter referred to as Unit "A"; and

WHEREAS, said agreement provided that Unit "A" would be abandoned by the State Highway Commission as part of the Old Oregon Trail Highway and would be maintained thereafter by said County as a county road under the jurisdiction and control of said County; and

WHEREAS, Umatilla County was duly notified by letter dated September 20, 1955, that said section had been completed and opened to public travel and that as of September 20, 1955, jurisdiction and control over Unit "A" became vested in Umatilla County; and

WHEREAS, it is the judgment of the Highway Commission that certain portions of the former right of way of the Emigrant Hill Section of the Old Oregon Trail Highway, together with other real property acquired by the State for roadway right of way and other public purposes, is needed and valuable for right of way purposes and public use; and

WHEREAS, it is the purpose of the Highway Commission to take official action and impress upon its records the disposition made of the portion or unit of the former right of way of said highway referred to herein as Unit "A" as well as all the property affected by reason of the said relocation;

NOW, THEREFORE, based upon the power and authority vested in this Commission by the State of Oregon, IT IS HEREBY ORDERED AND RESOLVED that:

1. The portion of the former right of way, which by reason of the relocation of the Emigrant Hill Section of the Old Oregon Trail Highway is no longer within the boundaries of the new right of way, is identified as Unit "A" and described as follows:

EXHIBIT "E-3" (Cont)

Unit "A"

All the land situated within the right of way boundaries of the Old Oregon Trail Highway as formerly routed, beginning on the northerly right of way line opposite Highway Engineer's Survey Station 94+00 of said highway as relocated in the Southeast Quarter of the Northeast Quarter (SE $\frac{1}{4}$ - NE $\frac{1}{4}$), Section 12, Township 2 North, Range 32 East, W. M.; thence easterly and southerly via said highway as formerly routed to Highway Engineer's Survey Station 888+00 of said highway as formerly routed in the Northwest Quarter of the Northwest Quarter (NW $\frac{1}{4}$ - NW $\frac{1}{4}$), Section 9 Township 1 North, Range 34 East, W. M.

2. Pursuant to the aforesaid agreement entered into with Umatilla County on the 18th day of January, 1954, Unit "A" is hereby duly abandoned, as part of the Old Oregon Trail Highway and the State Highway System; and all right, title and interest which the State had in the right of way of Unit "A" herein described is hereby passed to and vested in the said Umatilla County effective as of September 20, 1955. Unit "A" is shown on the map attached hereto marked Exhibit "A" and by this reference made a part hereof. *

3. The right of way of the former and of the relocated Emigrant Hill Section of the Old Oregon Trail Highway together with the real property acquired by the State for roadway right of way and other public purposes, as indicated on Exhibit "A" attached hereto, shall be retained and held by the State. *

4. This Abandonment and Retention Resolution No. 285 be entered in the minutes and records of the Oregon State Highway Commission as of the 3rd day of November, 1955, and the Secretary is ordered to mail a duly certified copy hereof to the Umatilla County Court.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, being filed under File No. 285 under the heading "Abandonment and Retention Resolutions" and said map by this reference is made part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "E-4"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the relocated Newport-Toledo Section of the Corvallis-Newport State Highway No. 33 located in Lincoln County, the westerly terminus of which is at Highway Engineer's Survey Station 15+00 on the relocated highway, and the easterly terminus of which is at Highway Engineer's Survey Station 293+00 on said relocated highway, has been completed and is now opened to public travel; and

WHEREAS, due to the relocation of the aforesaid section of the Corvallis-Newport State Highway portions of the former right of way are no longer needed for right of way purposes and may be eliminated from the boundaries of the relocated highway; and

WHEREAS, Lincoln County, the City of Newport, and the State Highway Commission entered into an agreement on the 4th day of November, 1955, relating to the disposition to be made of those portions that may be eliminated, therein and hereinafter referred to as Units "A", "B", "D", "E", "F", "K", and "M"; and

WHEREAS, said agreement provided that Units "A", "B", "D", "E", "F", "K", and "M" would be abandoned by the State Highway Commission, to the county by a formal resolution, as part of the Corvallis-Newport Highway and the state highway system; that Unit "A", being within the city limits of Newport, would be relinquished by the county to the city and maintained thereafter by the city as part of the city street system, and that Units "B", "D", "E", "F", "K", and "M" would be maintained thereafter by the County as part of the county road system; and

WHEREAS, it is a judgment of the Highway Commission that certain portions of the former right of way of the Newport-Toledo Section of the Corvallis-Newport Highway, together with other real property acquired by the State for roadway right of way and other public purposes, is needed and valuable for right of way purposes and public use; and

WHEREAS, it is the purpose of the Highway Commission to take official action and impress upon its records the disposition made of the portions or units of the former right of way of the said Newport-Toledo Section of the Corvallis-Newport State Highway referred to herein as Units "A", "B", "D", "E", "F", "K", and "M", as well as all the property affected by reason of said realignment.

NOW, THEREFORE, based upon the power and authority vested in this Commission by the State of Oregon, it is **HEREBY ORDERED AND RESOLVED** that:

1. The portions of the former right of way which are no longer within the boundaries of the new right of way, by reason of the relocation

of the Newport-Toledo Section of the Corvallis-Newport State Highway No. 33, are identified as Units "A", "B", "D", "E", "F", "K", and "M" and described as follows:

Unit "A"

All of the land situated within the right of way boundaries of the Corvallis-Newport Highway as formerly routed, beginning at the northerly right of way line opposite Highway Engineer's Survey Station 16+80 of said highway as relocated in the northeast quarter of the northeast quarter (NE¼ NE ¼) of Section 8, Township 11 South, Range 11 West, W.M.; thence northerly and easterly via said highway as formerly routed to the easterly city boundary of the City of Newport.

Unit "B"

All of the land situated within the right of way boundaries of the Corvallis-Newport Highway as formerly routed, beginning at a line on said highway as formerly routed on the easterly city boundary of the City of Newport; thence easterly via said highway as formerly routed to the northerly right of way line opposite Highway Engineer's Survey Station 92+80 of said highway as relocated in the southwest quarter of the northwest quarter (SW¼ NW¼) of Section 10, Township 11 South, Range 11 West, W.M.

Unit "D"

All of the land situated within the right of way boundaries of the Corvallis-Newport Highway as formerly routed, beginning at a line extending northerly across said highway from Highway Engineer's Survey Station 110+60 of said highway as relocated in the southeast quarter of the northwest quarter (SE ¼ NW¼), Section 10, Township 11 South, Range 11 West, W.M.; thence easterly and northerly via said highway as formerly routed to a line extending at right angles to the center line at Highway Engineer's Survey Station 261+50 of said highway as formerly routed in the northeast quarter of the northeast quarter (NE¼ NE¼), Section 10, Township 11 South, Range 11 West, W.M.

Unit "E"

All of the land situated within the right of way boundaries of the Corvallis-Newport Highway as formerly routed beginning at a line extending at right angles to the center line at Highway Engineer's Survey Station 261+50 of said highway as formerly routed in the northeast quarter of the northeast quarter (NE¼ NE¼), Section 10, Township 11 South, Range 11 West, W.M.; thence

EXHIBIT "E-4" (Cont)

Unit "E" (Cont)

southeasterly via said highway as formerly routed to a line extending north and south across the highway at Highway Engineer's Survey Station 240+60 of said highway as formerly routed in the southeast quarter of the northeast quarter (SE¼ NE¼), Section 10, Township 11 South, Range 11 West, W.M.

Unit "F"

All of the land situated within the right of way boundaries of the Corvallis-Newport Highway as formerly located, beginning at the northerly right of way boundary opposite Highway Engineer's Survey Station 155+00 of said highway as relocated in the southwest quarter of the northwest quarter (SW¼ NW¼), Section 11, Township 11 South, Range 11 West, W.M.; thence northeasterly via said highway as formerly routed to a line extending at right angles to the center line at Highway Engineer's Survey Station 210+20 of said highway as formerly routed in the southeast quarter of the northwest quarter (SE¼ NW¼), Section 11, Township 11 South, Range 11 West, W.M.

Unit "K"

All of the land situated within the right of way boundaries of the Corvallis-Newport Highway as formerly routed, beginning at a line extending at right angles to the center line at Highway Engineer's Survey Station 130+00 of said highway as formerly routed in the northwest quarter of the southeast quarter (NW¼ SE¼), Section 12, Township 11 South, Range 11 West, W. M.; thence easterly via said highway as formerly routed to a line extending at right angles to the center line at Highway Engineer's Survey Station 126+50 of said highway as formerly routed in the northwest quarter of the southeast quarter (NW¼ SE¼), Section 12, Township 11 South, Range 11 West, W. M.

Unit "M"

All the land within the right of way boundaries of the Corvallis-Newport Highway as formerly routed, beginning at the northerly right of way line opposite Highway Engineer's Survey Station 250+00 of said highway as relocated in the northeast quarter of the southeast quarter (NE ¼ SE¼), Section 12, Township 11 South, Range 11 West, W. M.; thence northeasterly via said highway

EXHIBIT "E-4" (Cont)

Unit "M" (Cont)

as formerly routed to the north-south line between Ranges 10 and 11 West, W. M.

2. Pursuant to the agreement entered into with Lincoln County and the City of Newport on the 4th day of November, 1955, Units "A", "B", "D", "E", "F", "K ", and "M", indicated on the map attached hereto, marked Exhibit "A", and by this reference made a part hereof, are hereby duly abandoned as part of the Corvallis-Newport State Highway and of the state highway system, and all right, title, and interest which the state has in the right of way of said units herein described hereby passes to and vests in the said Lincoln County. *

3. The right of way of the former and of the relocated Newport-Toledo Section of the Corvallis-Newport State Highway together with the real property acquired by the state for roadway right of way and other public purposes, as indicated on Exhibit "A" attached hereto, shall be retained and held by the state. *

4. This Abandonment and Retention Resolution No. 307 be entered in the minutes and records of the Oregon State Highway Commission as of the 3rd day of November, 1955, and the Secretary is ordered to mail a duly certified copy hereof to the County Court of Lincoln County and to the City Council of the City of Newport.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, being filed under File No. 307 under the heading "Abandonment and Retention Resolutions" and said map by this reference is made part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "E-5"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the relocated Crow-Gillespie Corners Section of the Territorial Secondary Highway No. 200, located in Lane County, the northerly terminus of which is at Highway Engineer's Survey Station 1344+50 and the southerly terminus of which is at Highway Engineer's Survey Station 1771+00 on the relocated highway, has been completed and is now open for public travel; and

WHEREAS, due to the relocation of the aforesaid section a portion of the former right of way is no longer needed for State Highway purposes and may be eliminated from the boundaries of the relocated highway; and

WHEREAS, Lane County and the State Highway Commission entered into an agreement under date of April 14, 1955, relating to the disposition to be made of the portion that may be eliminated, therein and hereinafter referred to as Unit "A"; and

WHEREAS, said agreement provided that Unit "A" would be abandoned by the State Highway Commission as part of the Territorial Secondary Highway and would be maintained thereafter by said county as a county road under the jurisdiction and control of said county; and

WHEREAS, it is the judgment of the Highway Commission that certain portions of the former right of way of the Crow-Gillespie Corners Section of the Territorial Secondary Highway, together with other real property acquired by the State for roadway right of way and other public purposes, as is indicated on the map attached hereto marked Exhibit "A" and by this reference made a part hereof, are needed and valuable for right of way purposes and public use; and *

WHEREAS, it is the purpose of the Highway Commission to take official action and impress upon its records the disposition made of the portion or unit of the right of way of said highway referred to herein as Unit "A" and affected by reason of the said relocation,

NOW, THEREFORE, based upon the power and authority vested in this Commission by the State of Oregon, IT IS HEREBY RESOLVED AND ORDERED that:

1. The portion or unit of the former right of way, which by reason of the relocation of the said Territorial Secondary Highway is no longer within the boundaries of the new right of way, is identified as Unit "A" and described as follows:

Unit "A"

All the land situated within the right of way boundaries of the Territorial Highway as formerly routed, beginning at

25[illegible]

EXHIBIT "E-5" (Cont)

Unit "A" (Cont)

the westerly right of way line opposite Highway Engineer's Survey Station 1413+40 of said highway as relocated in the southeast quarter of the northwest quarter (SE $\frac{1}{4}$ NW $\frac{1}{4}$), Section 29, Township 18 South, Range 5 West, W. M.; thence southerly via said highway as formerly routed to the westerly right of way line opposite Highway Engineer's Survey Station 1450+50 of said highway as relocated in the southwest quarter of the southeast quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$), Section 29, Township 18 South, Range 5, West, W. M.

2. Pursuant to the agreement entered into with Lane County on the 14th day of April, 1955, Unit "A" is hereby duly abandoned as part of the Territorial Secondary Highway and the State Highway System; and all of the right, title and interest which the State has in the right of way of Unit "A" herein described passes to and vests in the said Lane County.

3. The right of way of the former and of the relocated Crow-Gillespie Corners Section of the Territorial Highway together with the real property acquired by the State for roadway right of way and other public purposes, as indicated on Exhibit "A" attached hereto, shall be retained and held by the State. *

4. This Abandonment and Retention Resolution No. 300 be entered in the minutes and records of the Oregon State Highway Commission as of the 3rd day of November, 1955, and the Secretary is ordered to mail a duly certified copy hereof to the Board of County Commissioners of Lane County.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, being filed under File No. 300 under the heading "Abandonment and Retention Resolutions" and said map by this reference is made part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "E-6"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the relocated West Unit of the Weston-Weston Mountain Section of the Weston-Elgin Secondary Highway No. 330 located in Umatilla County, the westerly terminus of which is at Highway Engineer's Survey Station 11+00 and the easterly terminus of which is at Highway Engineer's Survey Station 150+60 on the relocated highway, has been completed and is now open for public travel; and

WHEREAS, due to the relocation of the aforesaid unit portions of the former right of way are no longer needed for right of way purposes and may be eliminated from the boundaries of the relocated highway; and

WHEREAS, Umatilla County, the City of Weston, and the State Highway Commission entered into an agreement on the 23rd day of May, 1955, relating to the disposition to be made of those portions that may be eliminated, therein and hereinafter referred to as Units "A" and "B"; and

WHEREAS, said agreement provided that Units "A" and "B" would be abandoned by the State Highway Commission to the county by a formal resolution, as part of the Weston-Elgin Secondary Highway and the state highway system, and Unit "A" would be maintained thereafter by the county as part of the county road system, and that Unit "B", being within the city limits of Weston, would be relinquished by the county to the city and maintained thereafter by the city as part of the city street system; and

WHEREAS, it is the judgment of the Highway Commission that certain portions of the former right of way of the West Unit of the Weston-Weston Mountain Section of the Weston-Elgin Secondary Highway, together with other real property acquired by the State for roadway right of way and other public purposes, is needed and valuable for right of way purposes and public use; and

WHEREAS, it is the purpose of the Highway Commission to take official action and impress upon its records the disposition made of the portions or units of the former right of way of the said Weston-Elgin Secondary Highway referred to herein as Units "A" and "B", as well as all the property affected by reason of said realignment.

NOW, THEREFORE, based upon the power and authority vested in this Commission by the State of Oregon, it is **HEREBY ORDERED AND RESOLVED** that:

1. The portions of the former right of way which by reason of the relocation of the West Unit of the Weston-Weston Mountain Section of the Weston-Elgin Secondary Highway are no longer within the boundaries of the new right of way, are identified as Units "A" and "B", and described as follows:

EXHIBIT "E-6" (Cont)

Unit "A"

All the land situated within the right of way boundaries of the Weston-Elgin Secondary Highway as formerly routed, beginning on said highway as formerly routed at the easterly city boundary of the City of Weston; thence easterly via said highway as formerly routed to the southerly right of way line opposite Highway Engineer's Survey Station 135+50 of said highway as relocated in the northeast quarter of the southwest quarter (NE¼ SW¼), Section 24, Township 4, North, Range 36 East, W. M.

Unit "B"

All the land situated within the right of way boundaries of the Weston-Elgin Secondary Highway as formerly routed, beginning at the intersection of said highway as formerly routed and the Oregon-Washington State Primary Highway No. 8 in the city of Weston; thence easterly via said Weston-Elgin Secondary Highway as formerly routed to the easterly city boundary of the City of Weston.

2. Pursuant to the agreement entered into with Umatilla County and the City of Weston on the 23rd day of May, 1955, Unit "A" and Unit "B", indicated on the map attached hereto, marked Exhibit "A", and by this reference made a part hereof, are hereby duly abandoned as part of the Weston-Elgin Secondary Highway and the state highway system, and all right, title and interest which the State has in the right of way of Units "A" and "B" herein described, passes to and vests in the said Umatilla County.*

3. The right of way of the former and of the relocated West Unit of the Weston-Weston Mountain Section of the Weston-Elgin Secondary Highway, together with the real property acquired by the state for roadway right of way and other public purposes, as indicated on Exhibit "A" attached hereto, shall be retained and held by the State.*

4. This Abandonment and Retention Resolution No. 304 be entered in the minutes and records of the Oregon State Highway Commission as of the 3rd day of November, 1955, and the Secretary is ordered to mail a duly certified copy hereof to the Board of County Commissioners of Umatilla County.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, being filed under File No. 304 under the heading "Abandonment and Retention Resolutions" and said map by this reference is made part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "E-7"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the section of The Dalles-California Highway, State Primary Highway No. 4, located in Wasco and Jefferson Counties and known as the Sherman Junction-Willowdale Section, the northerly terminus of which is at Highway Engineer's Station 0+00 on the relocated highway and the southerly terminus of which is at Highway Engineer's Station 449+00 on the relocated highway, has been completed and is now open for public travel; and

WHEREAS, as a consequence of the relocation of said section of highway, a portion or unit of the old right of way has been eliminated from the boundaries of the relocated highway and is no longer needed for state highway purposes; and

WHEREAS, Wasco County and Jefferson County and the Highway Commission entered into an agreement under date of May 12, 1954, relating to the disposition to be made of the eliminated portion or unit; and

WHEREAS, the said agreement provided that after the said relocated section was completed and opened to public travel the Commission would notify each of the counties of same by letter and that, effective upon the date of said letter, the eliminated portion or unit, therein and herein referred to as Unit "A", would be abandoned as part of the said highway and would be maintained thereafter by said counties as county roads under the jurisdiction and control of said counties, each county having jurisdiction and control of that portion of Unit "A" which lies within its territory; and

WHEREAS, Wasco County and Jefferson County were duly notified by letter dated October 20, 1955, that the said section has been completed and opened to public travel and that as of October 20, 1955, jurisdiction and control over Unit "A" became vested in said counties; and

WHEREAS, it is the purpose of the Highway Commission to take official action and impress upon its records the disposition made of the portion or unit of the right of way of said highway affected by reason of said relocation;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That the portion or unit of the old right of way which by reason of the relocation of the said highway is no longer within the boundaries of the new right of way and which is identified herein as Unit "A" is shown colored in red on the map attached hereto, which is marked Exhibit "A" and by this reference made a part hereof. The location of Unit "A" is more particularly described as follows: *

EXHIBIT "E-7" (Cont)

Unit "A"

Beginning at State Highway Engineer's Station 331+65 of the relocated The Dalles-California Highway in the northwest quarter of the northwest quarter (NW$\frac{1}{4}$ NW$\frac{1}{4}$) of Section 34, Township 8 South, Range 15 East, W. M.; thence southerly via the former route of The Dalles-California Highway to State Highway Engineer's Station 405+50 of the former route of The Dalles-California Highway in the northeast quarter of the southeast quarter (NE$\frac{1}{4}$ SE$\frac{1}{4}$) of Section 4, Township 9 South, Range 15 East, W. M.

2. That, pursuant to the aforesaid agreement, Unit "A" is hereby duly abandoned as part of The Dalles-California Highway, State Primary Highway No. 4, effective as of October 20, 1955, the date of said letter to Wasco and Jefferson Counties, and that all right, title and interest which the State had in the right of way of Unit "A" passed to and vested in the said counties, each county taking that portion of Unit "A" that lies within its territory, as of that date.

3. That the area shown colored in green on the said Exhibit "A" includes right of way acquired for the said relocated section of highway and includes also some parts or areas of the old right of way not now incorporated within the boundaries of the right of way proper. In connection with the area colored in green, it is the judgment and finding of the Commission that all of said area is and will be needed for right of way and other highway purposes and uses. Therefore, the Commission does hereby declare and order that possession of and title to all of the land or area shown colored in green on said Exhibit "A" shall be retained and held by the State.*

4. That this resolution shall be entered in the minutes and records of the Commission on this 3rd day of November, 1955, and the Secretary is directed to mail a duly certified copy thereof to the County Courts of Wasco County and Jefferson County.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, being filed under File No. 292 under the heading "Abandonment and Retention Resolutions" and said map by this reference is made part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "F"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, on December 6, 1933, certain county roads in Clackamas, Marion, and Washington Counties, then under the jurisdiction of the county courts of the respective counties, were selected and designated by the Highway Commission on its records by appropriate resolution as the Beaverton-Aurora Secondary State Highway No. 141. These roads were then described as being:

In Washington County:

Market Road No. 23, beginning at Beaverton and extending southerly to Tigard and thence by Market Road No. 24 to the Clackamas County line, approximately 12 miles, and

In Clackamas County:

Being all of Market Road No. 27, beginning at the Marion County line and extending in a northerly direction via Wilsonville toward Tigard to the Washington County line, a distance of approximately 5.6 miles, and

In Marion County:

Beginning at Aurora and extending in a northerly direction by way of Market Road No. 59 to the Marion-Clackamas County line, approximately 2.9 miles; and

WHEREAS, when the Portland-Salem Expressway was made a state primary highway by legislative act in 1953, part of the northern portion, which lies between the Pacific Highway West and the Wilsonville-Hubbard Highway, was routed over a portion of the Beaverton-Aurora Secondary State Highway No. 141. When the said Portland-Salem Expressway was opened to public travel on December 15, 1954, those portions of the Beaverton-Aurora Secondary State Highway No. 141 outside of the rights of way of the Portland-Salem Expressway and the Wilsonville-Hubbard Highway were no longer required in the state highway system; and

WHEREAS, those portions of the Beaverton-Aurora Secondary State Highway No. 141 outside of the right of way of the Portland-Salem Expressway and the Wilsonville-Hubbard Highway in Clackamas County were, by appropriate resolutions, abandoned to Clackamas County and Marion County on January 18, 1955; and

WHEREAS, the Highway Commission deems it necessary and in the best interests of the traveling public that the names, route, and termini of the Beaverton-Aurora Secondary State Highway No. 141 be altered.

EXHIBIT "F" (Cont)

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the Highway Commission that:

1. The portion of the Beaverton-Aurora Secondary State Highway No. 141 remaining after certain portions have been eliminated from the state highway system by Abandonment and Retention Resolutions Nos. 293 and 296 dated January 18, 1955, shall retain its classification as a Second-State Highway, but hereafter shall be known and designated as the Beaverton-Tualatin Secondary State Highway No. 141, with a route and termini described as follows:

> Beginning in the City of Beaverton at the junction of the Beaverton-Hillsdale Primary Highway No. 40 and Watson Street; thence southerly along Watson Street to the south city limits of Beaverton; thence continuing southerly and easterly, passing to the east of Tigard and through Tualatin, to a junction with the Portland-Salem Expressway, Primary State Highway No. 57, at Mile Point 15.28, located in the southeast quarter of Section 2, Township 3 South, Range 1 West, W. M., Washington County, Oregon, and covering a distance of approximately 12.9 miles.

2. This resolution be entered in the minutes and records of the Highway Commission this 3rd day of November, 1955, as Secondary Highway Designation Resolution File No. 33.

EXHIBIT "G"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, by the resolution of the 25th day of May, 1955, the route and terminus of the Beaverton-Tualatin Secondary State Highway No. 141 was altered in the city of Beaverton, the new terminus being at the junction of the Tualatin Primary State Highway No. 29 and North Hall Street and the new route being from said terminus southerly along North Hall Street, Hall Street and Watson Street to the south city limits; and

WHEREAS, the State is in the process of reconstructing and improving parts of the aforementioned route of the Beaverton-Tualatin Secondary State Highway No. 141 in the city of Beaverton and it is inadvisable to route State Highway traffic over said route until the improvement project is completed,

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVE D, that:

1. The resolution of the 25th day of May, 1955 altering the route and terminus of the Beaverton-Tualatin Secondary State Highway No. 141 in the city of Beaverton is suspended and held in abeyance, not to become again effective until the proposed reconstruction and improvement project in the city of Beaverton is completed and open to state highway traffic; and the route and terminus of the Beaverton-Tualatin Secondary Highway No. 141 in the city of Beaverton until the aforesaid reconstruction and improvement project is completed is as designated prior to the resolution of the 25th day of May, 1955.

2. That this resolution be entered in the minutes and records of the Highway Commission this 3rd day of November, 1955, as Secondary Highway Designation Resolution, File No. 32A.

November 3, 1955

25701

EXHIBIT "H"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the Highway Commission, in accordance with the provisions of ORS 374.015, is authorized and empowered to "lay out, locate, relocate, adopt, establish, construct, designate, maintain and supervise the use and operation of new highways known as throughways"; and

WHEREAS, ORS 374.010 defines the meaning of the term "throughway" as "a highway or street especially designed for through traffic, over, from or to which owners or occupants of abutting land or other persons have no easement of access or only a limited easement of access, light air or view, by reason of the fact that their property abutts upon the throughway or for any other reason"; and

WHEREAS, ORS 374.015(2) provides that, "any relocated section of an existing highway and such portions of existing highways, which at the time they are designated as throughways have less than 10 commercial businesses abutting thereon catering to the motoring public in any one mile of such existing highway, may be designated and constructed as or converted into a throughway by the State Highway Commission"; and

WHEREAS, it is the opinion and the judgment of this Highway Commission that the McMinnville Airport-Dayton Junction Section of the Three Mile Lane State Secondary Highway No. 152 in Yamhill County should be constructed as a throughway as it is contemplated that the present Pacific Highway West, which is a throughway, may be relocated over this section of the Three Mile Lane State Secondary Highway No. 152 at some future time.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Highway Commission, that:

1. The McMinnville Airport-Dayton Junction Section of the Three Mile Lane State Secondary Highway No. 152 in Yamhill County, beginning at Highway Engineer's Survey Station 155+00, at the McMinnville Airport, and extending in an easterly direction to Highway Engineer's Survey Station 378+43.44, approximately 0.3 mile west of the Pacific Highway West is hereby selected, designated and established as a Throughway and from and after the date of this resolution the aforesaid section of the Three Mile Lane State Secondary Highway No. 152 shall be constructed and reconstructed as a throughway.

2. When the McMinnville Airport-Dayton Junction Section of the Three Mile Lane State Secondary Highway No. 152 has been constructed and thereafter this section of the highway is to be relocated, reconstructed or otherwise permanently improved such work shall be accomplished so

EXHIBIT "H" (Cont)

that it shall conform to and in all respects satisfy the specifications and requirements of a throughway.

3. This resolution be entered in the minutes and records of the Commission as of the 3rd day of November, 1955, as Throughways and Rights of Access Resolution No. 10.

25703

EXHIBIT "I-1"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: OREGON COAST HIGHWAY (Curry County)

Highway number: 9 Route number US101

M.P. 305.77	(150 feet north of Dinty's Market)	to M.P. 306.30	(250 feet north of Floras Creek Road)	30 MPH
M.P. 306.30	(250 feet north of Floras Creek Road)	to M.P. 306.56	(50 feet south of Langlois Cheese Makers)	45 MPH

EXHIBIT "I-1" (Cont)

EXCEPT THAT BETWEEN

a point 250 feet south of the Langlois Post Office (M. P. 305.94) to 500 feet north of Floras Creek Road (M. P. 306. 25) the indicated speed shall be 20 MILES PER HOUR during the hours of school crossings in accordance with the provisions of Subsection 1. a., of ORS 483. 104.

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Limit Resolution No. 212 be entered in the minutes and records of the Commission as of the 3rd day of November, 1955.

EXHIBIT "J-1"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the Oregon State Board of Forestry has donated and conveyed to the Oregon State Highway Commission certain real property situate in Klamath County, Oregon, known as the Jackson F. Kimball Forest Area in honor of Jackson F. Kimball, an early forester who advocated fire protection and inset control, which property is in close proximity to The Dalles-California State Highway No. 4 (U.S. 97), for park purposes; and

WHEREAS, under the provisions of ORS 366.345, the State Highway Commission may acquire real property for park purposes adjacent to, along, or in close proximity to state highways, or which may be conveniently reached from or by a public highway; and

WHEREAS, the property herein referred to is excellently suited for park purposes and its maintenance as a state park would contribute to the pleasure and enjoyment of the people of the State of Oregon and the motoring public; and

WHEREAS, it is deemed appropriate that said area retain its designation in honor of Jackson F. Kimball;

NOW, THEREFORE, BE IT RESOLVED:

1. That the following-described real property situate in Klamath County, Oregon, be and the same hereby is designated as the Jackson F. Kimball State Park:

> All that portion of Lots 9 and 10 in Section 3, Township 33 South, Range 7½ East, W.M., West of the center line of a road described as follows:
>
> Beginning at a point on said road 902.1 feet North and 232.8 feet West of the Section corner common to Sections 2, 3, 10, and 11, Township 33 South, Range 7½ East, W.M.; thence North 0° 11' West 389.7 feet to a point; thence North 40° 51' West 413.2 feet to a point; thence North 25° 09' West 677 feet to a point; thence North 31° 20' West 457.4 feet, more or less, to the North line of Lot 9 of Section Three (3), Township 33 South, Range 7½ East, W.M., comprising 19 acres, more or less, in Klamath County, Oregon.

2. That Miscellaneous Resolution No. 125, recorded in the minutes and records of this Commission as of the 19th day of January,

EXHIBIT "J-1" Cont)

1955, is hereby amended by adding to the list of state parks the Jackson F. Kimball State Park.

3. That this resolution be entered in the minutes and records of the Highway Commission this 3rd day of November, 1955.

25715

EXHIBIT "J-2"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, Fort Stevens State Park is under the jurisdiction and control of the State Highway Commission as provided by ORS 366.205; and

WHEREAS, that lake in Fort Stevens State Park known as Coffenbury Lake is suitable both for the use of motor boats and other watercraft and for the purpose of swimming; and

WHEREAS, motor boats and other watercraft are dangerous to swimmers and a hazard to life is created when motor boats and other watercraft are permitted in and about areas where others are accustomed to swim; and

WHEREAS, under the provisions of ORS 366.350 and 488.030 (3), the Highway Commission may make rules and regulations as to the use of motor boats and other water craft on waters within state parks,

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED, that

1. A restricted swimming area is created in the northwesterly end of Coffenbury Lake in Fort Stevens State Park, Clatsop County. Attached hereto, marked Exhibit "A" and by this reference made a part hereof, is a map of one page showing in orange the location of the restricted swimming area. A description of said restricted swimming area is as follows: *

> Beginning at a point on the westerly bank of Coffenbury Lake, said point being near the southeasterly end of parking area and also being 2560 feet north and 900 feet west of the S. W. Corner of Section 18, T. 8 N., R. 10 W., W.M.; thence S. 75° E. a distance of 200 feet; thence S. 15° W. a distance of 450 feet, more or less, to the westerly bank of said lake; thence in a northwesterly and northeasterly direction along said westerly bank to the point of beginning.

2. Motor boats and other watercraft are prohibited from entering said restricted swimming area save for the protection or rescue of human life; violations of this regulation shall be punished as provided in ORS 366.250 and 488.990 (1).

3. The State Parks Superintendent shall cause suitable signs to be erected within the main entrances to the park, and at such other places as he deems necessary, warning persons of the prohibition of motor boats and other watercraft in the restricted swimming area and shall mark the restricted swimming area by means of a string of white painted buoys.

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, being filed under File No. 163, under the heading "Miscellaneous Resolutions" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

25717

EXHIBIT "J-3"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, under the provisions of ORS 366.345, the State Highway Commission is authorized to acquire real property, or any interest therein, for the development and maintenance of state parks by purchase, agreement, donation, or by the exercise of eminent domain; and,

WHEREAS, pursuant to said statute, the Highway Commission has acquired certain real property in Clatsop County hereinafter more fully described for the development of a state park; and,

WHEREAS, said property is desirable for a state park because of its scenic beauty and geographic location and establishing a state park therein will contribute to the general welfare of the people of this State and the motoring public.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED AND ORDERED by this Commission as follows:

1. That the following real property as hereinafter described is designated as the Fort Stevens State Park:

> All that real property acquired from Clatsop County by a deed from said County to the State of Oregon dated March 28, 1955 and recorded on page 485, Book 230, deed records, Clatsop County.

Attached hereto, marked Exhibit "A", and by this reference made a part hereof is a map of one page showing said Fort Stevens State Park.*

It is further resolved that this Resolution No. 5 be entered in the minutes and records of the Oregon State Highway Commission as of the 4th day of November, 1955, and the Secretary is ordered to mail a duly certified copy hereof to the County Clerk of Clatsop County.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, being filed under File No. 5, under the heading "State Parks Resolutions" and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "J-4"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, under the provisions of ORS 366.345 the State Highway Commission is authorized to acquire real property or any interest therein for the development and maintenance of state parks by purchase, agreement, donation or by the exercise of eminent domain; and

WHEREAS, pursuant to said statute the Highway Commission has acquired certain real property south of the relocated Columbia River Highway in the vicinity of Troutdale, Oregon, for the development of a state park; and

WHEREAS, said property is desirable for a state park because of its scenic beauty and geographic location and establishing a state park therein will contribute to the general welfare of the people of this state and the motoring public; and

WHEREAS, the Highway Commission officially listed all state parks by a prior resolution;

NOW, THEREFORE, BE IT AND IT HEREBY IS ORDERED by this Commission as follows:

1. That the following real property as hereinafter described is designated as the Lewis and Clark State Park:

a. All that real property acquired from Multnomah County by a deed from said County to the State of Oregon dated July 20, 1936 and recorded on Page 139, Book 352, Deed Records Multnomah County.

b. All that real property acquired from the Columbia Contract Company by a deed from said company to the State of Oregon dated March 13, 1932 and recorded on Page 117, Book 670, Deed Records Multnomah County.

c. All that real property acquired from the State Land Board by a deed from said Board to the State of Oregon dated September 30, 1946 and recorded on Page 148, Book 1112, Deed Records Multnomah County, save and except such portions thereof as are within the right of way of the relocated Columbia River Highway.

EXHIBIT "J-4" (cont.)

d. All that real property acquired from the State Land Board by a deed from said Board to the State of Oregon dated January 17, 1946 and recorded on Page 21, Book 1011, Deed Records Multnomah County, save and except such portions thereof as are within the right of way of the relocated Columbia River Highway.

e. All that real property acquired from the State Land Board by a deed from said Board to the State of Oregon dated February 18, 1942 and recorded on Page 292, Book 664, Deed Records Multnomah County.

f. All of parcels 1 and 3 of that real property acquired from Alice W. Jordan by a deed from said Alice W. Jordan to the State of Oregon dated April 29, 1940 and recorded on Page 416, Book 554, Deed Records Multnomah County, save and except such portions thereof as are within the right of way of the relocated Columbia River Highway.

g. All of parcels 1, 2 and 4 of that real property acquired from Paul Martin and Verla Martin by a deed from said Paul Martin and Verla Martin to the State of Oregon dated March 15, 1951 and recorded on Page 64, Book 1470, Deed Records Multnomah County, save and except such portions thereof as are within the right of way of the relocated Columbia River Highway.

h. All of that real property acquired from J. H. Lambert by a deed from said J. H. Lambert to the State of Oregon dated October 15, 1940 and recorded on Page 163, Book 579, Deed Records Multnomah County save and except that portion thereof conveyed by the State of Oregon to the Troutdale Vegetable Growers, a corporation, by a deed dated April 25, 1946.

Attached hereto, marked Exhibit "A" and by this reference made a part hereof is a map of one page showing said properties or portions thereof comprising said Lewis and Clark State Park, colored in green. *

2. Miscellaneous Resolution No. 125, recorded in the minutes and records of this Commission as of the 19th day of January, 1955, is hereby amended by adding to the list of state parks, the Lewis and Clark State Park.

IT IS FURTHER ORDERED that this resolution No. 172, be entered in the minutes and records of the Oregon State Highway Commission as of the 3rd day of November, 1955, and the Secretary is ordered to mail a duly certified copy hereof to the County Court of Multnomah County.

(*Footnote on following page.)

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, being filed under File No. 172, under the heading "Miscellaneous Resolutions", and said map by this reference is made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "K-1"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make complete and final surveys of the following described highway routes and locations:

(1) John Day River-Donnelly Grade Section of the Service Creek-Mitchell Secondary Highway in Wheeler County;

(2) South Unit, Forest Boundary-Burns Section of the John Day-Burns and Central Oregon Highways in Harney County;

(3) Deep Canyon-Deschutes River Unit of the Sisters-Deschutes River Section of the McKenzie Highway in Deschutes County;

(4) Hinkle Underpass-Umatilla River Section of the Hermiston Secondary Highway in Umatilla County;

(5) Black Bridge-Richland Section of the Baker-Homestead Highway in Baker County;

(6) Lost River-Hatfield Junction Section of the Klamath Falls-Malin Highway in Klamath County;

(7) Coquille-Rink Creek Section of the Coos Bay-Roseburg Highway in Coos County; and

(8) Chehalem Mountain-Newberg Section of the Hillsboro-Silverton Secondary Highway in Yamhill County,

and in connection therewith to prepare maps showing the routes and locations of said sections, and to file said reports, maps and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said surveys and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said surveys, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively as follows:

EXHIBIT "K-1" (cont.)

a. That the survey of the John Day River-Donnelly Grade Section of the Service Creek-Mitchell Secondary Highway, beginning at Highway Engineer's Station 294+00, approximately 0.5 mile south of the John Day Highway, and extending in a southerly direction a distance of approximately 0.8 mile to Highway Engineer's Station 338+00, together with the map which for identification purposes bears Sketch Map file No. 1R-5-763 and the date July, 1955 (Right of Way Map No. 7B-11-18 dated January, 1952 and revised June, 1955), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

b. That the survey of the South Unit, Forest Boundary-Burns Section of the John Day-Burns and Central Oregon Highway, beginning at Highway Engineer's Station 25+00 in the City of Burns, which point is a short distance north of the intersection of the Central Oregon Highway with the Burns-Crane Highway, and extending in a northerly direction to Highway Engineer's Station 600+00, approximately 11 miles north of Burns, together with the map which for identification purposes bears Sketch Map No. 1R-5-760 and the date July, 1955, (Right of Way Map No. 7B-33-11, 7B-33-12 and 7B-33-13, dated June, 1955), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

c. That the survey of the Deep Canyon-Deschutes River Unit of the Sisters-Deschutes River Section of the McKenzie Highway, beginning at Highway Engineer's Station 0+00, approximately 6 miles east of the town of Sisters, and extending in an easterly direction to Highway Engineer's Station 5+00, approximately 1.5 miles west of the Deschutes River at Cline Falls, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-805 and the date November, 1955, (Right of Way Map No. 7B-35-3, dated October, 1955), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

d. That the survey of the Hinkle Underpass-Umatilla River Section of the Hermiston Secondary Highway, beginning at Highway Engineer's Station 0+00, approximately 0.5 mile north of the Umatilla River , and extending in a southerly direction to Highway Engineer's Station 82+28.27, approximately 0.25 mile south of the Old Oregon Trail, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-795 and the date September, 1955, (Right of Way Map No. 7B-34-16, dated September, 1955) field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

e. That the survey of the Black Bridge-Richland Section of the Baker-Homestead Highway, beginning at Highway Engineer's Station 1718+75, approximately 8 miles west of the town of Richland, and extending in an easterly direction to Highway Engineer's Station 2145+89, at the westerly boundary line of the town of Richland, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-779 and the date August, 1955, (Right of Way Map No. 7B-34-8, dated August, 1955 and 7B-34-15, dated September, 1955) field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

f. That the survey of the Lost River-Hatifled Junction Section of the Klamath Falls-Malin Highway, beginning at Highway Engineer's Station 43+50, approximately 1 mile northwesterly from the town of Merrill, and extending in a southerly and easterly direction to Highway Engineer's Station 255+00, near the intersection with the Hatfield Highway, together with the map, which for identification purposes bears Sketch Map File No. 1-R-5-807 and the date November, 1955, (Right of Way Map No. 6b-27-9 dated February, 1948 and revised November, 1953.), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

g. That the survey of the Coquille-Rink Creek Section of the Coos Bay-Roseburg Highway, beginning at Highway Engineer's Station 10+20 in the City of Coquille, and extending in a southerly direction to Highway Engineer's Station 97+08, approximately 1.5 miles south of the City of Coquille, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-794 and the date September, 1955 (Right of Way Map 7B-34-11 dated August, 1955), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

h. That the survey for the Chehalem Mountain-Newberg Section of the Hillsboro-Silverton Highway, beginning at Highway Engineer's Station 416+75, approximately 1.75 miles north of the north city limits of Newberg, and extending in a southerly direction to Highway Engineer's Station536+99.4, and a connection with the Pacific Highway West in the town of Newberg, together with the map, which for identification purposes bears Sketch Map File No. 1R-5-821 and the date November,1955, (Right of Way Map No. 7B-35-8 dated November, 1955), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

EXHIBIT "K-1" (cont.)

2. That when said highway sections are permanently constructed, the same shall be done in accordance with said surveys and locations unless otherwise directed or ordered by the Commission.

3. That the approval and adoption of said surveys shall constitute and be deemed instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the construction, reconstruction, or improvement of the highways along and over said surveys. Said approval and adoption shall also be deemed and constituted as instructions to the Legal and Right of Way Department to proceed promptly with the acquisition of rights of way pursuant to the normal and approved method.

4. That this resolution be entered in the minutes and records of the Commission as of the third day of November, 1955, as Survey Resolution No. 132.

EXHIBIT "K-2"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make a complete and final survey of the route and location of the Laurel Hill-Still Creek Section of the Mt. Hood Highway in Clackamas County, and in connection therewith to prepare a map showing the route and location of said section and to file said map, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said survey and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said survey, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1. That the survey of the Laurel Hill-Still Creek Section of the Mt. Hood Highway, beginning at Highway Engineer's Station 0+00, near Still Creek east of Government Camp, and extending in a westerly direction to Highway Engineer's Station 185+31 near Laurel Hill, together with the map, which for identification purposes bears Sketch Map file No. 1R-5-762 and the date of July, 1955, (Right of Way map No. 7B-33-17 dated June, 1955), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

2. That when said highway section is permanently constructed, the same shall be done in accordance with said survey and location unless otherwise directed or ordered by the Commission.

3. That the approval and adoption of said survey shall constitute and be deemed instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the construction, reconstruction, or improvement of the highway along and over said survey. Said approval and adoption shall also be deemed and constituted as instructions to the Legal and Right of Way Department to proceed promptly with the acquisition of rights of way pursuant to the normal and approved method.

EXHIBIT "K-2" (cont.)

4. That heretofore by resolution of this Commission dated November 3, 1948, said section of the Mt. Hood Highway between Laurel Hill and Still Creek was designated as a "throughway" within the meaning and purpose of ORS 374.005, commonly known as the "Throughway Law", and, for the reasons stated therein, the above-named section of said highway should be and it hereby is directed that the construction of the same shall be accomplished pursuant to and within the meaning and scope of said law except any portion of said section which had more than ten commercial businesses abutting thereon catering to the motoring public in any one mile as of the date said section of highway was designated as a "throughway".

5. That this resolution be entered in the minutes and records of the Commission as of the third day of November, 1955, as Survey Resolution No. 135.

25727

EXHIBIT "K-3"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the State Highway Commission, prior to January 22, 1953, authorized and directed the State Highway Engineer to make and complete a final survey, as a throughway within the meaning of Chapter 226, Oregon Laws, 1947, of the Deady-Winchester Unit of the Deady-Shady Section of the Pacific Highway, and in connection therewith, to prepare maps showing the route and location of said unit of said section of said highway and to file said reports and records with the Commission for consideration; and

WHEREAS, prior to January 22, 1953, the State Highway Engineer filed with the Highway Commission a route survey, along with the field notes and other engineering data on said unit of said section, for the approval or disapproval of the Commission; and

WHEREAS the Commission, upon the filing of the said route survey, field notes and other engineering data by the State Highway Engineer, unanimously approved the route survey of the said unit and ordered that the same be constructed in accordance with the said route survey, unless otherwise directed or ordered by the Commission, and further ordered and directed that the said route survey of said unit be completed in accordance with and within the meaning and purpose of Chapter 226, Oregon Laws, 1947, known as the "Throughway Law" and the scope and purpose of that certain resolution, hitherto approved and adopted by the Highway Commission on November 3, 1948, which said resolution designated certain highways and sections thereof as "throughways"; and

WHEREAS it has been brought to the attention of the Commission that the minutes of the State Highway Commission, as kept by the secretary of the State Highway Commission, do not record the action of the Commission with respect to when the said route survey of the said Deady-Winchester Unit of the Deady-Shady Section of the Pacific Highway was formally and unanimously adopted, even though the Commission awarded a contract for the grading of said unit of said section on January 22, 1953, and said unit is now open to public travel.

THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all the members thereof being present and voting affirmatively as follows:

1. That the survey of the Deady-Winchester Unit of the Deady-Shady Section of the Pacific Highway, beginning at relocated Pacific Highway Engineer's Centerline Station 1928+81.3 South of Deady and extending in a southerly direction to relocated Pacific Highway Engineer's Centerline Station 2230+00 approximately 1.5 miles north of Winchester, together with

EXHIBIT "K-3" (cont.)

the map which for identification purposes bear map file number 7-B-14-4, dated August, 1952, and the field notes and other engineering data submitted by the Highway Engineers, was unanimously approved by this Commission prior to January 22, 1953, and the same, together with any and all construction revisions, is hereby unanimously reapproved, and the State Highway Engineer and the State Highway Secretary hereby are directed to file and preserve the same in the records and files of the Commission in the State Highway Building at Salem, Oregon.

2. That all of the real property embraced within the limits of said survey, as shown on the said map 7-B-14-4, and between the above-mentioned relocated Pacific Highway Engineer's Centerline Stations is necessary for right of way for the purpose of relocating the said Deady-Winchester Unit of the Deady-Shady Section of the Pacific Highway in Douglas County, Oregon, and the adoption of this resolution shall reaffirm all previous real property purchases which have heretofore been made on said unit of said section and this resolution shall further constitute and be deemed instructions to the engineer to make available to the Legal and Right of Way Department any additional real property descriptions necessary for and in connection with the construction, relocation, or improvement of the said highway along and over said survey.

3. That the adopted survey of the above-described unit was made within the meaning and purpose of Chapter 226, Oregon Laws, 1947, commonly known as the "Throughway Law" and said survey was made within the scope and purpose of that certain resolution hitherto approved and adopted by the Highway Commission on November 3, 1948, which resolution designated certain highways and sections thereof as "throughways" and therefore the construction of the above said unit was accomplished pursuant to the instructions of the Highway Commission and within the meaning and scope of the said throughway law and resolution.

4. That this resolution be entered in the minutes and records of the Commission this 3rd day of November, 1955.

25729

EXHIBIT "K-4"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make a complete and final survey of the Ferry Street Bridge-Mohawk Road Section of a county road in Lane County connecting the cities of Eugene and Springfield and commonly known as the "Q" Street Route and in connection therewith, to prepare maps showing the route and location of said section and to file said report, maps, and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said survey and has submitted the same for approval or disapproval; and

WHEREAS, under ORS 374.015(2) the State Highway Commission may lay out, locate, relocate, adopt, establish, construct, designate, maintain, and supervise the use and operation of new highways known as throughways; and

WHEREAS, after due consideration of the aforesaid survey, field notes and other engineering data, it is the judgment of the Commission that the same should be approved and filed and said section designated a throughway within the meaning of the Throughway Law;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1. There is hereby established the Eugene-Springfield Highway, the route and termini of which are described as follows:

Beginning at Highway Engineer's Station 37+50 near the northerly end of the Ferry Street Bridge across the Willamette River in the City of Eugene and extending in an easterly direction to Highway Engineer's Station 266+00 near the intersection of 19th Street with Mohawk Road in Springfield, thence in a southeasterly direction to a connection with the McKenzie State Highway.

2. The Eugene-Springfield Highway is hereby classified as a State Secondary Highway and a part of the State Secondary Highway System.

3. That the survey of the Ferry Street Bridge-Mohawk Road Section of a county road between the cities of Eugene and Springfield in Lane County, commonly known as "Q" Street Route, beginning at Highway Engineer's Station 37+50 near the northerly end of the Ferry Street Bridge across the Willamette River in the City of Eugene and extending in an easterly direction to Highway Engineer's Station 266+00 near the intersection of 19th Street

with Mohawk Road in Springfield, together with the map which for identification purposes bears Sketch Map File No. 1R-5-818 and the date of November, 1955, (Right of Way Map No. 7B-31-20, dated May, 1955), field notes, and other engineering data submitted by the Engineer, hereby are approved and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

4. That the Ferry Street Bridge-Mohawk Road Section hereinbefore referred to is hereby designated as the Ferry Street Bridge-Mohawk Road Section of the Eugene-Springfield Highway.

5. That the approval and adoption of said survey shall constitute and be deemed instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the construction, reconstruction, or improvement of the highway along and over said survey. Said approval and adoption shall also be deemed and constituted as instructions to the Legal and Right of Way Department to proceed promptly with the acquisition of rights of way pursuant to the normal and approved method.

6. That when the said highway section is permanently constructed, the same shall be done in accordance with said survey and location unless otherwise directed or ordered by the Commission.

7. The Ferry Street Bridge-Mohawk Road Section of the Eugene-Springfield Highway hereinbefore described is hereby selected, designated, and established as a throughway within the meaning and purpose of ORS 374.005, commonly known as the Throughway Law, and for the reasons stated therein it is hereby directed that the construction of the same shall be accomplished pursuant to and within the meaning and scope of said law.

8. That this resolution shall supersede and rescind Survey Resolution No. 120, adopted by the Commission on April 14, 1955.

9. That this resolution be entered in the minutes and records of the Commission as of the 3rd day of November, 1955, as Survey Resolution No. 120-A.

25731

EXHIBIT "L-1"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the T. H. Banfield Expressway has been designed as freeway which will adequately accommodate a maximum volume of traffic with minimum hazards resulting from interesections and cross-movement and friction of traffic; and

WHEREAS, traffic hazards are materially increased by obstructions, friction and cross-movement created by vehicles parking or accelerating or decelerating for the purpose of parking upon the right of way of the T. H. Banfield Expressway; and

WHEREAS, the State Highway Commission is authorized, under ORS 483.346, to regulate, control or prohibit the parking of motor vehicles upon the right of way of any state highway outside the corporate limits of incorporated cities and towns;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED AND ORDERED, by this Commission as follows:

1. That it is in the best interests of the motoring public, and in conformity with the design and use of the T. H. Banfield Expressway as a freeway, that parking on the right of way of the T. H. Banfield Expressway be regulated and controlled as set forth hereinafter.

2. That the parking or stopping of vehicles upon the right of way of the T. H. Banfield Expressway, from the corporate limits of the City of Portland at Highway Engineer's Station 290+25.42, Mile Post 5.97, to a junction of the T. H. Banfield Expressway with the Columbia River Highway at or near Sundial is hereby prohibited, except in the following instances:

(a) Within the corporate limits of the City of Fairview, which corporate limits lie between Highway Engineer's Station 670+37.59, Mile Post 13.17 and Highway Engineer's Station 701+57, Mile Post 13.76.

(b) Vehicles operated by duly authorized law enforcement officers, including weighmasters, and vehicles which have stopped or parked pursuant to the directions of a duly authorized law enforcement officer.

(c) Vehicles of a fire department or fire patrol, police vehicles, emergency vehicles of municipal departments or public service corporations and ambulances while being used for emergency purposes.

EXHIBIT "L-1" (Cont)

(d) Wreckers, tow cars and other vehicles while actually engaged in rendering aid or assistance to disabled vehicles or in case of emergency.

(e) Vehicles of the Oregon State Highway Department engaged in maintenance, repair, inspection or other work upon the highway.

(f) Vehicles which have been disabled in such manner and to such extent that it is impossible for such vehicles to avoid stopping or parking.

(g) At roadside rest areas established by the State Highway Department.

(h) Immediately adjacent to tourist facility map signs erected by the State Highway Department for the purpose of informing motorists as to their location in relation to cities and communities.

(i) At locations where stopping or parking is specifically required or authorized by official traffic signs or signals

3. That the State Highway Engineer be and hereby is, instructed and directed to place and maintain appropriate signs or markings at such places as may be necessary to fully inform the motoring public of the regulations, restrictions and prohibitions established by this resolution.

4. That the Secretary of the Commission be and he hereby is instructed and directed to submit a certified copy of this resolution to the municipal authorities of the Cities of Fairview and Portland, and to convey to said authorities the recommendation of this Commission that corresponding action be taken by said authorities, under the provisions of ORS 483.350, to regulate, restrict and prohibit parking upon the portion of the right of way of the T. H. Banfield Expressway which lies within the corporate limits of said cities.

5. That this resolution be entered in the minutes and records of the Commission as of the 3rd day of November, 1955, as No Parking Resolution No. 149, and that duly certified copies thereof be forwarded to the Secretary of State and the Superintendent of State Police.

25723

EXHIBIT "L-2"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the T. H. Banfield Expressway has been designed as a freeway which will adequately accommodate a maximum volume of traffic with minimum hazards resulting from intersections and cross-movement and friction of traffic; and

WHEREAS, traffic hazards are materially increased by traffic cross-movements resulting from vehicles turning on the highway in order to proceed in the opposite direction; and

WHEREAS, under the provisions of ORS 483.318 turning a vehicle around so as to proceed in the opposite direction is prohibited at several locations, including locations where the Commission has prohibited reverse turns by the placing of markers, buttons or signs; and

WHEREAS, it is the judgment of the Commission that prohibition of reverse turns upon the T. H. Banfield Expressway, which is a state highway under the jurisdiction and control of the Commission, will decrease traffic hazard and will promote and preserve public safety;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED AND ORDERED by this Commission as follows:

1. That no driver of a vehicle shall turn such vehicle around so as to proceed in the opposite direction (commonly known as a reverse turn or U-turn), or drive a vehicle across a divider or median strip between lanes of traffic moving in opposite directions, on any part of the T. H. Banfield Expressway between its intersection with the Pacific Highway West in Portland and its intersection with the Columbia River Highway at or near Sundial, except where such turns or movements are authorized or required by official traffic signs or signals, or curbings or other devices placed for the control and channelization of traffic.

2. That the State Highway Engineer be and he hereby is instructed and directed to place and maintain appropriate signs or markers at such places upon the T. H. Banfield Expressway as may be necessary to fully inform the motoring public of the prohibitions set forth in this resolution.

3. That this resolution be entered in the minutes and records of the Commission as of the 3rd day of November, 1955, as Miscellaneous Resolution No. 199, and that a duly certified copy thereof be forwarded to the Secretary of State and the Superintendent of State Police.

25737

EXHIBIT "L-5"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the Crater Lake Highway is a primary highway and likewise a Federal-Aid Highway; and

WHEREAS, it appears that on said Crater Lake Highway in the vicinity of Derby Road, vehicles are parked on both shoulders of said section for extended periods of time; and

WHEREAS, the parking of vehicles on said section creates traffic congestion to such an extent that, in the opinion of the Highway Commission, a hazardous condition is created to highway traffic and to traffic entering said highway from Derby Road; and

WHEREAS, in the opinion of the Commission public travel and public safety require that parking should be prohibited on said highway within said section,

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. The Commission does hereby find and declare, based upon recommendations by members of its staff, that the parking of vehicles on either shoulder of said section of the Crater Lake Highway between M. P. 30.73 (Engineer's Station 797+25) and M. P. 30.78 (Engineer's Station 794+75) creates a hazard to the traveling public.

2. That in the opinion of this Commission, the right of way of said highway at said location is not of sufficient width to permit parking of vehicles thereon and at the same time provide the degree of safety and convenience which, in the opinion of the Commission, should be provided the motoring public.

3. That the Commission does further find and declare that the parking of vehicles on the shoulders of the pavement on either side of said Crater Lake Highway within said termini should be prohibited.

4. That the State Highway Engineer be and he hereby is instructed to erect signs at said termini and at such points between said termini as in his judgment are necessary to accomplish the purpose of this resolution and the action of the Commission as herein declared, on which signs shall be printed in plain letters, the words, "NO PARKING ON HIGHWAY SHOULDERS."

5. That a certified copy of this resolution be sent to the Superintendent of the Department of State Police.

EXHIBIT "L-5" (Cont)

6. That this No Parking Resolution No. 138 be entered in the minutes and records of the State Highway Commission as of the 3rd day of November, 1955.

EXHIBIT "M"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, the Oregon State Motor Association has urged that a resolution be adopted by the Highway Commission naming and designating that section of the Mt. Hood Highway, Ore. 26 (US26), extending from Milepost 44.15 at Rhododendron to Milepost 50.89, which is the point where said highway crosses the Little Zigzag River as the "E. Henry Wemme Forest Corridor" Section of the Mt. Hood Highway; and

WHEREAS, it is the opinion of the Highway Commission that the motoring public should be made cognizant of the services rendered by E. Henry Wemme, a pioneer good road enthusiast whose efforts were instrumental in bringing about the Mt. Hood Highway,

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED AND ORDERED by this Commission, all its members being present and voting affirmatively as follows:

1. That section of the Mt. Hood Highway extending from Milepost 44.15, which is at Rhododendron, to Milepost 50.89, which is the point where said highway crosses the Little Zigzag River, is named and designated to be hereafter known as the "E. Henry Wemme Forest Corridor", in honor of E. Henry Wemme.

2. That this Miscellaneous Resolution No. 171 be entered into the Minutes of the Commission as of the 3rd day of November, 1955, and that the original of this resolution be filed in the office of the State Highway Commission and a copy be furnished to The Oregon Motor Association.

November 3, 1955

EXHIBIT "N"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, under the provisions of ORS 366.220 the State Highway Commission may select, establish, designate and maintain a system of state highways and may classify said highways as primary or secondary state highways; and

WHEREAS, the United States Bureau of Public Roads proposes to construct a highway within the Willamette National Forest, said highway to connect the McKenzie State Highway (Ore. 15) at a junction near Belknap Springs to the Santiam State Highway (Ore. 16) at a junction near Clear Lake; and

WHEREAS, by petition Lane County, Oregon, acting through its Board of County Commissioners and Linn County, Oregon, acting through its County Court have requested that the State Highway Commission designate said road to be constructed as a state secondary highway, to be thereafter maintained by the state; and

WHEREAS, it is the opinion of this Commission that the interests of the people of the State of Oregon and the motoring public will be best served by the designation of said road to be constructed as a state secondary highway;

NOW, THEREFORE, BE IT AND IT IS HEREBY RESOLVED AND ORDERED, by the Highway Commission that:

1. The highway herein described, to be constructed by the U. S. Bureau of Public Roads, is added to the state highway system as a state secondary highway and designated as the Clear Lake-Belknap Springs State Secondary Highway No. 215, its route and termini being described as follows:

> Beginning at a junction with the Santiam Primary Highway No. 16 near Clear Lake in Linn County; thence southerly to a junction with the McKenzie Primary Highway No. 15 near Belknap Springs in Lane County, a distance of approximately 21.0 miles.

attached hereto, marked Exhibit "A" and by this reference made a part hereof is a map of one page showing said highway.*

2. That this Resolution be entered in the minutes and records of the Highway Commission this 3rd day of November, 1955 as Secondary Highway Designation Resolution, File No. 34.

*FOOTNOTE

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, being filed under File No. 34 under the heading "Secondary Highway Designation Resolution" and said map by this reference is made part of this minute entry to the same extent as if copied in full herein.

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Laurel Hill-Still Creek Section of the Mt. Hood Highway; and,

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and,

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests

of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and,

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Laurel Hill-Still Creek Section of the Mt. Hood Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit"A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said relocated Mt. Hood Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel or parcels on the attached list marked Exhibit "A".*

3. That the relocation, construction, improvement and maintenance of the said Laurel Hill-Still Creek Section of the Mt. Hood Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute

to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 3rd day of November, 1955, as Condemnation Resolution No. 545.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 545, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "O-2"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, for the purpose of providing a highway which will more adeuately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the northbound route of the Ashland Section of the Pacific Highway; and,

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocating, constructing, improving and maintaining of the said northbound route of the Ashland Section of the Pacific Highway, certain interest in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A" under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

EXHIBIT "O-2" (Cont)

2. That the relocation, construction, improvement and maintenance of the said northbound route of the Ashland Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 3rd day of November, 1955, as Condemnation Resolution No. 617.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 617, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "O-3"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the McMinnville Airport-Dayton Junction Section of the Three Mile Lane Secondary Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of

EXHIBIT "O-3" (Cont)

land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said McMinnville Airport-Dayton Junction Section of the Three Mile Lane Secondary Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said relocated Three Mile Lane Secondary Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property, except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel or parcels on the attached list marked Exhibit "A".*

3. That the relocation, construction, improvement and maintenance of the said McMinnville Airport-Dayton Junction Section of the Three Mile Lane Secondary Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

EXHIBIT "O-3" (Cont)

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 3rd day of November, 1955, as Condemnation Resolution No. 618.

EXHIBIT "O-4"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property or any right or interest therein, including any easement or rights of access deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of road building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Airport Road Junction-Stout Creek Section of the North Santiam Secondary Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests

of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Airport Road Junction-Stout Creek Section of the said North Santiam Secondary Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interest therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said relocated North Santiam Secondary Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel or parcels on the attached list marked Exhibit "A".*

3. That the relocation, construction, improvement and maintenance of the said Airport Road Junction-Stout Creek Section of the North Santiam Secondary Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said

25771

EXHIBIT "O-5"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the northbound route of the Ashland Section of the Pacific Highway; and,

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocating, constructing, improving and maintaining of the said northbound route of the Ashland Section of the Pacific Highway, certain interest in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A" under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "O-5" (Cont)

2. That the relocation, construction, improvement and maintenance of the said northbound route of the Ashland Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 3rd day of November, 1955, as Condemnation Resolution No. 683.

---

*FOOTNOTE:

The name of the property owner and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 683, under the heading "Real Property Condemnation Resolutions", and said descriptions, map, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "O-6"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS the State Highway Commission, on the 13th day of April, 1955, by resolution declared the necessity for the acquisition of certain real property owned by David T. McBride, et ux., File No. R-22683, situated in Causey's Suburban Tract No. 1 in Section 33, Township 1 South, Range 2 East, Willamette Meridian, Clackamas County, Oregon, for right of way purposes for the widening, improvement, and maintenance of the S. E. Flavel Street-Lake Road Section of the Cascade Secondary Highway; and

WHEREAS the said resolution declared the necessity for the acquisition of extinguishment of all rights of access between the right of way of the said S. E. Flavel Street-Lake Road Section of the Cascade Secondary Highway and all of the contiguous real property of the owners except for four unrestricted accesses, each 25 feet in width and located on the easterly side of the said highway opposite Highway Engineer's centerline Station 401+65, 402+70, 403+70 and 404+74; and

WHEREAS the said State Highway Commission, after further investigation, has found that the best interests of the State and the owners will be served by eliminating the control of access to said highway from the said resolution of April 13, 1955; and

WHEREAS the said State Highway Commission, after further investigation, has found that due to a change in construction plans it will be to the best interests of the State and the owners to reduce the area previously sought to be acquired for the said widening, improvement, and maintenance of the said Cascade Secondary Highway from an area 60 feet in width and containing 0.5 acre to an area of 50 feet in width and containing 0.42 acre;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That certain resolution duly made and entered in full in the minutes and records of the Commission on the 13th day of April, 1955, pertaining to the S. E. Flavel Street-Lake Road Section of the Cascade Secondary Highway is amended to eliminate any control of access to and from said highway and particularly page 3, Exhibit A, of said resolution pertaining to the property owned by David T. McBride, et ux., File No. R-22683, be and the same hereby is amended to read as follows:

File No.: R-22683
Owner: David T. McBride, et ux.
Use: The following-described real property is necessary for right of way purposes for the widening, improvement, and

maintenance of the S. E. Flavel Street-Lake Road Section of the Cascade Secondary Highway, to wit:

> A parcel of land lying in Causey's Suburban Tract No. 1 situated in Section 33, Township 1 South, Range 2 East, Willamette Meridian, Clackamas County, Oregon, and being a portion of that tract of land described in that certain deed to Esther L. McBride, recorded in Book 172, Page 252, of Clackamas County Records of Deeds, the said parcel being the West 50 feet of said Esther L. McBride tract, containing 0.42 acre.

2. That this resolution be entered in full in the minutes and records of the Commission this 3rd day of November, 1955.

EXHIBIT "O-7"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the State Highway Commission plans and proposes to relocate, construct, improve and maintain the Coquille-Rink Creek Section of the Coos Bay-Roseburg Highway; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Coquille-Rink Creek Section of the Coos Bay-Roseburg Highway, certain interests in or fee simple title to certain parcels of real property. The said parcel of real property, or particular interest therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, is more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "O-7" (Cont)

2. That the relocation, construction, improvement and maintenance of the said Coquille-Rink Creek Section of the Coos Bay-Roseburg Highway and the highway facilities for which the said parcel of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcel of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to the said parcel of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 3rd day of November, 1955, as Condemnation Resolution No. 694.

---

*FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 694, under the heading "Real Property Condemnation Resolutions", and said description, map, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "O-8"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the State Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the State Highway Commission plans and proposes to relocate, construct, improve and maintain the Coquille-Rink Creek Section of the Coos Bay-Roseburg Highway; and,

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Coquille-Rink Creek Section of the Coos Bay-Roseburg Highway, certain interest in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number

and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full*

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said Coos Bay-Roseburg Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; provided, however, that there shall be reserved unto the respective owners, their heirs and assigns, for service of the said remaining land, such access reservations as are noted as to each parcel or parcels on the said attached list marked Exhibit "A".*

3. That the relocation, construction, improvement and maintenance of the said Coquille-Rink Creek Section of the Coos Bay-Roseburg Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 3rd day of November, 1955, as Condemnation Resolution No. 695.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 695, under the heading "Real Property Condemantion Resolutions", and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "O-9"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, and amendments thereof or additions thereto, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street, quarry sites, gravel pits, storage sites, stock pile sites, or for the acquisition or manufacture of roadbuilding materials, approach or hauling roads, connecting roads, frontage road, highway drainage, drainage tunnels, or for the elimination or prevention of hazardous points of entry from adjacent property to state highways, or for the maintenance of an unobstructd view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, the said Commission is required to designate, locate, relocate, construct and maintain in the State of Oregon a system of highways, including all necessary bridges and culverts; and,

WHEREAS, for the purpose of constructing and maintaining highways of the state highway system, the Commission plans and proposes to acquire certain real property for the acquisition of roadbuilding materials for use in connection with the construction and maintenance of highways of the state highway system; and,

WHEREAS, said Commission is authorized to take fee simple title to said real property.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, as follows:

1. The Commission does hereby find anddeclare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, certain interests in or fee simple title to a certain parcel of real property. The said parcel of real property, or particular interest therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, is more particularly described in the attached list, marked Exhibit A, under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit A is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That the highway facilities for which the said parcel of property, or interest therein, is required and is being taken is necessary in the

public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcel of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcel of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 3rd day of November, 1955, as Condemnation Resolution No. 708.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 708, under the heading "Real Property Condemnation Resolutions," and said description, map, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "O-10"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain in part, and relocate, construct, improve and maintain the Kent-Moro Section of the Sherman Highway; and

WHEREAS, for the purpose of widening, improving and maintaining in part, and relocating, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance in part, and relocation, construction, improvement and maintenance of the said Kent-Moro Section of the Sherman Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "O-10" (Cont)

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said widened and relocated Sherman Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property, provided, however, that there shall be reserved unto the respective owners, their heirs and assigns, for service of the said remaining land, such access reservations as are noted as to each parcel or parcels on the said attached list marked Exhibit "A".*

3. That the widening, improvement and maintenance in part, and relocation, construction, improvement and maintenance of the said Kent-Moro Section of the said Sherman Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 3rd day of November, 1955, as Condemnation Resolution No. 735.

---

*FOOTNOTE:

The name of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 735, under the heading "Real Property Condemnation Resolutions," and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "O-11"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road-building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Reedsport-Hauser Section of the Oregon Coast Highway; and

WHEREAS, the Highway Commission has, by a resolution, ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State

are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real property hereinafter described is necessary and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Reedsport-Hauser Section of the Oregon Coast Highway, as a throughway, certain interests in or fee simple title to a certain parcel of real property. The said parcel of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, is more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said relocated Oregon Coast Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property.

3. That the relocation, construction, improvement and maintenance of the said Reedsport-Hauser Section of the Oregon Coast Highway and the highway facilities for which the said parcel of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcel of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his

absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 3rd day of November, 1955, as Condemnation Resolution No. 798.

---

*FOOTNOTE:

The name of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 798, under the heading "Real Property Condemnation Resolutions," and said description, map, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

25737

EXHIBIT "O-12"

Minutes of November 3 and 4, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening, or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads, highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Goshen-Divide Section of the Pacific Highway; and

WHEREAS, the Highway Commission has, by a resolution, ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately

needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real property hereinafter described is necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Goshen-Divide Section of the Pacific Highway as a throughway, certain interests in or fee simple title to a certain parcel of real property. The said parcel of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, is more particularly described in the attached list marked Exhibit "A", under the name of the record owner or reputed owner and the Commission's file number, and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said Goshen-Divide Section of the relocated Pacific Highway and all of the contiguous real property of the owners remaining after the appropriation of the said real property, provided, however, that there shall be reserved unto the owners, their heirs and assigns, for service of their remaining land, such access reservations as are noted as to the parcel on the said attached list marked Exhibit "A". *

3. That the relocation, construction, improvement and maintenance of the said Goshen-Divide Section of the Pacific Highway and the highway facilities for which the said parcel of property, or interest therein, is required and is being taken, is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcel of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcel of real property, or interest therein.

EXHIBIT "O-12" (Cont)

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as, in his judgment, may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 3rd day of November, 1955, as Condemnation Resolution No. 799.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 799, under the heading "Real Property Condemnation Resolutions," and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

26266		EXHIBIT "K". "Freedom of the American Road". Ford Motor Company. R. H. Baldock complimented for recognition.
26267		EXHIBITS "L-1" through "L-9". Condemnations.

Portland, Oregon
December 19, 1955

The Oregon State Highway Commission met in regular session at 9:00 a.m. in the Green Room of the Imperial Hotel. Present were:

Ben R. Chandler, Chairman
Chas. H. Reynolds, Commissioner
M. K. McIver, Commissioner
W. C. Williams, Deputy State Highway Engineer
W. W. Stiffler, Assistant State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
Robert L. May, Jr., Assistant Chief Counsel
R. L. Porter, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
H. B. Glaisyer, Secretary

Mr. R. H. Baldock, State Highway Engineer, and Mr. C. W. Enfield, Chief Counsel, were excused on vacation leave.

The Commission approved the minutes of September 22 and 23, 1955.

The State Parks Superintendent reported on the following state park matters:

1. Proposed development of the former Seufert property, opposite The Dalles Dam between the railroad and the river, for park purposes: The State Parks Superintendent stated that in his investigation of this matter it was found that Wasco County is also making a study of the area for park development. The work, he said, should not be duplicated and he recommended that no study be made at this time. His recommendation was accepted by the Commission.

2. Request of Lee H. Manes for renewal of his lease to operate a horse concession in Wallowa Lake State Park: The present lease, the Parks Superintendent reported, expires December 31, 1955 and Mr. Manes wishes to renew it for one year. He pointed out that the concession, which furnishes about 30 horses, is within the limits of the state park and near overnight and day camping areas. Mr. Manes, he stated has not cooperated in sanitary measures at the concession and is also in arrears in his payments. Patrons of the park have made numerous objections to the flies and the odors emanating from the vicinity of the concession. He also pointed out that there are other concessions nearby which furnish horses and that Mr. Manes might locate his business outside of the park area. Because of the unsanitary conditions in the existing concession and the lack of cooperation by Mr. Manes, he recommended that the concession be discontinued. The Commission approved his recommendation.

3. Request of Mr. Jesse H. Miller, Jr., and others, for development of an area under the Willamette-Springfield Bridge as a state park: This request, the Parks Superintendent stated, has been investigated and although the area does have recreational value, its use is expected to be largely local inasmuch as it lies within the boundaries of the City of Springfield. He recalled that it has been the Commission's policy that areas in or close to towns or cities should be developed locally and he recommended, therefore, that the request be denied. The Commission denied the request.

4. Report pertaining to acquisition of lands in the Columbia River Gorge for the preservation of scenic values: All of the areas proposed by the Columbia Gorge Commission have been investigated, the Parks Superintendent stated. He also said that negotiations have been exhausted on nine of the areas as agreement could not be reached on price or the owners do not wish to sell. Negotiations are pending on seven areas and are being handled by the Gorge Commission on two additional areas. Also, there are four areas which are impossible to obtain and one area, the Dobing property, has been recommended for purchase. It was his hope that negotiations on the seven pending areas could be completed before the January meeting. The Commission accepted the report.

5. Request of J. L. Campbell for a one-year extension of his restaurant concession lease at Silver Falls State Park: The Parks Superintendent explained that the present lease expires December 31, 1955 and that Mr. Campbell wishes it extended for one year, ending December 31, 1956. Although the receipts from the concession are relatively small, being $618.53 for the year 1955, he recommended that the lease be extended as it provides a necessary service for park patrons. The Commission approved extension of the lease as recommended.

6. Report on boat-launching facilities in connection with state parks: The Parks Superintendent pointed out that during the last few years there has been an ever increasing demand for boat-launching facilities and inasmuch as a number of the state parks are adjacent to lakes, rivers, or bays, a study was made over the state of launching facilities which have been installed by other agencies. The purpose of this study, he said, is to provide a background of facts and information to be used when boat-launching facilities are constructed in state parks. The Commission accepted the report.

7. Preparation of plans and specifications for leasing the Depoe Bay Concession Building on the Oregon Coast Highway in Lincoln County: The Parks Superintendent reported that completion of the building is expected in May or June. He asked the Commission for authority to prepare a form of agreement so bids for the concession privileges can be advertised when the building is ready for occupation. The Commission granted the authority.

The Right of Way Engineer presented for consideration options secured for acquisition of real property that is needed for state highway improvements and for other purposes. After careful consideration of each item, the Commission unanimously approved closing of the options at the prices mentioned therein by adopting the attached resolution relative thereto, marked EXHIBIT "A", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Right of Way Engineer stated that in order to construct necessary improvements to highways it is necessary to purchase some parcels of real property for which the Commission has not previously granted authority to acquire. He recommended that he be granted authority to negotiate purchase of the following parcels of property:

COUNTY AND SECTION	FILE NO. AND NAME	PURPOSE	AREA	HIGHWAY
Benton Corvallis-Philomath	24235-Neer	Right of Way	(1) 28.55 ac. (2) 1.08 ac. (3) 7000 sq. ft. (4) 0.55 ac.	Corvallis-Newport
Clackamas East Portland-Oregon City	21270-USA	Addition to division office ground	(1) 11.16 ac.	Pacific East
" " "	" "	Right of way on which to construct a frontage road	(2) 1.75 ac.	" "

The Commission approved the request and thereupon adopted the attached resolution with respect to the property required from the United States of America (File 21270) marked EXHIBIT "N", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

A written report was presented by the Right of Way Engineer listing sales of miscellaneous property that has been made since the November Commission meeting. The Commission approved the sales as reported.

(For details, see Miscellaneous Sales Report, dated December 19 and 20, 1955, signed by Mr. C. W. Parker, Property Manager, in the Highway Commission files in Salem.)

December 19, 1955

Also presented by the Right of Way Engineer was a supplemental rental report showing newly rented properties and property terminations that have been effected since the date of his last report. The report was accepted by the Commission.

(For details, see supplemental rental report, October 15 to December 10, 1955, signed by Mr. C. W. Parker, Property Manager, in the Highway Commission files in Salem).

A report concerning the status of right of way acquisition for the Adams Street route for US99W couplet in McMinnville was considered. The Right of Way Engineer explained briefly that there are 38 parcels of property required in this project, of which 33 have been acquired. Of the remaining five, it appears that two of the properties will have to be condemned. The Commission accepted the report.

Execution of a "Release of Easement" covering the use of property owned by W. H. Morley on the Salem By-Pass (US99) at Center Street was presented by the Right of Way Engineer. He explained that the easement was obtained for a detour during construction of the Center Street overcrossing but no longer is needed inasmuch as the structure is completed. He recommended that the release be granted. The Commission approved his recommendation.

The Right of Way Engineer presented for Commission consideration a number of changes in points of access to properties adjoining state highways. He explained that in no instance is additional access being granted and that only changes in location are requested for reasons of safety or to better serve the property owners without detriment to the traveling public. Upon his favorable recommendation, the Commission approved such changes of access as follows:

a. Robert M. and Dorothy D. Knox, on the Greggs Creek-Wedderburn Section of the Oregon Coast Highway in Curry County, File L-2325.

b. Joe Silvers and Katherine J. Eismann property, on the Mt. Vernon-John Day Section of the John Day Highway in Grant County, File No. 20196.

c. Coos Bay Pulp Corporation property on the Elbow Lake-Gardiner Section of the Oregon Coast Highway in Douglas County, File 19654.

d. Ray L. and Daisy D. Jenkins property on the Newport-Toledo Section of the Corvallis-Newport Highway in Lincoln County, File 18714.

e. W. P. and Sadie Frances McBee property on the Newport-Toledo Section of the Corvallis-Newport Highway in Lincoln County, File L-1846 and R/W 18545.

f. Huida M. Stratton property on the S. E. Flavel Street-Southern Pacific Overcrossing Section of the Cascade Secondary Highway in Clackamas County, File 22678.

Authority was requested by the Right of Way Engineer to sell at public auction several parcels of real property which no longer are needed for highway purposes. The Commission authorized sale of such properties as follows, by adopting the attached resolutions relative thereto, marked EXHIBITS "B-1", "B-2" and "B-3", which resolutions by this reference are made a part hereof, with like effect as though extended in full herein.

1. 0.35 acre on the Bear Creek-Talent Section of the Pacific Highway in Jackson County at a minimum price of $2,500, with two commercial points of access, File 4559. See EXHIBIT "B-1".

2. 3.13 acres on the Willamette River-Hayesville Section of the Portland-Salem Expressway in Marion County, at a minimum price of $6,000 and without access to the Portland-Salem Expressway, File 20840. See EXHIBIT "B-2".

3. 1,575 square feet of land on the Front Street-Coos Bay Section of the Oregon Coast Highway in Coos County, for not less than $1,600 and with unrestricted access to the Oregon Coast Highway, File 13770. See EXHIBIT "B-3".

The Right of Way Engineer reported that after due advertising of a parcel of excess land consisting of 0.10 acre on the Viento-Hood River Section of the Columbia River Highway, a lone bid was received from the Edward Hines Lumber Company in the sum of $500. No access is provided to the Columbia River Highway but access is provided to the outer highway. Upon his favorable recommendation, the Commission approved the sale to the Company at the price mentioned.

Approval was requested for the sale to Mr. and Mrs. Anton Meyer of 0.63 acre of excess property on the Goshen-Divide Section of the Pacific Highway in Lane County. This property, the Right of Way Engineer stated, was offered for public sale after due advertising and Mr. Anton Meyer submitted the only bid at the minimum price of $150 with no access to the highway. He recommended that the sale be approved as the price received is full value for the property. The Commission approved the sale as recommended.

The granting of an easement to Mr. William Knuttila for maintaining his non-commercial garage on the edge of the right of way of the Luder Creek-Reedsport Section of the Umpqua Highway was discussed. The Right of Way Engineer explained that a like easement has been received from the State Forestry Department so that Mr. Knuttila's garage can be moved from its present location, which is in the way of highway construction. The Commission approved the easement.

Consideration was given to the matter of paying expenses incurred by right of way agents who attend the "Appraisal II Course" offered by the American Institute of Real Estate Appraisers and the University of Oregon, January 16 through 28, 1956. The Right of Way Engineer explained that such a course is of considerable value to right of way agents and to the State and he recommended that their personal expenses be paid for this period, approximating $90 per person, with the understanding that each of the right of way agents attending shall pay his own tuition which amounts to approximately $85. The Commission approved payment of the expenses as presented.

Transfer of 4.69 acres of land to Klamath County was discussed. The Right of Way Engineer explained that this property consists of a county road known as Altamont Drive acquired by the State at government expense during World War II for use as an access road to the Klamath County Airport; also, that the property is not on the state highway system and has no value for State purposes. He recommended that it be conveyed to Klamath County for a consideration of $1.00. The Commission adopted the recommendation.

Sale of timber located on the Ferry Street Bridge-Mohawk Road Section of the "Q" Street Route between Eugene and Springfield was considered. The Right of Way Engineer stated that the timber has been appraised at $2,200. He requested that authority be granted to offer the timber for sale at a minimum price of $2,200. The Commission granted the request.

The Assistant Chief Counsel requested authority to acquire by condemnation if necessary the following properties that are needed as right of way in connection with various highway improvements or for other purposes and to tender offers for the same in conformity with instructions given him by the Commission in its resolution dated December 20, 1951:

Valley Junction-Sheridan Section of the Salmon River Highway

R-24103- John G. Cerny and Alta S. Cerny
Right of Way (Polk)
25.59 acres

R-24104- Portland General Electric Company
Right of Way (Polk)
0.34 acres

Valley Junction-Sheridan Section of the Salmon River Highway-Cont.

R-24105- William Schulz and Katherine Schulz
Right of Way (Polk)
15.67 acres

R-24106- N. S. Nelson
Right of Way (Polk)
15.47 acres

R-24107- H. I. Black and Marian E. Black
Right of Way (Polk)
10.88 acres

R-24108- M. R. Jole and Inga Jole
Right of Way (Polk)
1.24 acres

R-24109- Elmer Yoder and Hazel Yoder
Right of Way (Polk)
7.75 acres

R-24110- Iloff B. Harris and Helene Harris
Right of Way (Yamhill)
2.86 acres

R-24111- Bertyl D. Harris
Right of Way (Yamhill)
3.98 acres

R-24112- John E. Rogers and Gertha Rogers
Right of Way (Yamhill)
4.92 acres

R-24113- George W. Daley and Birdie Daley
(Yamhill)
Parcel No. 1: 7.1 acres for Right of Way
Parcel No. 2: 0.17 acre for Right of Way
Parcel No. 3: 0.9 acre for Excess Property

R-24114- Kenneth N. Knutson and Barbara R. Knutson
Right of Way (Yamhill)
Parcel No. 1: 0.36 acre
Parcel No. 2: 0.12 acre

R-24135- William H. Brandt and Manila H. Brandt
Right of Way (Yamhill)
Parcel No. 1: 2.82 acres
Parcel No. 2: 0.13 acre

December 19, 1955

25777

Valley Junction-Sheridan Section of the Salmon River Highway-Cont.

R-24136- Sherman L. Wertz and Mildred Wertz
Right of Way (Yamhill)
Parcel No. 1: 12.5 acres
Parcel No. 2: 0.13 acre

R-24137- O. F. Daniels and Leotia Daniels
Right of Way (Yamhill)
Parcel No. 1: 11.9 acres
Parcel No. 2: 0.35 acre

R-24138- Elston P. Bell and Ione C. Bell
Right of Way (Yamhill)
0.06 acre

R-24143- Robert L. Cummins
Right of Way (Yamhill)
Parcel No. 1: 8.95 acres
Parcel No. 2: 0.32 acre

R-24144- Glen W. Dickey, Jr. and Phillis J. Dickey
Right of Way (Yamhill)
4.1 acres

R-24145- Jack W. Eden and Wilma D. Eden
(Yamhill)
Parcel No. 1: 3.64 acres for Right of Way
Parcel No. 2: 6.5 acres for Excess Property

R-24146- Reinhold Kruger and Sophia Kruger
Right of Way (Yamhill)
Parcel No. 1: 7.91 acres
Parcel No. 2: 0.21 acre

R-24149- Ed Roth and Anna Roth
(Yamhill)
Parcel No. 1: 13.62 acres for Right of Way
Parcel No. 2: 4.85 acres for Right of Way
Parcel No. 3: 0.45 acre for Right of Way
Parcel No. 4: 0.11 acre for Temporary Easement for Detour Road

R-24152- Cordell Ray Papstein
Right of Way (Yamhill)
2.50 acres

R-24153- Wayne V. Sparks and Kathleen L. Sparks
Right of Way (Yamhill)
1.78 acres

December 19, 1955

Valley Junction-Sheridan Section of the Salmon River Highway- Cont.

R-24154- City of Sheridan
Right of Way (Yamhill)
0.02 acre

R-24155- Loda Early and Glennie Mae Early
Right of Way (Yamhill)
2.73 acres

R-24157- Otto P. Brandt, et ux.
(Yamhill)
2.55 acres for Right of Way
1.25 acres for Excess Property

R-24158- Jessie Harty, legal owner; George Schulz and
Dorothy Schulz, unrecorded contract purchasers
Right of Way (Yamhill)
0.3 acre

R-24159- J. T. Thompson
(Yamhill)
Parcel No. 1: 3.45 acres for Right of Way
Parcel No. 2: 0.96 acre for Right of Way
Parcel No. 3: 1.85 acres for Excess Property

R-24161- Wayne Lash
Right of Way (Yamhill)
1.74 acres

R-24163- Leila K. Scudder
Right of Way (Yamhill)
1.75 acres

R-24164- Martin L. Grosser and Florence Mae Grosser
Right of Way (Yamhill)
0.75 acre

R-24208- Frank H. Fawk and Esther M. Fawk
Right of Way (Yamhill)
Parcel No. 1: 4.31 acres
Parcel No. 2: 5.69 acres

R-24319- Milo H. Elliott and Clara M. Elliott
Right of Way (Yamhill)
2.01 acres

R-24320- Glen C. Grauer
Right of Way (Yamhill)
0.72 acre

December 19, 1955

Valley Junction-Sheridan Section of the Salmon River Highway-Cont.

R-24321- George H. Belton, et ux.
Right of Way (Yamhill)
0.16 acre

R-24457- Iloff B. Harris, Bertyl B. Harris and L. A. Harris
Right of Way (Yamhill)
1.95 acres

Boulder Gorge Section of the Sumpter Valley Highway

R-23830- Mack Estate
Roadbuilding materials (Baker)
7.35 acres

Sisters-Deschutes River Section of the McKenzie Highway

R-24173- James I. Ahern and Ida L. Ahern
Right of Way (Deschutes)
7.93 acres

Media Bridge Section of the Little Nestucca Highway

R-24190- John Clarence Dunn
Right of Way (Tillamook)
0.18 acre

R-24191- Ralph Darius Dunn or Roy C. Dunn
(Tillamook)
Parcel No. 1: 0.25 acre for Right of Way
Parcel No. 2: 0.18 acre for Right of Way
Parcel No. 3: 0.60 acre for Roadbuilding materials

R-24192- Clem Joseph Hurliman
Right of Way (Tillamook)
0.4 acre

R-24193- J. L. Craven and Bessie Craven
Right of Way (Tillamook)
0.40 acre

Forest Boundary-Burns Section of the John Day-Burns Highway

R-23836- Otto Meindl and Olive Meindl
Right of Way (Harney)
0.6 acre

Pacific Highway West and Denver Ave.-Union Ave. Intersection of the Pacific Highway West and Pacific Highway East

R-23806- Joel J. Westerlund and Alfred J. Westerlund
Right of Way (Multnomah)
7,670 square feet

R-23603- William Koltsch and Leora Koltsch
Right of Way (Multnomah)
160 square feet

R-23604- Kernan Livestock Farms, Inc.
Right of Way (Multnomah)
Parcel No. 1: 12,877 square feet
Parcel No. 2: 7,424 square feet

Odell Butte-The Dalles-California Highway Junction of the Willamette Highway

R-24178- Ivory Pine Company
Right of Way (Klamath)
Parcel No. 1: 2.4 acres
Parcel No. 2: 8.83 acres

R-24180- Herbert A. Gavin and Ruth Gavin
Right of Way (Klamath)

Right of Way (Umatilla)
3.65 acres

R-24222- Everett J. Hawke and Eva Giebels
Right of Way (Umatilla)
.9 acre

Dolph Corner-Rickreall Section of the Willamina-Salem Highway

R-24506- Joseph H. Harland
Right of Way (Polk)
.12 acre

L-2424- Howard B. Fleming, et ux.
New resolution required to confirm accesses

Right of Way maps, plans and other data were submitted to the Commission as follows:

Construction plans for the Wallace Bridge-Sheridan Unit of the Valley Junction-Sheridan Section on the Salmon River Highway in Polk and Yamhill Counties.

Sketch map 1R-5-765 for right of way on the Boulder Gorge Section of the Sumpter Valley Highway in Baker County;

Construction plans for the Deep Canyon Section on the McKenzie Highway in Deschutes County;

Construction plans on the Meda Bridge Section of the Little Nestucca Highway in Tillamook County;

Right of way map No. 7B-33-11 on the Forest Boundary-Burns Section of the John Day-Burns Highway, covering the Otto and Olive Meindl property, R-23836, in Harney County;

Drawing No. 1A-8-43 on the Union Avenue-Denver Avenue Intersection of the Pacific Highway East with the Pacific Highway West in Multnomah County;

Construction plans for the East Unit, Crescent Lake Junction-The Dalles-California Junction Section of the Willamette Highway in Klamath County.

The Deputy State Highway Engineer advised that the acquisition of the properties listed is required in order to carry out plans for highway improvements and other projects heretofore authorized by the Commission. After considering the matter in the light of the information and advice submitted, together with the general knowledge of the members of the Commission concerning the various projects and the properties involved, the Commission approved the Assistant Chief Counsel's request by adopting the attached resolutions relative thereto, marked EXHIBIT "O-1" through "O-12 ", which resolutions by this reference are made a part hereof, with like effect as though extended in full herein.

Upon inquiry by Chairman Chandler, the Assistant Chief Counsel stated that Judge Dobson in a few days may submit a decision in the injunction sought by Joe Harland to forestall construction on the Rickreall-Dolph Corner Section of the Willamina-Salem Highway.

The Assistant Chief Counsel presented and the Commission accepted a report of cases which had been tried in court since the last Commission meeting, as follows:

REPORT OF CONDEMNATION CASES TRIED NOVEMBER 2 TO DECEMBER 7, 1955

Case	County	Highway	Section	State's Offer	Defendant's Demands	Verdict
Arnest R-21416	Lane	Pacific	Goshen-Divide	$10,745	$18,100	$15,160

December 19, 1955

REPORT OF CONDEMNATION CASES TRIED NOVEMBER 2 TO DECEMBER 7, 1955-Cont.

Case	County	Highway	Section	State's Offer	Defendant's Demands	Verdict
Central Oregon Plywood, Ore. Ltd. R-21490	Lane	Pacific	Goshen-Divide	$ 2,250	$ 8,100	$ 3,050
Woodard Lumber Co. R-21396	Lane	Pacific	Goshen-Divide	$31,400	$65,000	$26,450
Gaska R-21541	Marion	Pacific East	Lana Ave.-Hayesville	$ 4,000	$12,050	$ 4,500
Hite R-19723	Washington	Pacific West	Tualatin R.-Middleton	$ 4,000	$ 6,000	$ 5,200
Metchan R-18638	Washington	Pacific West	Tigard-Newberg	$ 625	$ 625	$ 625

A report was also presented by the Assistant Chief Counsel and accepted by the Commission concerning cases which have been settled out of court since the last Commission meeting, as follows:

REPORT OF CONDEMNATION CASES SETTLED

Case	County	Highway	Section	State's Offer	Amount of Settlement
Herbert F. Juhl R-23757	Douglas	Pacific	Myrtle Creek-Canyonville	$ 2,300 (Partial Taking)	$ 4,290
Cecil A. Holcomb R-23181	Multnomah	Beaverton-Hillsdale	Washington County Line-Hillsdale	$ 250	$ 250

REPORT OF CONDEMNATION CASES SETTLED-Cont.

Case	County	Highway	Section	State's Offer	Amount of Settlement
Jewish Home for the Aged R-23159	Multnomah	Beaverton Hillsdale	Wash. Co. Line-Hillsdale	$ 650	$ 1,500
J. A. Struss R-23764	Deschutes	McKenzie	Deschutes River	$ 1,550	$ 1,300
Sonny Land Company R-16985	Hood River	Columbia River	Viento-Hood River	$ 200	$ 474.50
Bernie B. Moore R-21139	Jackson	Pacific	Blackwell Hill-Medford	$ 2,559*	$ 9,500 *

*Offer was based on an original appraisal of $2559 which later was increased to the sum of $8631.

REPORT OF OTHER CASES SETTLED

Case	Plaintiff	Defendant	County	Cause of Action	Demands of Plaintiff	Settlement
L-2450	State Highway Commission	Tamison H. Moore	Benton	Damages resulting from automobile accident	$53.00	$53.00

(For details of cases settled see the Chief Counsel's letters to the Commission dated December 12 and 15, 1955 in the General Files.)

At 10:00 a.m. bids for highway construction were opened and read aloud by the Secretary, following which he announced that the award of contracts would be made at 3:30 p.m.

December 19, 1955

25785

COLUMBIA COUNTY
NEHALEM RIVER BRIDGE

Pettijohn Engineering Co., Portland	$130,170.00
Lee Hoffman, Beaverton	143,365.00
Workman & Wilson, Canby*	143,950.00
Schrader Construction Co., Portland	150,845.00

*Bidder will not accept awards for an aggregate total amount in excess of $240,000.00.

HARNEY COUNTY
RECONSTRUCTION OF TWO TIMBER BRIDGES ON CENTRAL OREGON HIGHWAY

Marshall Construction Co., Hermiston	$ 30,487.50
R. H. Jones, Hillsboro	30,715.00
Workman & Wilson, Canby*	33,435.00
P. S. Lord Mechanical Contractors, Portland	34,245.20
Schrader Construction Co., Portland	41,045.00
Orlando C. Bennard, Portland	42,015.00
George E. Berry, Beaverton	42,435.00

*Bidder will not accept awards for an aggregate total amount in excess of $240,000.00.

JACKSON COUNTY
ASHLAND-STATE LINE ROCK PRODUCTION PROJECT ON THE PACIFIC HIGHWAY

M. C. Lininger & Sons, Medford	$ 36,400.00
F. L. Somers, Medford	51,100.00

Russell Olson Construction Co., Inc., Pendleton	39,359.00

December 19, 1955

The Assistant Chief Counsel presented and the Commission accepted offers as follows for the acquisition of real property, which offers were tendered to the owners of the properties prior to the institution of condemnation proceedings in accordance with authority granted by the Commission on December 20, 1951:

McMinnville Airport-Dayton Junction Section of the Three Mile Lane Secondary Highway:

R-23414-Sherry Lorett, et al. 19.99 acres for right of way purposes. Offer of $7,500 approved by Mr. McIver December 8, 1955.

R-23416-Arthur Pearson, et ux. 0.67 acre for right of way purposes. Offer of $2,335 approved by Mr. McIver December 8, 1955.

R-23423-Mabel P. Stegman. 0.08 acre for right of way purposes. Offer of $2,000 approved by Mr. Chandler December 14, 1955.

R-23424-R. S. McGill, et ux. 2.7 acres for right of way purposes and 1.7 acres for material site. Offer of $3,000 approved by Mr. McIver December 8, 1955.

R-23425-Herman T. Louis, et ux. 1.04 acres for right of way purposes and 1.78 acres for material site. Offer of $1,410 approved by Mr. McIver December 8, 1955.

R-23428-J. E. Proffitt. 2.3 acres for right of way purposes and 4.2 acres for the acquisition of roadbuilding materials. Offer of $4,500 approved by Mr. Chandler December 14, 1955.

R-23430-Helen L. McHenry, et al. 1.8 acres for right of way purposes. Offer of $700 approved by Mr. McIver December 8, 1955.

R-23432-Lachlan Docherty, et ux. 0.03 acre for right of way purposes. Offer of $500 approved by Mr. McIver December 8, 1955.

R-23434-Frank Foster. 8.56 acres for right of way purposes. Offer of $10,000 approved by Mr. Chandler December 14, 1955.

R-23437-U. S. Alderman, et ux. 6.23 acres for right of way purposes. Offer of $2,850 approved by Mr. McIver December 8, 1955.

R-23438-Harry M. Gray, et ux. 6.3 acres for right of way purposes. Offer of $3,500 approved by Mr. McIver December 8, 1955.

R-23439-Keith F. Colburn, et al. 10 acres for right of way purposes. Offer of $17,000 approved by Mr. McIver December 8, 1955.

R-23887-Julius Nissen, et al. 4.65 acres for right of way purposes. Offer of $2,182 approved by Mr. McIver December 8, 1955.

Laurel Hill-Still Creek Section of the Mt. Hood Highway:

R-23901-Leroy Briggs, et ux. 0.09 acre for right of way purposes. Offer of $4,860 approved by Mr. McIver December 8, 1955.

R-23904-George Colby Wilson, et ux. 1.74 acres for right of way purposes. Offer of $6,200 approved by Mr. McIver November 21, 1955.

R-23908-Grace Collins Goudy, et vir. 8.62 acres for right of way purposes. Offer of $3,730 approved by Mr. McIver November 21, 1955.

R-24101-Mary L. Wilson, et al. 0.66 acre for right of way purposes. Offer of $15,839 approved by Mr. Reynolds November 23, 1955.

R-24202-Everett L. Darr, et al. 10,000 square feet for right of way purposes. Offer of $2,600 approved by Mr. McIver November 21, 1955.

R-24206-Moshe D. Lenske, et al. 5,000 square feet for right of way purposes. Offer of $1,638 approved by Mr. McIver December 8, 1955.

Ashland Section of the Pacific Highway:

R-23232-Frank G. Dean, et al. 0.17 acre for right of way purposes and 0.04 for slope easement. Offer of $17,500 approved by Mr. Chandler December 14, 1955.

R-23239-Lydia T. McCall, et al. 0.04 acre for right of way purposes and 0.07 acre for slope easement. Offer of $3,238 approved by Mr. Chandler December 14, 1955.

R-23240-Roy W. McNeal, et al. 0.25 acre for right of way purposes and 0.03 acre for slope easement. Offer of $26,338 approved by Mr. Chandler December 14, 1955.

R-23245-Marvin B. Shaw, et al. 0.09 acre for right of way purposes. Offer of $7,500 approved by Mr. Chandler December 14, 1955.

R-23263-Larkin A. Deer, et al. 420 square feet for right of way purposes and 250 square feet for slope easement. Offer of $2,545 approved by Mr. Chandler December 14, 1955.

R-23265-Edith B. Mars, et al. 0.195 acre for right of way purposes, 385 square feet for right of way purposes and 0.03 acre for slope easement. Offer of $15,000 approved by Mr. Chandler December 14, 1955.

Airport Road Junction-Stout Creek Section of the North Santiam Secondary Highway:

R-22357-Roscoe F. Poole, et ux. 4.47 acres for right of way purposes. Offer of $1,250 approved by Mr. McIver November 21, 1955.

Airport Road Junction-Stout Creek Section of the North Santiam Secondary Highway-Cont.

R-22629-Louis E. Hendricks, et ux. 12.88 acres for right of way purposes. Offer of $4,500 approved by Mr. McIver November 21, 1955.

R-22632-Henry E. Miller, et al. 31.47 acres for right of way purposes. Offer of $9,400 approved by Mr. McIver November 21, 1955.

Coquille-Rink Creek Section of the Coos Bay-Roseburg Highway:

R-24044-Ralph Menning, et ux. 662 square feet for right of way purposes. Offer of $2,462 approved by Mr. Reynolds November 23, 1955.

R-24046-Eagles Lodge No. 2196. 0.046 acre for right of way purposes. Offer of $24,150 approved by Mr. Chandler December 1, 1955.

Seufert-Dufur Section of The Dalles-California Highway:

R-7666-Ernest A. Kuck, et ux. 6.15 acres for material site. Offer of $1,000 approved by Mr. McIver November 21, 1955.

South Sixth Street-Klamath Falls Section of the Klamath Falls-Lakeview Highway:

R-23881-Crater Lake Machinery Co. 0.05 acre for right of way purposes. Offer of $280 approved by Mr. McIver November 21, 1955.

Myrtle Creek-Canyonville Section of the Pacific Highway:

R-23759-Stella G. Dodge. 1.2 acres for right of way purposes. Offer of $2,475 approved by Mr. McIver November 21, 1955.

Moro-Grass Valley Section of the Sherman Highway:

R-23873-Etta Moore, et al. 4.39 acres for right of way purposes. Offer of $2,110 approved by Mr. Chandler December 1, 1955.

A report of matters before the Public Utilities Commissioner was presented by the Assistant Chief Counsel and accepted by the Commission, as follows:

December 19, 1955

PUX 94: Hudspeth Pine, Inc. Private road crossing on the Service Creek-Mitchell Secondary Highway No. 390, approximately 2.5 miles north of Mitchell: The application of Hudspeth Pine, Inc. involved a crossing of the highway for private truck road purposes. The order of the Commissioner requires the applicant to conform to all requirements proposed by the Highway Commission.

PUX 131: Fifteen private road crossings on county roads in Clackamas County on application of Crown Zellerbach Corporation and Weyerhaeuser Timber Company: This matter covered the legalizing by the Public Utilities Commissioner of 15 crossings previously existing. The only crossing in which the Highway Commission has a direct interest is on County Road No. 548, Wilhoit Road, which is on a county road eligible for improvement by the Highway Commission with Federal funds. The crossing is protected by automatic electric signals which are considered adequate.

PUX 134: Harold Barclay Logging Company Private road crossing of the Wapinitia Highway at M. P. 4.31. The logging company decided to withdraw its application and the Commissioner dismissed the application without prejudice.

PUX 150: Train speeds on Southern Pacific Company's mainlines between Portland and the California line in cities of less than 100,000 population, except the City of Canby: An Oregon Supreme Court decision of March 30, 1955 held that municipalities of less than 100,000 population have no authority to regulate train speeds by ordinance within the municipal limits. The order as issued by the Public Utilities Commissioner, with the exception of Canby, fixed the permissible train speeds at the speeds indicated by Southern Pacific Company's timetable, which speeds conform to the speeds adopted by city ordinances. This order is of interest to the Highway Commission in that it involves train speeds at crossings of city streets over which state highway traffic is routed.

Status of the case of Joseph B. Snyders, et ux. vs. State of Oregon, et al. was discussed. The Assistant Chief Counsel commented that the plaintiffs sought to recover damages in the sum of $5,000 because of a raise in grade in construction on the Clackamas-Boring Highway in Clackamas County. This highway, he stated, is a county road and, under terms of an agreement with Clackamas County work was performed with Federal-aid Secondary funds on the Rock Creek-Damascus Section, within which section the Snyders' property is situated. It appears that any obligation toward the Snyders is that of the County rather than of the State Highway Department, and the County Court is presently negotiating with the Snyders in an effort to reach a settlement. The report was accepted by the Commission.

Abandonment of claims for damages arising from motor vehicle collisions was requested by the Assistant Chief Counsel, as follows:

(1.) On December 31, 1954, a car driven by Thomas Wiggens damaged the west end of the Steel Bridge on the Pacific Highway West. Letters sent to Mr. Wiggens seeking to recover damages in the amount of $48.40 were returned and the whereabouts of Mr. Wiggens is unknown. He recommended that the claim be abandoned as in the best interests of the State. The Commission accepted the report.

(2.) On January 12, 1954, a State Highway Department pull-type grader was struck by a car owned and operated by Mr. O. E. Lionberger on the Pacific Highway approximately three miles south of Cottage Grove. Notice of a claim in the amount of $50 was forwarded to Mr. Lionberger but it appeared later that damages to the grader were extremely minor and had been repaired without preparation of an itemized statement of cost. As no definite demand can be made on Mr. Lionberger, he recommended that the claim be abandoned. The Commission accepted the report.

(3.) On February 18, 1954, a Ford panel truck, owned by Mr. J. D. Milne and Mr. Clyne W. Burklund, doing business as the AAA Auto Wrecking Company, struck and damaged a State owned snow plow on the Mt. Hood Highway, approximately one mile east of Timberline Junction. Cost of repairing the damage was $50.24. All efforts to determine the whereabouts and financial status of Mr. Milne and Mr. Burklund have been unsuccessful but it was found that the AAA Auto Wrecking Company went out of business sometime ago, leaving a number of unpaid bills. He recommended that the claim be abandoned. The Commission accepted the recommendation.

Authority to issue a land-use permit to Mr. Larry F. Nunnenkamp was requested by the Assistant Chief Counsel. He explained that in constructing the Forest Boundary-Hauser Section of the Oregon Coast Highway within which the Nunnenkamp property is located, the Bureau of Public Roads installed a pipe leading from the well which serves the defendants' remaining property. However, it has now been determined that the defendants have no legal right to maintain the pipe in its location or to go upon the right of way to repair the facilities. Granting of a land-use permit, he stated, will not be detrimental to highway usage and the defendants are entitled to such protection as a formal land-use permit would afford. He recommended that such permit be granted. The Commission accepted his recommendation.

Confirmation was requested by the Assistant Chief Counsel for the employment of witnesses in connection with the Superbilt Manufacturing Co., Inc. condemnation case. The Assistant Chief Counsel stated that one of the men is Mr. E. Sigurd Johnson, a professor of furniture manufacturing at North Carolina State College, whose knowledge and experience should make him a very effective witness. The other is Mr. William Broersma of Grand Rapids, Michigan, who is a member of the Appraisal Institute and is highly recommended by the Michigan State Highway Department. Mr. Johnson's fee for his services in appraising the property is

$1,000 plus expenses of approximately $303. Mr. Broersma's fee for appraisal is $100 per day plus expenses, including his plane fare, which is approximately $235. The Commission confirmed the employment of these two witnesses.

At the Assistant Chief Counsel's request, the Commission confirmed authorization for out-of-state travel for James B. Scott, Geologist, to go to Seattle, November 30 and December 1, 1955, in connection with the case of the State vs. Arnold, at an estimated cost of $40.

Payment of $2,100 to Mr. Randall Dickenson for damages to his irrigation ditch was discussed. The Assistant Chief Counsel explained that in acquiring a gravel pit in connection with reconstruction of the Baker-Unity Highway, a short distance south of Baker, it was necessary to relocate Mr. Dickenson's irrigation ditch, which work was performed by the State, and a diversion dam was constructed immediately below the intake to the new ditch. Operations in the gravel pit lowered the stream bed which, in turn, lessened the amount of water flowing into the irrigation ditch. After careful consideration of the factors in this matter, it was apparent that the State was obligated to Mr. Dickenson and a proposal was made that the State pay for construction of approximately 4,800 feet of irrigation ditch upstream from the State's gravel pit to a new intake at Powder River. The cost of this project, he stated, is $2,100, and he recommended that such amount be paid to Mr. Dickenson in full settlement of any damages which may have been caused by the State. The Commission approved the payment as recommended.

The Assistant Chief Counsel requested and the Commission authorized institutuion of legal proceedings to require specific performance of option obligations in the following cases:

Albert L. Duyck, R-19827, for 3.15 acres of land on the Washburn-North Plains Section of the Wilson River Highway in Washington County.

Peter H. and Irma M. Gourley, R-21199, for 0.78 acre of land on the Rice Hill-Chenoweth Park Section on the Pacific Highway in Douglas County.

Vacation of a portion of "G" Street adjacent to the Highway Department Maintenance Headquarters in Reedsport was recommended by the Assistant Chief Counsel. He explained that at present both Seventh Street and "G" Street intersect the Oregon Coast Highway at points near the northerly corner of the State Highway Department's property, creating a hazardous traffic situation. It is proposed to eliminate the situation by routing the two streets into a single intersection. If these streets are rerouted as proposed, the vacated portion of "G" Street can be vacated as a public street and title to the same will revert to the State Highway Commission as it owns all of the abutting real property. The City of Reedsport,

he stated, is willing to vacate this portion of "G" Street but has requested that the State Highway Commission submit an official request. The Commission accepted the Assistant Chief Counsel's recommendation and authorized him to send a letter to the Reedsport City Council requesting vacation of the street area concerned.

The Commission considered conveyance of a parcel of real property to Raymond R. Mathis in connection with the condemnation case of State vs. Mathis involving property located on the Reedsville-Beaverton Section of the Tualatin Valley Highway in Washington County. The Assistant Chief Counsel explained that under present conditions Mr. Mathis cannot relocate his septic tank on his own land to serve his remaining property. It is this aspect of the case, he stated, which is one of the prime factors in Mr. Mathis' demand of $50,000 for the property in contrast to the State's offer of $26,625. If the property is transferred to Mr. Mathis and accepted by him, it should reduce materially the amount of damages that he claims. However, there is no assurance that Mr. Mathis will accept the property. The Commission accepted the Assistant Chief Counsel's recommendation to transfer the property to Mr. Mathis by adopting the attached resolution relative thereto, marked EXHIBIT "C", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

A resolution was presented by the Assistant Chief Counsel concerning apportionment of the cost of reconstructing the existing bridge across the Columbia River between Portland and Vancouver, and signifying the Commission's intent to comply in all respects with the agreement entered into under date of April 27, 1955 with the State of Washington Highway Commission and the Washington Toll Bridge Authority. He explained that cooperation has now been secured from the Federal Government under the Truman-Hobbs Act by which 50 per cent of the cost of reconstructing the bridge will be paid by the Federal Government and 50 per cent by the Oregon State Highway Commission, the Washington State Highway Commission and the Washington Toll Bridge Authority. He pointed out that the portion of the money to be put up by the two States will come from the sale of bonds, provision for which already has been made. He also commented that the State of Washington authorities will adopt a similar resolution. He recommended that the Commission adopt the resolution as presented. The Commission accepted the recommendation by adopting the attached resolution relative thereto, marked EXHIBIT "D", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

In answer to an inquiry from Chairman Chandler, the Deputy State Highway Engineer stated that the cost to reconstruct the bridge is estimated at $2,000,000, and such reconstruction will eliminate approximately 95 per cent of the drawbridge openings to accommodate river traffic.

Commissioner Reynolds called attention to a newspaper article pertaining to the suspension of fines assessed against log haulers in the Prineville area. The Assistant Chief Counsel stated that of 32 cases that have been called to his attention fines were suspended by the Justice of Peace in 21 instances. However, only three of the fines were levied for overloads as the arrests were made because of poor equipment. He also pointed out that most, if not all, of the fines assessed for overloads in this court had been suspended. The Commission instructed him to follow up on the matter to see what can be done to correct the situation.

The Deputy State Highway Engineer reported that as previously authorized by the Commission he has awarded the following contracts referred to him by the Commission with power to award when certain conditions were satisfied:

1. Construction of Dayton Bridge over Yamhill River, Yamhill County. Bids received September 23, 1955. Conditions of award satisfied November 4, 1955. Hamilton & Thoms, Eugene, contractor.

2. Grading and paving and construction of a reinforced concrete deck girder bridge on Burrell-Vale Section of Central Oregon Highway, Malheur County. Bids received September 22, 1955. Conditions of award satisfied November 4, 1955. T. W. Thomas, Portland, contractor.

3. Grading Fords Bridge Unit, Myrtle Creek-Canyonville Section of Pacific Highway, Douglas County. Bids received September 23, 1955. Conditions of award satisfied November 4, 1955. R. A. Heintz Construction Co., Portland, contractor.

4. Grading and paving Beaverton (Highway Junction-12th Street) Section of Beaverton-Aurora Highway, Washington County. Bids received September 23, 1955. Conditions of award satisfied November 4, 1955. Porter W. Yett, Portland, contractor.

5. Grading and paving Washington County Line-Hillsdale Section of Beaverton-Hillsdale Highway, Multnomah County. Bids received September 22, 1955. Conditions of award satisfied November 4, 1955. Porter W. Yett, Portland, contractor.

6. Grading Dolph Corner-Rickreall Section of Willamina-Salem Highway, Polk County. Bids received September 22, 1955. Conditions of award satisfied November 9, 1955. Babler Bros., Inc., Portland, contractor.

7. Surfacing and oiling on Westside-Dry Creek Section of Westside County Road, Lake County. Bids received November 3, 1955. Conditions of award satisfied November 10, 1955. Allum Bros., Eugene, contractor.

257796

8. Oiling Emerson Loop Section of Emerson Loop County Road, Wasco County. Bids received November 4, 1955. Conditions of award satisfied November 14, 1955. Babler Bros., Inc., Portland, contractor.

9. Construction of Millicoma River Bridge on Coos River Highway, Coos County. Bids received November 3, 1955. Conditions of award satisfied December 13, 1955. Sig Andersson, North Bend, contractor.

10. Grading, paving and furnishing crushed material in stock pile on Moro-Grass Valley Section of Sherman Highway, Sherman County. Bids received November 3, 1955. Conditions of award satisfied December 16, 1955. Roy L. Houck & Sons, Salem, contractor.

11. Columbia River-Dufur Rock Production Project on The Dalles-California Highway, Wasco County. Bids received November 3, 1955. Conditions of award satisfied December 16, 1955. C & W Crushing Co., Seaside, contractor.

12. Medford Traffic Signals at Riverside Avenue and Pacific Highway, Jackson County. Bids received November 3, 1955. Conditions of award satisfied December 16, 1955. Steeck Electric Co., Roseburg, contractor.

13. Grading and oiling East Unit, McMinnville Airport-Dayton Junction Section of Three Mile Lane Secondary Highway, Yamhill County. Bids received November 3, 1955. Conditions of award satisfied December 16, 1955. Roy L. Houck & Sons, Salem, contractor.

14. Grading the Sublimity Gun Club-Stout Creek Section of North Santiam Highway, Marion County. Bids received November 4, 1955. Conditions of award satisfied December 16, 1955. Durbin Bros., Eugene, contractor.

The Commission considered a request from Mr. T. R. Williams, Manager of the Astoria Navigation Company, that he be compensated, for additional salary differentials brought about by requirements of the U. S. Coast Guard for operation of the Astoria-Megler Ferry. The Engineer recalled that this matter was considered several months ago, prior to which time the U. S. Coast Guard required the ferry contractor to employ an additional first-class pilot but permitted him to lay off one deck hand. The union, however, demanded that the contractor pay the deck hand his salary even though laid off. Mr. Williams then asked the Commission to

allow him the salary of the deck hand as well as that of the additional first-class pilot. At that time the Commission advised Mr. Williams that the salary of the deck hand could not be paid but that when the matter had been resolved legally consideration would be given the matter of additional salary of the first-class pilot over and above the salary paid the deck hand. The Circuit Court of Clatsop County, he continued, has ruled that the ferry operator is not required to pay the salary of the deck hand. The difference between the salary of the deck hand that of a first-class pilot plus payroll taxes, insurance, vacation and sick leave, etc. will be approximately $1,886 as of June 1, 1956. He pointed out that in 1952 the Coast Guard required a similar change in manning requirements and in that instance the State reimbursed the contractor for the extra cost. He recommended that the additional cost be paid in this instance as required by the Coast Guard but only after an appropriate agreement has been executed. The Commission approved the payment as outlined.

In discussing the operation of the ferry at Astoria, Commissioner Reynolds inquired if any changes in operation have been considered when the present contract expires on June 1. Mr. Stiffler, Assistant State Highway Engineer, replied that some consideration had been given to operating the ferry service with state forces but no definite conclusion has yet been reached. Chairman Chandler commented that the deficit in the operation of the ferry for 1955 appeared to be about $100,000.

The Commission gave attention to items of unfinished business as they appeared on the Secretary's Summary, dated November 4, 1955, as follows:

1. Request for signs on scenic drive in Hood River Valley: Action on this matter was again deferred as the Commission has not had an opportunity since the July trip to view the matter. This item is to remain on the list of unfinished business.

2. Proposed access to Banfield Expressway at 12th Street involving Lloyd Corporation property: The Engineer reported that right of way descriptions are being prepared as previously instructed. The item was ordered deleted from the list of unfinished business.

3. Proposed gift of land by the Lloyd Corporation for park purposes on the Oregon Coast Highway, north of Wedderburn: The Parks Superintendent reported that pursuant to instructions given by the Commission November 4, 1955, appraisals of the property had been secured and forwarded to the Lloyd Corporation, but action thereon has not yet been taken. This item is to remain on the list of unfinished business.

4. Request of Harney County for an extension of the Frenchglen State Secondary Highway southerly to Denio: The Engineer stated that as previously authorized a reconnaissance survey will be made to determine feasibility and cost, as soon as weather conditions permit. The item was ordered deleted from the list of unfinished business.

5. Lostine By-pass project on Wallowa Lake Highway: This project, the Engineer stated, will be included among those to be considered by the Commission in formulating its next construction program. The item was ordered deleted from the list of unfinished business.

A request was considered from Don Ashpole, Mayor of the town of Eagle Point, for installation of traffic signals at the intersection of "C" Street and Main Street in that town. "C" Street, the Deputy Engineer commented, is the route of the Little Butte State Secondary Highway. This four-way intersection, he added, has been investigated several times and the latest investigation shows an almost equal volume of traffic from entering streets; also, the pedestrian movement is quite heavy. In view of these facts, he recommended that the intersection be made a four-way stop, and that a flashing beacon be installed as a Minor Betterment project at an estimated cost of $600, the same to be paid entirely by the State, with the understanding that the City shall maintain the signal and furnish the electrical energy needed for its operation. The Commission accepted the recommendations and thereupon adopted the attached resolution relative to the four-way stop, marked EXHIBIT "K", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

Also considered was a proposal from the City of La Grande for installation of a flashing beacon instead of a fixed-time signal at the intersection of Hemlock Street and Adams Avenue (US30). The Deputy Engineer explained that this intersection is the easterly terminus of the recently designated truck route. Originally the City requested installation of a traffic signal but as a result of further studies they decided that a fixed-time signal is not necessary. He recommended that a flashing beacon be installed as proposed by the City under terms of an agreement whereby the Highway Department pays for the signal and the cost of installation and the City assumes maintenance of the signal and furnishes electrical energy to operate it. The Commission approved the installation as recommended.

In discussing this matter Commissioner Reynolds called attention to a letter written by a member of the highway department to the City of La Grande indicating that the highway department would install the flashing beacon. Commitments for the expenditure of funds, he stated, should be made only by the Highway Commission--not the Engineers.

The Deputy Engineer requested authority to install a flashing beacon at the intersection of the Pacific Highway West and the Tualatin Valley Highway, a short distance north of McMinnville. This intersection, he stated, has been the subject of several investigations, disclosing that approximately one-third of the traffic approaching this intersection from the south makes turns left off US99W. It was also found that from May 1, 1953

to June 30, 1955, 14 accidents were reported at this intersection. As this is a major junction, complicated by the merging movement on US99W and by the relatively heavy left-turn movement from US99W to the Tualatin Valley Highway, he recommended that a flashing beacon be installed at the intersection at an estimated cost of $600. The Commission accepted the recommendation.

The Commission considered approval of a number of surveys in regard to relocating and reconstructing various sections of state highways throughout the state. The Deputy Engineer exhibited maps showing the proposed locations and explained details. He pointed out that careful engineering analysis has been made of each of the proposed sections and it has been found that the revised highway sections when constructed will provide the greatest benefit for the greatest number of people, commensurate with the cost of construction. He recommended adoption of surveys for the following highway sections:

1. West Fork, Illinois River Bridge and East Fork, Illinois River Bridge Sections of the Redwood Highway in Josephine County.

2. Meadowbrook Bridge Unit, Molalla-Colton Section of the Woodburn-Estacada Secondary Highway in Clackamas County.

3. Willamette River (Springfield) Bridge Section of the McKenzie Highway in Lane County.

4. Neskowin-Salmon River Section of the Oregon Coast Highway in Tillamook County.

5. Pendleton-Pilot Rock Section of the Pendleton-John Day Highway in Umatilla County.

6. Meda Bridge Section of the Little Nestucca Secondary Highway in Tillamook County.

7. South Sixth Street (Klamath Falls) Railroad Overcrossing Section of the Klamath Falls-Lakeview Highway in Klamath County.

8. Cornelius-Hillsboro Unit of the Forest Grove-Hillsboro Section of the Tualatin Valley Highway in Washington County.

After careful consideration, the Commission approved the surveys as presented by adopting the attached resolutions relative thereto, marked EXHIBITS "L-1" through "L-8", which resolutions by this reference are made a part hereof, with like effect as though extended in full herein.

An agreement concerning maintenance of the Drew-Elk Creek Section of the Tiller-Trail Secondary Highway was discussed. This section

of road, the Deputy Engineer explained, is still under the jurisdiction of the Bureau of Public Roads having been recently improved. The Bureau does not have facilities for maintenance and has asked the State to maintain the section, consisting of 3.95 miles, for a period of one year from July 27, 1955 to July 26, 1956, inclusive. The Bureau of Public Roads, he stated, is to pay for all costs of maintenance, except snow removal, up to an amount of $10,000. The Commission approved the agreement.

A petition from residents of Flora and vicinity in Wallowa County that the State resume maintenance of the "Flora Spur" was discussed. The Deputy Engineer recalled that in 1954 the Wallowa County Court asked the Commission to extend the Joseph-Wallowa Lake Secondary Highway and in exchange agreed to take over full responsibility for the "Flora Spur". The Joseph-Wallowa Lake Secondary Highway, he said, was extended and the 1955 Legislature eliminated the "Flora Spur" as a part of the Enterprise-Lewiston Highway. He recommended that the request be denied and that the petitioners be advised as to the reasons for denying it. The Commission accepted his recommendation.

The Deputy Engineer presented a report on results of a reconnaissance survey of the Netarts Secondary Highway west of Tillamook, between the Tillamook River and the north branch of the Trask River. He recalled that the Stillwell Drainage District previously requested cooperation from the Commission in a project involving the Netarts Secondary Highway as planned by the U. S. Corps of Engineers. It is the Engineer's plan to raise the grade of all dikes in the Drainage District and to protect them with rock riprap. The Netarts Secondary Highway immediately east of the Tillamook River now forms a portion of the existing protective dike. He presented a sketch map showing proposed improvements, including a new bridge, the total cost of which is estimated at $250,000, for consideration at a future date. However, he pointed out, it would be possible to construct a portion of the route involving the south branch of the Trask River immediately east of the Tillamook River between points E and F, as shown on the map, at an estimated cost of $20,000. As such improvement would improve the alignment of the highway and coincide with the plans of the Army Engineers, he recommended that the project be approved in the State Construction Budget for 1956. The Commission approved the project.

A report was presented by the Deputy Engineer on the allocation of Special City Allotment Funds for 1956 amounting to $250,000, as set up by the Legislature. He commented briefly that applications were received from 45 cities for the funds available of which 19 projects are being recommended for approval. The report, he added, contains an explanation for each project that was requested and the reasons for approval or nonapproval of each application. He recommended that the report be adopted and allocations approved for the following Cities:

25801

SUMMARY

APPLICATIONS RECOMMENDED FOR APPROVAL — 1956 FUND

Application Number	City	Division	Estimated Cost State	City	Total
3	Hermiston	V	$ 15,000	$--	$ 15,000
7	Florence	III	14,300	--	14,300
10	Vale	V	15,000	4,800	19,800
12	Glendale	III	10,200	--	10,200
13	Cornelius	I	14,300	--	14,300
15	Reedsport	III	15,000	5,500	20,500
20	Empire	III	15,000	3,000	18,000
26	Lexington	V	15,000	--	15,000
27	Culver	IV	14,000	--	14,000
28	Sutherlin	III	15,000	3,800	18,800
29	Amity	II	6,200	--	6,200
31	Coquille	III	15,000	5,700	20,700
32	Brookings	III	15,000	1,000	16,000
33	Mill City	II	14,700	--	14,700
36	Oakland	III	15,000	1,600	16,600
39	Rockaway	II	14,700	--	14,700
41	Riddle	III	15,000	5,200	20,200
42	Yoncalla	III	15,000	10,700	25,700
43	Taft	II	15,000	1,500	16,500
TO-19	Recommended for Approval		$268,400	$42,800	$311,200
TALS	Estimated Transfer from 1955 Fund.....		10,000		
	Estimated Total 1956 Fund.....		$278,400		

NOTE: After actual costs have been determined, all State costs in excess of $250,000 will be transferred to the 1957 fund.

The Commission adopted the program report.

(For details, see Program Report, Special City Allotment Fund, 1956, in the General Files).

December 19, 1955

The Deputy Engineer requested authority to construct approximately fifteen miles of asphaltic concrete pavement on the I.O.N. Secondary Highway in Malheur County. He explained that $225,000 in Federal Lands Funds is available to apply toward the costs involved, but that it will require approximately $75,000 of State funds to finance construction across state or privately owned lands, and an approximate amount of $25,000 for rock production, making a total of $325,000. He pointed out that this improvement will complete a gap of 8.28 miles from the Nevada state line north to the end of the recently completed project, and a 7-mile section north of the completed improvement. As a portion of this project lies outside government lands, it will be necessary to use approximately $100,000 of State funds. He recommended approval of the project, with authority to prepare plans for contract letting. The Commission approved the project as recommended.

Confirmation of an agreement with the University of Oregon and the City of Eugene covering a traffic survey of 13th Avenue, which runs through the University campus in Eugene, was requested. The Deputy Engineer explained that the proposed closure of a section of 13th Avenue within the confines of the campus will throw an additional traffic load on 11th Avenue and might possibly force construction of a one-way couplet, utilizing 10th and 11th Avenues. However, to accurately determine these factors it will be necessary to conduct a traffic survey. The City of Eugene and the University of Oregon have each agreed to pay one-third of the total cost of the survey, estimated at $2,100, provided that the City shall not be required to pay more than a total of $770. Upon his favorable recommendation, the Commission confirmed the agreement with funds to be obtained from the Planning Survey Budget.

The Deputy Engineer requested an increase of $8,000 in project authorization for grading and oiling the Beals Corner-Dougherty Corner Section of the Woodworth County Road in Hood River County, Contract No. 4273. He explained that the overrun was caused almost entirely by raising a fill across a low swampy area which required borrowing of rock materials. The Commission approved such increase.

A request from the Joint Board of Directors of the "West End Chamber of Commerce " of Umatilla County for designation of the old route of U.S. 30 from Stanfield Junction through Stanfield, Hermiston, McNary Dam, Umatilla, Irrigon and Boardman Junction as a by-pass route for U.S. 30 was considered. The Deputy Engineer commented briefly that the suggested route does not qualify as a by-pass because it is 8 miles longer than the present route and takes traffic through the business districts of several towns. Action on the matter was deferred by the Commission pending appearance of a delegation on the following day. The Commission took no action on the Chamber of Commerce additional request for improvement of U.S. 730 between Umatilla and Boardman.

(The delegation which appeared before the Commission on the following day, was informed that the Commission cannot grant the request for a by-pass designation).

The Deputy Engineer reported that the following cities and towns have satisfied the legal requirements with respect to the expenditure of State Tax Street Funds accrued to them during the first half of 1954, the second half of 1954, and the first half of 1955, and that the plans for the projects proposed to be financed with such funds have been examined and found satisfactory:

From Funds Accrued First Half, 1954:

Haines	$ 914.04
Halfway	888.41
Juntura	304.68
Mitchell	1,181.70

From Funds Accrued Second Half, 1954:

Haines	$ 1,128.98
Idanha	1,554.54

From Funds Accrued First Half, 1955:

Corvallis	$48,915.09
Dufur	1,273.66
Mosier	781.70
North Powder	1,216.31
Prescott	359.16

He recommended approval of the plans. The Commission approved the plans by adopting the attached resolution relative thereto, marked EXHIBIT "E", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Commission gave attention to a number of requests submitted by the Clackamas County Federation of Community Clubs and others for sidewalk construction on 82nd Avenue (Cascade Secondary Highway) between S. E. Glencoe Road and S. E. Flavel Street near Portland. The Deputy Engineer explained that the right of way width is only 60 feet and the highway has been widened to a width of 56 feet between curbs, which leaves an amount insufficient to construct a satisfactory sidewalk. The section is outside the city limits of Portland and footpath construction could be performed in conformance with the Commission's policy of constructing such

facilities in rural areas where there is a warrant for the same. Upon Chairman Chandler's inquiry as to the Commission's legal obligation in the matter, the Assistant Chief Counsel replied that the Commission may build a sidewalk if it is deemed necessary but is not obligated to do so. The Deputy Engineer pointed out that about two-thirds of the property owners had offered to donate sufficient right of way to provide a sidewalk but he hesitated to accept such offers and called attention to the long delays where construction of the sidewalk had been dependent upon donation of the right of way in the section north of Corvallis, between Independence and Monmouth, and north of Eugene. The Assistant Chief Counsel also observed that there is considerable doubt if the Commission has authority to condemn right of way for construction of a sidewalk. Commissioner McIver commented that there is a large volume of traffic on this section of highway and many business establishments, and consequently a large number of pedestrians walk along and across the roadway. If someone is killed or injured, he stated, the Highway Commission will get the blame. If it is not feasible to construct a sidewalk within the existing right of way limits, he suggested that consideration be given to eliminating parking on one side of the highway and using this space for a sidewalk. The Commission instructed the Deputy Engineer to investigate the matter carefully as to cost and feasibility to construct a sidewalk and purchase necessary right of way.

Attention was also given to a letter from the Cascade Ski Club and others pointing out hazards to skiers in the Government Camp area that will result when the proposed by-pass highway has been constructed at this place. They suggest construction of a pedestrian overpass for the safety and convenience of people who will have to cross the new highway. The Deputy Engineer reported that the matter has been discussed with the Bureau of Public Roads and the U. S. Forest Service, and that a study is now being made as to the feasibility of constructing an overpass. The crossing of the new highway at grade, he stated, would be very hazardous and it appears that a grade separation should be constructed and the cost of the overhead crossing should be included in the Forest Highway Project. He requested authority to negotiate for necessary right of way if the U. S. Forest Service decides that a structure is needed. The Commission approved purchase of the right of way if the Federal authorities will include the grade separation structure in its Forest Highway contract and ordered that the Cascade Ski Club be advised that the matter is favored by the Commission and is being given careful study.

Requests were presented from Jefferson, Klamath, and Washington Counties for additions to the Federal-aid Secondary Highway Road System in each county. The Deputy Engineer recommended approval of the additions, described as follows:

Jefferson County, FAS 687-4.4 miles long, extending from the existing FAS Route 546 west of Gateway, westerly and southerly to a connection with the Warm Springs Highway at a point approximately 4.5 miles northwest of Madras.

Jefferson County, FAS 688-7.6 miles long, extending southerly from the existing FAS Route 546 to a connection with the Warm Springs Highway at a point approximately 1.5 miles northwest of Madras.

Klamath County, FAS 685-6.8 miles long, extending from the Klamath Falls-Malin Highway at a point approximately 1 mile north of Henley, easterly, southerly and westerly to a connection with the Klamath Falls-Malin Highway at Dehlinger.

Klamath County, FAS 686-2.5 miles long, extending from the Klamath Falls-Lakeview Highway at a point approximately 1.5 miles east of the easterly city limits of Klamath Falls, southerly, easterly and northerly to a junction with the same highway at a point approximately 2 miles east of the easterly city limits of Klamath Falls.

Washington County, FAS 684-1.8 miles long, extending southeasterly from FAS 632 north of Orenco, through Orenco to a connection with FAS 676.

The Deputy Engineer pointed out that all of the existing federal-aid secondary routes in these counties have been improved to at least minimum AASHO standards. The Commission approved the additions as requested.

The Deputy Engineer presented a tabulation showing the status of 1956-57 County Federal-aid Secondary Funds as of December 1, 1955. He pointed out that additional projects have been requested by several of the counties totalling $275,000, but to offset these a cancellation has been requested by Klamath County for a project that is estimated to cost $102,000, resulting in an additional $173,000 of County Federal-aid Secondary Funds to be programmed. He stated that there is an unprogrammed balance of $300,000 as of this date and he recommended approval of the following additional projects requested by Hood River, Jefferson, Klamath, Wasco, and Washington Counties:

ADDITIONAL PROPOSED 1956 & 1957 COUNTY FAS PROJECTS 12/12/55

County	FAS Hwy. No.	Section & Description	Programmed Amount
Hood River	663	Windmaster Corner-Brookside Drive Section. 0.9 mile. Grade, surface, and oil.	$25,000
Jefferson	546	Adams Road-Warm Springs Highway Section. 6.3 miles. Oil mat.	$45,000
	687	Boise Road-Warm Springs Highway Section. 4.4 miles. Oil mat	30,000

Additional Proposed 1956 & 1957 County FAS Projects (cont)

County	FAS Hwy. No.	Section & Description	Programmed Amount
Jefferson	688	Fir Lane-Warm Springs Highway Section. 1.5 miles. Oil mat.	$ 10,000
		Subtotal, Jefferson County:	$ 85,000
Klamath	685	Wilson Dam Bridge over Lost River. Structure only.	$ 35,000
	686	Two bridges over Main Canal. Structures (2) only.	40,000
		Subtotal, Klamath County:	$ 75,000
Wasco	310	Boyd Junction-Dufur Section. 4.3 miles. Oil mat.	$ 34,000
Washington	684	Rock Creek Bridge. Structure only.	$ 56,000
		SUBTOTAL, ADDITIONAL PROJECTS:	$275,000
Less Previously Approved Project Proposed to be Canceled:			
Klamath	432	Keno-Worden. 7.7 miles. Surface and oil. (Project approved 10/28/54. Proposed to be canceled as county performed work with county forces during 1955 construction season. $75,000 of funds transferred to bridge projects listed above leaving an unprogrammed balance of $27,000.)	$-102,000
		TOTAL ADDITIONAL 1956 & 1957 COUNTY FAS FUNDS PROPOSED FOR PROGRAMMING:	$173,000

SUMMARY, FISCAL YEARS 1956 & 1957 FUNDS

Available Funds	$6,200,000
Previously Approved*	5,727,000*
Unprogrammed Balance*	$ 473,000*
Proposed Projects 12/12/55	173,000
Unprogrammed Balance:	$ 300,000

*These are revised totals from "Status, 1956 & 1957 County FAS Funds" tabulation dated December 1, 1955.

December 19, 1955

The Commission approved the additional projects and the cancellation of the project in Klamath County as recommended by the Engineer.

Proposed alternate approaches from Hines into the City of Burns on the Central Oregon Highway were discussed. The Deputy Engineer stated that two routes were considered - one being approximately the existing route which is estimated to cost $163,000; the other a new route south of the existing highway extending from Jameson Street in Hines to a connection with the old highway in the City of Burns at the intersection of North Broadway and West Monroe Street, which route is estimated to cost $153,000. The new line, he stated, will afford much better alignment than revision of the old highway, will allow better access control, and will better serve traffic. He pointed out that there probably will be considerable opposition to the new line, particularly from business interests along the existing route. He also said that under recent State law it may be necessary to hold a public hearing on the proposed change. He suggested that the Cities of Burns and Hines be notified that the new line is considered a preferable route. Commissioner Reynolds moved that both Cities be notified that the new route appears to be the most feasible and that the Commission contemplates adopting the new line as the approach from Hines into the City of Burns, and that such notice be given by the Secretary of the Highway Commission in accordance with the terms of Chapter 447, Oregon Laws 1955, so that the Cities can request a public hearing on the matter, if they feel it desirable. The motion was adopted unanimously.

The Commission considered and upon recommendation of the Deputy Engineer, approved the following requests for extensions of time within which to complete state highway contracts.

1. P. A. Shoat Co., Contract No. 4489, for paving Gladstone Section (Clackamas Boulevard) in Clackamas County, requested an extension of time from September 30, 1955 to October 31, 1955. Extension approved as requested without penalty.

2. Parker-Schram Co., Contract No. 4185 for grading and paving the Tide Creek-St. Helens Unit of the Goble-St. Helens Section on the Lower Columbia River in Columbia County, requested an extension of time from November 15, 1954 to October 15, 1955. Extension approved as requested without penalty.

3. Arthur Simonsen & Co., Contract No. 4348, for La Grande-North Powder and Medical Springs Rock Production Project in Union and Baker Counties, requested an additional extension of time from October 31, 1955 to November 10, 1955. Extension approved without penalty to November 3, 1955, the actual completion date of the contract.

4. Warren Northwest, Inc., Contract No. 4493, for grading and paving Church and College Streets at Mt. Angel in Marion County, requested an extension of time from September 30, 1955 to November 10, 1955. Extension approved as requested without penalty.

5. Funderburk Construction Co. and Stoen Construction Co., Contract No. 3805, for grading and paving the Depoe Bay-Miner Creek Unit of the Siletz Bay-Miner Creek Section of the Oregon Coast Highway in Lincoln County, requested an additional extension of time from August 1, 1955 to October 15, 1955. Extension approved as requested, with engineering penalty to be assessed from December 31, 1954 to the completion of the project, provided, however, the cost of the paving inspectors be not charged to the contractor.

6. Fred J. Stubbert, Contract No. 4482, for construction of a guardrail on the Willamette River-Hayesville Section of the Portland-Salem Expressway in Marion and Clackamas Counties, requested an extension of time from October 31, 1955 to July 1, 1956. Extension approved as requested without penalty.

7. M. C. Lininger & Sons, Contract No. 4433, for Jackson County Line-Keno Rock Production Project on the Green Springs Highway in Klamath County, requested an extension of time from September 30, 1955 to October 30, 1955. Extension approved as requested without penalty.

8. W. H. Shields Construction Company, Contract No. 4342, for construction of three structures on the Coast Fork Willamette River-Divide Unit in Lane County, requested an extension of time from October 31, 1955 to June 30, 1956. Extension approved as requested without penalty.

9. A. H. Saxton & Son, Contract No. 4337, for construction of the Boomer Hill Road Overcrossing of the Shady-Canyonville Section on the Pacific Highway in Douglas County, requested an extension of time from October 31, 1955 to November 30, 1955. Extension approved as requested without penalty.

10. N. A. Toole Construction Company, Contract No. 4443, for oiling and rock production on the Rome-Maintenance Station on the I.O.N. and Crane-Scotts Butte Highways in Malheur County, requested an extension of time from August 31, 1955 to October 19, 1955. Extension approved as requested without penalty.

11. Glen Ousley, Contract No. 4522, for Brush Creek Relief Channel Project on the Brush Creek-Greggs Creek Section of the Oregon Coast Highway in Curry County, requested an extension of time from October 31, 1955 to November 30, 1955. Extension approved without penalty to November 15, 1955, the actual completion date of the contract.

12. C. C. Meisel, Contract No. 4379, for paving the Gaston Section of the Tualatin Valley Highway in Washington County, requested an extension of time from August 31, 1955 to October 28, 1955. Extension approved as requested without penalty.

13. F. L. Somers, Contract No. 4434, for stone base and oiling the Valley Falls and Salt Creek-Lakeview Section of the Fremont Highway in Lake County, requested an extension of time from August 31, 1955 to November 4, 1955. Extension approved with engineering costs assessed from September 1, 1955 to the completion date of the contract.

14. Petersen Construction Company, Contract No. 4441, for construction of an addition to Beverly Beach on the Oregon Coast Highway in Lincoln County, requested an extension of time from October 31, 1955 to December 31, 1955. Extension approved subject to the usual engineering penalty.

15. Trowbridge Electric Company, Contract No. 4500, for installation of a traffic signal on the Palatine Road-Briarwood Road Section of the Oswego Highway in Clackamas and Multnomah Counties, requested an extension of time from November 30, 1955 to January 15, 1956. Extension approved as requested without penalty.

16. Tom Lillebo, Contract No. 4462, for construction of Mill Creek and Pen Annex Bridges and 0.23 mile of roadbed on the Salem-Turner-Aumsville Road in Marion County, requested an extension of time from October 31, 1955 to February 1, 1956. Extension approved as requested without penalty.

17. Electric Corp., Contract No. 4444 for illumination of the Hayesville, Woodburn, and Hubbard Interchanges on the Portland-Salem Expressway in Marion County, requested an extension of time from October 31, 1955 to August 31, 1956. Extension approved as requested without penalty.

18. Donald W. Thompson, Contract No. 4431, for construction of a maintenance building at Reedsport in Douglas County, requested an extension of time from September 30, 1955 to November 4, 1955. Extension approved as requested without penalty.

19. Lord Brothers, Contract No. 4331, for bridge construction on the 42nd Avenue Ramp Section of the T. H. Banfield Expressway in Multnomah County, requested an additional extension of time from October 31, 1955 to November 30, 1955. Extension approved as requested without penalty.

20. Tom Lillebo, Contract No. 4276, for construction of the Coos City Bridge over Isthmus Slough in Coos County, requested an extension of time from August 31, 1955 to November 23, 1955. Extension approved as requested without penalty.

21. Logan Taylor and Co., Contract No. 4450, for grading and paving the Flavel Street-Clackamas Overcrossing Section of the Cascade Highway in Clackamas and Multnomah Counties, requested an extension of time from October 15, 1955 to November 15, 1955. Extension approved without penalty to November 10, 1955, the actual completion date of the contract.

22. E. H. Itschner Co., Contract No. 4394, for Burns Rock Production project on the Central Oregon, John Day-Burns and Burns-Crane Highways in Harney County, requested an extension of time from July 31, 1955 to November 30, 1955. Extension approved as requested without penalty.

23. Roy L. Houck & Son, Contract No. 4075, for grading the Gervais-Hayesville Unit, Willamette River-Hayesville Section of the Portland-Salem Expressway in Marion County, requested an extension of time from June 30, 1955 to November 30, 1955. Extension approved without penalty to and including November 18, 1955, the actual completion date of the contract.

24. Whittenburg Construction Co. and Q. L. Rufener, Contract No. 4273, for grading, oiling and construction of bridges on the Beals Corner-Dougherty Corner Section of the Woodworth County Road in Hood River County, requested an additional extension of time from September 20, 1955 to September 30, 1955. Extension approved with the usual engineering penalties assessed.

25. Warren Northwest, Inc., Contract No. 4437, for grading and paving the Queen Avenue (Albany) Section of the Corvallis-Eastside Highway in Linn County, requested an extension of time from October 15, 1955 to December 1, 1955. Extension approved as requested without penalty.

26. Morrison and Lamping, Contract No. 4447, for grading, oil mat surfacing and construction of a bridge on the Wallowa Lake Lodge-Power House Section of the Joseph-Wallowa Lake Highway in Wallowa County, requested an extension of time from August 15, 1955 to September 13, 1955. Extension approved as requested without penalty.

27. Tri-State Painting Company, Contract No. 4430, for cleaning and painting structural steel and handrail on the North Fork Quartz Creek and Necarney Creek Bridges on the Sunset and Oregon Coast Highways in Clatsop and Tillamook Counties, requested an extension of time from October 31, 1955 to June 30, 1956. Extension approved as requested without penalty.

28. Hampton C. Platt, Contract No. 4282, for construction of a maintenance building at Lakeview on the Klamath Falls-Lakeview Highway in Lake County, requested an additional extension of time from June 30, 1955 to December 31, 1955. Extension approved as requested without penalty.

29. Johnson and Amens, Contract No. 4380, for construction of the Gales Creek Bridges on the Wilson River Highway in Washington County, requested an extension of time from October 31, 1955 to December 31, 1955. Extension approved as requested without penalty.

30. Kuckenberg Construction Co., Contract No. 4392, for slide removal on the Anlauf-Rice Hill Section of the Pacific Highway in Douglas County, requested an extension of time from July 31, 1955 to October 31, 1955. Extension approved as requested without penalty.

31. Stevenson Construction Company, Contract No. 4415, for grading and paving the Hess Creek (Newberg) Section of Pacific Highway West in Yamhill County, requested an extension of time from October 15, 1955 to November 9, 1955. Extension approved as requested without penalty.

FOOTNOTE: The action taken by the State Highway Commission upon the extensions of time within which to complete the highway contracts listed above was based upon the recommendation of the Deputy Highway Engineer and his reports which considered but did not necessarily adopt either or any of the reasons given by the contractors in their requests for such extensions of time. For details regarding these extensions of time, see copies of the contractors' requests and the Deputy Engineer's recommendations on file in the respective contracts in the Secretary's office.

The Deputy Engineer reported that Contract Nos. 4056, 4269, 4276, 4283, 4301, 4344, 4348, 4379, 4392, 4399, 4421, 4431, 4433, 4437, 4443, 4447, 4448, 4461, 4464, 4484, 4486, 4489, 4493, 4503, and 4522 for state highway construction have been completed according to the requirements of the contracts or modifications thereof and that said contracts are now ready for acceptance by the Commission. After due consideration the Commission accepted said contracts by adopting the attached resolution relative thereto, marked EXHIBIT "F", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

Chairman Chandler inquired as to how many contracts had been completed and accepted by the Commission in 1955. The Auditor replied that according to his records 235 contracts were completed and accepted during that period.

The Commission considered and approved a revised agreement with the City of Coquille concerning improvement of the Coquille-Rink Creek Section of the Coos Bay-Roseburg Highway. The Deputy Engineer explained that the original agreement was revised to facilitate highway construction within the city in connection with moving and relocation of utilities and the establishment of one-way traffic on certain streets, prohibition of parking, and other matters.

A proposed form of agreement, involving the State Highway Department, the City of The Dalles, Port of The Dalles, and Wasco County, providing for a traffic and by-pass study of the Columbia River Highway as

it affects The Dalles was considered. The Deputy Engineer explained that the survey is estimated to cost $10,000, of which amount $7,600 represents the cost of the traffic study and $2,400 is the estimated cost of the US30 by-pass survey and analysis. The County, the City and the Port of The Dalles, he said, have jointly agreed to pay one-half the cost, or $5,000, divided as follows: $2,500 by Wasco County; $1,666 by the City of The Dalles; and $834 by the Port of The Dalles. He stated that it is desirable to make this survey even though construction may be several years away and he recommended approval of the project at an estimated cost of $5,000 to the State. The Commission approved the project and instructed that an appropriate agreement be prepared covering the arrangement.

Consideration was given to a request from the Empire-Charleston Chamber of Commerce for a reduced speed zone on the Cape Arago Secondary Highway between Empire and Charleston. An investigation was conducted, the Deputy Engineer stated, and it was determined that because of the slightly higher than average accident rate, the volume of traffic, and the alignment of the highway, a reduced speed zone should be established. He recommended, therefore, that a 40-mile per hour speed zone be established between the south city limits of Empire, at M.P. 4.54, and a point 350 feet west of the center of the South Slough Bridge, at M.P. 8.49. The Commission approved such speed zone designation by adopting the attached resolution relative thereto, marked EXHIBIT "H-1", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

Also considered was a memo from Private Duane A. Pankratz of the Department of State Police, recommending establishment of a speed zone on the Hermiston Highway No. 333, northeast of Hermiston. The Deputy Engineer reported that an investigation was made and it was found that there is considerable residential culture along the highway at this location and that some vehicles travel at speeds as high as 65 miles per hour. He recommended that a 50-mile per hour speed zone be established on this highway from a point 2.81 miles northeast of 4th Street in Hermiston, at M.P. 4.24, to a point 1.9 miles northeast of 4th Street, at M.P. 5.15. The Commission approved such speed zone designation by adopting the attached resolution relative thereto, marked EXHIBIT "H-2", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Deputy Engineer called attention to the fact that on August 11, 1955 the Commission approved a 20-mile per hour speed zone on the Pacific Highway in front of the School in the town of Shedd, this being within the limits of a 45-mile per hour speed zone throughout the community of Shedd. Since that time, he said, the school authorities have established a school crossing some distance south of the school zone and have given assurance that no children will be allowed to cross the highway in front of the school. They also state that there is no need for the existing 20-mile per hour speed zone at the designated point but there is need for

such a zone at the newly established school crossing. He recommended, in view thereof, that the Commission's action of August 11, 1955 be rescinded and that a 45-mile per hour speed zone be established between a point 0.32 mile north of Shedd, at M.P. 90.28, and a point 0.44 mile south of the road to Plainview, at M.P. 91.01, except that between M.P. 90.55 and 90.72 the indicated speed shall be 20 miles per hour during the hours of school crossings. The Commission accepted the recommendation by adopting the attached resolution relative thereto, marked EXHIBIT "H-3", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Commission gave attention to a request from Mr. Robert W. Leufquist, Secretary of the South Tillamook Coast Road Association, Cloverdale, Oregon, for prohibition of shoulder parking on the Oregon Coast Highway in the vicinity of the Little Nestucca River Bridge. This matter, the Deputy Engineer explained, was investigated by the Traffic Engineer and it was found that many fishermen park their cars on the highway shoulders at both ends of this bridge. The vehicles, he said, constitute a definite hazard to highway traffic, and he recommended that shoulder parking be prohibited on both sides of this highway between a point 500 feet north of the Little Nestucca River Bridge, at M.P. 103.76, and a point 500 feet south of the Little Nestucca River Bridge, at M.P. 104.02. The Commission approved his recommendation by adopting the attached resolution relative thereto, marked EXHIBIT "I-1", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

Elimination of shoulder parking on the Pacific Highway East, a short distance south of Salem, was requested in a communication submitted by Mr. S. H. Donsted, owner of the South Salem Motel. The Deputy Engineer stated that the motel is located across the highway from a restaurant and during peak business hours there is an overflow of customers from the restaurant's off-street parking facilities who park their cars on the highway shoulders and often block the driveway to Mr. Donsted's motel. Such shoulder parking on the crest of a curve constitutes a hazard to the traveling public, and he recommended that such parking be prohibited on both sides of the highway between a point 50 feet south of Marys Avenue, at M.P. 54.77, and Harris Road, at M.P. 54.90. The Commission approved the recommendation by adopting the attached resolution relative thereto, marked EXHIBIT "I-2", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

A protest from Mr. Frank Miller, 10905 S. E. Powell Boulevard, Portland, concerning the parking of vehicles on the highway shoulders in front of his used car lot was considered. The Deputy Engineer reported that an investigation disclosed that there is a restaurant a short distance west of Mr. Miller's place and patrons of the restaurant park their cars in front of Mr. Miller's property, blocking access to his business and creating a hazard to the traveling public. He recommended that shoulder parking be prohibited on the northerly side of the Mt. Hood Highway

(Powell Boulevard) between M.P. 6.57 (Engineer's Station 72+71) and M.P. 6.61 (Engineer's Station 74+81). The Commission accepted the recommendation by adopting the attached resolution relative thereto marked EXHIBIT "I-3", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Out-of-state travel expenses were recommended by the Deputy Engineer for the following highway department personnel:

1. Dennis D. Clark, Assistant Director of Travel Information Division, to attend the annual San Francisco Automobile Show in San Francisco, California, January 5-16, 1956, at an estimated cost of $221.00.

2. W. H. Kosesan, Agronomist, to attend conference on weed control, in Sacramento, California, February 15-17, 1956, at an estimated cost of $110.00.

3. Gene Huntley, Personnel Director, to attend Sixth Annual Conference of Western College Placement Association in San Diego, California, January 18-20, 1956, at an estimated cost of $160.00.

4. Carl W. Jordan, Director of Travel Information Division, to attend the annual meeting of the Board of Directors of the Pacific Northwest Travel Association, in Missoula, Montana, January 14-15, 1956, at an estimated cost of $90.00.

The Deputy Engineer explained that these trips will be of benefit to the State of Oregon in keeping up to date with developments and trends in other parts of the country. The Commission approved the out-of-state travel as recommended.

Participation by the State Highway Department as one of the sponsors of the Ninth Northwest Traffic Engineering Conference to be held at Oregon State College, May 8-9, 1956, was brought up for discussion by the Deputy Engineer. He pointed out that the other sponsors are the Civil Engineering Department of Oregon State College, the Western Section of the Institute of Traffic Engineers, and the State of Washington Highway Department. He pointed out that the expense to the State would be slight, consisting principally of postage, multilithing and other services. Several men from the Oregon Highway Department, he said, will present papers and give talks at this conference, which will be attended by engineers from Oregon and Washington as well as public officials from cities and counties of the two states. The Commission approved the Department acting as a co-sponsor upon recommendation of the Deputy Engineer.

Appointment of Mr. Charles V. Stanton, Editor of the Roseburg News-Review, Roseburg, as a member of the Travel Advisory Committee

to fill the vacancy caused by the resignation of Mr. Arthur O. Waud, Tillamook, was discussed. A letter was presented from the Assistant Director of the Travel and Information Department advising that at a meeting in Portland on October 14, 1955 the Advisory Committee recommended appointment of Mr. Stanton. Commissioner Reynolds recommended adoption of the recommendation. Commissioner McIver seconded the motion and it was declared unanimous by Chairman Chandler. The Secretary was instructed to inform Mr. Stanton of the action taken and to obtain his reaction thereto. (Mr. Stanton later accepted the appointment by letter.)

Letters were presented from Willamette Heights Post #102, American Legion, Portland, and others recommending that the new highway between Portland and Salem be named "General Charles H. Martin Expressway" in honor of the late General Martin, former Governor of Oregon and Congressman, who rendered valuable service to this State and who took an active interest in highway matters, including this particular road. It was the feeling of the Commission that the time is not propitious to change the name of this highway; accordingly, the matter was deferred for future consideration.

A cooperative agreement with the State Board of Forestry concerning improvement and maintenance of a hauling road and one small building in connection with a radio repeater station on Wasco Butte, about six miles southwest of The Dalles, was considered by the Commission. The Deputy Engineer recalled that at the November meeting the Commission approved a service agreement with the Wasco Electrical Cooperative for furnishing electrical energy to serve this station. The agreement now under discussion, he said, outlines the obligations of the State Highway Department and the State Board of Forestry relative to the road that leads to the radio station, and the building housing it. Upon his favorable recommendation, the Commission approved the agreement for a period of 25 years, beginning September 1, 1955, with the understanding that the agreement may be terminated by either party upon 90 days' written notice.

In connection with the operation of the radio station on Wasco Butte, the Commission also gave attention to a proposed agreement with Mr. M.M. Schmidt by which Mr. Schmidt grants to the State a 99-year easement for the use of the existing access road to the Wasco Butte site and gives the State permission to take material, free of charge, from a shale pit or pits, to be designated by the owner. The Commission approved this agreement upon favorable recommendation by the Deputy Engineer.

An agreement with W. H. and Eliza Dandy in the form of a permit authorizing them to construct a log-hauling access road at the southerly edge of the Big Creek Section of the Siuslaw Highway, about four miles west of Cheshire, was discussed. The Deputy Engineer advised that the grade of the highway was materially raised during reconstruction, thereby interfer-

ing with the maneuvering of loaded log trucks entering the log dump at the old access at Station 508+20. Construction of the access road as proposed, he said, will allow the loaded log trucks to leave the highway at Station 520+00 and will permit them to enter the highway without encroaching on the opposing traffic lane. He recommended that the agreement permit be approved. The Commission accepted the recommendation.

Revised agreements with the National Hospital Association and with the Oregon Physicians' Service, providing medical and hospital benefits for state employees, were discussed by the Commission. The Deputy Engineer pointed out that three plans have been presented by the National Hospital Association and one plan by the Oregon Physicians' Service. He recommended approval of the agreements, effective January 1, 1956, and that authority be granted to make pay-roll deductions for those employees who wish to carry the coverage. The Commission approved the recommendation. (See copies of the agreements in the safe in the Secretary's office.)

The meeting recessed at 12:00 noon and reconvened at 2:00 p.m. in the same room, with the same persons present and participating.

The Secretary presented a letter from Mr. Geo. S. Zimmerman, Chairman, Road Committee, Yamhill Chamber of Commerce, requesting improvement of the Yamhill-Newberg Highway, particularly near Yamhill. The Deputy Engineer stated that no funds are immediately available to finance such improvement but the project is being considered for next year's construction program, if Federal funds are provided. The Commission instructed the Secretary to so inform Mr. Zimmerman.

Consideration was given to an inquiry from Mr. E. L. Elias, Ontario, as to the possibility of obtaining curb cuts with right of ingress and egress to the Old Oregon Trail from property located about 3/4 mile east of the city of La Grande. The Deputy Engineer pointed out that when the right of way was purchased in 1951 all rights of access were acquired with it, and paid for, with the exception of a 20-foot approach at Station 21+80, which was left for ordinary travel and was not to be used for any commercial purpose. To grant accesses now for commercial purposes, he said, would be a violation of the Commission's access control principle, and he recommended that the request be denied. Commissioner Reynolds expressed a desire to know exactly what use Mr. Elias wants to make of the property before an answer is given. The Deputy Engineer was thereupon instructed to ascertain the facts and report the findings.

Inquiry was made by Commissioner Reynolds as to when access rights are going to be acquired on US30 between Stanfield Junction and Boardman. He pointed out that new businesses are being established along the right of way and it will become increasingly expensive to restrict ac-

cess as time progresses. The Deputy Engineer stated that presently funds are not available to acquire the access rights but if the Federal Government provides additional money, funds could probably be obtained from that source. The survey on this section, he stated, will be completed and ready for Commission consideration probably at the March meeting.

The Deputy Engineer asked the Commission to adopt a resolution establishing group highway listings for use in issuance of permits. He exhibited a State Highway Department Permit Division map showing the desired listings, a Group I Highway list, a Group I Special Highway list and a Group II Highway list, and he recommended approval of such highway group listings for the year 1956. The Commission approved the recommendation by adopting the attached resolution relative thereto, marked EXHIBIT "M", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

Commissioner Reynolds stated that truck haulers have inquired whether or not the Enterprise-Lewiston Highway and the Little Sheep Creek Secondary Highway can be designated as Group I Highways. The Deputy Engineer stated that as soon as the Bureau of Public Roads has finished construction on the Enterprise-Lewiston Highway, that highway probably could be so designated. Mr. W. W. Stiffler, Assistant State Highway Engineer, stated that highways are not specially classified unless requests are made by the users and then only when test runs have been made with equipment furnished by those desiring the classification. No requests have been received in his office up to the present time, he stated, for a Group I classification of either of these two highways. Commissioner Reynolds gave as his opinion that highways should be classified when the roadway permits the classification rather than wait for demands from road users. Mr. Stiffler was instructed to investigate the matter of classifying the Enterprise-Lewiston Highway.

Abandonment of the old right of way on the Tarheel Creek Section of the Cape Arago Secondary Highway in Coos County was discussed. The Deputy Engineer stated that the newly constructed section has been completed and opened to public travel, and, in compliance with an agreement previously entered into with Coos County, it now is in order to abandon the old section in favor of Coos County. He recommended appropriate action at this time. The Commission accepted the recommendation by adopting the attached resolution relative thereto, marked EXHIBIT "G-1", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Deputy Engineer reported that reconstruction of the West Unit, Reedsport-Dean Creek Section of the Umpqua Highway in Douglas County has been completed and is now open to public travel. He pointed out that under terms of an agreement previously executed with Douglas County,

the County agreed to take over and maintain certain portions of the old section of highway when the new section had been completed. He recommended that the old portions be formally abandoned to the County. The Commission approved the recommendation by adopting the attached resolution relative thereto, marked EXHIBIT "G-2", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Commission approved the Secretary's report of papers that he signed on behalf of the Commission during the period from November 1 to December 14, 1955.

The Commission confirmed Thursday and Friday, January 26 and 27, 1956 as the date for its next regular meeting and set Thursday and Friday, March 8 and 9, 1956 as the tentative date for its next following meeting. The Secretary was instructed to make the usual arrangements for a meeting place in the Imperial Hotel, Portland.

The Commission gave attention to letters from Mr. Raymond W. Wilson, Mrs. E. M. Brainard, Mrs. Luella Coleman, and Mr. Albert Finseth, all of Deadwood, Oregon, protesting the condition of the Alsea-Deadwood Secondary Highway and urging improvements. The Deputy Engineer pointed out that the U. S. Forest Service is constructing a new road along Green Creek between Five Rivers and Mapleton, which, he understands will be opened to travel in the near future and will carry most of the log and lumber trucks that now use the present road. He estimated the cost to improve the present road at $500,000 and he pointed out that no funds are presently available to finance the work; moreover, the traffic volume does not justify the expenditure. The Commission ordered such information conveyed to the protestants and that they also be informed that efforts will be made to maintain the present road in a satisfactory condition.

The Commission discussed with the Deputy Engineer matters that are to be presented by delegations scheduled to appear on the following day but action thereon was deferred pending appearance of the delegations.

The Commission gave attention to a form of Oil, Gas, and Sulphur Lease granting to W. J. Adair the right to drill, prospect for, and remove oil, gas and sulphur from 160 acres of land in Camas State Park situate in the West 1/2 of the N.E. 1/4, and the East 1/2 of the N. W. 1/4 in Section 9, Township 29 South, Range 8 West, W.M., Douglas County, for a period of ten years. Mr. Adair, by the terms of the lease, is to pay $40 per year plus 1/8 of the value of the products removed. The lessee, the Right of Way Engineer explained will have no surface rights and he recommended that the Oil, Gas, and Sulphur Lease be approved. The Commission approved the lease as recommended.

Mr. W. W. Stiffler, Assistant Highway Engineer, reported briefly concerning his trip to New Orleans, Louisiana, to attend the Annual Conference of the American Association of State Highway Officials. He read aloud a statement of policy adopted by the Association, urging Congress to enact legislation at the coming session for an expanded and adequate highway program and to make funds available for apportionment by July, 1956. The statement also favored the following: Administration of the Federal-aid program by the Bureau of Public Roads and construction by the state highway departments; Construction of the interstate system in not more than fifteen years, with progressive increase in federal aid to the secondary, urban, and primary systems, with the initial authorization to be for a period of five years; Matching of funds for construction of the interstate system- 90 per cent federal and 10 per cent state, with the matching on other systems to be continued as at present; Allowance of a 20 per cent transfer provision between secondary, urban and primary allocations to make the highway program flexible; Funds for construction of the interstate system to be initially apportioned on the basis of need, and the apportionment to the other systems to be on the present basis. The reimbursement of the States for moving of utilities, labor relations, and vehicle sizes and weights should be determined at state level. It was also recommended that Congress give consideration to a greater use of the general fund for road construction. To provide additional revenues as may be needed, it was suggested that Congress explore the possibilities of an increase in the present Federal Motor Fuel Tax, a federal tax on items not now taxed by the states, that will serve as a measure of highway use, and the use of short-term credit financing. The Commission stated its approval of the statement of policy as read by Mr. Stiffler and authorized its release to the press.

A letter was discussed from Rudie Wilhelm, Jr., Chairman of the Oregon-Washington Boundary Committee, concerning the location of the boundary line between the States of Oregon and Washington. The letter was referred to the Deputy Engineer, with instructions to investigate the matter and contact Mr. Wilhelm.

Also discussed was a letter from Mr. George Neuner, Attorney, Roseburg, concerning the Commission's policy with respect to the installation of cattle passes on freeways. The Right of Way Engineer pointed out that the present practice is to consider cattle pass construction on an individual merit basis and that no general fixed policy has been established with regard to such matters. The matter was discussed at some length and as a result thereof the Commission ordered that Mr. Neuner be informed that the Commission has no fixed policy regarding cattle pass construction but considers each request for a cattle pass on its individual merits.

The Commission discussed with the Deputy Engineer bids received during the morning session, and at 3:30 p.m., Commissioner McIver publicly announced awards of contracts as follows:

"Construction of Nehalem River Bridge on the Nehalem Bridge in Columbia County: The Commission awarded the contract to the low bidder, Pettijohn Engineering Co., Portland, at their bid price of $130,170.

"Reconstruction of two timber bridges on the Central Oregon Highway west of Burns in Harney County: The Commission awarded the contract to the low bidder Marshall Construction Co., Hermiston, at their bid price of $30,487.50.

"Ashland-State Line Rock Production Project on the Pacific Highway in Jackson County: The Commission awarded the contract to the low bidder, M. C. Lininger & Sons, Medford, at their bid price of $36,400.

"Illumination of six intersections on the Rock Point-Medford Section of the Pacific Highway in Jackson County: The Commission awarded the contract to the low bidder, Steeck Electric Co., Roseburg, at their bid price of $12,957.

"Construction of a concrete grade-separation structure over Southern Pacific Railroad Company tracks on The Dalles-California Highway near Chemult in Klamath County: The Commission elects to accept the bid of R. H. Jones, Hillsboro, in the sum of $101,735 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Illumination of the intersection at the junction of The Dalles-California Highway and Willamette Highway in Klamath County: The Commission awarded the contract to the low bidder Steeck Electric Co., Roseburg, at their bid price of $8,147.

"Installation of a traffic signal on the East Springfield Section of the McKenzie Highway in Lane County: The Commission awarded the contract to the low bidder Trowbridge Electric Co., Roseburg, at their bid price of $5,160.

"Installation of six pedestrian activated traffic control signals on the Hunsacker Lane-Fir Lane Section of Junction City-Eugene Secondary Highway in Lane County: The Commission awarded the contract to the low bidder Trowbridg Electric Co., Roseburg, at their bid price of $8,900.

"Roadway grading and 0.27 mile of tunnel construction on the Knowles Creek-Turner Creek Tunnel Section of the Mapleton-Richardson Road in Lane County: The Commission elects to accept the bid of Gibbons & Reed Co., Portland, in the sum of $616,641 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Lane County is received and the sum of $335,800 is deposited by the County.

"Construction of Meda Bridge over the Little Nestucca River on the Little Nestucca Highway in Tillamook County: The Commission elects to accept the bid of Tom Lillebo, Reedsport, in the sum of $72,675 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired.

"Grading, paving and shoulder oiling the Middle Unit, Pendleton-Pilot Rock Section of the Pendleton-John Day Highway in Umatilla County: The Commission elects to accept the bid of Roy L. Houck & Sons, Salem, in the sum of $277,333 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Grading and pavement widening the Umatilla Bridge Junction-Hermiston Junction Section of the Columbia River Highway in Umatilla County: The Commission elects to accept the bid of Arthur Simonsen & Co., Baker, in the sum of $36,022.20 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired.

The Commission signed the following agreements and other papers:

"Release of Easement" covering W. H. Morley property in connection with detour during construction of Center Street Overcrossing of Salem By-Pass.

"Indentures of Access" re changes in highway access points for the following:

a. Knox property on Greggs Creek-Wedderburn Section of Oregon Coast Highway, Curry County.

b. Silvers and Eismann property on Mt. Vernon-John Day Section of John Day Highway, Grant County.

c. Coos Bay Pulp Corporation property on Elbow Lake-Gardiner Section of Oregon Coast Highway, Douglas County.

d. Jenkins property on Newport-Toledo Section of Corvallis-Newport Highway, Lincoln County.

e. McBee property on Newport-Toledo Section of Corvallis-Newport Highway, Lincoln County.

f. Stratton property on S. E. Flavel Street-S. P. Overcrossing of Cascade Highway, Clackamas County.

"Bargain and Sale Deed" re sale of .10 acre of land to Edward Hines Lumber Company on Viento-Hood River Section of Columbia River Highway, Hood River County, for $500.

"Bargain and Sale Deed" re sale of 0.63 acre of land to Mr. and Mrs. Anton Meyer on Goshen-Divide Section of Pacific Highway, Lane County, for $150.

"Easement for Garage" granting an easement to William Knuttila to maintain a non-commercial garage on state owned property on Reedsport-Luder Creek Section of Umpqua Highway, Douglas County.

"Bargain and Sale Deed" re transfer of 4.69 acres of land to Klamath County situate on Altamont Drive acquired for right of way on an access road to the Klamath County Airport.

"Agreement" with U.S. Bureau of Public Roads re reimbursing the Commission to the extent of $10,000 for actual cost (excepting snow removal) of maintaining (for the Bureau) the Drew-Elk Creek Section of Tiller-Trail Secondary Highway.

"Agreement" with City of Coquille covering Coquille-Rink Section of Coos Bay-Roseburg Highway, Coos County.

"Cooperative Agreement" between Highway Commission and State Board of Forestry re joint obligations for improving and future maintenance of hauling road and one small building in connection with remote-control repeater station on Wasco Butte.

"Agreement" with M. M. Schmidt permitting use of an existing access road to Wasco Butte site and permitting the State to take material from his property for surfacing saidaccess road. Consideration $1.00.

"Permit Agreement" with W. H. and Eliza Dandy re construction of a log-hauling access road 20 ft. wide within limits of southerly edge of state highway right of way on Big Creek Section of Siuslaw Highway, four miles west of Cheshire.

"Contracts" re revised agreements with National Hospital Association and Oregon Physicians' Service.

"Time Extension Agreement" to Willamette National Lumber Co., granting additional time within which to remove its equipment, machinery, etc., from property that was acquired from the Company. (Authorized 9-22-55)

"Cooperative Agreement" with U. S. Forest Service re realignment and improvement of Mt. Hood Forest Highway in vicinity of Government Camp & removal of one dwelling at Summit Ranger Station site. (Authorized 9-22-55)

"Finance and Maintenance Agreement" with Lane County covering Knowles Creek-Turner Creek Section of Mapleton-Richardson Road. FAS 238. (Authorized 8-9-54)

"Resolution" expressing intent and ability of State Highway Commission to share equally with State of Washington in contributing 50% of cost of reconstructing existing interstate bridge across Columbia River between Portland, Oregon and Vancouver, Washington.

"Agreement" with O. W. R. & N. & Union Pacific Railroad Company covering the construction project on N. E. 39th Avenue in City of Portland.

"Supplemental Agreement" with Astoria Navigation Co. re compensation for salary differentials brought about by requirements of U. S. Coast Guard for operation of Astoria-Megler ferry.

"Oil & Gas Lease" to W. M. Adair on property situated in Township 29 South, Range 8 West, Douglas County, Oregon.

"Bargain & Sale Deed" to City of Springfield for a parcel of land in Lots 18, 19, and 20, of Block 61, Washburne's Subdivision of Springfield Investment & Power Company's Addition to Springfield, Lane County.

"Bargain & Sale Deed" to W. E. Wilshire for a parcel of land lying in the Jeremiah-Huntley D. L. C. 56, also lying in Section 13, Township 27 South, Range 6 West, W.M., Douglas County.

"Letter of Proposal" that Oregon State Highway Commission purchase all the rights of the Spokane, Portland and Seattle Railroad Company in Blocks 110, 112, 113, and 151 as shown on record plat of East Portland; Blocks 86, 87, 105, 108, 109, 124 and 129 of Holiday's Addition to East Portland; and also Blocks 69 and 73 in East Portland. Consideration $86,297.

"Agreement with U. of O. and City of Eugene" with respect to the projected survey regarding traffic facilities on the University campus area.

The meeting adjourned at 3:45 p.m. to reconvene at 9:00 a.m. on the following day in the same room.

Portland, Oregon
December 20, 1955

The meeting of the State Highway Commission reconvened at 9:00 a.m. in the Green Room of the Imperial Hotel, with the following persons present and participating:

Ben R. Chandler, Chairman
Chas. H. Reynolds, Commissioner
M. K. McIver, Commissioner
W. C. Williams, Deputy State Highway Engineer
W. W. Stiffler, Assistant State Highway Engineer
Robert L. May, Jr., Assistant Chief Counsel
R. L. Porter, Right of Way Engineer
C. H. Maison, Auditor
H. B. Glaisyer, Secretary

R. H. Baldock, State Highway Engineer, and C. W. Enfield, Chief Counsel, were excused as being absent on vacation.

Bids as follows for highway construction were opened and read aloud by the Secretary, who then announced that the awards of contracts would be made in the same room at 3:00 p. m.

BAKER COUNTY
GRADING AND TOPPING BOULDER GORGE SECTION OF SUMPTER VALLEY HIGHWAY

Durbin Bros., Eugene	$ 44,160.00
Arthur Simonsen & Co., Baker	47,155.00
O & K Construction Co., Gresham	52,418.50
Cartwright Construction Co., Durkee	53,625.00
Allum Bros., Eugene	61,891.00
Rogers Construction Co., Portland	64,805.00
Miller & Strong, Inc., Eugene	67,447.00

DESCHUTES COUNTY
GRADING AND OILING DEEP CANYON SECTION OF MCKENZIE HIGHWAY

Allum Bros., Eugene	$349,502.00
Parker-Schram Co., Portland	382,816.00
J. N. Conley, Portland	395,460.00
J. W. Brigge, Bend	422,082.00
Fred H. Slate Co., Ore. Ltd., & E. C. Hall Co., Portland	431,588.00
Natt McDougall Co., Portland	435,443.50
C. R. O'Neil, Creswell	438,764.00
Durbin Bros., Eugene	453,880.50
Miller & Strong, Inc., Eugene	460,314.00
Babler Bros., Inc., Portland	461,509.00
Peter Kiewit Sons' Co., Vancouver, Washington	485,337.00
J. Ira McNutt Co., Springfield	489,721.50

KLAMATH COUNTY
GRADING, PAVING AND SHOULDER OILING EAST UNIT, CRESCENT LAKE JUNCTION-THE DALLES-CALIFORNIA JUNCTION SECTION OF THE WILLAMETTE HIGHWAY

Warren Northwest, Inc., Portland	$364,241.50
Allum Bros., Eugene	367,590.90
J. N. Conley, Portland	368,854.50
Central Paving Co. & Calkins Crushing Co., Independence	373,048.00
The Central Heating Co., Ore. Ltd., Eugene	379,196.50
Rogers Construction, Inc., Portland	397,475.50
Parker-Schram Co., Portland	402,920.00
E. C. Hall Co. & J. C. Compton Co., Portland	413,159.00

Lee Hoffman, Beaverton	137,647.00
Chas. R. Schmiedeskamp, Portland	141,595.00
Schrader Construction Co., Portland	142,490.00
United Builders, Inc., Beaverton	145,016.00

Chairman Chandler called attention to the amount of the low bid for the South Sixth Street Grade Separation Structure in Klamath Falls as being very close to $1,000,000. He recalled that when the project was first authorized it was thought that the work could be done for about one-half that amount, and he asked the Deputy Engineer to recite the history of the case. Mr. Williams recalled that original plans contemplated a two-lane structure at a cost of approximately $435,000, but later it was deemed advisable to increase the structure to four lanes at an estimated cost of $645,000. However, this figure was determined as too low and the estimated cost increased to approximately $800,000. Later it was found that extensive changes would be required in foundation requirements and

the estimate was again increased to nearly $1,000,000. Commissioner Reynolds inquired as to what agreement had been reached concerning removal of the old structure. The Deputy Engineer replied that the Railroad Company has agreed to pay half the cost of removing the old structure or about $30,000, and that the City will contribute about $10,000 for signals. He estimated the total cost to construct the new structure including right of way at $970,000. Under present plans, he added, traffic will be carried on the old bridge while the new one is being constructed to the south. Commissioner Reynolds inquired if the additional money required in this project will delay appreciably other projects in Division No. 4, particularly the cut-off project on US 197 immediately south of The Dalles. The Deputy Engineer replied that he doubted if there will be any appreciable delay but it will be necessary to re-examine the allocation to Division No. 4. (Later in the day the matter of total cost of the Sixth Street project was again discussed and the Deputy Engineer reported at that time that the cost of the structure plus right of way and other costs would be approximately $1,200,000.)

Mr. Noble H. Chowning, President of the Coquille Valley Lumber Company, Coquille, came before the Commission to request permission to haul short logs not to exceed 20 feet in length, over the Alsea-Deadwood Secondary Highway. He stated that their mill is located on Five Rivers, about 2 miles from the top of the divide, and that they would like to haul logs over the mountain to their mill. The peeler logs, he added, have been hauled to Swisshome. He pointed out that traffic on this road is very light and when in operation the logging trucks would provide about 90 per cent of the total traffic. It was his feeling that it is no more dangerous to haul short logs on a single truck over this road than it is to haul lumber on the same sized truck, which is permitted at present. He stated that there is 1,200,000 feet of timber to be removed on this particular operation and he offered to provide an escort and flagman for the operation, if it was allowed. Mr. Chandler, Chairman, explained that complaints have been received from travelers on this road concerning the danger of meeting log trucks but, he added, there does not appear to be much difference in hazards between a load of logs and a load of lumber. One of the state highway engineers, he stated, will be requested to investigate the request and go over the matter with Mr. Chowning. Assistant Highway Engineer W. W. Stiffler thereupon was instructed to make such investigation.

Mr. John Kosydar, President, and Mr. Matt Miller, member, of the Siletz Highway Improvement Association, Siletz, came before the Commission concerning improvements to the Siletz Secondary Highway between Siletz and Kernville. Mr. Kosydar, who was spokesman, thanked the Commission for the work recently performed on this road and expressed the hope that the Commission could see fit to perform additional work such as oiling the present road without widening or straightening. He pointed out that during the recent storms there had been a considerable amount of water over the road at Bear Creek and asked if this spot could be fixed next summer. The people in this area, he stated, do not intend to complain and are not ungrateful for improvements received but further im-

provements are urgently needed. He urged a survey and temporary improvements during 1956. Chairman Chandler explained that, due to an accident involving a log truck, a bridge on this highway just south of Siletz was destroyed and that it is going to cost approximately $300,000 to replace it, which is considerably more money than the Commission contemplated spending on this highway. Due to this unforeseen occurrence, he said, the Commission feels that the oiling proposed for 1956 north of Siletz will have to be deferred until additional funds become available. This concluded the discussion.

The Hon. O. E. Effenberger, County Judge of Tillamook County; Mr. Charlie Ross, Chairman of the Highway Committee of the Tillamook Chamber of Commerce; and Mr. Verne Tinnerstet, Manager of the Tillamook Chamber of Commerce, came before the Commission to urge improvement of the Bay City-Garibaldi Section on the Oregon Coast Highway. Judge Effenberger, who acted as spokesman, pointed out that this section of highway was built many years ago and still is very crooked and obsolete. He asked the Commission to authorize a survey looking toward modernization of the section and to plan for its improvement as soon as possible. Mr. Ross emphasized the crooked nature of the road and called attention to the many accidents which have occurred on it. It was his feeling that improvement of this section will provide a big saving to the traveling public and he urged a reconnaissance survey now and construction in 1956. The Deputy Engineer stated that a survey from Manzanita to Fisher Point has been authorized but not between Garibaldi and Bay City although it might be possible to conduct such survey this spring or summer if the Commission ordered it. Chairman Chandler explained that the Commission has an adopted policy to accumulate a backlog of surveys so they will be available when there are funds to finance construction. As a result of further discussion the Commission authorized a reconnaissance survey and an economic analysis on the section requested during the summer of 1956.

Commissioner McIver inquired concerning the status of plans for construction of the new bridge across the Columbia River between Portland and Vancouver. The Deputy Engineer replied that it is planned to advertise the project for bids about the middle of January, with bids to be opened in Portland by the Oregon State Highway Commission on March 1; also, that when the bids have been received and the amount of money necessary to finance construction has been determined, the sale of bonds in such amount will be advertised and when sold the contract will be awarded. He gave as his feeling that construction of the bridge can start about May 1, 1956. Construction time for the new bridge, he said, is estimated at two years, and it will take about one year to rebuild the old bridge. In preparing the contract for the new bridge, he stated, it is planned to incorporate the working day time limit and a clause providing for liquidated damages for overrunning the time limit, based on the amount of toll that will be lost due to delay in opening of the bridge to traffic. He commented

that the gross toll is expected to be about $4,000 per day. The State of California, he added, uses the liquidated damages clause in its contracts for bridge structures. Commissioner Reynolds commented that he has noticed in magazine articles that several states are considering this feature, and it appears that contractors generally are in favor of it. The Assistant Chief Counsel gave as his opinion that the contemplated method of assessing liquidated damages is legal.

A delegation from Salem appeared before the Commission requesting additional access to US99 from the Safeway Stores property at the north edge of the City of Salem. The following people composed the group: Mr. Roy Harland, Attorney, Salem; Mr. Urlin Page, Union Title Insurance Co., Salem; Mr. O. R. Blair, Division Realty Manager, Safeway Stores, Portland; Mr. Thorburn Reed, Vice President, Commonwealth, Inc., Portland; and Mr. Ralph Williams, Attorney, Portland.

Mr. Harland acted as spokesman. He explained that the property referred to, development of which is contemplated as a shopping center, is located about 3/4 mile north of the underpass on the east side of the Pacific Highway. The property has a 512-foot frontage, which at present has no direct access to the highway, the only access being at two streets situated at the north and south boundaries of the property. He requested two additional points of access, 50 feet in width, along the 512-foot frontage. He pointed out that, prior to the time Safeway Stores negotiated for the property, Mr. Howard E. Olsen, former owner, relinquished two 60-foot rights of access without consideration, and that granting the rights of access as now requested would place the Commission in no different position than it was when the original rights of access were reserved by Mr. Olsen. He also pointed out that there are 46 property owners in this area each of whom has at least one access, there being a total of 77 accesses in this section, or an average of one every 94 feet. This property, he added, is the only one not having a direct right of access. It was his feeling that the owners of the property are entitled to develop it for its highest and best use, which is for business purposes, and such development could not be made unless the additional access points are granted. It is planned, he said, to divide the property into two parcels, consisting of north and south halves, each with a right of access to the highway, and each parcel providing its own offstreet parking. He exhibited photos of the property. Chairman Chandler stated that his explanation had been very clear but that the Commission would have to study the matter in order to determine all the necessary facts, before making a decision.

After the delegation departed, the Right of Way Engineer commented that, when Mr. Olsen owned the property in 1951, at his request the number of accesses to this property was reduced from 8 to 5, and

later increased to 6, again at Mr. Olsen's request. Still later, at Mr. Olsen's request, the number of access points was reduced to 2, being the present number. He pointed out that no attempt has been made to control access in this area. Chairman Chandler commented that granting the two accesses does not appear to create much of an additional hazard to traffic. Commissioner McIver observed that there had been a great many changes in access to this property and that it might be a good idea to study the matter carefully. The Commission instructed the Deputy Engineer and the Right of Way Engineer to submit a complete report on the matter after Mr. Baldock's return.

Hon. Sam Cook, Umatilla County Judge, Pendleton; Don E. Hurrle, Secretary, West End Chamber of Commerce, Hermiston; and John Gray, Umatilla County Engineer, Pendleton, came before the Commission to urge designation of the old highway route through Stanfield, Hermiston, Umatilla and Boardman Junction as a by-pass route for US 30. Mr. Hurrle acted as spokesman and urged designation of this route as a by-pass in order to direct traffic to the Umatilla Bridge, to encourage visitors to see McNary Dam, and to safeguard investments made by businessmen along this route. The Deputy Engineer explained that U. S. route numbering can be done only after approval of the American Association of State Highway Officials and in this instance the State of Washington would have to agree to such designation, which they previously refused to do. Commissioner Reynolds stated that he felt that tourists who wish to see McNary Dam could find it easily but he did not wish to see traffic directed along a more congested route eight miles longer than the present designated route between Stanfield Junction and Boardman. Mr. Hurrle stated that when the new highway was constructed, the route number was removed from the old highway section. It was his feeling that this section should be given the same consideration that was given to Sandy Boulevard in Portland when the easterly portion of the Banfield Expressway was opened to traffic. He asked the Commmission to erect at Stanfield Junction a sign stating "Portland via McNary Dam." People along this old route, he stated, feel that they have a real cause for complaint, and he requested the Commission's answer in writing. His request was granted. Chairman Chandler stated that the Commission wants the public to use the new and shorter highways as they are constructed and he did not feel that the Commission would be justified in erecting a by-pass sign which might encourage tourists unknowingly to take a route 8 miles longer than the new route. The Commission felt, he stated, that it would have to deny the request. However, a state route number could be assigned to this section.

County Judge Cook also brought up for discussion the elimination of two dangerous curves on the Havana-Helix Secondary Highway north of

the newly constructed section near Wild Horse Creek. He said that necessary right of way will be donated; also, that an extension of the new contract project about 300 yards to the north will remedy this situation. The Deputy Engineer stated that the curves referred to by Judge Cook are hazardous but the present contract cannot be extended to remove them. He suggested a reconnaissance survey to determine the feasibility of the improvement as a separate job and the cost involved. The Commission adopted the suggestion and authorized such survey.

The meeting recessed for luncheon at 12:00 noon and reconvened at 2:00 p.m. in the same room, with the same persons present and participating.

Mr. Frank J. Kernan, Portland, appeared before the Commission to request that the Commission release a slope easement held by the State on his property adjoining the right of way of the Pacific Highway in North Portland. The Deputy Engineer explained that the easement was purchased for fill slope purposes but Mr. Kernan has filled in his property so the easement no longer is required. Mr. Kernan pointed out that he filled in his land with 75,000 cu. yds. of material and the Highway Department is not using the easement area. He also said that he has plans to construct a motel on this property but will be handicapped in so doing if he cannot recover the ground on which the State has the easement. Commissioner McIver commented that in his opinion the easement should not be cancelled and that he can see no reason for relinquishing it without a consideration; also, it might be of advantage to the traveling public to keep developments farther back from the highway at this location. Commissioner Reynolds asked Mr. Kernan why the Highway Commission should give up the easement. Mr. Kernan replied that the land is not being used by the Highway Department, that it stops him from developing his property, and that it was his understanding that when the easement was no longer needed by the State, it would revert to him. After some further discussion, Commissioner McIver stated as the feeling of the Commission that inasmuch as the State paid for the easement, and that it is valuable in order to preserve sight distance, there is no good reason to relinquish it. The Commission thereupon decided not to give up the easement unless Mr. Kernan pays for it.

Mr. Kernan also brought up the matter of allowing access to his property in this same location for southbound traffic only, in connection with the new bridge to be constructed between Portland and Vancouver. The Deputy Engineer stated that it will be necessary to purchase property from Mr. Kernan in construction of the new bridge and its south approach, and his request will have to be studied before he can make a recommendation. The Commission instructed the Deputy Engineer and the Right of Way Engineer to investigate the matter and report later.

The Hon. Lowell Stockman, former U. S. Representative in Congress, came before the Commission concerning a lease granted by the State Highway Commission to the Pilot Rock Lumber Company for the use

of State Park property at the North Fork of the John Day River on the Pendleton-John Day Highway. He explained that when the property was deeded to the State for park purposes, it was anticipated that the Lumber Company would be in business only about 15 years and the lease granted to them appeared adequate. However, conditions have changed and now it appears that the Company may have a perpetual operation. The Company, he stated, is anxious to regain possession of the property and he stated that he had heard that the Commission might wish to extend the lease or sell the property on the basis of competitive bids. Commissioner Reynolds pointed out that the existing lease held by the Pilot Rock Lumber Company does not expire for 19 years and the Commission has decided that it would be unwise to extend it beyond that time but will sell the property outright, subject to the existing lease. Commissioner McIver commented that the Highway Commission prefers to get out of the rental business, and as any one particular Commission serves for only a short time, there would be little point in this Commission extending the lease which still has 19 years to run. Mr. Stockman stated that he had hoped that the lease might be extended to 50 years and the property then be put up for sale. He expressed apprehension that a business competitor might run up the price if the land is put up for bids. After some further discussion, Mr. Stockman stated that it was agreeable with him to advertise the property for sale on competitive bids for a minimum price of $2,000. However, the terms of sale should be so stated as to include the spring which is now being used by the camp as a source of water. The Commission agreed that the spring should be included in the sale, if the State controls it, and authorized the Parks Superintendent to advertise the property for sale at a minimum cost of $2,000 by adopting the attached resolution relative thereto marked EXHIBIT "J", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Mr. Stockman also brought up for discussion an inadequate clearance of a railroad structure over the Oregon-Washington Highway in Pendleton. He explained that to supply wood chips for the mill at Pilot Rock, arrangements have been made to haul some of them from the Milton-Freewater area and that trucks that do the hauling are 4" too high to allow passage beneath the railroad structure. An alternate route, he said, involves use of county roads entailing an additional distance of 26 miles, and also restrictions at certain times of the year on weight limits. The trucks, he stated, have been built to haul 72,000 lbs. and it is not economically feasible to remodel the trucks to a lower height nor to haul a lighter load. He asked the Commission to increase the clearance at this particular structure. The Deputy Engineer stated that this situation has been investigated and it appears feasible to lower the highway about 10" at a cost of $3,000 to $4,000 to provide a standard 14' clearance. The Commission authorized this improvement as soon as weather permits.

At the request of Chairman Chandler the Right of Way Engineer reviewed for the Commission the status of property acquisition for projects proposed for contracting at the January letting.

Inquiry was made by Commissioner McIver concerning the status of the Superbilt case in Portland. Mr. Charles Peterson, Attorney, who was present, replied that it is hoped that the case can be brought to trial in February and that they now are in the process of securing new appraisals of the property.

The Assistant Chief Counsel presented a form of letter agreement with the S. P. & S. Railway Company by which the Highway Commission agrees to purchase all of the rights of the Company, in Blocks 110, 112, 113, and 151, as shown on record plat of East Portland; Blocks 86, 87, 105, 108, 109, 124, and 129 of Holladay's Addition to East Portland; and Blocks 69 and 73 in East Portland; also, covering an easement to the State to construct, maintain and operate a bridge structure across the interests of the Railway Company in Blocks 66, 67 and 68 of East Portland, all for a consideration of $86,297. He explained that this acquisition is to permit further construction of the T. H. Banfield Expressway in Portland between Burnside Bridge and 12th Avenue S.E. The Commission approved and signed the agreement.

Commissioner McIver inquired concerning the survey for realignment of the Pacific Highway East between Albany and Eugene. The Deputy Engineer replied that the survey is nearing completion but right of way descriptions have not yet been prepared. He pointed out that this proposed route will cause a lot of farm severances.

The Commission discussed with the Deputy Engineer bids received in the morning session and at 3:00 p.m. Commissioner McIver publicly announced awards of contracts, as follows:

"Grading and topping the Boulder Gorge Section of the Sumpter Valley Highway south and west of Baker in Baker County: The Commission elects to accept the bid of Durbin Bros., Eugene, in the sum of $44,160 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired.

"Grading and oiling Deep Canyon Section of the McKenzie Highway east of Sisters in Deschutes County: The Commission elects to accept the bid of Allum Bros., Eugene, in the sum of $349,502 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Grading, paving and shoulder oiling the East Unit, Crescent Lake Junction-The Dalles-California Junction Section of the Willamette Highway in Klamath County: The Commission elects to accept the bid of Warren Northwest, Inc., Portland, in the sum of $364,241.50 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Construction of South Sixth Street (Klamath Falls) Grade Separation Structure over the Southern Pacific Railroad on the Klamath Falls-Lakeview Highway in Klamath County: The Commission elects to accept the bid of Tom Lillebo, Reedsport, in the sum of $899,964.25 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Division No. 4 Guardrail Project on The Dalles-California and Willamette Highways in Klamath and Lane Counties: The Commission awarded the contract to the low bidder Trussfab, Inc., Portland, at their bid price of $11,628.

"Construction of a concrete deck girder bridge over Nehalem River on the Miami Valley Road in Tillamook County: The Commission elects to accept the bid of Workman & Wilson, Canby, in the sum of $124,720 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Tillamook County is received and the sum of $28,000 is deposited by the County.

"Construction of a concrete undercrossing of the Union Pacific Railroad Company tracks on the Hinkle-Bocks Corner Section of the Hermiston Secondary Highway in Umatilla County: The Commission elects to accept the bid of George E. Berry, Beaverton, in the sum of $101,500 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired.

"Construction of a concrete grade separation structure west of the Yamhill River on the Three Mile Lane Highway in Yamhill County: The Commission awarded the contract to the low bidder Birkemeier Construction Co., Milwaukie, at their bid price of $108,080.

There being no further business to come before the Commission at this time the meeting was declared adjourned at 3:15 p.m.

EXHIBITS "A" through "O"

Minutes of the

OREGON STATE HIGHWAY COMMISSION MEETING

held on

December 19 and 20, 1955

EXHIBIT "A"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, in connection with the future improvement of the highway herein designated, and for the convenience and benefit of the public, it is and has been necessary to acquire property for rights of way, quarry sites, gravel or other material sites, sites for the storage of materials, and properties for other purposes authorized by statute as hereinafter more definitely set forth, and

WHEREAS, as a result of negotiations carried on with the owners of the property required, options have been obtained, which options have been considered by the Commission outlining the bases of settlement which have been agreed upon, and

WHEREAS, it is the judgment of the Commission that the said options should be approved and accepted and/or the said reports be declared acceptable to the State Highway Commission as bases of settlement for the properties involved, and that the acquisition of the properties should be completed,

NOW, THEREFORE BE IT RESOLVED that the following described properties are hereby declared to be necessary for State highway, park, and other uses under the jurisdiction of the Commission, and that the several options or bases of settlement hereinafter enumerated be, and the same hereby are approved and accepted, and that the attorney for the Commission be, and he hereby is, instructed to complete the acquisition of the said properties and to take title thereto in the name of the State of Oregon, by and through its State Highway Commission. The said properties hereby ordered and authorized to be acquired are as follows:

Willamette River to 42nd Avenue-T. H. Banfield Expressway

24123 Wagner, Harr L. and Bessie V. (Grant)
Right of Way
Option expires April 18, 1956

600 sq. ft. at $1.50 per sq. ft.	$ 900.00
Damage	300.00

Amount to be paid owners - chrg to Right of Way $ 1,200.00

Grantors to have 20 days after notice to remove trees, shrubs and plants.

THINGS TO BE DONE BY THE STATE

Construct at own expense a cement sidewalk and curb of

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission is the owner of the parcel of land in the Bear Creek-Talent Section of the Pacific Highway, described as follows:

A parcel of land lying in the southwest quarter of the southeast quarter of Section 23, Township 38 South, Range 1 West, W. M., Jackson County, Oregon, and being a portion of the following described property:
That tract of land which was conveyed by that certain deed to the State of Oregon, by and through its State Highway Commission, recorded in Book 214, Page 251 of Jackson County Record of Deeds.
The said parcel being described as follows: Beginning at the most westerly corner of a tract of land conveyed by the State of Oregon, by and through its State Highway Commission by a deed dated April 24, 1947, said corner being 100 feet northeasterly from (when measured at right angles to) the center line of the Pacific Highway; thence north 37° 14' East 110.2 feet to the northwest corner of said tract; thence East 0.91 feet to the West line of a 20 foot road easement; thence north 50 feet more or less along said easement line to the north line said property described in Book 214, Page 251; thence south 82° 00' West 209 feet more or less along said north line to a line which is parallel to and 100 feet northeasterly of said highway center line; thence south 52° 46' East, parallel to said highway center line to the point of beginning, containing 0.35 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes,

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $2500.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Secretary of the Commission, be and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et Seq.

AND BE IT FURTHER RESOLVED that this Miscellaneous Resolution No. 176 be entered in the minutes and records of the Commission as of the 19th day of December, 1955.

EXHIBIT "B-2"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission is the owner of the parcel of land in the Willamette River-Hayesville Section of the Portland-Salem Expressway described as follows:

A parcel of land lying in the Joseph Matte D. L. C. No. 57, also lying in Sections 22 and 23, Township 5 South, Range 2 West, W.M., Marion County, Oregon, and being a portion of that tract of land described in that certain deed to the State of Oregon, by and through its State Highway Commission, recorded in Book 460, Page 68 of Marion County Records of Deeds; the said parcel being that portion of said State of Oregon tract lying Easterly of a line which is parallel to and 100 feet Easterly of the center line of the northbound traffic lane of the Portland-Salem Expressway.

Except that part lying within the right of way of County Road No. 522.

The parcel of land to which this description applies contains 3.13 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes,

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $6,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount,

NOW, THEREFORE, BE IT RESOLVED that the Secretary of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et Seq.

AND BE IT FURTHER RESOLVED that this Miscellaneous Resolution No. 177 be entered in the minutes and records of the Commission as of the 19th day of December, 1955.

December 19, 1955

EXHIBIT "B-3"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land on the Front Street, Coos Bay Section of the Oregon Coast Highway described as follows:

> A parcel of land lying in Block 2, Clements Plat of the Town of Marshfield in the City of Coos Bay, Coos County, Oregon, and being a portion of that property described in those deeds to State of Oregon, by and through its State Highway Commission, recorded in Book 190, page 684 and in Book 193, page 437 of Coos County Records of Deeds; the said parcel being that portion of said State property lying easterly of a line which is parallel to and 40 feet easterly of the relocated center line of the Oregon Coast Highway, containing 1575 square feet.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes.

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,600.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Secretary of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 et seq.

AND BE IT FURTHER RESOLVED that this Miscellaneous Resolution No. 178 be entered in the Minutes and records of the Commission as of the 19th day of December, 1955.

December 19, 1955

25878

EXHIBIT "C"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, the State Highway Commission, on the 30th day of June, 1955, by resolution declared the necessity for the acquisition of certain real property from Raymond R. Mathis, et al., File No. R-22862, situated in Lot 19, Kinnesswood Acreage, lying in Section 11, Township 1 South, Range 2 West, W. M., Washington County, Oregon, for right of way purposes for the widening, improvement and maintenance of the Reedsville-Beaverton Section of the Tualatin Valley Highway; and,

WHEREAS, the said Raymond R. Mathis, et al., are using and maintaining a septic tank or tanks and drainfield on that portion of their said property which the State Highway Commission, by said resolution, has declared necessary for right of way for the said widening, improvement, and maintenance of the said Tualatin Valley Highway; and,

WHEREAS, the State Highway Commission has been informed that there is no other available place on the real property remaining to the said Raymond R. Mathis, et al., after the State acquires the said necessary right of way, for the said Raymond R. Mathis, et al., to relocate or re-establish the said septic tank or tanks and drainfield; and,

WHEREAS, the State of Oregon, by and through the State Highway Commission, is the owner of a parcel of land which is more fully described in Volume 371, Page 119, Deed Records of Washington County, Oregon, and which lies immediately Westerly of and contiguous to the said Raymond R. Mathis, et al., property; and,

WHEREAS, it appears to the State Highway Commission that the Northerly 177 feet of the said real property owned by the said State of Oregon, as described in said deed book and page, will not be needed for a public use; and,

WHEREAS, the State Highway Commission is desirous of mitigating, whenever possible, damages, if any, that may accrue to the remaining real property of all property owners from whom it has become necessary to purchase right of way; and,

WHEREAS, it appears to the State Highway Commission that it would be in the best interests of the said Raymond R. Mathis, et al., as well as the State of Oregon, if the State Highway Commission would tender and convey to the said Raymond R. Mathis, et al., the Northerly 177 feet of the real property owned by the State of Oregon, as described in said Volume 371, Page 119, Deed Records of Washington County, Oregon, so that the said Raymond R. Mathis, et al., may have additional and contiguous real property abutting their remaining land, after the said right of way

EXHIBIT "C" (Cont)

acquisition, on which to locate and reestablish a septic tank or tanks and drainfield in order to replace the said septic tank or tanks and drainfield which lies within the boundary of the said right of way which the State Highway Commission is acquiring from the said Raymond R. Mathis, et al.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That the Chief Counsel for the State Highway Commission, or his designated representative, is hereby authorized and directed to tender to the said Raymond R. Mathis, et al , and without further or additional consideration, a deed to the Northerly 177 feet of the real property described in Volume 371, Page 119, Deed Records for Washington County, Oregon, and which said real property is owned by the State of Oregon, by and through its State Highway Commission, so that the said Raymond R. Mathis, et al., may, on the said real property to be tendered, have additional remaining real property on which to locate or reestablish a septic tank or tanks and drainfield to replace the said septic tank or tanks and drainfield which will be acquired by the State of Oregon by and through the State Highway Commission as part of the right of way for the improving, widening, and maintaining of the Tualatin Valley Highway. Said deed so tendered shall provide that there shall be no access to, from or between the said parcel and the right of way of the Tualatin Valley Highway.

2. That this said resolution be entered in full in the minutes and records of the Commission, this 19th day of December, 1955, as Resolution No. 180.

EXHIBIT "D"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, an agreement has heretofore been entered into between the State of Oregon, by and through its State Highway Commission, the State of Washington, by and through its State Highway Commission, and the Washington Toll Bridge Authority, for the construction of a second interstate bridge across the Columbia River between Portland, Oregon and Vancouver, Washington, adjacent to the existing Interstate Bridge, a copy of which agreement is attached hereto and by this reference made a part hereof; and

WHEREAS, the construction of said proposed new bridge in a manner which will adequately accommodate highway traffic but still permit free and unobstructed water navigation upon the Columbia River makes it necessary and desirable that the existing Interstate Bridge be altered or reconstructed; and

WHEREAS, in order to assure the accomplishment of the necessary alteration or reconstruction of said existing bridge each of the parties to said agreement therein pledged its full cooperation toward securing federal assistance and participation under the "Truman-Hobbs Act," and further mutually agreed in said agreement that, in the event federal assistance and participation could not be obtained, the parties would proceed to reconstruct the existing bridge to the same standards as proposed for the new bridge with funds derived from the sale of bonds as provided in said agreement; and

WHEREAS, the Secretary of the Army has now determined that the existing Interstate Bridge is unreasonably obstructive to navigation and should be altered to correspond with approved plans of the new parallel bridge and has further indicated that fifty percent of the cost of such alteration will be borne by the United States; and

WHEREAS, it has been requested that, before personal service of the formal order of the Secretary of State is made, formal assurance be given of the intent and ability of the Oregon State Highway Commission and Washington State Highway Commission to pay fifty percent of the total cost of the alteration of said existing bridge.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively:

1 That it is the intention of this Commission to comply in all respects with its obligations under that certain agreement entered into under date of April 27, 1955, between the State of Oregon, by and through its State Highway Commission, the State of Washington, by and through its State Highway Commission, and the Washington Toll Bridge Authority,

EXHIBIT "D" (Cont)

and pursuant thereto, to join with the parties to said agreement in paying all of the cost of altering or reconstructing said existing Interstate Bridge that may be apportioned to said parties under the "Truman-Hobbs Act," provided said apportionment shall not exceed fifty percent of the total cost of such alteration or reconstruction, exclusive of salvage and expired service life values, out of funds derived from bonds to be issued in accordance with said agreement.

2. That the Secretary forward a certified copy of this Resolution to the District Engineer, Portland, Oregon District, Corps of Engineers, U. S. Army, to the State Highway Commission of the State of Washington, and to the Washington Toll Bridge Authority.

3. That this Resolution be entered in the minutes and records of this Commission this 19th day of December, 1955, as Miscellaneous Resolution No. 174.

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, pursuant to the provisions of ORS 366.810, there have been by the Oregon State Highway Commission apportioned to the cities and/or towns hereinafter named for disbursement for street purposes as provided in said law, the amounts set opposite the names of the respective cities or towns:

From Funds Accrued First Half, 1954:

Haines.....	$ 914.04
Halfway.....	888.41
Juntura.....	304.68
Mitchell.....	1,181.70

From Funds Accrued Second Half, 1954:

Haines.....	$1,128.98
Idanha.....	1,554.54

From Funds Accrued First Half, 1955:

Corvallis.....	$48,915.09
Dufur.....	1,273.66
Mosier.....	781.70
North Powder....	1,216.31
Prescott.....	359.16

AND WHEREAS, each of said cities and towns has, by appropriate action evidenced by resolution or other official instrument, certified copies of which have been filed with the State Highway Commission, conformed to and complied with the requirements of said law so as to qualify each for the benefit s thereof;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED as follows:

1. That the type, plan and character of improvement proposed in the resolutions filed with the State Highway Commission by the above named respective cities and/or towns hereby are approved.

2. That the action taken respectively by said cities and/or towns as evidenced by appropriate resolutions by them respectively adopted and thereafter filed with the State Highway Commission, shall be and is deemed an appropriate and proper conformance with the requirements of said law

EXHIBIT "E" (Cont)

by said cities and/or towns individually so as to qualify each to receive and use the funds to them apportioned.

3. That upon entry of this resolution in the minutes and records of the Commission, the Secretary shall thereafter mail to the proper officer in each of said cities and/or towns a duly certified copy of the resolution or resolutions adopted by the city, together with a copy of the resolution approving the plans submitted by the city.

4. This resolution shall be entered in the minutes and records of the Oregon State Highway Commission as of the 19th day of December, 1955.

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, the Engineer has reported that the following State Highway Commission contracts for the construction of State Highway projects have been completed according to the terms and provisions of said contracts and that said jobs are now ready for acceptance:

"Contract No. 4056 with R. A. Heintz Construction Co. for grading on the Willamette River-Gervais Unit of the Portland-Salem Expressway in Marion and Clackamas Counties, completed August 16, 1955.

"Contract No. 4269 with Kissell & Robinson for fencing on the Willamette River-Hayesville Section of the Portland-Salem Expressway in Marion and Clackamas Counties, completed October 31, 1955.

"Contract No. 4276 with Tom Lillebo for constructing the Coos City Bridge over Isthmus Slough on the Coos City-Sumner County Road in Coos County, completed November 15, 1955.

"Contract No. 4283 with Warren Northwest Inc. for paving on the Lenz Road-Kirk Road Unit, Mazama Junction-Lobert Section of The Dalles-California Highway in Klamath County, completed September 2, 1955.

"Contract No. 4301 with Lebanon & Harrisburg Sand & Gravel Co. for grading and paving on the Bear Creek Section of the Siuslaw Highway in Lane County, completed October 14, 1955.

"Contract No. 4344 with Tom Lillebo for construction of the Illahee Undercrossing on the Pacific Highway East in Marion County, completed October 31, 1955.

"Contract No. 4348 with Arthur Simonsen & Co. for furnishing crushed rock in stock pile on the Union Section of the LaGrande-North Powder and Medical Springs Highways in Union and Baker Counties, completed November 3, 1955.

"Contract No. 4379 with C. C. Meisel for paving on the Gaston Section of the Tualatin Valley Highway in Washington County, completed October 27, 1955.

"Contract No. 4392 with Kuckenberg Construction Co. for slide correction on the Anlauf-Rice Hill Unit, Divide-Rice Hill Section of the Pacific Highway in Douglas County, completed October 24, 1955.

"Contract No. 4399 with Hamilton & Thoms for construction of an overflow bridge replacement on the Goshen-Pleasant Hill Section of the Willamette

Highway in Lane County, completed October 31, 1955.

"Contract No. 4421 with Hamilton & Thoms for constructing the Drews Creek and Lost River Bridges on county roads Nos. FAS 430, 431, 583 and 407 in Klamath and Lake Counties, completed November 30, 1955.

"Contract No. 4431 with Donald W. Thompson for constructing the Reedsport Maintenance Building in Douglas County, completed November 4, 1955.

"Contract No. 4433 with M. C. Lininger & Sons for furnishing crushed materials in stock pile on the Jackson Co. Line-Keno Section of the Green Springs Highway in Klamath County, completed October 28, 1955.

"Contract No. 4437 with Warren Northwest, Inc. for grading and paving on the Queen Avenue (Albany) Section of the Corvallis-East Side Highway in Linn County, completed November 29, 1955.

"Contract No. 4443 with N. A. Toole Construction Co. for oiling and furnishing crushed materials in stock pile on the Rome-Maintenance Station Section of the I. O. N. and Crane-Scotts Butte Highways in Malheur County, completed October 19, 1955.

"Contract No. 4447 with Morrison & Lamping for bridge construction, grading and paving on the Wallowa Lake Lodge-Power House Section of the Joseph-Wallowa Lake Highway in Wallowa County, completed September 13, 1955.

"Contract No. 4448 with Hutton-Kalkhoven for guardrail construction on the Dillon-Rufus Section of the Columbia River Highway in Wasco and Sherman Counties, completed November 1, 1955.

"Contract No. 4461 with Concrete Structures for constructing the Abiqua Creek Bridge on the Meridian County Road (FAS 591) in Marion County, completed November 10, 1955.

"Contract No. 4464 with Central Paving Co. for stone base and oiling on the Chitwood Creek-Siletz Section of the Siletz Highway in Lincoln County, completed September 12, 1955.

"Contract No. 4484 with Gilbert Roberts for constructing the Warm Springs Junction Dwelling and Sand Shed on the Wapinitia Highway in Wasco County, completed November 21, 1955.

"Contract No. 4486 with Babler Bros., Inc. for oiling on the Metolius-Juniper Butte Section of FAS Routes 548 and 547 (County Roads) in Jefferson County, completed September 10, 1955.

"Contract No. 4489 with P. A. Shoat Company for paving on the Gladstone (Clackamas Blvd.) City Street Section in Clackamas County, completed October 26, 1955.

EXHIBIT "F" (Cont)

"Contract No. 4493 with Warren Northwest, Inc. for grading and paving on the Mt. Angel (Church & College Sts.) City Street Section in Marion County, completed November 3, 1955.

"Contract No. 4503 with Gilbert Roberts for constructing the Austin Sand Storage Shed in Grant County, completed November 4, 1955.

"Contract No. 4522 with Glen Ousley for constructing Brush Creek Relief Channel on the Brush Creek-Greggs Creek Section of the Oregon Coast Highway in Curry County, completed November 15, 1955.

THEREFORE, BE IT RESOLVED that the work covered by State Highway Contracts for the construction of said State Highway projects be declared completed according to the terms of the respective contracts and said jobs are hereby accepted and final payment in connection with each is hereby authorized.

BE IT FURTHER RESOLVED that this Contracts Completed Resolution No. 48 shall be entered in the minutes and records of the Commission as of the 19th day of December, 1955.

EXHIBIT "G-1"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, the section of the Cape Arago Highway, State Secondary Highway No. 240, located in Coos County and known as the Tarheel Creek Section, the northeasterly terminus of which is at Highway Engineer's Station 147+65 on the relocated highway and the southwesterly terminus of which is at Highway Engineer's Station 157+40 on the relocated highway, has been completed and is now open for public travel;

WHEREAS, as a consequence of the relocation of said section of highway, a portion or unit of the old right of way has been eliminated from the boundaries of the relocated highway and is no longer needed for state highway purposes; and

WHEREAS, Coos County and the Highway Commission entered into an agreement under date of September 10, 1954, relating to the disposition to be made of the eliminated portion or unit; and

WHEREAS, the said agreement provided that after the said relocated section was completed and opened to public travel the Commission would notify the County of same by letter and that, effective upon the date of said letter, the eliminated portion or unit, therein and herein referred to as Unit "A", would be abandoned as part of the said highway and would be maintained thereafter by said County as a county road under the jurisdiction and control of said County; and

WHEREAS, Coos County was duly notified by letter dated December 5, 1955, that the said section had been completed and opened to public travel and that as of December 5, 1955, jurisdiction and control over Unit "A" became vested in said County; and

WHEREAS, it is the purpose of the Highway Commission to take official action and impress upon its records the disposition made of the portion or unit of the right of way of said highway affected by reason of said relocation;

NOW, THEREFORE, be it and it hereby is resolved by this Commission as follows:

1. That the portion or unit of the old right of way which by reason of the relocation of the said highway is no longer within the boundaries of the new right of way and which is identified herein as Unit "A" is shown colored in red on the map attached hereto, which is marked Exhibit "A" and by this reference made a part hereof. The location of Unit "A" is more particularly described as follows:*

EXHIBIT "G-1" (Cont)

Unit "A"

Beginning at State Highway Engineer's Station 147+65 on the former route of the Cape Arago Highway in the southwest quarter of the northeast quarter (SW¼ NE¼) of Section 36, Township 25 South, Range 14 West, W. M.; thence southwesterly via the former route of the Cape Arago Highway to State Highway Engineer's Station 157+40 on the former route of the Cape Arago Highway in the southwest quarter of the northeast quarter (SW¼ NE¼) of Section 36, Township 25 South, Range 14 West, W. M.

2. That, pursuant to the aforesaid agreement, Unit "A" is hereby duly abandoned as part of the Cape Arago Highway, State Secondary Highway No. 240, effective as of December 5, 1955, the date of said letter to Coos County, and that all right, title and interest which the State had in the right of way of Unit "A" passed to and vested in the said County as of that date.

3. That the area shown colored in green on the said Exhibit "A" includes right of way acquired for the said relocated section of highway and includes also some parts or areas of the old right of way not now incorporated within the boundaries of the right of way proper. In connection with the area colored in green, it is the judgment and finding of the Commission that all of said area is and will be needed for right of way and other highway purposes and uses. Therefore, the Commission does hereby declare and order that possession of and title to all of the land or area shown colored in green on said Exhibit "A" shall be retained and held by the State.*

4. That this resolution shall be entered in the minutes and records of this Commission on this 19th day of December, 1955, as Abandonment & Retention Resolution File No. 294, and the Secretary is directed to mail a duly certified copy thereof to the County Court of Coos County.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, being filed under File No. 294 under the heading "Abandonment and Retention Resolutions" and said map by this reference is made part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "G-2"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, the relocated West Unit, Reedsport-Dean Creek Section of the Umpqua Primary Highway No. 45 located in Douglas County, the westerly terminus of which is at Highway Engineer's Survey Station 32+40 and the easterly terminus of which is at Highway Engineer's Survey Station 104+00 on the relocated highway, has been completed and is now open for public travel; and

WHEREAS, due to the relocation of the aforesaid section, a portion of the old right of way is no longer needed for state highway purposes and may be eliminated from the boundaries of the relocated highway; and

WHEREAS, Douglas County, the City of Reedsport, and the State Highway Commission entered into a throughway agreement under date of October 29, 1954, relating, among other things, to the disposition to be made of the portion that may be eliminated, therein and hereinafter referred to as Unit "A"; and

WHEREAS, said agreement provided that Unit "A" would be abandoned to the County by the State Highway Commission as part of the Umpqua Highway; and that Unit "A", being within the city limits of Reedsport, would be relinquished by the County to the City and be maintained thereafter by the City as part of the city street system; and

WHEREAS, it is the judgment of the Highway Commission that certain portions of the former right of way of the West Unit, Reedsport-Dean Creek Section of the Umpqua Highway, together with other real property acquired by the State for roadway right of way and other public purposes, is needed and valuable for right of way purposes and public use; and

WHEREAS, it is the purpose of the Highway Commission to take official action and impress upon its records the disposition made of the portion or unit of the former right of way of said highway referred to herein as Unit "A" as well as all the property affected by reason of the said relocation;

NOW, THEREFORE, based upon the power and authority vested in this Commission by the State of Oregon, IT IS HEREBY ORDERED AND RESOLVED that:

1. The portion of the former right of way, which by reason of the relocation of the West Unit, Reedsport-Dean Creek Section of the Umpqua Highway is no longer within the boundaries of the new right of way, is identified as Unit "A" and described as follows:

EXHIBIT "G-2" (Cont)

Unit "A"

All the land situated within the right of way boundaries of the Umpqua Highway as formerly routed, beginning at the southerly right of way line opposite Highway Engineer's Survey Station 30+90 of said highway as relocated in the northeast quarter of the southwest quarter (NE¼ - SW¼), Section 35, Township 21 South, Range 12 West, W. M.; thence southerly and easterly via said highway as formerly routed to the southerly right of way line opposite Highway Engineer's Survey Station 52+40 of said relocated highway in the southeast quarter of the southeast quarter (SE¼ - SE¼), Section 35, Township 21 South, Range 12 West, W. M.

2. Pursuant to the aforesaid agreement entered into with Douglas County and the City of Reedsport on the 29th day of October, 1954, Unit "A" is hereby duly abandoned as part of the Umpqua Highway and the State Highway System; and all right, title, and interest which the State has in the right of way of Unit "A" herein described hereby passes to and vests in the said Douglas County. Unit "A" is shown colored in red on the map attached hereto marked Exhibit "A" and by this reference made a part hereof. *

3. The right of way of the former and of the relocated West Unit Reedsport-Dean Creek Section of the Umpqua Highway together with the real property acquired by the State for roadway right of way and other public purposes, as indicated on Exhibit "A" attached hereto, shall be retained and held by the State. *

4. This Abandonment and Retention Resolution No. 311 be entered in the minutes and records of the Oregon State Highway Commission as of the 19th day of December, 1955, and the Secretary is ordered to mail a duly certified copy hereof to the Douglas County Court and to the City of Reedsport.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, being filed under File No. 311 under the heading "Abandonment and Retention Resolutions" and said map by this reference is made part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "H-1"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: CAPE ARAGO SECONDARY HIGHWAY (Coos County)

Highway number 240 Route Number

Location of Termini				Established Speed
M. P. 4.54	(south city limits of Empire)	to M. P. 8.49	(350 feet west of the center of the South Slough Bridge)	40 M. P. H.

EXHIBIT "H-1" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Limit Resolution No. 217 be entered in the minutes and records of the Commission as of the 19th day of December, 1955.

EXHIBIT "H-2"

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and anulled.

BE IT FURTHER ORDERED that this Speed Limit Resolution No. 218 be entered in the minutes and records of the Commission as of the 19th day of December, 1955.

EXHIBIT "H-3"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: PACIFIC HIGHWAY EAST (Linn County)

Highway number 1E Route number US99E

M. P. 90.28 (0.32 mile north of Shedd) to M. P. 91.01 (0.44 mile south of the road to Plainview) 45 M. P. H.

EXCEPT THAT BETWEEN

M. P. 90.55 and M. P. 90.72, the indicated speed shall be 20 MILES PER HOUR during the hours of school crossings as provided in the provisions of Subsection 1. a., of ORS 483.104.

EXHIBIT "H-3" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways, particularly as pertains to Speed Limit Resolution No. 208, adopted by the State Highway Commission on August 11, 1955, which is in conflict with the provisions of this order herebyis vacated and annulled.

BE IT FURTHER ORDERED that this Speed Limit Resolution No. 219 be entered in the minutes and records of the Commission as of the 19th day of December, 1955.

EXHIBIT "I-1"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, the Oregon Coast Highway is a primary highway and likewise a Federal-Aid Highway and under the control and jurisdiction of the State Highway Commission; and

WHEREAS, it appears that on said Oregon Coast Highway in the vicinity of the Little Nestucca River Bridge, vehicles are parked on both shoulders of said highway for extended periods of time; and

WHEREAS, the parking of said vehicles creates traffic congestion to such an extent that, in the opinion of the Highway Commission, a hazardous condition is created to traffic moving on said highway; and

WHEREAS, in the opinion of the Commission public travel and public safety require that parking should be prohibited on said highway at said location,

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. The Commission does hereby find and declare, based upon recommendations by members of its staff, that the parking of vehicles on either shoulder of said Oregon Coast Highway between a point 500 feet north of the Little Nestucca River Bridge, M.P. 103.76 (Engineer's Station 328+52) and a point 500 feet south of said bridge, M.P. 104.02 (Engineer's Station 315+28) creates a hazard to the traveling public.

2. That in the opinion of this Commission, the right of way of said highway at said location is not of sufficient width to permit parking of vehicles thereon and at the same time provide the degree of safety and convenience which, in the opinion of the Commission, should be provided the motoring public.

3. That the Commission does further find and declare that the parking of vehicles on the shoulders of said Oregon Coast Highway within said termini should be prohibited.

4. That the State Highway Engineer be and he hereby is instructed to erect signs at said termini and at such points between said termini as in his judgment are necessary to accomplish the purpose of this resolution and the action of the Commission as herein declared on which signs shall be printed in plain letters, the words, "NO PARKING ON HIGHWAY SHOULDERS."

5. That a certified copy of this resolution be sent to the Superintendent of the Department of State Police.

6. That this No Parking Resolution No. 139 be entered in the minutes and records of the State Highway Commission as of the 19th day of December, 1955.

December 19, 1955

EXHIBIT "I-2"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, the Pacific Highway East is a primary highway and likewise a Federal-Aid Highway under the control and jurisdiction of the State Highway Commission; and

WHEREAS, it appears that on said Pacific Highway East in the vicinity of the South Salem Motel, south of Salem, vehicles are parked on both shoulders of said highway for extended periods of time; and

WHEREAS, the parking of vehicles on said highway creates traffic congestion to such an extent that, in the opinion of the Highway Commission, a hazardous condition is created to traffic on said highway; and

WHEREAS, in the opinion of the Commission public travel and public safety require that parking should be prohibited on said highway at said location,

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. The Commission does hereby find and declare, based upon recommendations by members of its staff, that the parking of vehicles on either shoulder of said section of the Pacific Highway East between M. P. 54.77 (Engineer's Station 57+63) and M.P. 54.90 (Engineer's Station 64+49) creates a hazard to the traveling public.

2. That in the opinion of this Commission, the right of way of said highway at said location is not of sufficient width to permit parking of vehicles thereon and at the same time provide the degree of safety and convenience which, in the opinion of the Commission, should be provided the motoring public.

3. That the Commission does further find and declare that the parking of vehicles on the shoulders of said Pacific Highway East within said termini should be prohibited.

4. That the State Highway Engineer be and he hereby is instructed to erect signs at said termini and at such points between said termini as in his judgment are necessary to accomplish the purpose of this resolution and the action of the Commission as herein declared on which signs shall be printed in plain letters, the words, "NO PARKING ON HIGHWAY SHOULDERS".

5. That a certified copy of this resolution be sent to the Superintendent of the Department of State Police.

6. That this No Parking Resolution No. 140 be entered in the minutes and records of the State Highway Commission as of the 19th day of December, 1955.

December 19, 1955 _____

EXHIBIT "I-3"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, the Mt. Hood Highway is a primary highway and likewise a Federal-Aid Highway under the control and jurisdiction of the State Highway Commission; and

WHEREAS, it appears that on said Mt. Hood Highway (Powell Boulevard) in Block 109 vehicles are parked in front of an establishment known as Miller Motors for extended periods of time in order to patronize a Motel Cafe which is located immediately west of the Miller property; and

WHEREAS, the parking of vehicles on said section creates a traffic congestion to such an extent that, in the opinion of the Highway Commission, a hazardous condition is created to highway traffic; and

WHEREAS, access to Miller Motors is often blocked; and

WHEREAS, in the opinion of the Commission public travel and public safety require that parking should be prohibited on said highway within said section,

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. The Commission does hereby find and declare, based upon recommendations by members of its staff, that the parking of vehicles on the northerly side of said Mt. Hood Highway (Powell Boulevard) between M. P. 6.57 (Engineer's Station 72+71) and M. P. 6.61 (Engineer's Station 74+81) creates a hazard to the traveling public.

2. That in the opinion of this Commission, the right of way of said highway at said location is not of sufficient width to permit parking of vehicles thereon and at the same time provide the degree of safety and convenience which, in the opinion of the Commission, should be provided the motoring public.

3. That the Commission does further find and declare that the parking of vehicles on the northerly side of said Mt. Hood Highway within said termini should be prohibited.

4. That the State Highway Engineer be and he hereby is instructed to erect signs at said termini and at such points between said termini as in his judgment are necessary to accomplish the purpose of this resolution and the action of the Commission as herein declared, on which signs shall be printed in plain letters, the words, "NO PARKING ON HIGHWAY SHOULDERS."

EXHIBIT "I-3" (Cont)

5. That a certified copy of this resolution be sent to the Superintendent of the Department of State Police, and that a certified copy also be sent to Miller Motors.

6. That this No Parking Resolution No. 141 be entered in the minutes and records of the State Highway Commission as of the 19th day of December, 1955.

EXHIBIT "J"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission is the owner of the parcel of land in Umatilla County on the North Fork of the John Day River described as follows:

> A parcel of land lying in the NW¼ SE¼ of Section 33, Township 6 South, Range 31 East, W.M., Umatilla County, Oregon, the said parcel being that portion of said NW¼ SE¼ lying between the southerly right of way line of the Pendleton-John Day Highway and the North Fork of the John Day River, the right of way of said Highway being 80 feet in width, 40 fe et on each side of the Center Line of said Highway, containing 8 acres, more or less.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes.

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum $2,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Secretary of the Commission, be and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et Seq.

AND BE IT FURTHER RESOLVED that this Miscellaneous Resolution No. 175 be entered in the minutes and records of the Commission as of the 20th day of December, 1955.

December 20, 1955

25902

EXHIBIT "K"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, by the provisions of ORS 483. 204, with respect to state highways, the State Highway Commission is authorized to designate main traveled or through highways by placing at the entrances thereto from intersecting highways, roads or streets, signs or markers notifying drivers of vehicles to stop before entering or crossing such designated highways, and the Highway Commission is further authorized to designate particular intersections and place such stop signs or markers at one or more entrances thereto; and

WHEREAS, on the twenty-first day of September, 1949, the Highway Commission adopted a resolution declaring several state highways and sections thereof to be through highways and instructing the State Highway Engineer to properly mark the same; and

WHEREAS, by said resolution of September 21, 1949, the Highway Commission declared the Little Butte Secondary Highway, No. 270, between M.P. 00 (junction with the Crater Lake Highway near Eagle Point) and M.P. 30. 33, (Jackson-Klamath County Line) to be a through highway, and ordered that all traffic entering said highway from intersecting streets, roads and highways shall come to a stop before entering said highway; and

WHEREAS, since the adoption of said resolution of September 21, 1949, a traffic engineering investigation and report has been made which discloses that traffic conditions have changed, particularly on Main Street in the City of Eagle Point; and

WHEREAS, said traffic investigation revealed a nearly equal division of traffic on said highway and on Main Street where it intersects said highway; and

WHEREAS, there have been a number of accidents at said intersection;

NOW, THEREFORE, based upon said traffic engineering investigation and upon the recommendation of the State Highway Engineer in the interests of the safety of the traveling public, this Commission does hereby find, resolve and order as follows:

1. That the intersection of "C" Street (route of the Little Butte Secondary Highway) and Main Street in the town of Eagle Point, shall be made a four-way stop and all traffic entering said intersection from each direction shall be required to stop before entering the same.

2. That the State Highway Engineer place, or cause to be placed, and thereafter maintain, or cause to be maintained, the necessary signs

and markers to accomplish the traffic control and regulation contemplated by law and by this resolution, and that said Engineer remove, or cause to be removed, such signs or markers as are inconsistent with this resolution. Such signs and markers as may be erected pursuant to this resolution shall conform to the types and standards heretofore approved by this Commission.

3. That the State Highway Engineer place, or cause to be placed, such signs or markers as shall indicate or designate to all drivers of motor vehicles on said Little Butte Secondary Highway and on said Main Street in the town of Eagle Point, the place where the stop shall be made.

4. That this resolution be entered in the minutes and records of this Commission as of the 19th day of December, 1955, as Through Highway Resolution No. 13-B, and a duly certified copy thereof be delivered to the U.S. Bureau of Public Roads, to the County Court of Jackson County, to the Superintendent of State Police, and to the Secretary of State.

EXHIBIT "L-1"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make complete and final surveys of the following described state highway routes and locations:

1. West Fork, Illinois River Bridge and the East Fork, Illinois River Bridge Sections of the Redwood Highway in Josephine County;

2. Neskowin-Salmon River Section of the Oregon Coast Highway, in Tillamook County, and in connection therewith to prepare maps showing the routes and locations of said highway sections and to file said maps, reports, and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said surveys and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said surveys, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1-a. That the survey of the West Fork, Illinois River Bridge and the East Fork, Illinois River Bridge Sections of the Redwood Highway, beginning at Highway Engineer's Station 479+00.94, about one-half mile south of the crossing of the West Fork of the Illinois River, and extending in a northeasterly direction to Highway Engineer's Station 673+89.39, in the southerly edge of the town of Cave Junction, together with the map, which for identification purposes bears map file No. 7B-35-13, field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

1-b. That the survey of the Neskowin-Salmon River Section of the Oregon Coast Highway, beginning at Highway Engineer's Station 249+00, in the community of Neskowin, and extending in a southerly direction to Highway Engineer's Station 633+68.15, a point on the present highway approximately one and one-half miles west of the town of Otis, together with the map, which for identification purposes bears map file No. 7B-35-1, field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

EXHIBIT "L-1" (Cont)

2. That when said highway sections are permanently constructed, the same shall be done in accordance with said surveys and locations unless otherwise directed or ordered by the Commission.

3. That the approval and adoption of said surveys shall constitute and be deemed instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the construction, reconstruction, or improvement of the highways along and over said surveys. Said approval and adoption shall also be deemed and constituted as instructions to the Legal and Right of Way Department to proceed promptly with the acquisition of rights of way pursuant to the normal and approved method.

4. That heretofore by resolution of this Commission, dated November 3, 1948, said section of the Redwood Highway and said section of the Oregon Coast Highway were designated as "throughways" within the meaning and purpose of ORS 374.005, commonly known as the "Throughway Law," and, for the reasons stated therein, the above-named sections of said highways should be and it hereby is directed that the construction of the same shall be accomplished pursuant to and within the meaning and scope of said law except any portion of said sections which had more than ten commercial businesses abutting thereon catering to the motoring public in any one mile as of the date said sections of highways were designated as throughways.

5. That this resolution be entered in the minutes and records of the Commission as of the nineteenth day of December, 1955, as Survey Resolution No. 133.

EXHIBIT "L-2"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make complete and final surveys of the following described state highway routes and locations:

1. Meadowbrook Bridge Unit of the Molalla-Colton Section of the Woodburn-Estacada Secondary Highway in Clackamas County;

2. Willamette River (Springfield) Bridge Section of the McKenzie Highway in Lane County;

3. Pendleton-Pilot Rock Section of the Pendleton-John Day Highway in Umatilla County;

4. Meda Bridge Section of the Little Nestucca Secondary Highway in Tillamook County;

5. South 6th Street (Klamath Falls) Railroad Overcrossing Section of the Klamath Falls-Lakeview Highway in Klamath County;

6. Cornelius-Hillsboro Unit of the Forest Grove-Hillsboro Section on the Tualatin Valley Highway in Washington County;

and in connection therewith to prepare maps showing the routes and locations of said sections, and to file said maps, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said surveys and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said surveys, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1-a. That the survey of the Meadowbrook Bridge Unit, Molalla-Colton Section of the Woodburn-Estacada Secondary Highway, beginning at Highway Engineer's Station 159+00.39, on the west side of the Molalla River east of the town of Molalla, and extending in an easterly direction to Highway Engineer's Station 182+27.78 on the easterly side of the Molalla River, together with the map, which for identification purposes bears Map File

EXHIBIT "L-2" (Cont)

No. 7B-35-20 (Drg. No. 1R-5-838), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

1-b. That the survey of the Willamette River (Springfield) Bridge Section of the McKenzie Highway, beginning at Highway Engineer's Station 243+50, on the westerly side of the Willamette River, near the junction with McVay Secondary Highway, and extending in an easterly direction to Highway Engineer's Station 263+86.75 on the easterly side of the Willamette River in the city of Springfield, together with the map which for identification purposes bears Map File Nos. 5B-36-8 and 6B-3-15 (Drg. No. 1R-5-829), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

1-c. That the survey of the Pendleton-Pilot Rock Section on the Pendleton-John Day Highway, beginning at Highway Engineer's Station 195+16 in the southerly part of the city of Pendleton, and extending in a southerly direction to Highway Engineer's Station 691+38.65 in the town of Pilot Rock, together with the map, which for identification purposes bears Map File No. 7B-36-14, 7B-35-11, 7B-35-7, 7B-35-10 (Drg. No. 1R-5-780), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

1-d. That the survey of the Meda Bridge Section on the Little Nestucca Secondary Highway, beginning at Highway Engineer's Station 59+00 near the north bank of the Little Nestucca River, approximately one mile south of the junction with the Oregon Coast Highway, and extending in a southerly direction to Highway Engineer's Station 80+00, a short distance south of the south bank of the Little Nestucca Highway, together with the map which for identification purposes bears Map File No. 10C-26-4 (Drg. No. 1R-5-830), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

1-e. That the survey of the South 6th Street (Klamath Falls) Railroad Overcrossing Section on the Klamath Falls-Lakeview Highway, beginning at Highway Engineer's Station 20+43 at the intersection of Kinlock and Sixth Avenues in the city of Klamath Falls, and extending in a southerly and easterly direction to Highway Engineer's Station 50+40 near Owens Street in the city of Klamath Falls, together with the map, which for identification purposes bears File Nos. 6B-1-4 and 6B-2-14 (Drg. No. 1R-5-832), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to

file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

1-f. That the survey of the Cornelius-Hillsboro Unit of the Forest Grove-Hillsboro Section on the Tualatin Valley Highway, beginning at Highway Engineer's Station 36+86 near the east bank of Dairy Creek, a short distance west of Hillsboro, and extending in a westerly direction to Highway Engineer's Station 210+60, a short distance west of the town of Cornelius, together with the map, which for identification purposes bears Map File No. 6B-34-20 (Drg. No. 1R-5-826), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

2. That when said highway sections are permanently constructed, the same shall be done in accordance with said surveys and locations unless otherwise directed or ordered by the Commission.

3. That the approval and adoption of said surveys shall constitute and be deemed instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the construction, reconstruction, or improvement of the highways along and over said surveys. Said approval and adoption shall also be deemed and constituted as instructions to the Legal and Right of Way Department to proceed promptly with the acquisition of rights of way pursuant to the normal and approved method.

4. That this resolution be entered in the minutes and records of the Commission as of the nineteenth day of December, 1955, as Survey Resolution No. 134.

EXHIBIT "M"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, Chapter 483 of Oregon Revised Statutes, sets forth maximum limits with respect to the size and weight of vehicles or combinations of vehicles, and the number of vehicles that may be coupled together in a combination of vehicles; and

WHEREAS, under the provisions of said law the State Highway Commission is authorized to issue permits for the operation, upon state highways, of vehicles and combinations of vehicles having a size, weight and number in combination in excess of said maximum limits; and

WHEREAS, under the provisions of ORS Section 483.525, when in the judgment of the State Highway Commission any state highway, or section thereof, is capable of carrying any combination of vehicles having a combination of vehicles gross weight in excess of that authorized in subsection (3) of ORS 483.506, or an overall length in excess of that authorized in subsection (4) of ORS 483.504, the Commission is authorized to so declare by resolution and to fix the maximum gross weight and length and types and classes of combinations of vehicles which may be operated thereon. Said law further provides that after such resolution is filed with the Secretary of State no permit shall be required for the operation upon such highway, or section thereof, of any combination of vehicles not exceeding the maximum gross weight and length fixed for combinations of vehicles of that type and class; and

WHEREAS, the State Highway Engineer has made investigations and studies and has compiled information and statistics relative to the strength, stability, design and alignment of all state highways;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That based upon the studies, investigations, information and statistics made and compiled by the State Highway Engineer, it is the judgment of this Commission that certain highways, or sections thereof, as set forth hereinafter, are capable of carrying combinations of vehicles having a combination of vehicles gross weight in excess of that authorized in subsection (3) of ORS 483.506, or an overall length in excess of that authorized in paragraph subsection (4) of ORS 483.504, or a number of vehicles in the combination in excess of that authorized in subsection (1) of ORS 483.508.

2. That except when engaged in the transportation of logs, poles or piling, any combination of vehicles having an overall length not in excess of 50 feet and a combination of vehicles gross weight not in excess of

68,000 pounds may be operated without a permit upon all those highways or sections of highways listed on the attached list of "Group II Highways", which for identification is marked "Attachment A", the attached list of "Group I Highways", which for identification is marked "Attachment B", and the attached list of "Special Group I Highways", which for identification is marked "Attachment C".

3. That except when engaged in the transportation of logs, poles or piling, any combination of vehicles consisting of a truck and full trailer, or of a truck-tractor and semitrailer drawing one trailer, or of a truck-tractor and semitrailer drawing one additional semitrailer mounted on a dolly equipped with a fifth wheel, having an overall length not in excess of 60 feet and a combination of vehicles gross weight not in excess of 76,000 pounds, may be operated without a permit upon all those highways or sections of highways listed on the attached list of "Group I Highways", which for identification is marked "Attachment B".

4. That except when engaged in the transportation of logs, poles or piling, any combination of vehicles consisting of a truck-tractor and semitrailer having an overall length not in excess of 55 feet and a combination of vehicles gross weight not in excess of 72,000 pounds may be operated without a permit upon all those highways or sections of highways listed on the attached list of "Special Group I Highways", which for identification is marked "Attachment C".

5. That nothing contained in this resolution shall be deemed to authorize the operation of vehicles having any gross weight in excess of the applicable gross weights set forth in the tables of weights in subsection (3) and (4) of ORS 483.524, nor any gross wheel, axle or tandem axle weight in excess of that set forth in subsection (3) of ORS 483.506. Nothing contained in this resolution shall be deemed to authorize the operation of any combination of vehicles which is not properly licensed, or does not carry proper Oregon P.U.C. plates and certificates or, except as otherwise expressly provided herein, which does not comply in all respects with the Oregon Motor Vehicle Laws and the Oregon Motor Transportation Code.

6. That the State Highway Engineer shall prepare, or have prepared, prints of a map to be issued to any person requesting the same, showing in contrasting colors the Group I Highways, the Group II Highways, and the Special Group I Highways referred to in paragraphs 2, 3 and 4 of this resolution. Attached hereto, and for identification marked "Attachment D" is a map showing such highways in contrasting colors. Said map is hereby approved by this Commission and prints thereof shall be issued to any interested person requesting the same.

7. That the provisions of this resolution are subject to any order heretofore or hereafter made by this Commission pursuant to ORS 483.532,

and the posting of any highway, section of highway, or highway structure to reduced limits of weights or dimensions shall be to that extent a modification of the weights or dimensions authorized by this resolution. This resolution may be changed, amended or rescinded at any time by resolution adopted by this Commission.

8. That this resolution revokes and supersedes a previous resolution of December 1954, dealing with this subject.

9. That this resolution be entered in the minutes of this Commission as of the 19th day of December, 1955, that the original of this resolution be filed in the records of the Secretary of the Commission, and that a duly certified copy thereof be filed with the Secretary of State, the Public Utilities Commissioner, and the Superintendent of State Police.

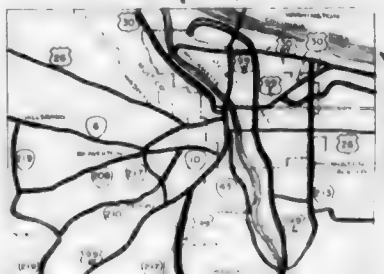
OREGON STATE HIGHWAY DEPARTMENT
PERMIT DIVISION
MAP

Issued pursuant to resolution adopted by State Highway Commission on December 19, 1955, under authority of ORS 483.525

December, 1955



NOTE
Each driver, chauffeur or owner of any combination of vehicles shall be responsible for determining the exact

EXHIBIT "N"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, by virtue of ORS 366.320 the State Highway Commission is authorized to purchase real property and access rights deemed necessary for highway right of way purposes; and

WHEREAS, by virtue of ORS 366.340 the State Highway Commission is authorized to purchase real property, or any right or interest therein, including any easement or right of access, deemed necessary for the construction of shops, equipment sheds, office buildings, maintenance sites, patrolmen accommodations and broadcasting stations;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That the real property belonging to the United States of America and hereafter described as Parcel No. 1 is necessary for maintenance site and office building purposes for the state highway system.

Parcel No. 1:

A parcel of land lying in the William Meek Donation Land Claim No. 50, and situated in the Northwest quarter (NW $\frac{1}{4}$) of Section 25, Township 1 South, Range 1 East, W.M., Clackamas County, Oregon, and being a portion of that tract of land described in that certain deed to United States of America, recorded in Book 294, Page 191 of Clackamas County Records of Deeds; the said parcel being described as follows:

Beginning at the intersection of the easterly boundary of the East Portland-Oregon City Highway with the North boundary of the William Meek Donation Land Claim No. 50, in Section 25, Township 1 South, Range 1 East, W.M., which point bears North 89° 07' East 396.28 feet distant from the re-entrant corner of said claim; thence North 89° 07' East, tracing the North boundary of the William Meek Donation Land Claim 906.22 feet to a point on the West line of the Southern Pacific Railroad right of way; thence southerly tracing said right of way along a 11409.20 foot radius curve to the right (the long chord of which bears South 3° 52' 38.5" East) 686.05 feet; thence South 89° 07' West, parallel to the North boundary of said William Meek Donation Land Claim No. 50, 1078.68 feet to a point on the East line of said East Portland-Oregon City Highway; thence North 10° 23' 50" East along the East line of said highway 698.50 feet to the point of beginning.

EXCEPTING that portion described in those deeds to the State or Oregon, by and through its State Highway Department,

EXHIBIT "N" (Cont)

recorded in Book 233, Page 360 and Book 261, Page 137 of Clackamas County Records of Deeds. Also excepting public roads and streets.

The parcel of land to which this description applies contains 486,200 square feet.

2. That the real property belonging to the United State of America and hereafter described as Parcel No. 2 is necessary for right of way purposes for the construction, improvement, betterment and maintenance of the highways in the state highway system and for the widening, improvement and maintenance of the Pacific Highway East, including its use for the construction of a future frontage road thereon.

Parcel No. 2:

A parcel of land lying in the William Meek Donation Land Claim No. 50 in the West half ($W\frac{1}{2}$) of Section 25 and the East half ($E\frac{1}{2}$) of Section 26, Township 1 South, Range 1 East, W.M., Clackamas County, Oregon, and being a portion of that tract of land described in that certain deed to United States of America, recorded in Book 294, Page 191 of Clackamas County Records of Deeds; the said parcel being described as follows:

Beginning at the re-entrant corner on the northerly line of the William Meek Donation Land Claim No. 50; thence along the North boundary at said Donation Land Claim No. 50, North 89° 07' East, 396.28 feet to its intersection with the East line of the Pacific Highway East; thence South 10° 23' 50" West (South 10° 45' West State bearing) 698.50 feet to the Southwest corner of the proposed addition to the State Highway Department maintenance site and the true point of beginning; thence North 89° 07' East, along the South line of said site. 61.2 feet to a point 110 feet from (when measured at right angles to) the center line of said Pacific Highway East; thence South 10° 23' 50" West, parallel with the center line of said highway 1274.5 feet to a point on the North line of the right of way conveyed to the City of Milwaukie (March 17, 1950, in Book 431, Page 191) said point being opposite and 110 feet easterly of Engineer's centerline Station 361+00; thence North 79° 36' 10" West, 60 feet to the East line of said highway, thence North 10° 23' 50" East along the East line of said highway 1262.5 feet to the true point of beginning.

The parcel of land to which this description applies contains 76,110 square feet.

3. That it is necessary that there shall be no rights of access of any nature between the right of way of the said Pacific Highway East, including the above-described Parcel No. 2, and all of the contiguous real property belonging to the United states of America, which abuts thereon remaining after the acquisition of said Parcel No. 2 by the State Highway Commission.

EXHIBIT "N" (Cont)

4. That the Legal and Right of Way Department is directed to attempt to purchase the above-described parcels of property from the United States of America for the purposes and subject to the restrictions hereinabove stated.

5. That this resolution be entered in full in the minutes and records of the Commission this 19th day of December, 1955, as Miscellaneous Resolution No. 173.

EXHIBIT "O-1"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: Rights of way, either for the original location or the widening, straightening or otherwise changing of any highway, road or street; quarry sites, gravel pits, storage sites, stockpile sites; the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; the elimination or prevention of hazardous points of entry from adjacent property to state highways; or the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the State Highway Commission plans and proposes to relocate, construct, improve and maintain the Valley Junction-Sheridan Section of the Salmon River Highway; and,

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions of, and within the meaning and for the accomplishment of the purposes declared and provided under, the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and,

WHEREAS, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation,

EXHIBIT "O-1" (Cont)

construction, reconstruction, improvement and maintenance of any throughway or section thereof or for a service road, the Highway Commission may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owner and the State are best served, even though the entire tract is not immediately needed for the highway proper, and,

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways in the state highway system and for the relocation, construction, improvement and maintenance of the said Valley Junction-Sheridan Section of the Salmon River Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owner should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said relocated Valley Junction-Sheridan Section of the Salmon River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel or parcels on the attached list marked Exhibit "A".*

3. That the relocation, construction, improvement and maintenance of the said Valley Junction-Sheridan Section of the Salmon River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located,

EXHIBIT "O-1" (Cont)

and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 19th day of December, 1955.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 561, under the heading "Real Property Condemnation Resolutions," and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "O-2"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to-wit: Rights of way, either for the original location or the widening, straightening or otherwise changing of any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites, the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; the elimination or prevention of hazardous points of entry from adjacent property to state highways; or the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, the Highway Commission is required to designate, locate, relocate, construct and maintain in the State of Oregon a system of highways, including all necessary bridges and culverts, and

WHEREAS, for the purpose of constructing and maintaining certain sections of the state highway system, the real property hereinafter described is necessary for the acquisition of roadbuilding materials, and

WHEREAS, the Highway Commission is authorized to take fee simple title to said real property;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, fee simple title to a certain parcel of real property. The said parcel of real property needed and required, or which in the best interests of the State and the owners should be acquired, and the specific use to be made thereof, is more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner and the Commission's respective file number; and said Exhibit "A" is by this reference adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That the highway facilities for which the said parcel of property is required and is being taken is necessary in the public interest, and the

same has been planned, designed, located, and will be constructed, in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons having an interest in said parcel of real property as to the compensation to be paid for the taking, and that in the event no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcel of real property.

4. That upon the trial of any suit or action instituted to acquire the said real property, the Chief Counsel or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interest of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of this Commission this 19th day of December, 1955, as Condemnation Resolution No. 562.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 562, under the heading "Real Property Condemnation Resolutions," and said description, map, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "O-3"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Little Nestucca Secondary Highway; and

WHEREAS, for the purpose of widening, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, construction, improvement and maintenance of the said Little Nestucca Secondary Highway, fee simple title to certain parcels of real property. The said parcels of real property needed and required, or which in the best interests of the State and the owners should be acquired, and the specific use to be made thereof, are more particularly described in the attached list, marked Exhibit "A", under the Commission's respective file number and the name of the record owner or reputed owner; and said Exhibit "A" is by this reference adopted and made a part hereof as completely and fully as though set forth herein in full.*

EXHIBIT "O-3" (Cont)

2. That the widening, construction, improvement and maintenance of the said Little Nestucca Secondary Highway and the highway facilities for which each of the said parcels of property is required and being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons having an interest in said parcels of real property as to the compensation to be paid for the taking; and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, the Chief Counsel or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 19th day of December, 1955, as Condemnation Resolution No. 563.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 563, under the heading "Real Property Condemnation Resolutions," and said descriptions, maps,and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "O-4"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: Rights of way, either for the original location or the widening, straightening or otherwise changing of any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; the elimination or prevention of hazardous points of entry from adjacent property to state highways; or the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, construct, improve and maintain the South Unit, Forest Boundary-Burns Section of the John Day-Burns Highway, and

WHEREAS, for the purpose of widening, constructing, improving and maintaining the said highway, it is the judgment of the Commission that the real property hereinafter described is necessary and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, construction, improvement and maintenance of the said South Unit, Forest Boundary-Burns Section of the John Day-Burns Highway certain interests in or fee simple title to a certain parcel of real property. The said parcel of real property, or particular interests therein, needed and required, or which in the best interests of the State and the owners should be acquired, and the specific use to be made thereof, is more particularly described in the attached list, marked Exhibit "A", under the name of the record owner; and the Commission's respective file number and said Exhibit "A" is by this reference adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said South Unit, Forest Boundary-

Burns Section of the John Day-Burns Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel or parcels on the attached list marked Exhibit "A".*

3. That the widening, construction, improvement and maintenance of the said South Unit, Forest Boundary-Burns Section of the John Day-Burns Highway and the highway facilities for which the said parcel of property, or interest therein, is required and is being taken, is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcel of real property as to the compensation to be paid for the taking; and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcel of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 19th day of December, 1955, as Condemnation Resolution No. 564.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 564, under the heading "Real Property Condemnation Resolutions," and said description, map, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "O-5"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right of access, deemed by the Highway Commission necessary for highway purposes, to wit: Rights of way, either for the original location or the widening, straightening or otherwise changing of any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; the acquisition or manufacture of roadbuilding materials, approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; the elimination or prevention of hazardous points of entry from adjacent property to state highways; or the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, construct, improve and maintain the Pacific Highway West and the Denver Avenue-Union Avenue intersection of the Pacific Highway West and the Pacific Highway East; and

WHEREAS, for the purpose of widening, constructing, improving and maintaining the said highway, it is the judgment of the Commission that the real properties hereinafter described are necessary and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, construction, improvement and maintenance of the said Pacific Highway West and the Denver Avenue-Union Avenue intersection of the Pacific Highway West and the Pacific Highway East, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, or which in the best interests of the State and the owners should be acquired, and the specific use to be made thereof, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner; and the Commission's respective file number and said Exhibit "A" is by this reference adopted and made a part hereof as completely and fully as though set forth herein in full.*

EXHIBIT "O-5" (Cont)

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said Pacific Highway West and the Denver Avenue-Union Avenue intersection of the Pacific Highway West and the Pacific Highway East and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property, except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel or parcels on the attached list marked Exhibit "A".*

3. That the widening, construction, improvement and maintenance of the said Pacific Highway West and the Denver Avenue-Union Avenue intersection of the Pacific Highway West and the Pacific Highway East and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking; and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 19th day of December, 1955, as Condemnation Resolution No. 565.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 565, under the heading "Real Property Condemnation Resolutions," and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "O-6"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: Rights of way, either for the original location or the widening, straightening or otherwise changing of any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; the acquisition or manufacture of road building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; the elimination or prevention of hazardous points of entry from adjacent property to state highways; or the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the State Highway Commission plans and proposes to widen, construct, improve and maintain the Willamette Highway between Odell Butte and the junction of the Willamette Highway and The Dalles-California Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions of, and within the meaning and for the accomplishment of the purposes declared and provided under, the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and,

WHEREAS, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof or for a service road, the Highway Commission may, in its discretion, acquire an entire lot, block or tract of land, part of which is

necessary for the above purposes, if by so doing the interests of the owner and the State are best served, even though the entire tract is not immediately needed for the highway proper; and,

WHEREAS, for the purpose of widening, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways in the state highway system and for the widening, construction, improvement and maintenance of the said Willamette Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said widened and improved Willamette Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel or parcels on the attached list marked Exhibit "A". *

3. That the widening, construction, improvement and maintenance of the said Willamette Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking,

EXHIBIT "O-6" (Cont)

and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 19th day of December, 1955, as Condemnation Resolution No. 566.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 566, under the heading "Real Property Condemnation Resolutions," and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

25917

EXHIBIT "O-7"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to-wit: Rights of way, either for the original location or the widening, straightening or otherwise changing of any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; the elimination or prevention of hazardous points of entry from adjacent property to state highways; or the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, the Highway Commission is required to designate, locate, relocate, construct and maintain in the State of Oregon a system of highways, including all necessary bridges and culverts; and

WHEREAS, for the purpose of constructing and maintaining certain sections of the state highway system, the real property hereinafter described is necessary for the acquisition of roadbuilding materials; and

WHEREAS, the Highway Commission is authorized to take fee simple title to said real property;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, fee simple title to a certain parcel of real property. The said parcel of real property needed and required, or which in the best interests of the State and the owners should be acquired, and the specific use to be made thereof, is more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner and the Commission's respective file number, and said Exhibit "A" is by this reference adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That the highway facilities for which the said parcel of property is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed, in a

EXHIBIT "O-7" (Cont)

manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons having an interest in said parcel of real property as to the compensation to be paid for the taking, and that in the event no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcel of real property.

4. That upon the trial of any suit or action instituted to acquire the said real property, the Chief Counsel or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interest of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of this Commission this 19th day of December, 1955, as Condemnation Resolution No. 567.

---

*FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 567, under the heading "Real Property Condemnation Resolutions," and said description, map, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "O-8"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: Rights of way, either for the original location or the widening, straightening or otherwise changing of any highway, road or street; quarry sites, gravel pits, storage sites, stockpile sites; the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; the elimination or prevention of hazardous points of entry from adjacent property to state highways; or the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the State Highway Commission plans and proposes to relocate, construct, improve and maintain the Klamath Falls, West Side By-Pass Section of The Dalles-California Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions of, and within the meaning and for the accomplishment of the purposes declared and provided under, the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real

EXHIBIT "O-8" (Cont)

properties hereinafter described are necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways in the state highway system and for the relocation, construction, improvement and maintenance of the said Klamath Falls, West Side By-Pass Section of The Dalles-California Highway as a through-way, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owner should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said relocated Klamath Falls, West Side By-Pass Section of The Dalles-California Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property.

3. That the relocation, construction, improvement and maintenance of the said Klamath Falls, West Side By-Pass Section of The Dalles-California Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

EXHIBIT "O-8" (Cont)

6. That this resolution be entered in full in the minutes and records of the Commission this 19th day of December, 1955.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 568, under the heading "Real Property Condemnation Resolutions," and said description, map, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "O-9"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to-wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Jumpoff Joe Creek-Grants Pass Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is

necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The State Highway Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Jumpoff Joe Creek-Grants Pass Section of the said Pacific Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel or parcels on the attached list marked Exhibit "A".*

3. That the relocation, construction, improvement and maintenance of the said Jumpoff Joe Creek-Grants Pass Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the

EXHIBIT "O-9" (Cont)

Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 19th day of December, 1955, as Condemnation Resolution No. 569.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 569, under the heading "Real Property Condemnation Resolutions", and said description, map, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: Rights of way, either for the original location or the widening, straightening or otherwise changing of any highway, road or street; quarry sites, gravel pits, storage sites, stockpile sites; the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; the elimination or prevention of hazardous points of entry from adjacent property to state highways; or the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the State Highway Commission plans and proposes to relocate, construct, improve and maintain the Pendleton-Pilot Rock Section of the Pendleton-John Day Highway; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required for the construction, improvement, betterment and maintenance of highways in the state highway system and for the relocation, construction, improvement and maintenance of the said Pendleton-Pilot Rock Section of the Pendleton-John Day Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, or which in the best interests of the State and the owner should be acquired and the specific use to be made thereof, are more particularly described in the attached list, marked Exhibit "A", under the Commission's respective file number and the name of the record owner or reputed owner;

EXHIBIT "O-10" (Cont)

and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said relocated Pendleton-Pilot Rock Section of the Pendleton-John Day Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel or parcels on the attached list marked Exhibit "A".*

3. That the relocation, construction, improvement and maintenance of the said Pendleton-Pilot Rock Section of the Pendleton-John Day Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 19th day of December, 1955.

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to-wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State or Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the State Highway Commission plans and proposes to relocate, construct, improve and maintain the Dolph Corner-Rickreall Section of the Willamina-Salem Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real

EXHIBIT "O-11" (Cont)

property hereinafter described is necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Dolph Corner-Rickreall Section of the Willamina-Salem Highway as a throughway, certain interests in or fee simple title to a certain parcel of real property. The said parcel of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number; and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said relocated Willamina-Salem Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel on the attached list marked Exhibit "A".*

3. That the relocation, construction, improvement and maintenance of the said Dolph Corner-Rickreall Section of the Willamina-Salem Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest, the Chief Counsel or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 571, under the heading "Real Property Condemnation Resolutions," and said description, map, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "O-12"

Minutes of December 19 and 20, 1955

RESOLUTION

WHEREAS, the State Highway Commission on the 22nd day of September, 1955, by resolution declared the necessity for the acquisition of certain real property owned by Howard B. Fleming and Edna A. Fleming, File No. R-18164, situated in Township 7 South, Range 5 West, Willamette Meridian, Polk County, Oregon, for right of way purposes, for the construction, improvement and maintenance of the Dolph Corner-Rickreall Section of the Willamina-Salem Highway, and in said resolution further declared that it is necessary that there shall be no rights of access of any nature between the said right of way of the said Willamina-Salem Highway and all of the contiguous remaining real property of the said owners, except for the rights of access reserved to the said owners, in said resolution, to the said Willamina-Salem Highway; and

WHEREAS, at the time the said resolution was adopted by the State Highway Commission it was understood and intended by the said Commission that a certain improved roadway which extends from the Salem-Dallas Highway northerly along the easterly line of the said owners' real property and which crosses the right of way of the said Willamina-Salem Highway at approximately Highway Engineer's centerline Station 824+69 was a public road, and would intersect and connect with the said Willamina-Salem Highway at approximately Highway Engineer's centerline Station 824+69, so that the said owners would have access to the said Willamina-Salem Highway, as well as a right to cross said highway, at said point of intersection; and

WHEREAS, it now appears to the State Highway Commission that said improved roadway is a private roadway and, therefore, in order to fully reserve to the said owners rights of access to the said Willamina-Salem Highway where said improved road intersects with the said Willamina-Salem Highway, as well as a right to cross the same, additional rights of access should be reserved by resolution to the said owners, in addition to those mentioned in the said resolution of September 22, 1955.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED BY THIS COMMISSION as follows:

1. That the access control paragraph of that certain resolution adopted on September 22, 1955, pertaining to the acquisition of right of way, and the control of access, from Howard B. Fleming and Edna M. Fleming, File No. R-18164, be and the same hereby is amended as follows:

> A right of access to the Willamina-Salem Highway of a width of 25 feet on the northerly side of said highway opposite Highway Engineer's centerline Station 795+00, for

25061

EXHIBIT "O-12" (Cont)

the production and transportation to market of farm products from the owners' remaining land, and for private residential use only.

A right of access to the Willamina-Salem Highway of a width of 25 feet on the southerly side of said highway opposite Highway Engineer's centerline Station 795+00, for the production and transportion to market of farm products from the owners' remaining land, and for private residential use only.

A right of access to the Willamina-Salem Highway of a width of 25 feet on the northerly side of said highway opposite Highway Engineer's centerline Station 824+17, for the production and transportation to market of farm products and for private residential use only.

A right of access to the Willamina-Salem Highway of a width of 25 feet on the southerly side of said highway opposite Highway Engineer's centerline Station 825+09, for the production and transportation to market of farm products and for private residential use only.

If, after written notice to desist, the owners, or any person holding under them shall use the above rights of access for any purpose not stated for those particular places, or shall permit or suffer any person to do so, the rights of access shall automatically be suspended. The State Highway Commission shall thereupon have the right to close the places of access for all purposes. The suspension shall terminate when satisfactory assurance has been furnished the State Highway Commission that the places of access will be used only for the purposes hereinabove stated; provided, however, that the State Highway Commission may first require a bond with sureties satisfactory to it in an amount not in excess of $1,000.00 conditioned upon faithful compliance with the above provisions concerning the use of the accesses at said places. The State Highway Commission's rights to close the places of access and require a bond shall be continuing as to each succeeding use for a purpose not herein stated.

The State Highway Commission shall, however, have the right at its option to build at any future time, at its sole cost, a frontage road, or roads, within the boundaries of any present or hereafter acquired right of way; thereupon the rights of access herein granted to and from the aforesaid highway which are on or adjacent to any such frontage road, or roads, shall cease, but the owners, their heirs and assigns, shall have access to the said frontage road, or roads. Said frontage road, or roads, shall be connected to the said

EXHIBIT "O-12" (Cont)

Willamina-Salem Highway at a point not a greater distance to the West of the owners' remaining land than a point approximately opposite Highway Engineer's centerline Station 672+00, and a point not a greater distance to the East of the owners' remaining land than a point approximately opposite Highway Engineer's centerline Station 857+00.

The right, so long as any portions of the remaining property on both sides of the said Willamina-Salem Highway and served by such crossing are held by a common ownership, to establish, maintain and use a crossing of a width of 30 feet at Highway Engineer's centerline Station 795+00, such right to continue only so long as the crossing shall be used for farm purposes only. The construction of a frontage road, or roads, shall not defeat the right of crossing.

The right, so long as any portions of the remaining property on both sides of the said Willamina-Salem Highway and served by such crossing are held by a common ownership, to establish, maintain and use a crossing of a width of 30 feet at Highway Engineer's centerline Station 824+17 on the northerly side of said highway at a point opposite Highway Engineer's centerline Station 824+09 on the southerly side of said highway, such right to continue only so long as the crossing shall be used for farm purposes only. The construction of a frontage road, or roads, shall not defeat the right of crossing.

2. That this resolution be entered in full in the minutes and records of the Commission this 19th day of December, 1955, as Condemnation Resolution No. 560-d.

Portland, Oregon
January 26, 1956

The Oregon State Highway Commission met in regular session at 9:00 a.m. in the Queens Room of the Imperial Hotel.

Present were:

Ben R. Chandler, Chairman
Chas. H. Reynolds, Commissioner
M. K. McIver, Commissioner
R. H. Baldock, State Highway Engineer
W. C. Williams, Deputy State Highway Engineer
W. W. Stiffler, Assistant State Highway Engineer
C. W. Enfield, Chief Counsel
Robert L. May, Jr., Assistant Chief Counsel
E. F. Chidsey, Assistant Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
H. B. Glaisyer, Secretary

Bids as follows, for highway construction were opened and read aloud by the Secretary, who then announced that the Commission would award contracts at 3:30 p.m. in the same room.

The Commission approved the minutes of meetings held on November 3 and 4, and on December 19 and 20, 1955.

The State Parks Superintendent, Mr. C. H. Armstrong, reported on the following park matters:

1. Progress report relating to purchase of lands for scenic purposes in the Columbia Gorge: The Parks Superintendent presented a written report on seven different properties, dated January 16. Of these seven, he said, it appears that it might be possible to purchase the land owned by Troutdale Farms and that of Mr. William E. Mayes. Also that a satisfactory price can be obtained from the First National Bank, Trustee, for 19 acres of land in the NE 1/4 SE 1/4 of Section 29, Township 1 North, Range 4 East, W.M. This land serves as a part of the connecting link between land now owned by the Columbia River Gorge Commission and a tract of land parallel to the railroad, owned by the Union Pacific Railroad Company. This tract, the Parks Superintendent stated, can be purchased for $1,000 and has the approval of the Columbia River Gorge Commission. The Commission accepted the Parks Superintendent's report and authorized the purchase of the 19-acre tract at the price mentioned.

2. Request of the Bureau of Land Management that a strip of State-owned land, 40-feet wide, at the entrance to Maria C. Jackson State Park in Coos County be deeded to the Bureau to permit construction of an entrance road: The Parks Superintendent explained that the Bureau of Land Management has agreed to construct a road satisfactory to the State and to Mr. John Kirk, a rancher whose land is crossed by the road, if the State will transfer to the Bureau land at the entrance to the park, and will grant to the Bureau an easement or permit for a roadway across the State's property that is now constructed. The proposed improvement, he said, will provide a better road than now exists and will benefit both the State and Mr. Kirk. He recommended that the Bureau's request be granted. The Commission accepted the recommendation, subject to the condition that the entrance road is constructed for public use.

3. Fees to be charged users of State Park facilities during the season of 1956: The fees recommended, the Parks Superintendent stated, are in general, the same as those charged in 1955. He called attention to the over-all picture of revenues and disbursements for the use of overnight camping facilities, youth camps, seasonal permits, et cetera. The total cost for the services rendered, he stated, amounted to $27,486.19 whereas the revenues received amounted to $46,019.26. The income at North Silver Creek Youth Camp, he pointed out, shows a deficit of $232.77, this being due to an agreement previously entered into with the Conservative Baptists whereby they are to construct a swimming pool in lieu of making an annual payment of $700 over a period of several years; also, the Honeyman Park bathhouse showed a deficit of $601.95. He presented a list of fees to be charged during 1956, as follows, and recommended approval of the same.

25068

I. CAMPING FEES

A. GROUP USE - ORGANIZATIONS

1. Silver Falls Youth Camp, Silver Falls State Park. Season June 1 to Labor Day. Camper Capacity - 100. — Season $700.00

2. Smith Creek Youth Camp, Silver Falls State Park. Season June 1 to Labor Day. Camper Capacity - 50 — 350.00

3. North Falls Youth Camp, Silver Falls State Park. Season June 1 to Labor Day. Camper Capacity - 150. No charge in accordance with agreement dated September 26, 1955. — No Charge

4. Intermediate permit: 2 - 8 weeks, North Falls Camp, Silver Falls State Park per week per camper, including staff and help. — .75

5. Short term permit: (up to 2 weeks) Silver Falls and Smith Creek Youth Camps, Silver Falls State Park.
   Opening and closing camp when time required by representative of the department at the camp is not in excess of two hours. — 5.00

   Opening and closing camp for time required by representative of the department in excess of two hours, or fraction thereof, per hour. — 2.00

   Each person per night. — .25

6. Short term permit: (up to 2 weeks) North Falls Youth Camp, Silver Falls State Park, also at Emigrant Springs, and Battle Mountain State Parks.
   Opening and closing camp when time required by representative of the department at the camp is not in excess of two hours. — 3.00

   Opening and closing camp for time required by representative in excess of two hours, or fraction thereof, per hour. — 2.00

   Each person per night. — .15

Fuel, propane gas, miscellaneous materials, breakage and losses will be charged at cost.

B. GROUP USE - GENERAL (Any Park)

1. Short term permit, open area group camping. 20 persons or less - first night.	$ 3.00
Each person over 20 for the first night, and per person each night thereafter.	.05

C. INDIVIDUAL, FAMILY AND GROUP OVERNIGHT CAMPERS

1. Improved camps where water, fuel, toilet, are provided, per night per car.	1.00
Per night per car and trailer.	1.25
2. Unimproved camps with table, stove, but water and sanitary facilities some distance away, or areas outside of improved camp.	.75

II. BATHHOUSE FEES.

A. JESSIE M. HONEYMAN STATE PARK

1. Children 14 years of age and under.	.20
2. Over 14 years of age.	.40
3. Season Tickets - Children under 14 years of age.	4.00
4. Season Tickets - Over 14 years of age.	6.00
5. Red Cross Swimming Classes - Children under 14 years of age, 8 - 11 A.M.	Free of Charge

III. LANTERN FEES

A. LAVA CAVES PARK

1. State-owned lanterns used for visiting the caves.	.10

IV. STOVE METER CHARGES

A. ANY PARK SO FACILITATED

1. Meter controlled units - approximately 30 minutes of electricity or gas.	.10

The Commission approved the schedule of rates as recommended by adopting the attached resolution relative thereto marked EXHIBIT "K",

which resolution by this reference is made a part hereof with like affect as though extended in full herein.

An inquiry was made by Chairman Chandler as to what progress is being made in the proposed transfer of land from Lloyd Corporation for park purposes, north of Wedderburn. The Parks Superintendent replied that Lloyd Corporation representatives had requested deferment of action until after March 1, 1956.

The Assistant Right of Way Engineer presented for consideration options secured for acquisition of real property needed as state highway right of way and for other purposes. After careful consideration, the Commission unanimously approved closing the options at the prices mentioned therein by adopting the attached resolution relative thereto marked "EXHIBIT A", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

In discussing the options, Chairman Chandler inquired as to progress that is being made in securing right of way for the Valley Junction-Sheridan Section of the Salmon River Highway. The Assistant Right of Way Engineer replied that out of 48 properties to be acquired, it appears that 16 will have to be condemned. Mr. Chandler also inquired as to why the property acquired for realignment of the Redwood Highway at the Illinois River Bridge is so expensive. The Deputy Engineer explained that the existing alignment is very inferior and in securing an adequate realignment it had been necessary to go through some rather expensive property developments. Commissioner Reynolds inquired concerning acquisition of property through and near the town of Ukiah. The Assistant Right of Way Engineer replied that no particular trouble has been encountered and he felt that all of the options would be secured within a week or ten days.

The Assistant Right of Way Engineer presented a list of properties that are needed in connection with additional highway improvements. He explained that no authority has previously been granted by the Commission to negotiate for these areas and he requested such authority at this time. The Commission authorized negotiations to obtain options for the following properties.

COUNTY AND SECTION	HIGHWAY	FILE NO. & NAME	AREA	PURPOSE
DOUGLAS Shady-Booth Ranch Unit of the Shady-Canyonville Section	Pacific	24580- Bounds	Parcel 1- 5.46 ac. Parcel 2- 1.33 ac.	Plant Site Haul Road
		24581- Moore	0.31 acre	Haul Road
		24582- Moon	0.51 acre	"

COUNTY AND SECTION	HIGHWAY	FILE NO. & NAME	AREA	PURPOSE
DOUGLAS -Cont.				
Shady -Booth Ranch Unit of the Shady-Canyonville Section	Pacific	24583- Tucker	0.34 acre	Haul Road
		24584- Williams	0.44 acre	" "
		24585- Tucker	1.31 acre	" "
POLK				
Salem-Brush College Section	Salem-Dayton	24527- Rentfro	0.124 acre	Right of Way
		24528- Glaze	0.195 acre	" "

A report was presented by the Assistant Right of Way Engineer on sales of miscellaneous properties made by the Property Manager subsequent to the last Commission meeting. He recommended that the report be accepted. The Commission accepted the report.

(NOTE: For details, see report of the Property Manager, dated January 26 and 27, 1956, in the Commission files.)

Also presented by the Assistant Right of Way Engineer was a supplemental report containing a list of newly rented properties, and leases terminated, during the period December 10, 1955 to January 15, 1956. He pointed out that rental receipts from December 1, 1955 to January 1, 1956, amounted to $11,634.36. (See copy of report in general files for details.)

Consideration was given to a lease extension whereby the Oregon-Washington Railroad and Navigation Company and the Union Pacific Railroad Company allow the State to use an oil storage location on the Wallowa Lake Highway at Island City in Union County. The Assistant Right of Way Engineer explained that the property has been leased by the State since February 1, 1926 on an annual basis, and he recommended approval of a five-year extension beginning January 1, 1956, without charge. The Commission approved such lease extension.

The Commission gave consideration to the proposed sale of several parcels of State Highway property. The Assistant Right of Way Engineer explained that in each instance it was carefully determined that the property is no longer needed for highway purposes and may be sold. He recommended that he be granted authority to advertise for public sale the following excess properties:

a. Gaarde property, file 18628 consisting of 0.33 acre on the Tigard-Newberg Section of the Pacific Highway West in Washington County, at a minimum price of $2,300. (See EXHIBIT "B-1".)

b. 95 acres on the Goshen-Divide Section of the Pacific Highway near the Creswell Interchange in Lane County, file 21217, at a minimum price of $4,500. (See EXHIBIT "B-2".)

c. Cook property, file 22152 consisting of 59.04 acres on the Olds Ferry-Ontario Section of the Old Oregon Trail Highway in Malheur County at a minimum price of $4,000. (See Exhibit "B-3.")

The Commission granted authority to advertise these properties for sale by adopting the attached resolutions relative thereto marked EXHIBITS "B-1" through "B-3", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

d. Upon the Assistant Right of Way Engineer's favorable recommendation the Commission also authorized sale of 5,160 square feet of excess property, including a house, on the Goble-St. Helens Section of the Columbia River Highway in Columbia County, at a minimum price of $750. This property was formerly owned by Jessie H. Larson. The house is to be moved off the land within 30 days from acceptance of the successful bid.

Sale of 0.51 acre of excess property to Mr. Charles E. Eckelman on the Sundial Section of the Old Columbia River Highway in Multnomah County, (file 11954) was discussed. The Assistant Right of Way Engineer explained that the land was acquired with the intention of widening Sandy Boulevard but after designation of the Banfield Expressway the plans were changed so the property no longer was required. The property, he stated, was acquired from Mr. Eckelman at the rate of approximately $1,200 per acre, and it is contemplated to be resold to him at the rate of approximately $1,500 per acre. He recommended sale of the property to Mr. Eckelman for $750. The Commission approved the sale at such price.

The Property Manager's report showing income from rentals and sales during the year 1955 was presented by the Assistant Right of Way Engineer. He pointed out briefly that rentals for the year amounted to $135,086.54; sales of buildings, $41,409.61; sales of lands $396,092.75; sales of timber, $67,424.50, totalling $640,013.40. The Commission accepted the report and instructed the Secretary to extend to Mr. C. W. Parker, Property Manager, its compliments for a task well performed.

Changes in points of access on two properties were presented by the Assistant Right of Way Engineer. He explained that in each instance the change of access was recommended by the Engineer in order to provide a more economical and safer access to the highway from the properties concerned. He recommended, and the Commission approved, changes in access as follows:

A. J. Tanler Property, File 20097, on the Dayville-Mt. Vernon Section of the John Day Highway in Grant County.

Sparrow Estate Property, File 19653, on the Elbow Lake-Gardiner Section of the Oregon Coast Highway in Douglas County.

Commissioner McIver inquired concerning the solution of a problem of access pertaining to the Gunderson property in Eugene. The Chief Counsel stated that a conference on this matter is planned for the following day.

The Chief Counsel requested authority to acquire by condemnation if necessary the following properties which are needed as right of way in connection with various highway improvements or for other purposes, and to tender offers for the same in conformity with instructions given him by the Commission in its resolution dated December 20, 1951.

Chehalem Mt. -Newberg Section of the Hillsboro-Silverton Highway

R-24296- Hurbert V. Zenzen and Olive P. Zenzen
Right of Way (Yamhill)
900 square feet

R-24255- Bradley F. Smith and Alleta M. Smith
Right of Way (Yamhill)
3584 square feet

R-24310- A. R. Compton and Orva Compton
Right of Way (Yamhill)
680 square feet

R-24267- William E. Gearin, Anna Ruth Gearin, Billy Dan Gearin, Heva Joice Gearin, Fred J. Swingley and Laura Ellen Swingley
Right of Way (Yamhill)
2040 square feet

Lost River-Hatfield Junction Section of the Klamath Falls-Malin Highway

R-14509- James O'Keefe
Right of Way (Klamath)
0.46 acre

McMinnville (Adams Street) Section of the Pacific Highway West

R-22197- Ralph S. Grow, Parnell M. Grow, Alta E. Grow
(Yamhill)
Parcel No. 1: 24,050 square feet for Right of Way
Parcel No. 2: 780 square feet for Right of Way

R-22204- William A. Stuhlfeier
Right of Way (Yamhill)
0.297 acre

Washington County Line-Hillsdale Section of the Beaverton-Hillsdale Highway

R-23167- John A. Grant and Lois M. Grant
Right of Way (Multnomah)
0.046 acre

Jumpoff Joe Creek-Grants Pass Section of the Pacific Highway

R-23323- George D. Needham and Madge Needham
Right of Way (Josephine)
0.13 acre

R-23326- L. O. Baker and Katie Mae Baker
Right of Way (Josephine)
0.54 acre

R-23321- Mitchell H. Ewers
Right of Way (Josephine)
0.89 acre

Tillamook-Donaldson Creek Section of the Wilson River Highway

R-15756- Clarence A. Anderson and Irene M. Anderson
Right of Way (Tillamook)
81 square feet

R-22918- Karl Zweifel and Rose Zweifel
Right of Way (Tillamook)
1.34 acres

R-22919- Betty Burdick
Right of Way (Tillamook)
5.18 acres

R-23491- Roy E. Smith and Kathryn E. Smith
Right of Way (Tillamook)
747 square feet

R-23492- Mary E. Watt
Right of Way (Tillamook)
100 square feet

R-23498- John Leland Bester and Elizabeth P. Bester
Right of Way (Tillamook)
1.01 acres

R-23503- John Kunzi
Right of Way (Tillamook)
2.75 acres

R-23508- Lester Donaldson and Luta Donaldson
Right of Way (Tillamook)
3.85 acres

R-23509- Peter Becker, Hans Leuthold and Frances Leuthold
Right of Way (Tillamook)
4.10 acres

January 26, 1956

Tillamook-Donaldson Creek Section of the Wilson River Highway-Cont.

R-23510- Charles B. Swanson and Ella Marie McDonald
Right of Way (Tillamook)
4.8 acres

R-23511- Charles Wyss and Mida Wyss; Vern Lucas and Lorraine Lucas
Right of Way (Tillamook)
4.0 acres

R-23801- J. R. Caufield and Ella Caufield
Roadbuilding materials (Tillamook)
4 acres

R-23802- Lester Donaldson
Roadbuilding materials (Tillamook)
17.5 acres

West Fork Illinois River Bridge and East Fork Illinois River Bridge Section of the Redwood Highway

R-24214- Frank Rauber and Valeria E. Rauber
Right of Way (Josephine)
0.75 acre

R-24433- H. C. Yale and Lenore Kelly
Right of Way (Josephine)
11.0 acres

R-24434- C. C. Mullally and Grace Mullally; Newell Morphew and Lois Morphew
Right of Way (Josephine)
4.32 acres

R-24435- Stanley Arnold, Leo Knapp and Elsie Knapp
Right of Way (Josephine)
0.98 acre

R-24456- C. J. Fisher; C. C. Mullally and Grace Mullally, Newell Morphew and Lois Morphew
Right of Way (Josephine)
2.51 acres

Dodson-Bonneville Section of the Columbia River Highway

R-23911- Erick Enquist and Mary B. Enquist
Right of Way including use for a frontage road (Multnomah)
0.045 acre

January 26, 1956

Ukiah-West Forest Boundary Section of the Ukiah-Hilgard Secondary Highway

R-24463- Glen E. Leverenz
Right of Way (Umatilla)
Parcel No. 1; 2.25 acres for Right of Way
Parcel No. 2: 7.55 acres for Roadbuilding materials
Parcel No. 3: 1.56 acres for Right of Way

R-24464- J. A. Rhodes
Right of Way (Umatilla)
.05 acre

R-24466- Melton E. McMillin and Rosie McMillin
Right of Way (Umatilla)
Parcel No. 1: 2.70 acres for right of way
Parcel No. 2: .26 acre for connecting rnd

R-24468- Clair Metteer
(Umatilla)
Parcel No. 1: 18.4 acres for Right of Way and channel change
Parcel No. 2: 6.0 acres for roadbuilding materials

R-24472- F. R. Rhinhart
Right of Way and roadbuilding materials (Umatilla)
6.20 acres

Valley Junction-Sheridan Section of the Salmon River Highway

R-24107- H. I. Black and Marian E. Black
Right of Way (Polk)
10.88 acres

R-24145- Jack W. Eden and Wilma D. Eden
Right of Way (Yamhill)
3.64 acres

R-24146- Reinhold Kruger and Sophia Kruger
Right of Way (Yamhill)
Parcel No. 1: 7.91 acres
Parcel No. 2: 0.21 acre

R-24155- Loda Early and Glennie Mae Early
Right of Way (Yamhill)
2.73 acres

Pendleton-Pilot Rock Section of the Pendleton-John Day Highway

R-24243- Edwin Y. Shaw
Roadbuilding materials (Umatilla)
10.08 acres

January 26, 1956

Right of way maps, construction plans and other data were submitted to the Commission and the Engineer advised that the acquisition of the properties listed is required in order to carry out plans for highway improvements and other projects heretofore authorized by the Commission. After considering the matter in light of the information and advice submitted, together with the general knowledge of the members of the Commission concerning the various projects and the properties involved, the Commission approved the Chief Counsel's request by adopting the attached resolutions relative thereto, marked EXHIBITS "C-1" through "C-11", which resolutions by this reference are made a part hereof, with like effect as though extended in full herein.

The Commission accepted a report submitted by the Chief Counsel enumerating details concerning six cases that were tried before the courts since the last Commission meeting, as follows:

REPORT OF CASES TRIED THROUGH JANUARY 20, 1956

Case	Plaintiff	Defendant	County	Cause of Action	Demands of Plaintiff	Verdict or Judgment
L-2451	John J. Bingham	J. W. Reed, State Highway Commission, et al	Douglas	Mortgage foreclosure	Mortgage foreclosure	Case dismissed as to State
L-2027	State Highway Commission	Fred P. Rawson, et al	Jefferson	Trespass (Taking cinders) upon State lands	Injunction to restrain trespass	Petition for injunction denied
L-2049	Joseph H. Harland	State Highway Commission	Polk	Proposed construction of Dolph Corner-Rickreall Section of Willamina-Salem Highway	Injunction to restrain construction of highway	Petition for injunction denied
L-2026	Math Schiemer	State Highway Commission	Union	Damage to property by waters of Catherine Creek	$6,886.24	Motion to quash service allowed

REPORT OF CASES TRIED THROUGH JANUARY 20, 1956-Cont.

Case	Plaintiff	Defendant	County	Cause of Action	Demands of Plaintiff	Verdict or Judgment
L-2382	State of Washington, et al	Cliff Yelle	Supreme Court of Washington	Refusal of Yelle to pay claims arising out of agreement re Interstate Bridge	Writ of Mandate requiring Yelle to pay claims	Petition for Writ allowed
L-2189 (41131)	Natt McDougall Company	State Highway Commission	Lane	Additional compensation because of rock encountered in Low Pass cut.	$274,116.06	Court awarded $148,556.79

In discussing the Natt McDougall case involving a deep cut on the Low Pass-Summit Section of the Siuslaw Highway, the Chief Counsel requested authority to appeal to the Supreme Court from the judgment of the Lower Court which awarded $148,556.79 to the contractor. It was his opinion that the Lower Court in ruling that notice to the State concerning unusual conditions need not be given in writing was in error and provided justifiable grounds for appeal. He stated that at present there are 35 contracts which have not been completed, containing Section 8-11, which section was omitted from the latest edition of the Standard Specifications issued May 1, 1954 and in use since August 9, 1954. The Natt McDougall Company, he said, alleged that in this contract they had found subsurface conditions greatly different than were anticipated, and the Court allowed them additional compensation on that ground. Commissioner McIver inquired if the contract provisions now in use are the same as used by the Bureau of Public Roads. The Chief Counsel replied that although they are not identical they are very similar. The Commission deferred action on the matter of appealing the case until later in the session.

Discussion of the matter was resumed later in the day when the Chief Counsel renewed his recommendation that the case be appealed to the Supreme Court. He pointed out that the Supreme Court might (1) remand for a new trial (2) rule that the motion for nonsuit should have been allowed, or (3) it might affirm the Lower Court's judgment. As a result of the discussion, Commissioner Reynolds moved that the case be appealed to the Supreme Court. The motion was seconded by Commissioner McIver and was declared by Chairman Chandler to have passed unanimously.

A report was presented by the Chief Counsel and accepted by the Commission concerning cases which have been settled out of court since the last Commission meeting, as follows:

REPORT OF CONDEMNATION CASES SETTLED

Case	County	Highway	Section	State's Offer	Amount of Settlement
Frank Foster, et al R-23434	Yamhill	Threemile Lane	McMinnville Airport-Dayton Junction	$10,000	$10,500
Albert C. Surratt et ux R-23165	Multnomah	Beaverton-Hillsdale	Washington County Line-Hillsdale	$ 200	$ 200
Estate of Etta Moore R-23873	Sherman	Sherman	Moro-Grass Valley	$ 2,100	$ 2,321

A list of offers to be made for acquisition of real property was presented by the Chief Counsel for Commission approval prior to the institution of condemnation proceedings, as follows:

Coquille-Rink Creek Section of the Coos Bay-Roseburg Highway:

R-24054- Burton W. Dunn, et ux. 0.27 acre for right of way purposes. Offer of $9,200.00 approved by Mr. Chandler December 23, 1955.

R-24070- Elmer E. Benham. Parcel No. 1 - 5.62 acres and Parcel No. 2 - 0.036 acre for right of way purposes. Offer of $19,175.00 approved by Mr. Chandler December 23, 1955.

Unit No. 2 of the T. H. Banfield Expressway:

R-14888 - Louis Lang and William J. Lang, doing business as Rose City Upholstery Company. 0.15 acre for right of way purposes. Offer of $5,227.00 approved by Mr. Chandler December 23, 1955.

Washington County Line-Hillsdale Section of the Beaverton-Hillsdale Highway:

R-23168- Marguretta H. Hiatt, et vir. 0.046 acre for right of way purposes. Offer of $3,000.00 approved by Mr. Chandler December 23, 1955.

January 26, 1956

Washington County Line-Hillsdale Section of the Beaverton-Hillsdale Highway:-Cont.

R-23639- William Earl Frye, et ux. 0.023 acre for easement for cuts or fills. Offer of $150.00 approved by Mr. Chandler December 23, 1955.

Hinkle Underpass-Umatilla River Section of Hermiston Secondary Highway:

R-24042- Jens J. Skovbo, et ux. 3.93 acres for right of way purposes. Offer of $1,000.00 approved by Mr. Chandler December 23, 1955.

Jumpoff Joe Creek-Grants Pass Section of the Pacific Highway:

R-23296- Life estate in Myrtle S. Ingels, widow of Earl V. Ingels, deceased. 4.88 acres for right of way purposes and 12.9 acres excess taking. Offer of $1,620 approved by Mr. Reynolds August 5, 1955.

		Recommended Offer
Klamath Falls, West Side By-Pass Section of The Dalles-California Highway:		
R-23059-	D. D. Turner Right of Way (Klamath) 0.26 acre	$760.00
R-23063-	Wendell A. Smith Right of Way (Klamath) 1,071 square feet	$100.00
R-23766-	Robert T. Nichols Right of Way (Klamath) .06 acre	$750.00
Pendleton-Pilot Rock Section of the Pendleton-John Day Highway:		
R-24220-	Florence Pearl Male Right of Way (Umatilla) 3.65 acres	$620.00
R-24243-	Edwin Y. Shaw Roadbuilding Materials (Umatilla)	$3500.00

		Recommended Offer
Meda Bridge Section of the Little Nestucca Highway:		
R-24191-	Clarence B. Stanley (Tillamook) Parcel No. 1: 0.25 acre for Right of Way Parcel No. 2: 0.18 acre for Right of Way Parcel No. 3: 0.60 acre for Road-building materials	$ 950.00
R-24193-	J. L. Craven Right of Way (Tillamook) 0.04 acre	$ 300.00
Forest Boundary-Burns Section of the John Day-Burns Highway:		
R-23836-	Otto Meindl Right of Way (Harney) 0.6 acre	$ 150.00
Odell Butte-The Dalles-California Highway Junction of the Willamette Highway:		
R-24182-	R. T. Renner (Klamath) Parcel No. 1: 15.7 acres for Right of Way Parcel No. 2: 26.9 acres for Right of Way	$1910.00

After careful consideration, the Commission approved the offers as tendered in compliance with a resolution adopted by the Commission on December 20, 1951.

Consideration was given to a report submitted by the Chief Counsel concerning matters before the Public Utilities Commissioner, subsequent to a report of December 14, 1955, as follows:

PUX 101- Salem Grade Crossings-General. This order provides that the City of Salem and Southern Pacific Company will each bear one-half of the cost of installing crossing protection at 16 city streets crossed by the railroad tracks in the City of Salem.

PUX 136-Chemult Overcrossing project on The Dalles-California Highway in Klamath County. This order authorizes construction of a new structure and makes reference to closing of the existing overcrossing structure, removal of the existing structure being handled by agreement with Southern Pacific Company.

PUX 138- Undercrossing of Southern Pacific Company's tracks on revised location of the Wilson River Highway at Tillamook. The undercrossing project is financed in part from Federal funds and no railroad cooperation in cost is involved.

PUX 140- Grade crossing of the tracks and right of way of the Oregon-Washington Railroad & Navigation Company, Union Pacific Railroad Company, Lessee, on the Havana-Helix Secondary Highway near Havana Station. This project involves construction of a new grade crossing at a revised location and closing and barricading of the existing grade crossing.

PUX 141- Revised Crossing Signals of Southern Pacific Company's tracks on Central Street in the City of Sutherlin. This order provides for the removal of an obsolete signal and the installation of two modern automatic electric signals. The cost of the installation is to be borne equally by the Railroad Company and the State, in accordance with an agreement executed with Southern Pacific Company, dated November 4, 1955.

PUX 142- Kendall Crossing Signals at the tracks of Portland Traction Company at N. E. 82nd Avenue in Portland. This order provides that the Portland Traction Company raise its rails to conform to the revised pavement surface, install new ties, and maintain the same. The State is to bear the cost of moving the signals and making the street improvement.

PUX 144- Grade Crossing of Columbia County Road No. FAS 574 by a spur track of Spokane, Portland and Seattle Railroad Company. This crossing is of interest to the Highway Commission only in that the county road is eligible for improvement from federal funds.

PUX 145- Relocation of Signals at the Grade Crossing of Oregon Electric Railway Company on the Tualatin Valley Highway through Beaverton. The improvement of Hall Street in Beaverton has necessitated revision of the existing signal system. The cost of a new signal and the relocation of the two existing signals is to be borne by the State and maintained by the Railroad Company.

PUX 147- Grade Crossing at First Avenue West and at Seneca Road in Eugene by industrial tracks of Southern Pacific Company. These crossings involve public ways in close proximity to the route of the Pacific Highway through Eugene but will have no direct effect upon the state highway.

PUX 148- Impaired construction clearance over tracks of Oregon-Washington Railroad & Navigation Company, Union Pacific Company, Lessee, on the Banfield Expressway N. E. 33rd Avenue structure in Portland. The order authorizes temporary impairment of vertical clearance to 22 feet over the top of the rails and authorizes operation of trains under the structure during the period of impaired clearance.

PUX 155- Reconstruction of existing Messner Overcrossing over the tracks and right of way of Oregon-Washington Railroad & Navigation Company, Union Pacific Company, Lessee, on the Columbia River High-

way in Morrow County. The order provides for widening of the structure and reconstruction and widening of the existing timber approaches. No cost of the improvement has been allocated to the Railroad Companies.

PUX 153- Grade Crossing of Suttle County Road in North Portland by an industrial spur track of the Peninsula Terminal Company. This crossing does not directly affect any highway and no objection was made to the issuance of the order.

(For details see copy of the Chief Counsel's written report on PUC matters, dated January 24, 1956, in the general files.)

The Commission upon request of the Chief Counsel, approved employment of Mr. Gale K. Powell, Portland, as an attorney to fill a vacancy in the Legal Staff. Mr. Powell is to be employed at a salary of $426 per month, commencing February 15, 1956.

The Chief Counsel requested authority to accept on behalf of the Commission assignments of leasehold interests in property for the storage of material when acceptance of such assignments is recommended by the State Highway Engineer. At the present time, he stated, when contract materials are stored on ground not owned or leased by the State, it is necessary that the contractor assign his leasehold interest to the State for the duration of the contract in order to collect partial payments, for material stored upon the property involved. Under present procedure, it is necessary for the assignment to be submitted to the Highway Commission for acceptance. The Commission granted the authority, with the understanding that no assignment may be accepted by the Chief Counsel unless a fully executed copy of the lease is furnished to him by the contractor; a satisfactory title report is submitted to him by the contractor to establish the legal right of the lessor to lease the property to the contractor; the assignment is made without monetary consideration of any kind; and the assignment contains a provision obligating the assignor to indemnify and hold harmless the Highway Commission, its members, officers, employees, and agents against any and all claims for damages which might result from the use of the leased property.

Payment of a damage claim submitted by Mr. T. G. Donaca, Portland, caused by flow of drainage water from Union Avenue onto his property was discussed. The Chief Counsel explained that Mr. Donaca's property lies on the easterly side of Union Avenue, opposite an outdoor theater and the Portland Speedway. As a result of negotiations, Mr. Donaca has agreed to release any existing or future claims for damage resulting from the flow of drainage water from Union Avenue upon his property and to grant to the Highway Commission the right to empty such drainage water upon his real property for the sum of $500. He recommended approval of the settlement on such basis. The Commission accepted the recommendation, subject to securing of satisfactory releases from Mr. Donaca, with the understanding that by the settlement of this claim the Commission in no way approves or consents to Mr. Donaca placing any material upon the right of way in connection with any future filling of his property.

A report on abandoned claims was presented by the Chief Counsel, and approved by the Commission as follows:

1. Damage to Traffic Counter, CAO-54-69, about five miles northwest of Powers. This damage occurred in December, 1953, and a complaint in the amount of $182.64 was filed against a 16-year old youth. However, it later developed through correspondence with the Coos County District Attorney that the person charged with the crime could not have been guilty and no other suspects have been found.

2. Monroe Lumber Co., CAO-54-5. On January 7, 1954, a State Highway truck was struck and damaged by a truck owned by the Monroe Lumber Co. It was estimated that the State vehicle was damaged in the amount of $60 but was continued in operation without repair for approximately 8 months, at which time it was completely overhauled. As a definite claim cannot be presented, the claim has been abandoned.

3. Robert Richardson, CAO-54-42. On the Pacific Highway approximately 1.5 miles north of Ashland, on April 12, 1954, a State truck was damaged by a Packard Sedan owned by Mr. Robert N. Richardson, Talent. A claim in the amount of $125.18 had been made against Mr. Richardson, which was denied by his surety. Further investigation revealed that there was not sufficient negligence on the part of Mr. Richardson to proceed with the claim.

4. Service Auto Freight, CAO-54-91. On September 9, 1954, a State car was involved in an accident on U.S. Highway 30 in Astoria with a truck owned by the Service Auto Freight Co. It appears that the operator of the State vehicle was partly at fault. The claim cannot be collected without litigation, and it appears that chances of success in court would be small.

5. Walter Horton, CAO-54-123. On October 17, 1954, a guardrail at M.P. 93.3 on The Dalles-California Highway was extensively damaged when struck by a car operated by Mr. Walter Horton, Pasco, Washington. Letters to Mr. Horton making a claim for $330.18 have been returned unclaimed and all resources to collect the claim have been exhausted.

Termination of signboard leases held by Ramsey Signs, Inc., on property acquired by the State on the Stanfield Junction-Pendleton Section of the Old Oregon Trail in Umatilla County was considered. This particular property, the Chief Counsel explained, contained signs owned by Foster and Kleiser and by Ramsey Signs, Inc. Foster and Kleiser removed their signs in a cooperative manner. Ramsey Signs, Inc., however, pointed out that the terms of their lease could be cancelled on 10 days' notice, but with the provision that they be reimbursed for the unused portion of the lease. He requested authority to execute a notice of termination of the lease of Ramsey Signs, Inc., and to pay them the unearned portion of their lease, or a total of $60 from February 1, 1956 to August 1, 1956. The Commission granted the authority as requested.

Consideration was given to a form of easement received from the U. S. Department of the Interior, Bureau of Reclamation, allowing the Olds Ferry-Ontario Section of the Old Oregon Trail to be constructed across the north canal of the Owyhee project in Malheur County. The Chief Counsel explained that a form of agreement was approved by the Commission on June 30, 1955, but at the request of the Bureau, it was redrafted to include a nondiscrimination clause. In reviewing the revised form of easement, he said, it was noted that unrestricted access was granted to the area covered by the easement. The Bureau of Reclamation desires only to have access to permit maintenance and the cleaning of the canal, and they have agreed to a provision in the easement that there shall be no vehicular access from abutting property to the traveled surface of any highway now or hereafter to be constructed upon the area covered by this easement. Upon his favorable recommendation, the Commission approved the easement.

Payment of $75 to Ed Byrkit for a sawdust bunker was considered. The Chief Counsel explained that in acquiring a parcel of land from Mr. Byrkit as right of way for the Salem By-Pass-Jefferson Junction Section of the Pacific Highway East the bunker was overlooked in payment for the land as it was not realized that the bunker was on Mr. Byrkit's property. He recommended the payment of $75 to Mr. Byrkit. The Commission approved the payment.

The Chief Counsel requested authority to attend a meeting of the Northwest Conference on Road Building in Seattle, Washington, on February 20-21, 1956, at an estimated cost of $45.80; also, for authority for Mr. Charles Peterson, Attorney, to go to Seattle, January 30, 31, and February 1, 1956, to take a deposition from a witness in a right of way condemnation case, involving oyster bed land in Coos County, at an estimated cost of $60. The Commission approved the out-of-state travel as requested.

Inquiry was made by Chairman Chandler to the Chief Counsel concerning progress on the oyster-bed condemnation cases along the Oregon Coast Highway in Coos County. The Chief Counsel replied that the Oyster Cooperative and its attorney, Mr. W. C. Winslow, has not yet filed answers but he anticipates the case will come to trial within six weeks.

A report was presented by the Chief Counsel concerning a suit for damages filed by Duncan L. McKay, et al. against the City of Bend and the State Highway Department for damages sustained because of allegedly improper plowing of snow. The complaint alleges, he said, that during the night of January 15, 1954, the forces of the City of Bend and the State Highway Commission plowed snow to the edge of the pavement on Riverside Boulevard rather than toward the center of the street, Riverside Boulevard being the route of Century Drive Secondary Highway in Bend. The complainants also allege that because of the improper handling of the snow, a street drain was obstructed and surface water from the plowed snow was diverted across their property causing extensive damage to their house, and they seek to recover $17,158.81 damages, plus interest. He pointed

out that it has been the custom for years to plow snow to the side of most streets in the City of Bend, including Riverside Boulevard, and that the City and the State are still following that practice. He added that he intends to file a demurrer to the complaint. The Commission accepted the report.

The Chief Counsel also presented a report concerning a suit instituted by Elmer Ballard against R. H. Baldock, et al., arising out of certain blasting operations by a highway department maintenance crew about one mile west of Swisshome on the Siuslaw Highway. He recalled that the blasting operations caused considerable damage to property owned by the Consumers Cooperative Association and the Central Lincoln Peoples Utility District, and he advised that the present case is substantially the same as that set forth in the case of Ballard vs. State of Oregon, in which employees of the Consumers Cooperative sought to recover wages lost because of damage to the mill. He stated further that the Attorney General has authorized the Highway Department attorneys to represent the Engineer and others named in the suit. The report was accepted by the Commission.

The matter of adopting a uniform policy concerning payment of the cost to relocate public utility facilities to accommodate highway construction was discussed. The Chief Counsel mentioned particularly a case involving the Maplewood Water District on the Washington County Line-Hillsdale project of the Beaverton-Hillsdale Highway in Multnomah County in connection with which it is necessary to move and reinstall certain facilities of the Water District at an estimated cost of $5,159. He advised that all of the facilities in this instance were originally installed under permits issued by the State Highway Department which contained a clause that required the permittees to remove their facilities at their own cost upon 10 days' notice. The Maplewood Water District, he said, alleges that it has no funds to pay the expense of moving its facilities and is unable to raise funds for such purpose. He recommended adoption of a general policy to be followed hereafter in handling cases of this kind, and he offered several suggestions for consideration. The Engineer pointed out that a similar situation exists in connection with a proposed improvement at Hillsboro. As a result of discussion the Commission authorized negotiations to settle both of the current cases and instructed the Chief Counsel to present at the next Commission meeting a new form of permit to cover future installations of this type.

The Chief Counsel requested approval of a number of salary increases for attorneys in his office. He advised that all of the proposed increases had been approved by the Attorney General to become effective February 1, 1956, with the exception of Mr. Monte Walter and Mr. Robert Amacher. Mr. Walter's increase, he stated, should be made effective January 6, 1956, when he was made Chief of the Title Section. The increase for Mr. Amacher still requires approval by the Attorney General for an effective date but it will probably be March 1, 1956. He called attention to the difficulty that he is having in securing competent attorneys, due principally to the fact that no salary can be paid to a deputy attorney general above $750 per month and all attorneys' salaries in State service must be echeloned below this statutory limit. The Commission approved increases as follows:

Name	Position	Present Classification	Present Monthly Salary	New Classification	New Salary
May, Robert L., Jr.	Assistant Counsel	Attorney VI	$672.00		$694.00
DeSouza, Joseph W.	Chief, Options Railroads, P.U.C. Section	Attorney VI	672.00		694.00
Lindas, Leonard I.	Chief, Trial Section	Attorney VI	672.00		694.00
Peterson, Charles	Trial Attorney	Attorney VI	651.00		672.00
McKinney, Frank C.	Trial Attorney	Attorney V	630.00	Attorney VI	651.00
Rohde, George	Chief, Office Section	Attorney V	610.00	Attorney VI	651.00
Morgan, Frederick	Trial Attorney	Attorney III	551.00	Attorney IV	570.00
McLean, John C.	Office Attorney	Attorney II	477.00	Attorney III	495.00
Walter, Monte	Chief, Title Section	Attorney II	459.00	Attorney III	477.00
Hampton, Leslie B.	Office Attorney	Attorney I	459.00	Attorney II	477.00
Amacher, Robert	Office Attorney	Attorney I	426.00		442.00

The Commission discussed briefly and accepted a report from the Chief Counsel on the practice of Justices of the Peace in the suspension of statutory fines for violation of the laws pertaining to the size and weight of motor vehicles. The particular case in question, the Chief Counsel stated, involves the court of I. B. Hazeltine, Justice of the Peace in Canyon City, in which case the District Attorney of Grant County instituted

an action against Mr. Hazeltine, challenging his right to suspend a portion of a fine. No final report, he stated, can be made now as Judge E. H. Howell before whom the case was argued, has taken it under advisement.

The Chief Counsel reported briefly on the institution of a suit by Darold V. Knox and Mildred Knox against the State Highway Commission arising out of an accident that occurred on December 25, 1953 when a car driven by Mr. Knox ran into the rear of a State truck engaged in sanding operations, about one mile east of the City of Umatilla. Mr. Knox seeks to recover the sum of $1,775 as damages to his car, and Mildred Knox, who was injured, seeks to recover $503 special damages and $10,000 general damages. The Chief Counsel advised that a motion to quash service upon the defendant State Highway Commission was filed by the General Casualty Co., which provided insurance coverage for the State and its employees and that the motion was allowed with respect to both cases. The Commission accepted the report.

The Engineer reported that as previously authorized by the Commission, he has awarded the following contracts which were referred to him by the Commission to award when certain conditions had been satisfied:

1. Grading and paving and furnishing crushed material in stockpile on Coquille-Rink Creek Section of Coos Bay-Roseburg Highway, Coos County. Bids received November 4, 1955. Conditions of award satisfied December 30, 1955. Fred H. Slate Co. Ore. Ltd. & E. C. Hall Co., Portland, contractor.

2. Roadway grading and 0.27 mile of tunnel on Knowles Creek-Turner Creek Tunnel Section of Mapleton-Richardson Road, Lane County. Bids received December 19, 1955. Conditions of award satisfied December 22, 1955. Gibbons & Reed Co., Portland, contractor.

3. Construction of the 39th Avenue Structure over Banfield Expressway in Portland, Multnomah County. Bids received November 4, 1955. Conditions of award satisfied December 27, 1955. Lord Bros. Contractors, Portland, contractor.

4. Construction of a bridge over Nehalem River on Miami Valley Road, Tillamook County. Bids received December 20, 1955. Conditions of award satisfied December 27, 1955. Workman and Wilson, Canby, contractor.

5. Grading and stone base and construction of one reinforced concrete structure on Union Avenue-37th Avenue Section of T. H. Banfield Expressway, Multnomah County. Bids received November 3, 1955. Conditions of award satisfied January 3, 1956. Gibbons & Reed Co., Portland, contractor.

Conditions of Award-Cont.

6. Grading and paving Helman Street-Third Street (Ashland) Section of Pacific Highway (northbound lanes) in Ashland, Jackson County. Bids received November 4, 1955. Conditions of award satisfied January 3, 1956. T. W. Thomas, Portland, contractor.

7. Grading and oiling Deep Canyon Section of McKenzie Highway, Deschutes County. Bids received December 20, 1955. Conditions of award satisfied January 5, 1956. Allum Bros., Eugene, contractor.

8. Construction of reinforced concrete grade-separation structure over SP Railroad Company tracks on The Dalles-California Highway near Chemult, Klamath County. Bids received December 19, 1955. Conditions of award satisfied January 5, 1956. R. H. Jones, Hillsboro, contractor.

9. Grading and surfacing Brookings-Morse Ranch Section of Chetco River Road, Curry County. Bids received November 4, 1955. Conditions of award satisfied January 6, 1956. Keith Bros. Construction Co., Medford, contractor.

10. Grading and pavement widening on Umatilla Bridge Junction-Hermiston Junction Section of Columbia River Highway, Umatilla County. Bids received December 19, 1955. Conditions of award satisfied January 11, 1956. Arthur Simonsen & Co., Baker, contractor.

The placement of reduced load limits on several sections of State highways because of freezing, thawing, high water, and other conditions under authority granted by the Commission on August 6, 1953, was reported by the Engineer and approved by the Commission, as follows:

1. Hillsboro-Silverton Secondary Highway, No. 140: Ten-ton load limit placed on the Willamette River Bridge at Newberg, effective 8:00 a.m., December 27, 1955. Load limit removed at 8:00 a.m., January 10, 1956.

2. Weston-Elgin Secondary Highway, No. 330: Reduced load limit allowing 11,000 pounds gross on any single axle, 20,000 pounds gross on any pair of tandem axles, and 36,000 pounds maximum gross load from M.P. 3.0 to M.P. 37.9, effective 8:00 a.m., December 23, 1955. Load limit removed at 8:00 a.m., January 2, 1956.

3. Pendleton-John Day Highway: Reduced load limit allowing 11,000 pounds gross on any single axle, 20,000 pounds gross on any pair of tandem axles, and 36,000 pounds maximum gross load from M.P. 5.0 to M.P. 15.0, effective 8:00 a.m., December 23, 1955. Load limit removed at 8:00 a.m., January 2, 1956.

January 26, 1956

The Commission gave attention to a letter from the City of Burns opposing the proposed relocation of the Central Oregon Highway through a portion of the City of Burns. Consideration was also given to a letter from the City of Hines approving the proposed relocation as it affects their city. The Engineer reported that the survey for the new route has been completed but he suggested that adoption of the same be deferred until the hearing that is required by law has been held, probably in May or June. Commissioner Reynolds stated that he plans to attend the hearings. It was also pointed out that regardless of which route is approved, there is no money available to finance the improvement at the present time.

A written request was considered from Mr. and Mrs. W. W. Lee, Kelso, Washington, for compensation to cover the loss of furniture and other personal property during the flooding of the Pacific Highway near Gold Hill by the Rogue River on December 21, 1955. The Engineer reported that, from information that had been gathered at the scene of the accident, it appeared that the Lees either failed to understand the instructions given them by the State Police and the flagman, or they disregarded the instructions and directions given them. It was his opinion that the Lees used poor judgment in attempting to continue traveling with a trailer load of household effects at night when flooding conditions were so very severe. The Commission deferred action pending the appearance of Mrs. Lee on the following day.

(Mrs. Lee appeared before the Commission on January 27, 1956, and was informed at that time that, according to counsel, there is no legal way to compensate her for her loss.)

Consideration was given to a request previously made by Mr. Noble H. Chowning to truck-haul short logs, 16 to 20 feet in length on solo log trucks over the Alsea-Deadwood Secondary Highway. The Engineer reported that Mr. Chowning's request dated December 20, 1955, has been carefully investigated and it appears that the maximum length of haul will be 6.1 miles and all of the logs will be hauled down the north slope of Deadwood Mountain. He recommended that permits be issued to Mr. Chowning or his contract haulers under the same provisions that were approved by the Commission in July, 1955, for a similar log haul conducted by Mr. Virgil Rose, doing business as Cushman Logging Company. The Commission approved the recommendation.

The Engineer reported the damage to State highways caused by severe rains and floods, starting on December 18, 1955. He presented a tabulation showing total damage on highways under maintenance and on highways still under construction, totaling $685,400. Of this amount, $85,200 is for a number of small items on which it would be impractical to try to secure federal cooperation with emergency federal aid. On the remaining $600,200, he recommended that application be made to the Bureau of Public Roads for federal cooperation from the Federal Emergency Fund. He explained that when funds are made available by Congress, the Bureau has authority to cooperate up to 50 per cent of the cost of repair. He also presented a second tabulation showing a list of nine projects which have been

discussed with the Bureau and which they advise are eligible as corrective or preventive construction measures and, therefore, eligible for emergency federal aid. These nine projects he listed as follows:

1. Coos Bay-Roseburg Highway-Rink Creek-North Fork, Coquille River Section in Coos County. Construction of highway on new alignment to avoid high water - $750,000.

2. Coos Bay-Roseburg Highway- North Fork Coquille River at M.P. 8.07 in Coos County. Build bridge on new alignment-$400,000.

3. Coos Bay-Roseburg Highway-North Fork Coquille River-Myrtle Point Section, Coos County. Construct road on new alignment to avoid high water-$390,000.

4. Coos Bay-Roseburg Highway-Mill Creek Section, M.P. 13.5 to M.P. 14.0, Coos County. Reconstruct highway on new alignment to avoid slide area-$60,000.

5. Redwood Highway-Sauer's Flat Section, M.P. 16.3 to M.P. 17.3, in Josephine County. Raise existing grade to avoid flood water-$80,000.

6. Rogue River Loop Secondary Highway-Riverbanks Farm Section, M.P. 22.0 to M.P. 23.0, in Josephine County. Reconstruct highway section on new alignment above flood elevation-$175,000.

7. Medford-Provolt Highway-China Gulch-Copper Road Section, M.P. 10.0 to M.P. 10.5, in Jackson County. Raise existing grade above flood elevation-$40,000.

8. Powers Secondary Highway-M.P. 8.25 to M.P. 8.50, Coos County. Reconstruct highway section on new alignment to avoid slide area-$30,000.

9. Pacific Highway-Savage Rapids Dam Section, in Josephine County. Raise existing grade above 1955 flood elevation-$225,000.

The estimated cost of these nine projects, he stated, is $2,150,000 which added to the eligible damage claim of $600,200 makes a grand total of $2,750,200, 50% of which would be state match money. He requested and the Commission granted authority to submit these projects to the Bureau of Public Roads for their approval and cooperation in financing.

The Commission discussed a report submitted by the Engineer concerning improvement of 12th Street in the City of Salem, from Bellevue Street on the south, northerly and westerly to a connection with Summer Street at Union Street. The Engineer explained that the City of Salem has authorized a bond issue of $200,000 for this improvement but the present estimate of cost is approximately $310,000 and the City has asked the

State to contribute the excess amount. Southern Pacific Railroad Company, he said, is providing right of way, and cooperating with the City on a 50-50 basis in installing signals and gates at a number of street crossings of the railroad. 12th Street, he pointed out, is used as a part of the Silver Falls Secondary Highway, No. 163, and also carries North Santiam Highway traffic. He recommended State participation in the project and that an agreement be entered into with the City of Salem whereby the State will pay the portion above the $200,000 that is available to the City, with the proviso that the State Highway Department shall prepare the plans, advertise for bids, and supervise the construction. Action on this matter was deferred pending appearance of a delegation from Salem on the following day.

(As a result of discussion with the delegation on January 27, 1956, the Commission approved the project as recommended by the Engineer using unobligated State funds.)

The Commission considered items of unfinished business appearing on the Secretary's summary, dated December 20, 1955, as follows:

1. Request for signs on scenic drive in Hood River Valley: Action on this matter was again deferred, pending inspection by the Commission. The item is to be retained on the list of unfinished business.

2. Proposed gift of land by the Lloyd Corporation for park purposes on the Oregon Coast Highway north of Wedderburn: The Parks Superintendent reported that Lloyd Corporation representatives have stated they cannot give a definite answer until after March 1. This item is to be retained on the list of unfinished business.

3. Fines and suspended sentences on log haulers, particularly in the Central Oregon area: The Commission ordered this item deleted from the list of unfinished business as the Chief Counsel had presented a report on it earlier in the day.

4. Request for sidewalk construction on 82nd Avenue between Glencoe Road and Flavel Street: The Engineer reported that necessary information is being secured and that his report will be presented at the next meeting. This item is to remain on the list of unfinished business.

5. Request of Mr. Noble H. Chowning to haul short logs on the Alsea-Deadwood Secondary Highway: This item was ordered deleted from the list of unfinished business as the Engineer had presented a report on the matter earlier in the day.

6. Request of Roy Harland for two additional accesses to the Safeway Stores' property north of Salem on US99 Business Route: The Engineer reported that final word has not been received from Mr. Harland concerning the suitability of proposed points of access but it is anticipated that an answer will be received prior to the next Commission meeting. This item is to remain on the list of unfinished business.

7. Request of County Judge Sam Cook of Umatilla County for improvement of two bad curves on the Havana-HelixHighway north of the newly constructed section: The Engineer stated that necessary information is being secured and that his report will be rendered at the next Commission meeting. The Commission ordered the item retained on the list of unfinished business.

8. Request of Frank J. Kernan that access for southbound traffic only be allowed to his property in connection with the new bridge between Portland and Vancouver: Necessary data is being secured on this matter and the Engineer stated that a report is anticipated for the next Commission meeting. The item is to be retained on the list of unfinished business.

9. Inquiry from Mr. E. L. Elias, Ontario, regarding securing of curb cuts with right of ingress and egress to the Old Oregon Trail from property located about 3/4 mile east of La Grande: The Engineer recommended that the request be denied as being incompatible with and in violation of the Commission's access control principles to which standard this highway section is constructed. The Commission accepted the recommendation. This item is to be removed from the list of unfinished business.

A request from Mr. Roy Eames, City Manager of Sweet Home, for installation of a traffic signal at the intersection of M Street (US20) and 18th Avenue was considered. The Engineer reported that an investigation which was conducted revealed that most conditions at this intersection very closely approached the national warrants for signalization of urban intersections and on an average daily traffic basis the volumes are sufficiently high to meet the warrants. He estimated the cost involved at $6,000 and recommended that a fully actuated traffic signal be installed provided the City will pay one- half the expense and will agree to furnish electrical energy to operate it and will maintain the signal. State funds are available from the 1956 Minor Betterment Budget. The Commission approved the installation as recommended.

The Commission also gave attention to a request from Mr. William D. Bollman, Acting City Manager of Albany, for a study of traffic conditions at the intersection of the Pacific Highway East and Queen Avenue at the easterly city limits of Albany. The Engineer stated that Queen Avenue is a major arterial street in this part of the city and that presently a flashing beacon is in place at the intersection; also, that an engineering investigation disclosed that conditions at the intersection very closely approach the standard warrants for signalization of urban intersections. It was his recommendation that a fully actuated traffic signal be installed at this intersection at an estimated cost of $6,000, provided that the City of Albany will pay one-half the cost of installation, will furnish the electrical energy for operating it, and will maintain it after the

installation is completed. Funds to cover the State's share of the cost, he said, have been provided in the 1956 Minor Betterment Budget. The Commission approved the installation.

A written request from Mr. and Mrs. L. P. Oehler of Silverton for a stop sign on the Cascade Secondary Highway at its intersection with the Abiqua Creek Road at Rocky Four Corners, a short distance north of Silverton, was discussed. The Engineer stated that an investigation was made and, because of the accident record at this intersection and a nearby vertical curve to the north, it is his recommendation that a flashing beacon be installed at an estimated cost of $500. The Commission approved the installation.

Also considered was a request from the City of Newport for installation of a traffic signal at the intersection of 6th Street (Oregon Coast Highway) and Hurlburt Street in the City of Newport, and also a request for installation of a signal at the intersection of N. E. Cape Street (Oregon Coast Highway) and N. E. Olive Street (Corvallis-Newport Highway) in Newport. An investigation was made with respect to each of these requests, the Engineer reported, and in both instances it was found that traffic signals are warranted. The City of Newport, he said, has indicated that it has funds available to pay its share of the expense and wishes to proceed with the installation of the signals. He recommended, therefore, that actuated traffic signals be installed at each of the two intersections at a total estimated cost of $10,000, with the provision that the City will pay one-half the cost of installation and will agree to furnish the electrical energy for operation of the signals and will maintain them after installation is completed. The State's share of the cost, he stated, has been provided for in the 1956 Minor Betterment Budget. The Commission approved the installations as recommended.

The Engineer reported that under authority previously granted by the Commission he had conducted location surveys on several sections of state highways. Each of these surveys, he stated, have been carefully analyzed to the end that when the sections are constructed or rebuilt, the greatest benefit will accrue to the traveling public commensurate with the cost of each project. Upon his favorable recommendation the Commission approved the following surveys by adopting the attached resolutions relative thereto marked EXHIBITS "J-1" and "J-2", which resolutions by this reference are made a part hereof with like effect as though extended in full herein:

1. Vine Maple Bridge Section of the Fishhawk Falls Secondary Highway in Clatsop County. See EXHIBIT "J-2".

2. Davis Creek-Bethel Creek Section of the Oregon Coast Highway in Coos County. See EXHIBIT "J-1".

3. Yellow Creek Section of the Powers Secondary Highway in Coos County. See EXHIBIT "J-2".

4. Catching Slough-Chandler Bridge Section of the Coos River Secondary Highway in Coos County. See EXHIBIT "J-2".

5. Harris Beach-Brookings Section of the Oregon Coast Highway in Curry County. See EXHIBIT "J-1".

6. Rink Creek-Myrtle Point Section of the Coos Bay-Roseburg Highway in Coos County. See EXHIBIT "J-2".

7. Newberg-Gerin Corner Section of the Hillsboro-Silverton Secondary Highway in Yamhill and Marion Counties. See EXHIBIT "J-2".

The Commission gave attention to a telegram from the Empire-Charleston Chamber of Commerce urging that every effort be made to open the Coast Highway route recently closed by slides and highway water, and also urging better maintenance of the Seven Devils Road. After due consideration the Commission ordered the telegram filed.

The Engineer reported that to take care of increased personnel in the Construction Department additional partitions are needed in Rooms 212, 213, and 215 in the State Highway Building in Salem, the estimated cost of which is $1,950. The Legal Department also needs additional partitioning in Room 116 at an estimated cost of $590. He recommended that this work be authorized and that $5,000 to cover the cost be transferred from the budget for improvement at maintenance stations to a reserve for improvements of miscellaneous properties. The Commission approved the partitioning as recommended and also the transfer of funds.

The Engineer recalled that at the Commission meeting in November, 1955, Commissioner Reynolds stated that he had been requested by the Hood River Chamber of Commerce to study the need for illumination on the Second Avenue Bridge, which serves as access from the City to the Columbia River Highway. He said that an investigation was made by the Traffic Engineering Division which disclosed only three reported accidents at this point during the period from October 9, 1953 to September 30, 1955. However, the area is quite dark at night and headlights do not illuminate the roadbed on the curved approaches. It was his opinion that there is sufficient warrant for illumination at the interchange and structure and he recommended that this be done at an estimated cost of $7,000, funds to be secured from the 1956 budget for illumination projects. The Commission approved the project.

The Engineer reported that Bend city officials had called attention to a bad traffic situation at the intersection of Third and Franklin Streets in the City of Bend which intersection serves as a part of The Dalles-California Highway. The Traffic Engineer, he stated, made a detailed investigation and it was found that approximately 12,000 vehicles enter the intersection daily, of which 7,000 move over The Dalles-California Highway. To provide a greater degree of safety for the traveling public, he recommended that channelization work be performed plus the installation

of a flashing beacon and some overhead luminaire units at a total estimated cost of $6,000. The City of Bend, he added, has indicated that it will contribute approximately $1,500 in connection with the overhead illumination and will also furnish the required electrical energy and will maintain the flashing beacon and the luminaires. Funds for this work are available from Minor Betterment moneys. The Commission approved the work as recommended.

Upon the Engineer's favorable recommendation, the Commission approved a Third Modification of a Cooperative Agreement with the U. S. Bureau of Public Roads concerning maintenance of Oregon Forest Highway Route 27 (Ochoco Highway) in Crook County. This agreement, the Engineer explained, provides that upon completion of paving by the Bureau of Public Roads, the State will maintain said project without expense to the Federal Government.

A tabulation was presented by the Engineer showing the status of existing 1956 and 1957 County-Federal-aid Secondary Funds and disclosing an unprogrammed balance of $311,000. Clatsop, Columbia and Marion Counties, he stated, have requested additional projects, totaling $141,000. He recommended approval of the following projects which will decrease the county federal-aid secondary unprogrammed balance to $170,000:

ADDITIONAL PROPOSED 1957 COUNTY FAS PROJECTS

County	FAS Hwy. No.	Section & Description	Programmed Amount
Clatsop	571	Klaskanine River Bridge. Structure only.	$ 37,000
Columbia	567	Oak Ranch Creek Bridge. Structure only.	$ 22,000
	609	North Fork Scappoose Creek Bridges (2) Structures only.	$ 42,000
		Subtotal, Columbia County	$ 64,000
Marion	128	Champoeg Creek Bridge. Structure only	$ 40,000
		TOTAL:	$141,000

The Commission approved the projects as recommended.

The Engineer reported receipt of a letter from P. A. Shoat Company, a contractor who was awarded Contract No. 4410 for oiling in Division II, stating that he has turned the contract over to the bonding company, the Fidelity and Casualty Company of New York, for completion. It appears, he said, that P. A. Shoat Company is unable to complete the contract for financial and other reasons, and he recommended that the contractor be declared in default. The Commission declared the contractor in default

and ordered that the surety on the contractors performance bond be notified that the Commission expects the surety to arrange for completion of the contract in conformity with the plans and specifications for the project.

The Commission gave attention to letters submitted by the McKenzie River Chamber of Commerce and the U. S. Highway No. 126 Association urging elimination of danger spots on the McKenzie Highway. The Engineer advised that recently a school bus ran off the shoulder of the McKenzie Highway injuring several school children. The Division Engineer, he stated, made an investigation with a view to fixing some of the worst spots but it seems to be the opinion of the petitioning organizations that they want the McKenzie Highway rebuilt. He pointed out that although the highway is old and contains many curves, it is not substantially different from many other highways which carry a similar amount of traffic. The Commission instructed the Engineer to investigate the matter carefully and submit a full report. Chairman Chandler also commented that, pending the submission of the report by the Engineer, there is not much to tell the organizations which protested except that the Commission has no money at the present time for any major development.

A request from Mrs. Del Wagner, Salem, that something be done to eliminate hazards to school children who are obliged to walk on the Pacific Highway East between Labish Village and Labish School, north of Salem, was discussed. The Engineer stated that an investigation disclosed that approximately 60 children from Labish Village which is located on the easterly side of the highway walk north along the highway to the Labish School, which is on the westerly side of the highway. The relative warrant for construction of a footpath, he stated, is 1.47, or considerably above the minimum value. In view of these facts and in order to protect the school children and other pedestrians, he recommended that a 4-foot bituminous footpath be constructed on the easterly side of the Pacific Highway East between the road to Labish School and Scott Avenue, at an estimated cost of $3,720, including right of way. The Commission approved the project.

The Commission also discussed a request from Mrs. Maebelle Rainville Zimmerman, Tiller, Oregon, for construction of a footpath along the Tiller-Trail Highway in the community of Tiller. An engineering investigation was conducted, the Engineer stated, and it was found that approximately 15 school children walk along the highway in this vicinity in going to and from school; also, a considerable number of adults walk along the roadway in going to the store and post office. The relative value for footpath construction is 1.02, which is just above the minimum value. In view of the facts disclosed he recommended that a 4-foot bituminous footpath be constructed on the north side of the Tiller-Trail Highway between the east end of the grade school access and the county road that leads to the South Umpqua Falls, at an estimated cost of $1,700. The Commission approved the project.

The Engineer reported that under Oregon Law there is to be distributed among the various cities of Oregon their proportionate share of

highway revenues accrued during the period of July 1 to December 31, 1955. The amounts for each of the cities, he stated, have been computed according to law and he recommended that these amounts be allocated to the various cities. The Commission approved the allocation by adopting the attached resolution relative thereto, marked EXHIBIT "D", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Engineer reported that the following cities and towns have satisfied the legal requirements with respect to expenditure of State Tax Street Funds accrued to them during the first half of 1954 and the second half of 1954, and that the plans for the projects proposed have been examined and found satisfactory:

Funds Accrued during First Half, 1954:

Grass Valley	$ 555.26
North Powder	1,147.54
Shaniko	173.70
Sublimity	1,045.03

Funds Accrued during Second Half, 1954:

Helix	$ 640.11
Siletz	2,004.73
Sublimity	1,270.76

He recommended that the Commission approve the plans. The Commission accepted his recommendation by adopting the attached resolution relative thereto, marked EXHIBIT "E", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Commission considered and upon recommendation of the Engineer approved the following requests for extensions of time within which to complete state highway contracts:

1. John R. Saxton, Contract No. 4435, for paving the West Unit, Springfield-Walterville Section of the McKenzie Highway in Lane County, requested an additional extension of time from October 30, 1955 to November 4, 1955. Extension approved as requested.

2. Parker-Schram Company, Contract No. 4353, for grading and paving the St. Helens Paper Co. - Mildreds Corner Section of Kaster and Old Portland Roads in Columbia County, requested an extension of time from September 15, 1955 to September 30, 1955. Extension approved to and including September 21, 1955, the actual completion date of the contract.

3. Asphalt Paving Co., Contract No. 4432, for paving Chiloquin (Klamath Avenue) City Street in Klamath County, requested an extension of time from August 31, 1955 to September 13, 1955. Extension approved as requested.

4. Warren Northwest, Inc., Contract No. 3915, for paving the 92nd Avenue-Fairview Section of the T. H. Banfield Expressway in Multnomah County, requested an extension of time from January 1, 1955 to December 31, 1955. Extension approved to and including November 28, 1955, the actual completion date of the contract.

5. D & H Construction Co. and M. H. Hasler Construction Co., Contract No. 4153, for grading the Shady-Booth Ranch Unit, Shady-Canyonville Section of the Pacific Highway in Douglas County, requested an extension of time from September 30, 1955 to December 31, 1955. Extension approved to an including November 30, 1955, the actual completion date of the contract.

6. Rogers Construction Co., Contract No. 4507, for rock production project on the Pendleton-La Grande Section of the Old Oregon Trail Highway in Umatilla and Union Counties, requested an extension of time from October 31, 1955 to July 1, 1956. Extension approved as requested.

7. Vern Hoaglin, Contract No. 4529, for construction of guardrail and sight posts on the West Unit, Weston-Weston Mountain Section of the Weston-Elgin Highway in Umatilla County, requested an extension of time from December 1, 1955 to December 17, 1955. Extension approved as requested.

8. Rogers Construction, Inc., Contract No. 4172, for paving the Clatskanie-Delena Section of the Columbia River Highway in Columbia County, requested an extension of time from October 31, 1954 to November 10, 1955. Extension approved as requested.

9. C. E. Leseberg, Contract No. 4389, for grading and oil mat surfacing on the Arock-Highway Junction Section of the Arock Road in Malheur County, requested an extension of time from September 15, 1955 to October 25, 1955. Extension approved as requested.

10. F. L. Somers, Contract No. 4477, for grading and surfacing the Wrights Point Section of the Frenchglen Highway in Harney County, requested an extension of time from October 31, 1955 to May 31, 1956. Extension approved as requested.

11. Hannan Brothers Co., Contract No. 4518, for construction of Muddy Creek Bridge on the Oakville County Road in Linn County, requested an extension of time from January 31, 1956 to April 30, 1956. Extension approved as requested.

12. Trowbridge Electric Company, Contract No. 4511, for installation of traffic signals at Salem in Marion County, requested an extension of time from October 31, 1955 to January 29, 1956. Extension approved as requested.

13. Tom Lillebo, Contract No. 4452, for 0.20 miles roadbed and base and construction of a reinforced concrete bridge over Luckiamute River on the Burns Corner-Suver Road in Polk County, requested an extension of time from November 30, 1955 to June 30, 1956. Extension approved as requested.

14. Tom Lillebo, Contract No. 4356, for Umpqua River Bridge Pier Protection Project on the Oregon Coast Highway in Douglas County, requested an extension of time from August 31, 1955 to April 30, 1956. Extension approved as requested.

15. Enoch I. Maerz, Contract No. 4512, for construction of Detroit Lake Park Overnight Camp Facilities on the North Santiam Highway in Marion County, requested an extension of time from January 1, 1956 to June 1, 1956. Extension approved as requested.

16. Columbia Empire Constructors, Inc. and P. S. Lord Mechanical Contractors, Contract No. 4246, for construction of two structures on the Coast Fork Willamette River-Divide Unit of the Pacific Highway in Lane County, requested an extension of time from March 31, 1955 to March 31, 1956. Extension approved with the contractor to be charged for the extra engineering costs incurred during the period October 31, 1955 to March 31, 1956.

17. A. H. Saxton & Son, Contract No. 4496, for construction of the Weaver Overcrossing of Southern Pacific Co. Tracks near Myrtle Creek on the Pacific Highway in Douglas County, requested an extension of time from December 31, 1955 to May 15, 1956. Extension approved as requested.

18. Lord Brothers, Contract No. 4331, for construction of 42nd Avenue Ramp on the T. H. Banfield Expressway in Multnomah County, requested an additional extension of time from November 30, 1955 to December 15, 1955. Extension approved as requested.

19. Johnson & Amens, Contract No. 4380, for construction of the Gales Creek Bridges on the Wilson River Highway in Washington County, requested an additional extension of time from December 31, 1955 to January 30, 1956. Extension approved as requested.

20. K. F. Jacobsen & Co., Inc., Contract No. 4465, for grading and paving the Park Avenue-Gladstone Section of the Oatfield Road in Clackamas County, requested an extension of time from September 30, 1955 to December 8, 1955. Extension approved as requested.

21. Ernest Ferrante & Sons, Contract No. 4239, for roadside improvement on the South Umpqua River-Fairgrounds Unit of the Deady-Shady Section on the Pacific Highway in Douglas County, requested an extension of time from July 1, 1955 to November 9, 1955. Extension approved as requested.

22. E. C. Hall Co. & J. C. Compton Co., Contract No. 4157, for paving the Deady-South Umpqua River Unit, Deady-Shady Section of the Pacific Highway in Douglas County, requested an extension of time from July 31, 1955 to October 10, 1955. Extension approved as requested.

23. Walt M. Young, Contract No. 4515, for construction of Hat Rock Park Buildings in Umatilla County, requested an extension of time from December 30, 1955 to June 30, 1956. Extension approved as requested.

24. A. H. Barbour & Son, Inc., Contract No. 4355, for painting the McCullough Bridge on the Oregon Coast Highway in Coos County, requested an extension of time from October 15, 1955 to October 1, 1956. Extension approved subject to the assessment of engineering costs after August 15, 1956.

FOOTNOTE: The action taken by the State Highway Commission upon the extensions of time within which to complete the highway contracts listed above was based upon the recommendation of the Engineer and his reports which considered but did not necessarily adopt either or any of the reasons given by the contractors in their requests for such extensions of time. For details regarding these extensions of time, see copies of the contractors' requests and the Engineer's recommendations on file in the respective contracts in the Secretary's office.

The Engineer reported that Contract Nos. 3915, 3957, 4157, 4172, 4212, 4239, 4270, 4278, 4353, 4389, 4415, 4432, 4435, 4456, 4465, 4529, 4565 for highway construction have been completed according to the requirements of the contracts or modifications thereof and that said contracts are now ready for acceptance by the Commission. After due consideration, the Commission accepted said contracts by adopting the attached resolution relative thereto, marked EXHIBIT "F", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Engineer reported that contractor F. L. Somers, has protested the assessment against him of engineering costs due to his failure to complete Contract No. 4434 within the specified time limit. He said that there has not been time to prepare a report on the matter but it will be rendered at the next Commission meeting.

Throughway Agreements with Yamhill and Polk Counties covering the Wallace Bridge-Sheridan Section of the Salmon River Highway were considered. The Engineer explained briefly that the agreements provide for the handling of intersections of county roads with the state highway, in which the State and Counties agree as to how these intersections are to be constructed and maintained. The Commission approved the agreements, following the Engineer's favorable recommendation.

Also considered was an agreement with Multnomah County covering the maintenance of certain landscaped areas adjacent to the Multnomah County Juvenile Home on T. H. Banfield Expressway. The Engineer stated that the Juvenile Home is situated adjacent to the Banfield Expressway and it is planned to blend the landscaping around the Juvenile Home with the landscaping on state highway right of way. The County is to maintain the State's right of way in the manner that the lands adjacent to the Juvenile Home are maintained. Upon the Engineer's favorable recommendation, the Commission approved the agreement.

The Commission gave attention to a request from the School Board of District No. 89, Boring, for a reduced speed zone on that section of the Clackamas Secondary Highway in and near the community of Barton. This request was carefully investigated, the Engineer stated, and it was found that the accident rate in this vicinity is considerably less than the average rate for rural secondary highways; also there is little roadside culture in the section. In view of these facts, he recommended that the request be denied. The Commission accepted his recommendation.

The Engineer reported that on February 6, 1950 a 40-mile-per-hour speed zone was established on a 2.25 mile section of the Pacific Highway West between the south city limits of Corvallis and the Keiger Island Road. He said that a school is located near the midpoint of this section and that a request has been received to install "Speed 20 Miles" on the school zone signs. It was his recommendation, approved by the Commission, that the action of February 6, 1950 be rescinded and a new resolution adopted reestablishing a 40-mile per hour speed zone on the Pacific Highway West between the south city limits of Corvallis and the Keiger Island Road, except that between a point 0.07 mile north of Lincoln Lane and a point 0.10 mile south of Lincoln Lane the indicated speed shall be 20 miles per hour during the hours of school crossings. The Commission accepted his recommendation by adopting the attached resolution relative thereto, marked EXHIBIT "I-1", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

A request from Mr. George E. Winegar, Principal, Tangent Elementary School, for attachment of 20-mile per hour speed signs to the school crossing signs on US99 in that community was discussed. The Engineer pointed out that on January 23, 1951 a 45-mile per hour speed zone was established on that section of the Pacific Highway East but at that time the 20-mile per hour speeds for school zones and crossings was not being used. He recommended that the existing speed zone be rescinded

and that a 45-mile per hour zone be established from a point 0.49 mile north of the road to Oakville to a point 0.36 mile south of "B" Street, except that from a point 100 feet south of "B" Street to a point 0.26 mile south of "B" Street the indicated speed shall be 20 miles per hour during the hours of school crossings. The Commission approved his recommendation by adopting the attached resolution relative thereto, marked EXHIBIT "I-2", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Engineer requested authority for Gordon Beecroft, Engineer Specialist in the Research Section, to attend a meeting of the American Society of Civil Engineers in Dallas, Texas, February 14 to 17, 1956 when one of the subjects to be discussed will be vibration of highway bridges. Mr. Beecroft, he stated, has been working on this matter and has been asked to present a report at the Dallas meeting. He estimated the cost of the trip at $290. The Commission approved the request.

The Engineer also requested authority for himself to attend the Northwest Conference on Road Building, at Seattle, February 20-21, 1956, at a cost of approximately $60; and to attend the Seventh Annual Road Clinic at the College of Engineering of the Washington State College, Pullman, Washington, on March 7-9, 1956, at an estimated cost of $80. In both instances, he stated, he has been requested to appear on their programs. The Commission approved his requests.

The Engineer reported that membership dues for the calendar year 1956 are now due and payable in three organizations in which the State Highway Department has been a member in the past. He recommended that payment of the following dues be authorized:

1. Western Association of State Highway Officials - $50.00
2. American Road Builders' Association - - - - - - 7.50
3. American Association of State Highway Officials 1,013.00

The Commission authorized payment of the dues as recommended.

A form of agreement with the U. S. Forest Service providing cooperative improvement to a water system which jointly serves the Austin Maintenance Headquarters Station and the Forest Service District Ranger Station was discussed. The Engineer stated that the present system is inadequate and that the agreement provides for installation and maintenance of a new system at an initial cost of approximately $12,000; also, that the State and the Forest Service will share equally the initial cost and the cost of maintenance and operation after construction. Upon his favorable recommendation, the Commission approved the agreement.

Chairman Chandler at this point inquired concerning a previously proposed transfer of maintenance buildings at Detroit Reservoir to the State Highway Department. Mr. Stiffler, Assistant State Highway Engineer,

replied that the buildings are being transferred from the U. S. Army Engineers to the Forest Service, and the Forest Service plans to transfer them to the State as soon as arrangements are completed with the Army Engineers.

The Engineer reported that the newly constructed portion of the Columbia River Highway, known as the Clatskanie-Delena Section in Columbia County, has been opened to public travel. Under the terms of an agreement previously entered into with Columbia County, he said, it was agreed that when the new section of highway is opened for public use, the County and the City of Clatskanie would take over and maintain the abandoned portion of the old highway. He recommended that the Commission take formal action at this time abandoning the section.

The Commission approved the recommendation by adopting the attached resolution relative thereto, marked EXHIBIT "G-1", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

Consideration was given to an abandonment agreement with Union County whereby the County agrees to assume jurisdiction over and maintain the section of the Ukiah-Hilgard Secondary Highway known as the Starkey connection, beginning at M.P. 13.70, and extending to M.P. 17.00 at Starkey, a distance of 3.3 miles. Under the terms of the agreement, the Engineer stated, the County will perform all maintenance work, except that the State will perform snow removal and will bill Union County for such work. He recommended that the agreement be approved. The Commission approved the agreement and adopted the attached resolution marked EXHIBIT "G-2", formally abandoning the Starkey connection as a state highway, which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

In connection with the relocated section of the Pacific Highway between Anlauf and Roseburg in Douglas County, the Engineer pointed out that the new section being opened to public travel has necessitated the redesignation of several highways and sections of highways. To accomplish this, he recommended that the section of the old Pacific Highway between Anlauf and Drain be designated an extension of Umpqua Highway No. 45, and that the old route of the Pacific Highway from Drain south to a junction with the new highway south of Yoncalla be designated the Drain-Yoncalla Secondary Highway, No. 236. He also recommended that the route of the old Pacific Highway, beginning at its intersection with the relocated highway north of Oakland and extending south to a point a short distance south of Shady Point, south of Roseburg,be designated as the Oakland-Shady Secondary Highway, No. 234. The Commission approved the redesignations as recommended by adopting the attached resolution relative thereto, marked EXHIBIT "L", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Engineer recommended assignment of Route No. ORE 237 to the Cove Secondary Highway, No. 342 which extends easterly from ORE82

in Island City to Cove, thence south through Union and North Powder to a junction with US30 near North Powder. The Commission adopted the recommendation.

The Engineer also recommended assignment of Route No. ORE32 to that portion of the Columbia River Highway (US730) which extends easterly from its junction with the Old Oregon Trail (US30) east of Boardman via Irrigon and Umatilla to its junction with the Umatilla-Stanfield Highway east of Umatilla, thence southerly over the Umatilla-Stanfield Highway via Hermiston and Stanfield to its junction with the Old Oregon Trail (US30) south of Stanfield. The Commission approved the recommendation.

The Engineer recalled that route changes recently made in the vicinity of Ontario have utilized Oregon Route No. 52 in order to be compatible with the route in Idaho designated as Idaho Route 52. He pointed out that originally ORE 52 was assigned to the Wapinitia Highway between Warm Springs Highway junction and Maupin so, in order to avoid confusion, it will be necessary to assign a new number to that particular highway section. He recommended that Route No. ORE 216 which presently is assigned to the Sherars Bridge Secondary Highway between Grass Valley and Tygh Valley, be extended southerly along The Dalles-California Highway (US197) to a junction with the Wapinitia Highway north of Maupin, thence westerly over the Wapinitia Highway to a junction with the Warm Springs Highway (US26) near Bear Springs. The Commission approved the recommendation.

Consideration was given to letters from the Associated Forest Industries of Oregon and others requesting that Veterans Day, November 11, be removed from the list of holidays during which log hauling is prohibited on Oregon Highways. The matter was discussed briefly but action was deferred until the following day. The Engineer advised that there is usually no great increase in tourist traffic because of the holiday and it was his opinion that safety to the traveling public will not be greatly impaired were log hauling permitted on this holiday, and he recommended that hauling be allowed. The Commission accepted the recommendation, with the understanding that when November 11 falls on a Sunday, the hauling of logs on the following Monday will be permitted notwithstanding that Monday may be a legal holiday, that such permission to haul on November 11 when such date falls on Sunday shall not supersede any previous regulations prohibiting the hauling of logs on a Sunday.

An agreement with the Board of County Commissioners of Multnomah County amending a previous agreement, dated January 21, 1954, was discussed. The Engineer explained that in effecting an improvement to the Sunset Highway involving Humphrey Boulevard, it was necessary to acquire some right of way adjacent to Humphrey Boulevard. A portion of this property containing 1.45 acres, he said, no longer is required for state highway purposes and he recommended that it be deeded to Multnomah County for a consideration of $1.00. The Commission approved the recommendation by adoption of the attached resolution relative thereto marked EXHIBIT "H", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Following the Engineer's favorable recommendation, the Commission confirmed their oral approval of two riders to the California-Western States Life Insurance Company Group Policy No. 399380. One of the riders, the Engineer explained, pertains to group life insurance, and the other to group accident and health benefits.

The Commission approved the Secretary's report on papers signed in behalf of the Commission during the period of December 14, 1955 to January 24, 1956.

The Commission discussed a date for its next regular meeting and decided to hold such meeting in Portland on February 29 and March 1 and 2, the meeting on February 29 to start at 2:00 P.M. The Commission also set April 19 and 20, 1956 as a tentative date for the following meeting. The Secretary was instructed to make the usual arrangements to hold these meetings in the Imperial Hotel. He was also instructed to ask the Washington State Highway Commission and the Washington Toll Bridge Authority to be present at 3:00 P.M. on March 1, 1956, to discuss the bids that may be received at 9:00 a.m. on that day for construction of a new bridge across the Columbia River between Portland, Oregon, and Vancouver, Washington.

The meeting recessed at 12:00 noon and reconvened at 2:00 P.M., with the same persons present and participating.

The Engineer reported that at the request of the Hammond Lumber Company a test run was made with a sixty foot truck and trailer combination over the Fort Stevens Secondary Highway No. 104, and it was found that the equipment can negotiate the highway and keep on its own side of the road. He recommended in view thereof that this highway, which is now unclassified, be classified as a Group I Highway. The Commission approved the classification as recommended.

The Engineer also reported that he had received a request from George Clarno for a private access to the road connecting the new and old Oregon Coast Highways immediately south of Hauser, Coos County. If this request is granted, he stated, it will be a deviation from the established policy of access control on this section of highway. He recommended that the request be denied. The Commission accepted his recommendation.

Personnel to attend the 1956 conference of the Western Association of State Highway Officials in Phoenix, Arizona, April 10 through 13, 1956, was discussed. The Engineer recommended and the Commission approved attendance of the following people at an estimated cost of approximately $250.00 each: Ben R. Chandler, Chairman, State Highway Commission; Chas. H. Reynolds and M. K. McIver, members of the Commission; R. H. Baldock, State Highway Engineer; W. C. Williams, Deputy State Highway Engineer; W. W. Stiffler, Assistant State Highway Engineer; Forrest Cooper, Construction Engineer; F. B. Crandall, Traffic Engineer, and H. B. Glaisyer, Secretary, State Highway Commission.

The matter of securing aerial maps for urban areas was discussed. The Engineer advised that studies of the metropolitan area of the City of Portland were handicapped by lack of adequate aerial maps; also, that a controlled aerial mosaic map of the Portland area will cost approximately $15,000, but such a map would greatly simplify and decrease expenses in studying routes and preparing plans for ultimate improvements in the area. The Commission approved his request for authority to call for bids at the next meeting for such a survey.

A request from George L. Zimmerman, Chairman of the Yamhill Chamber of Commerce Road Committee, for a survey of the Yamhill-Newberg State Secondary Highway was discussed. The Deputy Engineer pointed out that about half of the survey work has been completed and completion of construction is a matter of high priority in Division No. I. He recommended and the Commission approved completion of the survey.

The Engineer reported receipt of a communication from the City of Grants Pass regarding the Grants Pass technical report, particularly requesting implementation of the one-way street system mentioned therein to accommodate traffic on the Pacific Highway, and suggesting the transfer of funds that are programmed for improvement of the Redwood Highway near Grants Pass to finance the work. The Commission discussed the matter to some extent and instructed the Secretary to acknowledge the letter by stating that the project will be considered when additional Federal monies are provided by the Congress, and in the meantime a further study of the project will be made by the Engineer.

Chairman Chandler stated that a complaint has come to his attention that Coastal Equipment and Repair Company, the contractor for improvements in the Humbug Mountain State Park, Contract No. 4317, has not yet received final payment for the job notwithstanding it was completed on June 27, 1955. The Commission instructed the Engineer to investigate this matter.

Formulation of a new highway program was brought up by Chairman Chandler. He inquired as to when such a program will be presented for the Commission's consideration. The Engineer replied that it is very difficult to formulate a program when the amount of federal participation is not known, particularly the participation which may be offered in connection with one of the special highway bills now before the National Congress. He suggested that a program be worked up encompassing those projects which can be performed with regular federal-aid and state funds, and another program including those projects to be performed when additional federal funds become available. He was instructed to proceed on such basis and to submit programs for discussion at the next meeting.

Inquiry was also made by Chairman Chandler concerning the status of the survey for relocation of the Pacific Highway East between Albany and Eugene. The Engineer replied that the survey is nearing completion and a report will be made to the Commission probably at the next meeting. It was his thought that this matter and other similar situations should be on the agenda for Commission study at the next meeting so necessary

hearings can be scheduled as is required by law for the cities and towns which may be by-passed by the proposed route. He suggested tentatively that these hearings be held sometime during the month of May.

The Commission signed agreements and other papers, as follows:

"Extension Rider" re approval of a lease extension with O. W. R. R. & N. Railroad Company and Union Pacific Railroad Company, covering the leasing of an oil storage location on Wallowa Lake Highway at Island City in Union County.

"Bargain and Sale Deed" re sale to Charles E. Eckelman of 0.51 acre of excess property on Sundial Section of Old Columbia River Highway, Multnomah County. Consideration $750.

"Indenture of Access" on the following properties:

a. Tanler property on Dayville-Mt. Vernon Section of John Day Highway, Grant County.

b. Sparrow Estate property on Elbow Lake-Gardiner Section of US101, Douglas County.

"Agreement" with US Bureau of Public Roads covering maintenance of Marks Creek-Forest Boundary Section of Ochoco Highway, Crook County.

"Throughway Agreements" with Polk and Yamhill Counties covering the Wallace Bridge-Sherman Section of Salmon River Highway.

"Landscape Maintenance Agreement" with Multnomah County covering lands adjacent to Multnomah County Juvenile Home.

"Agreement" with US Forest Service covering improvements to the water system serving Austin Maintenance Station and US Forest Service District Ranger Station on John Day Highway, Grant County.

"Agreement" with Union County abandoning Starkey connection of Ukiah-Hilgard Secondary Highway, Union County.

"Amended Agreement and Deed" with Board of County Commissioners, Multnomah County, amending agreement of January 21, 1954 re improvement of a portion of Sunset Highway and providing for transfer from the State to the County of the relocated portion of SW Humphrey Blvd.

"Riders" confirming approval to the California-Western States Life Insurance Company Group Policy relating to life insurance and group accident and health benefits.

"Abandonment Agreement" with Josephine County covering the East and West Fork, Illinois River Bridge Sections of Redwood Highway No. 25, Josephine County.

"Agreement" with Edith and J. L. Campbell covering their operation of the Silver Falls Lodge, Silver Falls State Park for the period beginning January 1, 1956 and ending December 31, 1956. (Authorized December 19, 1955)

"Finance & Maintenance Agreement" with Tillamook County covering the Cape Meares Road, FAS 616.

"Easement" granted by United States Department of Interior, Bureau of Reclamation, to allow the Olds Ferry-Ontario Section of the Old Oregon Trail to cross the north canal of Owyhee project in Malheur County.

"Quitclaim Deed" to Multnomah County for a parcel of land lying in Section 6, Township 1 South, Range 1 East, W.M., Multnomah County.

"Agreement" with City of Newberg covering the construction of the Chehalem Mountain-Newberg Section of the Hillsboro-Silverton Highway in the City of Newberg.

"Agreement" with Southern Pacific Railroad Company covering the 6th Street Overcrossing in Klamath Falls.

The Commission discussed with the Engineer bids received during the morning session, and at 3:30 p.m., Commissioner McIver publicly announced awards of contracts as follows:

"Alsea Rock Production Project on the Alsea and Alsea-Deadwood Highways in Benton County: The Commission awarded the contract to the low bidder, E. C. Hall Co., Portland, at their bid price of $38,086.

"Little Deschutes River Bridge Widening on the Willamette Highway, four miles west of its junction with The Dalles-California Highway in Klamath County: The Commission rejected all bids received on this project as being too high.

"Grading, paving and shoulder oiling the Lost River-Hatfield Junction Section of the Klamath Falls-Malin Highway near Merrill in Klamath County: The Commission elects to accept the bid of Central Paving Co., and Calkins Crushing Co., Independence, in the sum of $207,055 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired.

"Oiling; also furnishing crushed material in stock pile on the South Unit, Lapine-Silver Lake Section of the Fremont Highway in Klamath and Lake Counties: The Commission awarded the contract to the low bidder, Babler Bros., Inc., Portland, at their bid price of $57,731.

"Construction of two composite concrete-timber bridges to replace existing timber bridges on county roads near Lebanon in Linn County: The Commission elects to accept the bid of Charles E. Wiedeman, Dallas, in the sum of $21,845 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Linn County is received and the sum of $4,900 is deposited by the County.

"Grading and paving the Basque Maintenance Station-McDermitt Section of the I.O.N. Highway in Malheur County: The Commission awarded the contract to the low bidder, J. C. Compton, Co., McMinnville, at their bid price of $279,270.

"Paving the East Parkrose Section of the Columbia River Highway in Multnomah County: The Commission awarded the contract to the low bidder, Warren Northwest, Inc., Portland, at their bid price of $10,421.

"Grading, paving and roadside improvement on the Ross Island Bridge on-ramp Section of the Pacific Highway East in Multnomah County: The Commission awarded the contract to the low bidder, Perkins Bros., Portland, at their bid price of $22,172.94.

"Construction of N.E. 21st Avenue Structure over Banfield Expressway in Portland in Multnomah County: The Commission elects to accept the bid of Birkemeier Construction Co., Milwaukie, in the sum of $101,560 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Grading Short Creek Section of the Cape Meares Loop Road, north of Oceanside in Tillamook County: The Commission elects to accept the bid of Hill A. Lind, Beaverton, in the sum of $47,713 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Tillamook County is received and the sum of $21,900 is deposited by the County.

"Weston-Elgin Rock Production Project on the Weston-Elgin Highway in Umatilla and Union Counties: The Commission awarded the contract to the low bidder, E. H. Itschner Co., Molalla, at their bid price of $37,950.

"Construction of Weaver Bridge over the Wallowa River on the Werst Corner-Wallowa Road in Wallowa County: The Commission elects to accept the bid of Jackson & Ray, Hermiston, in the sum of $27,190 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Wallowa County is received and the sum of $6,100 is deposited by the County.

"Hess Creek (Newberg) Roadside Improvement Project on the Pacific Highway West at Newberg in Yamhill County: The Commission awarded the contract to the low bidder, Shrubbery Planting, Portland, at their bid price of $9,161.15.

"Grading Wallace Bridge-Sheridan Unit, Valley Junction-Sheridan Section of the Salmon River Highway in Yamhill and Polk Counties: The Commission elects to accept the bid of Roy L. Houck & Sons, Salem, in the sum of $391,022, and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

The meeting adjourned at 3:40 P.M. to reconvene at 9:00 a.m. on the following day.

Portland, Oregon
January 27, 1956

The meeting of the State Highway Commission reconvened at 9:00 a.m. in the Queens Room of the Imperial Hotel with the following persons present and participating:

Ben R. Chandler, Chairman
Chas. H. Reynolds, Commissioner
M. K. McIver, Commissioner
R. H. Baldock, State Highway Engineer
W. C. Williams, Deputy State Highway Engineer
W. W. Stiffler, Assistant State Highway Engineer
C. W. Enfield, Chief Counsel
Robert L. May, Jr., Assistant Chief Counsel
E. F. Chidsey, Assistant Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Chief Auditor
H. B. Glaisyer, Secretary

Bids as follows for highway construction were opened and read aloud by the Secretary who then announced that the award of contracts would be made in the same room at 3:00 P.M.

DOUGLAS COUNTY
CONSTRUCTION OF CONCRETE GRADE SEPARATION STRUCTURE ON RELOCATED PACIFIC HIGHWAY

Hamilton & Thoms, Eugene	$ 32,974.00
Schrader Construction Co., Portland	36,233.00
Valley Construction Co., Portland	36,824.00
Orlando C. Bennard, Portland	37,238.00
Glenn Snook, Eugene	38,377.50
P. S. Lord Mechanical Contractors, Portland	40,493.00

GILLIAM COUNTY
CONDON ROCK PRODUCTION PROJECT ON JOHN DAY AND WASCO-HEPPNER HIGHWAYS

Vernie Jarl, Gresham	$ 37,290.00
E. H. Itschner Co., Molalla	40,310.00
C. C. Meisel, McMinnville	43,507.00
J. N. Conley, Portland	46,825.00

JACKSON COUNTY
GRADING AND OILING CASEY PARK SECTION OF CRATER LAKE HIGHWAY

Keith Bros. Construction Co., Medford	$ 39,100.00
F. L. Somers, Medford	48,075.00

JACKSON COUNTY
GRADING AND PAVING THE REESE CREEK SECTION OF CRATER LAKE HIGHWAY

Rogue River Paving Co., Medford	$ 14,781.80
J. C. Compton Co., McMinnville	17,870.50
F. L. Somers, Medford	20,785.00

JACKSON COUNTY
ASHLAND CREEK STRUCTURES OVER ASHLAND CREEK AND WATER STREET

Orlando C. Bennard, Portland*	$ 73,668.50
Ausland Constr. Co., Grants Pass	76,482.00
R & M Constr. Co., Central Point	77,041.10
Tom Lillebo, Reedsport	78,957.50
P. S. Lord Mechanical Contractors, Portland	79,889.50

*Bidder will accept only one project at this letting.

JACKSON COUNTY
MCKEE BRIDGE OVER APPLEGATE RIVER ON APPLEGATE COUNTY ROAD

R & M Construction Co., Central Point	$ 55,095.70
Tom Lillebo, Reedsport	56,137.75
Ausland Constr. Co., Grants Pass	58,297.90
Hamilton & Thoms, Eugene	63,027.00
P. S. Lord Mechanical Contractors, Portland	63,888.75
Busch-Copenhagen Co., Portland	69,662.15

LANE COUNTY
HELLGATE-OAKRIDGE DIKE PROJECT ON THE WILLAMETTE HIGHWAY

Stanton W. Payne, Eugene	$ 15,936.00
J. M. Arenz, Portland	22,292.50

January 27, 1956

Hellgate-Oakridge Dike Project-Cont.

Allum Bros., Eugene	$ 22,640.00
Funderburk Constr. Corp., Sutherlin	23,840.00
F. H. McEwen, Eugene	23,990.00
Kuckenberg Constr. Co., Portland	24,380.00
Oakridge Excavators, Oakridge	26,655.00
White Bros. Co., Walla Walla, Washington	27,180.00
E. C. Hall Co., Portland	30,920.00
L. C. Daniel, Eugene	33,140.00
J. Bacaloff Co., Portland	33,314.00
F. L. Somers, Medford	33,800.00
Q. L. Rufener, Inc., Portland	33,850.00

MALHEUR COUNTY
NYSSA BRIDGE OVER SNAKE RIVER ON OLD OREGON TRAIL HIGHWAY

Hansen & Parr Constr. Co., Spokane, Washington	$499,227.00
Peter Kiewit Sons' Co., Vancouver, Washington	499,300.00
Gilpin Constr. Co., Portland	550,513.00
Hamilton & Thoms, Eugene	594,175.00

MALHEUR COUNTY
GRADING AND PAVING IDAHO STATE LINE-SUCKER CREEK SECTION
OF I.O.N. HIGHWAY

C. E. Leseberg, Nyssa	$ 84,933.00
Russell Olson Constr. Co., Pendleton	86,017.00
J. C. Compton Co., McMinnville	106,884.00
Parker-Schram Co., Portland	111,973.20

MALHEUR COUNTY
SHOULDER OILING ONTARIO-NYSSA PROJECT ON OLD OREGON TRAIL

Russell Olson Constr. Co., Inc., Pendleton	$ 23,407.00
Central Paving Co., Independence	23,757.60
C. E. Leseberg, Nyssa	24,007.50
Babler Bros., Inc., Portland	25,231.00

MORROW COUNTY
MESSNER OVERCROSSING RECONSTRUCTION OVER UNION PACIFIC
RAILROAD TRACKS ON UPPER COLUMBIA RIVER HIGHWAY

Schrader Construction Co., Portland	$ 44,410.00
Marshall Constr. Co., Hermiston	54,605.00
George E. Berry, Beaverton.	70,260.00

January 27, 1956

UMATILLA COUNTY
MILTON-FREEWATER ROCK PRODUCTION PROJECT ON 3 HIGHWAYS

Umatilla Ready-Mix Co., Umatilla	$ 15,680.00
Arthur Simonsen & Co., Baker	15,872.00
E. H. Itschner Co., Molalla	22,400.00

UMATILLA COUNTY
GRADING AND TOPPING UKIAH-FOREST BOUNDARY SECTION OF UKIAH-HILGARD HIGHWAY

Jack Robinson Contractor, Inc., Bend	$198,847.00
Vernie Jarl, Gresham	216,809.00
C. R. O'Neil, Creswell	229,275.50
Durbin Bros., Eugene	230,234.50

Goodfellow Bros., Inc., Wenatchee, Washington	271,091.00
Earl L. McNutt Co., Eugene	280,639.00
Max J. Kuney Co., Inc., Spokane, Washington	298,753.00
J. N. Conley, Portland	299,797.00
Allum Bros., Eugene	307,419.00
C. J. Eldon Contractor, Portland	332,297.50
Miller & Strong, Inc., Eugene	357,817.00
Parker-Schram Co., Portland	366,451.00

WASCO COUNTY
PAVEMENT WIDENING OF SHOGREN OVERCROSSING-CHATFIELD SECTION COLUMBIA RIVER HIGHWAY

The United Contracting Co., Portland	$ 17,232.50
Warren Northwest, Inc., Portland	17,917.50
Russell Olson Construction Co., Inc.	18,495.00

YAMHILL COUNTY
GRADING AND PAVING CHEHALEM MTN.-NEWBERG SECTION OF HILLSBORO-SILVERTON HIGHWAY

Calkins Crushing Co., Oceanlake	$112,128.00
C. C. Meisel, McMinnville	112,540.00
Porter W. Yett, Portland	122,333.00
E. C. Hall Co., Portland	123,708.00
Parker-Schram Co., Portland	127,730.50
J. N. Conley, Portland	135,815.00

Mr. Fred H. Slate, President of Portland Chapter, Associated General Contractors of America was present. He asked the Commission to give serious consideration to the holding of bid lettings at more frequent intervals as a convenience to contractors who do not have sufficient time

under present procedure to properly estimate and bid more than one job at a letting. The Commission referred the matter to the Engineer for study.

Mr. Howard Maple, Manager of the Coos County Chamber of Commerce, came before the Commission to request improvements to the Coos Bay-Roseburg Highway or construction of a new east-west highway between Coos Bay and Roseburg. He pointed out that during the recent heavy rain storm at least seventy-five slides occurred on this highway which greatly interfered with traffic. It was his feeling that if new cuts were made in the existing highway, such cuts would probably cause additional slides. He asked the Commission to either improve the present highway or to build an entirely new one between these points; also, to authorize a survey to determine the most feasible route between Coos Bay and Roseburg. Commissioner Reynolds stated that the Commission's problem is one of money, and consideration can be given to this project only if additional funds are made available by the national congress. This request for improvement, he added, is not the first one as several similar requests have been made in the past for a better highway. He also said that a lot of engineering will have to be done before the Commission can take any action. Chairman Chandler concluded the discussion with the statement that no commitment can be made at this time, but the matter will be taken under advisement. The Engineer was authorized by the Commission to furnish Mr. Maple an outline of the Commission's present plans for improvement of the Coos Bay-Roseburg Highway as was released to the press on the previous day.

A delegation representing the Benton County Chamber of Commerce came before the Commission to urge improvement of the Corvallis-Newport Highway between Philomath and Corvallis. The following people were present: Gordon T. Larson, Mayor of Philomath; Wayne R. Giesy, Monroe, Chairman of the Benton County Chamber of Commerce Highway Committee; S. R. Rodriguez, Corvallis, Director of the Benton County Chamber of Commerce, who acted as spokesman. He pointed out that as a representative of the Benton County Chamber of Commerce he is concerned with traffic problems on the Pacific Highway West, the Alsea Highway, and U. S. Highway 20 between Albany and Philomath. During the last few years, he said, there has been a great increase in logging traffic over the Alsea Highway into Corvallis and as a result a serious traffic congestion exists at the junction of the Alsea Highway with the Corvallis-Newport Highway. The Benton County Chamber of Commerce, he continued, is sponsoring a long range program consisting of: (1) An adequate two-lane highway along the route of U.S. 99W from Portland to Junction City; (2) Early construction of the proposed First Street route in Corvallis; (3) Early construction of the highway between Albany and Corvallis to provide better alignment and to raise it above flood levels; (4) Early improvement of the Pacific Highway West between Corvallis and Monroe, and; (5) Early construction of a four-lane facility on the Corvallis-Newport Highway between Philomath and Corvallis.

Mr. Giesy stated that the county is united on this program and would like to know the plans of the Commission with respect thereto, particularly as to the four-lane section between Philomath and Corvallis. Improvement of this section, he stated, is urgent because of the heavy log haul from the Alsea Highway and because a new plywood mill is to be established in Philomath.

Mr. Larson commented that the people of Philomath are now ready for a one-way couplet section through the city, and he inquired as to where the new leg of the couplet will be located as the city plans to build a new high school on a 20-acre tract which probably will be adjacent to the new highway section and they do not want to spend their money unwisely. He inquired if it is possible to have the highway route staked to enable the city to plan its school construction accordingly. Chairman Chandler stated that the survey has been made and approved and that right of way is now being acquired. The time of construction, he said, will depend on when additional funds are made available by the national congress, and even after the money has been secured, it will take two or three years to complete the construction. He added that the Commission will authorize the Engineer to stake the new highway route between Corvallis and Philomath, including the sections within the boundaries of both cities. The Engineer thereupon was instructed to so stake the line.

A delegation representing the Mt. Angel Business Men's Club and the Silverton Chamber of Commerce came before the Commission to request improvement of the Hillsboro-Silverton Secondary Highway, particularly a 3.4 mile section thereof between Mt. Angel and a place known as "Henjum's Corner". The following people were present: Mr. Joe Berchtold, Spokesman and Chairman of the Mt. Angel Business Men's Club; Mr. S. C. Schmitt, Businessman; Mr. Edward Shaecher, City Recorder; P. S. Meissner, Water and Street Commissioner; Mr. C. J. Mucken, President of the Businessmen's Club; Mr. Jacob Berchtold, Mayor; Mr. Ed Stolle, Editor of the Mt. Angel News; Mr. Joe M. Wagner, City Councilman; and Mr. Bernard H. Kirsch, City Councilman, all from Mt. Angel; Mr. F. Earl Chalfan, Member of the Chamber of Commerce; Mr. Ed Divnich, Member of the Chamber of Commerce; Mr. Quintin Estell, Spokesman for Silverton and Vice President of the Chamber of Commerce; Mr. Willard Hayne, Member of the Chamber of Commerce; Mr. R. M. Cooley, City Councilman; Mr. Lenard Kephart, Member of the Chamber of Commerce, all from Silverton.

Mr. Joe Berchtold thanked the Commission for recent construction in the vicinity of Mt. Angel and requested improvement of the section of highway south of Mt. Angel to avoid accidents which in the past have cost the lives of several people. Mr. S. C. Schmitt pointed out that this section of highway is very narrow and that a number of county roads connect with it, and over which a considerable amount of farm products are transported. He also mentioned that since the opening of the Portland-Salem Expressway for public use there has been a large increase in the volume of traffic through Woodburn, Mt. Angel and Silverton enroute to the Silver Falls area and Detroit Dam. Mr. Mucken stated that this is the fourth time that a

delegation from the Mt. Angel-Silverton District has requested this improvement and he urged the straightening and widening of the highway at the earliest possible time. Mr. Estell called attention to unsatisfactory features of the road such as narrowness, poor alignment and high crown. He also emphasized that the road is being used as a feeder road to the North Santiam Highway and the Portland-Salem Expressway. Also speaking in behalf of the project were Messrs. R. M. Cooley, Leonard Kephart and Joe M. Wagner, all from the City of Silverton.

Chairman Chandler advised that the Commission is not too familiar with the section of highway referred to but will have an investigation made of existing conditions. The Engineer was thereupon authorized to make such investigation and to report the findings which are to include a report on traffic volume. Commissioner Reynolds commented that highway funds are very low and Congress has not yet taken any action to provide additional funds. In response to a request from a member of the delegation that the Commission promise high priority for the project, Chairman Chandler stated that the Commission presently is not in position to make a definite promise or commitment and will not be able to do so until the Engineer has completed his investigation, and the findings have been studied.

A delegation from Baker County composed of representatives of the Baker County Court, Baker County Chamber of Commerce, Baker County Commercial Club, Pine-Eagle Good Roads Group, and the Baker Upper Columbia Basin Projects Committee came before the Commission regarding improvement and changes to highways and other facilities necessitated by pending construction of dams in the Snake River between Robinette and Homestead. The group consisted of the following: Lloyd Rea, County Judge, R. M. Phipps, Huntington, and Gill Wright, New Bridge, County Commissioners, Anthony Brandenthaler and A. S. Grant, Baker, representing the Baker Chamber of Commerce, W. W. Evans, Frank McDowell, N. C. Jones, and Harry Alexander, Halfway, representing the Pine-Eagle Good Roads Group, Lowell Fuller, Baker, representing the Baker County Commercial Club, and Ted Avery, Robinette, and C. R. Gerry, Huntington, representing the Upper Columbia River Basin Projects Committee.

Judge Rea headed the group. He read aloud and presented a prepared statement in which were outlined the local problems with which they are concerned (see copy of statement in General Files.) He advised that the people of Baker County are greatly concerned about the effect construction of the dams will have on the economy of their area, and he gave several reasons why they are distressed, particularly the following: (1) flooding of the county road that extends south from Robinette to Huntington; (2) inundation of the Powder River Bridge near Robinette; (3) flooding of the state highway that extends from Brownlee through Robinette to a point near Richland; and (4) flooding of the railroad between Huntington and Robinette. He expressed fear that Idaho interests will obtain the most benefits from

the dams unless something is done to forestall it. The groups represented here today, he added, are all united in requesting that existing facilities that will be destroyed by the dam construction be replaced by the Idaho Power Company. He specifically mentioned the following: (1) replacement of the county road between Huntington and Robinette, and a section of the highway between Richland and Interstate Bridge at Ballards Landing via Robinette; (This latter project, he said, should be replaced as near the shore line of the reservoir as possible.) (2) construction of an access road from the Brownlee Dam site to Halfway; and (3) relocation of the railroad between Huntington and Robinette. He called attention to losses that will accrue to taxing bodies if the railroad is not replaced--a total of $164,586 for School Districts alone. He also mentioned the handicaps that will accrue to mining and timber interests by reason of the flooding of the existing facilities. He urged construction of an entirely new road from Robinette Junction through Robinette to Brownlee Dam site as the people's immediate need, and consideration of a short cut road from Richland to Halfway via the old Stage Route, thence down Pine Creek to a point near the Oxbow Dam site which, he said, is necessary if Oregon business is to compete with Idaho business. He declared their most urgent need is for completion of Highway 86 between Baker and Richland to enable large trucks and trailer houses to get into the dam site area. Judge Rea presented a petition signed by numerous residents of the Pine and Eagle Valleys requesting an immediate survey for a new highway between Richland and Halfway following in general the old Stage Route via Immigrant Gulch.

Mr. Brandenthaler endorsed the remarks of Judge Rea and he urged construction of the road from Robinette Junction to Brownlee as soon as possible to enable business interests of Baker County to obtain the advantages of the dam construction. He gave as his understanding that the Idaho Power Company is willing to spend a lot of money to replace this road at a higher elevation. Mr. Fuller presented a letter from the Baker County Commercial Club urging (1) that assistance be given to the County in meeting the urgent road and highway needs to the end that facilities are provided that will adequately handle faster and heavier traffic that is bound to develop in the years to come; (2) immediate modernization of Highway 86 between Baker and Richland; He asked that this project be given priority on an emergency basis. (3) construction of a direct route between Richland and Halfway that will provide a savings in distance of over 33%; (4) that the Highway Commission consult with the Baker County Court at all times with respect to road relocations and that the County Court be fully advised of such developments, studies, etc.; and (5) that the Highway Commission give priority to the highway problems arising in this area, particularly those on Highway 86. Mr. Fuller also presented a petition signed by numerous residents of the Pine and Eagle Valleys in which the Commission is urged to make a survey of the proposed direct route between Richland and Halfway following the old Stage Road via Immigrant Gulch.

Mr. Evans spoke for improvements that will allow the merchants of Oregon and Idaho to compete for the business created by the proposed

dams on an equal basis. He urged immediate modernization of ORE 86 between Baker and Richland, construction of a new highway from Richland to Halfway via the old Stage Route and modernization of the highway from Halfway to Copperfield.

Mr. Avery presented a letter from the Baker Upper Columbia Basin Projects Committee urging the following relocation of the county road from Huntington to Powder River along the shore line of the proposed reservoir and construction of such road to Federal State Secondary specifications, and that it be designated as a State secondary highway; that the railroad service to the "Panhandle" district to Baker County be continued by relocation; that a State access highway be constructed to secondary highway standards from Brownlee to Pine Valley; that an access highway be constructed to secondary standards from Oxbow to Pine Valley; and that the Idaho Power Company be required to provide for payment of the taxes that school districts will lose by reason of the dam construction. Mr. Gerry expressed his approval of the overall picture as presented by the group, but he especially urged improvement of the road between Huntington and Robinette. He also called attention to the mineral deposits in the area affected and the need for better highways to remove these deposits, as well as to market the timber.

The Engineer advised that the Highway Commission presently has no definite agreement with the Idaho Power Company with respect to replacement of roads that will be flooded by the proposed dams, and the Company must know where the highways are to be relocated before an agreement can be reached. Surveys to that end, he said, are being made now to secure needed information, including a survey for a road from Halfway down Pine Creek. He inquired as to the wishes of the Baker County people. Judge Rea replied that the people have had a number of meetings and the consensus of opinion is that the present roads that are being destroyed should be replaced. Commissioner Reynolds pointed out that the road between Huntington and Robinette is not a state highway but is a county road under the jurisdiction of the Baker County Court. Mr. Grant suggested that perhaps the committee represented by Mr. Avery does not have the problem correctly in mind. Mr. Avery replied that they want the Idaho Power Company, to build a road from Richland to Homestead via Robinette and the State to build the road from Richland to Halfway and down Pine Creek. There followed additional discussion which was concluded by Chairman Chandler who advised that the Commission will have the Engineer investigate the entire situation fully and will take action at such time after the report has been rendered and studied as Legislative authority will permit.

The meeting recessed for luncheon at 12:00 noon and reconvened at 2:00 P. M. in the same room with the same persons present and participating.

Mr. Julius Hult and Mr. Frank Know of Junction City came before the Commission and requested the rerouting of the Siuslaw Highway around the south side of Triangle Lake. Mr. Hult, who acted as spokesman, stated that such realignment will avoid the many curves in the present route and will provide a much better highway. He also said that he owns property on the south side of the lake and that he is willing to donate right of way through it. The Commission authorized the Engineer to conduct a reconnaissance survey of the proposed change.

Mrs. M. A. Lee of Kelso, Washington, was present and presented a claim for reimbursement for a car and a trailer load of furniture which she lost when the Lees drive their car into a flooded section of the Pacific Highway near Medford. She alleged that a flagman misdirected them and as a result they suffered a loss of about $2,000. She also stated that on this trip they had driven through a number of places where the water had covered the road to a shallow depth and they had experienced no trouble so she felt they had no reason to hesitate to drive into another flooded section, particularly in view of the instructions given them by the flagman. Chairman Chandler stated that the Commission has received a complete report on the matter. At his request, the Secretary read the report aloud. The Chief Counsel at the request of Chairman Chandler, explained that the Highway Commission administers the highway funds and cannot pay the claim because of legal restrictions; moreover, reports received from highway department employees and from the State Police indicate that the Lees were directly and solely responsible for their loss. Chairman Chandler concluded the discussion by saying that in view of the reports and the Chief Counsel's advise, the Commission cannot pay the claim although it sympathizes with the Lees for their loss.

A delegation from the City of North Bend appeared before the Commission to request improvement of Virginia and Broadway Streets in North Bend. The following people composed the group: Bob Herrington, City Administrator; Harry Graham, President, City Council; John Eaton, City Attorney, and Fred Haas, Publisher, "North Bend News".

Mr. Herrington, who acted as spokesman, called attention to the large volume of traffic that these two streets carry, being approximately 9,000 vehicles per day. This traffic, he alleged, is the largest volume of traffic that any secondary highway carries. He called attention to a deep ditch on Broadway Street which, he said, is an inherent hazard to traffic, and that a number of accidents have occurred at the intersection with the access road to Sunset Park. The North Bend City Council, he added, has authorized him to offer city cooperation up to one-fourth of the cost involved which has been estimated at $175,000, the City's share on that basis being estimated at $43,750, which the City is prepared to pay. The Engineer recalled that the Commission at a previous meeting told a delegation from North Bend that when money was available to finance the project the work would be undertaken if the City would contribute one-fourth of the costs involved.

Mr. Herrington commented that the city has improved a number of streets leading into the state highway which has further increased the necessity for improving the state artery.

The Deputy Engineer commented that in previous discussions of this matter the city agreed to construct sidewalks along the highway, in addition to paying one-fourth of the cost of the highway improvement.

Chairman Chandler stated that at the present time there are no unallocated funds available. It was his feeling that the project has a high priority and that if prospective additional Federal funds materialize, the project should be given further consideration. This matter was discussed further following departure of the group when the Commission approved construction of the project on the basis that the city will pay 25% of the costs involved. (See ahead for additional entry.) The Deputy Engineer stated that it appears that there will be a considerable surplus in the allocation for the Springfield Bridge across the Willamette River, enough to finance the North Bend job. The Commission approved the North Bend project with funds to be secured from surpluses available on contract projects in Division 3, particularly the Springfield Bridge, and on the further condition that the city contribute one-fourthof the cost and install the sidewalks.

Messrs. Chris J. Kowitz, City Attorney; J. L. Franzen, City Manager; and J. H. Davis, City Engineer, Salem, appeared before the Commission with regard to securing cooperation from the State in the proposed improvement of 12th Street, Salem, from Bellevue Street on the south to Union Street on the north and an extension thereof on Union Street to Summer Street, route of US99E. Mr. Kowitz stated that the city has voted a bond issue in the amount of $200,000 to finance such project but it now develops that the cost of the project will be approximately $308,000 so the work cannot go forward until additional funds are provided. He asked the Highway Commission to contribute the extra amount required, estimated at $108,000. He pointed out that the new route will be used as a part of the North Santiam Secondary Highway, and he explained that plans for the project include construction of curbs along the railroad tracks to separate the tracks from vehicular traffic, and the installation of gates and lights at several street intersections to prevent accidents, many of which have occurred by trains striking vehicles. He added that the Railroad Company has agreed to install the gates and to donate land for right of way across its holdings. The State Highway Engineer remarked that this project was considered in 1949, but the railroad at that time refused to cooperate. He also emphasized the large number of accidents that occur along this section. The State, he said, has a definite obligation in the improvement in order to eliminate the hazards on 12th Street. He recommended approval of the project and that the work be done at the earliest possible time; also, that the matter be covered by appropriate written agreement with the City and Railroad Company. Commissioner Reynolds inquired as to what funds can be obtained to finance the job, and he pointed out that were this request granted, it then would be inconsistent to deny the request of the North Bend delegation. The Commission took

the matter under advisement.

Following departure of the Salem group discussion of the matter was resumed along with the project requested by the North Bend delegation. As a result thereof the Commission approved both projects for immediate construction. Sufficient monies to finance them, State and Federal, are to be borrowed from another project with the definite understanding that they will be replaced as soon as is possible in order to keep the program in balance.

The Chief Counsel presented a form of easement agreement and a form of construction agreement with the Southern Pacific Company covering the South 6th Street Overcrossing project in Klamath Falls, bids for which were received by the Commission on December 20, 1955. He explained briefly the provisions of the agreements and recommended acceptance of the same. The Commission approved and signed both agreements.

The Chief Counsel advised that the Big "Y" Super Market, Inc., had requested that the Commission consent to the assignment of a lease executed by the Commission in favor of the corporation, concerning certain property located near Eugene, for a period terminating December 1, 1960, for a total consideration of $1,524.25. The Chief Counsel explained that a loan to the Big "Y" Super Market, Inc., had been negotiated through the Washington Mutual Savings Bank, that one of the conditions of the loan is that the lease be assigned to the bank, but that the lease provided that no assignment could be made without the previous written consent of the Commission. After considering and discussing the matter, the Commission concluded that the proposed assignment would not be adverse to the interests of the State, and authorized and directed the Chief Counsel to execute a consent to the assignment in behalf of the Commission.

The Commission discussed with the Engineer bids received during the morning session for highway construction and at 3:00 P.M. Commissioner McIver announced awards of contracts as follows:

"Construction of deck girder grade separation structure on the relocated Pacific Highway north of Canyonville in Douglas County: The Commission awarded the contract to the low bidder, Hamilton & Thoms, Eugene, at their bid price of $32,974.

"Condon Rock Production Project on the John Day and Wasco-Heppner Highways in Gilliam County: The Commission awarded the contract to the low bidder, Vernie Jarl, Gresham, at his bid price of $37,290.

"Grading and oiling the Casey Park Section of the Crater Lake Highway, northeast of Trail in Jackson County: The Commission awarded the contract to the low bidder, Keith Bros. Construction Co., Medford, at their bid price of $39,100.

"Grading and paving the Reese Creek Section of the Crater Lake Highway northeast of Medford in Jackson County: The Commission awarded the contract to the low bidder, Rogue River Paving Co., Medford, at their bid price of $14,781.80.

"Construction of Ashland Creek Structures in the City of Ashland in Jackson County: The Commission awarded the contract to the low bidder, Orlando C. Bennard, Portland, at his bid price of $73,668.50.

"Construction of McKee Bridge over the Applegate River on the Applegate County Road in Jackson County: The Commission elects to accept the bid of R & M Construction Co., Central Point, in the sum of $55,095.70 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Jackson County is received and the sum of $12,390 is deposited by the County.

"Hellgate-Oakridge Dike Project on the Willamette Highway in Lane County. The Commission awarded the contract to the low bidder, Stanton W. Payne, Eugene, at his bid price of $15,936.

"Construction of Nyssa Bridge over Snake River on the Old Oregon Trail Highway in Malheur County: The Commission elects to accept the bid of Hansen & Parr Construction Co., Spokane, Washington, in the sum of $499,227 and the State Highway Engineer is directed to award the contract to said bidder as soon as approval is received from the Idaho State Highway Department.

"Grading and paving the Idaho State Line-Sucker Creek Section of the I.O.N. Highway north of Jordan Valley in Malheur County: The Commission awarded the contract to the low bidder, C. E. Leseberg, Nyssa, at his bid price of $84,933.

"Ontario-Nyssa Shoulder Oiling Project on the Old Oregon Trail Highway in Malheur County: The Commission awarded the contract to the low bidder, Russell Olson Construction Co., Inc., Pendleton, at their bid price of $23,407.

"Messner Overcrossing Reconstruction over the Union Pacific Railroad tracks on the Upper Columbia River Highway in Morrow County: The Commission awarded the contract to the low bidder, Schrader Construction Co., Portland, at their bid price of $44,410.

"Milton-Freewater Rock Production Project on 3 highways, extending west and north from Milton-Freewater in Umatilla County: The Commission awarded the contract to the low bidder, Umatilla Ready-Mix Co., Umatilla, at their bid price of $15,680.

"Grading and topping Ukiah-Forest Boundary Section of the Ukiah-Hilgard Highway, south from Pendleton in Umatilla County: The Commission elects to accept the bid of Jack Robinson Contractor, Inc., Bend, in the sum of $198,847 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired.

"Pavement widening of the Shogren Overcrossing-Chatfield Section of the Columbia River Highway in Wasco County: The Commission awarded the contract to the low bidder, United Contracting Co., Portland, at their bid price of $17,232.50.

"Grading and paving the Chehalem Mountain-Newberg Section of the Hillsboro-Silverton Highway in Yamhill County: The Commission elects to accept the bid of Calkins Crushing Co., Oceanlake, in the sum of $112,128 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired.

There being no further business to come before the Commission at this time, Chairman Chandler declared the meeting adjourned at 3:40 P.M.

State Highway Engineer

EXHIBITS "A" through "L"

MINUTES

of the

OREGON STATE HIGHWAY COMMISSION MEETING

held on

January 26 and 27, 1956

EXHIBIT "A"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, in connection with the future improvement of the highway herein designated, and for the convenience and benefit of the public, it is and has been necessary to acquire property for rights of way, quarry sites, gravel or other material sites, sites for the storage of materials, and properties for other purposes authorized by statute as hereinafter more definitely set forth, and

WHEREAS, as a result of negotiations carried on with the owners of the property required, options have been obtained, which options have been considered by the Commission outlining the bases of settlement which have been agreed upon, and

WHEREAS, it is the judgment of the Commission that the said options should be approved and accepted and/or the said reports be declared acceptable to the State Highway Commission as bases of settlement for the properties involved, and that the acquisition of the properties should be completed.

NOW, THEREFORE, BE IT RESOLVED that the following described properties are hereby declared to be necessary for state highway, park, and other uses under the jurisdiction of the Commission, and that the several options or bases of settlement hereinafter enumerated be, and the same hereby are approved and accepted, and that the attorney for the Commission be, and he hereby is, instructed to complete the acquisition of the said properties and to take title thereto in the name of the State of Oregon, by and through its State Highway Commission. The said properties hereby ordered and authorized to be acquired are as follows:

BEAVERTON (HALL ST. HIGHWAY JUNCTION - 12TH STREET) SECTION - BEAVERTON - TUALATIN HIGHWAY

24099 Oregon Electric Railway Company (Smith)
Right of Way

Easement Gratis

When easement no longer used by Hwy. the rights thereunder revert to grantor.

EXHIBIT "B-1"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land on the Tigard-Newberg Section of Pacific Highway West, described as follows:

> A parcel of land lying in Sections 3 and 10, Township 2 South, Range 1 West, W. M., Washington County, Oregon, and being a portion of that property described in that deed to State of Oregon, by and through its State Highway Commission, recorded in Book 334, Page 197, of Washington County Records of Deeds; the said parcel being that portion of said property lying West of a line parallel to and 40 feet westerly of the center line of the southbound lane of the Pacific Highway West, which center line is described as follows:
>
> Beginning at Engineer's center line Station 144+80.44, said Station being 69.02 feet North and 521.64 feet West of the northeast corner of said Section 10; thence along a 5729.58 foot radius curve right (the long chord of which bears South 35° 55' West) 143.33 feet to Station 146+23.77; thence on a spiral curve right (the long chord of which bears South 37° 28' West) 250 feet to Station 148+73.77; thence South 37° 53' West 820.88 feet to Station 156+94.65, the limits of said parcel being approximately opposite Stations 145+85 and 147+60, and containing 0.33 acre.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes,

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $2300.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Secretary of the Commission be, and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060, et seq.

AND BE IT FURTHER RESOLVED that this Miscellaneous Resolution No. 179 be entered in the minutes and records of the Commission as of the 26th day of January, 1956.

January 26, 1956

EXHIBIT "B-2"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Goshen-Divide Section of the Pacific Highway described as follows:

A parcel of land lying in Sections 14 and 15, Township 20 South, Range 3 West, W.M., Lane County, Oregon, and being a portion of that tract of land described in that certain deed to the State of Oregon, by and through its State Highway Commission, dated August 23, 1954, and recorded on reel 43-54 D, Instrument 37052 of Lane County Records of Deeds; the said parcel being described as follows:

Beginning at the southwest corner of the Daniel Stanton D. L. C. No. 51 in said Section 14; thence N. 0° 20' W. 1678 feet, N. 89° 42' W. 1355 feet, S. 0° 20' E. 895.5 feet and N. 89° 42' W. 2189 feet along the boundaries to an interior corner of said State of Oregon tract; thence S. 0° 20' E. 835 feet more or less to a line which is parallel to and 60 feet northerly of the South line of said State of Oregon tract; then S. 89° 05' W. 950 feet more or less to a line which is parallel to and 180 feet easterly of the relocated center line of the Pacific Highway; thence southwesterly parallel to said center line 65 feet more or less to the South line of said State of Oregon tract; thence N. 89° 05' E. along said South line to the southeast corner and thence N. 0° 20' W. 113 feet to the point of beginning.

The parcel of land to which this description applies contains 95 acres more or less.

WHEREAS, after consideration the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes.

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $4500.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Secretary of the Commission, be and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et Seq.

AND BE IT FURTHER RESOLVED that this Miscellaneous Resolution No. 182 be entered in the minutes and records of the Commission as of the 26th day of January, 1956.

January 26, 1956

EXHIBIT "B-3"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in Olds Ferry-Ontario Section of the Old Oregon Trail Highway described as follows:

> A parcel of land lying in the NE¼ of Section 19, Township 17 South, Range 47 East, W. M., Malheur County, Oregon, and being Parcel #3 of that property described in that certain deed to State of Oregon, by and through its State Highway Commission, recorded in Book 99, Page 159 of Malheur County Records of Deeds; the said parcel being described as follows:
>
> That portion of said NE¼ lying southwesterly of a line which is parallel to and 100 feet southwesterly of the relocated center line of the Oregon Trail Highway as said center line is described in said State of Oregon Deed.
>
> The parcel of land to which this description applies contains 59.04 acres.

WHEREAS, after consideration the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes.

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $4,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Secretary of the Commission, be and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et Seq.

AND BE IT FURTHER RESOLVED that this Miscellaneous Resolution No. 183 be entered in the minutes and the records of the Commission as of the 26th day of January, 1956.

January 26, 1956

EXHIBIT "C-1"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites, or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Hillsboro-Silverton Secondary Highway; and

WHEREAS, for the purpose of widening, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, construction, improvement and maintenance of the said Hillsboro-Silverton Secondary Highway, fee simple title to certain parcels of real property. The said parcels of real property needed and required, or which in the best interests of the State and the owners should be acquired, and the specific use to be made thereof, are more particularly described in the attached list, marked Exhibit "A", under the Commission's respective file number and the name of the record owner or reputed owner; and said Exhibit "A" is by this reference adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That the widening, construction, improvement and maintenance of the said Hillsboro-Silverton Secondary Highway and the highway facilities for which each of the said parcels of property is required and being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons having an interest in said parcels of real property as to the compensation to be paid for the taking; and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, the Chief Counsel or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 26th day of January, 1956, as Condemnation Resolution No. 572.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the respective parcels of real property mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission , Salem, being Resolution No. 572, under the heading "Real Property Condemnation Resolutions", and said descriptions by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-2"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: for rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street, quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials, approach or hauling roads, connecting road, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve, construct, and maintain the Lost River-Hatfield Junction Section of the Klamath Falls-Malin Highway; and

WHEREAS, for the purpose of widening, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real property hereinafter described is necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, construction, improvement and maintenance of the said Lost River-Hatfield Junction Section of the Klamath Falls-Malin Highway, fee simple title to a certain parcel of real property. The said parcel of real property needed and required, or which in the best interests of the State and the owner should be acquired, and the specific use to be made thereof, is more particularly described in the attached list, marked Exhibit "A", under the Commission's respective file number and the name of the record owner or reputed owner; and said Exhibit "A" is by this reference adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "C-2" (Cont)

2. That the widening, construction, improvement and maintenance of the said Lost River-Hatfield Junction Section of the Klamath Falls-Malin Highway and the highway facilities for which the said parcel of property is required and being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owner and other persons having an interest in said parcel of real property as to the compensation to be paid for the taking; and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcel of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interest of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 26th day of January, 1956, as Condemnation Resolution No. 573.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the respective parcels of real property mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 573, under the heading "Real Property Condemnation Resolutions" and said descriptions by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-3"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve, and maintain the McMinnville (Adams Street) Section of the Pacific Highway West; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said McMinnville (Adams Street) Section of the Pacific Highway West, fee simple title to certain parcels of real property. The said parcels of real property needed and required, or which in the best interest of the State and the owners should be acquired, and the specific use to be made thereof, are more particularly described in the attached list, marked Exhibit "A", under the Commission's respective file number and the name of the record owner or reputed owner; and said Exhibit "A" is by this reference adopted and made a part hereof as completely and fully as though set forth herein in full.*

EXHIBIT "C-3" (Cont)

2. That the relocation, construction, improvement and maintenance of the said McMinnville (Adams Street) Section of the Pacific Highway West and the highway facilities for which each of the said parcels of property is required and being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons having an interest in said parcels of real property as to the compensation to be paid for the taking; and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, the Chief Counsel or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 26th day of January, 1956, as Condemnation Resolution No. 574.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the respective parcels of real property mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 574, under the heading "Real Property Condemnation Resolutions" and said descriptions by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-4"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Washington County Line-Hillsdale Section of the Beaverton-Hillsdale Highway; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, two members thereof being present and voting affirmatively, as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Washington County Line-Hillsdale Section of the Beaverton-Hillsdale Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "C-4" (Cont)

2. That the widening, improvement and maintenance of the said Washington County Line-Hillsdale Section of the Beaverton-Hillsdale Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 26th day of January, 1956, as Condemnation Resolution No. 575.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the respective parcels of real property mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 575, under the heading "Real Property Condemnation Resolutions" and said descriptions by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-5"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Jumpoff Joe Creek-Grants Pass Section of the Pacific Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the "Throughway Law"; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement, and maintenance of any throughway or section thereof, or for a service road, may, in its

EXHIBIT "C-5" (Cont)

discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving, and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The State Highway Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Jumpoff Joe Creek-Grants Pass Section of the said Pacific Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said relocated Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property, except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel or parcels on the attached list marked Exhibit "A".*

3. That the relocation, construction, improvement and maintenance of the said Jumpoff Joe Creek-Grants Pass Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

EXHIBIT "C-5" (Cont)

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 26th day of January, 1956, as Condemnation Resolution No. 576.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the respective parcels of real property mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 576, under the heading "Real Property Condemnation Resolutions" and said descriptions by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-6"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Tillamook-Donaldson Creek Section of the Wilson River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the "Throughway Law"; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement, and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is

necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving, and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The State Highway Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Tillamook-Donaldson Creek Section of the Wilson River Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said relocated Wilson River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel or parcels on the attached list marked Exhibit "A".*

3. That the relocation, construction, improvement and maintenance of the said Tillamook-Donaldson Creek Section of the Wilson River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels

EXHIBIT "C-6" (Cont)

of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 26th day of January, 1956, as Condemnation Resolution No. 577.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the respective parcels of real property mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 577, under the heading "Real Property Condemnation Resolutions" and said descriptions by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-7"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve, and maintain the West Fork Illinois River Bridge and East Fork Illinois River Bridge Sections of the Redwood Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said sections of said highway shall be

EXHIBIT "C-7" (Cont)

relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the "Throughway Law"; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement, and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving, and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The State Highway Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said West Fork Illinois River Bridge and East Fork Illinois River Bridge Sections of the Redwood Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interest therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "C-7" (Cont)

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said relocated West Fork Illinois River Bridge and East Fork Illinois River Bridge Sections of the Redwood Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel or parcels on the attached list marked Exhibit "A".*

3. That the relocation, construction, improvement and maintenance of the said West Fork Illinois River Bridge and East Fork Illinois River Bridge Sections of the Redwood Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 26th day of January, 1956, as Condemnation Resolution No. 578.

EXHIBIT "C-7" (Cont)

*FOOTNOTE:

The names of the property owners and the detailed description of the respective parcels of real property mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 578, under the heading "Real Property Condemnation Resolutions" and said descriptions by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-8"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: Rights of way, either for the original location or the widening, straightening or otherwise changing of any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, highway drainage, drainage tunnels; the elimination or prevention of hazardous points of entry from adjacent property to state highways; or the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the State Highway Commission plans and proposes to relocate, construct, improve and maintain the Dodson-Bonneville Section of the Columbia River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of highway shall be relocated, constructed, improved and maintained under the provisions of, and within the meaning and for the accomplishment of the purposes declared and provided under, the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare

EXHIBIT "C-8" (Cont)

promoted, it is the judgment of the Commission that the real property hereinafter described is necessary, and that access to and from said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways in the state highway system and for the relocation, construction, improvement and maintenance of the said Dodson-Bonneville Section of the Columbia River Highway as a throughway, certain interests in or fee simple title to a certain parcel of real property. The said parcel of real property, or particular interests therein, needed and required, or which in the best interests of the State and the owner should be acquired, and the specific use to be made thereof, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said relocated Dodson-Bonneville Section of the Columbia River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservation as is noted on the attached list marked Exhibit "A". *

3. That the relocation, construction, improvement and maintenance of the said Dodson-Bonneville Section of the Columbia River Highway and the highway facilities for which the said parcel of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcel of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcel of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or,

in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interest of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 26th day of January, 1956.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the respective parcels of real property mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 579, under the heading "Real Property Condemnation Resolutions" and said descriptions by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-9"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Ukiah-West Forest Boundary Section of the Ukiah-Hilgard Secondary Highway; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Ukiah-West Forest Boundary Section of the Ukiah-Hilgard Secondary Highway, fee simple title to certain parcels of real property. The said parcels of real property needed and required, or which in the best interests of the State and the owners should be acquired, and the specific use to be made thereof, are more particularly described in the attached list, marked Exhibit "A", under the Commission's respective file number and the name of the record owner or reputed owner; and said Exhibit "A" is by this reference adopted and made a part hereof as completely and fully as though set forth herein in full.*

EXHIBIT "C-9" (Cont)

2. That the relocation, construction, improvement and maintenance of the said Ukiah-West Forest Boundary Section of the Ukiah-Hilgard Secondary Highway and the highway facilities for which each of the said parcels of property is required and being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons having an interest in said parcels of real property as to the compensation to be paid for the taking; and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, the Chief Counsel or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 26th day of January, 1956, as Condemnation Resolution No. 580.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the respective parcels of real property mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 580, under the heading "Real Property Condemnation Resolutions" and said descriptions by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-10"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: Rights of way, either for the original location or the widening, straightening or otherwise changing of any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; the elimination or prevention of hazardous points of entry from adjacent property to state highways; or the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, the Highway Commission is required to designate, locate, relocate, construct and maintain in the State of Oregon a system of highways, including all necessary bridges and culverts; and

WHEREAS, for the purpose of constructing and maintaining certain sections of the state highway system, the real property hereinafter described is necessary for the acquisition of roadbuilding materials; and

WHEREAS, the Highway Commission is authorized to take fee simple title to said real property;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, fee simple title to a certain parcel of real property. The said parcel of real property needed and required, or which in the best interests of the State and the owners should be acquired, and the specific use to be made thereof, is more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner and the Commission's respective file number; and said Exhibit "A" is by this reference adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That the highway facilities for which the said parcel of property is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed, in a manner which will be most compatible with the greatest public good and the least private injury or damage.

EXHIBIT "C-10" (Cont)

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons having an interest in said parcel of real property as to the compensation to be paid for the taking, and that in the event no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcel of real property.

4. That upon the trial of any suit or action instituted to acquire the said real property, the Chief Counsel or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admissi[illegible] as in his judgment may be for the best interest of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of this Commission this 26th day of January, 1956, as Condemnation Resolution No. 581.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the respective parcels of real property mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 581, under the heading "Real Property Condemnation Resolutions" and said descriptions by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-11"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: Rights of way, either for the original location or the widening, straightening or otherwise changing of any highway, road or street; quarry sites, gravel pits, storage sites, stock-pile sites; the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; the elimination or prevention of hazardous points of entry from adjacent property to state highways; or the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the State Highway Commission plans and proposes to relocate, construct, improve and maintain the Valley Junction-Sheridan Section of the Salmon River Highway; and,

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions of, and within the meaning and for the accomplishment of the purposes declared and provided under, the said

EXHIBIT "C-11" (cont.)

Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and,

WHEREAS, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof or for a service road, the Highway Commission may, in its discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owner and the State are best served, even though the entire tract is not immediately needed for the highway proper; and,

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways in the state highway system and for the relocation, construction, improvement and maintenance of the said Valley Junction-Sheridan Section of the Salmon River Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owner should be acquired are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "C-11" (cont.)

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said relocated Valley Junction-Sheridan Section of the Salmon River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel or parcels on the attached list marked EXHIBIT "A".*

3. That the relocation, construction, improvement and maintenance of the said Valley Junction-Sheridan Section of the Salmon River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement, or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 26th day of January, 1956.

---

*(See next page for Footnote.)

*FOOTNOTE:

The names of the property owners and the detailed description of the respective parcels of real property mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 582, under the heading "Real Property Condemnation Resolutions" and said descriptions by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "D"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, ORS 366.800 provides that:

"There shall be and hereby are appropriated out of the highway fund annually such sums of money as will equal 10 percent of all moneys credited to the highway fund by the State Treasurer between January 1 and December 31 of each year and which have accrued from funds transferred to the highway fund by the State Treasurer under ORS 319.410, 481.540, 767.635 and from fines and penalties collected for violations of the motor vehicle and transportation laws. The appropriation shall be distributed among the several cities as provided in ORS 366.785 to 366.820."

AND, WHEREAS, ORS 366.805 provides:

"The appropriation specified in ORS 366.800 shall be allocated to the cities as follows:

(1) The sum of $250,000 shall be withdrawn from the appropriation each year and set up in a separate account to be administered by the commission.

(2) Such account shall be spent each year by the commission upon streets not a part of the state highway system within cities which are receiving excessive wear through sudden increases in population in the area or heavy and unusual industrial traffic.

(3) The commission shall determine the distribution of the expenditures after considering applications made to it therefor from the cities.

(4) The balance remaining in the appropriation after the withdrawal of the $250,000 shall be distributed to all the cities.

(5) Each city shall receive such share of the balance as its population bears to the total population of the cities."

AND, WHEREAS, ORS 366.810 provides that:

"Funds accrued and payable to cities under ORS 366.785 to 366.820 shall be remitted semiannually by the Secretary of State to the financial officer of each city. The funds appropriated shall be apportioned on a semiannual basis immediately following June 30 and December 31 of

EXHIBIT "D" (Cont)

each year by the commission, which shall certify the apportionment to the Secretary of State. Upon receipt of such certificate the Secretary of State shall issue his warrants therefor payable to the cities in the amounts set out."

WHEREAS, the funds or moneys which have been by the State Treasurer credited to the state highway fund during the period of July 1 to December 31, inclusive, of the year 1955, and which have accrued from the sources named herein, produced the following amounts:

Funds resulting under the provisions of ORS 481.540 (motor vehicle registration and operators' license fees) total.....	$ 4,548,895.63
Funds resulting under the provisions of ORS 319.410 (gasoline tax) total.....	18,991,326.53
Funds resulting under the provisions of ORS 767.635 (motor carrier fees) total.....	6,301,533.50
Funds resulting from fines and penalties collected for violations of the motor vehicle and transportation laws total.....	242,997.29
	$30,084,752.95

AND, WHEREAS, the statutory ten percent of said total produces for allocation and distribution by the Highway Commission to the benefited cities and towns a total of $3,008,475.30, from which sum there is to be deducted one-half of the sum of $250,000, or $125,000, thus leaving for allocation and distribution for the period July 1 to December 31, 1955, the sum of $2,883,475.30, and

WHEREAS, by applying the factors of allocation or distribution provided for in ORS 366.800 to 366.810, the State Highway Commission has determined upon an apportionment of said balance among the cities of the state as shown in the tabulation given below:

NOW, THEREFORE, be it and it hereby is resolved and ordered by this Commission as follows:

1. The Commission does hereby find, declare and order that the funds made available for allocation and distribution to the several cities of the State of Oregon pursuant to law, are hereby allocated and appropriated to the cities and/or towns named below in the amounts set opposite the names of the respective cities:

EXHIBIT "E"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, pursuant to the provisions of ORS 366.810, there have been by the Oregon State Highway Commission apportioned to the cities and/or towns hereinafter named for disbursement for street purposes as provided in said law, the amounts set opposite the names of the respective cities or towns:

Funds Accrued during first half, 1954:

Grass Valley	$ 555.26
North Powder	1,147.54
Shaniko	173.70
Sublimity	1,045.03

Funds Accrued during second half, 1954:

Helix	$ 640.11
Siletz	2,004.73
Sublimity	1,270.76

AND, WHEREAS, each of said cities and towns has, by appropriate action evidenced by resolution or other official instrument, certified copies of which have been filed with the State Highway Commission, conformed to and complied with the requirements of said law so as to qualify each for the benefits thereof;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED as follows:

1. That the type, plan and character of improvement proposed in the resolutions filed with the State Highway Commission by the above named respective cities and/or towns hereby are approved.

2. That the action taken respectively by said cities and/or towns as evidenced by appropriate resolutions by them respectively adopted and thereafter filed with the State Highway Commission, shall be and is deemed an appropriate and proper conformance with the requirements of said law by said cities and/or towns individually so as to qualify each to receive and use the funds to them apportioned.

3. That upon entry of this resolution in the minutes and records of the Commission, the Secretary shall thereafter mail to the proper

EXHIBIT "E" (Cont)

officer in each of said cities and/or towns a duly certified copy of the resolution or resolutions adopted by the city, together with a copy of the resolution approving the plans submitted by the city.

4. This resolution shall be entered in the minutes and records of the Oregon State Highway Commission as of the 26th day of January, 1956.

EXHIBIT "F"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, the Engineer has reported that the following State Highway Commission contracts for the construction of State Highway projects have been completed according to the terms and provisions of said contracts and that said jobs are now ready for acceptance:

"Contract No. 3915 with Warren Northwest, Inc. for paving on the 92nd Avenue-Fairview Section of the T. H. Banfield Expressway in Multnomah County, completed November 28, 1955.

"Contract No. 3957 with Rogers Construction, Inc., for grading and paving on the Barbur Blvd.-Boones Ferry Road Unit, Barbur Blvd.-White School Section on the W. Portland-Hubbard Highway (Portland-Salem Expressway) in Multnomah, Washington and Clackamas Counties, completed September 30, 1955.

"Contract No. 4157 with E. C. Hall Co. and J. C. Compton Co. for paving on the Deady-South Umpqua River Unit, Deady-Shady Section of the Pacific Highway in Douglas County, completed October 6, 1955.

"Contract No. 4172 with Rogers Construction, Inc. for paving on the Clatskanie-Delena Section of the Columbia River Highway in Columbia County, completed November 9, 1955.

"Contract No. 4212 with E. C. Hall Co. & J. C. Compton Co. for paving on the S. Umpqua River-Shady Unit, Deady-Shady Section of the Pacific Highway in Douglas County, completed October 6, 1955.

"Contract No. 4239 with Ernest Ferrante & Co. for roadside improvement on the S. Umpqua River-Fairgrounds Unit, Deady-Shady Section of the Pacific Highway in Douglas County, completed November 9, 1955.

"Contract No. 4270 with the Colorado Fuel & Iron Corporation, Pacific Coast Division, for fencing on the 42nd Avenue-Sundial Section of the Columbia River Highway in Multnomah County, completed December 20, 1955.

"Contract No. 4278 with Earl L. McNutt for grading on the Olds Ferry-Ontario Section of the Old Oregon Trail Highway in Malheur County, completed October 15, 1955.

"Contract No. 4353 with Parker-Schram Co. for grading and paving on the St. Helens Paper Company-Mildreds Corner Section of the Kaster Road and Old Portland Road in Columbia County, completed September 21, 1955.

EXHIBIT "F" (Cont)

"Contract No. 4389 with C. E. Leseberg for grading and oil mat surfacing on the Arock-Highway Junction Section of the Arock County Road in Malheur County, completed October 25, 1955.

"Contract No. 4415 with Stevenson Construction Co. for grading and paving on the Hess Creek (Newberg) Section of the Pacific Highway West in Yamhill County, completed November 9, 1955.

"Contract No. 4432 with Asphalt Paving Co. for paving on the Chiloquin (Klamath Ave.) City Street Section in Klamath County, completed September 13, 1955.

"Contract No. 4435 with John R. Saxton for paving on the West Unit, Springfield-Walterville Section of the McKenzie Highway in Lane County, completed November 3, 1955.

"Contract No. 4456 with Columbia Empire Constructors, Inc. and P. S. Lord, Mechanical Contractors for constructing Wagner Creek culvert and Bear Creek Bridges on the Valley View County Road in Jackson County, completed December 31, 1955.

"Contract No. 4465 with K. F. Jacobsen & Co., Inc. for grading and paving on the Park Avenue-Gladstone Section of the Oatfield Road in Clackamas County, completed December 8, 1955.

"Contract No. 4529 with Vern Hoaglin for constructing guardrail on the West Unit, Weston-Weston Mountain Section of the Weston-Elgin Highway in Umatilla County, completed December 11, 1955.

"Contract No. 4565 with M. C. Lininger & Sons for furnishing crushed materials in stock pile on the Spring Creek Hill-Klamath Falls Section of The Dalles-California Highway in Klamath County, completed December 14, 1955.

THEREFORE, BE IT RESOLVED that the work covered by State Highway Contracts for the construction of said State Highway projects be declared completed according to the terms of the respective contracts and said jobs are hereby accepted and final payment in connection with each is hereby authorized.

BE IT FURTHER RESOLVED that this Contracts Completed Resolution No. 49 shall be entered in the minutes and records of the Commission as of the 26th day of January, 1956.

EXHIBIT "G-1"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, the Highway Commission has found it necessary and desirable to relocate that section of the Columbia River Primary Highway No. 2 in Columbia County known as the Clatskanie-Delena Section, the westerly terminus of which is at Highway Engineer's Survey Station 1674+00 and the easterly terminus of which is at Highway Engineer's Survey Station 2053+06.09 on the relocated highway; and

WHEREAS, as a consequence of the relocation of said section of highway, portions or units of the old right of way have been eliminated from the boundaries of the relocated highway and are no longer needed for state highway purposes; and

WHEREAS, Columbia County, the City of Clatskanie, and the State Highway Commission entered into an agreement under date of May 13, 1953, relating to the disposition to be made of the eliminated portions, therein and hereinafter referred to as Units "A" and "B"; and

WHEREAS, the said agreement provided that after the relocation was completed and opened to public travel Units "A" and "B" would be abandoned as part of the Old Oregon Trail Highway to Columbia County by the State Highway Commission; that Unit "B" would be maintained thereafter by said County as part of the county road system; and that Unit "A", being within the city limits of Clatskanie, would be relinquished by the County to the City and be maintained thereafter by the City as part of the city street system; and

WHEREAS, it is the judgment of the Highway Commission that certain portions of the former right of way of the Clatskanie-Delena Section of the Columbia River Highway, together with other real property acquired by the state for roadway right of way and other public purposes, are needed and are valuable for right of way purposes and public use; and

WHEREAS, it is the purpose of the Highway Commission to take official action and impress upon its records the disposition made of the portions or units of the former right of way of said highway referred to herein as Units "A" and "B" as well as the property affected by reason of the said relocation; and

WHEREAS, that section of the Columbia River Primary Highway No. 2 located in Columbia County and known as the Clatskanie-Delena Section, the westerly terminus of which is at Highway Engineer's Survey Station 1674+00 and the easterly terminus of which is at Highway Engineer's Survey Station 2053+06.09 on the relocated highway, has been completed and opened to public travel;

EXHIBIT "G-1" (Cont)

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The portions or units of the old right of way which by reason of the relocation of the said section of highway are no longer within the boundaries of the new right of way and which are identified as Unit "A" as shown colored in blue on the map attached hereto, which is marked Exhibit "A" and by this reference made a part hereof; and Unit "B" as shown colored in red on the said map attached hereto, are more particularly described as follows:*

Unit "A"

All the land situated within the right of way boundaries of the Columbia River Highway as formerly routed, beginning at the northerly right of way line opposite Highway Engineer's Survey Station L 1679+23 of said highway as relocated in the northwest quarter of the southeast quarter (NW$\frac{1}{4}$ - SE$\frac{1}{4}$), Section 8, Township 7 North, Range 4 West, W. M.; thence northerly via said highway as formerly routed to the northerly city boundary of the City of Clatskanie.

Unit "B"

All the land situated within the right of way of the Columbia River Highway as formerly routed, beginning on said highway as formerly routed at the northerly city boundary of the City of Clatskanie; thence easterly via said highway as formerly routed to the northerly right of way line opposite Highway Engineer's Survey Station 2046+30 of said highway as relocated in the southeast quarter of the southwest quarter (SE$\frac{1}{4}$ - SW$\frac{1}{4}$), Section 9, Township 7 North, Range 3 West, W. M.

2. That, pursuant to the aforesaid agreement entered into with Columbia County and the City of Clatskanie on the 13th day of May, 1953, Units "A" and "B" are hereby duly abandoned as part of the Columbia River Highway and the State Highway System, and all right, title and interest which the State had in the right of way of Units "A" and "B" herein described is hereby confirmed and vested in the said Columbia County effective October 27, 1955, provided, however, that the county, pursuant to and under the provisions of ORS 373.270, shall surrender to the City of Clatskanie complete jurisdiction and control over Unit "A", and the same shall thereafter be maintained by the city as a city street. Units "A" and "B" are shown on the map attached hereto and marked Exhibit "A" and by this reference made a part hereof.*

EXHIBIT "G-1" (Cont)

3. That the area shown colored in green on the said Exhibit "A" includes right of way acquired for the said relocated section of highway. It also includes some parts or areas of the old right of way not now incorporated with the boundaries of the right of way proper. In connection with the area colored in green, it is the judgment and finding of the Commission that all of said area is, and will be needed for right of way and other highway purposes and uses. Therefore, the Commission does hereby declare and order that possession of and title to all of the land or area shown colored in green on said Exhibit "A" shall be retained and held by the State.*

4. This Abandonment and Retention Resolution No. 275 be entered in the minutes and records of the Oregon State Highway Commission as of the 26th day of January, 1956, and the Secretary is ordered to mail a duly certified copy hereof to the Columbia County Court and to the City of Clatskanie.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, being filed under File No. 275 under the heading "Abandonment and Retention Resolutions" and said map by this reference is made part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "G-2"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, Union County has advised the Highway Department that it is willing to assume jurisdiction and control over a spur of the Ukiah-Hilgard State Secondary Highway No. 341, hereinafter described; and

WHEREAS, the present Ukiah-Hilgard State Secondary Highway No. 341 was designated as such by the Oregon State Highway Commission on April 1, 1954, and is described as "Beginning at a junction with the Pendleton-John Day Highway at Milepost 49.63 near Ukiah; thence northeasterly to a junction with the Old Oregon Trail Highway at Milepost 279.04 near Hilgard, including the Starkey Connection, a total distance of approximately 51.26 miles"; and

WHEREAS, Union County has consented to assume jurisdiction and control of the Starkey Connection thereof, beginning at Milepost 13.70 of the Ukiah-Hilgard Highway, thence southerly to Milepost 17.00 at Starkey, provided that the State will perform snow removal for the County on the abandoned section, for which work the State will be reimbursed by Union County; and

WHEREAS, by authority contained in ORS 366.300 whenever the Commission relocates or realigns a state highway or section thereof and a part thereof is eliminated, the same may be maintained by the Commission at State expense or by the County or by the State and County upon such terms and conditions as may be agreed upon.

NOW, THEREFORE, based upon the power and authority vested in the State of Oregon, it is hereby resolved and ordered:

That the section or unit of Ukiah-Hilgard State Secondary Highway No. 341, known as the Starkey Connection and described as "Beginning at Milepost 13.70 of the existing Ukiah-Hilgard Highway, and running thence southerly via the Starkey Connection to Milepost 17.00 at Starkey", as shown in red on that Exhibit marked Exhibit "A", attached hereto and by these premises made a part hereof by reference is hereby duly abandoned as part of the Ukiah-Hilgard State Secondary Highway No. 341, and that all right, title, and interest which the State has in the right of way of said unit herein described hereby passes to and vests in the said Union County.*

That this Resolution be entered in the minutes and records of the Commission on the 26th day of January, 1956, as Abandonment and Retention Resolution No. 313, and that the Secretary mail a duly certified copy thereof to the County Clerk of Union County.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, being filed under File No. 313 under the heading "Abandonment and Retention Resolutions" and said map by this reference is made part of this minute entry to the same extent as if copied in full herein.

January 26, 1956

EXHIBIT "H"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, the Highway Commission entered into an agreement dated January 21, 1954 as amended on the 4th day of January, 1956, for the improvement of a portion of Sunset Highway; and

WHEREAS, said agreement provided that the State would acquire the right of way for the contemplated project and pursuant thereto acquired fee simple title to certain real property southerly of Sunset Highway and westerly of S. W. Humphrey Boulevard for the purpose of relocating the said S. W. Humphrey Boulevard; and

WHEREAS, it was provided in said agreement as amended that the State would relinquish fee simple title to that portion of the real property hereinafter described upon which S. W. Humphrey Boulevard has been relocated for county road purposes; and

WHEREAS, under ORS 271.330 the State is authorized to relinquish title to any of its property not needed for public use to a political subdivision within the State, providing such property shall be used and continue to be used for a public purpose; and

WHEREAS, the real property hereinafter described is not needed for State Highway purposes and it is to the best interest of the public that the same be relinquished to Multnomah County to be used and to continue to be used for a public purpose.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission that:

1. The hereinafter described real property now belonging to the State of Oregon, by and through its State Highway Commission, be relinquished to Multnomah County to be used and to continue to be used for a public purpose, and that this be accomplished by executing and delivering a good and sufficient deed relinquishing to Multnomah County the real property described as follows:

> A parcel of land lying in Section 6, Township 1 South, Range 1 East, W.M., Multnomah County, Oregon and being a portion of that property conveyed by those deeds to the State of Oregon by and through its State Highway Commission, recorded in Book 1325, Page 562, and Book 1503, Page 402, also Book 1591, Page 328, of Multnomah County Records of Deeds. The said parcel being that portion of said State of Oregon property included in a strip of land 80 feet in width, 40 feet on each side of the center line of Humphrey Boulevard as said boulevard has been relocated, which center line is described as follows:

EXHIBIT "H" (Cont)

Beginning at O. S. H. D. Engineer's center line Station HB^{2}154+37. 86 P. C. which equals County Road Department Station 154+32. 37 B. 2. This Resolution be entered in the minutes and records of the Highway Commission this 26th day of January, 1956, as Miscellaneous Resolution, File No. 181.

EXHIBIT "I-1"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: PACIFIC HIGHWAY WEST (Benton County)

Highway number 1W Route number US99W

M.P. 86.26 (south city limits of Corvallis)	to	M.P. 88.57 (Keiger Island Road)	40 MPH

EXCEPT THAT BETWEEN

a point 0.07 mile north of Lincoln Lane (M.P. 86.99) and a point 0.10 mile south of Lincoln Lane (M.P. 87.16), the indicated speed shall be 20 miles per hour during the hours of school crossings in accordance with the provisions of Subsection 1.a. of ORS 483.104.

EXHIBIT "I-1" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Limit Resolution No. 220 be entered in the minutes and records of the Commission as of the 26th day of January, 1956.

EXHIBIT "I-2"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: PACIFIC HIGHWAY EAST (Linn County)

Highway number 1E Route number US99E

M. P. 84.35 (0.49 mile north of the road to Oakville)	to M. P. 85.45 (0.36 mile south of "B" Street in Tangent)	45 MPH

EXCEPT THAT

from a point 100 feet south of "B" Street (M. P. 85.11) to a point 0.26 mile south of "B" Street (M. P. 85.35), the indicated speed shall be 20 miles per hour during the hours of school crossings in accordance with the provisions of Subsection 1.a., ORS 483.104.

EXHIBIT "I-2" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways, particularly as pertains to Speed Limit Resolution No. 56, adopted by the State Highway Commission on January 23, 1951, which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Limit Resolution No. 221 be entered in the minutes and records of the Commission as of the 26th day of January, 1956.

EXHIBIT "J-1"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make complete and final surveys of the route and location of the Harris Beach-Brookings Section of the Oregon Coast Highway in Curry County, and of the Davis Creek-Bethel Creek Section of the Oregon Coast Highway in Coos County, and in connection therewith to prepare maps showing the route and location of said sections and to file said maps, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said surveys and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said surveys, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1. That the survey of the Harris Beach-Brookings Section of the Oregon Coast Highway, beginning at Highway Engineer's Station 684+50 near Harris Beach Park and extending in a southerly direction to Highway Engineer's Station 749+71, approximately one mile north of the Chetco River, together with the map which for identification purposes bears Map File No. 7B-36-20, and the date of January, 1956, (Drawing No. 1R-5-859), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

1-a. That the survey of the Davis Creek-Bethel Creek Section of the Oregon Coast Highway beginning at Highway Engineer's Station 508+00, a short distance south of Davis Creek and extending in a southerly direction to Highway Engineer's Station 537+62 at Bethel Creek, together with the map which for identification purposes bears Map File No. 7B-36-15 and the date of January, 1956, (Drawing No. 1R-5-856), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

2. That when said highway sections are permanently constructed, the same shall be done in accordance with said surveys and locations unless otherwise directed or ordered by the Commission.

EXHIBIT "J-1" (Cont)

3. That the approval and adoption of said surveys shall constitute and be deemed instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the construction, reconstruction, or improvement of the highway along and over said surveys. Said approval and adoption shall also be deemed and constituted as instructions to the Legal and Right of Way Department to proceed promptly with the acquisition of rights of way pursuant to the normal and approved method.

4. That heretofore by resolution of this Commission dated February 17, 1953, said Harris Beach-Brookings Section of the Oregon Coast Highway and said Davis Creek-Bethel Creek Section of the Oregon Coast Highway have been designated as throughways within the meaning and purpose of ORS 374.005, commonly known as the "Throughway Law", and, for the reasons stated therein, the above-named sections of said highway should be and it is hereby directed that the construction of the same shall be accomplished pursuant to and within the meaning and scope of said law except any portion of said sections which had more than ten commercial businesses abutting thereon catering to the motoring public in any one mile as of the date said sections of highways were designated as throughways.

5. That this resolution be entered in the minutes and records of the Commission as of the 26th day of January, 1956, as Survey Resolution No. 136.

EXHIBIT "J-2"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make complete and final surveys of the route and location of the:

1. Newberg-Gerin Corner Section of the Hillsboro-Silverton Secondary Highway in Yamhill and Marion Counties.

2. Rink Creek-Myrtle Point Section of the Coos Bay-Roseburg Highway in Coos County.

3. Catching Slough-Chandler Bridge Section of the Coos River Secondary Highway in Coos County.

4. Yellow Creek Section of the Powers Secondary Highway in Coos County.

5. Vine Maple Bridge Section of the Fishhawk Falls Secondary Highway in Clatsop County, and in connection therewith to prepare maps showing the route and location of each of said highway sections and to file said maps, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said surveys and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said surveys, field notes and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1-a. That the survey of the Newberg-Gerin Corner Section of the Hillsboro-Silverton Highway beginning at Engineer's Station 0+00 at an intersection with the Pacific Highway West in the City of Newberg and extending in an easterly and southerly direction to Highway Engineer's Station 231+00 at Gerin Corner approximately 1.5 miles south of the Willamette River, together with the map which for identification purposes bears Map File No. 8B-1-5 and the date of January, 1956, (Drawing No. 1R-5-866) field notes and other engineering data submitted by the Engineer hereby is approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

EXHIBIT "J-2" (Cont)

1-b. That the survey of the Rink Creek-Myrtle Point Section of the Coos Bay-Roseburg Highway beginning at Highway Engineer's Station 97+08, approximately one-half mile south of Rink Creek and extending in a southerly direction to Highway Engineer's Station 463+60 in the City of Myrtle Point, together with the map, which for identification purposes bears Map File No. 7B-36-19, and the date of January, 1956, (Drawing No. 1R-3-1106), field notes and other engineering data submitted by the Engineer hereby is approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

1-c. That the survey of the Catching Slough-Chandler Bridge Section of the Coos River Secondary Highway beginning at Highway Engineer's Station 0+00, approximately one-half mile west of Catching Slough and extending in an easterly direction to Highway Engineer's Station 98+69 near the south bank of the Coos River, together with the map which for identification purposes bears Map File No. 6B-20-6, and the date of January, 1956, (Drawing No. 1R-5-850), field notes and other engineering data submitted by the Engineer hereby is approved, and and Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

1-d. That the survey of the Yellow Creek Section of the Powers Secondary Highway beginning at Highway Engineer's Station 574+70, a short distance north of Yellow Creek and extending in an easterly and southerly direction to Highway Engineer's Station 597+44.30, P.T. back equals 596+82.00 P.O.T. ahead, a short distance south of Yellow Creek together with the map which for identification purposes bears Map File No. 7B-35-9, and the date of November, 1955, (Drawing No. 1R-5-822), field notes and other engineering data submitted by the Engineer hereby is approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

1-e. That the survey of the Vine Maple Bridge Section of the Fishhawk Falls Secondary Highway, beginning at Highway Engineer's Station 9+22.83, a short distance north of the Nehalem River and extending in a southerly direction to Highway Engineer's Station 32+00, a short distance south of the Nehalem River Crossing, together with the map which for identification purposes bears Map File No. 7B-36-5, and the date of January, 1956 (Drawing No. 1R-5-846), field notes and other engineering data submitted by the Engineer hereby is approved and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

2. That when said highway sections are permanently constructed, the same shall be done in accordance with said surveys and locations unless otherwise directed or ordered by the Commission.

EXHIBIT "J-2" (Cont)

3. That the approval and adoption of said surveys shall constitute and be deemed instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the construction, reconstruction, or improvement of the highways along and over said surveys. Said approval and adoption shall also be deemed and constituted as instructions to the Legal and Right of Way Department to proceed promptly with the acquisition of rights of way pursuant to the normal and approved method.

4. That this resolution be entered in the minutes and records of the Commission as of the 26th day of January, 1956 as Survey Resolution No. 137.

EXHIBIT "K"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, pursuant to ORS 366.205, the State Highway Commission has jurisdiction and control over all state parks; and

WHEREAS, pursuant to ORS 366.345(2), the State Highway Commission may develop, construct, improve, operate, and maintain park facilities in a manner as will best afford the motoring public necessary conveniences and accommodations; and

WHEREAS, pursuant to ORS 366.350, the State Highway Commission may make regulations and provisions for the use and administration of such facilities, including reasonable charges for the use of accommodations provided in such parks and areas; and

WHEREAS, for the purpose of maintaining and operating such accommodations for the benefit of the motoring public, it is the judgment of the Commission that reasonable charges should be made; and

WHEREAS it is the purpose of the Highway Commission to take official action and impress upon its records the rates and charges so set;

NOW THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

(1) That the Commission does hereby find and declare that the following charges are reasonable, such charges being necessary to defray the cost of special services and supplies furnished in connection with the use of accommodations in certain park facilities, to wit:

OREGON STATE PARKS DIVISION
RATES FOR PARK FACILITY USE
1956

I. CAMPING FEES

A. GROUP USE - ORGANIZATIONS

1.	Silver Falls Youth Camp, Silver Falls State Park. Season June 1 to Labor Day. Camper Capacity - 100	$700.00
2.	Smith Creek Youth Camp, Silver Falls State Park. Season June 1 to Labor Day. Camper Capacity - 50	350.00

EXHIBIT "K" (Cont)

3.	North Falls Youth Camp, Silver Falls State Park. Season June 1 to Labor Day. Camper Capacity - 150. No charge in accordance with agreement dated September 26, 1955.	No charge
4.	Intermediate permit: 2-8 weeks, North Falls Camp, Silver Falls State Park per week per camper, including staff and help.	.75
5.	Short-term permit: (up to 2 weeks) Silver Falls and Smith Creek Youth Camps, Silver Falls State Park.	
	Opening and closing camp when the time required for both opening and closing by the representative of the department at the camp is not in excess of two hours.	$ 5.00
	Opening and closing camp when the time required for both opening and closing by the representative of the department at the camp is in excess of two hours is Two Dollars per hour for each hour or fraction thereof in excess of the first two hours.	2.00
	Each person per night	.25
6.	Short-term permit: (up to 2 weeks) North Falls Youth Camp, Silver Falls State Park, also at Emigrant Springs and Battle Mountain State Parks.	
	Opening and closing camp when the time required for both opening and closing by the representative of the department at the camp is not in excess of two hours.	3.00
	Opening and closing camp when the time required for both opening and closing by the representative of the department at the camp is in excess of two hours is Two Dollars per hour for each hour or fraction thereof in excess of the first two hours.	2.00
	Each person per night.	.15

Fuel, propane gas, miscellaneous materials, breakage and losses will be charged at cost.

EXHIBIT "K" (Cont)

B. GROUP USE - GENERAL (Any Park)

1. Short-term permit, open area group camping. 20 persons or less - first night.	3.00
Each person over 20 for the first night, and per person each night thereafter.	.05

C. INDIVIDUAL, FAMILY, AND GROUP OVERNIGHT CAMPERS

1. Improved camps where water, fuel, toilet, are provided, per night per car.	1.00
Per night per car and trailer.	$1.25
2. Unimproved camps with table, stove, but water and sanitary facilities some distance away; or for areas outside of improved camp.	.75

II. BATHHOUSE FEES

A. JESSIE M. HONEYMAN STATE PARK

1. Children 14 years of age and under.	.20
2. Over 14 years of age.	.40
3. Season tickets - Children under 14 years of age.	4.00
4. Season tickets - Over 14 years of age.	6.00
5. Red Cross Swimming Classes - Children under 14 years of age, 8:00-11:00 a.m.	Free of charge

III. LANTERN FEES

A. LAVA RIVER CAVES STATE PARK

1. State-owned lanterns used for visiting the caves.	.10

IV. STOVE METER CHARGES

A. ANY PARK SO FACILITATED

1. Meter-controlled units - approximately 30 minutes of electricity or gas.	.10

(2) That the above charges shall be posted within the main entrance of the above park facilities.

EXHIBIT "K" (Cont)

(3) That said charges are to take immediate force and effect for the year 1956.

(4) That this resolution be duly entered in the minutes and records of the Commission this 26th day of January, 1956, as State Parks Resolution No. 4.

EXHIBIT "L"

Minutes of January 26 and 27, 1956

RESOLUTION

WHEREAS, the State Highway Commission has relocated and realigned the Pacific Highway No. 1 (U.S. 99) in Douglas County between Anlauf and Shady Point; and

WHEREAS, said relocation has made it possible to remove certain portions of the old Pacific Highway from the route of the Pacific Highway; and

WHEREAS, the redesignation of those portions of the old route of the Pacific Highway eliminated by the said relocation (in the manner hereafter set forth) as secondary state highway or as extensions of primary state highways is in the best interests of the people of the State of Oregon and the motoring public;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That the present old route of the Pacific Highway No. 1 (U.S. 99) from the point where said highway is intersected by the Umpqua Highway No. 45 in Drain to its intersection with the relocated Pacific Highway in Anlauf at or near Mile Post 155.74 of said relocated Pacific Highway is redesignated as an extension of the Umpqua Highway, said Umpqua Highway shall retain its present designation and classification as a primary state highway, its route and termini being hereafter described as follows:

> From a junction with the Oregon Coast Highway in Reedsport, easterly via Scottsburg and Elkton to a junction with Pacific Highway at or near Anlauf.

That portion of the old route of the Pacific Highway redesignated as a part of the Umpqua Highway is shown colored in purple on the map attached hereto, marked Exhibit "A", and by this reference made a part hereof.*

2. That the present old route of the Pacific Highway No. 1 (U.S. 99) from the point where said highway is intersected by the Umpqua Highway No 45 in Drain to its intersection with the relocated Pacific Highway at or near Mile Post 168.19 of said relocated Pacific Highway is redesignated as the Drain-Yoncalla Secondary State Highway No. 236, to be hereafter maintained as a secondary state highway of the state highway system, its route and termini being described as follows:

> Beginning at a junction with the Umpqua Highway No. 45 in Drain, thence southerly via Yoncalla to a junction with the

EXHIBIT "L" (Cont)

relocated Pacific Highway No. 1 near Yoncalla a distance of approximately 8.06 miles.

That portion of the old route of the Pacific Highway redesignated as the Drain-Yoncalla Secondary State Highway is shown colored in green on Exhibit "A" attached hereto.*

3. That the present route of the old Pacific Highway No. 1 (U.S. 99) from its intersection with the relocated Pacific Highway at or near Mile Post 177.99 of said relocated Pacific Highway near Oakland to its intersection with the relocated Pacific Highway near Shady Point is redesignated as the Oakland-Shady Secondary State Highway No. 234, to be hereafter maintained as a secondary state highway of the state highway system, its route and termini being hereafter described as follows:

Beginning at a junction with the relocated Pacific Highway near Oakland; thence southerly via Oakland, Sutherlin, and Roseburg to a junction with the relocated Pacific Highway near Shady Point, a distance of approximately 22.26 miles.

That portion of the old route of the Pacific Highway redesignated as the Oakland-Shady Secondary State Highway is shown colored in red on Exhibit "A" attached hereto. *

4. That this resolution be entered in full in the minutes and records of the Commission this 26th day of January, 1956.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, being filed under File No. 35 under the heading "Secondary Highway Designations" and said map by this reference is made part of this minute entry to the same extent as if copied in full herein.

Portland, Oregon
March 1, 1956

The State Highway Commission met in regular session at 9:00 a.m. in the Queens Room of the Imperial Hotel.

Present were:

Ben R. Chandler, Chairman
Chas. H. Reynolds, Commissioner
R. H. Baldock, State Highway Engineer
W. C. Williams, Deputy State Highway Engineer
W. W. Stiffler, Assistant State Highway Engineer
C. W. Enfield, Chief Counsel
Robert L. May, Jr., Assistant Chief Counsel
R. L. Porter, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
H. B. Glaisyer, Secretary

Commissioner M. K. McIver was excused.

Also present were the following representatives of the Washington State Highway Commission and the Washington Toll Bridge Authority:

R. E. Hensel, Highway Commissioner
Ernest Huntley, Highway Commissioner
William A. Bugge, Director of Highways
Ray Dinsmore, Assistant Director of Highways
William Bailey, District Engineer
Darrell Hedges, Secretary, Washington Toll Bridge Authority
Herbert Higgins, Engineer, Toll Facilities, Toll Bridge Authority
Richard Thorgrimson, Representing Preston, Thorgrimson and Horowitz, Seattle, Bond Counsel for the Washington Toll Bridge Authority.

Bids as follows for highway construction were opened and read aloud by the Secretary who then announced that the awards of contracts would be made in the same room at 4:00 p.m.

The Parks Superintendent reported on the following park matters:

1. Acceptance of a quitclaim deed from Lane County for a strip of land 15 feet wide and 850 feet long on the south side of the Hendricks Bridge wayside area on the McKenzie Highway between Springfield and Walterville: He stated that several years ago when the wayside area was deeded to the State by Lane County this strip was retained by the County, perhaps by oversight, as there seems to be no reason for the retention. The County was contacted and after investigating the matter it was their desire to deed the strip to the State. He recommended that the land be accepted. The Commission accepted the property.

2. Proposed sale of down and dead timber in the Carpenterville-Brookings Forest Wayside north of Brookings, the Joaquin Miller Forest Wayside south of the Siuslaw River, and in the Van Duzer Forest Corridor on the Salmon River Highway: The Parks Superintendent reported that there has been considerable loss in timber in these areas because of strong winds. A cruise has been made of the dead and down timber in the Carpenterville-Brookings Forest Wayside, amounting to $4,358. A cruise is in progress in the Joaquin Miller Forest Wayside which will include approximately 150 trees. Also in progress is a cruise of approximately 100 trees to be removed from the Van Duzer Forest Corridor. The sale of this down and dead timber, he said, will not injure or destroy the remaining stand and as it is economically beneficial to remove the trees, he recommended that the timber be sold at public auction to the highest bidder at not less than the appraised value of the timber as determined by cruise. The Commission authorized the sale as recommended.

3. Offer of Charles Kik of Hermiston to donate one-half acre of land and right of way as may be necessary for establishment of a lookout point approximately one mile north of Hat Rock State Park in Umatilla County: The Parks Superintendent reported that Mr. Kik in return for donation of his property expects the Highway Commission to construct a mile of road leading from the park to his home development and to the proposed lookout. The cost of the road on such basis, he stated, would be approximately $11,000 plus approximately $3,000 for development of the lookout site. Mr. Kik contends that people using Hat Rock Park make use of the present road in driving to the Kik development. As the expected use of the area would not be great and is within a developed area, the Parks Superintendent recommended that the gift be not accepted. The recommendation was adopted by the Commission.

4. Request of Mr. Gus Moore, Manager of the Salem YMCA to construct a swimming pool in the Silver Creek Falls Youth Camp Area: This proposal, the Parks Superintendent commented, is very similar to the agreement entered into with the Conservative Baptists at the North Silver Creek Youth Camp whereby they constructed a swimming pool at a cost of approximately $8,500 and were given free use of the area for a period of ten years in lieu of the normal

charge of $700 per year. Construction of a swimming pool, as requested by the YMCA, he added, would be of considerable benefit to the Silver Falls State Park and would increase the attractiveness of this area by providing warmer water for swimming than is now available in the dammed creek. He recommended that the YMCA be granted permission to construct the swimming pool at a cost of approximately $8,500, and that they be given free use of the facilities for a 10-year period, with the understanding that the pool is to become State property. The Commission approved his recommendation.

5. Suggestion of Gordon W. Olcott, Eugene, that a State park along the Oregon Coast be named in honor of former Governor Oswald West in recognition of his interest in retaining the beaches for public use while he was Governor of the State of Oregon: The Parks Superintendent suggested several parks that would be so named, including Fort Stevens State Park, Short Sand Beach State Park, Fogarty Creek State Park and an unnamed, undeveloped area about one-half mile south of Yaquina Bay. It was his personal feeling that the name should be given to some area which has not heretofore been named. Some comment, he stated, has reached him indicating that changing the name of Fort Stevens State Park would not be acceptable in that area. It was the feeling of the Commission that Short Sand Beach would be an appropriate park to be named in honor of Ex-Governor West, and after some further discussion the Commission ordered that "Short Sand Beach State Park" be changed to "Oswald West State Park" by adopting the attached resolution relative thereto marked EXHIBIT "C", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

6. Report on Owyhee project in Malheur County: The Parks Superintendent reported that the Director of the National Park Service has recommended to the Secretary of the Interior that a road be constructed around the north and east edge of the Owyhee Reservoir from the dam to the Gordon Gulch and Cherry Creek areas where recreational facilities are located. The cost of this project including facilities is estimated at $511,428. The Director has also suggested that legislation be enacted that would permit the Federal Government to construct the facilities, contingent upon the State paying 50 per cent of the cost involved and assuming maintenance of the developed areas for a period of not less than 20 years. This project, however, does not include the cost of the road to the dam, consisting of 18.6 miles, estimated to cost $982,400. He suggested that the cost of the approach road be added to the proposed Federal legislation. Commissioner Reynolds stated that he is very much interested in this project and hopes for an answer from the Federal Government within the near future. At his request, the Commission deferred action on the report until more information has been received from the Federal Government.

7. Request of Mrs. Hattie G. Henderson, Nehalem, that Nehalem Sand Spit State Park, south of Nehalem, be named in honor of Sergeant Hugh T. Ahearn who lost his life in the Korean conflict;

The Parks Superintendent stated that, as near as he can determine, Sergeant Ahearn was shot down in a plane during the Korean conflict; also, that available information indicates that he was stationed for a time in Portland but was born in the State of New York and spent most of his adult life in the army. He recommended that the request be denied as a matter of policy. The Commission approved his recommendation.

8. Report of hearing conducted by State Parks Advisory Committee in Portland on February 24-25, 1956: The Parks Superintendent commented that each person speaking before the group presented his own thinking in regard to the state park separation proposal. Eight people favored separation, five favored the present setup, and four did not express themselves either in favor of or against the separation proposal. It was his feeling that the hearing served a good purpose in giving all interested parties an opportunity to express their ideas. He pointed out that those in favor of a separate parks department presented no evidence to show that a separate parks department could operate more economically. Questioning by Mr. Tugman, Chairman of the Committee, and others, revealed some discrepancies in statements made by proponents of the separation proposal, particularly concerning the sale of lands at Cove State Park and 80 acres of land in the canyon of the North Fork of the John Day River along the Pendleton-John Day Highway. The Commission accepted his report.

9. Report on acquisition of land in the Columbia River Gorge: The Parks Superintendent stated that agreement has been reached for the purchase of another tract of land, being an area requested for purchase by the Columbia Gorge Commission and owned by William E. and Ethel Mayes, in the $N\frac{1}{2}S\frac{1}{2}$ of Section 27, Township 1 North, Range 4 East, W.M. The land consists of approximately 14 acres and contains timber valued at $1,600 which has been appraised at $2,854. A tentative agreement also has been reached with Troutdale Farms to purchase an area immediately west of the Mayes' property for $3,000, and it is expected this acquisition will be ready for the next Commission meeting. It also appears that an adequate appraisal may be made on the Coopey property very soon. The Spear and Lenske properties, he said, do not appear to be negotiable within a reasonable time. He recommended that he be authorized to offer $2,700 for the Mayes' property. The Commission accepted the report and authorized the Parks Superintendent to negotiate purchase of the Mayes' property at this recommended offer.

The Right of Way Engineer presented for consideration options secured for acquisition of real property needed for state highway improvements and for other purposes. After careful consideration of each item, the Commission unanimously approved closing of the options at the prices mentioned therein, by adopting the attached resolution relative thereto, marked EXHIBIT "A", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Right of Way Engineer also presented a list of properties required for highway construction and requested authority to negotiate for acquisition as no specific authority previously has been given by the Commission. The Commission gave the matter careful attention and upon assurance by the Right of Way Engineer that all of the properties are needed for highway purposes, thereupon authorized negotiations to acquire the following properties:

COUNTY AND SECTION	FILE NO. AND NAME	PURPOSE	AREA	HIGHWAY
Klamath				
S. Limits, Klamath Falls-Green Springs	24615-Ganong	Right of way	4.66	The Dalles-Calif.
" " "	24616-Baker	"	1.82	" "

" " "	24618-Butts	"	0.06	" "
" " "	24619-Mann	"	2.76	" "
Washington				
Middleton-Newberg	24566-Thornbloom	"	0.68	Pacific West

Also presented for consideration was a report on sales of miscellaneous properties made by the Property Manager since the last Commission meeting. The Commission accepted the report.

(For details regarding sales see the Property Manager's written report, dated March 1-2, 1956 in the Highway Commission's files in Salem, Oregon).

A supplemental rental report was presented by the Right of Way Engineer showing properties which have been put into rental service from January 15 to February 22, 1956. The Commission accepted the report, but in connection with this report and the report on Miscellaneous Sales,

they requested that they be submitted to the Commission at an earlier date so that the Commission could have time to study them prior to the Commission meeting. Chairman Chandler stated that these instructions are also applicable to the Chief Counsel's reports.

Consideration was given to a type of agreement with Oliver G. Garrett covering release of certain option obligations. The Right of Way Engineer explained that an option was secured from Mr. Garrett covering a 9.18-acre parcel for a gravel pit on the Southern Pacific Overcrossing-Lane County Line Section of the Pacific Highway East in Linn County. It later developed that it was not desirable to proceed with the purchase, and after considerable correspondence Mr. Garrett very kindly agreed to release the option. The Commission approved the release of option obligations.

Authority to sell at public auction two parcels of excess property was requested by the Right of Way Engineer. One of these parcels, he explained, is on the Goble-St. Helens Section of the Columbia River Highway in Columbia County, under Files #21469 and #21650. This 50-acre parcel has been evaluated at $4,500 and is to be sold with a restriction as to display advertising. The other parcel consists of 6.9 acres on the Orr Corner-Monmouth Section of the Pacific Highway West in Polk County, and has been evaluated at $3,000. The property is to be sold with restriction as to display advertising. Both of these properties, he stated, are no longer required for highway purposes and he recommended that they be offered at public sale for not less than the values mentioned. The Commission authorized the sales by adopting the attached resolutions relative thereto, marked EXHIBITS "B-1" and "B-3", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

Sale of Lots 10 and 11 of Walters Second Addition to Lakeview in Lake County was also discussed. The U. S. Bureau of Land Management, the Right of Way Engineer explained, has requested this property, which has been appraised at $4,844.28 and formerly used as a maintenance headquarters site in Lakeview. He recommended that the property be sold to the Bureau for that price. The Commission approved the sale by adopting the attached resolution relative thereto, marked EXHIBIT "B-2", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

Sale of 0.86 acre of excess property, adjacent to the Old Pacific Highway, approximately three miles south of Roseburg, was considered. The Right of Way Engineer explained that it is proposed to sell this property to Charles H. and Irene Boniols, whereby a new approach road can be made to their property and two other approaches barricaded. The property is not required for highway purposes and he recommended that it be sold to the Boniols for its appraised value of $250. The Commission approved the sale.

Authority to sell 14.7 acres on the Gervais-Hayesville Section of the Portland-Salem Expressway was also requested by the Right of Way Engineer. He explained that this property, file No. 20361, is no longer needed for highway purposes and has been appraised at $2,125.50. The Commission authorized sale of this property for not less than $2,125.50 by adopting the attached resolution relative thereto marked EXHIBIT "B-4", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Changes in access points for properties adjoining highways were presented by the Right of Way Engineer. He explained that in each instance no additional access was being granted and the changes were made principally to afford safer access to the highway. Upon his favorable recommendation, the Commission approved changes of access for the following properties:

1. Robert Dollar Company, File No. 12118, on the Glendale Junction-Wolf Creek Section of the Pacific Highway in Josephine County.

2. Christiansen property, File No. 18548, on the Newport-Toledo Section of the Corvallis-Newport Highway in Lincoln County.

3. Coons property, File No. 19096, on the Anlauf-Elkhead Road Section of the Pacific Highway in Josephine County.

4. Rossner and Bozeman property, File No. 18115, on the Sheridan-Deer Creek Section of the Salmon River Highway in Yamhill County.

Purchase of additional right of way to accommodate sidewalk construction along the Tualatin Valley Highway in the City of Hillsboro was discussed. The Right of Way Engineer explained that there is a short section on the Tualatin Valley Highway in Hillsboro where the width of the existing right of way is not sufficient for construction of sidewalks which the City wishes to construct at its expense. He estimated that the necessary right of way could be acquired for approximately $500 and recommended that authority be granted to purchase this right of way. The Commission approved his request.

Consideration was given to an agreement with the U. S. Forest Service providing for the moving and relocation of their phone line on the Ukiah-Forest Boundary Section of the Ukiah-Hilgard Secondary Highway. The Right of Way Engineer explained that the agreement provides that the Highway Commission will compensate the Forest Service for the actual cost of moving and relocating that portion of their telephone line that is made necessary by construction. The estimated cost of the moving is $7,000. The State, he added, is to be responsible for the cost only on that portion of the telephone line between Stations 125+00 and 520+00. Following his favorable recommendation, the Commission approved the agreement.

The matter of attempting to purchase 16.34 acres of property along the Pacific Highway near the Veterans Hospital in Roseburg was considered. This parcel, the Right of Way Engineer stated, has now been declared surplus by the Veterans Administration and will be offered for sale by the General Services Administration. It was his thought that in order to control access on this section of highway the property should be purchased by the Highway Commission, and he requested authority to bid up to $25,000 for the land. The Chief Counsel commented that it might be possible to acquire the land for recreational and park purposes under the Surplus Property Act of 1944. The Engineer pointed out that an odd situation exists wherein one governmental body, the Bureau of Public Roads, insists on access control before they will cooperate financially on a project, whereas another governmental agency, the General Services Administration, hopes to profit by sale of land without access control. He suggested that a request be made to the General Services Administration for purchase of the property for recreational and park purposes, and, if that is unsuccessful, to bid for the property at the time of sale; if this is also unsuccessful, that access to the highway by the purchaser be resisted by all legal means and be condemned if necessary. He also suggested that all bidders should be warned that access rights to this property will be resisted. After discussion, the Commission granted the Right of Way Engineer authority to bid for the property up to $25,000. The Chief Counsel was directed to file immediately a request for the land to be used for public park and recreational purposes.

The Chief Counsel requested authority to acquire by condemnation, if necessary, the following properties which are needed as right of way in connection with various highway improvements, or for other purposes, and to tender offers for the same in conformity with instructions given him by the Commission in its resolution dated December 20, 1951:

Ukiah-West Forest Boundary Section of the Ukiah-Hilgard Secondary Highway

R-24463- Glenn E. Leverenz
(Umatilla)
Parcel No. 1: 2.25 acres for Right of Way

Coquille-Rink Creek Section of the Coos Bay-Roseburg Highway

R-24497- Elmer E. and Ida D. Benham
Right of Way (Coos)
0.84 acre

Right of Way maps, construction plans and other data were submitted to the Commission and the Engineer advised that the acquisition of the properties listed is required in order to carry out plans for highway improvements and other projects heretofore approved by the Commission. After considering the matter in the light of information and advice submitted, together with the general knowledge of the members of the Commission concerning the various projects and the properties involved, the Commission approved the request with respect to all cases, except that of Paul and Verla Martin, action concerning which was deferred until the following day when Mr. George Mead, Attorney for the Martins, is scheduled to be present for a discussion of the matter. The Commission desired to hear and consider Mr. Mead's statements before taking final action. (See ahead for additional entry.) The attached resolutions relative to the remaining cases, marked EXHIBITS "L-1" through "L-9" , which resolutions by this reference are made a part hereof, with like effect as though extended in full herein were thereupon adopted by the Commission.

The Commission also considered and accepted a written report submitted by the Chief Counsel on cases which have been tried in court by his staff since the last Commission meeting, as follows:

REPORT OF CONDEMNATION CASES TRIED JANUARY 26, 1956 to FEBRUARY 24, 1956

Case	County	Highway	Section	State's Offer	Defendant's Demands	Verdict
Chapman R-22910	Washington	Wilson River	Washburn-North Plains	$ 125.00	$ 139.00	$ 139.00
Lenske R-24206	Clackamas	Mt. Hood	Laurel Hill-Still Creek	$1,638.00	$3,000.00	$2,250.00

REPORT OF OTHER CASES TRIED, FEBRUARY 23, 1956

Case	Plaintiff	Defendant	County	Cause of Action	Demands of Plaintiff	Verdict or Judgment
L-2281	State	Johnston	Coos	Automobile accident	$ 168.75	$ 168.75
L-2291	State	Plywood, Inc.	Klamath	Timber trespass	$1,114.50	$ 825.00

(For further details regarding cases tried, see copy of the Chief Counsel's report, dated February 23 and 28, 1956, in the Commission files in Salem).

The Commission considered and accepted a written report submitted by the Chief Counsel on cases which have been settled out of court since the last Commission meeting, as follows:

REPORT OF CONDEMNATION CASES SETTLED

Case	County	Highway	Section	State's Offer	Amount of Settlement
A. W. Franklin R-21611 R-21612	Harney	Central Oregon	Sage Hen Hill-Hines	$600.00	$700.00

March 1, 1956

REPORT OF CONDEMNATION CASES SETTLED-Cont.

Tavenner L-2448	Douglas	Pacific	Myrtle Creek-Canyonville	6,600.00	8,500 for 9.75 acres

(For further details, see copy of the Chief Counsel's report of cases settled, dated February 23, 24, and 28 and March 1, 1956, in the Commission's files in Salem).

March 1, 1956

A number of offers tendered to property owners by the Chief Counsel prior to the institution of condemnation proceedings were considered. The Chief Counsel explained that these offers were made after careful appraisals of the various properties and were made in compliance with the resolution adopted by the Commission at its meeting December 20, 1951. The Commission approved the following offers:

Jumpoff Joe Creek-Grants Pass Section of the Pacific Highway:

R-23324-Orlo J. Smith, et al. 4.75 acres for right of way purposes. Offer of $13,000.00 approved by Mr. Chandler, January 5, 1956.

West Fork Illinois River Bridge and East Fork Illinois River Bridge Section of the Redwood Highway

	Recommended Offer
R-24214-Frank Rauber and Valerie E. Rauber	$ 650.00
R-24434-C. C. Mullally and Grace Mullally, et al.	2,500.00

Jumpoff Joe Creek-Grants Pass Section of the Pacific Highway

R-23321-Mitchell H. Ewers	$ 8,500.00
R-23323-George D. Needham and Madge Needham	8,000.00
R-23326-L. O. Baker and Katie Mae Baker	8,400.00

Valley Junction-Sheridan Section of the Salmon River Highway

R-24107-H. I. Black and Marian E. Black	$ 7,264.00
R-24146-Reinhold Kruger and Sophia Kruger	6,200.00
R-24155-Loda Early and Glennie Mae Early	6,500.00
R-24152-Cordell Ray Papstein	3,355.00
R-24153-Wayne V. Sparks and Kathleen L. Sparks	14,150.00

Chehalem Mountain-Newberg Section of the Hillsboro-Silverton Highway

R-24296-Herbert V. Zensen and Olive P. Zensen	$ 720.00
R-24310-A. R. Compton and Orva Compton	786.00

Lost River-Hatfield Junction Section of the Klamath Falls-Malin Highway

R-14509-James O'Keefe	$ 3,150.00

Ukiah-West Forest Boundary Section of the Ukiah-Hilgard Secondary Highway

R-24463-Glenn E. Leverenz	$ 2,653.00
R-24466-Melton E. McMillin and Rosie McMillin	1,663.00
R-24468-Clair Metteer	2,356.00

March 1, 1956

A report was presented by the Chief Counsel concerning status of matters before the Public Utilities Commissioner pertaining to state highways, as follows:

PUX 142: Kendall Crossing Signals of the Portland Traction Company at S. E. 82nd Avenue in Portland. Supplemental order has been issued to clarify the obligation of the Portland Traction Company to maintain the crossing signals, the railroad track and roadbed.

PUX 149: Grade crossing of the Wallowa Lake Highway, at Minam, by a spur track of the Oregon-Washington Railroad & Navigation Company. The Railroad Company is to pay the cost of installing the crossing, including reflectorized crossing signs. Train movements are to be in daylight hours only and protected by flagmen. An old crossing near this location is to be abandoned. The Railroad Company is to maintain its ties, rails, and railroad facilities, including the reflectorized signs, and the Commission is to maintain the highway and install and maintain advance warning signs.

PUX 151: Reconstruction of existing Messner Overcrossing over the tracks and across the right of way of the Oregon-Washington Railroad & Navigation Company near Messner Station on the Columbia River Highway in Morrow County. This report is made simply to correct an error in a previous designation of the location of the project.

PUX 156: Train speeds within the limits of incorporated cities of less than 100,000 population between Portland and Idaho. An Oregon Supreme Court decision has cited that jurisdiction over train speeds in cities of less than 100,000 population is not vested in the various municipalities but in the Public Utilities Commissioner.

PUX 162: Grade crossing in Tremont Street and across State Street in North Bend on application of the Southern Pacific Company. This is an industrial spur and is of interest to the Commission only in that the crossing is in close proximity to the route of the Oregon Coast Highway.

The Commission accepted the report.

Vacation of portions of N. E. Broadway Court and N. E. 71st Avenue in Portland was discussed. The Chief Counsel stated that a request had been received from Newport Construction Company for this vacation as the Highway Commission is the owner of the right of way of the T. H. Banfield Expressway which abuts upon the area to be vacated. The matter, he stated, has been carefully investigated and it appears that the interest of the State would not suffer by vacation of the street areas involved. He recommended that the Commission consent to the vacation. The Commission accepted his recommendation.

A report was presented by the Chief Counsel concerning damage claims which have been abandoned as being uncollectible, as follows:

CAO-53-44, Rolland B. Powers: Mr. Powers' driver's license has been suspended and he is at present in Alaska and contact with him has not been possible. Amount of claim $41.63.

CAO-54-60, National Transfer: For damages to a traffic arm at the south end of the Interstate Bridge. It appears that the traffic arm may have been dropped on top of the truck instead of the truck running into the traffic arm. Amount of claim $40.00.

CAO-56-182, Sam T. Ray: For damages to a state-owned truck. Later reports from the accident revealed that the primary cause of the accident was the negligence of the State driver. Also, a claim was presented by Mr. Ray against the State for damages to his house trailer, which claim was paid by the Surety providing insurance for the State Highway Department. Amount of claim $50.00.

The Commission approved abandonment of the three claims.

The Chief Counsel requested authority to institute legal proceedings for collection of damages resulting from removal of timber from the Carpenterville-Brookings Forest Wayside in Curry County. Mr. Warnick, the Chief Counsel commented, does not deny that he removed the timber valued at $253.70 but has made no move to pay for it. The Commission approved his request.

Upon favorable recommendation by the Chief Counsel, the Commission approved out-of-state travel expenses for the Chief Counsel and Mr. S. N. Mayhew, District Right of Way Supervisor, to attend the Annual Meeting of the National Board of Directors of the American Right of Way Association and National Educational Seminar in Houston, Texas, on June 14-17, 1956, at an estimated total cost of $630.00.

The Commission gave attention to a proposed annexation of property to the City of Port Orford. The Chief Counsel explained that the City wishes to include in its city limits Lot 1, Section 4, Township 33 South, Range 15 West, Willamette Meridian. The State Highway Commission is owner of a part of the property that the City desires to annex and consent of the Commission is required before annexation can be made. The interests of the State, he stated, would suffer in no way if the area is annexed by the City of Port Orford, and he recommended that the City's request be granted. The Commission granted the request and authorized the Chief Counsel to execute a form of "Consent to Annexation" in behalf of the Commission.

An amendment to an agreement with Cedar Hills Company correctly describing an easement pertaining to a sewer line on the Barnes Road-Multnomah County Line Section of the Sunset Highway was discussed. The Chief Counsel explained that on March 14, 1947 an agreement had been entered into with Cedar Hills Company concerning an easement for construction of a sewer line. When the sewer line was constructed, however, it was

placed along a route different from that described in the easement, and to prevent a cloud on the title of the sewer, he recommended that a revised easement be granted correctly describing the location of the sewer line. The Commission approved the revised agreement.

Abandonment of a gravel pit and haul road on the Ramsey Canyon-Crater Lake Section of the Sams Valley Secondary Highway in Jackson County was considered. The Chief Counsel commented that this property, consisting of 11.59 acres, and an easement for a haul road across 3.81 acres, had been secured from Mr. and Mrs. Burdette L. Dodge, Jr., on June 4, 1948. A provision in the deed states that if the property is no longer needed for a gravel bar and haul road, it is to be abandoned to the grantor. It now appears that the State no longer needs the gravel bar and the haul road and he recommended that quitclaim deeds be executed in favor of Mr. and Mrs. Dodge. The Commission accepted the recommendation and thereupon adopted the attached resolution relative thereto, marked EXHIBIT "D", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

Consideration was given to authorizing sale of a parcel of land in Lot 19, Kinnesswood Acreage, in Section 11, Township 1 South, Range 2 West, W.M., Washington County. This property, the Chief Counsel stated, is located on the Reedville-Beaverton Section of the Tualatin Valley Highway and is no longer needed for highway purposes and has been appraised at $800. The land is also adjacent to property owned by Raymond R. Mathis, a part of which is under condemnation. An attempt was made to deed the property to Mathis to provide a location for his septic tank and a drain field. The offer, however, was refused by Mathis. The Commission authorized sale of the property by competitive bids for not less than $800, by adopting the attached resolution relative thereto, marked EXHIBIT "B-5", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

Employment of William H. Winslow as an assistant attorney was recommended by the Chief Counsel, at a salary of $551 per month. He pointed out that Mr. Winslow, who is 60 years of age, has had a very broad and varied experience in the field of law, his last position being as Professor of Law at Willamette University from 1946 through 1955. His employment has been authorized by the Attorney General. The Commission also approved his employment.

The matter of limiting the use of advertising signs on the excess property sold by the State was discussed. The Chief Counsel called attention to the fact that the 1955 Legislature had passed a law limiting the erection of advertising signs and structures within view of public highways. This matter, he stated, has been discussed with the Engineer and it is their joint recommendation that the Commission adopt a policy of limiting advertising rights on property sold adjacent to highways. He presented a form of resolution to accomplish that purpose and recommended its adoption. The Commission adopted the attached resolution relative thereto, marked EXHIBIT "E", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Commission also instructed that the provisions of this resolution are to be applicable to those parcels of property for which sale was approved or authorized at this meeting.

The Engineer reported that as previously authorized by the Commission he has awarded contracts referred to him to award when certain conditions were satisfied, as follows:

1. Grading and topping on Boulder Gorge Section of Sumpter Valley Highway, Baker County. Bids received December 20, 1955. Conditions of award satisfied January 30, 1956. Contract awarded to Durbin Bros., Eugene, low bidder.

2. Construction of South 6th Street grade separation structure on Klamath Falls-Lakeview Hignway, Klamath County. Bids received December 20, 1955. Conditions of award satisfied January 30, 1956. Contract awarded to Tom Lillebo, Reedsport, low bidder.

3. Construction of Meda Bridge over Little Nestucca River on Little Nestucca Highway, Tillamook County. Bids received December 19, 1955. Conditions of award satisfied February 2, 1956. Contract awarded to Tom Lillebo, Reedsport, low bidder.

4. Grading the Short Creek Section of Cape Meares Loop Road, Tillamook County. Bids received January 26, 1956. Conditions of award satisfied February 2, 1956. Contract awarded to Hill A. Lind, Beaverton, low bidder.

5. Grading, paving and shoulder oiling the Middle Unit, Pendleton-Pilot Rock Section of Pendleton-John Day Highway, Umatilla County. Bids received December 19, 1955. Conditions of award satisfied February 2, 1956. Contract awarded to Roy L. Houck & Sons, Salem, low bidder.

6. Grading, paving and shoulder oiling on the East Unit, Crescent Lake Junction-The Dalles-California Junction Section of Willamette Highway, Klamath County. Bids received December 20, 1955. Conditions of award satisfied February 2, 1956. Contract awarded to Warren Northwest, Inc., Portland, low bidder.

7. Construction of two composite concrete-timber bridges on county roads near Lebanon, Linn County. Bids received January 26, 1956. Conditions of award satisfied February 6, 1956. Contract awarded to Charles E. Wiedeman, Dallas, low bidder.

8. Construction of Weaver Bridge over Wallowa River on Werst Corner-Wallowa Road, Wallowa County. Bids received January 26, 1956. Conditions of award satisfied February 6, 1956. Contract awarded to Jackson & Ray, Hermiston, low bidder.

(Award of Contracts-Cont.)

9. Construction of Nyssa Bridge over the Snake River on Old Oregon Trail Highway, Malheur County. Bids received January 27, 1956. Conditions of award satisfied February 14, 1956. Contract awarded to Hansen & Parr Construction Co., Spokane, Washington, low bidder.

10. Construction of McKee Bridge over Applegate River on Applegate County Road, Jackson County. Bids received January 27, 1956. Conditions of award satisfied February 16, 1956. Contract awarded to R & M Construction Company, Central Point, low bidder.

11. Construction of N. E. 21st Avenue Structure over Banfield Expressway, Multnomah County. Bids received January 26, 1956. Conditions of award satisfied February 24, 1956. Contract awarded to Birkemeier Construction Co., Milwaukie, low bidder.

A report was presented by the Engineer showing the results of bids received in Salem on February 15, 1956 for sale of used equipment and scrap materials stored at Salem, La Grande, Coquille and Klamath Falls. He pointed out that the total amount bid was $16,486.57 compared with an estimated value of $14,141.50. He stated that all items had been awarded to the high bidders, with the exception of Item 1, a Buick, 4-Door Sedan; Item 4, a Ford, 4-Door Sedan; Item 70, a radio transmitter; and Item 71, radio transmitter, as the bids for these four units were too low. The Commission confirmed the Engineer's action.

In discussing sale of used equipment, Commissioner Reynolds inquired if the State could sell articles of used equipment to other governmental agencies without receiving competitive bids. The Chief Counsel stated that he knew of no law which would prohibit the State from taking such action, but he called attention to the fact that all sales of used equipment or scrap material must be approved by the Department of Finance and Administration. The Commission requested the Engineer to contact the Department of Finance and Administration as to what its attitude is in this respect.

The Engineer reported that under authority previously granted by the Commission he had placed a temporary speed zone on the Umpqua Highway limiting the maximum speed to 30 miles per hour between M.P. 1.5 and M.P. 2.1 and between M.P. 3.9 and M.P. 7.4, effective at 12:00 noon, February 8, 1956. The reduced speed zone, he stated, was necessary for the protection of motor vehicles and pedestrians as well as the highway because of damage caused by excessive rainfall, flood and landslides. The Commission accepted his report.

The Commission gave attention to a protest submitted by F. L. Somers against an assessment of engineering costs on his contract 4434, assessed because of failure to complete the contract within the specified

time limit. The Engineer reported that this matter had been referred to him at the previous Commission meeting. He pointed out that the contract had been let on May 25, 1955, with the completion date set for August 31, 1955. The contractor did no work until July 11, 1955 and after starting work he had considerable crusher trouble. These difficulties, combined with the late starting date, prevented him from starting his oiling operations until September 28, 1955. The contract was not completed until November 4, 1955. It was his feeling that the contractor had been negligent in starting the project and he recommended that the engineering assessment be reaffirmed for the period between August 31, 1955, the specified completion date, and November 4, 1955, the actual completion date. The amount of the engineering costs comprising the assessment is approximately $1,625. The Commission reaffirmed the assessment.

The Engineer reported placement of reduced load limits on the following state highway sections, restricting loads to 11,000 pounds on any single axle, 20,000 pounds gross on any pair of tandem axles, and 36,000 pounds maximum gross load, because of surface breakup caused by rain and freezing and thawing action:

1. Medical Springs Secondary Highway, No. 340, from M.P. 0.57 to M.P. 20.35, effective 8:00 a.m., March 3, 1956.

2. Pendleton-Cold Springs Highway, No. 36, entire length, effective 8:00 a.m., March 2, 1956.

3. Athena-Holdman Secondary Highway, No. 334, entire length, effective 8:00 a.m., March 2, 1956.

4. Havana-Helix Secondary Highway, No. 335, entire length, effective 8:00 a.m., March 2, 1956.

5. Weston-Elgin Secondary Highway, No. 330, from the Weston city limits at M.P. 0.25 to M.P. 37.9, effective 8:00 a.m., March 2, 1956.

6. Alsea Highway, No. 27, from M.P. 7.13, to M.P. 20.17, effective 12:00 noon, February 24, 1956.

7. Alsea Highway, No. 27, from M.P. 20.17 to M.P. 40.38, effective 8:00 a.m., March 6, 1956.

8. Siletz Secondary Highway, No. 181, from M.P. 17.49 to M.P. 23.85, effective 8:00 a.m., March 1, 1956.

9. Crane-Scotts Butte Secondary Highway, No. 442, from M.P. 56.2, 28 miles south of Crane, to M.P. 68.5, near Follyfarm, effective 8:00 a.m., February 28, 1956.

As a matter of unfinished business, the Engineer reported that he had made an investigation concerning a request by the McKenzie River Chamber of Commerce and Highway 126 Association for improvement of the McKenzie Highway east of Springfield. The general area in which improvements are urged, he said, is a section approximately two-miles long between M.P. 38 and M.P. 40, on which the present alignment and shoulder width are sub-standard. Sharp curvature and narrow width also increase the hazard to traffic by reason of a large number of log trucks, there being an average of 125 or more daily. He stated that there is set up in the 1956 budget under "State Construction Projects" the sum of $150,000 for paving three miles in the vicinity of Walterville. As there have been many requests for improvements between M.P. 38 and M.P. 40, he recommended that the money set up for paving in the vicinity of Walterville be used to improve the approximate two-mile section between M.P. 38 and M.P. 40 to provide better alignment and greater width. The Commission approved the project and the transfer of funds.

An agreement was considered with the Maplewood Water District covering re-establishment of their water mains on the Washington County Line-Hillsdale Section of the Beaverton-Hillsdale Highway in Multnomah County. The Engineer explained briefly that the agreement provides that the State will reimburse the District for moving its facilities for not more than $5,150. The District agrees to furnish certain new materials. Upon his favorable recommendation the Commission approved the agreement.

The Engineer also presented a report on another item of unfinished business concerning a request for sidewalk construction on 82nd Avenue (Cascade Secondary Highway) between Glencoe Road and Flavel Street at the easterly edge of Portland. An extensive survey and investigation were conducted and several remedial measures were considered. After a careful study of all of these measures, he recommended that a four-foot footpath be constructed on both sides of the highway in front of those properties where the owners donate three feet of additional property, and two-foot sidewalks in front of those properties whose owners do not provide additional property. The two-foot width, he stated, can be constructed by utilizing the six-inch top width of the curb plus an additional one and one-half feet to the property line. The estimated cost of the project is $16,500, excluding cost of right of way. The Commission approved the project, to be contracted as soon as plans can be prepared and the weather is favorable.

The Engineer recalled that several months ago the Commission had requested him to make an investigation and estimate of cost for an extension of 82nd Avenue from Killingsworth Street to a connection with the proposed new access to the Portland International Airport. Multnomah County, he stated, had also started a survey which they did not complete. The total cost of constructing a four-lane highway with grade separations at Killingsworth Street and N. E Columbia Boulevard and the Union Pacific Railroad tracks he estimated at $1,036,000. Of this amount, the construction of a

section to ultimately fit into the proposed Cascade Freeway is estimated to cost $775,000. The portion northerly would not be on the State system and is estimated to cost $261,000. He suggested that consideration be given to a plan which, when additional funds are available, would provide that the State extend the Cascade Secondary Highway northerly over such distance as would be common with the ultimate Cascade Freeway, at an estimated cost of $775,000, and that Multnomah County, or the airport agency, construct the remaining section. He pointed out that no action is required at this time but a reconnaissance survey only has been made. The Commission took no action other than to authorize the Engineer to make a location survey on this section.

Consideration was given to a request previously submitted by Frank J. Kernan that he be allowed access from his property to the southbound traffic lane on Denver Avenue, used as a route for the Pacific Highway. The Engineer reported that he had made a personal investigation of the matter and there appears to be no objection to granting Mr. Kernan access from the frontage road which parallels his property on the easterly side, and he recommended that such access be permitted. The Commission accepted his recommendation.

The Commission gave attention to a request previously made by Judge Cook of Umatilla County to improve two curves on the Havana-Helix Secondary Highway north of the section now under contract. A reconnaissance survey was made, the Engineer stated, and it was determined that to improve the two existing curves would involve complete reconstruction of a 0.6-mile section at an estimated cost of $40,000. Also, such improvement would necessitate the use of 7.5 per cent grade. The two existing curves, he stated, are 12° and 8° curves and, as the traffic on the road is approximately 300 vehicles per day, it was his opinion that improvement is not warranted. He recommended that the request be denied. The Commission approved his recommendation.

Items of unfinished business as shown on the Secretary's summary, dated January 27, 1956, were discussed, as follows:

1. Request for signs on scenic drive in Hood River Valley: Action on this matter was deferred, pending Commission inspection at a later date. The item is to remain on the list of unfinished business.

2. Proposed gift of land by the Lloyd Corporation for park purposes on the Oregon Coast Highway, north of Wedderburn: The Parks Superintendent reported that the Lloyd Corporation had not yet submitted a reply, following submission to them of appraisals on the land. This item is to remain on the list of unfinished business.

3. Request for sidewalk construction on 82nd Avenue (Cascade Secondary Highway) between Glencoe Road and Flavel Street. This item is to be removed from the list of unfinished business as the Engineer had presented a report on it earlier in the day.

Unfinished Business-Cont.

4. Request of Mr. Roy Harland for two additional accesses for Safeway Stores property north of Salem on US99 business route: The Engineer reported that it had been agreed with representatives of Safeway Stores to provide two adjoining 30-foot accesses which will provide the access requested by the property owner and also provide better traffic control and a greater degree of safety. This item is to be removed from the list of unfinished business.

5. Request of Judge Cook of Umatilla County to improve two bad curves on the Havana-Helix Secondary Highway north of the newly constructed section: This item was ordered removed from the list of unfinished business as the Engineer had reported on the matter earlier in the day.

6. Request of Frank J. Kernan that access for southbound traffic be allowed to his property in connection with the new bridge between Portland and Vancouver: As the Engineer had presented his report on this subject earlier in the day, the Commission ordered the item deleted from the list of unfinished business.

7. Adoption of revised form of permit for installation of utility facilities on highway right of way: The Chief Counsel reported that as previously instructed by the Commission, a form of permit is being prepared but is not complete at this time. However, he anticipated that it would be ready for the next Commission meeting. This item is to remain on the list of unfinished business.

8. Hearings to be held in cities due to proposed by-pass of cities: The Engineer reported that all of the towns and cities along the route of the Pacific Highway between Albany and Eugene which may be by-passed have been notified of such possibility but none of them have requested a hearing under State law. However, hearings are required by Federal law unless the law is amended.

He also requested authority to notify the towns and cities of Talent, Phoenix, Medford, Central Point and Ashland, which towns and cities may be by-passed by contemplated relocation of the Pacific Highway. The Commission granted authority to notify these cities in compliance with State law.

After a short discussion, the Commission deferred action in the setting of a date for a hearing in Burns concerning a proposed relocation of the Central Oregon Highway through that city and the town of Hines. This item is to be removed from the list of unfinished business.

9. Request of the McKenzie River Chamber of Commerce and Highway 126 Association for improvement of the McKenzie Highway east of Springfield: The Commission ordered this item deleted from the list of unfinished business as the Engineer had presented a report on it earlier in the day.

Unfinished Business-Cont.

10. Protest of F. L. Somers concerning alleged excess engineering cost assessed for overrunning the stipulated time limit on Contract No. 4434: This item was also removed from the list of unfinished business as a report had been presented by the Engineer earlier in the day.

11. Request of the Mt. Angel delegation to improve the Hillsboro-Silverton Highway between Mt. Angel and Silverton: The Engineer stated that, as instructed by the Commission previously, the matter had been investigated but a report is not yet ready. This item is to remain on the list of unfinished business.

12. Request of Baker delegation for improvement and reconstruction of roads in the vicinity of proposed Snake River Dams near Robinette and Brownlee: The Engineer stated that weather conditions will probably have moderated enough by mid-March so that he can make a personal inspection and present a report at the April meeting. This item is to remain on the list of unfinished business.

The installation of illumination on the Pacific Highway at the north edge of the City of Eugene was discussed. When the investigation was conducted, the Engineer stated, the area at that time was outside the city limits. However, the city limits have since been extended and he requested that this matter be deferred until contact can be made with the Eugene City officials regarding their cooperation. The Commission approved his request.

Attention was given to a request from George H. Layman, Mayor of the City of Newberg, for illumination on the northeasterly approach of US99W to the City of Newberg. A part of this section, the Engineer stated, has recently been widened to four lanes between River and Church Streets, the average daily traffic is approximately 10,000 vehicles and a considerable number of pedestrians walk alongside the highway. The city, he added, is willing to cooperate in the project on a fifty-fifty basis, the total cost being estimated at $7,000. He recommended that the illumination be installed, with the State to pay one-half the cost of installation, which is to be done by the Portland General Electric Company under the supervision of the City of Newberg. It is also understood that the maintenance of the illumination fixtures and the power to operate them is to be the sole responsibility of the City. The Commission approved the project, the State to pay $3,500 to the City upon completion of the installation in a manner satisfactory to the State Highway Department.

The Engineer reported that the Bureau of Public Roads has recently completed paving on the Ochoco Mountain Section of the Ochoco Highway in Crook and Wheeler Counties. The guardrail which was in place prior to the paving needs considerable rehabilitation to make it conform to the new grade. The Bureau, he stated, has requested the State to perform the work, to be reimbursed by the Bureau for an amount not exceeding $5,000. The Commission approved the project after the Engineer had given his favorable recommendation.

The Commission discussed with the Engineer a resolution submitted by the Coos County Chamber of Commerce requesting reconstruction, realignment, and modernizing of the Coos Bay-Roseburg Highway from Myrtle Point to the Pacific Highway. In the discussion of this project it was pointed out that there seems to be a difference of opinion among Coos County people as to where the reconstructed highway should be relocated. No action was taken at this time, pending the appearance of a delegation on this matter on the following day.

(The Commission took no action following the appearance of Mr. Bowen on March 2).

Attention was given to a letter written by Mr. Murl W. Laird of Sitkum, requesting a heavy duty highway from the Coos Bay area through Roseburg to a junction with the Cascade Lakes Highway. Mr. Laird urged early commencement of a survey on this route. No action was taken on the matter.

Extension of an Accident Analysis Agreement with the Secretary of State and the City of Portland was considered. The Engineer explained briefly that this is an extension from January 1, 1956 to December 31, 1957 of an agreement which has been in effect since 1951 whereby accident data is provided and made available to the three parties of the agreement. The Commission approved the extension of the agreement.

A petition from residents of Hood River requesting a direct connection to the Columbia River Highway at M.P. 61.06 was discussed. The Engineer stated that this point of access is immediately west of Hood River in an area now served by a frontage road accommodating about nine residences. If additional access is granted, he pointed out, it would force the State to build an interchange or other facility to care for the access when the highway is completed to a freeway status. The Commission accepted his recommendation that the request be denied.

The Engineer reported that a number of requests have been received for improvement of the Klamath Lake Secondary Highway between Lake of the Woods Junction and Fort Klamath to the north. There are a number of residences, he stated, on a three-mile section immediately

north of the Woods Junction. Investigation has determined that placing of a thin layer of cinders on this three-mile section would decrease the dust nuisance and facilitate maintenance. He recommended that this work be done by State forces at an estimated cost of $3,000. The Commission approved the project.

Attention was given to a request from the Portland Police Department for construction of a chain-link fence along the center median on portions of Harbor Drive in the City of Portland. The Engineer reported that although there are two grade separations for pedestrians in this area many pedestrians prefer to cross the highway at grade and two fatalities have recently occurred and another pedestrian was seriously injured. He recommended that a chain-link fence be constructed on a 7-block section between Hooker Street and Pennoyer Street, at an estimated cost of $6,000 with funds from the 1956 budget. The Commission approved the project.

A "Major Program Change" in the Forest Highway Program for the fiscal year 1953 was considered. The Engineer reported that the change involved is in the Oregon Forest Highway project 8-B2 on the Umpqua Highway, beginning three miles east of Reedsport and extending easterly 3.43 miles. The change is caused by conditions resulting from flood waters, necessitating the providing of rock embankment instead of dredged embankment. This work, he added, is being conducted by the U. S. Forest Service through the Bureau of Public Roads, and he recommended that the change be approved. The Commission accepted his recommendation.

Changes in partitions in the Mailing Room in the State Highway Building in Salem were requested by the Secretary, to better accommodate mailing equipment and a new teletype machine. Action on this matter was deferred until later in the day.

(In the afternoon this matter was again discussed. The Engineer stated that the change is needed and he recommended that the work be performed at an estimated cost of $1,050. The Commission approved the project.)

Resolutions submitted by the Josephine County Court and the City of Grants Pass were discussed. These resolutions, the Engineer stated, favor completion of Project No. 1 in the Highway Traffic Survey prepared for the Grants Pass vicinity in 1954. The petition also requests that Project No. 7 in the same traffic survey be given further study by the Highway Commission. Project No. 7 is a continuation of the Redwood Highway from its present junction with the Pacific Highway to a point on the relocated Pacific Highway south and east of Grants Pass. Project No. 1 is a one-way street couplet on the Pacific Highway involving 6th and 7th Streets in the City of Grants Pass. The Commission took no action on these matters at

this time but indicated that further consideration would be given to them in the allocation of future highway funds.

The following increases in project authorizations for contracts were requested by the Engineer and granted by the Commission:

1. Increase of $4,250 in Contract No. 4512 for developments at Detroit Lake State Park. This work consists principally of removing 280 additional stumps and extension of the parking area at the boat ramp below the normal lake level. Funds are to be transferred from the 1956 Park Betterment Budget.

2. An increase of $1,600 in Contract No. 4317 for expansion of a camping area in Humbug Mountain State Park. Installation of more culvert pipe than was anticipated caused the overrun.

The Engineer reported that the following cities and towns have satisfied legal requirements with respect to the expenditure of State Tax Street Funds accrued to them during the first half of 1954, the second half of 1954, and the first half of 1955, and the plans for the projects proposed to be financed with such funds have been examined and found satisfactory:

From funds accrued during first half of 1954:

Jordan Valley.	$ 672.01

From Funds accrued during second half of 1954:

Cave Junction.	$1,048.09
Island City.	485.36
Jordan Valley.	830.03
Richland.	773.75

From funds accrued during first half of 1955:

Boardman	$ 362.18

The Engineer recommended approval of the plans. The Commission approved the plans by adopting the attached resolution relative thereto, marked EXHIBIT "F", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Commission considered and upon recommendation of the Engineer, granted extensions of time within which to complete state highway contracts as follows:

1. Fred Rouse & Henry H. Miller, Contract No. 4195, for grading and oil mat surfacing on the Burns Corner-Lewisville Section of the Burns Corner-Suver Road in Polk County, requested an additional extension of time from July 31, 1955 to September 13, 1955. Approved as recommended.

2. Rogers Construction Co., Contract No. 4036, for grading the Glenwood-North Plains Section of the Wilson River Highway in Washington County, requested an extension of time from July 31, 1955 to February 1, 1956. Approved as recommended.

3. Tom Lillebo, Contract No. 4462, for construction of the Mill Creek and Pen Annex Bridges on the Salem-Turner Aumsville Road in Marion County, requested an additional extension of time from February 1, 1956 to May 31, 1956. Approved as recommended.

4. Trowbridge Electric Co., Contract No. 4549, for the illumination project on the Anlauf-Shady Unit of the Goshen-Myrtle Creek Section of the Pacific Highway in Douglas County, requested an extension of time from March 31, 1956 to May 29, 1956. Approved as recommended.

5. Trowbridge Electric Company, Contract No. 4500, for installation of a traffic signal on the Palatine Road-Briarwood Road Section of the Oswego Highway in Clackamas and Multnomah Counties, requested an additional extension of time from January 15, 1956 to May 15, 1956. Approved as recommended.

6. Trowbridge Electric Company, Contract No. 4511, for installation of traffic signals in the City of Salem, Marion County, requested an additional extension of time from January 29, 1956 to May 28, 1956. Approved as recommended.

7. Wold Brothers, Contract No. 4238, for construction of a guardrail on the Rocky Point-Greggs Creek Section of the Oregon Coast Highway in Curry County, requested an additional extension of time from August 31, 1955 to February 15, 1956. Approved as recommended.

8. Wold Brothers, Contract No. 4303, for Fencing Project on the Greggs Creek-Wedderburn Section of the Oregon Coast Highway in Curry County, requested an additional extension of time from July 31, 1955 to February 15, 1956. Approved as recommended.

9. A. H. Saxton & Son, Contract No. 4337, for construction of the Boomer Hill Road Overcrossing on the Pacific Highway in Douglas County, requested an additional extension of time from November 30, 1955 to January 19, 1956. Approved as recommended.

10. Tom Lillebo, Contract No. 4336, for construction of the Frankport Viaduct and Euchre Creek Bridges on the Oregon Coast Highway in Curry County, requested an extension of time from December 1, 1955 to January 14, 1956. Extension granted but the contractor is to be charged for the engineering costs incurred during the period of December 1, 1955 to January 14, 1956.

FOOTNOTE: The action taken by the State Highway Commission upon the extensions of time within which to complete the highway contracts listed above was based upon the recommendation of the Engineer and his reports which considered but did not necessarily adopt either or any of the reasons given by the contractors in their requests for such extensions of time. For details regarding these extensions of time, see copies of the contractors' requests and the Engineer's recommendations on file in the respective contracts in the Secretary's office.

The Engineer reported that Contract Nos. 3805, 4019, 4036, 4153, 4179, 4195, 4238, 4273, 4282, 4303, 4317, 4331, 4336, 4337, 4380, 4450, 4490 for highway construction have been completed according to the requirements of the contracts or modifications thereof and that said contracts are now ready for acceptance by the Commission. After due consideration, the Commission accepted said contracts by adopting the attached resolution relative thereto, marked EXHIBIT "G", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Commission gave attention to a form of agreement with the City of Cornelius covering a one-way couplet section on the Tualatin Valley Highway in Cornelius. The Engineer explained briefly that the agreement provides as to what streets are to be used by the couplet, things to be performed by the City and by the State, and requiring certain ordinances to be enacted by the City. Upon his favorable recommendation the Commission approved the agreement.

Also considered was an easement agreement with Southern Pacific Company involving the Tillamook Undercrossing of the Wilson River Highway. This agreement, the Engineer explained, is necessary in performing the contract for construction of the Tillamook-Donaldson Creek Section of the Wilson River Highway, on which bids are to be received on March 2, 1956. The Commission approved the agreement.

The meeting recessed for luncheon at 12:00 noon and reconvened at 2:00 p.m. with the same persons present and participating.

The Commission gave attention to a number of requests for the placing of reduced speed zones at various locations on state highways. The Engineer reported that in each instance a careful investigation had been made by the Traffic Engineering Department and as a result of these investigations he recommended that action on the following requests be taken as indicated:

1. Request from Mr. Harold Davis, City Engineer of Salem, for extension of the 30-mile per hour speed zone on the Willamina-Salem Highway at the westerly edge of Salem. The Engineer recommended that a 30-mile per hour speed zone be established from a point 0.12-mile west of Cascade Drive to the west city limits of Salem. The Commission accepted his recommendation by adopting the attached resolution relative thereto, marked EXHIBIT "H-1", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

2. Request from Sherman Pomona Grange No. 31 for a 35-mile per hour speed zone on the Columbia River Highway in Rufus. In view of the favorable accident record, the relatively sparse culture, and the prevailing speeds, the Engineer recommended that the request be denied and that the existing 45-mile per hour speed zone be maintained. The Commission approved his recommendation.

3. Request of the Hon. Joe Rogers, State Representative, for establishment of a speed zone on the Willamina-Salem Highway in the community of Derry. As the section is very short in which there is roadside culture in this location, the Engineer recommended that the request be denied. The Commission approved his recommendation.

4. The Engineer reported that a number of requests had been received for a reduced speed zone on S. W. Barbur Boulevard (US99W) between S. W. Capitol Highway and the Multnomah-Washington County line. In view of the findings disclosed by investigation, he recommended that the resolution of May 26, 1952 establishing a 50-mile per hour speed zone be rescinded and a 45-mile per hour speed zone be established on the section of US99W between M.P. 6.45, approximately 0.2 mile west of Capitol Highway intersection, and M.P. 7.65 at the Multnomah-Washington County Line. He also recommended that left turn movements from the north approach of S. W. 55th Avenue to Barbur Boulevard be prohibited. The Commission approved his recommendations and thereupon adopted the attached resolution restricting vehicular speed on this section to 45-miles per hour, marked EXHIBIT "H-2", which resolution by this reference is made a part hereof, with like effect as though extended in full herein. The Engineer was instructed to erect signs prohibiting left-turn movements at S. W. 55th Avenue as recommended.

5. Request of Matlack's Supermarket, Medford, for a reduced speed zone on the Medford-Provolt Highway in the vicinity of Ross and Lozier Lanes, and for the painting of a crosswalk at this intersection.

The Engineer recommended that the request be denied in view of the prevailing speeds and the relatively favorable accident record, but that the existing 40-mile per hour speed zone be amended to provide a 40-mile per hour speed zone from a point 0.13 mile west of Arnold Lane at M.P. 22.00 to the west city limits of Medford at M.P. 24.15, except that the indicated speed shall be 20-miles per hour during the hours of school crossings from a point 200 feet west of Renault Avenue at M.P. 23.24 to a point 300 feet east of Oak Grove Road at M.P. 23.37; and from a point 200 feet west of Clover Lane at M.P. 23.71 to a point 400 feet east of Ross Lane at M.P. 23.87. He also recommended that an overhead illuminated crosswalk sign be installed at this intersection at an estimated cost of $600 with funds from the 1956 Minor Betterment Budget. The Commission approved his recommendations and thereupon adopted the attached resolution relative thereto, marked EXHIBIT "H-3", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

Authorization for out-of-state travel expense was recommended by the Engineer and approved by the Commission, as follows:

1. Forrest Cooper, Construction Engineer, to attend a demonstration by the U. S. Bureau of Public Roads in computing earthwork computations from aerial photography maps at Chicago, Illinois, March 6 and 7, 1956, at an estimated cost of $240.

2. C. H. Maison, Auditor, and George LeTourneux, Engineering Assistant, to go to Sacramento, California, March 19-22, 1956, to study California Division of Highways key-punch system, at an estimated cost of $107 for each person.

3. Carl W. Jordan, Director of Travel Information Division, to attend a travel and vacation show in Los Angeles, California, April 11-23, 1956, at an estimated cost of $277.

4. Dennis D. Clarke, Assistant Director, Travel Information Division, to attend the Dallas Travel Show in Dallas, Texas, March 31 to April 8, 1956, at an estimated cost of $392.

5. W. C. Williams, Deputy State Highway Engineer, to attend a meeting of the Highway Research Board in Washington, D. C., March 14-15, 1956, at an estimated cost of $310. The cost of this trip, the Engineer stated, will probably be borne by the Highway Research Board.

The Engineer requested and the Commission granted authority for himself or Mr. W. C. Williams, or Mr. W. W. Stiffler, or Mr. G. S. Paxson to sign applications for the renewal of any existing radio station license, any change made at a licensed station, or for new stations put in operation. The Commission granted authority by adopting the attached resolution relative thereto marked EXHIBIT "J", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Consideration was given to a written request made by the Tillamook County Court that the old Meda Bridge over the Little Nestucca River on the Little Nestucca Secondary Highway be turned over to them when the new bridge is completed. The Engineer stated that the old truss is too light and too narrow to be of any value on the state highway system, and inasmuch as the bridge was originally built by Tillamook County, he recommended that the structure be given to Tillamook County upon completion of the new bridge. The Commission accepted his recommendation.

The Engineer reported that an inquiry had been received from the Superintendent of Schools at Canyonville as to whether the Highway Commission would sell an old 60-foot steel deck truss stock-piled at Blackwell Hill near Medford. This truss, the Engineer explained, was removed in 1948 from the Little Butte Creek crossing of the Crater Lake Highway because it was too narrow. No use has been found for the truss and the School Board subsequently offered to pay 5 cents per pound for the material and submitted a check in the amount of $2,348.50, which is the full price at 5 cents per pound. He recommended that the sale be completed. The Commission approved the sale as outlined.

The Commission discussed briefly with the Engineer a suggestion made by Dr. Morgan S. Odell, President of Lewis and Clark College, that the Columbia River Expressway be known as the "Lewis and Clark Trail." In this discussion, it was brought out that the highway has been named by law and cannot be changed by Commission action alone.

The Commission approved the Secretary's report showing papers signed by him in behalf of the Commission during the period of January 24 to February 29, 1956.

The Commission set the next regular meeting for April 26 and 27, 1956, in the Imperial Hotel in Portland, and a tentative date of May 31 and June 1, 1956 for the next following meeting.

The Commission discussed with the Engineer the various matters to be presented by delegations scheduled to appear the following day. No action was taken at this time, pending the appearance of the delegations.

A form of agreement with the City of Tillamook concerning a one-way street couplet on the Wilson River Highway in the City of Tillamook was presented by the Engineer. He explained briefly that the agreement provides for construction and improvement on First and Second Streets to provide a one-way couplet section on the Wilson River Highway. The agreement also details things that are to be done by the State and by the City. Upon the Engineer's favorable recommendation, the Commission approved the agreement.

Also considered was an agreement with Lane County covering the designation of the "Q" Street Route between Eugene and Springfield. The Engineer stated that this agreement is a written form of a previous oral understanding with Lane County whereby the State is to designate "Q Street" as a state highway and to conduct a survey along the "Q Street" route. Lane County is to contribute by July 1, 1956, the sum of $130,000 to the State for the acquisition of right of way for the extension of the "Q Street" route from Mohawk Road to a connection with the McKenzie Highway. He recommended that the agreement be approved. The Commission approved the agreement.

The Engineer presented for the Commission's consideration an agreement with Union Pacific Railroad Company concerning a permit for a temporary crossing at grade of the tracks of Oregon-Washington Railroad and Navigation Company and the Union Pacific Railroad Company on the Werst Corner-Wallowa Section of a Wallowa County Road. The terms of this agreement, the Engineer commented, extend the terms of the original agreement from December 31, 1955 to July 31, 1956. The Commission approved the agreement.

The Engineer reported that construction of the AASHO Test Road under the supervision of the Highway Research Board will soon get under way. Mr. W. C. Williams, Deputy State Highway Engineer, has been selected as an Advisory Committee member from the Western Association of State Highway Officials. The Highway Research Board has called an organizational meeting of the Advisory Committee composed of a representative from each of the four geographical areas of the United States. This meeting is to be held in Washington, D. C. on March 14 and 15, 1956, and it is expected that the Highway Research Board will pay the expenses of the Committee for the meeting. He recommended that Mr. Williams be authorized to attend the meeting and, in the event that his expenses are not defrayed by the Highway Research Board, that such expenses be borne by the Oregon Highway Department. The Commission accepted his recommendation.

Removal of buildings from the Walter F. Stucki and Arnold Berger property on the Gardner Ranch-Berger Section of the Sunset Highway was discussed. The Right of Way Engineer recalled that in acquiring the property the buildings had been allowed to remain on the land and now must be moved. The moving transactions, he stated, were approved by the Commission on the Right of Way Resolution, dated December 19, 1955, but it is necessary to have agreements signed by the Commission, and he so recommended. The Commission approved and later in the day signed an agreement with Mr. Walter F. Stucki and an agreement with Mr. Arnold berger.

Sale of a parcel of state-owned land adjacent to the Pacific Highway in Eugene in the area known as the "Big Y" was considered. The Engineer stated that the City proposes to construct two streets which will provide access to the property. He recalled that when this matter had been discussed at a previous Commission meeting the idea had been presented that if necessary the State might furnish sufficient land to provide for a street. However, it now appears that to satisfy the law it would be necessary only to dedicate a street but not necessary to construct it. No action was taken at this time.

(On the following day this matter was again considered and the Chief Counsel explained that the property is now all within the Eugene city limits. The City has indicated that it intends to build streets which will provide access to the state-owned property and it recommends that the State does not build a street along the property edge. He requested authority to seek a waiver from property owners affected, and if this action is not successful that he be granted authority to seek dedication of a 60-foot street on state property, but no construction. The Commission granted the authority as requested).

Chairman Chandler inquired of the Engineer as to what progress is being made in the preparation of state highway construction programs. The Engineer replied that two programs have been prepared. No action was taken at this time as the Commission indicated that they wished time in which to study the programs.

Commissioner Reynolds inquired as to the revised location of the "Q Street" route, particularly at the Eugene end. The Engineer exhibited a map showing the route and the survey previously adopted.

The Secretary presented a request from Woodrow J. Paquette that the State donate property between Port Orford and Gold Beach for a Boy Scout Project. It was pointed out that the Commission could not donate property for other use which had been acquired for highway purposes.

A dangerous situation on the Old Oregon Trail Highway at the Grand Ronde Hospital in the City of La Grande was mentioned by Commissioner Reynolds. It was his thought that the intersection might possibly require some sort of a traffic signal. The Engineer was instructed to investigate the matter.

Inquiry was made by Commissioner Reynolds concerning the survey on the Youngs Bay Bridge Section of the Oregon Coast Highway in Clatsop County. The Engineer explained that although the survey is shown as only 50 per cent complete, the other 50 per cent is in the design of the structure which has not yet been designed.

At 3:00 p.m. the Commission discussed bids received at the morning session for the Interstate Bridge between Portland and Vancouver and other projects. Present and participating in the discussion concerning the Interstate Bridge were Mr. E. C. Huntley, member of the Washington State Highway Commission; Mr. R. E. Hensel, member of the Washington State Highway Commission; Mr. W. A. Bugge, Director, Washington Department of Highways; Mr. Darrel Hedges, Secretary of the Washington Toll Bridge Authority, and Mr. Richard Thorgrimson, of the firm of Preston, Thorgrimson and Horowitz, of Seattle, employed as Special Bond Counsel by the Washington Toll Bridge Authority.

Mr. R. H. Baldock, State Highway Engineer, Oregon, stated that the bid of Guy F. Atkinson Company was the low bid for the Interstate Bridge project at $6,681,940, or approximately 5% above the estimate. He read aloud a prepared statement pertaining to the award of this contract as follows, and recommended approval of the same by both the Oregon and Washington Authorities:

"The Oregon State Highway Commission and the Washington Toll Bridge Authority acting by and through the Director of Highways of the State of Washington elect to accept the low bid of Guy F. Atkinson & Co. in the sum of $6,681,940 for the construction of the Interstate and the Oregon Slough Bridges, and the Oregon State Highway Commission directs the State Highway Engineer of Oregon to award the contract on behalf of the Oregon State Highway Commission to said bidder as soon as and if the bonds required to finance the construction of the bridges have been sold, and the award shall be made in concurrence with the award to be made by the Director of Highways of the State of Washington on behalf of the Washington Toll Bridge Authority."

Mr. C. W. Enfield, Chief Counsel, Oregon Highway Department, pointed out that a resolution pertaining to the Interstate Bridge Project and the sale of bonds to finance it, has not been completed, but will be presented for approval on the following day. Mr. Richard Thorgrimson of Special Bond Counsel employed by the Washington Toll Bridge Authority, explained in general the provisions which are to be incorporated in the resolution. He pointed out that an agreement has been reached among the Oregon and Washington authorities on all major points and that only details remain unresolved at this time. He explained that the resolution, among other things, is a bond and trust indenture for all bonds which are to be sold to finance construction of the new bridge including the approaches in Oregon and in Washington, the acquisition of right of way, toll plaza, administration building, alteration of the old bridge, expenses incurred thus far, interest on bonds until tolls can be collected, and other incidental expenses. He pointed out that although the Federal Government has indicated that it will participate in the reconstruction of the old bridge, the resolution provides that bonds may be issued to pay the entire cost of such reconstruction. If the Federal Government in fact reimburses the States for a portion of the cost of reconstruction, such funds may be used to retire part of the bonds. The total amount of bonds to be sold, he stated, is $14,500,000, out of which total $9,300,000 is to be sold immediately

for construction of the new bridge and expenses incurred thus far. Also incorporated in the resolution is a provision to reimburse the State of Washington for construction of the north bridge approach in the same amount as Oregon is reimbursed for the construction of the south bridge approach. The second bond issue to be made at a later date, he said, will be in the amount of $5,200,000. These bonds, he added, are to be retired by funds accruing from tolls to be assessed on both bridges, and all surplus monies accruing from such tolls after interest and stipulated bond retirements have been met are to be used to retire additional bonds. He also explained briefly the type of bonds to be sold, their order of retirement, arrangements for a trustee, payment of maintenance and operation costs and other details.

Answering an inquiry by Mr. Chas. H. Reynolds, Oregon Highway Commissioner, Mr. Thorgrimson stated that provision has been made so that idle bond monies can be invested pending the need to use them. He also commented that it is planned to make delivery of the bonds by May 1, 1956. Chairman Chandler inquired if the cost of certifying the bonds has been determined. Mr. Thorgrimson replied that the fee has been fixed.

After further discussion, it was mutually agreed among the Oregon State Highway Commission, and representatives of the Washington State Highway Commission and the Washington State Toll Bridge Authority, that the bid of Guy F. Atkinson Company in the amount of $6,681,940 should be accepted and referred to the Oregon State Highway Engineer as recommended by him. It was understood that the resolution outlined by Mr. Thorgrimson will be prepared in final form for approval by all parties concerned on the following day.

At 4:00 p.m. Commissioner Reynolds publicly announced the award of contracts as follows:

"Construction of a new Interstate Bridge over the Columbia River and a bridge over Oregon Slough on US99 between Portland, Oregon, and Vancouver, Washington: The Oregon State Highway Commission and the Washington Toll Bridge Authority acting by and through the Director of Highways of the State of Washington elect to accept the low bid of Guy F. Atkinson & Co. in the sum of $6,681,940 for the construction of the Interstate and the Oregon Slough Bridges, and the Oregon State Highway Commission directs the State Highway Engineer of Oregon to award the contract on behalf of the Oregon State Highway Commission to said bidder as soon as and if the bonds required to finance the construction of the bridges have been sold, and the award shall be made in concurrence with the award to be made by the Director of Highways of the State of Washington on behalf of the Washington Toll Bridge Authority."

"Stone base and oiling the Muddy Creek School-Haines Jct. and Middle Unit, Rock Creek-Haines Sections of the Muddy Creek and Rock Creek County Roads in Baker County: The Commission elects to accept the bid of Babler Bros., Inc., Portland, in the sum of $51,147 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Baker County is received and the sum of $15,900 is deposited by the County.

"Mussel Creek Slide Correction Project on the Oregon Coast Highway, south of Port Orford in Curry County: The Commission elects to accept the bid of Glen Ousley, Eugene, in the sum of $28,458.50 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Glendale (Pacific Avenue) Paving Project in Douglas County: The Commission awarded the contract to the low bidder, Warren Northwest, Inc., Portland, at their bid price of $7,126.

"Riddle (Main Street) Grading and Paving Project in Douglas County: The Commission elects to accept the bid of Warren Northwest, Inc., Portland, in the sum of $13,370 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of the City of Riddle is received and the sum of $1,000 is deposited by the City.

"Construction of a 360' reinforced concrete deck girder bridge over the West Fork of the Illinois River just south of Cave Junction in Josephine County: The Commission awarded the contract to the low bidder, Tom Lillebo, Reedsport, at his bid price of $140,243.

"Little Deschutes River Bridge Widening on the Willamette Highway in Klamath County: The Commission awarded the contract to the low bidder, Roger Holmes, Olympia, Washington, at his bid price of $13,955.

"Construction of a 466' reinforced concrete and steel girder bridge over Yaquina River at Toledo in Lincoln County: The Commission elects to accept the bid of Tom Lillebo, Reedsport, in the sum of $149,059 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Lincoln County is received and the sum of $42,000 is deposited by the County.

"Newport Rock Production Project on the Oregon Coast and Corvallis-Newport Highways in Lincoln County: The Commission awarded the contract to the low bidder, Barney B. Helser, Beaverton, at his bid price of $42,240.

"Adrian Rock Production Project on 4 highways in Malheur County: The Commission awarded the contract to the low bidder, Quinn Bros. and Robbins, Inc., Boise, Idaho, at their bid price of $14,935.

"Construction of Stayton-Sublimity Overcrossing and Mill Creek Bridge on the relocated North Santiam Highway in Marion County: The Commission awarded the contract to the low bidder, Tom Lillebo, Reedsport, at his bid price of $71,274.

"Grading and paving the S.E. Stark Street-Powell Valley Road Section of the East Burnside Road in Multnomah County: The Commission elects to accept the bid of Warren Northwest, Inc., Portland, in the sum of $125,665.50 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Multnomah County is received and the sum of $28,400 is deposited by the County.

"Installation of traffic signals on the Mt. Hood Highway (E. Powell Blvd.) in Multnomah County: The Commission awarded the contract to the low bidder, W. R. Grasle, Portland, at his bid price of $10,862.

"Portland Area Aerial Photography and Mosaic Project in Multnomah, Clackamas and Washington Counties: The Commission awarded the contract to the low bidder, Delano Aerial Surveys, Portland, at their bid price of $11,830.

"La Grande-North Powder Pavement Sealing and Rock Production Project on the Old Oregon Trail Highway in Union and Baker Counties: The Commission rejected the only bid received for this project which was submitted by Arthur Simonsen Co., Baker, as being too high.

"Grading and paving the Cornelius-Hillsboro Unit, Forest Grove-Hillsboro Section of the Tualatin Valley Highway in Washington County: The Commission elects to accept the bid of Warren Northwest, Inc., Portland, in the sum of $401,671.50 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

The Commission signed agreements and other papers, as follows:

"Release of Option Obligations" re execution of an agreement with Oliver G. Garrett covering release of option obligations.

"Indentures of Access" on the following properties:

a. Robert Dollar Company property on Glendale Junction-Wolf Creek Section of Pacific Highway, Josephine County.

b. Mr. and Mrs. Russell Christiansen property on Newport-Toledo Section of Corvallis-Newport Highway, Lincoln County.

c. Mr. and Mrs. Glen Coons property on Anlauf-Elkhead Road Section of Pacific Highway, Josephine County.

d. Mr. and Mrs. Theodore B. Rossner property on Sheridan-Deer Creek Section of Salmon River Highway, Yamhill County.

"Bargain and Sale Deed" re sale of 0.86 acre of excess property on Old Pacific Highway in vicinity of Roseburg. Consideration $250.

"Agreement" with Cedar Hills Company re revision and correction of easement for construction and maintenance of sewer line.

"Quitclaim Deed" re deeding to Mr. and Mrs. Burdette L. Dodge, Jr., certain real property acquired for a gravel pit and haul road easement in Jackson County.

"Agreement" with Maplewood Water District covering re-establishment of their water mains on Washington County Line-Hillsdale Section of Beaverton-Hillsdale Highway, Multnomah County.

"Agreement" with U. S. Bureau of Public Roads for construction of a guardrail on Ochoco Mountain Section of US26 in Crook and Wheeler Counties.

"Accident Analysis Agreement" with Secretary of State and City of Portland extending the previous agreement from January 1, 1956 to December 31, 1957 covering cooperative action in the matter of gathering and handling data for minimizing traffic accidents.

"Major Program Change" form with US Forest Service and US Bureau of Public Roads covering additional funds to modify original methods of construction on Umpqua Highway in the vicinity of Reedsport.

"Bargain & Sale Deed" to Ralph Adams, Jr. for 50.74 acres of excess right of way on the Portland-Salem Expressway in Marion County. (Authorized 11-4-55)

"Bargain and Sale Deed" to Mark L. Hegele, Jr. for a parcel of land on the Goble-St. Helens Section of Columbia River Highway in Columbia County. (Authorized 1-26-56)

"Agreement" with City of Springfield covering the extension of the one-way couplet in Springfield, which is a portion of the Willamette Highway (Springfield) Bridge Section of the McKenzie Highway in Lane County. (Authorized January 18, 1955)

"Agreement" with the City of Empire covering the Special City Allotment project on Michigan Avenue and Morrison Street in Empire. (Authorized 12-19-55)

"Throughway Agreement" with Tillamook County covering the Tillamook-Donaldson Creek Section of the Wilson River Highway in Tillamook County. (Authorized December 10, 1953)

"Agreement" with City of Glendale covering the Special City Allotment project on Pacific Avenue in Glendale. (Authorized 12-19-55)

"Agreement" with City of Reedsport covering the Special City Allotment project on Winchester Avenue in Reedsport. (Authorized 12-19-55)

"Finance & Maintenance Agreement" with Linn County covering the Tangent Junction-Oak Creek School Section, FAS 216. (Authorized 11-3-55)

"Abandonment Agreement" covering the Tillamook-Donaldson Creek Section of the Wilson River Highway No. 37 in Tillamook County. (Authorized 12-10-53)

"Agreement" with City of Cornelius covering one-way couplet on Tualatin Valley Highway in Cornelius.

"Easement and Construction Agreements" with Southern Pacific Company covering Tillamook Undercrossing Project on Wilson River Highway at Tillamook.

"Consent to Street Vacation" re application of Newport Construction Co., for the vacation of portions of N. E. Broadway Court and N. E. 71st Ave. in the City of Portland.

"Ground Lease" between Marion County and State Highway Commission for property on the Willamette River-Hayesville Section of Portland-Salem Expressway.

"Cooperative Agreement" with the U. S. Forest Service granting State a right to use Forest Service right of way and in which the Highway Commission will compensate the Forest Service for cost of relocating a Forest Service telephone line.

"Finance & Maintenance Agreement" with Lincoln County covering the Yaquina River (Toledo) Bridge on FAS 584.

"Finance & Maintenance Agreement" with Baker County covering the Middle Unit, Rock Creek-Haines Section and the Muddy Creek School-Haines Junction Section of FAS 507 and 508.

"Agreement" with City of Riddle covering the Special City Allotment project on Main Street in Riddle.

"Revised Agreement" with Lane County covering the designation of the "Q Street" Route in Lane County.

"Agreement" with the City of Tillamook covering the one-way street couplet on the Wilson River Highway in Tillamook.

"Extension Rider" with OWRR & N Co. covering permit relative to a temporary crossing at grade of the tracks of the Railroad Company on the Werst Corner-Wallowa Section of the Wallowa County Road.

"Finance & Maintenance Agreement" with Multnomah County covering the S. E. Stark Street-Powell Valley Road Section of FAS 582.

"Agreement" with Walter F. Stucki and Arnold Berger for the removal of their buildings from the Sunset Highway right of way on the Gardner Ranch-Berger Ranch Section of the Wolf Creek Highway in Washington County.

March 1, 1956

"Agreement" with City of Portland covering the construction of the Clay Street-Columbia Street Interchange on the Pacific Highway West in Portland.

The meeting adjourned at 4:25 p.m., to reconvene on March 2, 1956.

Portland, Oregon
March 2, 1956

The meeting of the State Highway Commission reconvened at 9:00 a.m. in the Queens Room of the Imperial Hotel, with the following persons present and participating:

Ben R. Chandler, Chairman
Chas. H. Reynolds, Commissioner
R. H. Baldock, State Highway Engineer
W. C. Williams, Deputy State Highway Engineer
W. W. Stiffler, Assistant State Highway Engineer
C. W. Enfield, Chief Counsel
R. L. May, Jr., Assistant Counsel
R. L. Porter, Right of Way Engineer
C. H. Armstrong, Parks Superintendent
C. H. Maison, Auditor
H. B. Glaisyer, Secretary

Commissioner McIver was excused from attending this meeting.

Bids as follows for highway construction were opened and read aloud by the Secretary who then announced that the award of contracts would be made in the same room at 3:00 p.m:

COOS COUNTY
GRADING AND OILING DAVIS CREEK-BETHEL CREEK SECTION OF THE OREGON COAST HIGHWAY

Q. L. Rufener, Inc., Portland	$40,240.00
Martin Kincheloe, Myrtle Point	40,560.00
Donald V. Greene and Greene & Buick, Inc., Salem*	46,508.00

*Bidder will accept the award of only one project at this date.

March 2, 1956

26188

COOS COUNTY
GRADING AND STONE BASE YELLOW CREEK SECTION OF THE POWERS HIGHWAY

Martin Kincheloe, Myrtle Point	$ 44,559.00
Q. L. Rufener, Inc., Portland	49,755.00
Donald V. Greene & Greene & Buick, Inc., Salem	51,084.00
Funderburk Constr. Co., Sutherlin	55,060.00
Coos Bay Dredging Co., Inc., Coos Bay	56,186.50
Angell Bros., Eastside	57,388.90
L. C. Daniel & Floyd Grahm Constr. Co., Eugene	59,735.50
Fred H. Stegeman & Associates, Lebanon	63,065.00

DOUGLAS COUNTY
INSTALLATION OF ROADWAY ILLUMINATION AT 4 INTERSECTIONS ON SHADY POINT-MYRTLE CREEK UNIT OF THE PACIFIC HIGHWAY

J. J. Walton, Salem	$ 16,188.00
Trowbridge Electric Co., Roseburg	17,500.00
Steeck Electric, Roseburg	17,874.00
Rochat Electric, Portland	21,500.00

GRANT COUNTY
BEECH CREEK-MT. VERNON ROCK PRODUCTION PROJECT ON THE PENDLETON-JOHN DAY AND BEECH CREEK HIGHWAYS

Arthur Simonsen & Co., Baker	$ 29,700.00
E. H. Itschner Co., Molalla	30,600.00

JACKSON COUNTY
12TH ST.-BOYD ST. (MEDFORD) PAVING PROJECT ON THE PACIFIC HIGHWAY (NORTHBOUND ROUTE)

J. C. Compton Co., McMinnville	$ 6,704.00
Rogue River Paving Co., Medford	7,464.00

LANE COUNTY
765' REINFORCED CONCRETE AND STRUCTURAL STEEL GIRDER BRIDGE OVER WILLAMETTE RIVER

Hamilton & Thoms, Eugene	$414,891.50
Peter Kiewit Sons' Co., Vancouver, Washington	436,401.00
W. H. Shields Constr. Co., Eugene	446,547.80
Lee Hoffman, Beaverton	483,747.50
Natt McDougall Co., Portland	503,053.00
Schrader Constr. Co., Portland	570,520.00

LANE COUNTY
ROADWAY ILLUMINATION ON GOSHEN-ANLAUF UNIT OF PACIFIC HIGHWAY

J. J. Walton, Salem	$ 48,512.00
Electric Corporation, Salem	50,677.00

March 2, 1956

Roadway Illumination on Goshen-Anlauf Unit of Pacific Highway-Cont.

Steeck Electric Co., Roseburg	$ 51,588.00
L. H. Morris Electric Co., Eugene	54,840.00
Trowbridge Electric Co., Roseburg	55,000.00
Rochat Electric, Portland	63,000.00

LINN COUNTY
PAVING TANGENT JCT.-OAK CR. SCHOOL SECTION OF THE ORLEANS-LEBANON COUNTY ROAD

Warren Northwest, Inc., Portland	$ 48,802.00
Central Paving Co., Independence	49,897.00
Lebanon-Harrisburg Sand & Gravel, Lebanon	51,625.00
J. H. Gallagher & Sons, Corvallis	51,709.00
J. C. Compton Co., McMinnville	54,265.00

LINN COUNTY
MILL CITY (S.E. FAIRVIEW ST.) PAVING PROJECT. (0.36 mi.)

Warren Northwest, Inc., Portland	$ 8,055.00
Western Paving & Construction Company, Albany	8,510.00
Lebanon-Harrisburg Sand & Gravel Co., Lebanon	8,562.50
Central Paving Co., Independence	9,352.50
J. H. Gallagher & Sons, Corvallis	12,275.00

MALHEUR COUNTY
FOLLYFARM ROCK PRODUCTION PROJECT ON CRANE-SCOTTS BUTTE HIGHWAY

N. A. Toole Constr. Co., Ontario	$ 22,200.00
C. E. Leseberg, Nyssa	22,800.00
Richard Beshey, Parma, Idaho*	23,760.00
J. C. Compton Co., McMinnville	24,120.00

*Bidder will accept award of only one project at this time.

MALHEUR COUNTY
OLDS FERRY INTERCHANGE OVERCROSSING ON RELOCATED SECTION OF OLD OREGON TRAIL HIGHWAY

J. H. Wise & Son, Inc., Boise, Idaho	$ 88,744.40
Hannan Bros. Co., Portland	93,267.50
Rogers Construction Co., Portland	93,953.00
White Bros. Co., Walla Walla, Washington*	94,050.75
Marshall Constr. Co., Hermiston	94,076.65

*Bidder will accept award of only one project at this letting.

March 2, 1956

MULTNOMAH COUNTY
ROADBED WIDENING AND PAVING ROOSTER ROCK PARK INTERCHANGE SECTION OF COLUMBIA RIVER HIGHWAY

Inland Construction Co., Milwaukie	$231,043.00
Vernie Jarl, Gresham	247,993.00
J. Bacaloff & Hannan Bros. Co., Portland	249,988.50
Fred H. Slate Co., Ore. Ltd., & E. C. Hall Co., Portland	257,790.00
John Havlik, Jr., Scappoose	263,609.00
C. R. O'Neil, Creswell	265,956.00
Natt McDougall Co., Portland	267,373.00
Parker-Schram Co., Portland	267,733.00
Erland & Blickle, Portland	268,386.00
Babler Bros., Inc., Portland	273,630.00
J. N. Conley, Portland	276,388.00
Kuckenberg Constr. Co., Portland	286,935.30

TILLAMOOK COUNTY
GRADING, PAVING, ETC. TILLAMOOK-DONALDSON CREEK SECTION WILSON RIVER HIGHWAY

Fred H. Slate Co., Ore. Ltd., & E. C. Hall Co., Portland	$471,167.50
C. J. Eldon, Portland	488,656.50
White Bros. Co., Walla Walla, Washington*	489,971.00
J. N. Conley, Portland	497,527.00
Grimstad & Vanderveldt, Astoria	518,931.00

*Bidder will accept award of only one project at this letting.

YAMHILL COUNTY
AMITY (4TH & STANLEY STS.) PAVING PROJECT

Warren Northwest, Inc., Portland	$ 4,913.50
Central Paving Co., Independence	5,201.50
J. C. Compton Co., McMinnville	5,239.00

YAMHILL COUNTY
TWO REINFORCED CONCRETE STRUCTURES ON RELOCATED VALLEY JUNCTION-SHERIDAN SECTION OF SALMON RIVER HIGHWAY

Hamilton & Thoms, Eugene	$207,605.00
Tom Lillebo, Reedsport	214,001.00
P. S. Lord Mechanical Contractors, Portland	218,510.00
Natt McDougall Co., Portland	221,051.00
Babler Bros., Inc., Portland	223,001.00
Schrader Construction Co., Portland	265,115.00

March 2, 1956

A delegation representing the Oregon City Chamber of Commerce came before the Commission concerning signs along the Portland-Salem Expressway to better indicate to the traveling public how to reach Oregon City. The following people were present: J. H. Van Winkle, Manager, Oregon City Chamber of Commerce; Frank Stein, Chairman, Highway Committee, Oregon City Chamber of Commerce; Howard Oliver, Member, Oregon City Chamber of Commerce; Darrell Jones, Clackamas County Court; all of Oregon City; Bob Wyrick, "Chicken in the Rough" Restaurant, Gladstone; and Geo. T. Wadsworth, Citizen, Woodburn.

Mr. Frank Stein, who acted as spokesman, stated that many people in Oregon City feel that the existing signs, particularly at the junction of the Portland-Salem Expressway and the old Pacific Highway north of Salem, are incomplete and perhaps misleading.

Mr. Howard Oliver, owner of a motel a short distance north of Oregon City, stated that opening of the Expressway has hurt his business financially. He felt that signs at junctions along the Expressway were inadequate as a number of his customers from California followed the Expressway north to Portland and then had to return south on the old highway in order to stay at his motel. He urged the installation of additional signs at those intersections which lead to Oregon City.

Mr. Darrell Jones urged that additional signs pointing to Oregon City be installed at the intersection of Oregon Route 212 with the Portland-Salem Expressway, and also that signs be installed advising tourists about routes to the Oregon Coast. He also commented on another matter, indicating that the Clackamas County Court intends at an early date to ask for a section of Oregon Route 212 to be placed on the Federal-aid Secondary County Road System.

Mr. Van Winkle pointed out that a large sum is spent annually to attract tourists to the State and, by the placement of more signs along the Expressway, tourists would be given an opportunity to visit scenic areas and other points of interest not along the Expressway route. Many tourists, he continued, come to the State to see things of beauty and interest, many of which are situated on side roads. It was his feeling that the State should provide adequate signs on Portland-Salem Expressway so these areas of interest can be located by the traveling public. He suggested several changes at the intersection of the Expressway and the old Pacific Highway East, north of Salem, and he gave to the Commission a number of suggested wordings.

No comments were made by the Commission and the delegation departed at this time, however, discussion of the subject was resumed later in the day. The Engineer at that time stated that he felt that the signs proposed by the Oregon City delegation contain too many words to be placed on a high speed expressway. He pointed out that the Oregon State Highway Department has a very favorable reputation with the traveling public because of the concise and uncluttered highway signs now in use, and he gave as his considered opinion that extreme care should be exercised so as not to lose

this favorable reputation. The Commission instructed him to give the delegation's request careful consideration and to present a report at the next meeting.

Mr. J. H. Bowne, Coquille, representing the Coos County Chamber of Commerce, came before the Commission to request improvement of the Coos Bay-Roseburg Highway, Route 42, from Myrtle Point to Roseburg. He pointed out that during the recent severe storms this highway was closed for some time and that such closure in conjunction with the crooked and narrow condition of the highway acted as a bottleneck for industry in the coast area. He called attention to the fact that much of the freight bound for the Coquille-Coos Bay area now goes to Eugene or Portland and is then reshipped; also, that a more adequate road is greatly needed to help the timber industry. He asked the Commission to give the matter early consideration. No action was taken by the Commission.

The Hon. Vernon Miller, Sherman County Judge, Moro; C. F. Kuypers, Sherman County Commissioner, Rufus; Giles French, President, Sherman County Club, Moro; and John Hilderbrand, Citizen, Wasco, were present to urge improvement of Highway 206 (Wasco-Heppner Secondary Highway) between Wasco and the John Day River. Mr. Miller acted as spokesman and introduced the other members of the delegation. He called attention to the fact that the existing highway is approximately 30 years old and consequently obsolete, and at the present time is badly broken. He urged the rocking and eventual oiling of this highway section.

Mr. Hildebrand stated that although the present traffic is light, he felt that if the highway were improved there would be much more traffic. He commented on the large grain elevators located at Klondike and at Hay Canyon, and he stated that during the grain-hauling season the road becomes very dusty and full of chuck holes. The road, he added, is badly in need of additional surfacing and should be oiled to allay the dust nuisance.

Mr. Giles French brought up another matter, one concerning improvement of The Dalles-California Highway, US97. Truck haulers, he said, have indicated that they would like to use US97 in hauling between Los Angeles and Seattle as this route has the least vertical curvature of all available north and south routes. He stated that plans are under way to construct a bridge across the Columbia River at Spanish Hollow near the town of Miller east of The Dalles, and that a new route for the location of US97 could be located north of Wasco, utilizing alignment at a higher elevation and in dirt soil rather than in rock. He presented aerial photographs showing the country through which the proposed relocation would pass. He urged investigation of the route referred to.

The Engineer stated that it appears that the proposed relocation has considerable merit and that he will examine it carefully, with other possibilities, in determining a new location for this highway. No action was taken by the Commission.

Mr. George Mead, Attorney-at-Law, Portland, appeared before the Commission in behalf of Paul and Verla Martin, in regard to the proposed acquisition of certain property from the Martins by the Commission. Mr. Mead reviewed a prior transaction between the Commission and the Martins, in 1950, as a result of which a condemnation case was settled by stipulation, under the terms of which the Commission acquired certain real property needed for right of way for the Columbia River Highway, near Troutdale, and the Martins reserved certain rights including a commercial access for the establishment of a service station. It appears that a few months ago the Martins made arrangements with an oil company for the sale of a small parcel of the Martins' remaining property for the construction of a service station costing some $40,000. Mr. Mead stated that the oil company was advised, at the local office of the Highway Commission, not to enter into the transaction, and stated that Mr. Mayhew, District Right of Way Supervisor, called him and advised that the Highway Commission intended to acquire the Martins' access rights and for that reason no action should be taken toward developing the property. Mr. Mead informed the Commission that, at a later date, Mr. Mayhew called at his office to discuss the matter and furnished him with a map showing a proposed cloverleaf arrangement and access road which would necessitate elimination of certain accesses serving the Martin property. Mr. Mead stated that he felt it would be very unfair and unreasonable for the Highway Commission to renege on the prior agreement with the Martins, merely for the purpose of eliminating the Martins' access rights, and that, if all of the facts were brought to the attention of the Commission, he felt that the Commission would not approve of a program which has as its sole purpose the elimination of access rights which were created by contract.

Chairman Chandler informed Mr. Mead that the Columbia River Highway, which is on the interstate system, is already inadequate to handle the traffic that uses it and is in need of improvement. It is anticipated, he said, that funds will be obtained from the Federal Government, and when such funds are available the Commission plans to start four-laning the Columbia River Highway at this point and to carry it right on through, making it comply with all of the federal requirements of a true freeway, which means termination of access and providing a way out of that property.

Mr. Mead stated that he appreciated that, and would have no quarrel if a four-lane highway were proposed, however, the map furnished him did not indicate such a plan.

Chairman Chandler stated that the Commission does contemplate a four-lane highway and making it a true freeway.

Commissioner Reynolds suggested that the matter be given all possible study, and expressed the appreciation of the Commission for the information given by Mr. Mead. He assured Mr. Mead it would receive proper consideration.

Following Mr. Mead's departure, the Commission discussed and considered the matter of acquiring certain property and access rights from Paul and Verla Martin in connection with the proposed improvement of the Columbia River Highway. The Engineer advised the Commission that the Columbia River Highway is already inadequate insofar as meeting the standards of an interstate highway is concerned, and that improvement of the highway, including four-laning of the same and construction to freeway standards is necessary and inevitable. He informed the Commission that the proposed interchange and frontage roads are a necessary part of the ultimate four-laning of the highway, and that direct access to the highway will create an intolerable hazard to the traveling public.

The Chief Counsel advised the Commission that while the access rights of the Martins were reserved as a part of an agreed settlement of a condemnation case, the Commission did not thereby waive or bargain away its rights to acquire property and property rights which were later determined to be necessary for highway purposes. He further advised the Commission that pursuant to the terms of the stipulation which terminated the earlier condemnation case, the Martins were granted the right to construct and maintain fences upon certain property owned or acquired by the Commission, and also the Commission conveyed to the Martins certain property not then needed for highway purposes. The right to construct and maintain certain of the fences and the conveyance of part of the real property were expressly made subject to termination and defeasance by the Commission in the event the Commission later determined that the real property concerned was necessary for highway purposes. The Chief Counsel also advised that the proposed interchange, and frontage roads will necessitate use of part of the property concerned, and he recommended that the Commission adopt resolutions terminating and revoking the fencing rights and exercising its right of defeasance of the conveyance of so much of the real property as is needed for the interchange and frontage roads, in the event the same are to be constructed.

After fully considering the matter the Commission concluded that it is necessary to construct the interchange and frontage roads immediately, as an initial part of the ultimate construction of the Columbia River Highway as a divided highway to freeway standards, and accordingly directed the Engineer to prepare detailed plans and specifications for the project, and adopted the attached resolutions Nos. Misc. 187 & 188 and Condemnation No. 597 identified as EXHIBITS "I-1", "I-2", and "I-3", authorizing acquisition of certain property and access rights owned by Paul and Verla Martin, terminating certain fencing rights, and exercising its right of defeasance of the conveyance of certain property to the Martins and revesting the same in the Commission. The Commission also directed the Secretary to write to Mr. George Mead, and advise him of the action taken.

The Chief Counsel called to the attention of the Commission the agreement between Oregon and Washington concerning the construction of the new Interstate Bridge between Portland and Vancouver. He pointed out that under this agreement it is necessary for the Commission to ap-

prove the trust indenture or resolution drawn by the Washington Toll Bridge Authority and its bond attorneys, and also the form of bonds to be issued by the Authority to provide funds for the project. The Chief Counsel advised that the proposed resolution, which incorporates the form of bond, and which was prepared by the Washington Toll Bridge Authority in collaboration with bond counsel, had been thoroughly studied and reviewed, and that a number of minor changes and revisions had been made so that the same would be in proper legal form and reflect all of the matters explained to the Commission on March 1, 1956, by Mr. Richard Thorgrimson of the firm of Preston, Thorgrimson and Horowitz of Seattle, retained as bond counsel by the Washington Toll Bridge Authority pursuant to the agreement between the Oregon State Highway Commission, the Washington State Highway Commission and the Washington Toll Bridge Authority under date of April 27, 1955. The Chief Counsel further advised that Mr. Richard Thorgrimson of bond counsel was of the opinion that the resolution and bond were proper as to legality and form, and in compliance with all applicable laws, and would issue an opinion supporting the validity of the bonds to be issued and sold pursuant to the resolution. Based upon the opinion of bond counsel, the Chief Counsel recommended that the Commission approve the form of resolution and bond, with the understanding that all of the "Subsequent Bonds" (as that term is used in the resolution) shall mature at a date on or before May 1, 1971, and that the last of the "1956 Bonds" (as that term is used in the resolution) shall not be redeemed or called and retired until all of said "Subsequent Bonds" have been called and retired. The Commission approved the resolution, which includes the form of bond, as recommended by the Chief Counsel, and directed the Secretary to retain a copy of the same in the official records of the Commission.

The Chief Counsel also pointed out that the Washington Toll Bridge Authority plans to receive bids for the sale of the bonds on March 27, 1956, and that under the agreement between Washington and Oregon a bid will be accepted only if satisfactory to both the Commission and the Washington Toll Bridge Authority. In order to avoid delay, since the next Commission meeting is scheduled for April 26 and 27, 1956, the Chief Counsel recommended that the State Hignway Engineer be authorized to advise the Washington Toll Bridge Authority as to whether or not any bid submitted for the sale of the bonds is satisfactory to the Commission. The Commission approved the recommendation and authorized and directed the Engineer to so advise the Authority as soon as possible after the results of the call for bids are known.

The Right of Way Engineer presented a proposed settlement to acquire property from Frank E. and Maud E. Wink, File No. 17456, known as the Wink Auction Yard in the City of The Dalles, to be used for right of way in the reconstruction of the Columbia River Highway. After much negotiation the Winks have agreed to accept the sum of $91,675, which takes most of their property but does not take their residence. The property to be acquired, he stated, has been appraised by four independent appraisers from $75,900 to $91,673. He recommended that the settlement be approved.

Upon inquiry by Chairman Chandler, the Engineer stated that the property will most certainly be needed for highway construction. The Commission approved the settlement as recommended.

The Parks Superintendent commented that a telegram had been received from Mr. Oswald West, thanking the Commission for renaming Short Sand Beach as Oswald West State Park. He read the telegram aloud.

The meeting recessed at 12:00 noon and reconvened at 2:00 p.m., with the same persons present and participating.

Commissioner Reynolds inquired as to developments concerning relocation of highways necessitated by construction of dams on the Snake River in the vicinity of Brownlee and Robinette. The Engineer explained in general the highway routes under consideration, including the proposed Stagecoach Road and the possible abandonment of part of the highway parallel to the Snake River. A more comprehensive report, he stated, will be made after he visits the area personally later in the month.

Commissioner Reynolds stated that it had come to his attention that some of the contracts reported as completed were quite old and had been completed for some considerable length of time. The Engineer stated that in many of these cases final payment is delayed due to the fact that the contractor has failed to remove his equipment from State property.

Attention was directed by Commissioner Reynolds to several articles that appear in a book recently published by the Ford Motor Company entitled, "Freedom of the American Road". He said that the articles are very complimentary to the State of Oregon, particularly one which recognizes the Oregon State Highway Engineer, Mr. R. H. Baldock, as "The Man Behind the Plans". He congratulated the Engineer on the honor thus accorded him, and he suggested that an appropriate letter be sent to Mr. Ford expressing appreciation for the articles. The suggestion was accepted by the Commission unanimously by adoption of the attached resolution relative thereto marked EXHIBIT "K", which resolution by this reference is made a part hereof with like effect as though extended in full herein. The Secretary was instructed to send a copy of the resolution to Mr. Ford with an appropriate letter of thanks.

The Commission discussed with the Engineer bids received at the morning session, and at 3:00 p.m. Commissioner Reynolds announced awards of contracts, as follows:

"Grading and oiling the Davis Creek-Bethel Creek Section of the Oregon Coast Highway, about 10 miles south of Bandon in Coos County: The Commission elects to accept the bid of Q. L. Rufener, Portland, in the sum of $40,240 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired.

"Grading and stone base on the Yellow Creek Section of the Powers Highway, about 14 miles south of Myrtle Point in Coos County: The Commission awarded the contract to the low bidder, Martin Kincheloe, Myrtle Point, at his bid price of $44,559.

"Installation of roadway illumination at four intersections on the Shady Point-Myrtle Creek Unit of the Pacific Highway in Douglas County: The Commission awarded the contract to the low bidder, J. J. Walton, Salem, at his bid price of $16,188.

"Beech Creek-Mt. Vernon Rock Production Project on the Pendleton-John Day and Beech Creek Highways in Grant County: All bids received for this project were rejected by the Commission as being too high.

"12th Street-Boyd Street (Medford) Paving Project on the Pacific Highway (northbound route) in Jackson County: The Commission awarded the contract to the low bidder, J. C. Compton Co., McMinnville, at their bid price of $6,704.

"Construction of a reinforced concrete and structural steel girder bridge over the Willamette River at Springfield in Lane County: The Commission elects to accept the bid of Hamilton & Thoms, Eugene, in the sum of $414,891.50 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Installation of roadway illumination at seven intersections on the Goshen-Anlauf Unit of the Pacific Highway in Lane County: The Commission awarded the contract to the low bidder, J. J. Walton, Salem, at his bid price of $48,512.

"Paving the Tangent Junction-Oak Creek School Section of the Orleans-Lebanon County Road in Linn County: The Commission elects to accept the bid of Warren Northwest, Inc., Portland, in the sum of $48,802 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Linn County is received and the sum of $11,100 is deposited by the County.

"Mill City (S.E. Fairview Street) Paving Project in Linn County: The Commission awarded the contract to the low bidder, Warren Northwest, Inc., Portland, at their bid price of $8,055.

"Follyfarm Rock Production Project on the Crane-Scotts Butte Highway, about 75 miles southeast of Burns in Malheur County: The Commission awarded the contract to the low bidder, N. A. Toole Construction Co., Ontario, at their bid price of $22,200.

"Construction of Olds Ferry Interchange Overcrossing on the relocated section of the Old Oregon Trail Highway in Malheur County: The Commission awarded the contract to the low bidder, J. H. Wise & Son, Inc., Boise, Idaho, at their bid price of $88,744.40.

March 2, 1956

"Roadbed widening and paving on the Rooster Rock Park Interchange Section of the Columbia River Highway, east of Portland in Multnomah County: The Commission awarded the contract to the low bidder, Inland Construction Co., Milwaukie, at their bid price of $231,043.

"Grading, paving and construction or undercrossing structures on the Tillamook-Donaldson Creek Section of the Wilson River Highway in Tillamook County: The Commission elects to accept the bid of Fred H. Slate Co., Ore. Ltd., & E. C. Hall Co., Portland, in the sum of $471,167.50 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Amity (4th & Stanley Streets) Paving Project in Yamhill County: The Commission awarded the contract to the low bidder, Warren Northwest, Inc., Portland, at their bid price of $4,913.50.

"Construction of two reinforced concrete structures on relocated Valley Junction-Sheridan Section of the Salmon River Highway in Yamhill County: The Commission awarded the contract to the low bidder, Hamilton & Thoms, Eugene, at their bid price of $207,605.

The Chief Counsel stated that in June, 1948 a navy truck had run off the slip at the Astoria Ferry and the Navy had sued for the loss of considerable electronic equipment. They have requested copies of insurance policies pertaining to the ferry, and the Chief Counsel inquired if the Commission wished to let the Federal District Attorney have copies of these policies. A few minutes later he reported that a Mr. Smith, representing the insurance company which had furnished the policies had stated that the Highway Commission would not jeopardize its insurance coverage by providing the Federal authorities with copies. The Commission thereupon authorized providing such copies when requested by the proper Federal authorities.

There being no further business to be considered, the meeting was declared adjourned at 3:15 p.m.

State Highway Engineer — Chairman

Secretary — Commissioner

March 2, 1956

EXHIBITS "A" through "L"

MINUTES

of the

OREGON STATE HIGHWAY COMMISSION MEETING

held on

March 1 and 2, 1956

EXHIBIT "A"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, in connection with the future improvement of the highway herein designated, and for the convenience and benefit of the public, it is and has been necessary to acquire property for rights of way, quarry sites, gravel or other material sites, sites for the storage of materials, and properties for other purposes authorized by statute as hereinafter more definitely set forth, and

WHEREAS, as a result of negotiations carried on with the owners of the property required, options have been obtained, which options have been considered by the Commission outlining the bases of settlement which have been agreed upon, and

WHEREAS, it is the judgment of the Commission that the said options should be approved and accepted and/or the said reports be declared acceptable to the State Highway Commission as bases of settlement for the properties involved, and that the acquisition of the properties should be completed.

NOW, THEREFORE, BE IT RESOLVED that the following described properties are hereby declared to be necessary for State highway, park, and other uses under the jurisdiction of the Commission, and that the several options or bases of settlement hereinafter enumerated be, and the same hereby are approved and accepted, and that the attorney for the Commission be, and he hereby is, instructed to complete the acquisition of the said properties and to take title thereto in the name of the State of Oregon, by and through its State Highway Commission. The said properties hereby ordered and authorized to be acquired are as follows:

23916 Brasier, J. F. and Cora (Brainerd)
Right of Way and Gravel Pit
Option expires August 22, 1956

6.19 acres at $25 per acre	$ 154.75
85 rods fencing at $3 per rod	255.00

Amount to be paid owners - chrg to Right of Way $ 312.00

Amount to be paid owners - chrg to Gravel Pit (3.91 Acre) 97.75

GRAND TOTAL $ 409.75

Access controlled - none allowed -

COQUILLE-RINK CREEK SECTION - COOS BAY-ROSEBURG HIGHWAY

24065 Detlefsen, Edward L. and Grace R. SUPPLEMENTAL REPORT
Right of Way (Morgan)
Option expires April 30, 1956

In addition to approval of December 19, 1955, to pay owners $8,800.00 and construct road approaches, this approval is for the conveyance to the Detlefsens of the North 65 feet of property that is outside of the right of way which the State acquired from Russell W. Wilson et ux, as an exchange part of the settlement upon the grounds and for the reason that the said property, in the opinion of the Commission, is no longer needed, required,

COQUILLE-RINK CREEK SECTION - COOS BAY-ROSEBURG HIGHWAY (Cont)

24065 Detlefsen, Edward L. and Grace R. (Cont)

or useful for highway purposes, and the value of the property to be acquired by the State is not less than the value of the property to be relinquished by the State, and the cash to be paid by the State.

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in Goble-St. Helens Section of the Columbia River Highway described as follows:

A parcel of land lying in the NW¼ of Section 6, Township 5 North, Range 1 West, W.M., Columbia County, Oregon, and being a portion of that property described in those deeds to the State of Oregon, by and through its State Highway Commission, recorded in Book 122, Pages 403 and 411 of Columbia County Records of Deeds; the said parcel being described as follows:

Beginning at the west quarter corner of said Section 6; thence North along the west line of said Section 6 a distance of 2000 feet, more or less, to the south line of a tract described in that deed to Letha A. and John H. Hope, recorded in Book 104, Page 106, of Columbia County Deed Records; thence East along said south line and the north line of said State of Oregon property 700 feet, more or less, to a line which is parallel to and 100 feet westerly of the center line of the relocated Columbia River Highway; thence southerly parallel to and 100 feet westerly of said center line 2090 feet, more or less, to the south line of said NW¼; thence west 1460 feet, more or less, to the place of beginning.

The center line of the relocated Columbia River Highway herein referred to, being described as follows; Beginning at Engineer's center line Station 19+48.8, said Station being 735 feet south and 515 feet west of the center of said Section 6; thence on a spiral curve right (the long cord of which bears N. 47° 39' 28" W.) 450 feet; thence on a 954.93 foot radius curve right (the long cord of which bears N. 35° 34' 04" W.) 103 feet; thence on a spiral curve right (the long cord of which bears N. 23° 28' 40" W.) 450 feet; thence (N. 18° 58' 40¼ W.) 1628.2 feet; thence on a spiral curve right (the long cord of which bears N. 17° 56' 10" W.) 250 feet; thence on a 2291.83 foot radius curve right (the long cord of which bears N. 14° 42' 36.5" W.) 91.41 feet; thence on a spiral curve right (the long cord of which bears N. 11° 29' 03" W.) 250 feet to Station 51+71.41.

The parcel of land to which this description applies contains 50 acres, more or less.

EXHIBIT "B-1" (Cont)

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes.

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be a sum of $4500.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission, be and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et Seq.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 1 be entered in the minutes and records of the Commission as of the 1st day of March, 1956.

EXHIBIT "B-2"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in the Town of Lakeview, near the Prineville-Lakeview Highway, Lake County, Oregon, described as follows:

Lots 10 and 11, Walters 2nd Addition to Lakeview, Lake County, Oregon

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes;

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $4844.28, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Secretary of the Commission, be and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060, et seq.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 2 be entered in the minutes and records of the Commission as of the 1st day of March, 1956.

EXHIBIT "B-3"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, the STATE OF OREGON, by and through its State Highway Commission, is the owner of the parcel of land in Orr Corner-Monmouth Section of the Pacific Highway West described as follows:

A parcel of land lying in the John B. Smith D. L. C. No. 47, also in Sections 19 and 30, Township 8 South, Range 4West, W. M., Polk County, Oregon, and being a portion of that tract of land described in that certain deed to the State of Oregon, by and through its State Highway Commission, recorded in Book 151, page 43 of Polk County Records of Deeds; the said parcel being that portion of said property lying Easterly of a line which is parallel to and 100 feet Easterly of the center line of the relocated Pacific Highway West and being more particularly described as follows:

Beginning at the Southeast corner of said property, said point being 16.63 chains West and 69.7 chains South of the Northeast corner of said Smith D. L. C.; thence North along the East line of said State tract 1091.7 feet to the most Easterly Northeast corner of said property; thence West along a North line of said property 275 feet, more or less, to a line which is parallel to and 100 feet Easterly of the relocated center line of said Pacific Highway West; thence South 0° 25' West parallel to said center line 1100 feet, more or less, to the South line of said State tract; thence East along said South line 275 feet, more or less, to the point of beginning.

The parcel of land to which this description applies contains 6.9 acres

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes.

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be a sum of $3000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission, be and he hereby is authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et Seq.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 3 be entered in the minutes and records of the Commission as of the 1st day of March, 1956.

March 1, 1956

EXHIBIT "B-4"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in Willamette River-Gervais Road Section of the Portland-Salem Expressway described as follows:

A parcel of land lying in the Wm. Darst D. L. C. #60, also lying in Section 12, Township 5 South, Range 2 West, W. M., Marion County, Oregon, and being a portion of that property described in that deed to Roy and Myra B. Stampley, recorded in Book 340, Page 306, of Marion County Records of Deeds; the said parcel being that portion of said property lying easterly of a line which is parallel to and 100 feet easterly of the centerline of the Portland-Salem Expressway as said highway has been relocated, which centerline is described as follows:

Beginning at Engineer's centerline Station 1125+00, said Station being 3654.63 feet North and 3766.08 feet East of the Southwest corner of said Wm. Darst D. L. C. #60; thence South 37° 28' West 3500 feet to Engineer's Centerline Station 1160+00, said Centerline crossing the northerly and southerly lines of said property approximately at Engineer's Centerline Stations 1138+03 and 1154+77, respectively.

Bearings used herein are based upon the Oregon Co-ordinate System, North Zone.

The parcel of land to which this description applies contains 14.17 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes.

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $2125.50, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission, be and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et Seq.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 4 be entered in the minutes and records of the Commission as of the 1st day of March, 1956.

EXHIBIT "B-5"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission is the owner of the parcel of land in Washington County on the Tualatin Valley Highway described as follows:

The Northerly 177 feet of the real property described in Volume 371, Page 119, Deed Records for Washington County, Oregon, described as follows:

A parcel of land lying in Lot 19, Kinnesswood Acreage, situated in Section 11, Township 1 South, Range 2 West, W. M., Washington County, Oregon, and being that tract of land described in that certain deed to Christian Torberson and Beulah H. Torberson, recorded in Book 351, Page 143 of Washington County Records of Deeds; the said parcel being described as follows:

Beginning at a point on the South line of said Lot 19 which point is North 81° 37' West 20 feet from the Southeast corner of said Lot; thence North 81° 37' West 141 feet along the South line; thence North 277.8 feet parallel with the East line to the North line of said Lot 19; thence South 81° 37' East 141 feet along said North line; thence South 277.8 feet to the point of beginning, EXCEPT any portion thereof lying within roads and highways.

Subject to dedicated Morrison Street upon the Southerly 50 feet thereof.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes.

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum $800.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that Chief Counsel of the Commission, be and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 et seq.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 5 be entered in the minutes and records of the Commission as of the 1st day of March, 1956.

March 1, 1956

EXHIBIT "C"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, it is the desire of this Commission to give official recognition to outstanding and meritorious service on the part of any individual who has contributed to the acquisition, preservation, or development, for the use and enjoyment of the public, of state parks or scenic places; and

WHEREAS, Oswald West, in his capacity as Governor of the State of Oregon from 1911 to 1915, provided the necessary impetus and leadership which resulted in the enactment by the legislature of a law declaring the Oregon shore of the Pacific Ocean not previously disposed of by the State to be a public highway forever open as such to the public; and

WHEREAS, the benefits of this foresighted and statesmanlike legislation have, through the years, inured greatly to the benefit of the citizens of this state, and to visitors from the various other states as well, by making the beauty and grandeur of the Oregon shore and beaches available for the enjoyment of all the public; and

WHEREAS, it is deemed reasonable and proper that a state park adjacent to the ocean shore be named after Oswald West, thereby commemorating his great service to the people of the State of Oregon and expressing a small measure of their appreciation; and

WHEREAS, the area located in Clatsop and Tillamook Counties and heretofore known as Short Sands Beach State Park is, through its location on the Oregon coast and its particular scenic beauty, a fitting and appropriate park to bear the name of this public benefactor;

NOW, THEREFORE, BE IT RESOLVED by this Commission as follows:

1. That the official name and designation of that state park located in Clatsop and Tillamook counties and heretofore known and designated as "Short Sands Beach State Park" be, and the same hereby is, changed to "Oswald West State Park."

2. That this change in name and designation be made on all appropriate signs and markers in or about the Oswald West State Park and on all future maps or other materials prepared by the State Parks Division or the State Highway Department indicating, illustrating or referring to said park.

3. That Miscellaneous Resolution No. 125, recorded in the minutes and records of this Commission as of the 19th day of January, 1955,

is hereby amended by changing the designation of Exhibit 47 therein to "Oswald West State Park."

4. That this resolution be entered in the minutes and records of this Commission this 1st day of March, 1956, as State Parks Resolution No. 6, and that a certified copy hereof be mailed by the Secretary to Oswald West at his home at 636 N. W. 20th Avenue in Portland, Oregon.

EXHIBIT "D"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, heretofore by deed executed August 5, 1948 and recorded August 27, 1948, in Book 304, pages 98-9 of the deed records of Jackson County, acquired from Burdette L. Dodge, Jr. and Sibyl F. Dodge, husband and wife, a parcel of land containing 11.59 acres in Lots 7 and 8 of Section 20, Township 35 South, Range 1 West, W.M., and by the same instrument secured an easement or right of way for a hauling road containing 3.81 acres situate in the SE$\frac{1}{4}$ of the SE$\frac{1}{4}$ of Section 18, the NE$\frac{1}{4}$ of the NE$\frac{1}{4}$ of Section 19, the W$\frac{1}{2}$ of the NW$\frac{1}{4}$ and Lot 8 of Section 20, Township 35 South, Range 1 West, W.M., all in Jackson County, Oregon, and

WHEREAS, the said deed contained a clause reading as follows:

"Provided that in the event the grantee, at any future time, finds that said property is not required for securing gravel for road purposes and for said hauling road then the same shall be abandoned and revert to the grantors, their heirs or assigns.", and

WHEREAS, the said parcel of land and the said hauling road easement have not been required and have not been used for the taking, production or transportation of materials for highway construction, maintenance or other highway uses subsequent to August 31, 1953, and the said parcel of land and hauling road easement have been abandoned in fact for the securing of gravel for road purposes and for a hauling road since the said date, and

WHEREAS, it is desirable to clear the records of this Commission and to clear the recorded deed records for the benefit of the original grantors,

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Highway Commission:

1. That the said parcel of land and hauling road easement are not needed or required and are now and have been abandoned for securing gravel for road purposes and for a hauling road at all times subsequent to August 31, 1953, and

2. That this Commission execute and deliver to Burdette L. Dodge, Jr. and Sibyl F. Dodge, husband and wife, a proper quitclaim deed conveying the said parcel of land and haul road easement to the said Burdette L. Dodge, Jr. and Sibyl F. Dodge, husband and wife.

3. That this resolution be entered in the minutes and records of the Commission as of the 1st day of March, 1956 as Miscellaneous Resolution No. 184.

March 1, 1956

EXHIBIT "E"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, it is the declared policy of this State that in order to provide for the safe and efficient use, and the orderly appearance of the public highways in the State, it is necessary and is in the public interest to regulate the erection and maintenance of advertising structures and signs within view of the public highways, and

WHEREAS, it is the desire and purpose of this Commission to conform to the fullest extent with the declared policy of the legislature.

NOW, THEREFORE, BE AND IT HEREBY IS RESOLVED BY THIS HIGHWAY COMMISSION,

1. In all deeds conveying to any person, firm, or private corporation properties which abut upon the rights of way of any state highway the Chief Counsel, be and he hereby is instructed to include therein a clause reading substantially as follows:

"This conveyance is made, executed and delivered upon the express condition that the above described land shall never be used for the placing, maintenance or display of any advertising sign, bill or poster, within view of the _____ Highway, except such thereof as may advertise the use to which the property herein conveyed is devoted, or for the sale or lease of said property or any portion thereof. In the event of violation of this condition the grantor herein shall have the right through its authorized officers, agents or employees to enter upon the said property and to remove, destroy or obliterate any offending sign, bill or poster, without liability for damage or injury thereto, and to recover the costs thereof from the owner of the property. The rights herein reserved shall not be exclusive and shall not be in derogation of any other right or remedy which the grantor may have. The restrictions, rights and conditions herein contained shall run with the land and shall forever bind the grantees, their heirs, successors and assigns."

2. That this Resolution be entered in the minutes and records of the Commission as of the 1st day of March, 1956 as Miscellaneous Resolution No. 190.

March 1, 1956

EXHIBIT "F"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, pursuant to the provisions of ORS 366.810, there have been by the Oregon State Highway Commission apportioned to the cities and/or towns hereinafter named for disbursement for street purposes as provided in said law, the amounts set opposite the names of the respective cities or towns:

From funds accrued during first half of 1954:

Jordan Valley.....	$ 672.01

From funds accrued during second half of 1954:

Cave Junction.....	$1,048.09
Island City.....	485.36
Jordan Valley.....	830.03
Richland.....	773.75

From funds accrued during first half of 1955:

Boardman.....	$ 362.18

AND, WHEREAS, each of said cities and towns has, by appropriate action evidenced by resolution or other official instrument, certified copies of which have been filed with the State Highway Commission, conformed to and complied with the requirements of said law so as to qualify each for the benefits thereof;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED as follows:

1. That the type, plan and character of improvement proposed in the resolutions filed with the State Highway Commission by the above named respective cities and/or towns hereby are approved.

2. That the action taken respectively by said cities and/or towns as evidenced by appropriate resolutions by them respectively adopted and thereafter filed with the State Highway Commission, shall be and is deemed an appropriate and proper conformance with the requirements of said law by said cities and/or towns individually so as to qualify each to receive and use the funds to them apportioned.

3. That upon entry of this resolution in the minutes and records of

the Commission, the Secretary shall thereafter mail to the proper officer in each of said cities and/or towns a duly certified copy of the resolution or resolutions adopted by the city, together with a copy of the resolution approving the plans submitted by the city.

4. This resolution shall be entered in the minutes and records of the Oregon State Highway Commission as of the 1st day of March, 1956.

EXHIBIT "G"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, the Engineer has reported that the following State Highway Commission contracts for the construction of State Highway projects have been completed according to the terms and provisions of said contracts and that said jobs are now ready for acceptance:

"Contract No. 3805 with Funderburk Construction Co. and Stoen Construction Co. for grading and paving on the Depoe Bay-Miner Creek Unit, Siletz Bay-Miner Creek Section of the Oregon Coast Highway in Lincoln County, completed October 10, 1955.

"Contract No. 4019 with Porter W. Yett for paving on the Anlauf-Rice Hill Unit, Divide-Rice Hill Section of the Pacific Highway in Douglas County, completed October 13, 1955.

"Contract No. 4036 with Rogers Construction Co. for grading on the Glenwood-North Plains Section of the Wilson River Highway in Washington County, completed January 31, 1956.

"Contract No. 4153 with D & H Construction Co. and M. H. Hasler Construction Co. for grading on the Shady-Booth Ranch Unit, Shady-Canyonville Section of the Pacific Highway in Douglas County, completed November 30, 1955.

"Contract No. 4179 with Kissell and Robinson for fencing on the Goshen-Divide Section of the Pacific Highway in Lane County, completed December 31, 1955.

"Contract No. 4195 with Fred Rouse and Henry H. Miller for grading and oil mat surfacing on the Burns Corner-Lewisville Section of the Burns Corner-Suver County Road in Polk County, completed September 13, 1955.

"Contract No. 4238 with Wold Bros. for constructing a guardrail on the Rocky Point-Greggs Creek Section of the Oregon Coast Highway in Curry County, completed February 1, 1956.

"Contract No. 4273 with Whittenburg Construction Co. and Q. L. Rufener for construction of a bridge, grading and paving on the Beals Corner-Dougherty Corner Section of the Woodworth County Road in Hood River County, completed September 30, 1955.

"Contract No. 4282 with H. C. Platt for construction of a maintenance building at Lakeview in Lake County, completed December 31, 1955.

"Contract No. 4303 with Wold Bros. for fencing on the Greggs Creek-Wedderburn Section of the Oregon Coast Highway in Curry County, completed February 1, 1956.

EXHIBIT "G" (Cont)

"Contract No. 4317 with Coastal Equipment and Repair Co. for the expansion of Humbug State Park facilities in Curry County, completed June 27, 1955.

"Contract No. 4331 with Lord Bros., Contractors for grading and construction of a structure on the 42nd Avenue Ramp Section of the T. H. Banfield Expressway in Multnomah County, completed December 15, 1955.

"Contract No. 4336 with Tom Lillebo for construction of Frankport viaduct and Euchre Creek Bridge on the Frankport-Greggs Creek Unit, Brush Creek-Greggs Creek Section of the Oregon Coast Highway in Curry County, completed January 14, 1956.

"Contract No. 4337 with A. H. Saxton & Son for construction of Boomer Hill Road Overcrossing on the Pacific Highway in Douglas County, completed January 19, 1956.

"Contract No. 4380 with Johnson and Amens for construction of the Gales Creek Bridges on the Wilson River Highway in Washington County, completed January 24, 1956.

"Contract No. 4450 with Logan, Taylor and Co. for grading and paving on the Flavel Street-Clackamas Overcrossing Section of the Cascade Highway in Clackamas and Multnomah Counties, completed November 10, 1955.

"Contract No. 4490 with Birkemeier Construction Co. for construction of the North Yamhill River Bridge on the Moores Valley County Road in Yamhill County, completed December 31, 1955.

THEREFORE BE IT RESOLVED that the work covered by State Highway Contracts for the construction of said State Highway projects be declared completed according to the terms of the respective contracts and said jobs are hereby accepted and final payment in connection with each is hereby authorized.

BE IT FURTHER RESOLVED that this Contracts Completed Resolution No. 50 shall be entered in the minutes and records of the Commission as of the 1st day of March, 1956.

EXHIBIT "H-1"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: WILLAMINA-SALEM HIGHWAY

Highway number No. 30 Route number ORE 22

Location of Termini			Established Speed
M.P. 24.53 (0.12 mile west of Cascade Drive)	to	M.P. 24.72 (west city limits of Salem)	30 MPH

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said highway.

EXHIBIT "H-1" (Cont)

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Limit Resolution No. 222 be entered in the minutes and records of the Commission as of the 1st day of March, 1956.

EXHIBIT "H-2"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: PACIFIC HIGHWAY WEST

Highway number 1W Route number US99W

Location of Termini		Established Speed
M. P. 6.45 (approximately 0.2 mile west of Capitol Highway intersection)	to M. P. 7.65 (Multnomah-Washington County line)	45 MPH

EXHIBIT "H-2" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways, particularly as pertains to Speed Limit Resolution No. 85, adopted by the State Highway Commission on May 26, 1952, which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Limit Resolution No. 223 be entered in the minutes and records of the Commission as of the 1st day of March, 1956.

EXHIBIT "H-3"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: MEDFORD-PROVOLT HIGHWAY

Highway number 272 Route number 238

M.P. 22.00 (0.13 miles west of Arnold Lane)	to M.P. 24.15 (west city limits of Medford)	40 MPH

EXCEPT THAT BETWEEN

M.P. 23.24 (200 feet west of Renault Avenue) and M.P. 23.37 (300 feet east of Oak Grove Road) and between M.P. 23.71 (200 feet west of Clover Lane) and M.P. 23.87 (400 feet east of Ross Lane) the indicated speed shall be 20 miles per hour during the hours of school crossings as per the provisions of Subsection 1.a, or ORS 483.104.

EXHIBIT "H-3" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways, particularly as pertains to Speed Limit Resolution No. 54, adopted by the State Highway Commission on December 19, 1950, which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Limit Resolution No. 224 be entered in the minutes and records of the Commission as of the 1st day of March, 1956.

EXHIBIT "I-1"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock-pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous or undesirable points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to construct, reconstruct, improve and maintain the Columbia River Highway; and

WHEREAS the Highway Commission has by a resolution ordered and declared that said highway shall be relocated, constructed, reconstructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the "Throughway Law"; and

WHEREAS, for the purpose of relocating, constructing, reconstructing, improving, and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real property hereinafter described is necessary and that access to and

from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The State Highway Commission does hereby find and declare that there is needed and required for right of way purposes for the construction, reconstruction, improvement, and maintenance of the Columbia River Highway as a throughway, including its use for the construction, reconstruction, improvement, and maintenance of frontage roads and a traffic interchange, which traffic interchange, with a connecting road to be constructed by the State Highway Commission, will connect the said Columbia River Highway and the Crown Point Secondary Highway, the following described real property, to wit:

Parcel No. 1

A parcel of land lying in Lot 1 of Section 25, Township 1 North, Range 3 East, W. M., Multnomah County, Oregon, the said parcel being described as follows:

Beginning at the Southwest corner of that tract conveyed to Paul Martin and Verla Martin by deed recorded in Book 1523, Page 418, of Multnomah County Deed Records, said corner being 686 feet West and 191.52 feet North 0° 07' East from the Southeast corner of said Lot 1; thence North 84° 17' West parallel to and 200 feet northerly from the relocated center line of the Columbia River Highway, 228.9 feet to a point opposite Station 521+50 on said relocated highway center line; thence North 62° 01' 36" East 180.28 feet to a point opposite and 300 feet northerly of Station 523+00 on said center line; thence North 87° 35' 12" East 65.4 feet to the West line of said Martin tract; thence South along said West line 110 feet to the point of beginning.

The parcel of land to which this description applies contains 0.22 acre.

Parcel No. 2

A parcel of land lying in the Northeast quarter (NE¼) of the Northeast quarter (NE¼) of Section 25, Township 1 North, Range 3 East, W. M., Multnomah County, Oregon, the said parcel being described as follows:

Beginning at the Southwest corner of said Northeast quarter (NE¼) of the Northeast quarter (NE¼); thence North 40° 40' East 153.5 feet; thence North 3.72 feet to the Southeast corner of that tract conveyed to Paul Martin and Verla Martin by deed recorded in Book 1523, Page 418, of Multnomah County Deed Records, said corner being the true point of beginning of the parcel herein described; thence South 84° 17' East parallel to and 200 feet northerly

EXHIBIT "I-1" (Cont)

from the relocated center line of the Columbia River Highway 535.1 feet to a point opposite Station 537+00 on said relocated highway center line; thence North 62° 28' 55" West 538.52 feet to a point opposite and 400 feet northerly from Engineer's centerline Station 532+00; thence North 84° 17' West parallel to and 400 feet northerly from said relocated highway center line 55.1 feet to the East line of said Martin tract; thence South along said East line 201 feet to the point of beginning.

The parcel of land to which this description applies contains 1.4 acres.

That it is necessary that there shall be no rights of access of any nature between the right of way of the Columbia River Highway and all real property of the owners easterly of the Sandy River in Section 25, Township 1 North, Range 3 East, Willamette Meridian, and Sections 29 and 30, Township 1 North, Range 4 East, Willamette Meridian, Multnomah County, Oregon, abutting on the said Columbia River Highway remaining after the appropriation of the above-described real property; provided, however, that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, the following:

Rights of access to a frontage road and a connecting leg of an interchange to be constructed by the State Highway Commission upon the right of way of the Columbia River Highway on the northerly side of the main-traveled way thereof from a point opposite Highway Engineer's centerline Station 576+15 westerly to the existing underpass at approximately Highway Engineer's centerline Station 521+00 and which said frontage road and interchange connecting leg shall be connected to the main-traveled way approximately opposite Highway Engineer's centerline Station 530+00 for traffic to travel westbound upon the highway.

Rights of access between Highway Engineer's centerline Station 533+40 and 529+60 to a frontage road and connecting leg of an interchange to be constructed by the State Highway Commission upon the right of way of the Columbia River Highway on the southerly side of the main-traveled way thereof from a point opposite Highway Engineer's centerline Station 533+40 westerly to the existing underpass at approximately Highway Engineer's centerline Station 521+00 and which said frontage road and interchange connecting leg shall be connected to the main-traveled way approximately opposite Highway Engineer's centerline Station 530+00 for traffic to travel eastbound upon the highway.

EXHIBIT "I-1" (Cont)

3. That the construction, reconstruction, improvement and maintenance of the Columbia River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 2nd day of March, 1956, as Condemnation Resolution No. 597.

---

2 [illegible]1

EXHIBIT "I-2"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, a stipulation dated the 20th day of November, 1950, was entered into between the parties in that certain condemnation case wherein the State of Oregon, by and through its State Highway Commission, was plaintiff and Paul Martin and Verla Martin, husband and wife, et al, were defendants, said case being Case No. 165-758 in the Circuit Court of the State of Oregon for the County of Multnomah; and

WHEREAS, pursuant to said stipulation, Paul Martin and Verla Martin (hereinafter referred to as "the permittees") were subsequently given a permit or license to use and fence all that state-owned land lying North of a line 100 feet northerly of and parallel to the center line of the relocated Columbia River Highway between the northerly prolongation of State Highway Engineer's Station 519+20 on the west and the northerly prolongation of State Highway Engineer's Station 651+60 on the east, which permit or license provides that when and if the State of Oregon, by and through its State Highway Commission, shall require any part of said real property for widening the relocated Columbia River Highway or for other roadway purposes, the State may, after 90 days written notice to the permittees of its intention to do so, terminate the permittee's permit or license to use and fence said required part; and

WHEREAS, pursuant to said stipulation, the permittees were given a permit or license to go upon certain parts of the Columbia River Highway right of way for the purpose of removing noxious weeds and brush, placing top soil, and planting seed grass, which permit or license provides that when and if the State decides to improve the relocated Columbia River Highway it may, after 90 days written notice to permittees of its intention to do so, terminate said permit or license; and

WHEREAS, pursuant to said stipulation, the permittees were subsequently given a permit or license to construct and maintain a fence across the exiting roadway which extends in a general northerly and southerly direction in the vicinity of the westerly boundary of Parcel No. 1 described in said stipulation (said fence to extend in an easterly and westerly direction in close proximity to the boundary line between the said Parcel No. 1 and the O. W. R. & N. Co. right of way), which permit or license provides that when and if the State of Oregon, by and through its State Highway Commission, shall officially decide to construct a connecting road between the relocated Columbia River Highway and the Crown Point Secondary Highway on state-owned land covered by, or adjacent to that covered by, said permit or license, the permittees shall remove said fence within 90 days after written notice of such decision; and

EXHIBIT "I-2" (Cont)

WHEREAS, each of the three above-referred-to permits or licenses requires that notice of termination be preceded by a resolution by the Oregon State Highway Commission calling for the termination of the particular permit or license; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the State Highway Commission plans and purposes to construct, reconstruct, improve and maintain the Columbia River Highway in the area affected by said stipulation and permits and to construct, improve and maintain frontage roads and a traffic interchange thereon and a connecting road between the said Columbia River Highway and the Crown Point Secondary Highway;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That for the purpose of constructing, reconstructing, improving and maintaining the Columbia River Highway, including frontage roads, a traffic interchange, and a connecting road between said highway and the Crown Point Secondary Highway, it is necessary that the above-referred-to permits or licenses to use and fence certain state-owned property northerly of the Columbia River Highway and to go upon the right of way of said highway to remove noxious weeds, place top soil and plant seed grass be, and the same hereby are, terminated between State Highway Engineer's Centerline Stations 519+20 and 577+00 on the north side of the Columbia River Highway and between State Highway Engineer's Centerline Stations 519+20 and 534+00 on the south side of said highway, effective July 16, 1956.

2. That for the purpose of constructing, reconstructing, improving and maintaining the Columbia River Highway, including frontage roads, a traffic interchange, and a connecting road between said highway and the Crown Point Secondary Highway, the official decision to do which work having been made, it is necessary that the permission granted the permittees in the above-referred-to permit to construct a fence across the existing roadway at the northerly boundary line of the O. W. R. & N. Co. right of way be, and the same hereby is, terminated effective July 16, 1956.

3. That, except as modified or terminated by the terms and provisions of this resolution and the notice to permittees to be given pursuant hereto, the three above-referred-to permits shall remain in full force and effect.

4. That the Chief Counsel is hereby directed to notify the permittees of this resolution by registered mail.

5. That this resolution be entered in full in the minutes and records of this Commission this 2nd day of March, 1956, as Miscellaneous Resolution No. 187.

EXHIBIT "I-3"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, pursuant to an agreement and without consideration, the State of Oregon, by and through its State Highway Commission, conveyed to Paul Martin and Verla Martin, husband and wife, twenty-one (21) acres of land adjacent to the Columbia River Highway in Government Lot 1 and in the Northeast quarter (NE¼) of the Northeast quarter (NE¼) of Section 25, Township 1 North, Range 3 West, Willamette Meridian, Multnomah County, Oregon, by deed duly accepted by the grantees and recorded in Book 1523, page 418, of the Deed Records of Multnomah County, Oregon, wherein said land is more particularly described, said conveyance being subject to the condition that:

> "title in fee simple to all or any part of said real property shall revest in the State of Oregon, by and through its State Highway Commission, at any future time that the State Highway Commission, by resolution entered in its official minutes, declares that all or any part of said property is required or necessary for right of way for construction of a clover leaf, interchange, connecting road or other roadway in connection with an improvement of the relocated Columbia River Highway and connections and approaches thereto. The resolution of the Highway Commission shall be conclusive as to the necessity for public use of all the property described in said resolution,."

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the State Highway Commission plans and proposes to construct, reconstruct, improve and maintain the Columbia River Highway, including frontage roads, a traffic interchange, and a connecting road between the Columbia River Highway and the Crown Point Secondary Highway;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The State Highway Commission does hereby find and declare that for its present plans there is needed and required for right of way purposes for the construction, reconstruction, improvement, and maintenance of the Columbia River Highway and for the construction, reconstruction, improvement and maintenance of frontage roads and a traffic interchange on said highway, (which traffic interchange, with a connecting road to be constructed by the State Highway Commission, will connect the Columbia River Highway and the Crown Point Secondary

EXHIBIT "I-3" (Cont)

Highway), the following described real property, to wit:

Parcel No. 3

A parcel of land lying in Lot 1 and the Northeast quarter (NE¼) of the Northeast quarter (NE¼) of Section 25, Township 1 North, Range 3 East, W. M., Multnomah County, Oregon, and being a portion of that tract of land described in that certain deed to Paul Martin and Verla Martin, recorded in Book 1523, page 418, of Multnomah County Records of Deeds, the said parcel being described as follows:

Beginning at the Southeast corner of said property; said corner being North 40° 40' East 153.5 feet and North 3.72 feet from the Southeast corner of said Government Lot 1; said point also being 200 feet northerly from (when measured at right angles to) the relocated centerline of the Columbia River Highway; thence North along the East line of said property 201 feet to a line which is parallel to and 400 feet northerly from said relocated highway center line; thence North 84° 17' West parallel to said center line 144.9 feet to a point opposite Engineer's centerline Station 530+00; thence South 87° 35' 12" West 641.7 feet to the West line of said property; thence South along said West line 110 feet to the Southwest corner; thence South 84° 17' East along said South line 790 feet, more or less, to the point of beginning.

The parcel of land to which this description applies contains 2.9 acres.

2. The State Highway Commission does further find and declare that fee simple title to that portion of the real property conveyed by the State of Oregon, by and through its State Highway Commission, to the said Paul Martin and Verla Martin, husband and wife, by the said deed recorded in Book 1523, page 418, of the Deed Records of Multnomah County, Oregon, and described above is hereby revested in the State of Oregon, by and through its State Highway Commission.

3. It is directed that a certified copy of this resolution be transmitted to the said Paul Martin and Verla Martin, husband and wife, or their successors in interest.

4. It is further directed that the State Highway Engineer, or such person as he authorizes, re-enter and take peaceable possession of the hereinabove described parcel of land in the name of and on behalf of the State of Oregon, by and through its State Highway Commission.

5. That this resolution be entered in full in the minutes and records of the Commission this 2nd day of March, 1956, as Miscellaneous Resolution No. 188.

EXHIBIT "J"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, the State Highway Commission operates a number of radio transmitting stations and various mobile transmitters throughout the State of Oregon; and

WHEREAS, the laws of the United States require that application be made to the Federal Communications Commission sixty (60) days before there is granted a permit to operate a new station or make any modification on any established radio transmitting unit, or to renew an existing permit; and

WHEREAS, it is cumbersome, time-consuming, and inefficient for the highway commission to sign and execute each one of these numerous applications; and

WHEREAS, it is deemed necessary and in the public interest that the highway commission be relieved of the above-mentioned burdensome admisterial duties, and that the same be delegated to responsible employees of the State Highway Department, as hereinafter set forth;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. That R. H. Baldock, Highway Engineer, W. C. Williams, Deputy Highway Engineer, G. S. Paxson, Assistant Highway Engineer, and W. W. Stiffler, Assistant Highway Engineer, all four of whom are employees of the State Highway Department, are delegated and authorized to sign and execute for and on behalf of the State Highway Commission the applications submitted to the Federal Communications Commission, Washington, D. C., for renewal of existing radio station licenses or for any change made at licensed stations or for any new stations put in operation.

2. This Miscellaneous Resolution No. 186 be entered in the minutes of the Oregon State Highway Commission as of the 1st day of March, 1956.

March 1, 1956

EXHIBIT "K"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, the Ford Motor Company has recently published, in magazine form, a book entitled Freedom of the American Road; and

WHEREAS, the purpose of said publication is to acquaint the general public with the past accomplishments of various highway officials and private citizens in working out solutions to American highway needs, thereby suggesting methods and techniques that might be utilized by other private citizens in coping with the highway problem in their communities; and

WHEREAS, said publication contains an article by John and Ward Hawkins, entitled "The Man Behind The Plans", which recognized and commends the engineering achievements and professional industry and foresight of the Oregon State Highway Engineer, R. H. Baldock; and

WHEREAS, this Commission desires to take official action expressing its appreciation and thanks for the recognition and honor thus bestowed upon Mr. Baldock;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That this Commission approves the purpose and content of the article "The Man Behind the Plans" appearing in the Ford Motor Company publication Freedom of the American Road and appreciates the recognition and honor therein accorded Oregon State Highway Engineer R. H. Baldock.

2. That a copy of this resolution be mailed to the President of the Ford Motor Company and to John Hawkins and Ward Hawkins.

3. That this resolution be entered in the minutes and records of this Commission this 2nd day of March, 1956, as Miscellaneous Resolution No. 189.

March 2, 1956

EXHIBIT "L-1"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock-pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Ukiah-West Forest Boundary Section of the Ukiah-Hilgard Secondary Highway; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Ukiah-West Forest Boundary Section of the Ukiah-Hilgard Secondary Highway, fee simple title to certain parcels of real property. The said parcels of real property needed and required, or which in the best interests of the State and the owners should be acquired, and the specific use to be made thereof, are more particularly described in the attached list, marked Exhibit "A", under the Commission's respective file number and the name of the record owner or reputed owner; and said Exhibit "A" is by this reference adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "L-1" (cont.)

2. That the relocation, construction, improvement and maintenance of the said Ukiah-West Forest Boundary Section of the Ukiah-Hilgard Secondary Highway and the highway facilities for which each of the said parcels of property is required and being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons having an interest in said parcels of real property as to the compensation to be paid for the taking; and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, the Chief Counsel or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 1st day of March, 1956, as Condemnation Resolution No. 584.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the respective parcels of real property mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 584, under the heading "Real Property Condemnation Resolutions" and said descriptions by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-2"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock-pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Tillamook-Donaldson Creek Section of the Wilson River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the "Throughway Law"; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement, and maintenance of any throughway or section thereof, or for a service road, may, in its

discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving, and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The State Highway Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Tillamook-Donaldson Creek Section of the Wilson River Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said relocated Wilson River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel or parcels on the attached list marked Exhibit "A". *

3. That the relocation, construction, improvement and maintenance of the said Tillamook-Donaldson Creek Section of the Wilson River Highway and the highway facilities for which each of the said parcels of property or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said

EXHIBIT "L-2" (Cont)

parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 1st day of March, 1956, as Condemnation Resolution No. 585.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the respective parcels of real property mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 585, under the heading "Real Property Condemnation Resolutions" and said descriptions by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-3"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites, stockpile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part and relocate in part, construct, improve, and maintain the Cornelius-Hillsboro Unit of the Forest Grove-Hillsboro Section of the Tualatin Valley Highway; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving, and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required for the construction, improvement, betterment, and maintenance of highways of the state highway system and the widening in part, relocating in part, construction, improvement and maintenance of the said Cornelius-Hillsboro Unit of the Forest Grove-Hillsboro Section of the Tualatin Valley Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in

the attached list, marked Exhibit A, under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit A is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said Tualatin Valley Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; provided, however, that there shall be reserved unto the respective owners, their heirs and assigns, for service of the said remaining land, such access reservations as are noted as to each parcel or parcels on the said attached list marked Exhibit A. *

3. That the widening in part, relocating in part, construction, improvement and maintenance of the said Cornelius-Hillsboro Unit of the Forest Grove-Hillsboro Section of the Tualatin Valley Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement, or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 1st day of March, 1956, as Condemnation Resolution No. 586.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the respective parcels of real property mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 586, under the heading "Real Property Condemnation Resolutions" and said descriptions by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-4"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Salem By-Pass-Jefferson Junction Section of the Pacific Highway East; and,

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the "Throughway Law"; and,

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is

EXHIBIT "L-4" (Cont)

necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and,

WHEREAS, for the purpose of widening, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, the public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Salem By-Pass-Jefferson Junction Section of the Pacific Highway East as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said Pacific Highway East and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel or parcels on the attached list marked Exhibit "A". *

3. That the widening, improvement and maintenance of the said Salem By-Pass-Jefferson Junction Section of the Pacific Highway East and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said

parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 1st day of March, 1956, as Condemnation Resolution No. 587.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the respective parcels of real property mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 587, under the heading "Real Property Condemnation Resolutions" and said descriptions by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-5"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Davis Creek-Bethel Creek Section of the Oregon Coast Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the "Throughway Law"; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement, and maintenance of any throughway or section thereof, or for a service road, may, in its

discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving, and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The State Highway Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Davis Creek-Bethel Creek Section of the Oregon Coast Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said relocated Oregon Coast Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel or parcels on the attached list marked Exhibit "A". *

3. That the relocation, construction, improvement and maintenance of the said Davis Creek-Bethel Creek Section of the Oregon Coast Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said

parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 1st day of March, 1956, as Condemnation Resolution No. 588.

---

*FOOTNOTE:

EXHIBIT "L-6"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stockpile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Rinehart Creek-Frankport Section of the Oregon Coast Highway; and

WHEREAS the Highway Commission has by a resolution ordered and declared that said section of said highway shall be widened, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the "Throughway Law"; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real property hereinafter described

is necessary and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The State Highway Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment, and maintenance of highways of the state highway system and the widening, improvement and maintenance of the said Rinehart Creek-Frankport Section of the Oregon Coast Highway as a throughway, certain interests in or fee simple title to a certain parcel of real property. The said parcel of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owner should be acquired, is more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said Oregon Coast Highway and all of the contiguous real property of the owner remaining after the appropriation of the said real property; except that there shall be reserved unto the owner, his heirs and assigns, for service of his remaining land, such access reservations as are noted as to the parcel on the attached list marked Exhibit "A".*

3. That the widening, improvement and maintenance of the said Rinehart Creek-Frankport Section of the Oregon Coast Highway and the highway facilities for which the said parcel of property, or interest therein, is required and is being taken is necessary in the public interest and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owner and other persons in interest of the said parcel of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to the said parcel of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel or, in his absence, any Assistant Attorney for the State Highway Commission,

is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 1st day of March, 1956, as Condemnation Resolution No. 589.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the respective parcels of real property mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 589, under the heading "Real Property Condemnation Resolutions" and said descriptions by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-7"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right of access, deemed by the Highway Commission necessary for highway purposes, to wit: Rights of way, either for the original location or the widening, straightening or otherwise changing of any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; the elimination or prevention of hazardous points of entry from adjacent property to state highways; or the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, construct, improve and maintain the Pacific Highway; and

WHEREAS, for the purpose of widening, constructing, improving and maintaining the said highway, it is the judgment of the Commission that the real properties hereinafter described are necessary and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, construction, improvement and maintenance of the said Pacific Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, or which in the best interests of the State and the owners should be acquired, and the specific use to be made thereof, are more particularly described in the attached list marked Exhibit "A", under the name of the record owner; and the Commission's respective file number and said Exhibit "A" is by this reference adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said Pacific Highway and

all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel or parcels on the attached list marked Exhibit "A".*

3. That the widening, construction, improvement and maintenance of the said Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking; and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 1st day of March, 1956, as Condemnation Resolution No. 590.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the respective parcels of real property mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 590, under the heading "Real Property Condemnation Resolutions" and said descriptions by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "L-8"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: for rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Coos Bay-Roseburg Highway; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real property hereinafter described is necessary and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Coos Bay-Roseburg Highway, certain interests in or fee simple title to a certain parcel of real property. The said parcel of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owner should be acquired, is more particularly described in the attached list, marked Exhibit A, under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit A is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "L-8" (Cont)

2. That it is necessary that there shall be no rights of access of any nature between the said parcel of real property to be acquired and all of the contiguous real property of the owner's remaining after the appropriation of the said real property; provided, however, that there shall be reserved unto the owner, his heirs and assigns, for service of the said remaining land, such access reservation as is noted as to the parcel on the attached list marked Exhibit A.*

3. That the widening, improvement and maintenance of the said Coos Bay-Roseburg Highway and the highway facilities for which the said parcel of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and least private injury or damage.

4. That the Legal and Right of way Department is directed to attempt to agree with the owner and other persons in interest of said parcel of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcel of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 1st day of March, 1956, as Condemnation Resolution No. 598.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the respective parcels of real property mentioned in this resolution are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 598, under the heading "Real Property Condemnation Resolutions" and said descriptions by this reference are made a part of this minute entry to the same extent as if copied in full herein.

26287

EXHIBIT "L-9"

Minutes of March 1 and 2, 1956

RESOLUTION

WHEREAS, the State Highway Commission on the 13th day of April, 1955, by resolution declared the necessity for the acquisition of an easement across certain real property owned by L. Helen Fischer, et al., File No. R-22923, situated in Lot 1, Block 3 of Southgate Village, also lying in the Southeast quarter (SE $\frac{1}{4}$) of Section 32, Township 1 South, Range 2 East, Willamette Meridian, Clackamas County, Oregon, for the proper construction and maintenance of a highway drainage facility, for the proper drainage and maintenance of S. E. Flavel Street-Lake Road Section of the Cascade Secondary Highway; and

WHEREAS, the said resolution declared the necessity for the acquisition of said easement across certain real property listed on page 1, Exhibit "A", of the said Commission resolution of April 13, 1955, being an easement across a strip of land 10 feet in width and 50 feet in length and containing 500 square feet; and

WHEREAS, the said State Highway Commission, after further investigation, has found that it will be to the best interests of the State and the owners to reduce the size of the easement necessary for the proper drainage and maintenance of the said S. E. Flavel Street-Lake Road Section of the Cascade Secondary Highway to a strip of land 10 feet in width and 25 feet in length, containing 250 square feet.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That Exhibit "A", page 1, of that certain resolution duly made and entered in full in the minutes and records of the Commission on the 13th day of April, 1955, pertaining to the description of the real property owned by L. Helen Fischer, et al., File No. R-22923, be, and the same hereby is amended to read as follows:

> A parcel of land lying in Lot 1, Block 3 of Southgate Village, also lying in the Southeast quarter (SE $\frac{1}{4}$) of Section 32, Township 1 South, Range 2 East, W. M., Clackamas County, Oregon, the said parcel being a strip of land 10 feet in width lying adjacent to and westerly of the westerly right of way line of the existing Cascade Highway, said strip of land extending from a line at right angles to the center line of said highway at Station 428+15 to a line at right angles to said center line at Station 428+40, said Station 428+15 being approximately 108 feet northerly of the intersection of said Cascade Highway center line and the center line of Southgate Street.

EXHIBIT "L-9" (Cont

The parcel of land to which this description applies contains 250 square feet.

2. That this resolution be entered in full in the minutes and records of the Commission this 2nd day of March, 1956, as Condemnation Resolution No. 542-A.

Marshall Constr. Co., Hermiston	19,330.00

WASHINGTON COUNTY
CORNELIUS (N. MAIN STREET) PAVING

Warren Northwest, Inc., Portland	$ 11,128.50

April 26, 1956

The Commission approved the Minutes of meeting held on January 26 and 27, 1956.

The State Parks Superintendent, Mr. C. H. Armstrong, reported on the following park matters:

1. Request from Port Orford Chamber of Commerce for installation of restrooms at Battle Rock State Park: The Parks Superintendent recalled that the CCC's had constructed a stone toilet at Battle Rock which had been removed in 1950 when a larger parking space was constructed. It was anticipated at that time that a new latrine would be constructed nearby, and on August 21, 1950, bids were received for construction and were rejected as being too high. The project was readvertised September 28, 1950 and no bids were received. On November 9, 1950, two negotiated bids were presented but were not accepted. He suggested that action be deferred for one year while a study is being made of the use of the restroom and concession building now under construction at Depoe Bay. The Commission accepted the suggestion.

2. Installation of a temporary cross at Bald Peak State Park to be used in connection with Easter Sunrise Services: In checking this matter, the Parks Superintendent reported that contacts had been made with a number of churches, none of whom objected to the installation of the cross, with the exception of the Jewish churches. They objected to the use of state land for such purposes as being a violation of the constitutional provision separating the church and state. The matter was referred to the Chief Counsel who, in turn, referred it to the Attorney General whose findings disclosed that the erection of a portable or temporary cross would not be in violation of constitutional provisions. As numerous requests are received from religious groups to hold Easter Services in state parks, he recommended that any group that requests permission to maintain such a cross in a particular park during Easter services be allowed to do so with the understanding that it shall be a portable or temporary cross and that it will be removed immediately after the services are concluded. The Commission approved his recommendation.

3. Request of Mr. Charles H. Skinner to construct bulldozer trails in property conveyed by him to the State as a part of the Samuel H. Boardman State Park area: The Parks Superintendent reported that in the original transaction executed in 1950, the State agreed to allow Mr. Skinner to graze the land for a period of fifteen years and to construct fire trails and paths on the property, the location and construction of such trails and paths to be subject to approval. Mr. Skinner now wishes to construct bulldozer trails so that a jeep can travel on them. Construction of such trails would be of benefit in case of fire but there is also a strong possibility, he continued, that access rights to the new highway might be established, thereby defeating the purpose of controlled access when the new highway is built. In view of these considerations, he recommended that the request be denied. The Commission denied the request.

4. Request of Mr. Eric Allen, Jr., Managing Editor of the "Medford Mail Tribune", that the State improve and maintain as a state park an area about six miles northeast of Medford in the vicinity of Roxy Ann Peak: This area, the Parks Superintendent commented, consists of about 1,700 acres, and was developed somewhat by the CCC's during the early 1930's. There is a possibility that it might be donated to the State. As there are some aspects of State interest, he suggested that the Commission authorize him to make a thorough study of the area and submit a report. The Commission approved his suggestion.

5. Confirmation of telephone approval for acquisition of 640 acres of land as a part of the Thomas Condon John Day Fossil Beds State Park: Application for this land, the Parks Superintendent stated, was made in 1944 to the U. S. Department of the Interior, Bureau of Land Management. The Bureau has agreed to transfer title to the property for the sum of $768.00, which is 30 per cent of the appraised value of the land. The Bureau also required that the State pay for the advertising of the land in the John Day paper, and, as no objection was raised after advertising, they agreed to issue a patent. The Commission confirmed purchase of the land.

6. Selection of a name for the restroom and concession building at Depoe Bay Park: The Parks Superintendent stated that two names have been suggested to him, one being "Cliff House" and the other "The Observatory". He suggested use of the name "The Observatory". The Commission deferred action on this matter until its next meeting.

7. Request of Mrs. Helen Helm, Executive Director, Girl Scouts of America, Three Rivers Council, for a permit to use an area in the northwest corner of the Jessie M. Honeyman State Park: The Parks Superintendent reported that the area they wish to use adjoins an area they are now using under permit from the U. S. Forest Service. It is not planned to use this area for park development for a number of years and as it does fit in well with the youth program developed by the Girl Scouts, he recommended that a permit be granted allowing them to use it. In reply to an inquiry by Commissioner Reynolds, the Parks Superintendent stated that the land lies on the west side of the Oregon Coast Highway and that the Girl Scouts plan to construct temporary accommodations for about 100 persons. The Commission approved issuance of a permit.

8. Request of Mr. Allen G. Terry, Manager-Engineer for the Port of Coos Bay, for development of a state park on Tenmile Creek, west of Lakeside in Coos County: The Parks Superintendent stated that he has been advised that the land is owned by Coos County which has evidenced a willingness to deed the property to the State of Oregon for park purposes. No study has been made of the area but it appears that considerable use is now being made of it. He suggested that the Commission give him authority to study the location as to its value as a park and as to cost of development. Chairman Chandler commented that considerable use is made of the area by swimmers and fishermen but there was some doubt in his mind as to its value as a state park.

The Commission authorized the Parks Superintendent to make a study of the area.

9. Request of the Oregon State Game Commission for permission to install a boat-launching ramp within the boundaries of Ben Hur Lampman Wayside on the Rogue River near Gold Hill in Jackson County: Construction of such a facility, the Parks Superintendent stated, is contemplated in plans for this wayside and, as the Game Commission wishes to construct the boat ramp at its own expense, he recommended that it be allowed to do so. The Commission accepted his recommendation.

10. Letter from Mr. Hubert O. Jenkins, Sacramento, California, requesting permission to study state parks in Oregon: The Parks Superintendent stated that Mr. Jenkins requests no financial assistance as the work he does is financed by a private foundation, but he does wish some cooperation from State forces. The Parks Superintendent also pointed out that a similar type of work is being carried on in other states and in the national parks. This matter was discussed briefly and Chairman Chandler called attention to the fact that a number of the states where similar studies had been conducted are states which have separate parks departments. It was his feeling that such an independent report might be confusing in view of the fact that the park situation in Oregon is now being studied by an interim committee which will most likely submit its report to the 1957 Legislative Assembly. It was his thought that if the study is to be allowed, it should be delayed for at least one year. Commissioners Reynolds and McIver expressed themselves similarily and it was so ordered.

11. Special Use Permits Nos. R-5010 and R-5011 for area to be used in development of Susan Creek Park on the Umpqua River, east of Roseburg: These permits, the Parks Superintendent stated, have been issued by the Bureau of Land Management to the Douglas County Court and expire April 30, 1959. It is anticipated that 20-year permits may be obtained when these expire. In order to get the spring work started, he recommended that the permits be approved. The Commission accepted the permits as recommended but instructed the Parks Superintendent to obtain permits of longer duration in the future, if possible.

12. Parks Interim Committee trip, April 23 to 25, 1956: The Parks Superintendent reported that the Interim Committee with whom he traveled visited Corvallis, Newport, Coos Bay, Coquille and Tillamook, and held a hearing at each place concerning park matters. He pointed out that the Coos Bay people had requested the installation of more overnight camping facilities in state parks south of Honeyman State Park, and one objection had been made because of the lack of park development along the Siletz River. The Tillamook County people voiced no objections.

13. Acquisition of land near "Erratic Rock" on the Salmon River Highway for state park purposes in Yamhill County: The Parks Superintendent reported that options have been obtained from Mr. & Mrs. Lawrence Ramsby for the purchase of 4.13 acres of land for $826.00 and from Mr. and Mrs. Jacob Durst for 0.27 acre of land for $135.00, pursuant to author-

ity previously given him by the Commission. He recommended purchase of the properties at the prices mentioned. The Commission adopted the recommendation.

The Right of Way Engineer presented for consideration options secured for acquisition of real property needed by the State for highway right of way and for other purposes. After careful consideration, the Commission unanimously approved closing the options at the prices mentioned by adopting the attached resolution relative thereto marked EXHIBIT "A", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Right of Way Engineer presented a list of properties needed in connection with highway improvements, negotiations for which had not previously been authorized by the Commission. He requested such authority at this time. The Commission authorized negotiations to obtain options for the following properties:

COUNTY AND SECTION	FILE NO. AND NAME	PURPOSE	AREA	HIGHWAY
Multnomah				
East Burnside Extension	24666-Morris	Right of way	0.37	Mt. Hood Highway
" "	24668-Beavers	Right of way	0.03	Mt. Hood Highway
" "	24667-Morris	Right of way	0.2	Mt. Hood Highway
Yamhill				
McMinnville	24704-Yocom	Maintenance site	2.39	Pacific Highway West

---

At this point, Chairman Chandler inquired as to who is scheduled to take the place of Mr. C. W. Parker, Property Manager, who is retiring as of May 1, 1956. The Right of Way Engineer stated that Mr. William H. Haskin, who has been acting as Assistant Property Manager, is being promoted to that position.

A report was presented by the Right of Way Engineer on sales of miscellaneous properties made by the Property Manager subsequent to the last Commission meeting. The Commission accepted the report. (For details see report of Property Manager dated April 26-27, 1956, in the Commission files.)

Also presented by the Right of Way Engineer was a Rental Report as prepared by the Property Manager for the period from February 22, 1956 to April 14, 1956, showing new rentals and rental terminations. The Commission accepted the report. (For details see copy of the Report in the General Files.)

Changes in points of access on several properties were presented by the Right of Way Engineer. He explained that in each instance no additional access is being granted and the changes have been made principally to provide greater safety and for the convenience of the State and the property owners. He recommended and the Commission approved changes in access as follows:

a. F. H. and P. M. Gisborne-Property file No. 2273, Bear Creek Section, Siuslaw Highway, Lane County.

b. J. C. and Nancy Hise-Property file No. 22266, Bear Creek Section, Siuslaw Highway, Lane County.

c. Clarence J., and Pearl Zuber-Property file No. 22627, Little Pudding River-Stayton Section, North Santiam Highway, Marion County, for residential use.

d. Luther M., and Beatrice H. Newgard-Property file No. 5492 Lombard Street-Sandy Boulevard Section, NE Portland Highway, Multnomah County.

e. George Colby Wilson and Mary Louise Wilson-Property file No. 23904, Laurel Hill-Still Creek, Mt. Hood Highway, Clackamas County.

f. Collis P. and Dorotha Moore; Roscoe E. and Patricia R. Moore; and Anna M. Moore-Property file No. 23874, Moro-Grass Valley Section, Sherman Highway, Sherman County.

The Right of Way Engineer, in connection with changes of access, also brought up the matter of granting an access to Francis E. and Violet M. Robbins on the T. H. Banfield Expressway. He explained that in acquiring property from the Robbins, the deed contained a complete restriction of access from the abutting lands of the owners. This restriction, he stated, was in error as it was intended that the owners would have a right of access from the abutting property to a County road known as Wilkes Road. No access is to be granted to the Banfield Expressway. Upon his favorable recommendation, the Commission approved the grant of access.

The matter of compensating the Douglas Electric Cooperative for changes in their power lines in connection with construction on the Hinsdale Slough-Luder Creek Section of the Umpqua Highway in Douglas County, was presented by the Right of Way Engineer. He pointed out that the pole line in question is on private property and had to be raised in connection

with this construction work. He recommended that the Company be paid the sum of $305.50, which is the cost of the changes required in the power line. The Commission approved the payment.

Sale of 4,750 square feet of excess property to William F. Van Laeken, located near the intersection of 33rd Street and NE Portland Secondary Highway, was considered. The Right of Way Engineer explained that the property is no longer required for highway purposes and he recommended that it be sold to the Van Laekens for the sum of $400, which is the appraised value of the land. The Commission approved the sale.

An exchange of properties in McMinnville with O. C. Yocom was discussed. The Right of Way Engineer explained that the present section maintenance headquarters constructed in 1940 on a lot 100' x 100' is too small. A request has been received from the State Police to furnish office and storage space for seven police officers in McMinnville, and requests have also been received from the Secretary of State and Public Utilities Commission for office space. Mr. Yocom, a McMinnville contractor who is disposing of his contracting business, has offered to exchange properties with the State. The Yocom property consists of 2.4 acres, most of which is paved, an office building containing 2,200 square feet, which will provide accommodations for space requested, a well constructed machine shop containing 5,000 square feet of floor space, and six open storage bays containing 4,700 square feet. There is also ample space for parking. The Property Manager, he continued, has appraised the Yocom property at $65,350 as the present depreciated value. An option has been secured to purchase the property for $40,000. The old maintenance headquarters has been appraised at a depreciated value of $5,275 as of January 1, 1956. A verbal agreement has been reached with Mr. Yocom in which the old maintenance headquarters would be transferred to him for the sum of $7,500 and the State would pay him in cash the difference of $32,500 . He recommended the exchange of these properties under the terms as outlined. The Commission approved such exchange.

The Commission also approved sale of the following properties upon the Right of Way Engineer's favorable recommendation and upon his assurance that the properties are no longer needed for highway purposes.

1. To Lulu E. Lindsey two parcels of excess land on the Roseburg Section of the Pacific Highway in Douglas County, for $540, which was the high bid received at an auction sale on March 27, 1956.

2. To Louise Randall 0.96 acre in Section 3, Township 7 South, Range 2 West, Marion County, on the Salem-Silverton Highway, for $288, which is the appraised value of the property.

Authority was requested by the Right of Way Engineer to offer at public sale 3 State properties as follows, which, he stated, are no longer required for highway purposes:

a. 6 acres of land on the Gervais-Hayesville Unit of the Portland-Salem Expressway, file 20891 for a minimum price of $1,000 with no access to the Portland-Salem Expressway. (See EXHIBIT "B-1".)

b. 5.25 acres of land on the Gervais-Hayesville Section of the Portland-Salem Expressway, file21179 for a minimum price of $2,886 with no access to the Portland-Salem Expressway. (See EXHIBIT "B-2".)

c. 0.58 acre on the East Fork Illinois River Section of the Redwood Highway, file 24450, for a minimum price of $500 with no access to the Redwood Highway.

The Commission authorized sale of the properties by adopting the attached resolutions relative thereto marked EXHIBIT "B-1" and EXHIBIT "B-2", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

In discussing sale of these properties the question was brought up as to whether a better price might be realized from the property located at the Hayesville Interchange if it were held for a year or so. The Property Manager pointed out that no access is allowed to the Expressway and that trees located on the property are subject to wind-blowdown. It was his feeling that the property should be sold now. Chairman Chandler commented that in his opinion property should be disposed of as it becomes available for sale as the Highway Commission is not engaged in speculative realty business.

Attention was given to the matter of compensating the West Coast Telephone Company for relocating its telephone line along the North Brookings Section of the Oregon Coast Highway in Curry County. The Right of Way Engineer commented that it will be necessary to move the phone line in connection with construction of this section. The phone line is located on the Telephone Company's right of way and the billing is to be made on a time and material basis at an estimated cost of $850. He recommended that it be paid as outlined. The Commission approved the payment.

Conveyance of approximately 6,000 square feet of land on the Florence-Glenada Section of the Oregon Coast Highway to the City of Florence was discussed. The Right of Way Engineer explained that the property which is no longer needed for highway purposes is desired by the City of Florence for construction of a City Hall. The property is to be conveyed without access to the Oregon Coast Highway. He recommended that such conveyance be made for a consideration of $1.00. The Commission approved the conveyance.

The Commission gave attention to a deed conveying to the United States of America certain properties involved in the relocation of the Columbia River Highway because of construction of McNary Dam. This conveyance, the Right of Way Engineer explained, is in conformance with provisions of a contract entered into with the US Army Engineers on

December 30, 1949. Upon his favorable recommendation, the Commission approved the conveyance.

Granting of two 30-foot accesses to Safeway Stores, Inc., on the Lana Avenue-Hayesville Section of the Pacific Highway at the north edge of Salem was discussed. This matter, the Right of Way Engineer recalled, had been discussed at previous Commission meetings, at the latter of which authority had been granted to allow the two points of access which are to be separated by a 10-foot strip of land. The Commission approved the grant of access.

The matter of compensating Vera Martin for damages to her irrigation system near Casey Park on the Crater Lake Highway in Jackson County was considered. Highway construction and repairs in this area, the Right of Way Engineer explained, have blocked the irrigation facilities. State rights in the park, he stated, have been deemed secondary to the Martin irrigation rights. It was his opinion that the irrigation rights can be purchased for a lesser amount than it would cost to contain the irrigation facilities through culvert pipe. He recommended that Vera Martin be paid the sum of $2,575 for the irrigation facilities provided that she grants a complete release for all damages. The Commission approved the settlement as outlined.

The Right of Way Engineer requested authority to expend approximately $350 to replace a septic tank for a State owned house on Center Street in Salem, File No. 17652. This property, he stated, is a good residence and is now rented for $65 a month. The septic tank is necessary to keep the property rented. The Commission approved the expenditure.

The Right of Way Engineer commented that appraisals are being made on the 10 to 12 acres for which application has been made to the Federal Government for enlarging highway facilities at the Division Office headquarters north of Milwaukie. It was his opinion that the appraisals would be in the vicinity of $4,000 an acre. He was instructed to acquire sufficient property for future needs. (Note: See additional entry ahead).

The Chief Counsel requested authority to acquire by condemnation, if necessary, the following properties which are needed as right of way in connection with various highway improvements, or for other purposes, and to tender offers for the same in conformity with instructions given him by the Commission in its resolution, dated December 20, 1951:

Harris Beach-Brookings Section of the Oregon Coast Highway

R-24689- George D. Dunning
Slope Easement (Curry County)
0.03 acre

R-24690- E. L. Morton and Verlie B. Morton
Slope Easement (Curry County)
0.01 acre

Harris Beach-Brookings Section of the Oregon Coast Highway-Cont.

R-24692- Paul Taylor
Slope Easement (Curry County)
0.02 acre

R-24693- Fred Blunt and May R. Blunt
Slope Easement (Curry County)
0.01 acre

R-24694- D. R. Hendrickson and W. S. Conner
Slope Easement (Curry County)
0.05 acre

R-24695- Elmer Bankus
Slope Easement (Curry County)
Parcel No. 1: 0.03 acre
Parcel No. 2: 0.04 acre

Washington County Line-Hillsdale Section of the Beaverton-Hillsdale Highway

R-24718- Glenn E. Park and Elsie D. Park, husband and wife
Right of Way (Multnomah County)
0.025 acre

R-24719- Ralph L. Blachly, et ux.
Right of Way (Multnomah County)
0.027 acre

R-24720- Eva Zurbuchen
Right of Way (Multnomah County)
0.027 acre

Harbor Drive-Barbur Boulevard Section of the Portland-Salem Expressway

R-21200- Multnomah County, Bert M. Butler and Dorothy Butler, et al.
Right of Way (Multnomah County)
30,000 square feet

R-22531- Leo Gallagher and Katherine J. Gallagher
Right of Way (Multnomah County)
25,000 square feet

Shady Point-Booth Ranch Section of the Pacific Highway

R-24703- Joseph W. Holmgren and Ruth E. Holmgren
Right of Way (Douglas County)
2.0 acres

April 26, 1956

Meacham-Hilgard Section of the Old Oregon Trail Highway

R-24089- Pendleton Ranches, Inc.
Roadbuilding Materials (Umatilla County)
36.82 acres

Ukiah-West Forest Boundary Section of the Ukiah-Hilgard Secondary Highway

R-24460- Gearold Hilbert, Layton Hilbert and Vernon Hilbert, Trustees, et al.
Right of Way (Umatilla County)
0.50 acre

Euchre Creek-Wedderburn Section of the Oregon Coast Highway

R-24728- L. E. Goudy and Etta Goudy
Right of Way (Curry County)
1.0 acre

R-23717- Robert M. Knox and Dorothy D. Knox
Right of Way (Curry County)
Parcel No. 1: 2.16 acres
Parcel No. 2: 3.24 acres

R-24727- J. M. Walton and Mabel Walton
(Curry County)
Parcel No. 1: 0.54 acre Right of Way
Parcel No. 2: 0.27 acre Drainage Easement

Sucker Creek-Idaho Line Section of the I. O. N. Highway

R-23982- Neal Shea and Florence Shea
(Malheur County)
Parcel No. 1: 12.56 acres Material Source
Parcel No. 2: 0.77 acre Haul Road Easement

Meadowbrook Bridge Unit, Molalla-Colton Section of the Woodburn-Estacada Secondary Highway

R-24484- H. Frank Lewis and Evelyn Lewis
Right of Way (Clackamas County)
0.245 acre

Havana Section, Havana-Helix Secondary Highway

R-24200- Heirs at Law of Samuel Baker Rothrock
Right of Way (Umatilla County)
0.7 acre

April 26, 1956

South River Road Junction (Milwaukie) Section of the Pacific Highway East

R-24725- Jacob Gorsek and Theresa Gorsek
Right of Way (Clackamas County)
0.016 acre

Cornelius-Hillsboro Unit, Forest Grove-Hillsboro Section of the Tualatin Valley Highway

R-24404- Forest Hills Amusement Corporation
Right of Way (Washington County)
2.24 acres

R-24795- Victor D. Hendrix, et ux.
Right of Way (Washington County)
0.04 acre

R-24558- Cyril Schoonover and Nellie Schoonover
Right of Way (Washington County)
Parcel No. 1: 3,500 square feet
Parcel No. 2: 11,950 square feet

R-24380- Henry Behrman
New resolution to relocate place of access and add one new place of access and increase width of places of access.

R-24381- Archie C. Towne and Lorraine B. Towne
Remove access control

R-24383- Devisees of Herman Behrman
New resolution to correct description, relocate places of access and add two new places of access.

R-24403- J. A. Oppenlander and Mary Oppenlander
New resolution to remove all access restriction to Parcel No. 1 and to add one new place of access to Parcel No. 2.

R-24408- Lloyd Wiedewitch and Viola Wiedewitch
New resolution to relocate place of access and to grant two new places of access.

R-24410- Edward Phillips and Myra L. Phillips
New resolution to relocate place of access and to grant two new places of access.

R-24413- Charles Judson James, et al.
New resolution to grant two new places of access.

April 26, 1956

Cornelius-Hillsboro Unit of the Forest Grove-Hillsboro Section of the Tualatin Valley Highway-Cont.

R-24417- Shelby J. Forney and Inez Hazlitt Forney
New resolution to relocate place of access and to grant two new places of access.

R-24420- Wilbur L. Jones and Margaret M. Jones
New resolution to provide complete restriction of access.

R-24422- Albert J. Hadley, et al.
New resolution to relocate place of access and to grant two new places of access.

R-24423- Minnie Erickson
New resolution to relocate place of access.

R-24424- Robert A. Harrow, et al.
New resolution to grant two new places of access.

Tillamook-Donaldson Creek Section of the Wilson River Highway

R-23508- Lester Donaldson, et al.
New resolution to relocate the place of access.

R-24474- Peter Wyss, et al.
New resolution to revise access restriction and to correctly state necessity of taking Parcel No. 2.

R-23510- Charles B. Swanson
New resolution to relocate the place of access.

La Grande-North Powder Section of the Old Oregon Trail Highway

R-24806- T. N. Braxton, et al.
Roadbuilding Material (Baker County)
3.96 acres

North Jefferson Junction-Albany Section of the Pacific Highway East

R-24816- C. C. Henshaw and Velma L. Henshaw*
Right of Way (Linn County)
4.70 acres

*Note: "Authority to condemn the Henshaw property, File No. R-24816 was granted by the Commission subsequent to formal adoption of the survey of the highway section involved later in this meeting of the Commission."

Denver Avenue-Union Avenue Intersection of the Pacific Highway West and the Pacific Highway East

R-23604- Kernan Livestock Farms, Inc.
(Multnomah County)
Parcel No. 1: 12,877 square feet Right of Way
Parcel No. 3: 720 square feet Drainage Easement

Public Road to Material Source

R-24581- Gerald Moore
(Douglas County)
Right of Way for Road to Material Source
0.40 acre

R-24582- Sam C. Moon, et al.
(Douglas County)
Right of Way for Road to Material Source
0.63 acre

R-24583- Homer Tucker and Marion Tucker
(Douglas County)
Right of Way for Road to Material Source
0.43 acre

R-24584- Abe A. Williams and Margaret Williams
(Douglas County)
Right of Way for Road to Material Source
0.33 acre

R-24585- Homer Tucker and Marion Tucker
(Douglas County)
Right of Way for Road to Material Source
0.98 acre

Portland-Oregon City Section of Pacific Highway East

R-24572- Kola A. McClellan and Zelna D. McClellan
Right of Way (Clackamas County)
63,450 square feet

Northbound Route in Ashland Section of the Pacific Highway

R-23240- Roy W. McNeal, et al. *
New resolution to revise real property description.

*FOOTNOTE: An offer of $29,200 for this item (N. R-23240) was authorized by the Commission.

April 26, 1956

Right of way maps, construction plans, and other data were submitted to the Commission and the Engineer advised that the acquisition of the properties listed is required in order to carry out plans for highway improvements and other projects heretofore authorized by the Commission. After considering the matter in the light of the information and advice submitted, together with the general knowledge of the members of the Commission concerning the various projects and the properties involved, the Commission approved the Chief Counsel's request by adopting the attached resolutions relative thereto, marked EXHIBITS "C-1" through "C-20", which resolutions by this reference are made a part hereof, with like effect as though extended in full herein.

The Commission accepted a report submitted by the Chief Counsel enumerating details concerning cases tried before the courts since the last Commission meeting, as follows:

REPORT OF CONDEMNATION CASES TRIED MARCH 6 TO APRIL 20, 1956

Case	County	Highway	Section	State's Offer	Defendant's Demands	Verdict
Hurst R-23282	Josephine	Pacific	Jumpoff Joe Creek-Grants Pass	$150.00	$750.00	$200.00

A list of offers, as follows, that were tendered for acquisition of real property prior to the institution of condemnation proceedings were presented by the Chief Counsel for approval:

TILLAMOOK-DONALDSON CREEK SECTION OF THE WILSON RIVER HIGHWAY

R-22918-Karl Zweifel, et al. 1.34 acres for right of way purposes. Offer of $15,500 approved by Mr. McIver April 2, 1956.

R-22919-Betty Burdick, et vir. 5.18 acres for right of way purposes. Offer of $8,650 approved by Mr. McIver March 16, 1956.

R-23491-Roy Smith, et al. 747 square feet for right of way purposes. Offer of $700 approved by Mr. McIver April 2, 1956.

R-23498-J. L. Bester, et al. 1.01 acre for right of way purposes. Offer of $710 approved by Mr. McIver April 2, 1956.

R-23503-John Kunzi, et ux. 2.75 acres for right of way purposes. Offer of $5,625 approved by Mr. McIver April 2, 1956.

R-23508-Lester Donaldson, et al. 3.85 acres for right of way purposes. Offer of $6,500 approved by Mr. McIver, April 2, 1956.

Tillamook-Donaldson Creek Section of the Wilson River Highway-Cont.

R-23509-Peter Becker, et al. 4.10 acres for right of way purposes. Offer of $11,000 approved by Mr. McIver April 2, 1956.

R-23510-Charles Swanson, et al. 4.8 acres for right of way purposes. Offer of $8,500 approved by Mr. McIver April 2, 1956.

R-23511-Chris Wyss, et al. 4.9 acres for right of way purposes. Offer of $11,500 approved by Mr. McIver April 2, 1956.

R-23512-Peter Wyss, et al. 1.44 acres for right of way purposes. Offer of $1,350 approved by Mr. McIver April 2, 1956.

R-23801-J. R. Caufield, et al. 4.0 acres for the acquisition of roadbuilding materials. Offer of $1,200 approved by Mr. McIver, April 2, 1956.

R-23802-Lester Donaldson, et al. 17.5 acres for the acquisition of roadbuilding materials. Offer of $7,390 approved by Mr. McIver, April 2, 1956.

R-24474-Peter Wyss, et al. 4.06 acres for right of way purposes. Offer of $6,040 approved by Mr. McIver April 2, 1956.

Forest Grove-Hillsboro Section of the Tualatin Valley Highway:

R-24380-Henry Behrman. 1.98 acres for right of way purposes. Offer of $6,910 approved by Mr. McIver April 17, 1956.

R-24381-Archie C. Towne, et ux. 0.09 acre for right of way purposes. Offer of $360 approved by Mr. McIver April 17, 1956.

R-24392-Elsie Straughan, et al. 0.31 acre for right of way purposes. Offer of $330 approved by Mr. McIver April 17, 1956.

R-24403-J. A. Oppenlander, et ux. 1.15 acres for right of way purposes. Offer of $10,000 approved by Mr. McIver April 17, 1956.

R-24420-Wilbur L. Jones, et al. 0.05 acre for right of way purposes. Offer of $5,500 approved by Mr. McIver April 17, 1956.

R-24422-Albert J. Hadley, et al. 0.54 acre for right of way purposes. Offer of $2,115 approved by Mr. McIver, April 17, 1956.

R-24423-Minnie Erickson. 0.15 acre for right of way purposes. Offer of $450 approved by Mr. McIver April 17, 1956.

Davis Creek-Bethel Creek Section of the Oregon Coast Highway:

R-24628-A. L. Wilkinson, et ux. 1.03 acres for right of way purposes. Offer of $325 approved by Mr. McIver April 9, 1956.

Davis Creek-Bethel Creek Section of the Oregon Coast Highway-Cont.

R-24631-J. A. Zuppe, et al. 1.59 acres for right of way purposes. Offer of $700 approved by Mr. McIver April 9, 1956.

Union Avenue-Denver Avenue Intersection of the Pacific Highway East and Pacific Highway West:

R-23603-William Koltsch, et al. 160 square feet for right of way purposes. Offer of $1,450 approved by Mr. McIver March 16, 1956.

R-23604-Kernan Livestock Farms, Inc., et al. 20,301 square feet for right of way purposes. Offer of $59,250 approved by Mr. Reynolds, March 23, 1956.

R-23806-Joel J. Westerlund, et al. 7,670 square feet for right of way purposes. Offer of $27,000 approved by Mr. Reynolds March 23, 1956.

Washington County Line-Hillsdale Section of the Beaverton-Hillsdale Highway:

R-23167-John A. Grant, et al. 0.046 acre for right of way purposes. Offer of $4,000 approved by Mr. Reynolds March 23, 1956.

Willamette River (Springfield) Bridge Section of the McKenzie Highway:

R-19868-Sig Moe, et al. 0.38 acre for right of way purposes. Offer of $7,350 approved by Mr. McIver March 16, 1956.

Valley Junction-Sheridan Section of the Salmon River Highway:

R-24149- Ed Roth, et al. 18.92 acres for right of way purposes and 0.11 acre for a temporary easement. Offer of $8,000 approved by Mr. McIver April 2, 1956.

Dolph Corner-Rickreall Section of the Willamina-Salem Highway:

R-24506-Joseph H. Harland, et ux. 0.12 acre for right of way purposes. Offer of $75 approved by Mr. McIver March 16, 1956.

Forest Grove-Hillsboro Section of the Tualatin Valley Highway:

R-24383-George Behrman, et al. 0.63 acre for right of way purposes. Offer of $1,500 approved by Mr. McIver April 20, 1956.

R-24384-Neil D. Springer, et al. 0.33 acre for right of way purposes. Offer of $1,300 approved by Mr. McIver April 20, 1956.

Forest Grove-Hillsboro Section of the Tualatin Valley Highway-Cont.

R-24404-Car-Vue Theatre. 2.24 acre for right of way purposes. Offer of $12,670 (including theatre sign) or offer of $9,670 (excluding theatre sign) approved by Mr. McIver April 20, 1956.

R-24405-E. B. Kelsey, et ux. 0.22 acre for right of way purposes. Offer of $3,625 approved by Mr. McIver April 19, 1956.

R-24408-Lloyd Wiedewitsch, et ux. 0.15 acre for right of way purposes. Offer of $2,935 approved by Mr. McIver April 20, 1956.

R-24413-Charles Judson James, et al. 1.06 acres for right of way purposes. Offer of $8,410 approved by Mr. McIver April 20, 1956.

R-24417-Shelby J. Forney, et ux. 0.50 acre for right of way purposes. Offer of $2,500 approved by Mr. McIver April 20, 1956.

R-24424-Robert A. Harrow, et al. 0.52 acre for right of way purposes. Offer of $1,550 approved by Mr. McIver April 20, 1956.

R-24425-Martin N. Mockley, et ux. 0.62 acre for right of way purposes. Offer of $2,400 approved by Mr. McIver April 19, 1956.

R-24558-Cyril Schoonover, et ux. 15,450 square feet for right of way purposes. Offer of $900 approved by Mr. McIver April 19, 1956.

Molalla-Colton Section of the Woodburn-Estacada Secondary Highway:

R-24484-H. Frank Lewis, et al. 0.245 acre for right of way purposes. Offer of $6,130 approved by Mr. McIver April 19, 1956.

The Commission after due consideration approved the offers as reported.

The Commission also accepted the Chief Counsel's report concerning orders issued by the Public Utilities Commissioner involving highway matters, as follows:

PUX 146-Helix Grade Crossing on the Helix-Van Sycle County Road, north of Helix. The Northern Pacific Company is to install treated ties, guardrails and reflectorized crossing signals. The balance of the expense is to be borne by the Highway Commission. After construction, the Railroad Company is to maintain its track, roadbed, and crossing signs, and Umatilla County is to maintain the highway roadbed and advance highway warning signs.

PUX 150-Train speeds on Southern Pacific Company's main lines between Portland and the California Line in cities of less than 100,000 population. Maximum train speed through Canby was set at 50 miles per hour and automatic flashing signals are to be installed at Elm Street and at Ivy Street. No cost to the State.

PUX 157-Newberg Grade Crossing Signals near the north limits of Newberg. This is a substitute grade crossing and provides better highway alignment. The order provides that the Railroad Company pay 10 per cent of the cost.

PUX 160-Impaired clearances, N. E. 39th Avenue in Portland. This order authorized impairment of the vertical clearances over the top of the rail to 22 feet during the modification of the existing structure.

PUX 161-Grade crossing of Southern Pacific Company's tracks on the extension of 12th Street in the City of Salem. The order provides for construction of the crossing by the City and for installation of automatic electrical signals by Southern Pacific Company. The Railroad is to be reimbursed for 50 per cent of the cost of the signals and is to maintain them after installation.

PUX 163-Grade Crossing of the tracks of the Southern Pacific Company adjacent to the Willamette Highway near Duval Creek in Lane County. The only interest of the Commission is that the proposed roadway will connect with the Willamette Highway at the location of the existing intersection.

PUX 164-Spur track crossing of College Street in the City of Athena in Umatilla County. Although the Commission has no direct interest in this matter, an answer was filed setting out that the Commission had no objection to the issuance of an order.

A report was submitted by the Chief Counsel listing a number of legislative matters which may be introduced at the 1957 Legislature. He explained that the Highway Interim Committee has requested that proposed legislation be in its hands by July 1, 1956. The matter was discussed briefly and the Commission instructed the Chief Counsel to prepare drafts of bills and to submit same to the Commission with a brief outline of the effects of the proposed bills.

The Chief Counsel presented a report on a suit filed by Gene Matsies, et ux. against the State of Oregon by and through its State Highway Commission. The complaint alleges that acts of Highway Commission employees resulted in a diversion of drainage water from the natural and normal course of drainage, and requests $20,000 damages. Mr. Matsies' property, the Chief Counsel stated, is located on the Oswego Highway, just south of the Multnomah County-Clackamas County Line. The Commis-

sion accepted the report and instructed the Chief Counsel to take necessary action for defense.

A report listing a number of abandoned claims was presented by the Chief Counsel and approved by the Commission. The Chief Counsel explained that these damage claims have been abandoned as uncollectible since the meeting of March 1 and 2, 1956, as follows:

CAO-53-55, Robert E. Ayres: On June 28, 1953, Mr. Ayres damaged, in the amount of $147.18, the handrail on Holmes Gap Bridge on the Pacific Highway West, about six miles north of Rickreall. Mr. Ayres cannot be located.

CAO-54-22, Roy Kaufman: On January 15, 1954, a car operated by Mr. Roy Kaufman collided with a State sedan, causing damage amounting to $12.15. As the amount is small and it will be necessary to litigate, it appears to be in the best interests of the State to abandon the claim.

CAO-55-40-Van Bualirgh: On April 11, 1955, a station wagon operated by Mr. Van Bualirgh slid into a State snowplow on the Santiam Highway. The damage was so nominal it was not computed separately and no claim can be presented for a definite amount.

CAO-55-66, John J. Gregg: On April 24, 1955, Mr. Gregg ran into and damaged a metal guardrail at M.P. 0.74 on the Three Rivers Highway. The damage amounted to $65.83. Mr. Gregg cannot be located.

CAO-55-94, Frank A. Clark: On July 6, 1955, Mr. Clark collided with a State panel truck in Portland. The damage amounted to $28.92. It later became evident that the State truck driver was probably at fault as the insurance carrier for the State paid $100. to Mr. Clark as a compromise settlement for damages to his automobile.

CAO-55-119, Rolland D. Cooke: On July 11, 1955, a car operated by Mr. Cooke collided with a State Highway Department pickup in Austin. Mr. Cooke protested the claim of $74.59. Further investigation revealed that the State vehicle was damaged in an accident with another State Highway Department vehicle on June 16, 1955 and that Mr. Cooke had actually caused no damage to the pickup.

A revised form of permit to be issued by the Engineer to allow the establishment of pipe lines upon highway right of way was presented by the Chief Counsel. He recalled that at the January meeting there was discussion regarding the installation of pipe lines upon right of way and courses of action be taken when permittees fail to or refuse to remove their facilities when required by highway improvement, and that the Commission at that time ordered prepared a revised form of permit covering such installations. Preparation of this form of permit, he commented, has been very difficult as the Oregon Laws are not too clear in some respects. The revised form, he stated, has been amended to authorize the Commission to relocate, disconnect, destroy, or re-establish the pipe line, and require

the permittee to pay the cost of such action. Another change has been made in that the permit is issued with the understanding that the same is subject to all existing public and private rights in and to the right of way of the highway, and the same constitutes the consent of the Highway Commission to the installation of said pipe line only to the extent that the Highway Commission has legal authority to grant such consent. The permit also contains a provision requiring the applicant to obtain liability and property damage insurance. He outlined other changes and recommended that the revised permit form be approved. The Commission accepted his recommendation by adopting the attached resolution relative thereto, marked EXHIBIT "D", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Chief Counsel called attention to the fact that the amount of insurance required in the permit had not been set, and he asked the Commission to advise as to the amounts which should be stipulated. The following amounts were stipulated: $50,000 property damage for each occurrence; $100,000 for bodily injury to or death to any one person; $200,000 limit for bodily injury in any one accident.

The Commission granted the Chief Counsel's request for authority to institute legal proceedings against the following persons:

CAO-55-75, Velma Helbig, for damages in the amount of $793.23 inflicted on a State Highway Department truck on May 10, 1955 on the Sams Valley Highway near Sams Valley, Oregon.

CAO-55-80, McLeod and Pierce Auto Freight Lines, for damages in the amount of $65.53 inflicted April 18, 1955 to the guard fence at the east end of the Steel Bridge on the Pacific Highway West in Portland.

CAO-55-129, Coblentz and Peck, for damages in the amount of $193.36 to the handrails on the Drift Creek Bridge on the Oregon Coast Highway because of an accident involving a log truck owned and operated by Robert L. Coblentz and a pickup truck owned by F. E. Peck and driven by Mr. Kenneth Lowry.

A report was presented by the Chief Counsel concerning the settlement of the oyster bed damage cases which arose out of construction of the Hauser-North Bend Section of the Oregon Coast Highway. He explained that there is a total of 24 cases in which options were obtained from six owners and condemnation proceedings instituted in the remaining 18 cases. The total of appraisals for the real property plus the oysters is $29,342.24, without allowance for severance damage to remaining land for oysters thereon whereas a settlement has been agreed in the sum of $30,162.40 plus severance damages in the sum of $20,325.05, plus attorneys fees of $3,800 or a grand total of $54,287.45. The defendants originally demanded the sum of $110,500 total but now agree to settle upon the basis outlined above and upon the condition that they expressly reserve the right to institute an action in inverse condemnation for the taking of all oyster beds and oysters lying outside the 56.78 acre area. He presented a summary of the settlements as follows:

SETTLEMENTS OF OYSTER BED CASES

Legal No.	R/W No.	Name	Area Acquired in Acres		Total Amount to be paid
1848	18825	Pioneer Trust Co.; et al.	Parcel 1: 2.80 Parcel 2: 0.13		$ 5,118.50
1852	18824	The Davenport Corp.; et al		0.25	362.50
1853	18820	Assoc. Coos Bay O.G.; et al	Parcel 1: 0.25 Parcel 2: 0.26		739.50
1854	18821	John D. Burt, et al		0.13	188.50
1855	18829	Louise Monahan, et al		0.25	362.50
1856	18819	L. V. Davidson, et al		0.25	362.50
1857	18818	Tidelands Development Co.; et al	Parcel 1: 1.83 Parcel 2: 2.25 Parcel 3: 2.40 Parcel 4: 0.26 Parcel 5: 0.32		14,504.25
1858	18833	Coos Bay Oyster Coop; et al		0.09	3,690.25
1859	18826	M. A. Beyer, et al		0.18	855.50
1860	18822	Theodore A. Toews, et al		0.39	645.25
1861	18828	John C. Sigloh, et al		2.54	6,554.00
1862	18835	Merle C. Buchner, et al		0.40	2,153.25
1863	18827	Walter D. Hickey, et al		0.49	1,080.25
1864	18815	Ray H. Joslin, et al		0.34	817.50
1866	18817 18901	Norman Stoll, et al	Parcel 1: 0.052 Parcel 2: 0.06		413.95
1865	18830	Glen DeHaven, et al		0.50	725.00
1868	18902	Florence Jewett, et al		0.23	1,073.00
2052	21101	Carl F. Gregg, et al		0.78	1,471.75
	20824	E. C. Davidson, et al		0.05	492.50
	18816 20826	Cornelius Buhler, et al		0.45	603.50
	18823 20827	J. P. Sears, et al		0.24	922.00
	18831	Wood-Novak, et al		1.09	2,336.50
	18832 20829	H. H. Judd, et al		0.33	713.00
	18834 20830	W. C. Dennis, et al		2.32	4,302.00
				21.912	$50,487.45
		Attorneys fees for all 24 cases			3,800.00
				TOTAL	$54,287.45

April 26, 1956

The Commission approved the settlements as presented and directed the Chief Counsel to pay the money into court for disbursement to the owners.

(For details see the Chief Counsel's letter, dated April 19, 1956, in the General Files).

The Chief Counsel requested and the Commission approved an increase in salary for Mr. John C. McLean, Assistant Attorney, from $495 to $513 per month, effective June 1, 1956. He explained that Mr. McLean is taking the place of Mr. Ralph W. G. Wyckoff who resigned.

To fill a vacancy in the legal staff, he also requested and the Commission granted authority to hire Mr. William A. Mansfield as an Assistant Attorney at a salary of $426 per month, effective May 1, 1956.

Authority was requested by the Chief Counsel to institute legal proceedings, if necessary, against Ledbetter Sand and Gravel Company of Hood River, for removal of 239.5 cu. yds. of material from State property at Station 1673+70 on the Columbia River Highway near Mosier. Correspondence with their attorney, he stated, has produced no results. The Commission granted authority to start litigation on a claim of $620.31.

Military leave was requested by the Chief Counsel for himself during the period of August 5 to 19, 1956. The Commission granted the leave.

Commissioner Reynolds inquired as to what slide correction measures had been tried in the slide area on the Columbia River Highway near Cascade Locks. The Engineer replied that a number of the usual remedies had been applied without complete success and that it may be necessary to remove the overburden which is causing the earth movement. Commissioner Reynolds also called attention to a small unoiled section which is very dusty. The Engineer stated that it would be oiled as soon as possible.

The installation of signs on the right of way to point out places of business was brought up by Commissioner Reynolds who stated that people had made inquiry to him in this regard. The Engineer stated that under Oregon law such signs cannot be erected on highway right of way.

The meeting recessed at 12:00 noon for luncheon and reconvened at 2:00 p.m., with the same persons present and participating.

A delegation appeared before the Commission concerning hauling of logs after 8:00 p.m. The following people were present: George F. Burr, Coquille; Fred W. Packwood, Portland; Chas. E. Ogle, Salem; H. O. Juckeland and Ned Putnam, Klamath Falls.

Mr. Ogle headed the group. He pointed out an instance in which logs are being hauled from a burned-over section in California into Oregon and it is needful that the timber be removed by July, 1956. The haul, he stated, is long, and truck drivers who are allowed to work 12 hours a day, can make two trips one day and only one trip on the next day, which means that at times they must leave the equipment along the road overnight.

Mr. Putnam stated that he is operating about 20 trucks from a point in California up the Klamath River and over the Siskiyou Mountains into Oregon. Trucks start loading at 7:00 a.m. and the last truck is loaded out about 11:00 a.m., and it is about 2:00 p.m. before the first truck gets back. The later trucks, he stated, on their second load have to stop the equipment along the road at some location at 8:00 p.m., which creates a considerable problem in gathering the drivers and also in the loss which occurs through vandalism and theft from the parked equipment. He called attention to the fact that trucks are hauling an increasingly large percentage of logs to mills and that hauls up to 85 miles are not uncommon.

Commissioner Reynolds called attention to the fact that a change in ruling would have to apply to all truckers. He inquired if operation of log trucks at night could be performed without an increased hazard to the public. Mr. Putnam replied that the 8:00 p.m. deadline applies in the wintertime as well as in the summer, and that during the winter, trucks are allowed to haul for about three hours after dark during the shortest days of the year. It was his opinion that logging trucks could be lighted as well as freight trucks.

Chairman Chandler called attention to the fact that if later hauling hours are to be permitted, some log haulers might take advantage of the hours of darkness to haul overloads, and that it would not be practical to keep weighmasters on the job 24 hours a day. Mr. Putnam replied that this would not be a serious feature to his company as they weight their loads on platform scales. He also emphasized the point that logging truckers now, if the hour is growing late, will drive at excessive speed in order to reach the log dump by 8:00 p.m.

Chairman Chandler informed the group that the Commission would consider the matter further and advise them later as to their findings.

(Later in the day the Commission again considered this matter. Commissioner Reynolds inquired as to what acual difference exists , as far as hauling on the highways is concerned, between log and freight trucks. He also observed that log trucks now use lights under the present ruling during the winter months. Chairman Chandler stated that in his opinion he could see little difference between log and freight trucks as far as hauling

conditions are concerned, and that adequate lights could be required in the permits granted to the log haulers. After some further discussion, the Commission instructed the Engineer to study the matter carefully and report the results at the next meeting).

The Engineer reported that as previously authorized by the Commission he has awarded the following contracts which were referred to him by the Commission to award when certain conditions had been satisfied:

1. Stone base and oiling the Muddy Creek School-Haines Junction and Middle Unit, Rock Creek-Haines Sections of Muddy Creek and Rock Creek County Roads, Baker County. Bids received March 1, 1956. Conditions of award satisfied March 6, 1956. Contract awarded to Babler Brothers, Inc., Portland, low bidder.

2. Grading and paving Main Street in Riddle, Douglas County. Bids received March 1, 1956. Conditions of award satisfied March 7, 1956. Contract awarded to Warren Northwest, Inc., Portland, low bidder.

3. Grading Wallace Bridge-Sheridan Unit, Valley Junction-Sheridan Section of Salmon River Highway, Yamhill and Polk Counties. Bids received January 26, 1956. Conditions of award satisfied March 9, 1956. Contract awarded to Roy L. Houck & Sons, Salem, low bidder.

4. Grading and paving Chehalem Mountain-Newberg Section of Hillsboro-Silverton Highway, Yamhill County. Bids received January 27, 1956. Conditions of award satisfied March 9, 1956. Contract awarded to Calkins Crushing Company, Oceanlake, low bidder.

5. Grading, paving and shoulder oiling on Lost River-Hatfield Junction Section of Klamath Falls-Malin Highway, Klamath County. Bids received January 26, 1956. Conditions of award satisfied March 9, 1956. Contract awarded to Central Paving Company and Calkins Crushing Company, Independence, low bidder.

6. Grading and topping Ukiah-Forest Boundary Section of Ukiah-Hilgard Highway, Umatilla County. Bids received January 27, 1956. Conditions of award satisfied March 9, 1956. Contract awarded to Jack Robinson Contractor, Inc., Bend, low bidder.

7. Paving Tangent Junction-Oak Creek School Section of Orleans-Lebanon County Road, Linn County. Bids received March 2, 1956. Conditions of award satisfied March 9, 1956. Contract awarded to Warren Northwest, Inc., Portland, low bidder.

8. Grading and paving S. E. Stark Street-Powell Valley Road Section of East Burnside Road, Multnomah County: Bids received March 1, 1956. Conditions of award satisfied March 9, 1956. Contract awarded to Warren Northwest, Inc., Portland, low bidder.

Award of Contracts-Cont.

9. Mussel Creek Slide Correction Project on Oregon Coast Highway, Curry County. Bids received March 1, 1956. Conditions of award satisfied March 13, 1956. Contract awarded to Glen Ousley, Eugene, low bidder.

10. Construction of reinforced concrete and steel girder bridge over Yaquina River at Toledo, Lincoln County. Bids received March 1, 1956. Conditions of award satisfied March 15, 1956. Contract awarded to Tom Lillebo, Reedsport, low bidder.

11. Construction of Interstate and Oregon Slough Bridges over Columbia River between Portland, Oregon, and Vancouver, Washington, Clark and Multnomah Counties. Bids received March 1, 1956. Conditions of award satisfied March 27, 1956. Contract awarded to Guy F. Atkinson Company, South San Francisco, California, low bidder.

12. Construction of a reinforced concrete and structural steel girder bridge over Willamette River at Springfield, Lane County. Bids received March 2, 1956. Conditions of award satisfied March 28, 1956. Contract awarded to Hamilton & Thoms, Eugene, low bidder.

13. Construction of a 46 ft. steel and reinforced concrete undercrossing of Union Pacific Railroad Company tracks, highway roadbed and stone base, and oil mat surface on Hinkle-Bocks Corner Section of Hermiston Secondary Highway, Umatilla County. Bids received December 20, 1955. Conditions of award satisfied March 28, 1956. Contract awarded to George E. Berry, Beaverton, low bidder.

14. Grading and oiling Davis Creek-Bethel Creek Section of Oregon Coast Highway, Coos County. Bids received March 2, 1956. Conditions of award satisfied April 13, 1956. Contract awarded to Q. L. Rufener, Inc., Portland, low bidder.

15. Grading, paving and construction of two undercrossing structures on Tillamook-Donaldson Creek Section of Wilson River Highway, Tillamook County. Bids received March 2, 1956. Conditions of award satisfied April 17, 1956. Contract awarded to Fred H. Slate Co., Ore. Ltd. and E. C. Hall Co., Portland, low bidder.

16. Grading and paving the Cornelius-Hillsboro Unit, Forest Grove-Hillsboro Section of the Tualatin Valley Highway, Washington County. Bids received March 1, 1956. Conditions of award satisfied April 26, 1956. Contract awarded to Warren Northwest, Inc., Portland, low bidder.

The Commission confirmed the Engineer's action with respect to each award.

April 26, 1956

The placement of reduced load limits, allowing 11,000 pounds gross on any single axle, 20,000 pounds gross on any pair of tandem axles, and 36,000 pounds maximum gross load, on several sections of state highways because of freezing, thawing, high water, and other conditions, and the removal of some of said load limits because of improved highway conditions, under authority granted by the Commission on August 6, 1953, were reported by the Engineer and approved by the Commission, as follows:

1. Baker-Homestead Highway, No. 12, from the junction with Highway No. 340 to Powder River, M.P. 2.09 to M.P. 20.79: Reduced load limit effective 8:00 a.m., March 8, 1956. Load limit removed 8:00 a.m., April 13, 1956.

2. Sumpter Valley Secondary Highway, No. 410, from Salisbury to a point near Sumpter, M.P. 0.00 to M.P. 20.4: Reduced load limit effective 8:00 a.m., March 8, 1956.

3. Pendleton-John Day Highway, No. 28, from just south of Pendleton to the junction with the road to Ukiah (M.P. 3.23 to M.P. 49.6): Reduced load limit effective 8:00 a.m., March 8, 1956.

4. Pendleton-John Day Highway from the junction with the road to Ukiah to the junction with the John Day Highway, No. 5, at Mt. Vernon (M.P. 49.6 to M.P. 122.27): Reduced load limit effective 8:00 a.m., March 12, 1956.

5. Pendleton-John Day Highway from M.P. 3.2, near Pendleton, to M.P. 23.7 at Nye Junction: Load limit removed at 8:00 a.m., March 20, 1956.

6. Pendleton-John Day Highway, from M.P. 111.3 to M.P. 122.27: Load limit removed, effective 10:00 a.m., March 26, 1956.

7. Sumpter Valley Secondary Highway, No. 410, from Salisbury to Denny Creek Road, M.P. 0.00 to M.P. 1.75: Load limit removed effective 8:00 a.m., April 19, 1956.

8. Wallowa Lake Highway, No. 10, from Elgin to Joseph, M.P. 20.62 to M.P. 71.42: Reduced load limit effective 8:00 a.m., March 14, 1956.

9. Joseph-Wallowa Lake Secondary Highway No. 351, from junction with Little Sheep Creek Highway to the east fork of Wallowa River, M.P. 0.00 to M.P. 6.16: Reduced load limit effective 8:00 a.m., March 14, 1956. Load limit removed 8:00 a.m., April 24, 1956.

10. Wasco-Heppner Secondary Highway, No. 300, from Condon to Heppner, M.P. 47.12 to M.P. 74.52: Reduced load limit effective 8:00 a.m., March 14, 1956.

April 26, 1956

11. Wallowa Lake Highway, No. 10, from the east city limits of Elgin to the east city limits of Enterprise, M.P. 20.62 to M.P. 66.29: Load limit removed at 8:00 a.m., April 19, 1956.

12. Wallowa Lake Highway, No. 10, from the east city limits of Enterprise to a junction with Little Sheep Creek Highway, M.P. 66.29 to M.P. 71.42: Load limit removed at 8:00 a.m., April 24, 1956.

13. Lakeview-Burns Highway, No. 49, for its entire length: Reduced load limit effective 8:00 a.m., March 15, 1956. Load limit removed 8:00 a.m., April 17, 1956.

14. Warner Valley Secondary Highway, No. 431, from junction with Fremont Highway to Adel, M.P. 0.00 to M.P. 28.26: Load limit removed at 8:00 a.m., April 17, 1956.

15. Halfway Highway, No. 55, from junction with Baker-Homestead Highway No. 12, to north city limits of Halfway, M.P. 0.00 to M.P. 11.02: Reduced load limit effective 8:00 a.m., March 16, 1956. Load limit removed at 8:00 a.m., April 18, 1956.

16. Wasco-Heppner Secondary Highway, No. 300, from junction with road to Ione and Hardman to junction of Heppner-Spray Highway, M.P. 74.52 to M.P. 80.00: Reduced load limit effective 8:00 a.m., March 15, 1956.

17. Heppner-Spray Secondary Highway, No. 321, from junction with Wasco-Heppner Highway to a point approximately 2 miles south of the Forest Boundary, M.P. 0.00 to M.P. 36.00: Reduced load limit effective 8:00 a.m., March 15, 1956. Load limit removed 8:00 a.m., April 16, 1956.

18. Heppner Highway, No. 52, from the east city limits of Heppner to end of the oil surface near south fork of Butter Creek, M.P. 47.49 to M.P. 63.07: Reduced load limit effective 8:00 a.m., March 15, 1956. Load limit removed 8:00 a.m., April 9, 1956.

19. John Day Highway, No. 5, from a point near the east city limits of Arlington to a point near the north city limits of Condon, M.P. 1.66 to M.P. 35.69: Reduced load limit effective 8:00 a.m., March 15, 1956.

20. John Day Highway, No. 5, from Austin Spur to a junction with the Baker-Unity Highway, M.P. 190.7 to M.P. 210.6: Reduced load limit effective 8:00 a.m., March 30, 1956. Load limit removed 8:00 a.m., April 23, 1956.

21. Green Springs Highway, No. 21, from M.P. 34.3, approximately 6.5 miles east of the Jackson County line, to M.P. 59.08, at the junction with The Dalles-California Highway: Reduced load limit effective 8:00 a.m., March 16, 1956.

22. Green Springs Highway, No. 21, from M.P. 49.8, near the road to Weed, California, to M.P. 59.08, at The Dalles-California Highway junction: Load limit removed at 8:00 a.m., April 2, 1956.

23. Green Springs Highway, No. 21, M.P. 34.3 to M.P. 49.8: Load limit removed at 8:00 a.m., April 16, 1956.

24. Fremont Highway, No. 19, from its junction with The Dalles-California Highway to its junction with the Warner Highway, No. 431, M.P. 0.00 to M.P. 138.7: Reduced load limit effective 8:00 a.m., March 18, 1956. Load limit removed at 8:00 a.m., April 5, 1956.

25. Burns-Crane Highway, No. 24, from its junction with the Frenchglen Secondary Highway to the beginning of the oiled surface, M.P. 1.73 to M.P. 18.0: Reduced load limit effective 8:00 a.m., March 18, 1956. Load limit removed at 8:00 a.m., April 21, 1956.

26. John Day-Burns Highway, No. 48, from the end of the bituminous macadam surface to the junction with the Central Oregon Highway, M.P. 10.2 to M.P. 68.0: Reduced load limit effective 8:00 a.m., March 18, 1956. Load limit removed at 8:00 a.m., April 21, 1956.

27. Kimberly-Long Creek Secondary Highway, No. 402, from a point near the easterly city limits of Monument to a junction with the Pendleton-John Day Highway, M.P. 14.42 to M.P. 35.85: Reduced load limit effective 8:00 a.m., March 26, 1956. Load limit removed 8:00 a.m., April 16, 1956.

28. Warner Valley Secondary Highway, No. 431, from the Fremont Highway junction to Adel, M.P. 0.00 to M.P. 28.26: Reduced load limit effective 8:00 a.m., March 26, 1956.

29. South Santiam Highway, No. 16, from Sheep Creek at M.P. 56.84 to junction with the North Santiam Highway at M.P. 75.23: Reduced load limit of 10,000 pounds gross weight, effective 8:00 a.m., April 10, 1956. Load limit removed 8:00 a.m., April 23, 1956.

30. Alsea Highway, No. 27: Load limit removed from M.P. 20.17 to M.P. 40.38 at 8:00 a.m., March 19, 1956.

31. Siletz Secondary Highway, No. 181: Load limit removed from M.P. 19.2 to M.P. 23.85 at 8:00 a.m., March 19, 1956, and from M.P. 17.49 at Chitwood Creek to M.P. 19.2 near Euchre Creek at 8:00 a.m., April 23, 1956.

32. Pendleton-John Day Highway from M.P. 23.7, at Nye Junction, to M.P. 111.3, approximately 11 miles north of John Day Highway: Load limit removed 8:00 a.m., April 16, 1956.

33. Wasco-Heppner Secondary Highway, No. 300, from M.P. 47.12, at Condon, to M.P. 80.0, at the junction with the Heppner-Spray Highway: Load limit removed at 8:00 a.m., April 16, 1956.

34. Weston-Elgin Secondary Highway, No. 330, from M.P. 0.25, at Weston, to M.P. 8.0, eight miles east of Weston: Reduced load limit removed at 8:00 a.m., April 16, 1956.

35. Pendleton-Cold Springs Highway, No. 36: Reduced load limit over the entire length of the highway removed at 8:00 a.m., April 13, 1956.

36. Athena-Holdman Secondary Highway, No. 334: Reduced load limit over the entire length of the highway removed at 8:00 a.m., April 13, 1956.

37. Havana-Helix Secondary Highway, No. 335: Reduced load limit over the entire length of the highway removed at 8:00 a.m., April 13, 1956.

38. John Day Highway, No. 5, from M.P. 1.66, south of Arlington, to M.P. 35.69, approximately two miles north of Condon: Load limit removed at 8:00 a.m., April 13, 1956.

39. Alsea Highway, No. 27, from M.P. 7.13, at the junction with Risley Creek Road, to M.P. 20.17, at the junction of Five Rivers County Road: Load limit removed at 8:00 a.m., April 23, 1956.

40. Crane-Scotts Butte Highway, No. 442, from M.P. 56.2 to M.P. 68.5: Load limit removed at 8:00 a.m., April 27, 1956.

The Engineer reported the placement of a temporary 25-mile per hour speed zone for eastbound traffic on the Ross Island Bridge from a point 1,000 feet west of the east end of the bridge to the east end of the bridge during the period of construction of the "on-ramp" which is expected to be completed in approximately two months. This action, he stated, was taken under authority previously granted by the Commission. The Commission accepted his report.

Continuation of the "shared tuition" plan for highway employees who wish to take specialized training courses relating to their work was requested by the Engineer. He recalled that the Commission approved the start of this plan on January 18, 1955, on a 50-50 basis, and he advised that the training courses have been coordinated by the Personnel Division with the Civil Service Commission and the Extension Service of the System of Higher Education. From January 1, 1955, to March 15, 1956, he said, eighty-one employees participated in specialized courses at a cost to the State of $626.50. The Commission approved continuation of this arrangement.

A report was presented by the Engineer concerning a request from an Oregon City delegation that more detailed information be shown on the sign boards at the North Salem Junction and the Tualatin Junction on the Portland-Salem Expressway. This request, he stated, was carefully investigated. In placing signs along freeways, it has been the policy, he stated, to follow the national practice of limiting to two names the destinations shown in one direction so that motorists can read them easily and without slowing down. The Oregon City proposal at the North Salem Junction suggests the use of four names and two mileage figures. He recommended that the existing signs, which show the names of Oregon City and Portland, remain as is. He also recommended that the second request for the addition of the names Oregon City, Mt. Hood, and Milwaukie on the sign at Tualatin Junction be denied. The Commission accepted his recommendations.

The Commission gave attention to a report from the Engineer concerning a request from Mt. Angel residents, submitted at a previous meeting, for improvement of the Hillsboro-Silverton Secondary Highway between Mt. Angel and Silverton. A reinvestigation, the Engineer stated, was made and no conditions were found different from those reported in 1953 when the matter was before the Commission, with the exception of increased costs. The 1953 estimate, he stated, was $240,000 which has now increased to $280,000. As secondary highway funds are very limited, he recommended that the improvement be deferred. The Commission accepted his recommendation.

A request from Mr. G. W. Hardman, Marketing Assistant of the Phillips Petroleum Company, for commercial access to US Highway 30 southeast of the City of La Grande was considered. The Engineer pointed out that the property was acquired without right of access and that the granting of commercial access would set a precedent which would be very harmful, and would be giving the Petroleum Company a valuable gift for no consideration. He recommended that the request be denied. The Commission deferred action in this matter pending the appearance of a delegation on the following day. (The Commission considered Mr. Hardman's request when he appeared on April 27, and after due consideration denied the request.)

The Engineer reported that in compliance with authority previously granted, he has approved the reclassification from Group II status to Group I status the southerly part of the Kings Valley Secondary Highway, No. 191, from M.P. 19.50 (Kings Valley) to M.P. 28.17 at the junction with the Corvallis-Newport Highway near Wren, and the entire length of the Albany-Lyons Secondary Highway No. 211. The reclassifications, he stated, were made only after conducting and observing successful test runs made by a 60-foot truck and trailer combination. The Commission accepted the report.

The Commission considered a report submitted by the Engineer concerning a request from the Portland Chapter of the Associated General Contractors for the holding of bid openings at more frequent intervals.

This matter, he stated, was discussed with the Chief Counsel who advised that there are no legal reasons why more frequent bid openings could not be held and that the Commissioners would not necessarily be required to attend such openings. In such instances the Engineer would refer the b ds to the Commissioners who would act on the award of contracts at the next regular Commission meeting. The Commission deferred action on the matter for the time being. An alternative would be to hold regular Commission meetings every three weeks. He recommended that if and when a larger highway program is undertaken, the plan of opening bids at the Salem office between regular Commission meetings in Portland be tried out. The Commission deferred action for further consideration.

Attention was given to a request from the Board of County Commissioners of Multnomah County for approval of a proposed sign to be erected on county roads. The Engineer stated that the Highway Commission has general supervision with respect to erection of traffic signs by local authorities, except in cities of more than 50,000 population, and that under the same statute, local authorities are barred from erecting any signs unless they have been approved by the State Highway Commission. The objection to the proposed sign is based entirely upon the inclusion of the words "County of Multnomah" with the name of the particular street. It has been the practice, he stated, to follow the policy established by the American Association of State Highway Officials, the Institute of Traffic Engineers, and the National Conference on Street and Highway Safety, but the proposed sign does not agree with this policy. He recommended that it be disapproved. The Commission deferred action on the matter pending the appearance of a delegation on the following day. (The delegation did not appear.)

Consideration was also given to a request submitted by the Salem Chamber of Commerce for a number of highway changes and improvements in the vicinity of Salem. The Engineer pointed out that a delegation is scheduled to appear before the Commission on the following day concerning these requests. The Commission deferred action pending the appearance of the delegation. (See delegation ahead.)

The Engineer presented a report concerning conversion of US30 between Boardman and Pendleton to a freeway status. He stated that it is intended to utilize the existing road for one-way traffic westbound and to construct a new facility for eastbound traffic when traffic conditions warrant such construction. In general the right of way width, he stated, will be 300 feet and the two traffic lanes will be divided. In this proposed construction, it will be necessary to construct a number of interchanges and frontage roads to eliminate existing accesses to the highway. He recommended that a location survey be adopted encompassing the proposed development and that authority be granted to acquire those areas where building construction is imminent. The Commission accepted his recommendation and thereupon adopted the attached resolution relative thereto marked EXHIBIT "J-1", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Commission considered items of unfinished business appearing on the Secretary's summary, dated March 2, 1956, as follows:

1. Request for signs on scenic drive in Hood River Valley: Action on this request was deferred pending Commission inspection. The item is to remain on the list of unfinished business.

2. Proposed gift of land by the Lloyd Corporation for park purposes on the Oregon Coast Highway north of Wedderburn: The Parks Superintendent recalled that the Lloyd Corporation had requested time until March 1, 1956 to reply but as yet no answer has been received from them. This item is to remain on the list of unfinished business.

3. Adoption of uniform policy concerning relocation of public facilities on right of way because of construction: Action was taken earlier in the day on a report submitted by the Chief Counsel. The item is to be removed from the list of unfinished business.

4. Request of Mt. Angel delegation for improvement of the Hillsboro-Silverton Secondary Highway between Mt. Angel and Silverton: This matter was considered in a report submitted by the Engineer earlier in the day and the Commission ordered the item deleted from the list of unfinished business.

5. Request of Baker delegation for improvement and reconstruction of roads in the vicinity of the proposed Snake River Dams near Robinette and Brownlee: The Engineer stated that it will be necessary for the legislature to define the status of highways involved in this area. The item is to be removed from the list of unfinished business.

6. Construction of access road to Owyhee Dam for recreational purposes: The Engineer recommended and the Commission approved deletion of this item from the list of unfinished business as action is pending by the Federal Government.

7. Sale of used equipment to governmental agencies: The Engineer stated that this matter has been discussed with officials of the Department of Finance and Administration as to whether such sales can be made to cities and counties without competitive bidding. The Chief Counsel pointed out that the law states that competitive bids shall be called for on sales of personal property by the State insofar as practicable, but in numerous instances it is not always practical to call for competitive bids. Mr. Johnson, Director of the Department of Finance and Administration, he said, has indicated that he would like to have the law clarified to define the State's position, but in the meantime he will give his permission to dispose of used equipment as has been done in the past. This item was ordered deleted from the list of unfinished business.

Unfinished Business-Cont.

8. Illumination of the Pacific Highway at the north edge of the city of Eugene: As instructed at the previous Commission meeting, the Engineer reported that he contacted the Eugene City officials as to City cooperation in the cost to provide such illumination within the city limits, but to date has received no definite reply although indications are that the City will contribute toward the expense when it has money available. This item is to be deleted from the list of unfinished business.

9. Dangerous intersection near Grand Ronde Hospital in the City of La Grande: The Engineer stated that investigation is under way but his report is not yet complete. The item is to remain on the list of unfinished business.

10. Request of Oregon City delegation for additional signs on the Portland-Salem Expressway at the Hayesville Junction north of Salem, and at the Tualatin Junction several miles north: This item was considered in a report submitted by the Engineer earlier in the day so was ordered deleted from the list of unfinished business.

Consideration was given to a request from Mr. R. J. Herrington, City Administrator of North Bend, for installation of traffic signals at the intersections of Virginia Avenue (Cape Arago Highway) with Meade and McPherson Avenues, and at the intersection of Sherman Avenue (Oregon Coast Highway) with California Avenue. The Engineer reported that an investigation disclosed that conditions at the two Virginia Avenue intersections do not meet standard warrants for signalization of urban intersections but the warrant is very closely approached at California Avenue. California Avenue, however, is but one block removed from an existing signal and installation of a signal at this intersection would cause traffic congestion because the spacing between the two intersections would be so short that it would be impossible to obtain progressive movement. In view of these conditions he recommended that the request be denied. The Commission adopted the recommendation.

Replacement of obsolete traffic signal controllers on the Pacific Highway in the City of Grants Pass was discussed. The Engineer explained that the existing controllers which were installed in 1949 at seven intersections are an obsolete type and very expensive to maintain. He recommended that they be replaced with modern control units at a total estimated cost of $3,500, the expense to be shared equally by the City and the State. State funds are to be obtained from the 1956 Minor Betterment Budget. The Commission accepted his recommendation.

The Engineer reported that a verbal request has been received from the Mayor of the City of Vale for installation of a flashing beacon at the intersection of Washington and Glenn Streets in Vale which is also the intersection of the Central Oregon and John Day Highways. A careful investigation was made by the Traffic Engineer, he said, and based upon the facts disclosed, it is his recommendation that a flashing beacon be installed at this intersection at an estimated cost of $500. The Commission approved the installation.

The Engineer also reported that a large number of requests have been received from city officials and others of McMinnville for the installation of traffic signals at the intersection of Baker Street (US99W) with 12th Street in McMinnville, and at the school crosswalk on Baker Street near the southerly edge of the city. This matter, he stated, was investigated by the Traffic Engineer and it was found that vehicular and pedestrian volumes at the two points do not meet standard warrants for the installation of traffic signals and school crossing signals. He recommended, in lieu of the signals, that overhead illuminated crosswalk signs be installed at these points at an estimated cost of $150 each, or a total of $300, with the understanding that the State will furnish the signs and the City will make the installation and will provide maintenance and electrical energy. The Commission approved the project as recommended as a 1956 minor betterment project.

Illumination of an intersection of a county road with the Pacific Highway at M.P. 313.74, south of Medford, was considered. This intersection, the Engineer stated, is the only intersection between Medford and Ashland that is not illuminated where opposing traffic is divided by a median strip. As the traffic volume at this intersection is approximately 10,000 vehicles per day, he recommended that the illumination be installed at an estimated cost of $3,000. The Commission approved the project for 1956 minor betterment funds.

The Engineer reported that illumination of the North Cottage Grove interchange on the Pacific Highway is now under contract but the illumination of the channelized interchange where this connection leaves the Pacific Highway at the north edge of Cottage Grove was not included. He estimated that approximately 2,500 vehicles per day will enter and leave the old highway at this point, and he recommended that the interchange be illuminated at an estimated cost of $3,500 using 1956 Minor Betterment funds. The Commission approved this project.

Illumination of the interchanges on the T. H. Banfield Expressway between 42nd Avenue and Troutdale was discussed. The Engineer pointed out that the volume of traffic makes it advisable to install the illumination as a safety proposition. It is contemplated, he stated, that lighting will be done only at critical points in conformance with practice that is being followed on the various sections of the Pacific Highway and the Portland-Salem Expressway. He recommended that illumination of this section be authorized for contracting at an estimated cost of $89,000, the cost to be paid with unallocated State construction moneys. The Commission accepted his recommendation.

Increases in project authorizations for several contracts was requested by the Engineer and approved by the Commission as follows:

1. An increase of $27,000 on the Louse Creek-Grants Pass Section of the Pacific Highway, Contract No. 4497, for seeding and mulching of slopes to prevent erosion.

2. An increase of $36,000 for the Barbur Boulevard-Boones Ferry Road Unit of the Portland-Salem Expressway, Contract No. 3957, because of placing wider and thicker pavement than was provided by the original contract.

3. An increase of $80,000 on the Shady-Booth Ranch Section of the Pacific Highway because of major slides in this section.

4. An increase of $36,000 on the Banks interchange project of the Wilson River Highway, Contract No. 4541, because of additional grading.

The Engineer presented a plan to relieve the congested traffic condition at West Slope on the Tualatin Valley Highway. This plan, he stated, involves building a turnout to enable traffic to cross directly through a traffic signal rather than make a left turn. Adjacent property owners, he added, have indicated a willingness to donate the necessary right of way. He recommended that authority be granted to negotiate for the necessary right of way, to be followed by construction which he estimated will cost about $5,000. The Commission app oved the project for construction as soon as the right of way condition has been clarified.

An expenditure of $7,000 was recommended by the Engineer for lowering the Blue Mountain Underpass which is an undercrossing of the Union Pacific Railroad on the Oregon-Washington Highway between Pendleton and Walla Walla to provide for 14-foot clearance. He recalled that the Commission previously approved lowering of the underpass just out of Pendleton to the same standard and he remarked that lowering of this underpass to provide for 14' clearance will permit 13'6" loads to operate over the entire Oregon-Washington Highway between Pendleton and Walla Walla. The Commission approved the project as recommended.

The Commission discussed a petition from residents of the Eastside District of Milton-Freewater requesting that the State take over as a state highway and pave, the Lincton Mountain Road from its junction with State Highway No. 204, near Tollgate, to the city limits of Milton-Freewater. The Engineer recalled that, in July, 1952, he made a report to the Commission on this same matter, following a request from the Walla Walla Chamber of Commerce. The reasons for denying the request at that time, he stated, are as valid now as they were in 1952, which reasons briefly, are (1) the high cost of construction which is estimated at $2,100,000, (2) the necessity to maintain and eventually improve the existing route from Tollgate to Weston, (3) the small amount of traffic that would use the requested road, and (4) the very low solvency quotient of 0.39. He recommended that the request again be denied. The Commission approved his recommendation.

Attention was given to a letter from the Cloverdale Farm Bureau, Creswell, Oregon, for improvement of the Springfield-Creswell Secondary Highway between Creswell and the Willamette Highway. This section of highway, the Engineer commented, has long been a source of complaint. It is unoiled and very difficult to maintain in a satisfactory condition. Improvement, however, is quite costly, approximating $420,000, and funds are not available to finance it. He recommended that the petitioners be advised that the need of improvement is recognized and that the project will be given consideration in the preparation of future secondary highway programs. His recommendation was accepted by the Commission.

Consideration was given to a petition containing several hundred signatures submitted by Mr. W. L. Harris of Reedsport, Business Manager of Local 140, C.I.O., requesting construction of guardrail along the Siuslaw Highway between Florence and Swisshome wherever the highway is within 30 feet of the Siuslaw River. A very careful investigation was made, the Engineer stated, and to comply with the request will cost approximately $83,555. A study of the accidents occurring in this section revealed that 80 per cent of all of the fatalities occurred along a section of highway between M.P. 10.68 and M.P. 11.08. He recommended construction of 2,150 lineal feet of guard fence on this section, at an estimated cost of $5,500. The Commission approved such project.

A petition was considered from the Grant County Court requesting improvement of the road between Long Creek and Round Basin by contract in 1956. The Engineer advised that this project is on the Kimberly-Long Creek Secondary Highway. He pointed out that no funds are available to finance it now and and he recommended that the petitioners be so advised. The Commission accepted the recommendation.

The Commission gave attention to a number of letters urging construction in 1956 of the entire section of US395 between Pendleton and Pilot Rock. The Commission deferred action on this matter until later in the meeting. (The Commission approved the project later for Federal funds accumulated as a result of contract under-runs. See additional entry ahead.)

The Engineer reported that under authority previously granted by the Commission, he conducted surveys of a number of highway sections for relocation or reconstruction of those sections. In each instance, he stated, careful consideration was given to all feasible routes and the routes or locations finally selected were made to provide the greatest amount of good to the traveling public commensurate with the cost of construction. He recommended approval of the following surveys:

1. South Unit of the Kellogg Bridge-Tyee Bridge Section of the Elkton-Sutherlin Highway in Douglas County.

2. Sandy-Forest Boundary Section of the Mt. Hood Highway in Clackamas County.

3. North Jefferson Junction-Albany Section of the Pacific Highway East in Linn and Marion Counties.

4. South River Road Junction (Milwaukie) Section of the Pacific Highway East in Clackamas County.

The Commission approved the surveys as recommended by the Engineer by adopting the attached resolutions relative thereto marked EXHIBIT "J-1" and EXHIBIT "J-2", which resolutions by this reference are made a part hereof, with like effect as though extended in full herein. The Commission also authorized immediate negotiations to acquire right of way needed for each project.

Confirmation was requested by the Engineer of telephonic approval given him by the Commission for the placing of a wire fence on the T. H. Banfield Expressway to prevent motorists from making "U" turns. He explained that there is an increasing tendency on the part of motorists to drive across the dividing strip into the opposing lane of traffic, which practice is not only destructive to the landscaped area but also is extremely hazardous to the traveling public. He proposed to install a woven wire fence attached to steel posts between 122nd Avenue and Sundial, at an estimated cost of $12,000. The Commission confirmed the project.

Upon the Engineer's favorable recommendation, the Commission also approved an expenditure of $12,000 for installation of drainage facilities upon the T. H. Banfield Expressway for a distance of approximately 4,800 feet between Fairview and Sundial.

Attention was given to a petition submitted by residents of Estacada and vicinity for improvement of the Milwaukie-Estacada Secondary Highway near Currinsville, about three miles north and west of Estacada. An investigation, the Engineer stated, disclosed that this highway carries approximately 1,750 vehicles daily, of which a large number are log trucks. Also, there are three sharp curves in the 0.6 mile section on which improvement has been requested. The section, he stated, merits improvement but no funds are available at this time and he suggested that the project be given high priority in future allocation of secondary funds in Division I. The Commission accepted his recommendation.

The Commission considered a letter from Mr. Earl R. Middleton of Echo, regarding a bad curve on the road connecting Echo with US30. The Engineer reported that a reconnaissance survey had been made on this section between Echo and Stanfield Junction in 1954, and it was determined that to eliminate the two sharp curves and narrow bridges would require construction of 0.65 mile of new highway at a cost of $52,000. There are no funds available for this project and he suggested in view thereof that it be given careful consideration in the formulation of the next highway program. The Commission accepted the recommendation, it being understood that the work will be done as soon as possible when it can be financed.

Attention was given to a form of agreement with the Bureau of Public Roads for construction of a special detour road around a Bureau contract on the Umpqua Highway between Reedsport and Scottsburg. The Engineer stated that in removing riprap material from a rock cut traffic had been seriously inconvenienced. In a conference with Bureau officials and the contractor it was agreed to construct a detour at an estimated cost of $8,500. The contractor, Howard Hinsdale, has agreed to pay $6,000 of this total, provided the State will pay the balance, $2,500. He recommended that the agreement be approved. The Commission approved the agreement.

Construction of an interchange with the new Pacific Highway to provide access to and from the south only for the City of Oakland was discussed. The Engineer recalled that at the Commission meeting in November, 1955, construction of an interchange had been approved at Cemetery Road. Subsequently citizens of Oakland had urged that the interchange should be constructed at Stearns Road, about one-half mile south of Cemetery Road. An investigation was made, he stated, and it was determined that more benefits could be obtained at the Stearns Road location and that it could be constructed for approximately $61,000 whereas the estimated cost at Cemetery Road is $67,000. In view of these facts and as the City of Oakland and the Douglas County Court have indicated that they have no preference, he recommended that the interchange be constructed at the Stearns Road intersection. The Commission approved the project as recommended.

The Engineer reported that the Portland General Electric Company in connection with construction of the Pelton Dam on the Deschutes River has requested an access road connection to the Warm Springs Highway near M.P. 107.75. The access road will be used by construction workers and by trucks hauling materials to the dam site. Also, after the dam is completed, the road is expected to carry a considerable volume of fishermen, picnickers and other recreational traffic. The expected volume of traffic on the access road and the present traffic on the Warm Springs Highway, he stated, is such that special intersectional treatment will be necessary, including channelization, left-turn refuge lanes, and illumination, at a total estimated cost of $42,000. Within this section plans have been made to construct a climbing lane estimated to cost $8,000 which will be included in this project. The Portland General Electric Company has agreed to assume the cost and do all grading, furnishing and placing of base rock and leveling course, and to furnish free power for the illumination system. The State will do the paving, channelization, and install the illumination system. This work would cost the State approximately $11,000. In view of the fact that the State will save the expenditure of $8,000 in the climbing lane, and the power furnished for illumination will amount to approximately $600 annually, he recommended that an approach road permit be issued to the Portland General Electric Company.

In the discussion that followed, the Chief Counsel advised that the Attorney General had raised a question as to the legality of the dam construction, contending that the Power Company does not have proper au-

thority to construct the dam. The Engineer pointed out that the Highway Commission has nothing to do with construction of the dam and its consideration in this matter is solely for the benefit and safety of the traveling public at the road intersection. The Commission unanimously approved issuance of a road approach permit to the Power Company as recommended by the Engineer upon motion by Commissioner Reynolds, seconded by Commissioner McIver.

Proposed additions to the Federal-aid Secondary Road System were presented by the Engineer who stated that with the exception of Deschutes County the proposed additions are composed of sections of former Federal-aid Primary Routes which have been relocated. He recommended and the Commission approved additions as follows:

Columbia County-FAS 689-10.2 miles, from FAP Route 1 (Columbia River Highway) at Clatskanie, easterly to FAP Route 1 at Delena. This is the old route of the Columbia River Highway.

Deschutes County-FAS 690 (Wilcox County Road)-2 miles, from FAP 4, The Dalles-California Highway approximately 2.2 miles north of Redmond, thence westerly, southerly and easterly to FAP 4, approximately 0.7 mile north of the north city limits of Redmond.

Deschutes County-FAS 691 (Ward County Road)-4.8 miles, from FAP 21, Central Oregon Highway approximately 2 miles east of Bend, thence southerly and easterly to proposed FAS 692.

Deschutes County-FAS 692 (Arnold and Geaney County Roads)-11.4 miles, from FAP 21, Central Oregon Highway approximately 1 mile east of Bend, thence southerly, easterly and northerly to FAP 21, approximately 4.5 miles east of Bend.

Deschutes County-FAS 693 (White Rock Loop)-2.8 miles, from FAS 324, Cline Falls State Highway approximately 3.5 miles north of Tumalo, thence easterly, southerly and westerly to FAS 324, approximately 2.5 miles north of Tumalo.

Deschutes County-FAS 694-3.8 miles, from FAS 329 approximately 1 mile northwest of Tumalo, thence southwesterly to a county road junction, approximately 1 mile east of the Tumalo Reservoir.

Hood River County-FAS 115-2.4 miles. To extend FAS 115, Mt. Hood Highway, from its junction with the former route of FAP 1, Columbia River Highway immediately east of Hood River, thence westerly along the former route of FAP 1 through the City of Hood River, to a junction with the present route of FAP 1, west of the City of Hood River.

Jackson County-FAS 271-2.4 miles. To extend FAS 271, Sams Valley Highway, from its junction with the former route of FAP 3, Pacific Highway, in Gold Hill westerly along the former route of FAP 3 to a junction with the present route of FAP 3 at Rock Point, and from its junction

with the former route of FAP 3 in Gold Hill, southeasterly to the present route of FAP 3 at the Gold Hill Interchange.

Wasco County-FAS 695-15.4 miles, from FAP route 1, Columbia River Highway at Mosier, thence easterly via Rowena Loops to FAP Route 1, west of The Dalles. This is the former route of the Columbia River Highway and has been designated as the Mosier-The Dalles State Secondary Highway.

The Engineer presented a tabulation showing the status of 1956-1957 County Federal-aid Secondary Funds as of April 2, 1956, and also a list of additional proposed projects in Deschutes County, totaling $68,000. He recommended that the Commission approve the following additional projects leaving an unprogrammed balance of $128,000.

County	FAS Hwy. No.	Section & Description	Programmed Amount
Deschutes	690	Wilcox Road Section, 2 miles. Oil mat.	$ 8,500
	691	Middle Unit, Ward Road Section 2.2 miles. Oil mat.	$ 9,500
	692	Knot Road-Ward Road Section, 5.2 miles. Oil mat.	$22,000
	693	White Rock Loop Section, 2.8 miles. Oil mat.	$12,000
	694	Gerking Road-Reservoir Road Section, 3.8 miles. Oil mat	$16,000
		Subtotal, Deschutes County. . .	$68,000

SUMMARY, FISCAL YEARS 1956 & 1957 FUNDS

Available Funds	$6,200,000
Previously Approved*	6,004,000*
Unprogrammed Balance*	$ 196,000*
Proposed Projects 4/2/56	68,000
Unprogrammed Balance	$ 128,000

* These are revised totals from "Status, 1956 & 1957 County FAS Funds" tabulation dated April 2, 1956.

The Commission approved the projects as listed.

April 26, 1956

A request from the City of Ontario for widening of the Old Oregon Trail to 44' for a distance of 2,000 feet in front of and near the Catholic Hospital was presented by the Engineer. The City, he stated, has agreed to install curbs and gutters by contract at an estimated cost of $9,650, which is approximately one-third of the total estimated cost of $27,250. He recommended approval of the pavement widening project by contract at an estimated cost of $17,600, and that an agreement be entered into outlining the responsibilities and obligations of the City and the State. The Commission approved the project and the form of agreement which the Engineer presented.

A request was considered from the City of Florence that the Oregon Coast Highway be made a four-lane facility, with curbs and necessary drainage northerly from the end of the existing four-lane section at the junction of the Siuslaw Highway to the city limits, a distance of approximately 0.8 mile. The Engineer reported that an investigation discloses that the project would cost approximately $205,000 and that the volume of traffic which would use the section does not warrant a four-lane facility. He recommended that the project be denied until such time as the City is able to participate in the project for at least 25 per cent of the total cost. The Commission accepted his recommendation.

The Engineer reported that Multnomah County is constructing a county road extension to East Burnside Street which will intersect the Mt. Hood Highway about one mile east of Gresham. When the extension is completed, it is estimated that at least 50 per cent of the traffic will be diverted from the state highway to the county road. To protect traffic it will be necessary to channelize, signalize, and illuminate the intersection at a cost of approximately $36,000. The County, he said, has already expended $18,000 for grading and paving under a contract now under way; also, an agreement has been reached with the County whereby the County will cooperate in the cost of signals and illumination to the extent of $6,000, and will maintain and furnish electrical energy for the signals and the luminaires after installation. The cost of the project under this arrangement, he stated, would be $12,000 to the State and $24,000 to the County. He recommended that an agreement be entered into with the County on the basis outlined. The Commission accepted his recommendation.

Attention was given by the Commission to a request submitted by Robert Penland, Publisher of the "Heppner Gazette Times", for improvements to the Heppner-Spray Secondary Highway, particularly a section near the mouth of Chapin Creek between Heppner and Spray. The Engineer pointed out that the road suffered considerable damage during the spring thaw but is being put back in normal condition as rapidly as is possible. He also said that the road is narrow and carries an average daily traffic of less than 100 vehicles. He recommended that extra maintenance measures be undertaken to put the road in as good shape as possible as no money is available now for oiling as requested by the petitioners. The Commission approved his recommendation.

Attention was also given to a petition submitted by residents of Roseburg and others requesting construction of a turnoff from the US99 Freeway immediately south of Roseburg where the new freeway crosses over the old Pacific Highway. The Engineer stated that an investigation indicated that approximately 260 vehicles per day would use the turnoff were it provided, and that the turnoff would save approximately two miles of travel distance for the users. He estimated the cost of construction at $21,000 and recommended that the project be performed by the contractor who is now surfacing and paving the Shady-Booth Ranch Section. The Commission approved the project as recommended and authorized an increase of $21,000 in the Shady-Booth Ranch Contract, No. 4548, to finance it.

The Engineer reported that a number of cities and towns have satisfied the legal requirements with respect to expenditure of State Tax Street Funds accrued to them during the first half of 1954, the second half of 1954, and the second half of 1955, and that the plans for the projects proposed have been examined and found satisfactory as follows:

For Funds Accrued during First Half of 1954:

Dayton	$ 2,047.34

For Funds Accrued during Second Half of 1954:

Halsey	$ 1,364.62
Stanfield	2,971.92

For Funds Accrued during Second Half of 1955:

Corvallis	$60,649.08
Ione	1,005.04
Mitchell	1,552.99
Monument	853.21
North Powder	1,508.09
Seaside	14,542.01
Yamhill	2,017.02

He recommended approval of the plans. The Commission accepted the recommendation by adopting the attached resolution relative thereto, marked EXHIBIT "E", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Commission considered and upon recommendation of the Engineer, granted extensions of time within which to complete state highway contracts as follows:

1. Calkins Crushing Company, Contract No. 4524, for grading and surfacing the Coast Highway-Forest Boundary Section of the Elk River Road Highway in Curry and Coos Counties, requested an extension of time from January 1, 1956 to March 1, 1956. Approved as recommended.

2. Hamilton and Thoms, Contract No. 4401, for construction of Calapooya Overflow Bridge Replacement on the Pacific Highway East in Linn County, requested an extension of time from November 30, 1955 to December 16, 1955. Approved to December 13, 1955, the actual completion date of the contract.

3. Steeck Electric Company, Contract No. 4574, for installation of traffic signals at Medford on the Pacific Highway in Jackson County, requested an extension of time from March 31, 1956 to May 31, 1956. Approved as recommended.

4. L. B. Read, Contract No. 4333, for construction of the Blodgett Overcrossing and grading and paving on Corvallis-Newport Highway in Benton County, requested an additional extension of time from November 30, 1955 to August 1, 1956. Approved as recommended.

5. Cherveny Construction Co., Contract No. 4390, for construction of the Halsey Street Connection Undercrossing on T. H. Banfield Expressway in Multnomah County, requested an extension of time from October 31, 1955 to June 30, 1956. Approved to March 29, 1956, the actual completion date of the contract.

6. Berke Bros. & C. R. O'Neil, Contract No. 4223, for grading the Booth Ranch Unit, Shady-Canyonville Section of the Pacific Highway in Douglas County, requested an extension of time from October 15, 1955 to February 20, 1956. Extension granted but the contractor is to be charged for the engineering costs incurred after October 15, 1955, the specified completion date, excluding the cost of preparation of the final records which should not be assessed against him.

7. T. W. Thomas, Contract No. 4530, for construction of a guardrail on the Divide-Rice Hill Section of the Pacific Highway in Douglas County, requested an extension of time from January 31, 1956 to April 30, 1956. Approved to and including April 9, 1956, the actual completion date of the contract.

8. C. J. Eldon, Contract No. 4469, for construction of the Deschutes River Bridge on the McKenzie Highway in Deschutes County, requested an extension of time from May 1, 1956 to June 30, 1956. Approved as recommended.

FOOTNOTE: The action taken by the State Highway Commission upon the extensions of time within which to complete the highway contracts listed above was based upon the recommendation of the Engineer and his reports which considered but did not necessarily adopt either or any of the reasons given by the contractors in their requests for such extensions of time. For details regarding these extensions of time, see copies of the contractors' requests and the Engineer's recommendations on file in the respective contracts in the Secretary's office.

The Engineer reported that Contracts Nos. 4075, 4224, 4246, 4390, 4401, 4500, 4511, 4518, 4524, 4538 and 4551 for highway construction have been completed according to the requirements of the contracts or modifications thereof, and that said contracts are now ready for acceptance by the Commission. After due consideration, the Commission accepted said contracts by adopting the attached resolution relative thereto, marked EXHIBIT "G", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

Authority was requested by the Engineer for an expenditure of $41,000 for reconstruction on US99W at Durham Road, a short distance south of the town of Tigard. He explained that when the highway was rebuilt to a four-lane divided section a new highway was provided for southbound traffic and northbound traffic was routed over the old highway. The old highway, he said, has considerable vertical curvature which is particularly severe near the Durham Road, to the extent that sight distance is restricted to about 200 feet. A new union high school has been constructed on Durham Road and school buses use the intersection. The only remedy to afford safety is to reconstruct the old highway for a distance of about one-third mile to eliminate the excessive vertical curvature. The Commission granted authority to proceed with the project, with bids to be received at the next Commission meeting.

Consideration was given to a request submitted by Mrs. Agnes Hawkins, Secretary of the Yachats Chamber of Commerce, for footpath construction along the Oregon Coast Highway in that community. An investigation was made by the Traffic Engineer, the Engineer stated, which investigation revealed that during a normal day only three persons walked along the highway in the vicinity of the Yachats River Bridge, whereas north of this point through the community proper the count was 155. The relative warrant for construction of the footpath, he stated, is slightly below the normal warrant value of 1.00. He estimated the cost of the project at $11,500 and he pointed out there is a possibility of revising the highway location in the not distant future. In view of these findings he recommended that the request be denied. The Commission adopted the recommendation.

The Engineer requested authority to conduct an aerial survey on a 23-mile section of the Old Oregon Trail between Nelson, which is about 4 miles southeast of Durkee, and the junction of the existing highway with the new Ontario Highway cutoff near Olds Ferry. This section, he stated, will be a very difficult piece of location due to the narrowness of the Burnt River Canyon and its occupancy by the highway and the railroad. He estimated the cost of the aerial survey at $28,000 and he recommended that authority be granted him to call for bids for the survey at the next Commission meeting. The Commission granted the authority as requested.

The Engineer also requested authority to conduct a survey on The Dalles-California Highway in the City of Bend from Franklin Street to the south city limits. He stated that the City wishes to construct curbs and

sidewalks at city expense which construction will decrease the ultimate cost of widening the highway to a four-lane facility and will also insure that the curbs and sidewalks as constructed by the City will be at the proper elevation and location. The cost of the survey he estimated at $6,600. The Commission authorized the survey.

Attention was given to a request from the Umatilla County Court for reconsideration of the County's previous request for elimination of sharp curves on the Havana-Helix Secondary Highway. The Engineer recalled that this matter was considered by the Commission at the meeting held on March 1 and 2 and was denied as not being warranted at this time. Conditions have not changed since that time and the curves of 12° and 8° are not unusually severe. Upon his adverse recommendation, the Commission again denied the request.

The Commission discussed with the Engineer a program for federal funds that have accumulated as a result of underruns on contract projects, totaling $1,700,000 of which $676,000 is state match money. The Engineer explained that three classes of federal funds are involved, viz: Primary Federal-aid Funds in the amount of $1,400,000; Urban Federal-aid Funds in the amount of $120,000; and Secondary Federal-aid Funds totaling $180,000. He presented a program for the funds available and advised that the distribution of funds shown therein approximates very closely the distribution of funds according to standard formula for the five divisions within the State. He recommended approval of the program as follows:

SUPPLEMENTARY 1956 PROGRAM

$1,700,000

	Highway	Section	Type Work	Length	Preliminary Est. or Allocation
		DIVISION I			
		None			
		DIVISION II			
Secondary	Siletz	Siletz-Camp 12	G.P.	0.9	$ 130,000
Urban	12th Street	Union Street-Bellvue St.	G.P.		130,000
		DIVISION III			
Primary	Pacific	Louse Creek-Grants Pass	P.	3.10	325,000
Urban	Pacific	North Ashland (44' or 46' Width)	G.P.	0.5+	130,000 1/

SUPPLEMENTARY 1956 PROGRAM-Cont.

Highway	Section	Type Work	Length	Preliminary Est. or Allocation
	DIVISION IV			
	None			
	DIVISION V			
Primary	Pendleton-John Day S. Unit Pendleton-Pilot Rock	G.P.	3.50	$ 400,000
	N. Unit Pendleton-Pilot Rock	G.P.S.	5.06	470,000
Primary	Central Oregon Juntura-Vale, Section to be selected	G.P.	—	180,000
				$1,765,000

1/ From Division 3 reserve of $185,000 in 1957 Urban Program

As a result of careful consideration the Commission approved the program as presented.

Consideration was given to a request from Donald F. Bach, Eugene, for designation of a crosswalk area on McVay Highway in Glenwood east of Eugene, and for reduction of the indicated speed in this area from 40 to 20 miles per hour. This matter, the Engineer stated, was investigated by the Traffic Engineer and the findings disclosed that a crosswalk would be inadvisable due to the adult age of pedestrians who would use it and lack of a well defined crossing. The investigation also disclosed that the prevailing speeds of vehicles in this area indicate that the present 40-mile per hour speed restriction is reasonable and realistic. He recommended that both requests be denied but that "Look Out for Pedestrians Ahead" signs be installed at M.P. 0.37 and M.P. 0.54, facing southbound and northbound traffic, respectively. The Commission accepted his recommendation.

Also considered was a request from Verne Stratton, Astoria, for extension of an existing 45-mile per hour speed zone on the Oregon Coast Highway near Camp Clatsop. This request was investigated by the Traffic Engineer and, based on the findings, the Engineer recommended that the

45-mile per hour speed zone be extended from a point 0.57 mile south of the railroad crossing at Skipanon, M.P. 10.36, to the intersection of the county road north of Camp Clatsop, M.P. 10.90. This extension, he stated, will provide a continuous 45-mile per hour speed zone between M.P. 10.36 and M.P. 11.57. The Commission accepted his recommendation by adopting the attached resolution relative thereto, marked EXHIBIT H-1 , which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

A petition was submitted by the Elmira Parent Teachers Club requesting a reduced speed zone designation on the Territorial Secondary Highway in the community of Elmira west of Eugene. This request, the Engineer stated, was investigated by the Traffic Engineer and from the facts disclosed it is his recommendation that a 35-mile per hour speed zone be established from a point 100 feet north of Fir Grove Lane, M.P. 18.14, to a point 100 feet south of the Long Tom River, M.P. 18.85, except that between M.P. 18.21 and M.P. 18.64 the indicated speed shall be 20 miles per hour during the hours of school crossings. The Commission accepted the recommendation by adopting the attached resolution relative thereto marked EXHIBIT "H-2 , which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

In this connection the Engineer reported that at the present time southbound traffic on the Territorial Highway is required to stop at its intersection with the Richardson-Eugene Secondary Highway. Investigation discloses that traffic volumes have changed so that the stop indication is now improperly located. He recommended that the action of August 21 and 22, 1950, establishing the Territorial Secondary Highway as a through-stop highway, be revised by deleting the following order:"Southbound traffic on Road No. 200, Territorial Highway, shall stop at its intersection with Road No. 220, Richardson-Eugene Highway, in Elmira." The Commission accepted the recommendation by adopting the attached resolution relative thereto, marked EXHIBIT "H-3 , which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Commission considered a request from Charles B. Wilson, President of the Lebanon Safety Council, for a reduction of the existing 45-mile per hour indicated speed to 25 miles per hour on the Santiam Highway just north of Lebanon. The Engineer reported that this matter was investigated by the Traffic Engineer and from the findings it is his recommendation that the request for a 25-mile per hour speed zone be denied and that a 40-mile per hour speed zone be established between a point 0.11 mile north of the north city limits of Lebanon, M.P. 12.42, and the north city limits of Lebanon, M.P. 12.53. This action, he added, will rescind the previous action taken by the Commission on April 8, 1953. The Commission accepted his recommendation by adopting the attached resolution relative thereto, marked EXHIBIT "H-4 , which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Engineer reported a request from the Columbia County Court that the steel truss in the bridge that is now being replaced over the Nehalem River on the Nehalem Secondary Highway at Birkenfeld be turned over to the County when the new bridge is completed. This span, he stated, is of no value for state highway purposes and he recommended that it be given to the County when the new bridge is completed, particularly in view of the fact that the County paid for it in the first instance. The Commission adopted the Engineer's recommendation.

The Engineer also reported that a similar request has been received from the Josephine County Court, that the existing structures over the East Fork Illinois River and the West Fork Illinois River on the Redwood Highway be given to the County when the new structures are completed. These bridges, he stated, have a 17-foot roadway and are not suitable for state highway purposes. Also, the estimated cost to remove them is more than any salvage value that might be secured. He recommended that the two bridges be given to Josephine County when the new structures are completed and the road open to traffic, on condition that the County shall remove all material of the existing bridges from the site, including the timber approaches, and shall demolish the existing piers to the ground line at County expense. The Commission approved the recommendation.

The Engineer recalled that the Commission at its meeting on March 1, 1956 approved sale of an old steel truss stock-piled at Blackwell Hill near Medford to the School Board at Canyonville for the sum of $2,348.50. It now appears, he said, that the School Board purchased the bridge without examining the site where it was to be used and without accurate knowledge of the type of bridge they were buying. They now find that they cannot use the structure and have asked that their deposit be refunded. He recommended that the sale be cancelled and that their money be returned. The Commission approved the recommendation.

Damage to a plastic cable which serves the City of Portland street-lighting project on Harbor Drive in the vicinity of Arthur Street was reported by the Engineer. A bridge maintenance crew on February 21, 1956 in repairing the concrete median strip damaged the cable and the Portland General Electric Company has submitted an itemized statement in the sum of $32.94 representing the cost of repairs. He recommended payment of the claim. The Commission approved the payment of such sum.

The Engineer reported that it had been brought to his attention that the shoulder parking of cars on the Pacific Highway in the community of Dillard causes a hazard to the traveling public and interferes with shoulder maintenance. An investigation was conducted which disclosed that there were 29 reported accidents in this section between January 1, 1951 and December 31, 1955, eighteen of which may have been caused by shoulder parking. In view of the findings disclosed by the investigation, he recommended that shoulder parking of cars be prohibited on both sides of the Pacific Highway between M.P. 208.72 (Engineer's Station 1090+67) and M.P. 208.97 (Engineer's Station 1078+00). The Commission approved such parking restriction by adopting the attached resolution relative thereto, marked EXHIBIT "I", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Commission gave attention to a letter from J. H. Sroufe, President of the Portland City Planning Commission, requesting that McLoughlin Boulevard (US99E) be designated a throughway between Powell Boulevard and the Milwaukie Avenue overpass. The Engineer advised that nothing would be gained by such designation unless all access rights were acquired. Long-range studies, he said, indicate that the section may be improved to expressway standards but not as a complete freeway, and that purchase of all access rights would involve an expenditure far greater than benefits to be received. He recommended that the request be denied. The recommendation was approved by the Commission.

The Engineer reported that an agreement has been reached with Douglas County providing that Douglas County will take over certain portions of the old section of the Elbow Lake-Gardiner Section of the Oregon Coast Highway when the new section is completed and opened to traffic. He also reported that construction of the new section has been completed and opened to traffic, and he recommended that the agreement with the County be made effective. The Commission approved the agreement and also adopted the attached resolution relative thereto, marked EXHIBIT "F-1", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

The Engineer reported that construction of a new section of highway known as the Crabtree Bridge Section of the Albany-Lyons Secondary No. 211, in Linn County, has been completed and is now open for public travel. The right of way of the old section, he stated, no longer is needed for highway purposes and he recommended that it be abandoned to the abutting property owners. The Commission approved the recommendation by adopting the attached resolution relative thereto, marked EXHIBIT "F-2", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

Consideration was given to an abandonment agreement with Umatilla County concerning the disposition of an old section of the Havana-Helix Secondary Highway No. 335, known as the Havana Section. This agreement, the Engineer stated, provides that the County shall take over the old section of highway when the new section is completed, parts of the old section to be maintained by the County as a county road, and parts to revert to the abutting property owners. The Commission approved the agreement, following the Engineer's favorable recommendation.

An agreement form with the Oregon-Washington Railroad Navigation Company, Union Pacific Railroad Company, Southern Pacific Company, and the State of Oregon concerning a sewer easement at the Burnside Bridge on the T. H. Banfield Expressway in Portland was considered. The Engineer explained that the easement provides for use of railroad property for a sewer to be constructed by the State. Upon his favorable recommendation, the Commission approved the agreement.

The Engineer requested authority to purchase a Kelsh plotter and photo lab equipment at an estimated cost of $15,000. He pointed out that Mr. Forrest Cooper, Construction Engineer, recommends the purchase of

this equipment to facilitate development of state highway plans. It was his feeling that the equipment would pay for itself in a relatively short period of time. The Commission authorized the purchase of the equipment and also authorized the Engineer to select and train an operator when the equipment is received. The Engineer also commented that another recommendation made by Mr. Cooper was to investigate a new method of determining cut and fill quantities called "horizontal slice method of earthwork computation". To determine the merits of this innovation, he recommended that a member of the Construction Division be authorized to go to California to observe the operation of this method at an estimated cost of $150. The Commission authorized the trip.

The Commission gave attention to correspondence from the North Clackamas Chamber of Commerce, protesting the State's acquisition of additional land in Milwaukie Industrial Park, formerly known as Kellogg Park adjacent to US99E north of Milwaukie. Their protest was based upon the scarcity of industrial property in this area, upon the large amount of property presently owned by governmental agencies and the subsequent loss of tax monies, plus the point that industrial use of the land would provide employment for more people than would be the case were the property owned by governmental agencies. The Engineer pointed out that negotiations have been under way for about two years with the Federal Government to obtain additional land at this point which has been delcared surplus and will be sold at public auction. The present facilities at the Milwaukie Division headquarters are badly congested and there is no room to expand unless the additional land is acquired. He presented a map showing the existing holdings and the area proposed to be acquired and he recommended that negotiations be continued as rapidly as possible to acquire the property, consisting of approximately 10 acres. The Commission approved the recommendation.

(A delegation which appeared on the following day to protest acquisition of this land were informed that the Commission needs the land to conduct its operations and that negotiations would be continued to acquire it.)

The Commission authorized its Chairman, Mr. Ben R. Chandler, and the Engineer, Mr. R. H. Baldock, to attend a meeting of the "President's Committee for Traffic Safety" in San Francisco, May 31 and June 1, at an estimated cost of $275.

Consideration was given to a request from the State Game Commission for public access to the John Day Highway at three different locations between the Cities of John Day and Mt. Vernon. The Engineer explained that the State Game Commission plans to stock with fish several pools caused by dredging operations along the John Day River. At two of the locations requested, he said, there are existing access points with no restrictions as to use. The third access would involve a private hauling road that the State acquired to reach a gravel pit. He recommended that access be granted as requested on the first two points but that the request for access from the State's private hauling road be denied. The Commission accepted the recommendation.

Attention was given to a form of license agreement with Pacific Power & Light Company covering installation of a mercury-vapor street-lighting unit at Trent Junction on the Willamette Highway in Lane County. The Engineer explained briefly that the license allows the Company to install, operate, and maintain one luminaire unit on the right of way of the Willamette Highway at Trent Junction, at the sole expense of the Power Company; also, that the State assumes no responsibility for the maintenance of the unit or the electrical current necessary to operate it. The Commission approved the installation, following favorable recommendation by the Engineer.

The Commission approved the Secretary's report on papers signed by him in behalf of the Commission from February 29 through April 20, 1956.

The Commission discussed a date for its next regular meeting and decided to hold such meeting in Portland on Monday and Tuesday, June 4 and 5, 1956. The Secretary was instructed to make the usual arrangements for use of the Queens Room in the Imperial Hotel.

The Engineer recommended and the Commission approved out-of-state travel expense for the following personnel:

1. R. B. Sipprell, to attend meeting of the Western Interstate Committee on Highway Policy Problems, Council of State Governments, in San Francisco, June 8 and 9 at an estimated cost of $135.

2. P. M. Stephenson, Bridge Engineer, to attend the Western Regional Meeting of the AASHO Bridge Committee, in Salt Lake City, Utah, June 18 and 19, at an estimated cost of $120.

3. G. S. Paxson, Assistant State Highway Engineer, to attend four regional meetings of the AASHO as National Chairman of the Bridge Committee, at Baltimore, Maryland; Birmingham, Alabama; Milwaukee, Wisconsin; and Salt Lake City, Utah. The American Association of State Highway Officials will pay his expenses at the three eastern meetings. The Engineer recommended that Mr. Paxson be allowed expenses in the amount of $35 for the western meeting at Salt Lake City, June 18 and 19, 1956, and $20 for one day in Washington, D. C., prior to the Baltimore meeting, as a member of the AASHO Concrete Pavement Committee.

A form of agreement with the City of Hillsboro covering the moving of water distribution facilities on the Hillsboro-Cornelius Section of the Tualatin Valley Highway was discussed. The Engineer explained that the facilities are owned by the City of Hillsboro and in connection with construction on this section it will be necessary to revise the system. The work, he said, is to be performed by the City which is to be reimbursed by the State for an amount not to exceed $4,558.55. The Commission approved the agreement.

The Commission gave consideration to two permit agreements, one executed with Mr. and Mrs. Charles S. Zimmerman, and one with Mr. and Mrs. Don G. Betson of Tiller, Oregon, covering encroachment of their fences on the right of way of the Tiller-Trail Highway. The Engineer explained that a child was killed by a motor vehicle in Tiller last fall and the above-mentioned parties constructed a fence for the protection of their children, the fence encroaching on highway right of way. The encroachment, however, does not interfere with highway use and he recommended that the permit forms which have been prepared on a 30-day revocable basis be approved. The Commission approved the permits.

A request from County Judge Tom F. Skelton, Lincoln County, for authority to connect a proposed county road with the Corvallis-Newport Highway at approximately the east city limits of Newport was discussed. The Engineer commented that the request is the culmination of planning on the part of the Yaquina Bay Dock & Dredge Company, the Port of Newport, the City of Newport, and Lincoln County to provide a better connection for trucks hauling lumber and timber products to the Port dock, the trucks being presently routed from US101 over steep city streets. The proposed route, he said, will remove the access road from the heart of the city and will provide an easier grade for the trucks. He recommended that access be granted for the county road at or near the city limits at a point to be determined which will not result in any hazard to highway traffic. The Commission approved the recommendation.

The Engineer recommended approval of a contract with the Pacific Telephone and Telegraph Company covering the use of 60 speed teletype-writer channel with equipment at nine locations in the State, the installation charge being $569 and the monthly charge being $1,170.75. The Commission approved the agreement. The Engineer commented that the Pacific Telephone and Telegraph Company had recommended this installation to the Department of Finance and Administration to save on telephone bills.

The Commission discussed a resolution from the Associated Forest Industries of Oregon requesting the lengthening of hauling hours for log trucks to permit such hauling after 8:00 P.M., the present deadline. Action on this matter was deferred by the Commission pending study and report by the Engineer at the next meeting. (See ahead for further discussion with a delegation.)

The Commission discussed with the Engineer bids received in the morning session, and at 4:00 P.M., Commissioner McIver announced the award of contracts, as follows:

"Providing ferry service at the Astoria-Megler Crossing of the Columbia River in Clatsop County, Oregon, and Pacific County, Washington, for a three-year period beginning June 1, 1956: The Commission awarded the contract to the low bidder, Astoria Navigation Co., Astoria, at their bid price of $213,174.30.

"31-month lease of the park building and facilities located at Depoe Bay, adjacent to the Oregon Coast Highway in Lincoln County: The Commission awarded the contract to the only bidder, Oregon Gifts, Inc., Portland, for the amount of 7% of Gross Sales and Receipts.

"Grading and oiling of connecting roads and approaches on the Clackamas River Park Interchange Section of the Pacific Highway East, about one mile north of Oregon City in Clackamas County: The Commission elects to accept the bid of Parker & Fuhrman, Portland, in the sum of $14,379.50 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired.

"Bridge construction and grading and paving on the Molalla River (Meadowbrook) Bridge Section of the Woodburn-Estacada Highway in Clackamas County: The Commission awarded the contract to the low bidder White Bros. Co., Walla Walla, Washington, at their bid price of $173,399.50.

"Cleaning and painting all structural steel in the Columbia Slough Bridge on the Pacific Highway in North Portland and painting on the bridge over the Willamette River at Oregon City in Clackamas and Multnomah Counties: The Commission awarded the contract to the low bidder, C. H. Savage Co., Portland, at their bid price of $7,110.

"Divisions No. 1 and 2 Oiling Project on four highways near Molalla, Newberg, and Sheridan in Clackamas and Yamhill Counties: The Commission awarded the contract to the low bidder, J. C. Compton Co., McMinnville, at their bid price of $48,475.

"Elsie-Sunset Camp Rock Production Project on the Sunset Highway in Clatsop and three other Counties: The one bid submitted by J. N. Conley, Portland, was rejected by the Commission as being too high.

"Construction of North Fork Scappoose Creek Bridges on the Pittsburgh-Scappoose Highway in Columbia County: The Commission elects to accept the bid of Erick Enquist, Troutdale, in the sum of $40,815 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Columbia County is received and the sum of $9,100 is deposited by the County.

"Paving Michigan Avenue & Morrison Street in Empire, Coos County: The Commission elects to accept the bid of Porter W. Yett, Portland, in the sum of $15,984 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of the City of Empire is received and the sum of $3,300 is deposited by the City.

"Painting of four bridges in Coos and Lane Counties: All bids submitted on this project were rejected by the Commission as being too high.

"Grading and base on the Barnes Butte Road Section of the Barnes Butte Road in Crook County: The Commission elects to accept the bid of Cartwright Construction Co., Durkee, in the sum of $70,442.50 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Crook County is received and the sum of $32,300 is deposited by the County.

"Grading and paving the North Brookings Section of the Oregon Coast Highway in Curry County: All bids submitted on this project were rejected as being too high.

"Paving Pioneer Road & Easy Street at Brookings in Curry County: All bids submitted on this project were rejected as being too high.

"Shady-Booth Ranch Slide Correction Project on the Pacific Highway, south of Roseburg in Douglas County: The Commission awarded the contract to the low bidder, Harbert Bros., Estacada, at their bid price of $33,370.

"Paving 5th Street in Oakland, Douglas County: The Commission awarded the contract to the low bidder, Roseburg Paving Co., Roseburg, at their bid price of $11,789.

"Grading and paving State Street and Central Avenue in Sutherlin, Douglas County: The Commission awarded the contract to the low bidder, Roseburg Paving Co., Roseburg, at their bid price of $10,439.

"Klamath Agency Rock Production Project on 3 highways in Klamath County: The only bid submitted on this project was rejected as being too high.

"Spencer Bridge Rail Replacement on the Spencer Bridge over the Klamath River on the Ashland-Klamath Falls Highway in Klamath County: The Commission awarded the contract to the low bidder, A. E. Fitzgerald, Klamath Falls, at their bid price of $18,154.

"Cleaning and painting all structural steel and metal handrail in the Ojalla and Fuller Bridges over the Siletz River on the Siletz Highway in Lincoln County: The Commission awarded the contract to the low bidder, Tri-State Painting Co., Portland, at their bid price of $11,400.

"Paving W. Pacific Avenue in Taft, Lincoln County: The Commission elects to accept the bid of J. C. Compton Co., McMinnville, in the sum of $15,164 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of the City of Taft is received and the sum of $2,670 is deposited by the City.

"Landscaping the Hayesville Interchange Unit, Willamette River-Hayesville Section of the Portland-Salem Expressway in Marion County: The Commission awarded the contract to the low bidder, Knight Pearcy, Salem, at his bid price of $15,933.80.

"Detroit Reservoir Guardrail Project on the North Santiam Highway in Marion County: The Commission awarded the contract to R & W Construction Co., Auburn, Washington, at their bid price of $17,440.

"Painting the bridge over the Santiam River on the Pacific Highway East in Marion and Linn Counties: The Commission awarded the contract to the low bidder, Tri-State Painting Co., Portland, at their bid price of $15,400.

"Division No. 2 Oiling Project on 4 highways near Alsea, Eddyville, Sweet Home and Mill City in Marion and 3 other Counties: The Commission awarded the contract to the low bidder, Central Paving Co., Independence, at their bid price of $30,980.50.

"Paving Park Street in Rockaway, Tillamook County: The Commission awarded the contract to the only bidder, The United Contracting Co., Portland, at their bid price of $12,662.

"Construction of South Fork Gales Creek Bridge and 5th and 6th Crossing of Wilson River on the Wilson River Highway, west of Forest Grove, in Tillamook and Washington Counties: The Commission awarded the contract to the low bidder, P. S. Lord Mechanical Contractor, Portland, at his bid price of $99,090.

"La Grande-North Powder Pavement Sealing and Rock Production Project on the Old Oregon Trail Highway in Union and Baker Counties: The Commission awarded the contract to the low bidder, Arthur Simonsen Co., Baker, at their bid price of $89,078.

"Construction of Glover Sand Shed adjacent to the Old Oregon Trail Highway northwest of La Grande in Union County: The Commission awarded the contract to the low bidder, George E. Berry, Beaverton, at his bid price of $12,620.

"Paving N. Main Street at Cornelius in Washington County: The Commission awarded the contract to the only bidder, Warren Northwest, Inc., Portland, at their bid price of $11,128.50."

The matter of an encroachment on state highway right of way of a service station owned by Mr. Jack Macy at the intersection of the Ordinance Secondary Highway with US30 was discussed. The Engineer explained that about 13 years ago, when Mr. Macy's buildings were constructed, the owner was advised that he was clear of the right of way, which information later proved to be erroneous. He suggested in view thereof that a lease be given Mr. Macy, who now owns the property, for a consideration of $100 a year for use of the state-owned land, and that if he will not agree to such an arrangement that authority be granted to erect suitable barricades to prevent access to or from the highway. The Commission approved his recommendation.

April 26, 1956

The Engineer presented a report on the results of studies for realignment of US30 between North Powder and Durkee. He said that only two major routes were worthy of consideration and these were carefully studied. He exhibited a map showing the two routes, one of which called the Virtue Flat Route, by-passes the City of Baker several miles to the east, effects a saving in distance of 3.57 miles and is estimated to cost $13,870,000. The other, known as the Baker City route, effects a saving of 2.47 miles in distance, passes through the extreme easterly limits of the City of Baker and is estimated to cost $12,890,000. It was his opinion that the Baker City route is the better of the two for the traveling public and will be of much greater benefit to the City of Baker. He recommended that the Commission approve the Baker route and that authority be granted to conduct a detailed location survey for such route between North Powder and Durkee. The Commission accepted the report and authorized the location survey.

Mr. Fred Young, Mayor of the City of Baker was present during the discussion of this matter. He stated that the Baker City route is the route that the delegation favors and he thanked the Commission for the action just taken adopting such route.

The Commission considered and upon recommendation of the Engineer approved five agreements with the State Game Commission providing for stocking with game fish 5 abandoned gravel pits in Baker and Union Counties. The agreements, as follows, cover a period of 10 years with provision for cancellation on 10 days written notice:

1. Haines pond, M.P. 325.55, on the Old Oregon Trail at the north edge of Haines.

2. Roulet pond, M.P. 23.84, on the Wallowa Lake Highway about 3 miles north of Elgin.

3. North Powder pond, approximately ½ mile west of North Powder on US30.

4. Baker pond adjacent to the Medical Springs Secondary Highway at M.P. 38.51 near the north city limits of Baker.

5. Baldock Slough at M.P. 2.78 on the Baker-Homestead Highway immediately north of the Baker city limits.

In this connection the Engineer stated that the Game Commission has also requested leases at three locations along the Rogue River for constructing public parking lots and boat launching ramps to the river. Agreements have been prepared covering a 10-year period with the right to revoke the agreements upon 10 days notice at the following locations:

1. Robertson boat landing near the Robertson Bridge on the Rogue River Loop Secondary Highway, midway between Wilderville and Grants Pass.

2. Laurelhurst boat landing in Laurelhurst Park, along the Crater Lake Highway between Casey Park and Prospect.

3. McLeod Park landing along the Crater Lake Highway, 8 miles north and east of Trail.

4. Rennie Creek landing on the McKenzie River about 2 miles east of the Ben & Kay Dorris State Park.

Upon the Engineer's favorable recommendation, the Commission approved these lease agreements.

A report was presented by the Engineer concerning weight violations committed by truckers for the calendar years 1951-1955 inclusive. He pointed out that fines assessed for violations have been gradually decreasing since 1952, whereas, the number of violations particularly among log-haulers, has increased since that year. The Commission accepted the report and ordered that a copy of the report be sent to each member of the Legislative Highway Interim Committee and to Governor Smith.

Purchase of a parcel of property which lies just east of the Bonneville entrance was discussed. The Engineer stated that this property, formerly a school, is now owned by L. H. Winfrey, who wishes to sell it and has requested a commercial access in lieu of the non-commercial access previously granted to the school. To preserve the freeway characteristics of this highway, the Engineer recommended that it be acquired at the owner's asking price of $10,500 or less, and that the property after being acquired then be sold without access. The Commission approved the acquisition.

The Commission considered a petition from Raleigh Grade School Parent-Teachers Association, and others for installation of traffic signals at the intersections of Beaverton-Hillsdale Highway with S. W. Laurelwood Drive and with Gabel Lane. Both intersections were carefully investigated, the Engineer stated, and based on the facts disclosed by this investigation, it is his recommendation that a flashing beacon be installed at the S. W. Laurelwood intersection at an estimated cost of $500, but not at Gabel Lane inasmuch as this is a dead-end street which carries very little traffic. The Commission accepted the Engineer's recommendation.

Authority was requested by the Engineer to advertise for bids for the following interchange illumination projects:

1. Ashland Undercrossing of Southern Pacific Railroad in Ashland at an estimated cost of $10,000. Requires an increase of $2,000 in the project authorization.

2. Banks Interchange at the junction of the Wilson River and Nehalem Highways, at an estimated total cost of $16,000. Requires an increase of $10,000 in the project authorization.

3. Two interchanges on the Olds Ferry-Ontario Section of US30 at an estimated cost of $16,000. No additional authorization is required.

The Commission approved the projects and the increases in project authorizations as reported.

Reconstruction of a 7.32-mile section of the Lakeview-Burns Highway north of Wagontire was discussed. The Engineer advised that the oil surface on this section is almost completely broken and the road is now being maintained with a grader. During the last month when the Highway Interim Committee passed over this section they observed a truck stuck in the middle of the road buried to the axles. He recommended that the section be improved during the summer and the fall of 1956 at an estimated cost of $90,000 with funds from the unallocated highway balance. The Commission approved the project and ordered the work done by contract.

The Engineer reported the occurrence of a large rock slide on April 14, 1956 on the Ruthton Grade Section of US30 approximately two miles west of Hood River. Large columns of basalt fell from the face of the cliff and traffic was detoured to the Washington side of the Columbia River between Hood River and Cascade Locks. A dangerous overhang is still in existence and to eliminate potential hazards he recommended that some resloping and removal of loose rock be undertaken and also that the guard fence be restored, together with some other incidentals which he estimated would cost a total of $13,000. The Commission approved the project as a minor betterment.

Consideration was given to a request from John W. Krebs, Cecil, Oregon, that the Commission cooperate with farmers and stockmen along US30 between John Day River and Boardman and along the Heppner and John Day Highways, for the burning of a fireguard to prevent range fires. The Engineer reported that this cooperation is the same as was performed in 1953, 1954, and 1955, and covers approximately 77 miles of highway. The cost of the previous work to the State, he stated, was $3,076 in 1954 and in 1955 was reduced to $1,535. The ranchers' share of the cost in 1954 was $1,200 and in 1955, $1,060. He recommended that the project be undertaken on the same basis as last year; that is, selective burning under the supervision of the Landscape Engineer. The Commission approved the project.

The Commission granted the State Highway Engineer, Mr. R. H. Baldock, authority to attend the National Highway Users Conference in Washington, D.C., May 8-10, 1956, at an estimated cost of $342.80.

The Commission discussed a request from Douglas County that the ferry float at Reedsport be turned over to the Douglas County Park Department for use by fishermen and boaters in the area. This float, the Engineer stated, was provided so that ferry service could be maintained around the slide area on the Umpqua Highway at Reedsport. The float cost $2,200. Inasmuch as the County has agreed to assume responsibility for operation and maintenance of the float and has agreed that it would be made available to the State if it should again be needed for ferry purposes he recommended that it be turned over to Douglas County for maintenance and operation. The Commission accepted his recommendation.

The Deputy Engineer presented a form of contract with the U. S. Thirteenth Naval District in which the State agrees to provide an inspector for paving work at the naval installation at Klamath Falls and the Naval District agrees to reimburse the State for services rendered in an anticipated amount of $689. The Commission approved the agreement.

At the Chief Counsel's request, the Commission authorized condemnation on the Henshaw property, File 24816 on the Jefferson Junction-Albany Junction Section of US99, and eliminated File No. 24665 and File No. 24189 from the list of previously authorized condemnations.

The Commission gave attention to the matter of appealing or not to appeal the Lower Court's decision granting payment of additional monies to Natt McDougall Company on Contract No. 3754, known as the Low Pass Section of the Siuslaw Highway. The Chief Counsel advised that the State in its appeal would be restricted to pointing out errors in law and it was his belief that the case should not be appealed, and he so recommended. The Commission accepted his recommendation.

Designation of the Enterprise-Lewiston Highway as a Group I highway was reported by the Engineer. Cattlemen living along this highway, he stated, want such highway rating to enable the larger trucks to come into the territory and haul out their cattle. Test runs, he stated, were conducted and it had been found that equipment combinations 60 feet long can negotiate the existing curves on the proper side of the highway. The Commission confirmed the designation of this highway as a Group I highway as recommended.

Commissioner Reynolds stated that a representative of the Idaho Power Company had indicated to him that the Power Company feels that it may be requested to construct a better road than the road that will be flooded by construction of the dams on the Snake River near Robinette and Brownlee. This representative, he continued, indicated that he would like to discuss the matter with highway representatives in Salem or in Portland. The Engineer pointed out that no definite negotiations can be conducted now as the Baker-Homestead Highway is a primary highway, so designated by the Legislature. It therefore will be necessary for the Legislature to take action first. He expressed his willingness to meet with the Idaho Power

representative at a date to be determined for discussion of the limiting factors involved in the re-establishment of highways which will be flooded. The Commission approved his suggestion.

Commissioner Reynolds stated that he was recently contacted by people from The Dalles relative to several highway projects in that vicinity including the cutoff route on US197 from Eight Mile Creek to a junction with US30 east of The Dalles, The Dalles By-pass, and Cottonwood Grade. He suggested to them that they ask for an appearance before the Commission at its next meeting.

Commissioner Reynolds commented that he had been approached by Mr. James Sturgis, former Judge of Umatilla County, concerning the installation of signboard maps at the junctions of US30 with the old route of the Oregon Trail at Stanfield and Boardman. The maps that he requested would be similar to maps installed at the north and south ends of the Salem By-pass on the Pacific Highway. The Commission accepted the Engineer's recommendation that the request be denied.

Reconstruction of the Columbia River Highway at the western edge of The Dalles was brought up by Commissioner Reynolds who gave as his understanding that the Reynolds Aluminum Company is going ahead with its project and who commented that construction of this section is vital in completion of the highway to modern standards. The Engineer replied that this project has high priority in the new highway program and is ready for contracting when it can be financed.

Commissioner Reynolds also mentioned a request from the Pendleton Golf Club that the Highway Commission allow its contractor on the Pendleton-Pilot Rock project to rock surface a new road that the Club is building to its Golf Course. The Deputy Engineer stated that there is an abundance of material in the pit that is being used by the contractor on this job and there would be no particular objection to the Club using some of it if it paid the customary royalty of 10 cents per cubic yard and arranged with the contractor to do the work at a time that would not interfere with his State contract. The Commission authorized the Pendleton Golf Club to secure the gravel under conditions outlined by the Deputy Engineer.

A request from Mr. Fred J. Mauser, County Judge, Wasco County, for improvement of the county road between Willowdale and Antelope was reported by Commissioner Reynolds who stated that he suggested to Mr. Mauser that the County Court present a request that the road be placed on the Federal-Aid Secondary (County Road) System of Wasco County. No action was taken on the matter.

The Secretary presented a letter from Senator Warren A. McMinimee, Chairman of the Legislative Highway Interim Committee, requesting a statement as to the Commission's rules and regulations with respect to the naming of State parks. The Engineer suggested that he, the Chief Counsel, and the Parks Superintendent, be authorized to compose such a statement for Commission approval on the following day. The Commission approved

the suggestion. (A letter directed to Senator McMinimee was approved by the Commission later in the session as a statement of its policy in naming State Parks. (See ahead for letter entry.)

The meeting adjourned at 5:00 p.m., to reconvene at 9:00 a.m. on the following day.

Portland, Oregon
April 27, 1956

The meeting of the State Highway Commission reconvened at 9:00 a.m. in the Queens Room of the Imperial Hotel with the following persons present and participating:

Ben R. Chandler, Chairman
Chas. H. Reynolds, Commissioner
M. K. McIver, Commissioner
R. H. Baldock, State Highway Engineer
W. C. Williams, Deputy State Highway Engineer
W. W. Stiffler, Assistant State Highway Engineer
C. W. Enfield, Chief Counsel
R. L. May, Jr., Assistant Counsel
R. L. Porter, Right of Way Engineer
C. H. Armstrong, Parks Superintendent
C. H. Maison, Auditor
H. B. Glaisyer, Secretary

Bids, as follows, for highway construction and other projects were opened and read aloud by the Secretary who then announced that the award of contracts would be made in the same room at 4:00 p.m.

CLATSOP COUNTY
FURNISHING MARINE INSURANCE (HULL AND MACHINERY COVERAGE) FOR ASTORIA-MEGLER FERRY VESSELS

Durham & Bates, Portland	$ 7,717.50
R. W. Neighbor & Co., Portland	7,717.50
Dooly & Co., Portland	7,917.50
Jewett, Barton, Leavy & Kern, Portland	8,086.50

CLATSOP COUNTY
BRIDGE, GRADING AND STONE BASE ON NEHALEM RIVER (VINE MAPLE) BRIDGE SECTION OF JEWELL-ELSIE (FISHHAWK FALLS) HIGHWAY

Schrader Construction Co., Portland	$166,920.00
Palmberg Construction Co., Astoria	174,030.00

CLATSOP COUNTY
KLASKANINE RIVER BRIDGE ON THE YOUNGS RIVER LOOP ROAD

Roger E. Holmes, Olympia, Washington	$ 33,478.60
Hannan Bros. Co., Portland	35,073.00
Palmberg Construction Co., Astoria	36,110.00
Workman & Wilson, Canby	38,010.00
P. S. Lord Mechanical Contractors, Portland	39,114.50
General Construction Co., Portland	39,788.00

CLATSOP COUNTY
GRADE WIDENING HUMBUG SUMMIT SECTION OF SUNSET HIGHWAY

Q. L. Rufener, Inc., Portland	$ 43,360.00
L. C. Daniels & Floyd Grahm Construction Co., Eugene	44,769.40
E. C. Hall Co., Portland	50,652.50

CLATSOP AND 2 OTHER COUNTIES
DIVISION NOS. 1 and 2 GUARDRAIL PROJECT ON 4 HIGHWAYS, NEAR ASTORIA, ETC.

Vern Hoaglin, Beaverton	$ 8,092.00
R & W Construction Co., Auburn, Washington	8,330.00
Trussfab, Inc., Portland	8,772.00

COOS COUNTY
COQUILLE (KNOTT ST.) PAVING PROJECT

J. C. Compton Co., McMinnville	$ 14,466.00
Woodward & Son & Barklow, Coquille	14,755.00

DOUGLAS COUNTY
REEDSPORT (WINCHESTER AVE.) PAVING

The United Contracting Co., Portland*	$ 15,977.50

*Bidder will make lump sum reduction of $500.00 if also awarded Florence (Gallagher St.) paving project.

GRANT COUNTY
BEECH CREEK-MT. VERNON ROCK PRODUCTION ON PENDLETON-JOHN DAY AND BEECH CREEK HIGHWAYS

E. H. Itschner Co., Molalla	$ 22,950.00
Barney B. Helser	27,705.00
Arthur Simonsen & Co., Baker*	27,900.00

*Bidder will not accept award of more than two projects at this letting.

April 27, 1956

HOOD RIVER COUNTY
SECOND ST. CONNECTION (HOOD RIVER) ILLUMINATION INSTALLATION

G. M. Snider, Inc., The Dalles	$ 5,100.00

*Bidder will accept only one contract at this letting.

The Commission discussed with the Engineer hearings to be held in cities to be by-passed by proposed reconstruction of the Pacific Highway between Albany and Eugene, and between Central Point and Ashland. The Engineer pointed out that the cities and towns of Albany, Shedd, Halsey, Harrisburg, and Junction City will be affected as will the cities and towns of Central Point, Medford, Phoenix, Talent and Ashland. He explained that the only city to request a hearing under the State law is Medford, but under the Federal law it will be necessary to hold hearings for the other towns affected. After some discussion the Commission decided to hold a hearing in the City of Albany for the benefit of the people of Albany, Shedd, Halsey, Harrisburg, and Junction City at 10:00 a.m. May 23, 1956, and to hold a hearing in the City of Medford at 10:00 a.m. May 24, 1956 for the benefit of interested people in Central Point, Medford, Phoenix, Talent, and Ashland. The Secretary was instructed to send each city and town a formal notice of the hearings as is required by statute.

The Commission also decided to inspect highways south of Grants Pass and the Oregon Coast Highway following the hearings.

A delegation representing the Astoria Chamber of Commerce and the Lower Columbia Highway Association appeared before the Commission to urge improvement of the Oregon Coast Highway between Astoria and Seaside. The following people were present: Art Steele, President of

Lower Columbia Highway Association, Clatskanie; Hon. John W. Whipple, County Judge, Columbia County, Rainier; Elwood Eggleston, President of Chamber of Commerce, St. Helens; Irving Rau, Mayor, St. Helens; L. C. Hall, Chairman, Highway Committee of Chamber of Commerce, St. Helens; Larry Jensen, Highway Committee member, St. Helens; Walter Reitman, Highway Committee member, Clatskanie; Henry Koski, Highway Committee member, Clatskanie; Tom Colvin, Highway Committee member, Clatskanie; Roy Cohoon, Kiwanis Club, Clatskanie; Glenn Williams, Mayor, Rainier; James Goss, Traffic Representative, Rainier; W. E. Janvrin, President of Commercial Club, Rainier; E. R. Baldwin, Auditor and Police Judge, Warrenton; Frank Maize, Director, Chamber of Commerce, Warrenton; George Stuckrath, Director, Chamber of Commerce, Warrenton; Malcolm MacEwan, Chamber of Commerce, Seaside; Chas. DeFoe, Chamber of Commerce, Astoria, and Mr. Andrews, Astorian-Budget, Astoria.

Mr. Baldwin headed the group and introduced members of the delegation. He referred to a report published by the 1947 Legislative Highway Interim Committee pointing out the inadequacy of the existing highway between Astoria and Seaside. He inquired if the Commission can tell them when construction of this section will start. Chairman Chandler stated that the survey for this section is approximately 65% complete, but he is not able to state when work will be started as it depends on getting Federal money. The Engineer pointed out that the Youngs Bay Bridge is a big factor and construction plans would have to be dependent on additional funds provided by the National Congress. Mr. Baldwin then inquired if the project could be done one unit at a time starting at the Seaside end. The Engineer replied that the Seaside end of the project could be performed in units but not the Astoria end which involves a new bridge across Youngs Bay. The order of performance, he added, would have to be decided by the Commission.

Mr. Steele introduced the members of the delegation representing the Lower Columbia Highway Association. Mr. Whipple acted as spokesman for this group. He thanked the Commission for work completed on the Lower Columbia Highway and requested that other projects be started to improve the highway to modern modern standards. He particularly called attention to 4 points along the existing highway which become flooded during periods of high water, particularly the Taylorsville section where the situation is acute. He urged the Commission to improve the highway unit by unit until completion. The Commission took no action on this request.

A delegation representing the Fossil Community Club came before the Commission to urge improvement of the John Day Highway particularly from Spray north to Fossil and Condon, and oiling of a section of the Wasco-Heppner Secondary Highway. The following people were present: Robert Misener, Jack Steiwer, Garry Ostrander, W. H. Steiwer, Jr., R. M. Boyles, W. A. DeMoy, V. McQuillin, Clarence Asher, George Reed, E.R. Fatland, and W. H. Steiwer, all members of the Fossil Community Club; Orval Matthews, Wheeler County Judge, Fossil. Mr. Jack Steiwer acted

as spokesman and introduced the members of the delegation. Mr. Misener pointed out that Highway 19 is the only outlet for the areas adjacent to Kimberly, Service Creek and Fossil. There is no railroad into this area and the economic life in this part of the State is completely dependent upon truck transportation. The highway, he continued, was constructed over 30 years ago and the only major improvement was made about 15 years ago between Spray and Fossil. It was his thought that Highway 19 is a naturally better route to reach the John Day Valley than is Highway 26, because of higher summits on route 26. Judge Mathews stated that the County Court favors this project. Mr. Fatland called attention to the very narrow roadbed section over Butte Creek summit south of Fossil and urged early improvement on this section. He also urged that an oiled surface be placed on a 16-mile section of the Wasco-Heppner Secondary Highway up to Cottonwood Canyon Bridge. Mr. W. H. Steiwer pointed out that the poor condition of the highway on route 19 raises the cost of hauling cattle and other products to Portland markets. He said that improvement of the Butte Creek summit section is vital for California buyers. Chairman Chandler stated that the project is a meritorious one and is being considered in the new Five-Year Program, but no answer can be given as to construction until action has been taken by Congress on pending highway legislation.

George Jullion, Assistant Division Engineer; Don Heller, Maintenance Construction Superintendent, both of Spokane, Washington; W. C. Laird and Jim Simmons, District Salesmen, La Grande, all representing Phillips Petroleum Company, came before the Commission to request two access points to the Old Oregon Trail from property that the Company contemplates purchasing southeast of La Grande, as a service station site. Mr. Jullion headed the group and introduced the other members. The Phillips Petroleum Company, he stated, plan to dismantle their existing service station and set up a new one. He proposed to trade two existing accesses at the old station for two new access points at the proposed station. It was his thought that the exchange of these access points would provide greater safety for the traveling public and that their station located at the new site would also be a safer location. Chairman Chandler pointed out that US30 is being constructed to freeway standards and that the State bought and paid for access rights on the property under discussion. Many requests, he continued, have been denied for similar access and the Commission has not deviated from its established policy of maintaining the freeway characteristics of this highway. However, the Commission will consider the matter further but he stated that he could not give them much encouragement. Following departure of the group the Commission resumed discussion of the matter and decided unanimously not to grant the accesses as requested.

A delegation from Newberg, McMinnville, Tillamook, Pacific City, Cloverdale and Hebo came before the Commission to request an economic survey of a cutoff road between Dolph on the Three Rivers Highway and Boyer on the Salmon River Highway. The following people were present: Hon. O. E. Effenberger, County Judge of Tillamook County, Tillamook; Hon. R. E. Renne, County Judge of Yamhill County, Newberg; A. W. Youngberg, and Chas. R. Newman, Commissioners, Yamhill

County, McMinnville; Wes Schulmerich and August Schollmeyer, Commissioners, Tillamook County, Tillamook; Jack Munstedt, representing Tillamook County, Tierra Del Mar; H. B. Hammell, President, Chamber of Commerce, Pacific City Woods Area; W. B. Moberg, delegate, Cloverdale and Hebo. Judge Effenberger headed the group. He pointed out that the cutoff route 5.87 miles long has been surveyed and effects a saving in distance of 1.5 miles over the old Sourgrass route from Dolph to Valley Junction. Judge Renne pointed out that the existing section on the Three Rivers Highway between Dolph and Valley Junction, was constructed many years ago and is very crooked and difficult to travel. Mr. Hammell thanked the Commission for work performed on the Little Nestucca Secondary Highway and added that construction of the proposed cutoff would give additional aid to people who live along this secondary road. Mr. Munstedt alleged the present road is a bottleneck. He pointed out that the improvement requested will encourage tburist traffic and provide a safer route. Mr. Moberg called attention to the development of the Radar Station on Mt. Hebo which will employ about 250 people, thereby creating additional traffic over this road. He also mentioned the large amount of hay and other stock feed which is hauled into the coast area over this road. Mr. Schulmerich stated that there are many fine beaches in the southern part of Tillamook County and construction of the cutoff road will attract many tourists into this area. He also said that a logging road has been built along the cutoff survey line except for a distance of 1.5 miles. The Engineer mentioned that the present Sourgrass route was built in the early highway construction days along the route of an Old Stage Road. The proposed cutoff, he stated, is a good route but construction is limited by lack of funds. Chairman Chandler informed the delegation that there are a number of requests for economic studies ahead of this one but the Commission will give their request very careful consideration.

A delegation representing the Salem Chamber of Commerce came before the Commission regarding a number of highway projects in the vicinity of Salem. The following people were present: W. H. Hammond, Chairman, Highway Committee; Stanley Shoves, Manager, Chamber of Commerce; Maurice Shepard, Stanley Hammer, O. K. DeWitt, Warren Clark, and James Walton, Highway Committee members, all of Salem. Mr. Hammond, who acted as spokesman, presented a number of requests, as follows: (1) early completion of the North Santiam Highway from Stout Creek to Salem. He thanked the Commission for work already under way on this highway; (2) construction of additional guardrail along the North Santiam Highway at Detroit Reservoir. He commented that the group is pleased to see that a contract was awarded for such work on the previous day; (3) completion of the Rickreall-Dolph Corner cutuff on the Willamina-Salem Highway; (4) that the new North Santiam Highway overpass of the Salem By-pass route be extended westward from its junction with the Airport Road to Mission Street to eliminate a hazardous condition existing at the junction of the Airport Road and the Turner Road. He alleged that many tourists westward bound will not travel the North Santiam Highway as it is not designated as a US route. He asked the Commission to designate this as an alternate route for US20; (5) construction of another interchange on the Portland-Salem Expressway in the vicinity of Chemawa or

Quinaby, north of Salem, so that persons residing in the Keizer, Labish, and adjacent areas may have access to the freeway; (6) he asked that a study be given to the need for connecting or crossover strips between the northbound and southbound lanes of the Portland-Salem Expressway between Salem and Woodburn, primarily for the servicing of wrecks and ambulance service for the injured, as well as to permit law enforcement vehicles to change their direction of travel in an emergency; he also requested (7) that access be provided at the south end of the Salem By-pass between the by-pass route and the old highway route so that persons residing in the southern part of Salem can get onto the by-pass without driving to Mission Street, and so that southbound motorists who have missed the business district of Salem can turn back to Salem.

Concerning the large map boards at the north and south ends of the Salem By-pass, he suggested that they would serve a more practical use if located at a greater distance from the respective intersections and were approached by deceleration lanes which would enable tourists to pull out of the lane of fast traffic to study the maps.

Chairman Chandler indicated that the various requests would be given careful study but no action was taken at this time.

The Commission discussed again a letter reported on the previous day from Senator Warren A. McMinimee requesting an outline of the Commission's policy with respect to the naming of State Parks. The Engineer presented a suggested reply as instructed by the Commission at that time, as follows:

"April 27, 1956

Hon. Warren A. McMinimee, Chairman
Legislative Highway Interim Committee
319 Capitol Building
Salem, Oregon

Dear Senator McMinimee:

Your letter of March 26, requesting information concerning the policy of the State Highway Commission in the naming of state parks was brought to the attention of the Commission at its meeting on April 26 and 27.

The Commission directed that I advise you of the policy of the present and past Commissions in the naming of state parks, as evidenced by past practices of the several Commissions. As a part of its statutory duty and authority in the acquisition, development, construction, improvement, operation, and administration of state parks, the present and past Commissions have named state parks for the primary purpose of identification. The selection of a particular name has, in some instances, been directed toward the association of the park with a particular geographical locality, such as Wallowa Lake State Park.

Some parks have been named in commemoration of early pioneers who played important roles in the history of the State of Oregon, such as the Peter Skene Ogden State Park. Many parks bear the names of their donors who gave the park land to the State, such as Collier State Park. At least one park, the Ben Hur Lampman State Park, bears the name of a man who contributed much to the cultural life of the people of Oregon and the nation in the beauty of poetic verse.

Other parks have been named in honor of persons who have rendered outstanding service to the people of the State of Oregon in the acquisition, development or preservation of scenic places and objects of attraction for the benefit and enjoyment of all people, such as the Samuel H. Boardman Wayside, Jessie M. Honeyman State Park, and Oswald West State Park.

These examples demonstrate the long-standing policy of the Highway Commissions to name parks, as may be most appropriate, in geographical or descriptive terms, for the donors of park lands, and in honor of Oregon pioneers, persons who have contributed greatly to the cultural life of the State,and persons who have been leaders in preserving the wonders and beauty of nature for public enjoyment.

The Commission believes that in renaming the "Short Sand Beach State Park" the "Oswald West State Park" it has conformed to the policy above outlined. Perhaps no one has done so much to preserve the Oregon Coast beaches for all people, and it appears fitting that he be thus honored.

Respectfully yours,

Secretary
OREGON STATE HIGHWAY COMMISSION

HBG:fp"

The letter was approved by the Commission as an outline of its policy regarding such matters. The Secretary was instructed to sign and forward the letter to Senator McMinimee with a copy to Governor Smith.

The Parks Superintendent presented to the Commission a Five-Year Program for Oregon State Parks covering the period from January 1, 1956 through December 31, 1960. He pointed out briefly that plans are being developed for additional facilities in parks and waysides in line with the present and anticipated public demand. He also called attention to a 20-year Park Program previously submitted and providing for a long range park

development program. Commissioner McIver stated that he had studied the 20-year plan and that it covered the program of park development for which the Commission is striving. The Commission accepted the 20-year plan with instructions to furnish copies to the Legislative Highway Interim Committee and to the Press. Action on the five-year program was deferred pending further study.

Commissioner Reynolds presented a letter from Harold S. Coons, U. S. Forest Supervisor, Baker, Oregon, concerning the state taking over certain small U.S. Forest Service recreation areas adjacent to State highways, under "Special Use Permits". It was Mr. Coons thought that the Forest Service might be interested in having the State take over a number of these areas as they are having difficulty in maintaining them. He commented specifically about the Pioneer Forest Camp near Immigrant Springs Park, two camps along the John Day Highway, and another camp at Dixie Summit. The Engineer stated that this matter was discussed with Forest Service officials in Portland, who had not expressed any particular interest in the proposal. He was instructed to have the areas investigated by the Landscape Engineer and to report the findings.

The Engineer stated that in reconstructing the Coos Bay-Roseburg Highway between Coquille and Myrtle Point, it will be necessary to acquire additional right of way in and near the City of Myrtle Point. In accordance with Oregon law it will therefore be necessary to notify the City concerning this improvement and to ascertain whether or not the City wishes a hearing on the subject. The Commission authorized the Secretary to send formal notice to the City of the Commission's plans for this project as is required by the statutes.

The Engineer reported on requests presented by the Salem delegation which appeared earlier in the day. He stated it would be desirable to construct a traffic interchange on the Portland-Salem Expressway north of Salem near Hopmere at an estimated cost of $60,000 and that it would also be desirable to construct a turn-around facility at the south end of the Salem By-pass as had been requested and which he estimated would cost $10,000. The Commission approved both projects and authorized an expenditure of $70,000 to finance them.

The Commission denied the delegations request for designation of the North Santiam Highway as Alternate US20, and also refused to accept responsibility for the improvement of the Mission Street Connection to the North Santiam Highway.

The meeting adjourned at 12:00 noon and reconvened at 2:00 p.m. with the same persons present except Commissioner McIver, who was excused.

A delegation composed of Hon. Wayne R. Giesy, State Representative from Monroe; Archie Thompson, Corvallis; Dale Hollingsworth, President, Chamber of Commerce, Philomath; Emil Larkin, Benton

County Judge; S. R. Rodriquez, Benton County Chamber of Commerce; Gordon Larson, Industrialist, Philomath; Ben Little, Manager, Consumers Power, Corvallis; Pete DeLaubenfels, Master, Pomona Grange, Corvallis; came before the Commission to urge improvement of the Alsea Highway. Mr. Rodriquez who headed the group introduced the members of the delegation and stated briefly their problem. He declared that the Alsea Highway is inadequate for present traffic between Corvallis and Alsea. Mr. Giesy asked for a location survey in addition to the economic survey made in 1954. He called attention to the increased volume of log hauling that this road carries and that which is expected over this highway. He also pointed out that now on certain peak days as many as 350 truck loads of logs are hauled over the Alsea Highway into the Willamette Valley. Forest Service figures, he stated, indicate the sustained yield of forest products in the Alsea area would amount to 135,000,000 board feet annually. It was his thought that the benefit quotient of 1.85 to 1 previously determined, would now, or in the near future, probably be 4 to 1. He also stated that it would be of great advantage to log haulers if a tunnel were constructed through Alsea Mountain thereby reducing the present long grade. In reply to an inquiry from Commissioner Reynolds, Mr. Giesy stated that the project the delegation is interested in consists of a section 4.6 miles long, beginning at a point east of Alsea and extending easterly over Alsea Mountain. Mr. Rodriquez commented on a statement that he had heard from a number of tourists and other travelers on the Alsea Highway, that they are fearful of meeting log trucks on the curves on the Alsea Mountain section. Mr. DeLaubenfels called attention to the fact that there is no medical or hospital aid west of Alsea and such services must be provided over the Alsea Highway to the east. He also called attention to the large amount of agriculture, dairying, and stock-raising now being conducted in the Alsea Valley. Chairman Chandler stated that the Commission will review the economic study previously made but there is a shortage of Engineers so it will be some time before the location survey can be made and the Commission can make no commitment now. He added that the first thing to be done is to determine whether or not economic changes have occurred since the previous report was rendered. Commissioner Reynolds pointed out that the Commission must treat everybody alike otherwise the Commission would be accused of favoritism. Mr. DeLaubenfels read aloud and presented a written statement in support of their project. This concluded the discussion.

A delegation from the City of Baker came before the Commission concerning highways in and near Baker. The following people were present: W. L. Jackson, Vice Mayor; Benjamin A. Ryder, Councilman; Charles Clark, Councilman; Robert Applegate, City Manager; Fred Young, Mayor. Mr. Jackson, who acted as spokesman, stated that the delegation is much pleased with the Commission's decision with respect to the selection of a new route for US30 close to Baker, and in behalf of the delegation, he thanked the Commission for the action taken earlier in the meeting.

Messrs. Harry Rollins, Robert Coble, Ray Ronnie, Wilbur Connell, and T. R. Avery, residing in Richland and Robinette, and representing the Baker County Roads Committee, came before the Commission concerning roads that will be flooded by reason of construction of the proposed Brownlee Dam on the Snake River. Mr. Rollins acted as spokesman. He read from a letter sent to Warren McMinimee, Chairman of the Highway Interim Committee, on March 23, 1956, requesting high standard road replacement, reconstruction of railroad service, money in lieu of tax values lost by flooding, modernization of Highway 86 between Richland and Halfway and improvement of the county road from Halfway to Oxbow along Pine Creek. He pointed out that a large portion of the county road between Huntington and Robinette would be flooded. The settlement which has been proposed by the Idaho Power Company, he stated, is totally inadequate, and he asked the Commission to consider the whole access problem in connection with the Snake River Dams as a package problem. It was his feeling that the Commission must play an important part in assisting individuals and the County to get fair treatment. He presented a petition signed by several hundred residents in this area urging the immediate replacement of existing roads that will be flooded by the dam construction, such roads to be replaced as nearly as possible to their original site and constructed to State and Federal secondary highway specifications and stabilized for a five-year period. He alleged that local people are not being consulted fairly regarding the matter. Commissioner Reynolds commented that some of the requests are far outside the jurisdiction of the Highway Commission. He assured the delegation that the Commission will make every effort to see that no one was harmed. Chairman Chandler commented that the delegation could be assured that the Commission will not be unfair and will do all in its power to protect the interests of the public, and that the Commission will most certainly insist on the replacement of state highways that will be flooded. He pointed out that any sections of primary state highways which have to be abandoned by reason of flooding will require legislative action for such abandonment.

A delegation representing the US Highway 20 Association came before the Commission to protest a request made by the Salem delegation that the North Santiam Highway be designated as US Highway 20. The following people were present: Reese Esgar, President, US20 Association, Foster; Jim Howes, Manager, US20 Association; A. J. Naterlin and L. J. Bauer, Members, US20 Association; Frank Gilkey, Mayor; L. G. Gardner, President, Tourist Association; D. F. Jackson, Junior Chamber of Commerce, all of Newport; Mel Hammerness, Director, US20 Association; F. M. Woodson, Member, US20 Association, both of Toledo; Robert Sipe, Director, US20 Association; Hal Byer, Manager, Chamber of Commerce; William Scharf, President, Chamber of Commerce, all of Albany; Ellis Bennett, Director, US20 Association; C. H. Craddock, Judge, Harney County; Grover Jamison, Manager, Harney County Chamber of Commerce; Les Swarthout, Chamber of Commerce, all of Burns; Tom McClellan, State Representative from Lincoln County, Neotsu, Ray Cox, Yachats, and Mike Miller, Siletz, Commissioners of Lincoln County; Don Hildebrand, Chamber of Commerce; Gilbert Hildebrand and Vernon

Miller, motel owners, all of Lebanon. Mr. Howes, who acted as spokesman, pointed out that the delegation represents practically every city and town on the existing US20 in Oregon and that all are opposed to any change in the present designation of this route. Chairman Chandler assured the delegation that the Commission does not intend to change the present designation or to ask the American Association of State Highway Officials to do so. Commissioner Reynolds concurred.

Mr. Don Catt, representing the Albany Timber Carnival Association, came before the Commission to propose a change in an agreement form for use of Waverly Lake Park during the Timber Carnival on July 2, 3, and 4, 1956. He commented that at the coming carnival they expect over 100,000 people, including many from out of the State, and that the Timber Carnival is now getting national publicity. The businessmen of Albany, he said, are finding it burdensome to finance the Carnival and he asked the Commission to allow them to make an admission charge of 50 cents per person. Chairman Chandler stated that the Waverly Lake area is a state park and that the Commission feels that the charge would be illegal. The Chief Counsel explained that, although the matter has not been settled completely by law, it is his opinion that the Commission's authority to allow the charge would be very doubtful. The Commission denied the request.

A group of Harney County residents came before the Commission concerning improvement of US395 near Wagontire. Present were Harney County Judge C. W. Craddock; G. N. Jamieson, Secretary of the Burns Chamber of Commerce; E. B. Bennett, Les Swarthout, and Archie McGowan, Members of the Burns Chamber of Commerce. Judge Craddock, who acted as spokesman, stated that the delegation had heard that the improvement had been authorized by the Commission, and he thanked them for their action. Chairman Chandler stated that the Commission had authorized the expenditure of $90,000 to repair the section and it is planned to call bids for this work at the next meeting.

The Commission discussed with the Engineer bids received at the morning session for furnishing marine insurance for the Astoria-Megler ferries. The Engineer pointed out that identical bids in the sum of $7,717.50 were submitted by Durham & Bates, and by R. W. Neighbor & Company, Portland. A coin was tossed to decide the winner. The Commission designated "heads" for Durham & Bates, and "tails" for R. W. Neighbor & Company. Durham & Bates won the toss and was declared the winner.

A delegation representing North Clackamas County Chamber of Commerce came before the Commission to protest the acquisition of additional land by the State Highway Commission for enlargement of highway facilities at the Milwaukie Division Headquarters. The following people were present: Robert W. Franz, President; J. Earl Jones; R. V. Hildebrand, Manager, Richard E. Groener, Director; Don Kearton; John Gray; all members of the North Clackamas County Chamber of Commerce.

Mr. Franz introduced the members of the group. Mr. Jones pointed out that this and other property in the area, which is to be sold by the Federal Government, is ideal industrial property and will be removed from the tax rolls if taken over by the State Highway Commission, or other Governmental Agencies. He pointed out that the State Liquor Commission has taken over 30 acres of valuable land from the area and that the National Guard and the High School have been persuaded not to use property in the Milwaukie Industrial Park Area. There are approximately 80 acres of land remaining unsold and over 60 requests have been received from industry to acquire it. He estimated that the tax value of this land, if developed by industry, at approximately $640,000. He urged the Commission to acquire property elsewhere. Mr. Gray felt that public agencies could probably use less valuable land. Mr. Franz called attention to the fact that the establishment of freeways removed much valuable land from the tax rolls and many people who live in the Milwaukie area work in Portland and schools must be provided at their places of residence. Mr. Groener stated that the Chamber of Commerce would assist in locating property elsewhere and he suggested that the Commission sell its present property at the Milwaukie Division Headquarters. Mr. Hildebrand pointed out that the district had recently voted $2,000,000 for school bonds and sale of the Kellogg area to industry would provide considerable tax relief. Chairman Chandler stated that the Commission plans to acquire 8 to 10 acres between the existing Division Headquarters buildings and the railroad tracks. He pointed out that the Highway Commission has a large investment in its present plant, which is now adequate but must be enlarged for future use. The highway plant, he stated, has been located here for many years and a request was made several years ago to the Federal Government for the additional land. He expressed an understanding of the local problem; however, he said, the Commission has a responsibility to highway users and that the construction and maintenance of highways in itself is a large industry.

The Commission considered briefly and referred to the Engineer for investigation and report a petition from property owners located in the Harvey Road Addition to Cottage Grove requesting a spur access road between Ostrander Lane and the new access to the Eugene-Cottage Grove By-pass highway, at the north entrance to Cottage Grove.

The Commission discussed with the Engineer bids received at the morning session, and at 4:00 p.m. Commissioner Reynolds announced awards of contracts as follows:

"Furnishing marine insurance (hull and machinery coverage) for the Astoria-Megler ferry vessels in Clatsop County: The Commission awarded the contract to Durham & Bates, Portland, at their bid price of $7,717.50 by toss of coin as this was a tie bid with R. W. Neighbor & Co., Portland.

"Construction of a bridge, grading, and stone base on the Nehalem River (Vine Maple) Bridge Section of the Jewell-Elsie (Fishhawk Falls) Highway in Clatsop County: All bids submitted on this project were rejected as being too high.

"Construction of Klaskanine River Bridge on the Youngs River Loop Road, eight miles southeast of Astoria in Clatsop County: The Commission elects to accept the bid of Roger E. Holmes, Olympia, Washington, in the sum of $33,478.60 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Clatsop County is received and the sum of $7,500 is deposited by the County.

"Grade widening on the Humbug Summit Section of the Sunset Highway in Clatsop County: All bids submitted for this project were rejected as being too high.

"Division Nos. 1 and 2 Guardrail project on 4 highways, near Astoria, Vernonia and Tillamook in Clatsop and two other Counties: The Commission awarded the contract to Vern Hoaglin, Beaverton, at his bid price of $8,092.

"Paving Knott Street at Coquille in Coos County: The Commission elects to accept the bid of J. C. Compton, McMinnville, in the sum of $14,466 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of the City of Coquille is received and the sum of $1,600 is deposited by the City.

"Paving Winchester Avenue at Reedsport in Douglas County: The Commission elects to accept the bid of The United Contracting Co., Portland, in the sum of $15,977.50 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of the City of Reedsport is received and the sum of $3,550 is deposited by the City.

"Beech Creek-Mt. Vernon Rock Production on the Pendleton-John Day and Beech Creek Highway in Grant County: The Commission awarded the contract to the low bidder, E. H. Itschner Co., Molalla, at their bid price of $22,950.

"Illumination installation on Second Street Connection (Hood River) in Hood River County: The Commission awarded the contract to the low bidder, G. M. Snider, Inc., The Dalles, at their bid price of $5,100.

"Division No. 4 Oiling Project on 7 highways, near Sisters, Madras, and several other cities in Lake and 5 other Counties: The Commission awarded the contract to the low bidder, J. C. Compton Co., McMinnville, at their bid price of $78,336.

"Grading and paving Gallagher Street at Florence in Lane County: The only bid submitted on this project was rejected as being too high.

"Traffic Signal installation at Albany and Sweet Home in Linn County: The Commission awarded the contract to the low bidder, Rochat Electric, Portland, at their bid price of $10,480.

"Barbur Boulevard Junction Interchange Illumination on Pacific Highway in Multnomah County: All bids submitted on this project were rejected as being too high.

"Median Fence on Harbor Drive in Portland in Multnomah County: The Commission awarded the contract to the low bidder, U. S. Steel Corp., American Steel & Wire Division, Cyclone Fence Department, Portland, at their bid price of $4,994.

"122nd Avenue-Sundial Fencing Project on the T. H. Banfield Expressway, east of Portland in Multnomah County: The Commission awarded the contract to the low bidder, Bill Broderick, Lakeview, at his bid price of $7,780.

"Construction of a bridge, grading and paving of N. E. 28th Avenue, Banfield Expressway, in the City of Portland in Multnomah County: The Commission awarded the contract to the low bidder, Inland Construction Co., Milwaukie, at their bid price of $125,223.

"Grading and paving Arcade Street at Lexington in Morrow County: The Commission awarded the contract to the low bidder, Russell Olson Construction Co., Inc., Pendleton, at their bid price of $10,557.

"Rock Creek-Summit Rock Production Project on the Heppner-Spray Highway in Morrow and Wheeler Counties: The Commission awarded the contract to the low bidder, Barney B. Helser, Beaverton, at his bid price of $26,000.

"Grass Valley-Kent Rock Production Project on the Sherman Highway in Sherman County: The Commission awarded the contract to the low bidder, Vernie Jarl, Gresham, at his bid price of $27,700.

"Construction of Nehalem Drawbridge, Dolphin and Drawrest Replacement in Tillamook County: The Commission awarded the contract to the low bidder, General Construction Co., Portland, at their bid price of $20,680.

"Grading and oiling the Van Sycle-Helix Section of the Helix-Van Sycle County Road northeast of Pendleton in Umatilla County: The Commission elects to accept the bid of Vernie Jarl, Gresham, in the sum of $174,722 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Umatilla County is received and the sum of $39,450 is deposited by the County.

"Beaver Butte Creek & Butte Creek Guardrail Project on the Warm Springs Highway in Wasco County: The Commission awarded the contract to the low bidder R & W Construction Co., Auburn, Washington, at their bid price of $7,062.

April 27, 1956

"Grading and paving the Banks Section of the Nehalem Highway in Washington County: The only bid submitted for this project was rejected as being too high.

"Installation of traffic signals at 9 intersections (Tenth Ave. -Dennis Ave.) at Hillsboro in Washington County: The Commission awarded the contract to the low bidder, Trowbridge Electric Co., Roseburg, at their bid price of $28,770.

"Construction of Rock Creek and Beaverton Creek Bridges on the Base Line Road near Hillsboro in Washington County: The Commission elects to accept the bid of Johnston & Bryant, Newberg, in the sum of $60,432.20 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Washington County is received and the sum of $13,550 is deposited by the County.

"Dairy Creek Bridge Widening on the Tualatin Valley Highway, approximately one mile west of Hillsboro in Washington County: The Commission awarded the contract to the low bidder, United Builders, Inc., Beaverton, at their bid price of $84,947.

"Division No. 2 Bridge Replacement Project on 4 highways, near Astoria, Tillamook and Siletz in Yamhill and 2 other Counties: The Commission awarded the contract to the low bidder, Q. L. Rufener, Inc., Portland, at their bid price of $58,320."

The Commission signed agreements, etc. as follows:

"Indentures of Access" on the following properties:

a. Gisborne property on Bear Creek Section of Siuslaw Highway, Lane County.

b. Hise property on Bear Creek Section of Siuslaw Highway, Lane County.

c. Zuber property on Little Pudding River-Stayton Section of North Santiam Highway, Marion County.

d. Newgard property on Lombard Street-Sandy Blvd. Section of Northeast Portland Highway, Multnomah County.

e. Wilson property on Laurel Hill-Still Creek Section of Mt. Hood Highway, Clackamas County.

f. Moore property on Moro-Grass Valley Section of Sherman Highway, Sherman County.

"Bargain and Sale Deeds" re sale of the following properties:

a. To Mr. and Mrs. William F. Van Laeken of 4,750 ft. of excess property near intersection of 33rd Street and N. E. Portland Secondary Highway, Multnomah County, for consideration of $400.

b. To O. C. Yocom Lots 1 and 2, Block 7, of Oak Park Addition to McMinnville, Yamhill County, for consideration of $7,500.

c. To Lulu E. Lindsey excess property on Roseburg Section of Pacific Highway, Douglas County, for consideration of $540.

d. To Louise Randall, .96 acre of excess property on Salem-Silverton Highway, Marion County, for consideration of $288.

"Conveyance" re conveying to City of Florence for public purposes approximately 6,000 sq. ft. of property on Florence-Glenada Section of Oregon Coast Highway, Lane County. Consideration $1.00.

"Deed" conveying to the United States of America certain properties involved in the relocation of the highway necessitated by construction of McNary Dam.

"Grant of Access" granting two 30-ft. accesses to Safeway Stores, Inc., on property they recently purchased on US99E on the northerly edge of Salem.

"Agreement" with Bureau of Public Roads covering construction and maintenance of a special detour road during construction operations on Oregon Forest Highway Project 8-B2, Umpqua. Estimated total cost $8,500; Contractor to pay $6,000 and State to pay $2,500.

"Agreement" with City of Ontario for the widening and construction of curbs and gutters on the Old Oregon Trail Highway in Ontario from the end of existing curbs to west city limits. Estimated cost $27,250. City to pay $9,650; State to pay balance.

"Agreement" with Douglas County abandoning old right of way of Elbow Lake-Gardiner Section of Oregon Coast Highway, Douglas County.

"Agreement" with Umatilla County abandoning old right of way of Havana Section of Havana-Helix Secondary Highway, Umatilla County.

"Agreement" between Oregon-Washington Railroad & Navigation Company, Union Pacific Railroad Company, Southern Pacific Company and State of Oregon, covering sewer easement at Burnside Bridge on Banfield Expressway in Portland.

"Agreement" re execution of a license agreement with Pacific Power and Light Company covering installation of a mercury vapor street lighting unit at Trent Junction on Willamette Highway, Lane County.

"Agreement" with City of Hillsboro covering the moving of water distribution facilities on the Hillsboro-Cornelius Section of Tualatin Valley Highway, Washington County.

"Permit Agreements" with Mr. and Mrs. Charles S. Zimmerman and Mr. and Mrs. Don G. Betson, Tiller, covering encroachment of their fence upon highway right of way on Tiller-Trail Highway.

"Contract" with Pacific Telephone and Telegraph Company covering the use of 60 speed teletypewriter channel with equipment at 9 locations. Monthly charge $1,170.75. Installation charge $569.

"Agreements" (5) with State Game Commission covering the stocking of game fish in state highway property.

"Agreements" (3) covering construction of boat launching ramps in Rogue River.

"Agreement" with Wasco County, The City of The Dalles and Port of The Dalles, covering the proposed traffic study in the City of The Dalles and vicinity. (Authorized 12-19-55.)

"Agreement" with the City of Taft covering the Special City Allotment Project on West Pacific Avenue. (Authorized 12-19-55.)

"Agreement" with City of Coquille covering the Special City Allotment Project on Knott Street. (Authorized 12-19-55.)

"Maintenance & Finance Agreement" with Clatsop County covering the Klaskanine River Bridge Project on FAS 571. (Authorized 1-26-56.)

"Abandonment Agreement" covering Bradley Park-Wauna Section of the Columbia River Highway in Clatsop County.

"Agreement" with the Highway Commission, Umatilla County and Oregon-Washington Railroad & Navigation Company and Union Pacific Railroad Company, relative to easement and construction agreement covering the Havana Grade Crossing on the Havana-Helix Highway in Umatilla County. (Contract 4542 involving this grade crossing awarded 10-20-55.)

"Finance & Maintenance Agreement" with Crook County covering the Barnes Butte Road Section of FAS 683. (Authorized 11-3-55.)

"Agreement" with City of Sweet Home covering the proposed traffic signal installation at the intersection of "M" Street and 18th Street in Sweet Home. (Authorized 1-26-56.)

"Grant of Access" to the Francis E. Robbins property on the Wilkes Road, in Multnomah County.

"Special Use Permit" from US Bureau of Land Management for use of land as a part of Susan Creek State Park.

"Contract" with District of Public Works (US Navy) re furnishing of an inspector for paving work on the Naval installation at Klamath Falls.

There being no further business to come before the Commission at this time the meeting was declared adjourned at 4:15 p. m.

MINUTES

of the

OREGON STATE HIGHWAY COMMISSION MEETING

held on

April 26 and 27, 1956

EXHIBIT "A"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, in connection with the future improvement of the highway herein designated, and for the convenience and benefit of the public, it is and has been necessary to acquire property for rights of way, quarry sites, gravel or other material sites, sites for the storage of materials, and properties for other purposes authorized by statute as hereinafter more definitely set forth, and

WHEREAS, as a result of negotiations carried on with the owners of the property required, options have been obtained, which options have been considered by the Commission outlining the bases of settlement which have been agreed upon, and

WHEREAS, it is the judgment of the Commission that the said options should be approved and accepted and/or the said reports be declared acceptable to the State Highway Commission as bases of settlement for the properties involved, and that the acquisition of the properties should be completed.

NOW, THEREFORE, BE IT RESOLVED that the following described properties are hereby declared to be necessary for state highway, park, and other uses under the jurisdiction of the Commission, and that the several options or bases of settlement hereinafter enumerated be, and the same hereby are approved and accepted, and that the attorney for the Commission be, and he hereby is, instructed to complete the acquisition of the said properties and to take title thereto in the name of the State of Oregon, by and through its State Highway Commission. The said properties hereby ordered and authorized to be acquired are as follows:

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in Gervais-Hayesville Unit of the Portland-Salem Expressway described as follows:

> A parcel of land lying in the Augustus Lambert D. L. C. No. 61, Township 6 South, Range 2 West, W. M., Marion County, Oregon, and being a portion of that property described in that deed to State of Oregon, by and through its State Highway Commission, recorded in Book 458, Page 378, of Marion County Records of Deeds; the said parcel being that portion of said property lying East of the Easterly right of way line of the Portland-Salem Expressway, said right of way line being 100 feet Easterly of the Northbound traffic lane, and lying South of a line which is parallel to and 50 feet Southerly of the centerline of County Road No. 602, except right of way in County Road No. 487.
>
> The parcel of land to which this description applies contains 6.0 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes.

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $1,000.00, and the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission, be and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et Seq.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 6 be entered in the minutes and records of the Commission as of the 26th day of April, 1956.

April 26, 1956

EXHIBIT "B-2"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, the State of Oregon, by and through its State Highway Commission, is the owner of the parcel of land in Gervais-Hayesville Section of the Portland-Salem Expressway described as follows:

A parcel of land lying in the South half of Section 1, Township 7 South, Range 3 West, W. M., Marion County, Oregon, and being a portion of that tract of land described in that certain deed to State of Oregon by and thru its State Highway Commission, recorded in Book 460, Page 66 of Marion County Records of Deeds; the said parcel being that portion of said property lying Northeasterly of a line which begins on the North line of said property at a point which is 147 feet Northeasterly of (when measured at right angles to) the L^4W centerline of the Portland-Salem Expressway as located and runs thence South 29° 17' East parallel to said L^4W centerline 555 feet, more or less, to a point opposite Station L^4W 1852+39.07 on said centerline; thence Southeasterly 400 feet, more or less, to a point on the Easterly line of said property which point is 325 feet Northerly of the Southwest corner of that tract of land described in that deed to Albert Lengren recorded in Book 310, Page 520, of Marion County Deed Records.

The located centerline referred to above is described as follows: Beginning at Engineer's centerline Station L^4W 1844+23.91, said Station being 155.3 feet North and 215.3 feet West of the Southeast corner of the John M. Pugh D. L. C. #55, Township 7 South, Range 3 West, W. M.; thence South 29° 17' East 815.16 feet; thence on a spiral curve right (the long chord of which bears South 28° 20' 45" East) 375 feet; thence on a 3819.72 foot radius curve right (the long chord of which bears South 22° 21' East) 549.44 feet; thence on a spiral curve right (the long chord of which bears South 16° 21' 15" East) 375 feet to Station 1865+38.51.

The parcel of land to which this description applies contains 5.25 acres.

WHEREAS, after consideration, the Commission finds and declares that the said property is no longer needed, required or useful for highway purposes.

AND WHEREAS, the said property has been appraised by competent and experienced appraisers and the reasonable market value thereof found and estimated to be the sum of $2,886.00, and

EXHIBIT "B-2" (Cont)

the Commission is desirous of selling and disposing of said property at a price not less than the appraised amount.

NOW, THEREFORE, BE IT RESOLVED that the Chief Counsel of the Commission, be and he hereby is, authorized and instructed to advertise the said property for sale, in accordance with the terms and provisions of ORS 273.060 Et Seq.

AND BE IT FURTHER RESOLVED that this Property Sale Resolution No. 7 be entered in the minutes and records of the Commission as of the 26th day of April, 1956.

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and purposes to widen in part and relocate in part, construct, improve and maintain the Harris Beach-Brookings Section of the Oregon Coast Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the "Throughway Law"; and

WHEREAS, for the purpose of widening in part and relocating in part, constructing, improving, and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in

general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The State Highway Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Harris Beach-Brookings Section of the Oregon Coast Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That the widening in part, relocation in part, construction, improvement and maintenance of the said Harris Beach-Brookings Section of the Oregon Coast Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation,

agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 26th day of April, 1956, as Condemnation Resolution No. 599.

---

*FOOTNOTE:

The name of the property owner and the detailed description of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 599, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-2"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Washington County Line-Hillsdale Section of the Beaverton-Hillsdale Highway; and,

WHEREAS, for the purpose of widening, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Washington County Line-Hillsdale Section of the Beaverton-Hillsdale Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "C-2" (Cont)

2. That the widening, improvement and maintenance of the said Washington County Line-Hillsdale Section of the Beaverton-Hillsdale Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 26th day of April, 1956, as Condemnation Resolution No. 600.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 600, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-3"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to-wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to establish, construct and maintain the Harbor Drive-Barbur Boulevard Section of the Portland-Salem Expressway; and,

WHEREAS, for the purpose of establishing, constructing and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the establishment, construction and maintenance of the said Harbor Drive-Barbur Boulevard Section of the Portland-Salem Expressway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file

number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That the establishment, construction and maintenance of the said Harbor Drive-Barbur Boulevard Section of the Portland-Salem Expressway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 26th day of April, 1956, as Condemnation Resolution No. 601.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 601, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-4"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the State Highway Commission necessary for highway purposes, to wit: for rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highway; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Shady Point-Booth Ranch Section of the Pacific Highway; and,

WHEREAS, for the purpose of widening, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Shady Point-Booth Ranch Section of the Pacific Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said Pacific Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property.

3. That the widening, improvement and maintenance of the said Shady Point-Booth Ranch Section of the Pacific Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5 That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 26th day of April, 1956, as Condemnation Resolution No. 602.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 602, under the heading "Real Property Condemnation Resolutions", and said description, map, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-5"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Compiled Laws Annotated, and amendments thereof or additions thereto, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: for rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street, quarry sites, gravel pits, storage sites, stock pile sites, or for the acquisition or manufacture of roadbuilding materials, approach or hauling roads, connecting roads, frontage road, highway drainage, drainage tunnels, or for the elimination or prevention of hazardous points of entry from adjacent property to state highways, or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, the said Commission is required to designate, locate, relocate, construct and maintain in the State of Oregon a system of highways, including all necessary bridges and culverts; and,

WHEREAS, for the purpose of constructing and maintaining highways of the state highway system, the Commission plans and proposes to acquire certain real property for the acquisition of roadbuilding materials for use in connection with the construction and maintenance of highways of the state highway system; and

WHEREAS, said Commission is authorized to take fee simple title to said real property.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, certain interests in or fee simple title to a certain parcel of real property. The said parcel of real property, or particular interest therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, is more particularly described in the attached list, marked Exhibit A, under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit A is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That the highway facilities for which the said parcel of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcel of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcel of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 26th day of April, 1956, as Condemnation Resolution No. 603.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 603, under the heading "Real Property Condemnation Resolutions", and said description, map, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-6"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Ukiah-West Forest Boundary Section of the Ukiah-Hilgard Secondary Highway; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED BY THIS COMMISSION as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Ukiah-West Forest Boundary Section of the Ukiah-Hilgard Secondary Highway, fee simple title to certain parcels of real property. The said parcel of real property needed and required, or which in the best interests of the State and owners should be acquired, and the specific use to be made thereof, is more particularly described in the attached list, marked Exhibit "A", under the Commission's file number and the name of the record owner or reputed owner; and the said Exhibit "A" is by this reference adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "C-6" (Cont)

2. That the relocation, construction, improvement and maintenance of the said Ukiah-West Forest Boundary Section of the Ukiah-Hilgard Secondary Highway and the highway facilities for which the said parcel of property is required and being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons having an interest in said parcels of real property as to the compensation to be paid for the taking; and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, the Chief Counsel or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 26th day of April, 1956, as Condemnation Resolution No. 604.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 604, under the heading "Real Property Condemnation Resolutions", and said description, map, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-7"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; or for the acquisition or manufacture of road building materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to State highways; or for the maintenance of an unobstructed view of any State highway so as to provide for the safety of the traveling public; and,

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Euchre Creek-Wedderburn Section of the Oregon Coast Highway; and,

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the Throughway Law; and,

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its

EXHIBIT "C-7" (Cont)

discretion, acquire an entire lot, block or tract of land, part of which is necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and,

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Euchre Creek-Wedderburn Section of the Oregon Coast Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said Euchre Creek-Wedderburn Section of the said relocated Oregon Coast Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel or parcels on the attached list marked Exhibit "A".

3. That the relocation, construction, improvement and maintenance of the said Euchre Creek-Wedderburn Section of the Oregon Coast Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

EXHIBIT "C-7" (Cont)

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 26th day of April, 1956, as Condemnation Resolution No. 605.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salm, being Resolution No. 605, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-8"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Compiled Laws Annotated, and amendments thereof or additions thereto, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: for rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street, quarry sites, gravel pits, storage sites, stock pile sites, or for the acquisition or manufacture of roadbuilding materials, approach or hauling roads, connecting roads, frontage road, highway drainage, drainage tunnels, or for the elimination or prevention of hazardous points of entry from adjacent property to state highways, or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, the said Commission is required to designate, locate, relocate, construct and maintain in the State of Oregon a system of highways, including all necessary bridges and culverts; and,

WHEREAS, for the purpose of constructing and maintaining highways of the state highway system, the Commission plans and proposes to acquire certain real property for the acquisition of roadbuilding materials for use in connection with the construction and maintenance of highways of the state highway system, and right of way for a haul road, and

WHEREAS, said Commission is authorized to take fee simple title to said real property.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, as follows:

1. The Commission does nereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, certain interests in or fee simple title to a certain parcel of real property. The said parcel of real property, or particular interest therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, is more particularly described in the attached list, marked Exhibit A, under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit A is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "C-8" (Cont)

2. That the highway facilities for which the said parcel of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcel of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcel of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 26th day of April, 1956, as Condemnation Resolution No. 606.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 606, under the heading "Real Property Condemnation Resolutions", and said desctiptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-9"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Meadowbrook Bridge Unit of the Molalla-Colton Section of the Woodburn-Estacada Secondary Highway; and,

WHEREAS, for the purpose of widening, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Meadowbrook Bridge Unit of the Molalla-Colton Section of the Woodburn-Estacada Secondary Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed

owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That the relocation, construction, improvement and maintenance of the said Meadowbrook Bridge Unit of the Molalla-Colton Section of the Woodburn-Estacada Secondary Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 26th day of April, 1956, as Condemnation Resolution No. 607.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 607, under the heading "Real Property Condemnation Resolutions", and said description, map, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-10"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Havana Section of the Havana-Helix Secondary Highway; and,

WHEREAS, for the purpose of widening, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Havana Section of the Havana-Helix Secondary Highway, certain interest in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "C-10" (Cont)

2. That the relocation, construction, improvement and maintenance of the said Havana Section of the Havana-Helix Secondary Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 26th day of April, 1956, as Condemnation Resolution No. 608.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 608, under the heading "Real Property Condemnation Resolutions", and said description, map, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-11"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: for rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites, gravel pits; storage sites, stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve, construct and maintain the Pacific Highway East; and,

WHEREAS, for the purpose of widening, improving, constructing and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement, construction and maintenance of the said Pacific Highway East, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

EXHIBIT "C-11" (Cont)

2. That the widening, improvement, construction and maintenance of the said Pacific Highway East and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 26th day of April, 1956, as Condemnation Resolution No. 609.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 609, under the heading "Real Property Condemnation Resolutions", and said description, map, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-12"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites, stockpile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part and relocate in part, construct, improve, and maintain the Cornelius-Hillsboro Unit of the Forest Grove-Hillsboro Section of the Tualatin Valley Highway; and

WHEREAS, for the purpose of widening in part, relocating in part, constructing, improving, and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required for the construction, improvement, betterment, and maintenance of highways of the state highway system and the widening in part, relocating in part, construction, improvement and maintenance of the said Cornelius-Hillsboro Unit of the Forest Grove-Hillsboro Section of the Tualatin Valley Highway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit A, under the name of the record owner or

reputed owner, and the Commission's respective file number and said Exhibit A is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said Tualatin Valley Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; provided, however, that there shall be reserved unto the respective owners, their heirs and assigns, for service of the said remaining land, such access reservations as are noted as to each parcel or parcels on the said attached list marked Exhibit A*

3. That the widening in part, relocating in part, construction, improvement and maintenance of the said Cornelius-Hillsboro Unit of the Forest Grove-Hillsboro Section of the Tualatin Valley Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement, or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 26th day of April, 1956, as Condemnation Resolution No. 610.

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 610, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-13"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage, drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to relocate, construct, improve and maintain the Tillamook-Donaldson Creek Section of the Wilson River Highway; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the "Throughway Law"; and

WHEREAS, the Highway Commission, whenever it becomes necessary to acquire any real property for use in connection with the location, relocation, construction, reconstruction, improvement and maintenance of any throughway or section thereof, or for a service road, may, in its discretion, acquire an entire lot, block or tract of land, part of which is

necessary for the above purposes, if by so doing the interests of the owners and the State are best served, even though said entire tract is not immediately needed for the highway proper; and

WHEREAS, for the purpose of relocating, constructing, improving and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The State Highway Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said Tillamook-Donaldson Creek Section of the Wilson River Highway as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said relocated Wilson River Highway and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel or parcels on the attached list marked Exhibit "A".

3. That the relocation, construction, improvement and maintenance of the said Tillamook-Donaldson Creek Section of the Wilson River Highway and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said

parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 26th day of April, 1956, as Condemnation Resolution No. 611.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 611, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-14"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Compiled Laws Annotated, and amendments thereof or additions thereto, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: for rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street, quarry sites, gravel pits, storage sites, stock pile sites, or for the acquisition or manufacture of roadbuilding materials, approach or hauling roads, connecting roads, frontage road, highway drainage, drainage tunnels, or for the elimination or prevention of hazardous points of entry from adjacent property to state highways, or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, the said Commission is required to designate, locate, relocate, construct and maintain in the State of Oregon a system of highways, including all necessary bridges and culverts; and,

WHEREAS, for the purpose of constructing and maintaining highways of the state highway system, the Commission plans and proposes to acquire certain real property for the acquisition of roadbuilding materials for use in connection with the construction and maintenance of highways of the state highway system, and right of way for a haul road; and

WHEREAS, said Commission is authorized to take fee simple title to said real property.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, certain interests in or fee simple title to a certain parcel of real property. The said parcel of real property, or particular interest therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, is more particularly described in the attached list, marked Exhibit A, under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit A is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

EXHIBIT "C-14" (Cont)

2. That the highway facilities for which the said parcel of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcel of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcel of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 26th day of April, 1956, as Condemnation Resolution No. 612.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 612, under the heading "Real Property Condemnation Resolutions", and said description, map, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-15"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access deemed by the Highway Commission necessary for highway purposes, to wit: For rights of way, either for the original location of, or for the widening, straightening or otherwise changing any highway, road or street; quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, under the provisions of Chapter 374, Oregon Revised Statutes, the Highway Commission is authorized and empowered to lay out, locate, relocate, adopt, establish, construct, designate and maintain highways to be known as throughways, and to acquire, in the name of the State of Oregon, by agreement, donation, or by the exercise of the power of eminent domain, fee simple title to or any interest in any real property, including easements of air, view, light and access, which, in the judgment of the Highway Commission, is necessary or deemed necessary for the construction of any throughway or the establishment of any section of an existing state road or highway as a throughway; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen in part and relocate in part, construct, improve and maintain the North Jefferson Junction-Albany Section of the Pacific Highway East; and

WHEREAS, the Highway Commission has by a resolution ordered and declared that said section of said highway shall be relocated, constructed, improved and maintained under the provisions and within the meaning and for the accomplishment of the purposes declared and provided under the said Chapter 374, Oregon Revised Statutes, commonly known as the "Throughway Law"; and

WHEREAS, for the purpose of widening in part and relocating in part, constructing, improving, and maintaining the said highway as a throughway, to the end that human lives may be saved, property damage

minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, and public welfare promoted, it is the judgment of the Commission that the real properties hereinafter described are necessary, and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The State Highway Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the relocation, construction, improvement and maintenance of the said North Jefferson Junction-Albany Section of the Pacific Highway East as a throughway, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That the widening in part, relocation in part, construction, improvement and maintenance of the said North Jefferson Junction-Albany Section of the Pacific Highway East and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and

records of the Commission this 26th day of April, 1956, as Condemnation Resolution No. 613.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 613, under the heading "Real Property Condemnation Resolutions", and said description, map, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-16"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, the State Highway Commission, on the 1st day of March, 1956, adopted Condemnation Resolution No. 586, declaring the necessity of acquiring certain parcels of property situated in Washington County, Oregon, for right of way purposes for the widening in part, relocating in part, construction, improvement and maintenance of the Cornelius-Hillsboro Unit of the Forest Grove-Hillsboro Section of the Tualatin Valley Highway; and

WHEREAS, the State Highway Commission, after further investigation has found that the best interests of the State and the property owners concerned require that certain changes be made in the Exhibit "A" incorporated into said resolution, said changes being necessary to reflect the correct amount of property necessary to be acquired, the description of the property, or the number and/or location of access reservations;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That pages 4, 5, 6, 8, 23, 24, 26, 28, 30, 33, 35, 37, 38 and 39 of Exhibit "A" of said Condemnation Resolution No. 586, be, and the same hereby are, amended as shown on the attached list paginated to correspond with the pages of said Exhibit "A" herein amended, which attached list is marked Exhibit "A" and by this reference made a part hereof.*

2. That this resolution be entered in full in the minutes and records of this Commission this 26th day of April, 1956.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 586-A, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-17"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right of access, deemed by the Highway Commission necessary for highway purposes, to wit: Rights of way, either for the original location or the widening, straightening or otherwise changing of any highway, road or street; quarry sites, gravel pits, storage sites, stock pile sites; the acquisition or manufacture of roadbuilding materials; approach or hauling roads, connecting roads, frontage roads, highway drainage, drainage tunnels; the elimination or prevention of hazardous points of entry from adjacent property to state highways; or the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, construct, improve and maintain the Pacific Highway West and the Denver Avenue-Union Avenue intersection of the Pacific Highway West and the Pacific Highway East; and

WHEREAS, for the purpose of widening, constructing, improving and maintaining the said highway, it is the judgment of the Commission that the real properties hereinafter described are necessary and that access to and from the said highway should be controlled;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, construction, improvement and maintenance of the said Pacific Highway West and the Denver Avenue-Union Avenue intersection of the Pacific Highway West and the Pacific Highway East, certain interests in or fee simple title to certain parcels of real property. The said parcels of real property, or particular interests therein, needed and required, or which in the best interests of the State and the owners should be acquired, and the specific use to be made thereof, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner; and the Commission's respective file number and said Exhibit "A" is by this reference adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That it is necessary that there shall be no rights of access of any nature between the right of way of the said Pacific Highway West and the Denver Avenue-Union Avenue intersection of the Pacific Highway West and the Pacific Highway East and all of the contiguous real property of the respective owners remaining after the appropriation of the said real property; except that there shall be reserved unto the respective owners, their heirs and assigns, for service of their respective remaining land, such access reservations as are noted as to each parcel or parcels on the attached list marked Exhibit "A".*

3. That the widening, construction, improvement and maintenance of the said Pacific Highway West and the Denver Avenue-Union Avenue intersection of the Pacific Highway West and the Pacific Highway East and the highway facilities for which each of the said parcels of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

4. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcels of real property as to the compensation to be paid for the taking; and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcels of real property, or interest therein.

5. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

6. That this resolution be entered in full in the minutes and records of the Commission this 26th day of April, 1956, as Condemnation Resolution No. 614.

---

*FOOTNOTE:

The names of the property owners and the detailed descriptions of the several parcels of real property mentioned in this resolution, together with maps, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 614, under the heading "Real Property Condemnation Resolutions", and said descriptions, maps, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-18"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Compiled Laws Annotated, and amendments thereof or additions thereto, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or right of access, deemed by the Highway Commission necessary for highway purposes, to wit: for rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street, quarry sites, gravel pits, storage sites, stock pile sites, or for the acquisition or manufacture of roadbuilding materials, approach or hauling roads, connecting roads, frontage road, highway drainage, drainage tunnels, or for the elimination or prevention of hazardous points of entry from adjacent property to state highways, or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and,

WHEREAS, the said Commission is required to designate, locate, relocate, construct and maintain in the State of Oregon a system of highways, including all necessary bridges and culverts; and,

WHEREAS, for the purpose of constructing and maintaining highways of the state highway system, the Commission plans and proposes to acquire certain real property for the acquisition of roadbuilding materials for use in connection with the construction and maintenance of highways of the state highway system, and right of way for a public road to be used as a means of access thereto; and

WHEREAS, said Commission is authorized to take fee simple title to said real property.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, as follows:

1. The commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, certain interests in or fee simple title to a certain parcel of real property. The said parcel of real property, or particular interest therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, is more particularly described in the attached list, marked Exhibit A, under the name of the record owner or reputed owner, and the Commission's respective file number

and said Exhibit A is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full. *

2. That the highway facilities for which the said parcel of property or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owners and other persons in interest of said parcel of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcel of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel, or in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 26th day of April, 1956, as Condemnation Resolution No. 615.

---

*FOOTNOTE:

The name of the property owner and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 615, under the heading "Real Property Condemnation Resolutions", and said description, map, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "C-19"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, by virtue of the laws of the State of Oregon, as set forth and defined in Oregon Revised Statutes, the State Highway Commission is authorized and empowered to acquire by purchase, agreement, donation, or by the exercise of the power of eminent domain, real property, or any right or interest therein, including any easement or rights of access, deemed by the Highway Commission necessary for highway purposes, to wit: for rights of way, either for the original location of or for the widening, straightening or otherwise changing any highway, road or street, quarry sites; gravel pits; storage sites; stock pile sites; or for the acquisition or manufacture of roadbuilding materials; approach or hauling roads; connecting roads; frontage roads; highway drainage; drainage tunnels; or for the elimination or prevention of hazardous points of entry from adjacent property to state highways; or for the maintenance of an unobstructed view of any state highway so as to provide for the safety of the traveling public; and

WHEREAS, for the purpose of providing a highway which will more adequately serve the traveling public, the Highway Commission plans and proposes to widen, improve and maintain the Portland-Oregon City Section of the Pacific Highway East; and

WHEREAS, for the purpose of widening, improving and maintaining the said highway, to the end that human lives may be saved, property damage minimized, transportation by motor vehicles promoted, highway travel in general safeguarded, the public welfare promoted, it is the judgment of the Commission that the real property hereinafter described is necessary.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. The Commission does hereby find and declare that there is needed and required, for the construction, improvement, betterment and maintenance of highways of the state highway system, and the widening, improvement and maintenance of the said Portland-Oregon City Section of the Pacific Highway East, certain interests in or fee simple title to a certain parcel of real property. The said parcel of real property, or particular interests therein, needed and required, and the specific use to be made thereof, or which in the best interests of the State and the owners should be acquired, are more particularly described in the attached list, marked Exhibit "A", under the name of the record owner or reputed owner, and the Commission's respective file number and said Exhibit "A" is by this reference hereby adopted and made a part hereof as completely and fully as though set forth herein in full.*

2. That the widening, improvement and maintenance of the said Portland-Oregon City Section of the Pacific Highway East and the highway facilities for which the said parcel of property, or interest therein, is required and is being taken is necessary in the public interest, and the same has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury or damage.

3. That the Legal and Right of Way Department is directed to attempt to agree with the owner and other persons in interest of said parcel of real property as to the compensation to be paid for the taking, and in the event that no satisfactory agreement can be reached, then the Chief Counsel is directed and authorized to commence and prosecute to final determination such suit or action as may be necessary to acquire title to said parcel of real property, or interest therein.

4. That upon the trial of any suit or action instituted to acquire the said real property, or any interest therein, the Chief Counsel or, in his absence, any Assistant Attorney for the State Highway Commission, is authorized to make such stipulation, agreement or admission as in his judgment may be for the best interests of the State of Oregon.

5. That this resolution be entered in full in the minutes and records of the Commission this 26th day of April, 1956, as Condemnation Resolution No. 616.

---

*FOOTNOTE:

The names of the property owners and the detailed description of the parcel of real property mentioned in this resolution, together with map, are attached to the original resolution on file in the office of the State Highway Commission, Salem, being Resolution No. 616, under the heading "Real Property Condemnation Resolutions", and said description, map, and plans by this reference are made a part of this minute entry to the same extent as if copied in full herein.

20181

EXHIBIT "C-20"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, the State Highway Commission on the 3rd day of November, 1955, by resolution declared the necessity for the acquisition of a parcel of real property and a slope easement across certain real property owned by Roy W. McNeal, et al, File No. R-23240, situated in Block 3, Ashland, Oregon, also lying in Section 9, Township 39 South, Range 1 East, W.M., Jackson County, Oregon, for the relocation, construction, improvement and maintenance of the North Bound Route in Ashland Section of the Pacific Highway, and for the construction, maintenance and repair of the slopes of cuts or fills thereof; and,

WHEREAS, the said resolution declared the necessity for the acquisition of the said parcel of land and said easement listed on page 1, Exhibit A, of said Commission Resolution of November 3, 1955, being a parcel of land containing 0.25 acre and an easement across a strip of land 10 feet in width adjacent to said parcel of real property; and

WHEREAS, the State Highway Commission, after further investigation has found that it will be to the best interests of the State and the owners to reduce the size of the parcel of real property necessary for the relocation, construction, improvement and maintenance of said Pacific Highway, to a parcel of land containing 0.23 acre.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That Exhibit A, page 1, of that certain resolution duly made and entered in full in the minutes and records of the Commission on the 3rd day of November, 1955, pertaining to the description of the real property owned by Roy W. McNeal, et al, File No. R-23240, be, and the same hereby is amended to read as follows:

> Two parcels of land lying in Block 3, Ashland, and situated in Section 9, Township 39 South, Range 1 East, W.M., Jackson County, Oregon, and being a portion of that property described in that certain deed to Roy W. McNeal and Julia G. McNeal, recorded in Book 361, page 406, of Jackson County Records of Deeds, being described as follows:
>
> Parcel No. 1
>
> Beginning at a point on the Westerly side of Oak Street, which point is 297.3 feet North and 94.75 feet East of the Standard Stone Monument, at the intersection of the center lines of Oak and Main Streets; thence North 66° 51' West (deed bearing) 177.84 feet

EXHIBIT "C-20" (Cont)

and continuing North 66° 51' West 22.15 feet to a point on the Westerly line of said property; thence North 21° 15' East (deed bearing) 69.54 feet; the Northwest corner of said property; thence South 66° 51' East (deed bearing) 65 feet, more or less, to a line which is parallel to and 30 feet Northeasterly of the center line of the relocated Pacific Highway; thence South 44° 29' East, (Highway bearing) parallel to said center line 150 feet; more or less, to the Westerly line of Oak Street; thence South 23° 09' West (deed bearing) along said Westerly line to the point of beginning.

The center line of the relocated Pacific Highway herein referred to being described as follows: Beginning at Engineer's center line Station 13+50.03, said Station being 4.7 feet North and 415.2 feet West of the monument at the intersection of "B" and Oak Streets; thence South 44° 29' East 401.69 feet to Station 17+51.72, said center line crossing the Westerly and Southerly lines of said property approximately at Stations 15+15 and 16+80, respectively.

The parcel of land to which this description applies contains 0.23 acre.

Parcel No. 2

A slope easement over and across a strip of land 10 feet in width lying Northeasterly of and adjacent to Parcel No. 1 above, and containing 0.03 acre.

2. That this resolution be entered in full in the minutes and records of the Commission this 26th day of April, 1956, as Condemnation Resolution No. 620-a.

EXHIBIT "D"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, the State Highway Commission has general supervision and control over all matters pertaining to the operation and administration of state highways, and has full power to carry out the provisions of and make such rules and regulations as it deems necessary for the accomplishment of the purposes of the laws concerning state highways; and,

WHEREAS, occasions frequently arise in which it is desirable that pipe lines conveying water, gas and other substances be installed along or across the right of way of state highways in order that the shortest and most economical and feasible route for such pipe lines may be followed; and,

WHEREAS, it is the judgment and opinion of this Commission that the economic welfare of the State will be promoted by permitting such pipe lines to be installed along or across the right of way of state highways upon terms and conditions which will protect the interests of the State, the State Highway Department and the members of the traveling public; and,

WHEREAS, it is the judgment and opinion of this Commission that it is desirable and in the best interest of both the State and the applicants for permission to install pipe lines upon the right of way of state highways that a procedure be established whereby prompt and efficient action may be taken, and the necessity of delaying such matters to the next succeeding meeting of the Commission eliminated.

NOW, THEREFORE, BE IT RESOLVED AND ORDERED:

1. That permits for the construction or installation and maintenance of pipe lines upon the right of way of any state highway for a period not exceeding 25 years may be issued upon the form of "Pipe Line Permit" which is attached hereto and by this reference incorporated as a part hereof.

2. Whenever an application is made for permission to install a pipe line along or across the right of way of any state highway, the State Highway Engineer or his designated assistants or employees shall investigate the matter, and determine the manner, method and location of such installation which will result in the least possibility of interference with or injury to existing or possible future highway improvements, and hazard to the motoring public.

3. That when such manner, method and location of installation have been so determined, the same shall be set forth in paragraphs 13 through 19, and under the heading "Special Provisions" of the form of "Pipe Line Permit" which is attached hereto.

EXHIBIT "D" (Cont)

4. That such permits may be executed and issued for and in behalf of the Oregon State Highway Commission by the State Highway Engineer, and, at the direction of the State Highway Engineer, by the Deputy State Highway Engineer and any Assistant State Highway Engineer.

5. That the applicant for permission to install a pipe line shall be required to furnish evidence of liability and property damage insurance in compliance with paragraph 13 of the "General Provisions" of the attached "Pipe Line Permit", in the amount of $50,000 for property damage resulting from any single occurrence, and $100,000 for the death or injury of any person, subject to a limit of $200,000 for injuries or deaths resulting from any single occurrence, unless the applicant is a company which is wholly or partially self-insured, in which event the requirement that liability and property damage insurance be furnished may be waived by the officer executing and issuing the "Pipe Line Permit", provided the company furnishes to such officer satisfactory evidence of its ability to respond to a claim or judgment for damages in the maximum amounts of the insurance which would otherwise be required.

6. That with respect to pipe lines installed upon the right of way of state highways for the conveyance or transmission of materials or substances other than water, the applicant for permission to install such pipe lines shall be required to furnish a bond to assure faithful performance of all of the terms, conditions and provisions of the "Pipe Line Permit". Said bond shall be in an amount sufficient to pay the full cost of removal, relocation or re-establishment of the pipe line, and shall be in a form approved by the Chief Counsel.

7. That this Resolution be entered in the minutes and records of the Commission this 26th day of April, 1956, as Miscellaneous Resolution No. 191.

Oregon State Highway Commission

PIPE LINE PERMIT Permit No. _____

WHEREAS, the _____ of _____ Oregon has filed an application with the Oregon State Highway Commission for permission to install a _____ pipe line, for the transmission of _____, upon and along/across the right of way of the _____ Highway in _____ County, Oregon, between/at/near _____ and _____, and more particularly described as being between/at Mile Post No. _____ (Hwy. Engr's Sta. _____) and Mile Post No. _____ (Hwy. Engr's Sta. _____), as shown on the map which is attached hereto, and hereby is made a part hereof; and

WHEREAS, the matter having been fully considered by the State Highway Commission and it is the opinion and judgment of said Commission that the said application should be granted and a permit as prayed for therein should be issued:

THEREFORE, IT HEREBY IS ORDERED, that the application of the _____ for permission to install the said pipe line upon and along-across the right of way of the said highway at the aforementioned location be approved and a permit for such purpose be and the same hereby is granted to the said _____, subject, however, to and upon the following conditions, terms, requirements and agreements not otherwise:

GENERAL PROVISIONS.

1. The word Engineer as used herein shall mean the State Highway Engineer or his duly authorized representative.

2. The applicant herein agrees to employ any and all methods in the construction of said pipe line which the Engineer may require in order to properly protect the highway from damage both during the construction of said pipe line and subsequent to its completion.

PIPE LINE PERMIT (Cont)

3. During the installation or construction of said pipe line, and during the repair of said pipe line, the applicant shall at all times maintain such watchman or watchmen, barricades and other safety devices as may be necessary to properly protect traffic upon said highway, and to warn and safeguard the public against injury or damage resulting from the operations of said applicant in the construction and maintenance of said pipe line. All barricades and obstructions shall bear lighted signal lights during the hours between sunset and sunrise.

4. The applicant shall indemnify and hold harmless the State, the State Highway Commission, the members thereof and all officers, employees or agents of the State or the State Highway Commission, against any and all damages, claims, demands, actions, causes of action, costs and expenses of whatsoever nature which may result from any injury to or the death of any person, or from the loss of or damage to property of any kind or nature, including the highway and highway facilities or structures, property or equipment used or owned by the State or the State Highway Department, and facilities such as wires, lines, poles or pipe lines which now or may hereafter occupy the right of way of said highway, when such injury, death, loss or damage is due to the existence of said pipe line, or to the construction, installation, maintenance, repair, renewal, operation or use thereof, or to the contents therein or therefrom.

5. The applicant shall so conduct his construction operations that there shall be no interference or interruption of traffic upon and along the highway. The Engineer may specify details in connection with the handling of traffic and such specifications shall be complied with by the applicant.

6. This permit is issued with the specific understanding that the same is subject to all existing public and private rights in and to the right of way of the highway, and the same constitutes the consent of the Highway Commission to the installation of said pipe line only to the extent that the Highway Commission has legal authority to grant such consent. The installation, construction and maintenance of said pipe line is subject to the paramount control of the legislature over said highway and no right or privilege herein granted shall be deemed or construed to be beyond the reach or authority of the legislature to control the said highway, and the applicant in accepting this permit accepts it knowing that the rights and privileges herein granted may at any time be defeated and abrogated by legislative act.

7. If at any time in the judgment of the State Highway Commission the presence of said pipe line upon the right of way of the said highway is detrimental to the interests of said highway or to the proper repair, maintenance or reconstruction of the same, the Highway Commission may give notice of such fact to said applicant, and upon receipt of such notice the applicant agrees to conform promptly to the requirements of the State Highway Commission with respect thereto, and in the event that said applicant fails for a period of ten (10) days so to conform to such requirements and orders, then, and in that event, the State Highway Commission

may cause said pipe line to be removed, relocated, disconnected and destroyed or reestablished by installation of new facilities, whichever may appear most desirable to the Commission, and may charge the cost of the same to the applicant. The applicant agrees to pay such cost promptly upon being billed therefor by the Commission.

8. The said applicant shall at all times keep said pipe line free from leaks and in a good state of repair, so that no damage or injury will be done to the said highway.

9. The entire cost of installing said pipe line, including the cost of materials, trenching, laying, backfilling, supervision and inspection, and any other expense whatsoever incident thereto, is to be paid by said applicant. The applicant shall reimburse the State Highway Commission for any and all expenses incurred by said Commission in connection with said installation, and such reimbursement shall be made by said applicant within ten (10) days after being billed therefor by the State Highway Commission.

10. Any supervision or control exercised by the Engineer shall in no way relieve the applicant of any duty or responsibility to the general public nor shall such supervision or control relieve said applicant of any liability for loss, damage or injury to persons or property sustained by reason of the installation, maintenance or repair of said pipe line, nor of the applicant's liability for damage to said highway.

11. If for any reason it becomes necessary in the judgment of the Highway Commission or its Engineer to disconnect the said pipe line or any section thereof for the purpose of repair of the said highway or any work or improvement thereon, or if said highway is being damaged or endangered by reason of the presence of said pipe line or the seepage of gas or liquid therefrom, the State Highway Engineer may give the said applicant ten (10) days written notice to turn off the gas or liquid and should said applicant fail and neglect to do so then the State Highway Commission or its Engineer may disconnect said pipe line or turn off the said gas or liquid and by so doing neither the State, the State Highway Commission nor its Engineer or other officer or employe shall be liable either officially or personally for any damage or injury sustained thereby, either by the said applicant, consumers or patrons, or persons to whom it owes a responsibility or liability.

12. It is understood and agreed that the State Highway Commission shall not be held responsible or liable for injury or damage that may occur to said pipe line or any connection or connections thereto by reason of any construction or maintenance operations that may be carried on by or under the direction of either the said State Highway Commission or any duly authorized representative of said State Highway Commission, or by any person constructing or installing, maintaining, repairing, operating or using any facility pursuant to a permit heretofore or hereafter issued by the State Highway Commission.

13. Applicant shall obtain liability and property damage insurance providing coverage against any claim, demand, suit or action for property damage, personal injury or death resulting from any activities of the applicant and his or its officers, employees, agents and contractors in connection with the construction or installation of said pipe line. Said insurance shall provide coverage in the following amounts, $50,000.00 for property damage resulting from any single occurrence, and $100,000.00 for the death or injury of any person, subject to a limit of $200,000.00 for injuries or deaths resulting from any single occurrence. Copies of such policy or policies of insurance, or certificates evidencing the same, shall be submitted to and approved by the Chief Counsel for the State Highway Commission before any work is commenced under this permit.

PROVISIONS RELATING TO LOCATION AND CONSTRUCTION

14. The pipe to be installed, the diameter of which shall not exceed _____( ) inches, shall be _____pipe satisfactory to the Engineer in all respects.

15. Trenching or tunneling nearer than four (4) feet from either edge of the surfaced portion of the roadway and the cutting and digging up of the pavement or macadamized portion will not be permitted except when special permission is first obtained from the Engineer. No trench shall be excavated, the top width of which exceeds eighteen (18) inches more than the outside diameter of the pipe to be installed, without such special permission.

16. The backfilling of all trenches and tunnels must be accomplished immediately after the pipe line has been placed therein and must be well tamped and compacted so as to allow the least possible amount of subsequent settlement. All debris, refuse and waste of all kinds which may have accumulated upon the highway right of way by reason of the operations of the within named applicant must be removed immediately upon completion of said operations and the said highway right of way must be restored to at least as good condition as it was prior to such operations. All work in connection with the said pipe line construction must be done in a neat and workmanlike manner and under the general supervision of the Engineer whose decision shall be final with respect to any of the conditions, terms, stipulations and provisions of this permit and must meet with his approval.

17. Where said pipe line is to be installed longitudinally along the highway it shall be constructed on the _____side of the said highway right of way on a line parallel to and _____( ) feet distant from the center line thereof, the said center line being, in general, the center line of the improved roadway.

PIPE LINE PERMIT (Cont)

18. Where said pipe line crosses the highway it shall be installed on a line at right angles to the center line thereof at a depth to be specified by the Engineer.

19. Under and across the surfaced portion of the roadway said pipe line shall either be driven or placed in a hole bored for the purpose, the diameter of which shall not exceed the outside diameter of the pipe to be placed therein.

20. At no point shall the top of the pipe line be less than _____ ( ) inches below the grade of the highway or beneath the surface of the ground at that point, if the ground be lower than the grade of the highway.

This permit shall be in effect for a period of _____ ( ) years from and after the date hereof, unless sooner revoked by mutual consent or by the State Highway Commission or by operation of the law; provided, however, that this permit shall not be effective unless accepted in writing on or before___

AND, WHEREAS, each of said cities and towns has, by appropriate action evidenced by resolution or other official instrument, certified copies of which have been filed with the State Highway Commission, conformed to and complied with the requirements of said law so as to qualify each for the benefits thereof;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED as follows:

1. That the type, plan and character of improvement proposed in the resolutions filed with the State Highway Commission by the above named respective cities and/or towns hereby are approved.

2. That the action taken respectively by said cities and/or towns as evidenced by appropriate resolutions by them respectively adopted and thereafter filed with the State Highway Commission, shall be and is

deemed an appropriate and proper conformance with the requirements of said law by said cities and/or towns individually so as to qualify each to receive and use the funds to them apportioned.

3. That upon entry of this resolution in the minutes and records of the Commission, the Secretary shall thereafter mail to the proper officer in each of said cities and/or towns a duly certified copy of the resolution or resolutions adopted by the city, together with a copy of the resolution approving the plans submitted by the city.

4. This resolution shall be entered in the minutes and records of the Oregon State Highway Commission as of the 26th day of April, 1956.

EXHIBIT "F-1"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS the relocated Elbow Lake-Gardiner Section of the Oregon Coast Primary Highway No. 9 located in Douglas County, the northerly terminus of which is at Highway Engineer's Survey Station 275+00 and the southerly terminus of which is at Highway Engineer's Survey Station 660+51.80 on the relocated highway, has been completed and is now open for public travel; and

WHEREAS, due to the relocation of the aforesaid section, portions of the former right of way are no longer needed for right of way purposes and may be eliminated from the boundaries of the relocated highway; and

WHEREAS Douglas County and the State Highway Commission entered into an agreement on the 27th day of April, 1956, relating to the disposition to be made of the portions that may be eliminated, therein and hereinafter referred to as Units "A", "B", and "C".

WHEREAS said agreement provided that Units "A", "B", and "C" would be abandoned by the State Highway Commission by a formal resolution as part of the Oregon Coast Highway and the state highway system; that Unit "C" would be maintained thereafter by the County as part of the county road system; and that Units "A" and "B" would revert to the owners of the abutting property; and

WHEREAS it is the judgment of the Highway Commission that certain portions of the former right of way of the Elbow Lake-Gardiner Section of the Oregon Coast Highway, together with other real property acquired by the State for roadway right of way and other public purposes, is needed and valuable for right of way purposes and public use; and

WHEREAS it is the purpose of the Highway Commission to take official action and impress upon its records the disposition made of the portions or units of the former right of way of the said Oregon Coast Highway referred to herein as Units "A", "B", and "C" as well as all the property affected by reason of said realignment;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission as follows:

1. That the portions of the former right of way which by reason of the relocation of the Elbow Lake-Gardiner Section of the Oregon Coast Highway are no longer within the boundaries of the new right of way and which are identified as Unit "A", as shown colored in brown on the map attached hereto, which is marked Exhibit "A" and by this reference made a part hereof; Unit "B", as shown colored in brown on said attached map;

and Unit "C", as shown colored in red on said map, are more particularly described as follows:*

Unit "A"

All the land situated within the right of way boundaries of the Oregon Coast Highway as formerly routed, beginning at the easterly right of way line opposite Highway Engineer's Survey Station 511+10 of said highway as relocated in the northeast quarter of the southwest quarter (NE¼ SW¼), Section 15, Township 21 South, Range 12 West, W. M.; thence easterly and southerly via said highway as formerly routed to the easterly right of way line opposite to Highway Engineer's Survey Station 521+20 of said highway as relocated in the northeast quarter of the southwest quarter (NE¼ SW¼), Section 15, Township 21 South, Range 12 West, W. M.

Unit "B"

All the land situated within the right of way boundaries of the Oregon Coast Highway as formerly routed beginning at the easterly right of way line opposite Highway Engineer's Survey Station 682+30 of said highway as relocated in the northwest quarter of the northeast quarter (NW¼ NE¼), Section 22, Township 21 South, Range 12 West, W. M.; thence southerly via said highway as formerly routed to a point easterly from and opposite Highway Engineer's Survey Station 669+40 of said highway as relocated in the southwest quarter of the northeast quarter (SW¼ NE¼), Section 22, Township 21 South, Range 12 West, W. M.

Unit "C"

All the land situated within the right of way boundaries of the Oregon Coast Highway as formerly routed beginning at a point easterly from and opposite Highway Engineer's Survey Station 669+40 of said highway as relocated in the southwest quarter of the northeast quarter (SW¼ NE¼) of Section 22, Township 21 South, Range 12 West, W. M.; thence southerly via said highway as formerly routed to the easterly right of way line opposite Highway Engineer's Survey Station 662+20 of said relocated highway in the southwest quarter of the northeast quarter (SW¼ NE¼), Section 22, Township 21 South, Range 12 West, W. M.

2. That pursuant to the agreement entered into with Douglas County on the 27th day of April, 1956, Units "A", "B", and "C", indicated on the map attached hereto, are hereby duly abandoned as part of the Oregon Coast Highway and the state highway system; all right, title, and interest which the State has in the right of way of Unit "C" herein described

EXHIBIT "F-1" (Cont)

pass to and vest in the said County; and all right, title, and interest which the State has in the right of way of Units "A" and "B" herein described pass to and vest in the abutting property owner.*

3. That the right of way of the former and of the relocated Elbow Lake-Gardiner Section of the Oregon Coast Highway, together with the real property acquired by the State for roadway right of way and other public purposes, as shown colored in green on Exhibit "A" attached hereto, shall be retained and held by the State.*

4. That this Abandonment and Retention Resolution No. 317 be entered in the minutes and records of the Oregon State Highway Commission as of the 26th day of April, 1956, and the Secretary is ordered to mail a duly certified copy hereof to the County Court of Douglas County.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, being filed under File No. 317 under the heading "Abandonment and Retention Resolutions" and said map by this reference is made part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "F-2"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, the relocated Crabtree Creek-Bridge Section of the Albany-Lyons Highway No. 211 located in Linn County, the Southerly terminus of which is at Highway Engineer's Survey Station 316+49.97 on the said relocated section of the highway, and the Northerly terminus is at Highway Engineer's Survey Station 343+01.47 on said relocated section of highway, has been completed and is now open for public travel; and

WHEREAS, due to the relocation of the aforesaid section, a portion of the former right of way herein referred to as Exhibit "A", and so indicated on the map attached hereto and marked Exhibit "A" and made a part hereby by this reference, is no longer needed for highway purposes; and

WHEREAS, Unit "A" is not needed for the services of persons living thereon, or for a community served thereby, and is not, in the judgment of the Commission, needed or valuable for any public use; and

WHEREAS, pursuant to ORS 366.300, any section eliminated from a state highway due to relocation or realignment shall revert to the abutting owner or owners unless needed by persons living thereon, or by a community, or is, in the judgment of the Commission, valuable for a public use; and

WHEREAS, it is the judgment of the Highway Commission that certain portions of the former right of way of the Albany-Lyons Highway, together with other real property acquired by the State for roadway right of way and other public purposes and which are indicated in solid black markings on the map attached hereto and marked Exhibit "A" are needed and valuable for right of way purposes and public use; and

WHEREAS, it is the purpose of the Highway Commission to take official action and impress upon its records the disposition made of the portion or unit of right of way of the said highway referred to herein and identified as Unit "A";

NOW, THEREFORE, based on the power and authority vested in this Commission by the State of Oregon, BE IT, AND IT HEREBY IS, RESOLVED as follows:

1. That the portion or unit of the right of way, which by reason of the relocation of the Albany-Lyons Highway No. 211, is not within the boundaries of the new right of way is identified and described as follows:

UNIT "A"

All that part of the old highway right of way lying outside of

the relocated highway beginning at Highway Engineer's Survey Station 325+90 of the relocated Albany-Lyons Secondary Highway No. 211 in the Southwest Quarter of the Southeast Quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$) of Section 31, Township 10 South, Range 1 West, of the Willamette Meridian; thence Northerly by the former route of the Albany-Lyons Secondary Highway No. 211 to a point of the East-most boundary of the relocated highway and 90° from the center line of the relocated highway at Highway Engineer's Survey Station 342+30 of the relocated Albany-Lyons Secondary Highway No. 211 in the Northwest Quarter of the Southeast Quarter (NW $\frac{1}{4}$ SE $\frac{1}{4}$) of Section 31, Township 10 South, Range 1 West, of the Willamette Meridian.

2. That Unit "A", as hereinabove described and shown on Exhibit "A" attached hereto, is no longer needed for highway purposes, the services of persons living thereon, the services of any community, or for any other public purposes, is hereby abandoned as part of the Albany-Lyons Highway No. 211, and of the State Highway System and all the right, title and interest which the State has in the right of way of Unit "A" hereby passes to and vests in the abutting property owner according to law.*

3. That the right of way of the relocated Crabtree Creek-Bridge Section of the Albany-Lyons Highway No. 211, and the right of way of the former Albany-Lyons Highway, together with the real property acquired by the State for roadway right of way and other public purposes which have not been duly abandoned herein and which are further indicated by solid black markings on Exhibit "A" attached hereto, are retained and held by the State Highway Commission.*

4. That this Resolution No. 316 be entered in the minutes of the Oregon State Highway Commission as of the 26th day of April, 1956, and the secretary is ordered to mail a duly certified copy hereof to the County Court of Linn County.

---

*FOOTNOTE:

The map mentioned in this resolution is attached to the original resolution on file in the office of the State Highway Commission, Salem, being filed under File No. 316, under the heading "Abandonment and Retention Resolutions" and said map by this reference is made part of this minute entry to the same extent as if copied in full herein.

EXHIBIT "G"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, the Engineer has reported that the following State Highway Commission contracts for the construction of State Highway projects have been completed according to the terms and provisions of said contracts and that said jobs are now ready for acceptance:

"Contract No. 4075 with Roy L. Houck & Son for grading on the Gervais-Hayesville Unit, Willamette River-Hayesville Section of the Portland-Salem Expressway in Marion County, completed November 18, 1955.

"Contract No. 4224 with J. W. Briggs for bridge construction, grading and paving on the Sherman Junction-Willowdale Section of The Dalles-California Highway in Wasco and Jefferson Counties, completed September 30, 1955.

"Contract No. 4246 with Columbia Empire Constructors, Inc., and P. S. Lord Mechanical Contractors for constructing two structures on the Coast Fork Willamette River-Divide Unit of the Pacific Highway in Lane County, completed March 22, 1956.

"Contract No. 4390 with Cherveny Construction Co. for constructing the Halsey Street Connection Undercrossing on the T. H. Banfield Expressway in Multnomah County, completed March 29, 1956.

"Contract No. 4401 with Hamilton & Thoms for constructing the Calapooya Overflow Bridge Replacement on the Pacific Highway in Linn County, completed December 13, 1955.

"Contract No. 4500 with Trowbridge Electric Co. for installation of Oswego Highway Traffic Signals in Clackamas and Multnomah Counties, completed March 15, 1956.

"Contract No. 4511 with Trowbridge Electric Co. for installation of traffic signals on various highway intersections in the City of Salem, completed March 8, 1956.

"Contract No. 4518 with Hannan Brothers Co. for constructing the Muddy Creek Bridge on the Oakville County Road in Linn County, completed April 11, 1956.

"Contract No. 4524 with Calkins Crushing Co. for grading and surfacing on the Coast Highway-Forest Boundary Section of the Elk River County Road, and furnishing crushed materials in stockpile, in Curry and Coos Counties, completed February 27, 1956.

EXHIBIT "G" (Cont)

"Contract No. 4538 with Robinson & Robinson for fence construction on the Divide-Rice Hill Section of the Pacific Highway in Douglas County, completed March 15, 1956.

"Contract No. 4551 with M. C. Lininger & Sons for furnishing crushed materials in stockpiles on the Siskiyou Junction-Klamath County Line Section of the Green Springs Highway in Jackson County, completed April 12, 1956.

THEREFORE, BE IT RESOLVED that the work covered by State Highway Contracts for the construction of said State Highway projects be declared completed according to the terms of the respective contracts and said jobs are hereby accepted and final payment in connection with each is hereby authorized.

BE IT FURTHER RESOLVED that this Contracts Completed Resolution No. 51 shall be entered in the minutes and records of the Commission as of the 26th day of April, 1956.

EXHIBIT "H-1"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: OREGON COAST HIGHWAY (Clatsop County)

Highway number 9 Route Number US101

Location of Termini				Established Speed
M.P. 10.36	(0.57 mile south of the railroad crossing at Skipanon)	to M.P. 10.90	(intersection of the county road north of Camp Clatsop)	45 M.P.H.

EXHIBIT "H-1" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Limit Resolution No. 225 be entered in the minutes and records of the Commission as of the 26th day of April, 1956.

EXHIBIT "H-2"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: TERRITORIAL HIGHWAY (Lane County)

Highway number 200 Route number

M. P. 18.14	(100 feet north of Fir Grove Lane)	to	M. P. 18.85 (100 feet south of the Long Tom River)	35 MPH

EXCEPT THAT BETWEEN

M. P. 18.21 (250 feet south of Fir Grove Lane) to M. P. 18.64 (400 feet south of Sheffler Road), the indicated speed shall be 20 MILES PER HOUR during the hours of school crossings as per the provisions of Subsection 1.a., of ORS 483.104.

EXHIBIT "H-2" (Cont)

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Limit Resolution No. 226 be entered in the minutes and records of the Commission as of the 26th day of April, 1956.

EXHIBIT "H-3"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, the State Highway Commission is authorized to designate main traveled or through highways or sections thereof by placing at the entrances thereto from intersecting highways signs or markers, notifying drivers of vehicles to stop before entering or crossing such designated highway or highways, and the State Highway Commission is further authorized to designate particular intersections and place such stop signs or markers at one or more entrances thereto; and

WHEREAS, the Commission heretofore on the 21st day of September, 1949, adopted a resolution by which certain state highways and sections thereof were declared to be and were designated as main or through highways, and the State Highway Engineer was instructed to properly mark the same; and

WHEREAS, by said resolution of September 21, 1949, the Highway Commission declared the Territorial Highway No. 200 to be a through highway and stipulated that traffic entering said highway should stop before doing so except that "southbound traffic on Road No. 200, Territorial Highway, shall stop at its intersection with Road No. 220, Richardson-Eugene Highway, in Elmira"; and

WHEREAS, since adoption of said resolution of September 21, 1949, a traffic engineering investigation has been made which reveals that present traffic volumes are such that the "Stop" indication at this intersection is improperly located, and based upon results of said investigation the State Highway Engineer has recommended to this Commission a modification of the order contained in the aforementioned resolution of September 21, 1949.

NOW, THEREFORE, based upon the results of said traffic engineering investigation and upon the recommendation of the State Highway Engineer, this Commission does hereby find, declare, resolve and order as follows:

1. That said resolution of September 21, 1949, be amended by deleting the following exception pertaining to the Territorial Highway:

> "Southbound traffic on Road No. 200, Territorial Highway, shall stop at its intersection with Road No. 220, Richardson-Eugene Highway, in Elmira."

but in all other respects the provisions of said resolution of September 21, 1949, shall remain in full force and effect; and

2. That the State Highway Engineer be and he hereby is instructed to place or cause to be placed and thereafter maintain the necessary signs and markers to accomplish the traffic control and regulation contemplated

by this resolution. Such signs as may be erected at said intersection shall conform to the types and standards heretofore approved by the Commission.

3. That this resolution shall be entered in the minutes and records of the Commission as of the 26th day of April, 1956, as Through Highways Resolution No. 13c, and a duly certified copy thereof delivered to the U. S. Bureau of Public Roads, and a like copy to the County Clerk of Lane County and to the Superintendent of the Department of State Police for their information.

EXHIBIT "H-4"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, the State Highway Commission, pursuant to the provisions of ORS 483.106 has caused an engineering and traffic investigation to be made with respect to certain state highways and/or certain sections of state highways more particularly and completely described and set forth hereinafter; and

WHEREAS, the data, facts and information obtained in connection with said investigation are all on file in the office of the State Highway Commission at Salem, Oregon; and

WHEREAS, based upon said engineering and traffic investigation the Commission has determined that the fixed and designated speeds prescribed by the provisions of ORS 483.104 are in certain specified instances greater than is reasonable and safe and in other specified instances are less than is reasonable under the conditions found to exist upon or with respect to the state highways or sections of state highways hereinafter set forth and more particularly described and defined hereinafter, and the State Highway Commission has therefore determined to designate a different speed thereupon than the speed fixed in said statute, which said different speed or speeds shall be as specifically set forth hereinafter.

NOW, THEREFORE, based upon said engineering and traffic investigation and upon the finding and determination made by the Commission with respect thereto, the Commission does hereby determine and does hereby order that within the meaning and purpose of said ORS 483.104 the speed at which a vehicle may be driven upon said state highway and/or upon said sections of said state highway shall not exceed the rate of speed set forth immediately following.

Name of highway: SANTIAM HIGHWAY (Linn County)

Highway number 16 Route number US20

Location of Termini				Established Speed
M. P. 12.42	(0.11 mile north of the north city limits of Lebanon)	to M. P. 12.53	(north city limits of Lebanon)	40 MPH

20507

BE IT FURTHER ORDERED that the State Highway Engineer be and he hereby is ordered and directed to erect at appropriate places in sufficient number adequate signs giving notice of the particular applicable speed on said state highway.

BE IT FURTHER ORDERED that any previous order heretofore made by the Commission with respect to speed or speeds applicable to any of the highways or sections of highways specified herein, particularly as pertains to Speed Limit Resolution No. 103, adopted by the State Highway Commission on April 8, 1953, which is in conflict with the provisions of this order hereby is vacated and annulled.

BE IT FURTHER ORDERED that this Speed Limit Resolution No. 103-A be entered in the minutes and records of the Commission as of the 26th day of April, 1956.

EXHIBIT "I"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, the Pacific Highway is a primary highway and likewise a Federal-aid highway under the control and jurisdiction of the State Highway Commission; and

WHEREAS, it appears that on said Pacific Highway through the community of Dillard, vehicles, particularly log trucks and vehicles belonging to sawmill employees, are parked on the highway shoulders of said Pacific Highway; and

WHEREAS, the parking of vehicles on said highway section creates traffic congestion to such an extent that, in the opinion of the Highway Commission, a hazardous condition is created to highway traffic; and

WHEREAS, in the opinion of the Commission public travel and public safety require that parking of vehicles should be prohibited on the shoulders of said highway within said section;

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by the State Highway Commission as follows:

1. The Commission does hereby find and declare, based upon recommendations by members of its staff, that the parking of vehicles on both sides of said Pacific Highway between M. P. 208.72 (Engineer's Station 1090+67) and M. P. 208.97 (Engineer's Station 1078+00) creates a hazard to the traveling public.

2. That in the opinion of this Commission, the right of way of said highway along said section is not of sufficient width to permit parking of vehicles thereon and at the same time to provide the degree of safety and convenience which, in the opinion of the Commission, should be provided the motoring public.

3. That the Commission does further find and declare that the parking of vehicles on both sides of said Pacific Highway within said section should be prohibited.

4. That the State Highway Engineer be and he hereby is instructed to erect signs along said section at such points between M. P. 208.72 and M. P. 208.97 as in his judgment are necessary to accomplish the purpose of this resolution and the action of the Commission as herein declared, on which signs shall be printed in plain letters, the words, "NO PARKING ON HIGHWAY SHOULDERS."

5. That a certified copy of this resolution be sent to the Superintendent of the Department of State Police for his information.

EXHIBIT "I" (Cont)

6. That this "No Parking" Resolution No. 142 be entered in the minutes and records of the State Highway Commission as of the 26th day of April 1956.

EXHIBIT "J-1"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, THE Commission heretofore authorized and directed the Engineer to make complete and final surveys of the route and location of:

1. The Boardman-Pendleton Section of the Old Oregon Trail Highway in Morrow and Umatilla Counties.

2. The Sandy-Forest Boundary Section of the Mt. Hood Highway in Clackamas County.

3. The North Jefferson Junction-Albany Section of the Pacific Highway East in Linn and Marion Counties.

4. The South River Road Junction (Milwaukie) Section of the Pacific Highway East in Clackamas County,

and in connection therewith to prepare maps showing the route and location of each of said sections and to file said maps, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said surveys and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said surveys, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1a. That the survey of the Boardman-Pendleton Section of the Old Oregon Trail Highway beginning at Highway Engineer's Station 118+00, a short distance east of the town of Boardman, and extending in an easterly direction to Highway Engineer's Station 1250+00, a short distance west of the city of Pendleton, together with the map which, for identification purposes, bears Map File No. 10C-27-7 and the date March, 1956, field notes and other engineering data submitted by the Engineer hereby are approved and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

1b. That the survey of the Sandy-Forest Boundary Section of the Mt. Hood Highway beginning at Highway Engineer's Station 0+00 in the town of Sandy and extending in an easterly direction to Highway Engineer's Station

EXHIBIT "J-1" Cont.

888+01.4, a short distance west of the community of Zigzag, together with the map which, for identification purposes, bears Map File Nos. 8B-2-25, 26, and 27 and Drawing No. 1R-3-1111, and the date April, 1956, field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

1c. That the survey of the North Jefferson Junction-Albany Section of the Pacific Highway East beginning at Highway Engineer's Station 515+00, on the existing highway approximately three and one-half miles north of the Santiam River crossing, and extending in a southerly direction to Highway Engineer's Station 1141+00, approximately one-half mile south of the Santiam Highway just east of Albany, together with the map which, for identification purposes bears Map File Nos. 6B-10-17 6B-11-7 and respective dates of January, 1944, and March 1944, (Drawing No. 1R-5-874), field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

1d. That the survey of the South River Road Junction (Milwaukie) Section of the Pacific Highway East beginning at Highway Engineer's Station 301+50 at 2nd Street in the Plat of Robertson just south of the City of Milwaukie and extending in a southerly direction to Highway Engineer's Station 303+50 at 7th Avenue in said Plat of Robertson, together with the map which, for identification purposes bears Map File No. 5B-3-15 (Drawing No. 1R-5-877) and the date April, 1934, field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

2. That when said highway sections are permanently constructed, the same shall be done in accordance with said surveys and locations unless otherwise directed or ordered by the Commission.

3. That the approval and adoption of said surveys shall constitute and be deemed instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the construction, reconstruction, or improvement of the highways along and over said surveys. Said approval and adoption shall also be deemed and constituted as instructions to the Legal and Right of Way Department to proceed promptly with the acquisition of rights of way pursuant to the normal and approved method.

4. That heretofore by resolution of this Commission dated November 3, 1948, said sections of said highways mentioned above have been designated as throughways within the meaning and purpose of ORS 374.005 commonly known as the "Throughway Law", and, for the reasons stated therein, the above-named sections of said highways should be, and it is

EXHIBIT "J-1" (Cont)

hereby directed that the construction of the same shall be, accomplished pursuant to and within the meaning and scope of said law except any portion of said sections which had more than ten commercial businesses abutting thereon catering to the motoring public in any one mile as of the date said sections of highways were designated as throughways.

5. That this resolution be entered in the minutes and records of the Commission as of the twenty-sixth day of April, 1956 as Survey Resolution No. 138.

26543

EXHIBIT "J-2"

Minutes of April 26 and 27, 1956

RESOLUTION

WHEREAS, the Commission heretofore authorized and directed the Engineer to make a complete and final survey of the route and location of the South Unit of the Kellogg Bridge-Tyee Bridge Section of the Elkton-Sutherlin Highway in Douglas County and in connection therewith to prepare maps showing the route and location of said section and to file said maps, reports and records with the Commission for consideration; and

WHEREAS, the Engineer has reported that he has completed said survey and has submitted the same for approval or disapproval of the Commission; and

WHEREAS, after due consideration of said survey, field notes, and other engineering data, it is the judgment of the Commission that the same should be approved and filed.

NOW, THEREFORE, BE IT AND IT HEREBY IS RESOLVED by this Commission, all members thereof being present and voting affirmatively, as follows:

1. That the survey of the South Unit of the Kellogg Bridge-Tyee Bridge Section of the Elkton-Sutherlin Highway beginning at Highway Engineer's Station 525+00, approximately four miles south of Kellogg Bridge across the Umpqua River, and extending in a southerly direction to Highway Engineer's Station 689+00 at the Tyee Bridge across the Umpqua River, together with the map which, for identification purposes, bears Map File No. 8B-1-10 (Drawing No. 1R-5-870) and the date April, 1956, field notes and other engineering data submitted by the Engineer hereby are approved, and the Engineer hereby is directed to file and preserve the same in the records and files of the Commission in the State Highway Building in Salem, Oregon.

2. That when said highway section is permanently constructed, the same shall be done in accordance with said survey and location unless otherwise directed or ordered by the Commission.

3. That the approval and adoption of said survey shall constitute and be deemed instructions to the Engineer to prepare and make available to the Legal and Right of Way Department all necessary descriptions and other required data of real properties needed for and in connection with the construction, reconstruction, or improvement of the highway along and over said survey. Said approval and adoption shall also be deemed and constituted as instructions to the Legal and Right of Way Department to proceed promptly with the acquisition of rights of way pursuant to the normal and approved method.

EXHIBIT "J-2" (Cont)

4. That this resolution be entered in the minutes and records of the Commission as of the 26th day of April, 1956, as Survey Resolution No. 139.

Albany, Oregon
May 23, 1956

Pursuant to formal notices heretofore given the Mayors of the cities of Albany, Halsey, Harrisburg, Junction City, and Eugene by letter dated May 2, 1956, the State Highway Commission convened at 10:00 a.m. in the City Council Chambers, City Hall, Albany, for the purpose of giving the citizens of each of these communities an opportunity to express themselves regarding the plans of the Commission to construct a new freeway from a point on the existing route of U.S. 99E, approximately one mile north of Albany, to a connection with the existing route of U.S. 99, near the east city limits of Eugene, which route will by-pass each of the above-mentioned cities and will become a section of U.S. 99 when completed. This meeting of the Commission was also held to satisfy certain Federal requirements, particularly Section 13 of the "Federal-aid Highway Act of 1950", which provides that: "any state highway department which submits plans for a Federal-aid highway project involving the by-passing of any city or town shall certify to the Commissioner of Public Roads that it has had public hearings and considered the economic effects of such a location."

Present were the following:

Ben R. Chandler, Chairman
Chas. H. Reynolds, Commissioner
W. C. Williams, Deputy State Highway Engineer
C. W. Enfield, Chief Counsel
R. L. Porter, Right of Way Engineer
H. B. Glaisyer, Secretary

Also present were twenty local citizens representing the several cities affected by the proposed improvement.

The meeting was called to order by Chairman Chandler who explained the purpose of the hearing. In order to expedite the hearing he stated that each city group would be asked to express their views on the subject, starting with the City of Albany. He then asked the Deputy State Highway Engineer, Mr. W. C. Williams, to explain just what the Commission has in mind with respect to the proposed project.

Mr. Williams exhibited a map showing the proposed route and explained details. He advised that the plan calls for construction of a new four-lane highway from Albany to Eugene and that northerly from Albany the present highway will be utilized and an additional two traffic lanes will be provided. He pointed out that the proposed highway is routed directly south from Albany for 32.8 miles, then extends directly to a connection with the new highway at Judkins Point in eastern Eugene with only a slight curve in the town of Coburg. He mentioned the location

of proposed traffic interchanges where people will be able to get on and off the highway with safety, such being at the following points: "Q" Street, Eugene, to serve the people of Eugene and Springfield; Coburg Road in Coburg, to serve the people of that district; Diamond Hill County Road, east of Harrisburg, to serve the Harrisburg people; Halsey-Sweet Home State Secondary Highway, east of Halsey, to serve that community; Lebanon-Corvallis County Road intersection; Santiam Highway Junction in the city of Albany; and one known as the North Albany interchange, at the north end of the Albany Airport - - a total of seven. The total length of the new highway between Albany and Judkins Point, he said, is 43.4 miles, whereas, the existing route between those two points is 52.4 miles; in other words, the new route will result in a savings of 9 miles in distance between common points. He also mentioned the curvature on the new route, pointing out that there is no curve on the new route greater than 1°, whereas, the present route has up to 40° curves. He stated that all of the details have not been entirely perfected, such as frontage roads, etc., because they involve agreements with the counti es which cannot be consummated until a definite route has been adopted. He did mention, however, that the old highway will be maintained as a state highway throughout its entire length. Chairman Chandler then turned the meeting over to local residents, calling first on the representatives of the City of Albany.

Mr. G. C. Knodell, member of the Albany City Council, inquired concerning the type of interchange structure that is to be provided at the Santiam Highway junction. He was informed by the Deputy State Highway Engineer that the interchanges heretofore mentioned are complete interchanges and will take care of traffic going in either direction, although the one at the Santiam junction is not what is known as a cloverleaf. The North Jefferson interchange, and the North Albany interchange at Knox Butte Road, he said, are more modern type structures because they accommodate several roads. Mr. Charles K. McCormack, Mayor of the city of Albany, inquired whether or not an underpass or an overpass is to be provided in the southern part of the city of Albany, south of Highway 20. He gave as his feeling that in a few years from now it may be desirable to have access to the new highway at that point, and he inquired whether or not a traffic interchange could be provided at that time. The Deputy Highway Engineer explained that presently traffic would be taken care of by the existing road which would serve as a frontage road with connections with the new highway at either the Albany interchange or the Santiam interchange. He added that if in the future, should traffic demand, a similar road could be provided on the other side of the freeway which would have the same connections, but there could be no access points in between. Mr. McCormack stated that what he particularly had in mind was the connection between the Albany-Corvallis County Road interchange and the Santiam Highway interchange in Albany. He said that the district is building up quite rapidly and in ten or fifteen years from now it very likely will be desirable to have access to the highway between these two points - - at least the information will be of value to their planning and zoning commission in

administering this area. The Engineer replied that no additional connections are contemplated and if future demands are sufficient there is nothing to prevent construction of an interchange, although the bill that is now pending in Congress with respect to construction of an interstate system provides that any future connection to such system must be approved by the Secretary of Commerce. Mr. McCormack then mentioned the prospective industrial development in the southern part of Albany, which, he said, could best be served by an additional connection with the freeway. Chairman Chandler concluded the discussion of this item by stating that future development in this district no doubt will be taken care of automatically when the need justifies it; also that neither the Commission nor the Engineer desire to make any commitment for fifteen years in the future. This concluded the Albany presentation.

Chairman Chandler called for representation from Halsey, Harrisburg, Junction City, and Eugene. No one was present from the town of Halsey. Mr. L. R. Barbour, Principal of the Union High School, Harrisburg, represented that place. He inquired concerning minor road crossings. He mentioned that the new highway will split their school district which will result in a problem of transportation of students. He was informed by the Deputy Highway Engineer that no roads that are important from the standpoint of carrying school children and serving school buses are being considered for closure. Referring to the map, he said that major roads as shown on the map will be taken over the new highway. He assured Mr. Barbour that no important roads are being considered for closure. Mr. Barbour expressed complete satisfaction with the plan in that regard.

Chairman Chandler then called upon a delegation from Junction City and Eugene. There was no one present from the City of Junction City, but Mr. Fred Brenne, Manager of the Eugene Chamber of Commerce, responded in behalf of the City of Eugene. He said that they are wholly in accord with the development of the highway as proposed and their only hope is that the improvement will come rapidly. He offered community help in every way possible. He mentioned that the City of Eugene has a problem similar to that mentioned by Mayor McCormack of Albany, particularly in the area north of Eugene which is rapidly developing. Chairman Chandler advised Mr. Brenne that the Commission's thinking now is to build highways with only a limited number of interchanges as a protection to travel, and that is one of the principal purposes of a freeway such as is the one proposed between Albany and Eugene.

There followed a general discussion of the project during which Mr. Hal Byer, Manager of the Albany Chamber of Commerce, requested additional information on the plans for the improvement north of Albany; he particularly referred to the statement of the Deputy Highway Engineer that complete details have not yet been perfected because agreements with the counties are involved with respect to frontage roads, etc.

Chairman Chandler advised that it is the plan of the Commission to provide a four lane facility the entire distance from Salem to Eugene. The Deputy Highway Engineer explained that it is possible to close certain minor roads that carry very little traffic and thus avoid the expense of costly traffic separation structures. Frontage roads, he said, will be provided to take care of traffic at those points. He added that such matters will have to be worked out with the county courts involved, but they do not particularly affect the overall plan.

In concluding the hearing Chairman Chandler expressed the hope that the proposed plan meets with the satisfaction of all concerned. He advised that the Commission hopes to start construction of the project in the near future; however, before that can be done the Commission must adopt a survey and must acquire necessary rights of way. He added that when a start is made will depend on when the new Federal interstate highway money is made available. Mr. McCormack expressed entire satisfaction of the project, as outlined, insofar as the City of Albany is concerned.

There being no one else desirous of being heard on the subject, Chairman Chandler declared the hearing concluded at 10:25 a.m., and thereupon called a meeting of the Highway Commission for the purpose of disposing of several routine matters as follows, that had accumulated since the last regular meeting of the Commission, the same persons being present representing the State Highway Department:

(1) Placement of a reduced load limit on the Van Buren Bridge over the Willamette River in Corvallis, the same being located at M.P. 0.13 on the Corvallis-East Side Highway: The Engineer advised that due to serious damage resulting from a log truck accident on May 17, 1956, it was necessary to immediately post this bridge for a 10,000 pound gross vehicle weight load limit which was done under authority of the resolution that was adopted by the Commission on August 6, 1953. He asked the Commission to approve such posting. The Commission confirmed the posting unanimously.

(2) Letter from John E. Walker, District Attorney of Umatilla County, concerning the procedure followed by the Highway Commission in restricting weight limits on highways: The Commission discussed the letter in which Mr. Walker states that while in his estimation the Commission's resolution restricting weight limits on highways in Umatilla County was carefully prepared and based on good intentions, it is an insufficient basis for criminal prosecution under the statutes covering such matters. He gave as his belief that before overload cases on restricted highways can be prosecuted, it will be necessary for the district attorneys to have an order of the Commission tendered prior to the time the restriction was imposed. As a result of discussion of this matter the Commission instructed the Chief Counsel to proceed with preparation of corrective measures for presentation to the 1957 legislature.

(3) Request of W. C. Williams, Deputy State Highway Engineer, for permission to attend a meeting of the Advisory Committee on the AASHO Road Test near LaSalle, Illinois, on June 7 and 8, 1956: The Deputy Engineer stated that he has been appointed one of three members of this committee, representing the twelve Western States, and it is quite imperative that he attend this meeting which he estimated will cost about $230. The Commission authorized Mr. Williams to attend this meeting at state expense.

(4) Request of Albany Timber Carnival Association for permission to use Waverly Lake Wayside during its Fourth of July Timber Carnival: The Engineer recommended the granting of a permit to the Association under the same conditions that were specified in former permits which includes the posting of a $500 bond to guarantee that the highway property will be satisfactorily cleaned up on or before July 22, 1956. The Commission approved the recommendation.

(5) Placement of reduced load limits on certain state highways: The Engineer asked the Commission to confirm the placement of a load limit restricting to 11,000 gross weight on any single axle, 20,000 gross weight on any pair of tandem axles, and 30,000 pound maximum gross load on the following highways: (1) West Diamond Lake Secondary Highway No. 233 between M.P. 8.00 and M.P. 23.89, effective 8:00 a.m. May 23, 1956; (2) Crater Lake North Secondary Highway No. 232 over its entire length, effective 8:00 a.m. May 23, 1956; and (3) East Diamond Lake Secondary Highway No. 425 over its entire length, effective 8:00 a.m. May 25, 1956. The Commission unanimously approved the Engineer's action in posting these highways for reduced load limits as reported.

(6) Proposed letter to Idaho Power Company regarding its activities at the Brownlee Dam location on the Snake River in Baker County, which will blockade the Baker-Homestead Highway: The Deputy Engineer advised that the Company's activities at this location very likely will interfere with and damage the highway, and it is his understanding that the Company intends to route state highway traffic over a detour road in the very near future. He pointed out that no agreement has been entered into between the Company and the Highway Department concerning the preservation and protection of the State property, and he suggested in view thereof that a letter be sent to the Company setting forth specific notice and demand that the Company and its contractors immediately cease and desist from any activities at this location which will interfere with, damage or affect any state highway, state highway facility, or state property until appropriate legal and binding arrangements are made with the State Highway Commission for the protection and preservation of the interests and property rights of the State of Oregon. A form of letter covering the matter, directed to the Idaho Power Company, was presented for the Commission's approval. As a result of discussion, the Commission approved and signed the letter.

There being no further business to come before the Commission at this time, the meeting was declared adjourned at 11:45 a. m.

Deputy Highway Engineer

Chairman

Secretary

Commissioner

Portland, Oregon
June 4, 1956

The Oregon State Highway Commission met in regular session at 9:00 a.m. in the Queens Room of the Imperial Hotel. Present were:

Ben R. Chandler, Chairman
Chas. H. Reynolds, Commissioner
M. K. McIver, Commissioner
W. C. Williams, Deputy State Highway Engineer
W. W. Stiffler, Assistant State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
C. W. Enfield, Chief Counsel
R. L. May, Jr., Assistant Counsel
R. L. Porter, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
H. B. Glaisyer, Secretary

Mr. R. H. Baldock, State Highway Engineer, was excused on account of illness.

The Commission approved the minutes of the regular meeting held on March 1 and 2, 1956.

The State Parks Superintendent, Mr. C. H. Armstrong, reported on the following park matters:

1. Request of Nehalem Bay Expansion Association, Inc., for construction of a road to the top of Neahkahnie Mountain on the Oregon Coast Highway in Tillamook County: A similar request was made several years ago but was denied, the Parks Superintendent recalled. Recently a reconnaissance survey was made disclosing that to construct the road approximately two miles in length would cost nearly $200,000. The anticipated use would be much less than 100,000 people annually, perhaps as low as 30,000. Also, the road would necessarily be very steep and its value for observation purposes would be reduced because of considerable fog in that area. He recommended that the request be denied. The Commission accepted the recommendation.

2. Request of the Mayor of Brookings that the State take over and develop for park purposes an area on the beach west of Brookings, at Mill Creek: The Parks Superintendent commented that a similar request was made in 1948 and was denied because of the close proximity of Azalea and Harris Beach State Parks, and because the area is within the city limits of Brookings. The Commission deferred action on this matter pending the appearance of a delegation on the following day.

(The Commission informed the delegation when they appeared that their request would be considered and they would be advised of the Commission's action).

3. Request for permission to study the Diamond Crater area, located near town of Diamond, south and southeast of Burns, Harney County, for recreational development: The Parks Superintendent stated that there are interesting geological formations in this area and some of the rock is being sold for ornamental purposes. He recommended that a study be made of the area as to its feasibility for recreational development and to determine whether or not there is sufficient public interest to warrant a request to the Bureau of Land Management that the land be withdrawn from public sale or entry, except for recreational purposes. The Commission approved the recommendation.

4. Request of Mr. Al Loucks, Salem, for permission to construct a service station within the boundaries of Silver Falls State Park: The exact location for the service station is not known, the Parks Superintendent stated, but he doubted very much if there would be sufficient business to justify it as two stations located near the park on private land have been discontinued. He advised that an attempt has been made in all state parks to keep concessions to a minimum as it is felt that they compete to a degree with private business. He also pointed out that cars can be serviced within a reasonable distance of the park and he suggested that the request be denied and that the Commission approve no service stations on park property except where some unusual and special necessity is manifest. The Commission denied the request and accepted the suggestion as a statement of policy to be followed hereafter in matters of this nature.

5. Request of John Kominoth of the Tillamook County Sheriff's Posse they be allowed to arrange a bridle path to the beach across the north end of Cape Lookout State Park: Demands for this service, the Parks Superintendent stated, have been quite great. The people making the request have agreed to keep their horses within the narrow limits of the trail, as marked for them, and to not allow their horses to get onto the sand dunes, which would damage the plantings and would eventually start sand blows which could become a hazard. It was his opinion that use as outlined would not interfere with the general use of the park by the public and he recommended that permission be granted them to construct the trail on a trial basis. The Commission approved his recommendation.

The selection of a name for the new concession and restroom building at Depoe Bay State Park was brought up by the Parks Superintendent who presented a drawing showing a suggested sign to be placed in front of the building. The Commission expressed a dislike for the use of the words "Public Restrooms" on the sign and after discussion decided to defer action in the matter until some future time.

The Commission discussed and unanimously approved the 5-year Park Program which was presented by the Parks Superintendent at the previous meeting. (For details see copy of program in general files.)

The Right of Way Engineer presented for consideration options secured for acquisition of real property needed as state highway right of way and for other purposes. After careful consideration the Commission unanimously approved closing the options at the prices mentioned therein by adopting the attached resolution relative thereto, marked EXHIBIT "A", which resolution by this reference is made a part hereof, with like effect as though extended in full herein.

In discussion of the options the Right of Way Engineer also called attention to a request made by the State Board of Control for construction of an interchange at the intersection of a county road with the new North Santiam Highway east of Salem. He explained that the Board of Control intends to build a correctional institution on State land and the interchange will be needed to provide access to the institution. The Deputy State Highway Engineer stated that present plans for the further improvement of the North Santiam Highway include a traffic interchange at this location because it is a county road connection of considerable importance; however, it will cost about $40,000 and will not be needed for 2 or 3 years. The Commission indicated its approval of the project as explained.

The Right of Way Engineer presented a report on sales of Miscellaneous properties made since the last Commission meeting. The Commission accepted the report. (For details, see Miscellaneous Sales Report, dated June 4 and 5, 1956 in the General Files).

Also presented was a Supplemental Rental Report prepared by the Property Manager showing properties rented during the period April 14, 1956 to May 25, 1956. The report was accepted by the Commission.

Reimbursement to the Pacific Power & Light Company for rearranging a power line lead to the Harland and Fleming properties on the Dolph Corner-Rickreall Section of the Willamina-Salem Highway was discussed. Rearrangement of the power line, the Right of Way Engineer explained, was made necessary by highway construction. The Power Company is to be paid on an actual cost basis, which is estimated at $146.87. The Commission approved the payment, upon favorable recommendation by the Right of Way Engineer.

The Commission considered an option secured from Mr. and Mrs. Bert M. Butler for acquisition of property located on the Harbor Drive-City Limits Section of the Portland-Salem Expressway. This option, the Right of Way Engineer stated, is for a total amount of $25,300, of which amount approximately $7,000 is for improvements on the property which, under terms of the option, the owner has the right to remove. It was his feeling that the option amount is excessive and he recommended that it be rejected. The Commission rejected the option.

Authority to sell at public sale State-owned property, described as follows, was requested by the Right of Way Engineer who stated that these properties no longer are needed for highway purposes and who recommended that they be sold:

a. 4.2 acres on the Goshen-Divide Section of the Pacific Highway in Lane County for not less than $1,640, File 21483. No access is allowed to the Pacific Highway and display advertising is prohibited. (See EXHIBIT "B-1".)

b. 0.33 acre on the Forest Grove-Hillsboro Section of the Tualatin Valley Highway in Washington County for not less than $7,500, File 24387. In the event that a bid for at least $7,500 is not received, the Right of Way Engineer is authorized to expend not to exceed $2,000 to cut off the garage, move it, and reconstruct a wall on the residence. (See EXHIBIT "B-2".)

c. 3.71 acres on Unit 5 of the T. H. Banfield Expressway in Multnomah County for not less than $5,565, without access to the Banfield Expressway, File 15529. (See EXHIBIT "B-3".)

The Commission authorized the sales by adopting the attached resolutions relative thereto, marked EXHIBITS "B-1", "B-2", and "B-3", which resolutions by this reference are made a part hereof, with like effect as though extended in full herein.

Authority was requested by the Right of Way Engineer to expend not to exceed $350 to repair a sewage disposal system that services a house that was purchased as excess property on the Shady Point-Kelly Corner Unit of the Pacific Highway in Douglas County. He stated that the house is now rented; that it is not desired to sell it at this time, and the repairs are necessary to keep it in rentable condition. The Commission approved the expenditure.

A form of lease agreement with the U. S. Department of Commerce covering use of State highway property at the base of Sexton Mountain in Josephine County was presented by the Right of Way Engineer. This agreement, he stated, covers a parcel of land near the Pacific Highway that is used by the Federal Government as a weather bureau site, and expires on June 30, 1967. Upon the Right of Way Engineer's favorable recommendation the Commission approved the lease.

A "Grant of Access" form was presented by the Right of Way Engineer, who stated that approval thereof will grant to Mrs. R. M. Brandhagen a right of access 20-feet wide, on the east side of the Tigard-Onion Flat Section of the Pacific Highway West in Washington County at Station 133+41.5. He explained that an error was made in the original deed from the owner to the State whereby the Brandhagens were allowed one 25-foot access at Station 133+94, whereas it was intended that the access should be only 20-feet wide, and that they should also have a 20-foot access on the east side of the highway at Station 133+41.5, and that this grant is simply to correct the mistake. The Commission approved the revised instrument.

A "Bargain and Sale Deed" conveying a parcel of property to Marion County was considered. The Right of Way Engineer explained that in connection with the Hayesville Interchange construction north of Salem, the State acquired property to improve Park Lane in order to provide a connection between Claxter Road, west of the highway, and the Claxter-Hollywood Frontage Road, east of the highway. The County, he said,

agreed to maintain Park Lane as a county road and has now requested that the additional right of way acquired by the State along Park Lane be conveyed to the County so it can be added to the county road system for maintenance. The Commission approved the deed.

The Right of Way Engineer presented for Commission approval three indentures of access, viz: State Board of Forestry, Lloyd Bowman, and Safeway Stores, Inc. The access granted to the State Board of Forestry, he explained, expires July 31, 1959, and the other two provide only for a change in existing points of access to provide greater safety for the traveling public and for the convenience of the property owners. The Commission approved such indentures of access, as follows:

a. State Board of Forestry on the Tillamook Section of the Wilson River Highway in Tillamook County, File 17325.

b. Ruby R. and Lloyd Bowman property on the West Unit-Black Creek Richland Section of the Baker-Homestead Highway in Baker County, File 23913.

c. Safeway Stores, Inc., property on the Medford County Farm Section of the Pacific Highway in Jackson County, File 18429.

The deeding of 0.2 acre of property on the Salem-Independence Highway to Polk County was discussed. The Right of Way Engineer explained that during construction of the Salem-Independence Highway, Polk County in 1933 purchased certain property which was used as right of way and as a borrow area. It was assumed that the State owned the property so the area outside of the normal right of way width was declared excess inasmuch as it is of no value for highway purposes. A recent search of the records, he said, reveals that title still rests in the name of Polk County. In view thereof he recommended that the borrow pit area be quitclaimed to Polk County for $1.00 so the County can sell it to a private individual who is interested in purchasing it. The Commission adopted the recommendation.

Consideration was given to a request from the Bonneville Power Administration for an easement to cross the former Gomes property on the Chenoweth Park-Deady Section of the Pacific Highway in Douglas County which is now excess. The area referred to, the Right of Way Engineer stated, consists of 1.69 acres, and the Power Administration agrees to pay the sum of $240 for the easement. His recommendation that the easement be approved was accepted by the Commission.

The Commission considered giving a quitclaim deed to John and Arleta Fehlen for 0.5 acre on the Pelican City-South Sixth Street Section of the Klamath Falls-Malin Highway in Klamath County. The Right of Way Engineer stated that this property was included in the original deed from the Fehlens by mistake, as negotiations with the Fehlens did not contem-

plate purchase of the additional 0.5 acre. He recommended and the Commission approved reconveyance of the property to the Fehlens for a consideration of $1.00.

The Right of Way Engineer presented for approval a form of indenture of access and a lease with A. J. Sauers on the Reedsport-Coos County Line Section of the Oregon Coast Highway in Douglas County. The lease covers a 10-year period beginning June 1, 1956, and provides that Mr. Sauers shall pay the State $150 per year for space to be used for parking. The indenture of access, he stated, provides for elimination of 3 points of access to be replaced by 2 points of access. The Commission approved the transaction.

The Chief Counsel requested authority to acquire by condemnation, if necessary, the following properties which are needed as right of way in connection with various highway improvements or for other purposes, and to tender offers for the same in conformity with instructions given him by the Commission's resolution, dated December 20, 1951.

Catching Slough-Chandler Bridge Section of the Coos River Highway

R-24588- M. G. Sengstocken and Doris L. Brinkman
Right of Way (Coos County)
2.05 acres

R-24589- Henry L. Wills and Marjorie P. Wills
Right of Way (Coos County)
1.50 acres

R-24590- John D. Bergen
Right of Way (Coos County)
Parcel No. 1: 0.20 acre
Parcel No. 2: 0.45 acre

R-24592- Joseph F. Foster and Ruth F. Foster
Right of Way (Coos County)
0.74 acre

R-24597- Alex Maskey and May Maskey
Right of Way (Coos County)
0.45 acre

R-24606- Fred Brunell, Clifford Brunell and Del Brunell
Right of Way (Coos County)
Parcel No. 1: 0.7 acre
Parcel No. 2: 0.52 acre
Parcel No. 3: 0.04 acre

Florence-Douglas County Line Section of the Oregon Coast Highway

R-24981- E. S. Adams, et al.
Right of Way (Lane County)
0.092 acre

R-24791- A. O. Weekly Estate
Right of Way (Lane County)
0.11 acre

R-24785- Lawrence E. Gudge
Right of Way (Lane County)
0.08 acre

R-24788- George H. Cousely and Marie Cousely
Right of Way (Lane County)
0.08 acre

Sunset Junction Slide Section of the Fishhawk Falls Secondary Highway

R-24813- Theodore Dichter and Blanche E. Dichter
Right of Way (Clatsop County)
0.42 acre

R-24814- G. R. Van Vleet
Right of Way (Clatsop County)
Parcel No. 1 and Parcel No. 2- 1.1 acres total

R-24815- Charles M. Meeker and William H. Meeker
(Clatsop County)
Parcel No. 1: 0.195 acre Right of Way
Parcel No. 2: 0.14 acre Easement for Channel Change

Reedsport-Dean Creek Section of the Umpqua Highway

R-24826- City of Reedsport
Right of Way (Douglas County)
5.16 acre

R-23023- Russell J. Hubbard
Right of Way for Slide correction (Douglas County)
11.88 acres

Siletz-Toledo Section of the Siletz Secondary Highway

R-23822- Josephine Battin
Right of Way (Lincoln County)
313 square feet

June 4, 1956

Oakland-Deady Section of the Pacific Highway

R-24930- Charles P. Garrett and Myrtle S. Garrett
Right of Way (Douglas County)
Parcel No. 1: 1.0 acre
Parcel No. 2: 1.57 acres
Parcel No. 3: 4.7 acres

R-24931- Clarence E. Miller and Zella Miller
Right of Way (Douglas County)
1.77 acres

R-24932- R. B. Norman and Juanita Norman
Right of Way (Douglas County)
0.2 acre

Dolph Corner-Rickreall Section of the Willamina-Salem Highway

L-2419- Isaac Reimer, et al.
New resolution required for change in description and access rights

Washington County Line-Hillsdale Section of the Beaverton-Hillsdale Highway

R-24679- Bessie B. Zimmerman
Right of Way (Multnomah County)
520 square feet

R-24755- G. L. Fraley and Ann Fraley
Right of Way (Multnomah County)
500 square feet

Right of way maps, construction plans and other data were submitted to the Commission and the Deputy Engineer advised that the acquisition of the properties listed is required in order to carry out plans for highway improvements and other projects heretofore authorized by the Commission. After considering the matter in light of the information and advice submitted, together with the general knowledge of the members of the Commission concerning the various projects and the properties involved, the Commission approved the Chief Counsel's request by adopting the attached resolutions relative thereto, marked EXHIBITS "H-1" through "H-10", which resolutions by this reference are made part hereof, with like effect as though extended in full herein.

June 4, 1956

The Commission accepted a report submitted by the Chief Counsel enumerating details, as follows, concerning cases tried before the courts since the Commission meeting held on April 27, 1956:

REPORT OF CONDEMNATION CASES TRIED APRIL 27, 1956 to MAY 31, 1956

Case	County	Highway	Section	State's Offer	Defendant's Demands	Verdict
Piper R-21575	Clackamas	Clackamas	Clackamas Overcrossing	$ 2,000	$ 3,500 with access	$ 2,250
Newhouse R-21342	Curry	Oregon Coast	Euchre Creek - Wedderburn	$ 7,140	$ 8,600	$ 6,000
Walton R-21509	Curry	Oregon Coast	Euchre Creek - Wedderburn	$ 1,000	$ 3,000	$ 2,250
McNeal R-23240	Jackson	Pacific	Ashland	$26,338	$29,200	$29,200
Arnold R-16774	Klamath	The Dalles-California	Chemult-Diamond Lake Jct.	$ 600	$130,000	$13,250
Nichols R-23766	Klamath	The Dalles-California	Klamath Falls West Side By-Pass	$ 750	$ 4,000	$ 1,000
Hot Springs, Inc. R-2113	Malheur	Central Oregon	Vale-Cairo Junction	$ 4,231	$55,000	$ 8,016
Miller R-22632	Marion	North Santiam	Salem-Stout Creek	$ 9,400	$20,000	$13,000
Dunn R-24054	Coos	Coos Bay-Roseburg	Coquille-Rink Creek	$ 9,200	$10,000	$10,000
Super-bilt Mfg. Co. R-14703	Multnomah	T.H. Banfield Expressway	Unit No. 2	$150,000 (land & bldg. only)	$300,000 (land & bldg only)	$300,000 (land, bldg. & fixtures).

(For details see Chief Counsel's letters of May 25 and June 1, 1956 in the General Files).

June 4, 1956

The Commission also considered and accepted a report from the Chief Counsel on cases which have been settled out of court since the Commission meeting on April 27, 1956, as follows:

REPORT OF CONDEMNATION CASES SETTLED

Case	County	Highway	Section	State's Offer	Amount of Settlement
Darr R-24202	Clackamas	Mt. Hood	Laurel Hill-Still Creek	$ 2,600	$ 2,600
Dodge R-23759	Douglas	Pacific	Myrtle Creek-Canyonville	$ 2,475	$ 2,750
Meindl R-23836	Harney	John Day-Burns	Forest Boundary-Burns	$ 150	$ 150
Westerlund R-23806	Multnomah	Pacific East	Interstate Bridge	$27,000	$32,000
Swanson R-23510	Tillamook	Wilson River	Tillamook-Donaldson Creek	$ 8,500	$ 9,320
Wyss R-24474	Tillamook	Wilson River	Tillamook-Donaldson Creek	$ 6,040	$ 7,000
Erickson R-24423	Washington	Tualatin Valley	Forest Grove-Hillsboro	$ 450	$ 500
Kelsey R-24405	Washington	Tualatin Valley	Forest Grove-Hillsboro	$ 3,625	$ 3,812
McHenry R-23430	Yamhill	Three Mile Lane	McMinnville Airport-Dayton Jct.	$ 700	$ 800
Roy E. Smith R-23491	Tillamook	Wilson River	Tillamook-Donaldson Creek	$ 700	$ 1,000
Hadley R-24422	Washington	Tualatin Valley	Forest Grove-Hillsboro	$ 2,115	$ 2,115

REPORT OF CONDEMNATION CASES SETTLED- CONT.

Case	County	Highway	Section	State's Offer	Amount of Settlement
Schoonover R-24558	Washington	Tualatin Valley	Forest Grove-Hillsboro	$ 900	$ 1,000
Springer R-24384	Washington	Tualatin Valley	Forest Grove-Hillsboro	$1,300	$ 1,550

(For details see Chief Counsel's letters of May 25 and June 1, 1956 in the General Files).

The Commission approved offers as follows made by the Chief Counsel to owners for acquisition of real property, which offers were tendered prior to the institution of condemnation proceedings in compliance with a resolution adopted by the Commission on December 20, 1951:

Myrtle Creek-Canyonville Section of the Pacific Highway:

R-21023- Henry Schmoll, et al. 1.5 acres for right of way purposes and 0.78 acre for excess taking. Offer of $1,600 approved by Mr. McIver May 25, 1956.

R-21027-Mabel Lewis, et al. 16.92 acres for right of way purposes. Offer of $14,400 approved by Mr. McIver May 25, 1956.

R-21043-A. L. Matthews, et al. 4.53 acres for right of way purposes. Offer of $7,100 approved by Mr. McIver May 25, 1956.

Salem By-Pass Jefferson Junction Section of the Pacific Highway East:

R-22114- Ben F. Brandon, et ux. 0.05 acre for right of way purposes. Offer of $200 approved by Mr. McIver May 25, 1956.

Portland-Oregon City Section of the Pacific Highway East:

R-24572-Kola H. McClellan, et al. 45, 455 square feet for right of way purposes. Offer of $1,250 approved by Mr. McIver May 25, 1956.

South River Road Junction (Milwaukie) Section of the Pacific Highway East:

R-24725-Jacob Gorsek, et ux. 0.016 acre for right of way purposes. Offer of $250 approved by Mr. McIver May 25, 1956.

Shady Point-Booth Ranch Section of the Pacific Highway:

R-24703-Joseph W. Holmgren, et ux. 2.0 acres for right of way purposes. Offer of $100 approved by Mr. McIver May 25, 1956.

Washington County Line-Hillsdale Section of the Beaverton-Hillsdale Highway

R-24720-Eva Zurbuchen. 0.027 acre for right of way purposes. Offer of $950 approved by Mr. McIver May 25, 1956.

Euchre Creek-Wedderburn Section of Oregon Coast Highway:

R-24728- L. E. and Etta Goudy, 1 acre for right of way purposes. Offer of $3,500 approved by Highway Commission on June 4, 1956.

The Commission considered and accepted a report submitted by the Chief Counsel concerning matters before the Public Utilities Commissioner, summarized as follows:

PUX 136: Chemult Overcrossing project on The Dalles-California Highway in Klamath County. Order allows temporary impaired railroad clearances.

PUX 155: Signal protection at grade crossings of the tracks of the Union Pacific Railroad Company at Arata Road and N. E. 112th Avenue in Portland. The Utilities Commissioner ordered the Railroad Company to install flashing light signals but made no specific allocation of costs. There is a question as to whether the cost of the signals is to be borne by the Railroad Company or divided between the Railroad Company and Multnomah County.

PUX 158: Sheridan Grade Crossing project involving a crossing at grade on the revised location of the Salmon River Highway with the tracks and right of way of the Willamina Branch of the Southern Pacific Company near Sheridan. The order issued provides that automatic electric signals be installed by the Railroad Company at the expense of the State and to be maintained thereafter by the Railroad Company.

PUX 159: Tile Road Crossing of the tracks of the Southern Pacific Company in the City of Salem. This proceeding is to legalize as a public crossing an existing crossing which has long been in use but has no direct bearing on any state highway.

PUX 165: Closing of Howard Street crossing of the tracks of the Southern Pacific Company in the City of Salem. The intent of this order is to close Howard Street as a public crossing in connection with the City's plan for signalization of various crossings in the City.

PUX 166: Closing of Nebraska Street crossing of the tracks of Southern Pacific Company in the City of Salem. The intent of this order is to close Nebraska Street as a public crossing in connection with the City's plan for signalization at crossings in the City.

The Commission authorized Mr. C. W. Enfield, Chief Counsel, to attend a meeting of the Highway Laws Committee of the Highway Research Board, in Washington, D. C., on June 27 and 28, 1956, at an estimated cost of $370.

A report of institution of legal proceedings agains Cecil Gall, State Highway Resident Engineer, was presented by the Chief Counsel. Four separate actions, the Chief Counsel stated, have been filed by Doris West, Gene H. West, James West, and Linda West, arising out of an automobile accident which occurred on September 11, 1954, a short distance north of Hauser on the Oregon Coast Highway. The plaintiffs have sued for $65,000. He stated that the alleged cause of the accident so far as the Highway Department is concerned was the removal of signs and barricades by persons unknown at a time when Mr. Gall had no duties in the area. It appears that there is no cause for action against Mr. Gall. The Commission authorized the Chief Counsel to act in Mr. Gall's defense.

The Chief Counsel presented a report concerning the following court cases:

1. Buffington vs. State, arising from condemnation proceedings for acquisition of three parcels of real property owned by Charles K. Buffington on the Euchre Creek-Wedderburn Section of the Oregon Coast Highway in Curry County. The complaint alleges that holes drilled and bulldozing performed on property originally negotiated for but later deleted had caused damage and the plaintiff seeks to recover the sum of $962.50 plus attorney's fees in the amount of $250. The complaint also alleges that a bridge and dike across Euchre Creek damaged the plaintiffs' property in the amount of $5,000 for which recovery is sought plus attorney's fees in the amount of $1,250. A motion has been filed to quash service.

2. Institutuion of case of Strasbaugh vs. Babler Bros. This case is a renewal of efforts to recover value of gravel removed for construction of the Ontario-Nyssa Section of the Old Oregon Trail Highway in Malheur County. The Attorney General, the Chief Counsel stated, has authorized his office to undertake defense of the suit and a motion has been filed to strike portions of the complaint. The Commission accepted the report.

Consideration was given to a request from Henry L. Bauer, Attorney for Mrs. Emma Vahl, Estacada, Oregon, that the Commission consent to the vacation of a portion of an alley in Estacada lying between Lots 17 to 23, inclusive, and Lots 1 to 7, inclusive, in Block 3, Terrace Addition to Estacada, in Clackamas County. The portion to be vacated begins at the center of the westerly boundary line of State-owned property used

as a maintenance site. Vacation of the alley way, the Chief Counsel stated, will not impede use of the State-owned property and will have no adverse effect upon it. He recommended that the Commission consent to the vacation. The Commission accepted his recommendation.

The Commission considered the use of local attorneys in the handling of condemnation cases. The Chief Counsel recalled that in May, 1955, the Commission authorized the use of local counsel in such cases as would be deemed in the best interests of the State. He pointed out that the employment of local counsel in all condemnation cases does not always work to the State's benefit. He presented a report on 40 court cases in which the total verdicts were 20.17 per cent in excess of the total offers. The total verdicts in 31 of these cases tried without local counsel, he said, were 15.71 per cent in excess of total offers and the total verdicts in the 9 cases tried with the assistance of other counsel were 44.65 per cent in excess of total offers. He recommended adoption of a policy which would continue in effect the policy of the past year whereby the Chief Counsel is authorized to employ local counsel as he deems to be in the best interest of the State.

Chairman Chandler commented that there has been a considerable turn-over in the Legal staff and that there might be a shortage of State attorneys to handle condemnation cases. The Chief Counsel called attention to the salary scale in effect for attorneys which the Attorney General has limited to a top of $750. A better salary schedule is badly needed, he stated, in order to attract competent attorneys and to retain those that the State has already trained. Commissioner McIver pointed out that the request asks only that local counsel be used on a discretionary basis. Commissioner Reynolds expressed the thought that the State does not wish to be criticized for not using the best available legal talent in such important cases as the Superbilt Manufacturing trial and the Natt McDougall case on the Low Pass-Summit job. As a result of the discussion, the Commission approved the Chief Counsel's request to use local counsel at his discretion until such time as the Commission decides to make a change

The Chief Counsel requested and the Commission granted authority to institute legal proceedings against Archie Wayne Yandell to recover $457.72 that it cost the State to repair damage to the Isthmus Slough Bridge on the Coos River Secondary Highway caused by Mr. Yandell.

Abandonment of a number of damage claims was presented by the Chief Counsel. Commissioner Reynolds expressed thought that it might be better to secure more accurate and complete information as to amount and validity of the claim before filing action rather than to file the claims and then retract them at a later date. The Chief Counsel stated that it sometimes takes six months or more to get exact amounts on damage claims but every effort would be made to secure such amounts early so that it will not be necessary to abandon or revise the claims at a later date. He was instructed to consult with the Engineer in the determination of a procedure to be followed in the future. After some further discussion the Commission approved abandonment of the following claims:

CAO-55-60, Ethel Peterson, for damage to a guardrail on the Old Oregon Trail Highway in Union County, in the amount of $128.98. The owner or operator of the vehicle cannot be located.

CAO-44-92, Leon Reatnit, for damage to a Ford Dump Truck, in the amount of $35.33. Mr. Reatnit cannot be located.

CAO-55-148, E. C. Johnston, for damages to a guardrail on the Warm Springs Highway, in the amount of $270. Miss Duhig, who was killed in the accident had no operator's license, and was driving the car without permission of the owner. It was the Chief Counsel's feeling that the claim should be abandoned because of the poor public relations which would probably result from prosecution.

CAO-55-166, John Rollins, for damages to the highway at M.P. 23.12 on the Cascade Secondary Highway. Mr. Rollins' truck caught fire and burned on the roadway surface, causing damages estimated from $75 to $100. Later examination revealed that no patching or repair work was needed and that the claim should be abandoned.

CAO-56-172, Dwight H. Brown, for damages to a state highway dump truck in the City of Monmouth. The first report of the accident indicated that a green light faced the State vehicle at the time of the collision. Since that time it has been determined that a red light was facing the State vehicle and the State's insurance carrier has paid a claim by Mr. Brown against the State.

CAO-56-192, Steve E. DeMarco, for estimated damages to a State Highway Department dump truck in the amount of $25. The actual cost of repair, however, was determined to be $1.60.

CAO-56-237, Josephine Bailey, for damages to a State Highway Department vehicle, estimated at $50. Later, however, the Maintenance Department advised that the actual cost of repairing the damage to the State vehicle was negligible.

Consideration was given to a request from the Crook County Court that the County be allowed to abandon a portion of the old Ochoco Highway between Marks Creek and Prineville which was turned over to the County to maintain as a county road when the highway was realigned. It appears that the County wishes to give the old road to the abutting property owners whereas certain property owners in the area wish the section kept open and maintained as a county road. The Chief Counsel explained that in an agreement, dated November 4, 1948, the County agreed to maintain as a county road three units of the old highway, one of which is located in the vicinity of Mill Creek and is the section or unit in controversy. Under the terms of the agreement the Commission is not in a position to authorize variance from the terms of its agreement unless the Commission is willing to undertake maintenance of the unit involved which includes a bridge structure that is in need of repair. He recommended that no change be made in the existing agreement. The Commission accepted his recommendation and so ordered.

The Commission gave attention to the matter of acquiring a parcel of land containing approximately 16 acres within the City of Roseburg on the east side of the Pacific Highway and north of and adjacent to the South Umpqua River, which property has been advertised for sale by the General Services Administration as a part of the Veterans Hospital at Roseburg. The Chief Counsel recalled that the Commission previously authorized him to bid an amount up to $25,000 for this property. He presented a form of resolution granting Mr. Robert L. Byrum, District Right of Way Supervisor, authority to submit an offer in such amount for the purchase of this property, and to submit with the bid a check in the amount of $2,000 as a bid deposit. The Commission adopted the attached resolution relative thereto, marked EXHIBIT "C", which resolution by this reference is made a part hereof, with like effect as though extended in full herein, and also granted a power of attorney to Robert L. Byrum to act as the Commission's agent in connection with this transaction.

The Chief Counsel reported that Morrison and Lamping, Contractors, have instituted a suit against the State in an amount of $42,987.50, plus interest, for damages allegedly caused them in connection with Contract No. 3956 for construction of the Joseph-Sheep Creek Hill Section of the Little Sheep Creek Secondary Highway in Wallowa County. The contractors, he said, claim that they were caused extra expense by reason of the right of way being flooded by farmers irrigation ditches, such expense amounting to $42,987. The Commission accepted the report but took no action on it.

At 10:00 a.m. bids as follows for highway construction were opened and read aloud by the Secretary who then announced that the Commission would award contracts at 4:00 p.m. in the same room.

CLATSOP COUNTY
BRIDGE, GRADING AND STONE BASE ON NEHALEM RIVER (VINE MAPLE) BRIDGE SECTION OF FISHHAWK FALLS HIGHWAY

P. S. Lord Mechanical Contractors, Portland	$152,630.00
Schrader Construction Co., Portland	159,580.00

Roy L. Houck & Sons, Salem	471,617.00
Parker-Schram Co., Portland	519,635.00

The Deputy Engineer reported that under authority previously granted by the Commission contracts which were referred to the Engineer by the Commission to award when certain conditions had been satisfied have been awarded as follows:

(1) Construction of the Klaskanine River Bridge on the Youngs River Loop Road, eight miles southeast of Astoria in Clatsop County. Bids received April 27, 1956. Conditions of award satisfied May 2, 1956. Contract awarded to Roger E. Holmes, Olympia, Washington, low bidder.

(2) Construction of Rock Creek Bridge and Beaverton Creek Bridges on Base Line Road, near Hillsboro, Washington County. Bids received April 27, 1956. Conditions of award satisfied May 7, 1956. Contract awarded to Johnston & Bryant, Newberg, low bidder.

(3) Paving Knott Street at Coquille, Coos County. Bids received April 27, 1956. Conditions of award satisfied May 8, 1956. Contract awarded to J. C. Compton Company, McMinnville, Oregon, low bidder.

(4) Paving Winchester Avenue at Reedsport, Douglas County. Bids received April 27, 1956. Conditions of award satisfied May 8, 1956. Contract awarded to The United Contracting Company, Portland, low bidder.

(5) Paving Michigan Avenue and Morrison Street at Empire, Coos County. Bids received April 26, 1956. Conditions of award satisfied May 10, 1956. Contract awarded to Porter W. Yett, Portland, low bidder.

(6) Paving West Pacific Avenue in the City of Taft, Lincoln County. Bids received April 26, 1956. Conditions of award satisfied May 14, 1956. Contract awarded to J. C. Compton Company, McMinnville, low bidder.

(7) Construction of North Fork Scappoose Creek Bridges on the Pittsburg-Scappoose Highway, Columbia County. Bids received April 26, 1956. Conditions of award satisfied May 16, 1956. Contract awarded to Erick Enquist, Troutdale, low bidder.

(8) Grading and base on the Barnes Butte Road Section of the Barnes Butte Road, north of Prineville, Crook County. Bids received April 26, 1956. Conditions of award satisfied May 28, 1956. Contract awarded to Cartwright Construction Company, Durkee, low bidder.

The Deputy Engineer reported that under authority previously granted by the Commission he has ordered removal of the following reduced load limit restrictions on a number of highways as the need for such restricted limits are no longer required:

1. Sumpter Valley Secondary Highway No. 410, from M.P. 1.75 at Denny Creek to M.P. 20.4 at west limits of Sumpter at 8:00 a.m., May 1, 1956.

2. Medical Springs Secondary Highway No. 340, from M.P. 0.57, at the edge of Union, to M.P. 11.28, effective 8:00 a.m., May 2, 1956.

3. Weston-Elgin Secondary Highway No. 330, from M.P. 8.00, eight miles east of Weston, to M.P. 12.50, effective 8:00 a.m., May 7, 1956.

4. Medical Springs Secondary Highway No. 340, from M.P. 11.28 to M.P. 20.35, at Medical Springs, effective 8:00 a.m., May 14, 1956.

Reduced load limit restrictions on certain highways were imposed and removed as follows:

5. Weston-Elgin Secondary Highway No. 330, from M.P. 12.50 to M.P. 15.75, load limit to be removed at 8:00 a.m., June 6, 1956.

6. Corvallis-East Side Highway No. 210, a restricted load limit of 10,000 lbs. on the Van Buren Bridge, M.P. 0.13, was imposed May 17, 1956 and removed at 6:00 p.m., May 21, 1956.

7. West Diamond Lake Secondary Highway No. 233, from M.P. 8.00 to M.P. 23.89,at Diamond Lake, reduced load limit was imposed May 23, 1956 and removed at 8:00 a.m., June 4, 1956.

8. East Diamond Lake Secondary Highway No. 425, reduced load limit imposed over the entire length of the highway on May 25, 1956 will be removed at 8:00 a.m., June 6, 1956.

9. Crater Lake-North Highway No. 232, reduced load limit imposed over the entire length of the highway on May 23, 1956 and will be removed at 8:00 a.m., June 6, 1956.

The Deputy Engineer reported that he has reclassified from Group II to Group I status a nine-mile section of the Kimberly-Long Creek Secondary Highway from M.P. 26.89 to M.P. 35.85, following a successful test run with a truck and full trailer having an over-all length of 60 feet. The test, he said, was made at the request of lumber and timber interests in order to haul timber products to Seneca. The Commission confirmed his action.

The Commission considered a petition from the Associated Forest Industries of Oregon requesting permission to truck-haul logs over State highways beyond the present deadline of 8:00 p.m. Mr. W. W. Stiffler, Assistant Engineer, advised that the State Industrial Accident Commission has a requirement that no truck driver shall drive longer than 12 hours per day, and he pointed out that the present hauling hours from 4:00 a.m. to 8:00 p.m. total more than 12 hours. To give the loggers more time for hauling, he suggested if the hauling hours are to be extended, that such extension be in the morning hours beginning at 2:00 a.m., instead of 4:00 a.m. as traffic is at a minimum at that time. The proposal was discussed by the Commission at considerable length during which it was pointed out that not many operators are equipped to load logs in the dark, and that it would require employment of additional weighmasters to check the loads. The Commission decided unanimously to make no change in the regulations now in effect.

Mr. G. S. Paxson, Assistant Engineer, reported an encroachment on the right of way of US97, approximately three miles north of Bend. It appears that Mr. Curtis L. Rounds constructed a concrete block building that encroaches on the right of way about 14 feet. He explained that the right of way adjoining the Rounds property is 100 feet wide but on a short section on which Mr. Rounds' building is located the right of way is 150 feet wide, and that were Mr. Rounds required to remove the building it would have to be dismantled. He recommended that Mr. Rounds be allowed to maintain his building as constructed on a revocable lease agreement covering a parcel of land 25 feet in width and 200 feet in length for $25 per year, subject to the condition that Mr. Rounds shall be required to construct a concrete curb, approximately 100 feet in length, to prohibit use of the right of way as an approach to his business. The Commission approved the recommendation.

A report was presented by the Deputy Engineer concerning a traffic hazard in La Grande in the vicinity of the Grand Ronde Hospital as requested by Commissioner Reynolds at the previous meeting. He said that a traffic investigation reveals that the hazard in the intersection concerned is more apparent than real, and he recommended in order to "open up" the intersectional area to allow for better maneuverability of vehicles that the City of La Grande be requested to enact an appropriate ordinance establishing a "no parking at any time" zone on the north and the south sides of Adams Avenue between the most easterly curb line of Alder Street and the most westerly curb line of Walnut Street. The Commission approved his recommendation.

The Deputy Engineer presented a tabulation of statistics from Weighmaster records covering a three-month period from January through March for the years 1952 to 1956, inclusive. The principal point of interest, he said, is the substantial drop in the average fine per violation paid in cases involving haulers of logs, poles, and piling, from a high of $96.54 in 1952 to $52.26 in 1956. The Commission accepted the report.

The Deputy Engineer also submitted a report from the Weighmaster records showing the amounts of fines assessed in courts for overloads apprehended on highways that are posted for reduced weight loads. He pointed out a tendency of the courts in some instances to assess fines below the statutory minimums and in other cases to suspend a considerable portion of the fine. A number of the District Attorneys in Eastern Oregon, he stated, have indicated their intention to dismiss any further complaints for overloads because of reduced load limits, as it is their feeling that such reduced load limits are invalid since the order imposing the reduced load limits was not made by the Highway Commission itself. He continued that there has been a growing tendency among the courts involved to assess a minimum fine and then to suspend most of it, and that violations have been incurred under regular hauling conditions as well as on highway sections where reduced load limits have been in effect. Chairman Chandler commented that copies of the Weighmaster reports should be furnished to the Highway Interim Committee and to the Governor, and

that something must be done to clarify authority to impose reduced load limits. The need for drastic action was also emphasized by Commissioner Reynolds. Commissioner McIver favored presenting the reports to the Governor and to the Highway Interim Committee, and he added that laws pertaining to fines for overload violations should be either enforced or repealed. Action that might be taken to control illegal loads was discussed. The Chief Counsel pointed out that the Commission can recommend to the Public Utilities Commissioner that a violator's PUC permit be revoked. The question of the legality of suspending fines was also discussed. The Chief Counsel stated that there is a difference of opinion in legal minds as to the authority of the courts in this matter and he hoped that a ruling could be made in a pending case in Pendleton. Commissioner Reynolds inquired if the status of this case could be determined during the Commission meeting. The Commission ordered that copies of the Weighmasters' reports be sent to the Governor, the Attorney General, and the Highway Interim Committee.

(Later in the day, the Assistant Counsel reported that Judge Howell had thrown the case out of court on technical grounds, and that the question posed by the Commission is still unanswered).

The meeting recessed at 12:00 noon and reconvened at 2:00 p.m., with the same persons present and participating.

A report was presented by the Deputy Engineer concerning the proposed Toll Bridge across the Columbia River at Biggs Rapids in Sherman County. He pointed out that the four-party agreement entered into in September, 1955, obligates each party thereto to pay a sum not to exceed $6,000 to conduct a feasibility study. The study has been completed at a total cost of $15,300, of which the Oregon Highway Department's share is $3,825. The report rendered by the Consulting Engineer, he continued, shows the project to be feasible and forecasts revenues 1.95 times the cost of construction, maintenance, operation, and financing over a period of 30 years. He recommended that the report be accepted as the State's obligation under the agreement has been fulfilled. The Commission accepted the report.

Attention was given to a report submitted by the Deputy Engineer concerning the advisability of the State's taking over and operating certain forest wayside camps now operated by the U. S. Forest Service adjacent to State highways within the Wallowa-Whitman National Forest. The Deputy Engineer stated that an investigation of three camps along the John Day Highway was made by the Landscape Engineer who reported that one of them, Dixie Forest Camp, is not visible from the main highway, and would not be acceptable without extensive redevelopment, and that the Oregon and Wetmore Forest Camps will be disturbed by impending highway construction which would rule them out of consideration; moreover, indications are that the Regional Forester would not consent to the transfer unless the State would permit overnight camping, which is contrary to the Commission's policy for roadway rest areas. He recommended that the matter be dropped unless an official request in writing is received

from the U. S. Forest Service. The Commission adopted the recommendation and so ordered.

The Commission considered the following items of unfinished business listed on the Secretary's Summary, dated April 27, 1956:

1. Request for signs on scenic drives in the Hood River Valley: This item was ordered deleted from the list of unfinished business. It is to be considered as new business if and when it again arises.

2. Proposed gift of land by the Lloyd Corporation for park purposes on the Oregon Coast Highway north of Wedderburn: This item was ordered deleted from the list of unfinished business and the Parks Superintendent was instructed to submit a report when an answer is received from the Lloyd Corporation.

3. Dangerous intersection near Grand Ronde Hospital in the City of La Grande: This item was reported earlier in the session by the Deputy Engineer.

4. Selection of a name for the Depoe Bay Park Restroom and Concession Building: This matter was considered earlier in the session but no action was taken. The Commission ordered the item removed from the list of unfinished business. It is to be considered as new business when the subject is again discussed.

5. Request of log haulers for extension of hauling hours beyond 8:00 p. m. This matter was considered in a report submitted by the Deputy Engineer earlier in the day when the Commission denied the request.

6. Advisability of the State taking over and operating certain U. S. Forest Waysides in Eastern Oregon: The Commission ordered this item deleted from the list of unfinished business as action was taken earlier in the session. It was decided at that time not to assume this obligation because of complications.

7. Request of Benton County delegation for improvement of the Alsea Highway over Alsea Mountain: The Deputy Engineer stated that the report on this subject is not yet complete but he hopes to have it ready to render at the July Commission meeting. This item is to remain on the list of unfinished business.

Consideration was given to a petition from residents of the Noti area that reconsideration be given to construction of a footpath on the Richardson-Eugene Highway in the village of Noti between their school building and the Post Office. This matter was investigated in October, 1955, when the Engineer reported that the footpath would cost $2,800 and that its warrant is only 0.57, whereas construction is warranted only at

unity or 1.00. The Deputy Engineer advised that no changes have occurred since the October report, and that it is his recommendation that the previous denial be affirmed. The Commission accepted the recommendation.

Also considered was a request from the Superintendent of the Corvallis Public Schools for construction of a footpath along the Corvallis-Newport Highway between the west city limits of Corvallis and 35th Street. This matter, the Deputy Engineer stated, was investigated in April, 1956, and the relative warrant for construction was found to be 0.298 whereas construction is warranted only at unity or 1.00. When the investigation was made only 22 pedestrians were observed walking along the highway daily, and construction cost was computed at $4,500. In view of these facts it was his recommendation that the request be denied. The Commission adopted the recommendation.

The Deputy Engineer reported that surveys have been completed for relocation of two highway sections-viz., between Klamath Falls and Green Springs Highway Junction on US97, and between Albany and Judkins Point on US99 (Freeway). In both instances, he stated, a careful engineering study was made to determine the best route for the traveling public commensurate with the cost of construction. He recommended approval of the surveys, as follows:

1. Klamath Falls-Green Springs Highway Junction Section of The Dalles-California Highway in Klamath County. (See EXHIBIT "G-1".)

2. Albany-Judkins Point Section of the Pacific Highway East in Linn and Lane Counties. (See EXHIBIT "G-2".)

The Commission approved the surveys by adopting the attached resolutions relative thereto, marked EXHIBITS "G-1" and "G-2", which resolutions by this reference are made a part hereof with like effect as though extended in full herein.

The Deputy Engineer requested authority for an expenditure of funds to correct slide conditions on the following highway sections:

1. Siskiyou Mountain Section of the Pacific Highway, $8,500.

2. Ladd Canyon Section of the Old Oregon Trail for removal of earth material, installation of metal drain pipe, and reconstruction of surfacing and paving in the sum of $50,000.

3. Sexton Mountain Summit Section on the Pacific Highway for removal of earth material and flattening of the slope below the fill for the sum of $192,000.

In this instance the Engineer reported that extensive tests have been made to find the cause of the slide but no definite conclusions have been reached. It is proposed to remove material above the slide and flatten the slope below the fill to bring the area into better balance.

4. Anlauf-Rice Hill Section of the Pacific Highway near the Elkhead Road to correct a slide condition in the amount of $10,500.

5. North Broadway Section in Coos Bay on the Oregon Coast Highway for construction of a gravity retaining wall at a cost of $8,000, to prevent damage to private property.

In connection with these projects, it was the Deputy Engineer's recommendation, approved by the Commission, that all except the North Broadway Section in Coos Bay be performed by contract, and that the Coos Bay job be done by State forces.

The Deputy Engineer also requested authority for an expenditure of $7,000 to install a 48" tunnel liner through the embankment of the roadbed at Engineer's Station 2029+50 on the Pacific Highway north of Wilbur. Complaints, he stated, have been received that the new highway construction has impeded the run-off of one of the tributaries of Sutherlin Creek during flood stage and that several checks made by the engineers have tended to confirm this contention. To correct the condition and to eliminate the possibility of damage claims, he recommended approval of the expenditure. The Commission approved the project.

Requests from the Cities of Oakridge and Willamette City for the oiling of shoulders on the Willamette Highway through these communities were considered. The Deputy Engineer reported that these requests were investigated and it was determined that the cost to oil the shoulders on both sides of the highway to a width of six feet for a distance of 1.75 miles through the two cities with an 0-9 specification would be approximately $4,900. He recommended that this work be performed by State forces in connection with other oiling work in the vicinity of Odell Lake. The Commission approved the project as recommended.

Authority was requested by the Deputy Engineer for an increase of $82,000 in the project authorization for Contract No. 4298, grading and oil mat surfacing on the Shady-Canyonville Section of the Pacific Highway. This increase, he stated, is required to remove large slides and to flatten slopes to prevent further slides. The Commission approved the increase.

An increase of $33,000 in the project authorization for Contract No. 4313, for construction of the Beaverton-Multnomah County Line Section of the Beaverton-Hillsdale Highway was also requested by the Deputy Engineer who stated that it is required to pay for an increase in the

amount of surfacing materials used on the job to obtain a proper crown where the old highway pavement was covered. The Commission approved the increase as requested.

The Commission discussed with the Deputy Engineer, two resolutions adopted by the Oregon Coast Association at its annual conference on May 23, 1956, requesting (1) that $1,200,000 of construction funds heretofore budgeted for Division 3 be spent on the Oregon Coast Highway between Gold Beach and Brookings, and (2) that the Oregon Coast Association opposes any legislative action to separate the Parks Division from the State Highway Department. The Commission took no action on either resolution. (The subject of the first above-mentioned resolution was discussed on the following day with a delegation representing the US101 Association. See ahead for additional entry.)

A request for authority to install a truck scale to weigh southbound truck traffic on the Pacific Highway immediately north of Winchester, Douglas County, was presented by the Deputy Engineer. He pointed out that the 1956 budget includes provision for installation of scales at Canyonville and Brookings, but it is his opinion that the truck scale at Wilbur, although not in the budget, has a higher priority rating. He recommended that it be installed at an estimated cost of $39,600 with funds previously allocated to the truck scales at Canyonville and Brookings. The Commission accepted his recommendation.

Construction of a pedestrian underpass on Harbor Drive at S. W. Curry Street in Portland was requested in a petition from residents of Portland. The Deputy Engineer stated that an investigation disclosed that a pedestrian subway could be constructed at an estimated cost of $28,000. It was also determined that few pedestrians cross Harbor Drive at this location, and in general pedestrians are reluctant to use a subway even though the subway is lighted. Also there is a pedestrian subway at S. W. Grover Street, about two blocks distant. He recommended in view of these facts that the request be denied. The Commission accepted the recommendation.

The Commission considered a resolution passed by the City Council of Portland requesting construction of roads leading to and from S. W. Canyon Road to provide adequate access to the Zoological Gardens, the Oregon Museum of Science and Industry, the West Hills Pitch and Putt Golf Course, the Hoyt Park Arboretum, and the Highlands Access Road. The Deputy Engineer commented that while no funds are immediately available for the improvement requested plans for the same are being included in the proposed five-year program. He estimated that improving the highway in this area and construction of the necessary grade separation structure would cost approximately $463,000. The Commission instructed the Secretary to inform the City that the project will be considered if and when Federal funds become available to finance it.

Consideration was given to a cooperative project suggested by the Board of County Commissioners of Multnomah County for widening the

Ross Island Bridge over the Willamette River in Portland. The Deputy Engineer advised that several estimates have been made on the cost to widen this structure and the most advisable program presently appears to be to widen the structure 3½-feet on the southerly side by removing the sidewalk which will cost about $179,000. The eventual program of widening to five lanes, he said, is estimated to cost $3,000,000. An expenditure to widen the bridge 3½-feet at this time, he said, will not be wasted in the future widening program. The present bridge, he stated, provides four traffic lanes, each 9 feet wide, which is entirely too narrow for the safety of present day traffic. If widened 3½ feet, four-10-foot lanes would be accommodated. He recommended joining with the County on the $179,000 project if the County will agree to cooperate on an equal basis. The Commission deferred its decision in the matter pending receipt of a definite formal proposal from the County.

The Commission considered and ordered filed a 1956 Roads and Highways program adopted by the Klamath County Chamber of Commerce and endorsed by the County Court of Klamath County.

The Commission gave attention to a letter from Mr. J. A. Perry, Assistant Cashier of the Cottage Grove Branch of the First National Bank of Portland, requesting an access be granted to US99 Freeway from the Ostrander Lane Interchange connection at the north entrance to Cottage Grove. To grant the access, the Deputy Engineer stated, would permit unlimited development of commercial enterprises along Ostrander Lane where sight distance is impaired by a railroad overcrossing. The Commission accepted his recommendation that the request be denied.

Attention was also given to a request from the Drain School District for construction of a turn-off connection from the Pacific Highway just south of Anlauf to a county road known as Buck Creek Road. The Deputy Engineer reported that school buses now are compelled to travel an extra distance of two miles to reach the Buck Creek Road. An investigation was made and it was found that to construct an off-ramp only would cost approximately $4,500, and its construction would be justified by the saving in expense and distance traveled by school buses which now travel the old route. Upon his favorable recommendation, the Commission approved construction of the off-ramp.

A request was considered from State Representative Wayne R. Giesy, Monroe, for correction of a dangerous condition that exists on the Pacific Highway West at McGuire Driveway near Camp Adair due to restricted sight distance. The Deputy Engineer reported that several residents and a Scout Camp use the McGuire driveway for access to the highway and that a school bus stops at this location to pick up and discharge students. He recommended that the cut bank be widened to improve the sight distance at an estimated cost of $3,000, as a minor betterment project. The Commission approved the project.

Authority was requested by the Deputy Engineer for the expenditure of $7,100 to place a concrete surface protection on the fill slopes at each end of the structure carrying the Portland-Salem Expressway over Southern Pacific Company's tracks near Chemawa. These fill slopes, he stated, are composed of a silty material which is being eroded by surface drainage and is causing damage to the ballast on the railroad tracks. The Commission approved the project following the Deputy Engineer's favorable recommendation, and also authorized him to call for bids for the work at the next Highway Commission meeting.

The Deputy Engineer reported that all of the landscaping on the Portland-Salem Expressway has been placed under contract except a section between the Barbur Boulevard interchange and Lower Boones Ferry Road. So that this four-mile section will be comparable with the balance of the Expressway, he recommended that authority be granted to spend $28,000 of the bond funds remaining available on the Willamette River-Hayesville Section of the Portland-Salem Expressway. The Commission authorized the project.

An expenditure of $12,000 to install approximately 900 feet of sewer pipe on the Pacific Highway in Sutherlin was requested by the Deputy Engineer. He explained that Central Avenue in Sutherlin was improved in 1953 as a connection from the city to the Pacific Highway. The area has built up rapidly resulting in much quicker runoff of drainage water with a possibility of serious damage to adjacent properties. To correct the condition, he recommended that the sewer pipe be installed and that authority be granted to contract the work as soon as plans can be prepared. The Commission approved his recommendation.

A request was presented from the City of Enterprise for widening of the Wallowa Lake Highway within the City of Enterprise. The Deputy Engineer stated that an investigation revealed that such widening to a 66-foot width between curbs will cost approximately $8,000. He recommended approval of the project provided that the City will pay 25% of the cost or approximately $2,000, and that the City will enact ordinances to establish parallel parking. The Commission approved the project as outlined by the Deputy Engineer.

Attention was given to a request from the Josephine County Court for an additional County FAS project to finance construction of a bridge over Slate Creek on F.A.S. #266 at Wilderville, at an estimated cost of $13,000. Upon the Deputy Engineer's favorable recommendation, the Commission approved the project.

Consideration was also given to a request from Aaron M. Frank for a study of traffic conditions at the intersection of Oleson Road and the Beaverton-Hillsdale Highway south of Portland. The Deputy Engineer reported that this intersection was investigated as was also the Scholls Ferry Highway intersection immediately adjacent to Oleson Road. Conditions at this location, he said, have become worse in the past year and continued growth in the area will aggravate the traffic congestion. It was his opinion

that although signalization of the two intersections is not the complete solution of the problem, it would help conditions, and he accordingly recommended installation of two fully actuated, interconnected, three-phase traffic signals with incidental channelization and other work, at a total estimated cost of $25,000. The Commission approved the project.

The Deputy Engineer brought up the matter of illumination of the new embankment on US99W at the east edge of Newberg. He recalled that the Commission some time ago approved such project on the condition that the City would pay one-half of the cost of installation. The City now advises, he said, that it is without legal authority to contribute toward the expense because the location is outside the City limits. The Engineer pointed out that since starting the negotiations with the City the Commission adopted a survey for a new bridge across the Willamette River at Newberg, the approach to which will connect with US99W at some point within the area that is proposed for illumination. He recommended, in view thereof, that the lighting project be held in abeyance until the detailed design of the intersection is worked out. The Commission accepted his recommendation.

The Commission gave its attention to a request from the United States Army Engineers for access to the Willamette Highway from Lookout Point Reservoir above Meridian Dam for the convenience of people who desire to launch boats in the Reservoir. The Deputy Engineer advised that such connection will cross the tracks of the Southern Pacific Railroad and that the Public Utilities Commissioner has authorized a public grade crossing of Southern Pacific Railroad. He called attention to the fact that such a crossing will be dangerous because of the many trains that pass this point daily; moreover, the distance is so short between the highway and the railroad that cars with boat trailers will have to stop on the highway right of way. An investigation, he added, reveals that a serious traffic hazard will be created unless proper traffic separation devices are installed. To make the access safe, he stated, left-turn facilities should be provided and the highway widened, which he estimated would cost $18,000. The Commission deferred action in this matter pending appearance of a delegation on the following day. (On the following day, representatives of the U. S. Forest Service and the Lane County Park Commission appeared before the Commission concerning this matter. As a result of discussion the Commission approved the project for State funds, and authorized the Engineer to prepare the job for the July meeting if possible.)

The Deputy Engineer reported on an anonymous request concerning traffic hazards at the intersection of the Beaverton-Hillsdale Highway and N. E. Broadway Street in Beaverton. Based on an investigation made by the Traffic Engineer he recommended installation of raised asphaltic markers, marking of the pavement, and installation of a flashing beacon at a total estimated cost of $875. The City of Beaverton, he added, has indicated that it is agreeable to the plan and will maintain the flashing beacon and will furnish electrical energy to operate it. The City also has

indicated a willingness to prohibit parking and certain minor turning movements at this location. The Commission approved the project on such basis.

The Commission considered and upon recommendation of the Engineer, granted extensions of time within which to complete state highway contracts as follows:

1. Parker-Schram Company, Contract No. 4445, for grading and paving the Killingsworth Street-Sandy Boulevard Section of the Cascade Highway in Multnomah County, requested an extension of time from September 30, 1955 to July 15, 1956. Approved to April 19, 1956, the actual completion date of the contract.

2. Trowbridge Electric Company, Contract No. 4583, for installation of East Springfield Traffic Signals on the McKenzie Highway in Lane County, requested an extension of time from April 30, 1956 to June 29, 1956. Approved as recommended.

3. Trowbridge Electric Company, Contract No. 4584, for installation of the Hunsaker Lane-Fir Lane Traffic Signals on the Junction City-Eugene Secondary Highway in Lane County, requested an extension of time from April 30, 1956 to June 29, 1956. Approved as recommended.

4. Steeck Electric Co., Contract No. 4553, for installation of Traffic Signals in Lebanon, on the Santiam Highway in Linn County, requested an extension of time from March 31, 1956 to April 30, 1956. Approved to April 28, 1956, the actual completion date of the contract.

5. Warren Northwest, Inc., Contract No. 4266, for shoulder widening on the Jackson Creek-Tenmile Creek Section of the I.O.N. Highway in Malheur County, requested an extension of time from July 31, 1955 to June 30, 1956. Approved to and including April 21, 1956, the actual completion date of the contract.

6. George E. Berry, Contract No. 4438, for construction of guardrail and snow fence on the Emigrant Hill Section of the Old Oregon Trail Highway in Umatilla County, requested an extension of time from November 1, 1955 to May 30, 1956. Approved to April 30, 1956, the actual completion date of the contract.

*FOOTNOTE: The action taken by the State Highway Commission upon the extensions of time within which to complete the highway contracts listed above was based upon the recommendation of the Engineer and his reports which considered but did not necessarily adopt either or any of the reasons given by the contractors in their requests for such extensions of time. For details regarding these extensions of time, see copies of the contractors' requests and the Engineer's recommendations on file in the respective contracts in the Secretary's office.

Reconsideration was given to the assessment of engineering costs incurred by an overrun of time on Contract No. 4246, awarded to Columbia Empire Constructors, Inc., and P. S. Lord Mechanical Contractors for construction of two structures on the Coast Fork of the Willamette River-Divide Unit of the Pacific Highway. The Deputy Engineer recalled that at the January Commission meeting, engineering costs had been assessed against the contractor from October 31, 1955, to March 31, 1956, in the sum of $223.03 for failure to complete the job within the specified time. A later investigation disclosed that the delay in completion of the contract was due to inability of the contractor who was doing the grading work to complete embankments at the ends of the structures. He recommended in view thereof that the engineering assessment heretofore charged the contractor be withdrawn. The Commission accepted the recommendation and so ordered.

The Engineer reported that Contract Nos. 4223, 4249, 4266, 4350, 4394, 4438, 4445, 4462, 4477, 4515, 4516, 4525, 4528, 4530, 4533, 4534, 4535, 4553, 4595, 4596, 4606, 4608, 4637, and 4688 for highway construction have been completed according to requirements of the contracts or modifications thereof and that said contracts are now ready for acceptance by the Commission. After due consideration, the Commission accepted said contracts by adopting the attached resolution relative thereto, marked EXHIBIT "D", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

A petition from residents of the Charleston area requesting that electrically operated gates and barriers be installed on South Slough Bridge on the Cape Arago Secondary Highway was considered. The Deputy Engineer reported that due principally to logging operations the use of the lift span has increased considerably and that in 1955 the structure was opened 2,729 times. Also, it is contemplated that traffic over the bridge will increase considerably in the next few years. Installation of the electrically operated gates and barriers, he said, will reduce the time the highway is closed at each opening to approximately four minutes, compared with the average time at present of 7.05 minutes. He recommended the installation of the electrical gates and barriers at an estimated cost of $51,400. Chairman Chandler pointed out that a great many of the bridge openings are made to accommodate fishing boats and that the Federal Government is now constructing a boat basin to harbor these vessels. It was his suggestion that action in this matter be deferred until it can be determined what effect the operation of the new boat basin will have on the number of required openings of the bridge. The Commission accepted his suggestion.

The Deputy Engineer brought up for discussion an agreement with the City of Portland, executed in 1955, covering the repaving of Clay and Market Streets in Portland from Harbor Drive to 14th Street, which streets will serve as highway routes when the Clay Street-Market Street Interchange is completed. He recalled that this work was estimated to cost about $50,000 and that the State agreed to bear one-half the expense, but in no event not more than $25,000. It now appears necessary to flat-

ten the radius of some curbs to facilitate turning movements, which work was not included in the original arrangement. He recommended that the agreement be amended to cover the curb cutback subject to the understanding that the total cost to the State shall not exceed $25,000 as originally agreed. The Commission approved such amendment.

The Deputy Engineer reported that the State Police Department has called to his attention traffic hazards that exist on the Ontario Spur Section of the Old Oregon Trail, between the east city limits of Ontario and the Snake River Bridge. He advised that there has been considerable business development on this section during the past few years and that a number of accidents have occurred resulting in one person being killed and four injured. To alleviate the hazards, he recommended establishment of a 35-mile per hour speed zone between the east city limits of Ontario (M.P. 418.148) and a point 0.30 mile east of the east city limits of Ontario (M.P. 418.448), and that a 40-mile per hour speed zone be designated between M.P. 418.448 and the west end of the Snake River Bridge (M.P. 419.043). He also recommended that a stop sign be installed at the intersection at M.P. 418.67 where a public road connects with the highway. The Commission accepted his recommendations by adopting the attached resolution relative thereto marked EXHIBIT "E", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Conveyance of a parcel of property in Klamath Falls to the City of Klamath Falls was discussed. The Deputy Engineer explained that in an agreement with the City dated July 1, 1949, the State transferred 5.4 acres for park purposes only on the Klamath Falls-Malin Highway, and the City has now requested an additional parcel containing 12,950 square feet to be used for parking purposes in conjunction with the park area. This additional parcel, he stated, is adjacent to the land previously transferred and is not needed for highway purposes. He recommended that it be conveyed to the City for a consideration of $1.00. The Commission approved such conveyance.

A Service Agreement with Pacific Telephone and Telegraph Company covering a separate operation channel connecting the State Police and the Highway Maintenance Superintendent's office in Astoria with a remote radio transmitter located near the Astor Column in Astoria was discussed. Mr. W. W. Stiffler, Assistant Highway Engineer, explained that this is a remote-control line for operation of the highway radio transmitter and receiver at the remote station site and will provide for manipulation of the unit from either the Maintenance office or the State Police office. The installation charge, he stated, is $9.00, and the monthly charge is $12.50. Upon his favorable recommendation, the Commission approved the agreement.

Consideration was given to a request from Ivan Young, District Warden of the State Board of Forestry in Coos Bay, for prohibition of parking along the south side of the Oregon Coast Highway just west of Flanagan Avenue in Bunker Hill. The Deputy Engineer advised that this matter was

investigated by the Traffic Engineer and from the facts disclosed it appears that prohibition of parking at this point is warranted. He recommended that parking be prohibited on the south side of the Oregon Coast Highway between M.P. 239.34 (Engineer's Station 44+20) and M.P. 239.37 (Engineer's Station 45+70.) so as to permit the Forest Department's fire apparatus to enter the highway without interference. The Commission approved his recommendation by adopting the attached resolution relative thereto marked EXHIBIT "F-1", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The Engineer reported the need to prohibit the parking of cars on both sides of the Wilsonville-Hubbard Highway No. 51, opposite the landing field strip where "hot-rod" races are held each weekend. The average Sunday traffic volume on this section, he said, is about 8,000 cars, many of which stop to watch the races, thus causing a traffic congestion and hazard. In order to eliminate this congestion and to avoid accidents he recommended that both sides of the highway be posted for "No Parking" between M.P. 2.04 (Engineer's Station 725+00) and M.P. 2.09 (Engineer's Station 770+00). The Commission approved the recommendation by adopting the attached resolution relative thereto marked EXHIBIT "F-2", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

Two agreements between State Industrial Accident Commission of Oregon and the Industrial Accident Board of Idaho were presented by the Deputy Engineer. He explained that the agreements outline the jurisdiction and responsibility of both State agencies with regard to contributions or accident claims on the Interstate Bridges that cross the Snake River at Weiser, Payette, Ontario, and Nyssa. Briefly the Oregon Highway Department is to make contributions to the Oregon Accident Commission on all state highway employees engaged in the maintenance and repair of the Ontario and Nyssa Bridges, and the Oregon Accident Commission will handle claims filed by highway department workmen engaged on these bridges. Industrial Accident Board of the State of Idaho will do likewise for the two bridges at Weiser and Payette. Also the agreement covers construction of the new bridge at Nyssa and defines the boundaries of the two States. The Commission approved the agreements.

The Commission approved the Secretary's report on papers signed by him in behalf of the Commission during the period of April 23 through May 31, 1956. The Commission discussed a date for its next meeting and decided to hold such meeting in Portland on Thursday and Friday, July 12 and 13, the meeting to be held in the Imperial Hotel in Portland. The Commission tentatively decided to hold the next two following meetings on August 16 and 17, and on September 27 and 28, 1956.

The Commission considered a request from Senator Warren A. McMinimee that Mr. R. B. Sipprell be authorized to attend the third biennial reciprocity workshop of the American Association of Motor Vehicle Administrators in Chicago during June 11-13, 1956. The Deputy Engin-

eer stated that Senator McMinimee is not able to attend this meeting and wants Mr. Sipprell to attend for him. He recommended that Mr. Sipprell be authorized to attend at an estimated cost of $275. The Commission approved the trip as recommended by the Deputy Engineer.

The Commission also authorized Mr. R. H. Baldock, State Highway Engineer, to attend a meeting of the Executive Committee of the American Association of State Highway Officials in Kansas City, June 26-July 1, 1956, at an estimated cost of $275, if Mr. Baldock's health will permit.

A telegram was presented from the Roseburg Chamber of Commerce inquiring whether or not a survey to determine the best location of a heavy duty highway between Roseburg and Coos Bay would be expedited were local funds provided to assist in financing it. The Secretary was instructed to inform the Chamber that circumstances are such that local funds would not be of any help at the present time because there is a shortage of engineers to do the work and indications are that due to the expanded highway program it will not be possible to assign an engineering crew to the project for five years or more.

The Commission discussed a communication from P. C. Northrup, Roadmaster, Multnomah County, inquiring in behalf of the Board of County Commissioners whether or not the State Highway Department can make use of the old Morrison Street Bridge when the new bridge across the Willamette River at this location is completed. He suggests that the old bridge might be used for a crossing of the Willamette River between Oswego and Milwaukie. The Assistant Highway Engineer, G. S. Paxson, stated that the old bridge is of no value for State highway purposes and in any event it would not be feasible to move it. As a result of the discussion the Commission decided that it is not interested in the old structure and ordered that Mr. Northrup be so informed.

Commissioner Reynolds brought up for discussion the matter of the sale of used equipment to governmental bodies such as cities and counties. He recalled that this matter was previously discussed at the March meeting of the Commission, and was referred to the Engineer to ascertain whether or not the Commission could sell this equipment to these agencies without going through the formality of advertising the sale. The Chief Counsel advised that the matter has been taken up with the Director of the Department of Finance and Administration and presently it appears that it might be necessary to obtain legislation to clarify the statutes in this regard. The Engineer suggested that it might be better to leave the law as it now is so as not to give the cities and the counties any preference. He mentioned the possibility that were the law changed, abuse of the concession might result thereby causing the Highway Department some embarrassment. The matter was discussed at some length and as a result thereof the Commission decided not to give the cities and counties any preference and to require them to submit bids for equipment that they want as do others.

Commissioner Reynolds inquired whether or not it will be necessary under the new highway bill that is now pending in Congress, to hold public hearings when constructing highways that will by-pass cities and towns. The Deputy Engineer advised that the bill as passed by the House of Representatives eliminates the requirement for hearings on the interstate highway system, but not with respect to other highways; moreover, the Commission is still confronted with the State law which requires such hearings when by-passing municipalities.

The Commission discussed with the Deputy Engineer bids received during the morning session for highway construction and at 4:00 p.m., Commissioner McIver publicly announced the Commission's decision with respect to each project as follows:

"Bridge construction, grading and stone base on the Nehalem River (Vine Maple) Bridge Section of the Fishhawk Falls Highway in Clatsop County: The Commission awarded the contract to the low bidder, P. S. Lord Mechanical Contractors, Portland, at their bid price of $152,630.

"Cleaning and painting Coal Bank Slough Bridge in Coos Bay; Coquille River Bridge in Coquille; Hoffman Bridge on Powers Highway, and Siuslaw River Bridge in Florence, in Coos and Lane Counties: The Commission awarded the contract to George A. Macom Painting Co., Portland, at their bid price of $18,945.

"Grading and paving the North Brookings Section of the Oregon Coast Highway in Curry County: The Commission awarded the contract to the low bidder, Warren Northwest, Inc., Portland, at their bid price of $206,566.50.

"Grading and paving Pioneer Road and Easy Street in Brookings, Curry County: The Commission elects to accept the bid of Warren Northwest, Inc., Portland, in the sum of $28,023.80 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of the City of Brookings is received and the sum of $17,350 is deposited by the City.

"Embankment repair of Milo-Corn Creek Section of the Tiller-Trail Highway, about 18 miles east of Canyonville in Douglas County: The Commission awarded the contract to the low bidder, Angell Bros., Coos Bay, at their bid price of $6,766.

"Paving Hayhurst Road at Yoncalla in Douglas County: The Commission elects to accept the bid of Roseburg Paving Co., Roseburg, in the sum of $15,403.50 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of the City of Yoncalla is received and the sum of $3,550 is deposited by the City.

"Division No. 3 (North) Oiling Project on 8 highways, near McKenzie Bridge, Oakridge, Eugene, Reedsport and Florence in Lane, Douglas and Benton Counties: The Commission awarded the contract to the low bidder, J. C. Compton Co., McMinnville, at their bid price of $67,826.50.

"Ironside-Lancaster Reoiling Project on the John Day Highway, about 7 miles northwest of Vale in Malheur County: The Commission awarded the contract to Russell Olson Construction Co., Pendleton, at their bid price of $25,492.

"Burns-Crooked Creek-Jordan Valley Reoiling and Rock Production Project on 4 highways near Burns, Crane, Rome and Jordan Valley in Malheur and Harney Counties: The Commission awarded the contract to Babler Bros., Inc., Portland, at their bid price of $98,832.50.

"Barbur Boulevard Junction Interchange Illumination on Pacific Highway in Multnomah County: The Commission awarded the contract to the low bidder, Trowbridge Electric Co., Roseburg, at their bid price of $6,980.

"Construction of park facilities at Rooster Rock State Park in Multnomah County: The Commission awarded the contract to the low bidder, Schrader Construction Co., Portland, at their bid price of $31,162.50.

"Construction of Columbia River Highway Undercrossing at Rooster Rock Park Interchange, east of Portland, in Multnomah County: The Commission awarded the contract to the low bidder, Inland Construction Co., Milwaukie, at their bid price of $68,654.

"Hermiston (Orchard Avenue) Paving Project in Umatilla County: The Commission elects to accept the bid of Russell Olson Construction Co., Inc., Pendleton, in the sum of $14,134 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of the City of Hermiston is received and the sum of $1,200 is deposited by the City.

"Grading and paving the Banks Section of the Nehalem Highway in Washington County: The Commission awarded the contract to the low bidder, Rogers Construction Co., Portland, at their bid price of $15,015.

"Grading and paving the Durham Road Junction Section of the Pacific Highway West, about 2 miles south of Tigard in Washington County: The Commission awarded the contract to the low bidder, K. F. Jacobsen & Co., Inc., Portland, at their bid price of $32,920.

"Nelson-Benson Creek Aerial Photography and Topographic Mapping, near Huntington in Baker County: The Commission awarded the contract to the low bidder, Henry R. Staats, Portland, at his bid price of $17,890.

"Elsie-Sunset Camp Rock Production Project on the Sunset Highway, in Clatsop and three other Counties: The Commission awarded the contract to the low bidder Vanaken Sand & Gravel Co., Forest Grove, at their bid price of $63,590.

"Approach Replacement to the Powers Bridge over the South Fork of the Coquille River near the town of Powers in Coos County: The Commission awarded the contract to the low bidder, Tom Lillebo, Reedsport, at his bid price of $89,243.60.

"Grading and paving the South Unit, Kellogg Bridge-Yellow Creek Section of the Elkton-Sutherlin Highway in Douglas County: The Commission awarded the contract to the low bidder J. Ira McNutt Construction Co., Springfield, at their bid price of $239,248.

"Slide Correction Project on the West Unit, Reedsport-Dean Creek Section of the Umpqua Highway in Douglas County: All bids received on this project were rejected by the Commission as being too high.

"Stone base and Oiling, etc. on the Juniper Ridge-Wagontire Section of the Lakeview-Burns Highway in Harney County: The Commission awarded the contract to the low bidder, Babler Bros.., Inc., Portland, at their bid price of $122,548.

"Illumination of Ashland Interchange Section in Jackson County: The Commission awarded the contract to the low bidder, Steeck Electric Co., Roseburg, at their bid price of $7,840.

"Installation of traffic signals at two intersections on the Olive Street-Harbert Street Section of Oregon Coast Highway in the City of Newport, Lincoln County: The Commission awarded the contract to the low bidder, Trowbridge Electric Co., Roseburg, at their bid price of $11,350.

"Grading and oiling the Siletz-Camp 12 Section of the Siletz Highway in Lincoln County: The Commission awarded the contract to the low bidder, Don Greene & Greene & Buick, Inc., Salem, at their bid price of $119,228.

"Construction of guardrail and snow fence on the Olds Ferry-Ontario Section of the Old Oregon Trail Highway in Malheur County: The Commission awarded the contract to McWaters Construction Co., Boise, Idaho, at their bid price of $125,365.50.

"Grading and paving the Union Street-Bellevue Street (Salem) Section of the Silver Creek Falls Highway, on 12th Street in Salem, Marion County: The Commission awarded the contract to the low bidder, Warren Northwest, Inc., Portland, at their bid price of $169,927.

"Extension overnight camping area in Cape Lookout State Park in Tillamook County: The Commission awarded the contract to the low bidder, Schrader Construction Co., Portland, at their bid price of $48,760.

"Grading and paving the North Unit, Pendleton-Pilot Rock Section of the Pendleton-John Day Highway in Umatilla County: The Commission elects to accept the bid of Rogers Construction, Inc., Portland, in the sum of $381,365.50 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received."

The Commission discussed with the Engineer and Chief Counsel a proposed agreement with the Idaho Power Company covering the Company's contemplated use of and encroachment upon the right of way of the Baker-Homestead Highway in connection with construction of the Company's proposed dam across the Snake River in the vicinity of Brownlee, Oregon. This matter was discussed at considerable length and received the Commission's tentative approval; however, final action in the matter was deferred until the following day. (Discussion of this matter was resumed on June 5, at which time the agreement was definitely approved as prepared. The Commission at that time adopted a resolution regarding the matter. See ahead for additional entry.)

The Deputy Engineer presented for the Commission's consideration a "Proposed Partial Program" of projects to be financed with "1957-1958 Federal-aid Funds" involving interstate, primary, secondary, and urban monies and totalling $44,073,000, of which $8,135,000 represents estimated right of way expense. He advised that the surveys for all of the projects have been completed so the contracting of the work can go forward as soon as the Commission approves and notification has been received that the Federal monies are available. He asked the Commission to authorize immediate negotiations to acquire necessary rights of way. The Commission carefully considered and approved such partial program, as follows, and authorized the Right of Way Engineer to proceed immediately with the right of way negotiations:

(See pages 44 and 45 for Approved Program.)

PROPOSED PARTIAL PROGRAM - -1957-1958 FEDERAL AID FUNDS

June 1, 1956

Highway	Section	Miles	Kind of Work	Class of Federal Funds	Rights of Way	Allotments Construction	Allotments Total
			DIVISION NO. 1				
Portland-Salem Expressway	Harbor Drive-Washington Co. Line	6.60	6-Lane GPS	Interstate	$5,500,000	$6,440,000	$11,940,000
Mt. Hood	W. Unit, Sandy-Forest Bdy.	8.00	GPS	Primary	80,000	1,076,000	1,156,000

			Total, All Divisions		$8,125,000	$35,948,000	$44,073,000

The meeting adjourned at 5:00 p.m. to reconvene at 9:00 a.m. on the following morning in the same room.

Portland, Oregon
June 5, 1956

The meeting of the State Highway Commission reconvened at 9:00 a.m. in the Queens Room of the Imperial Hotel with the following persons present and participating:

Ben R. Chandler, Chairman
Chas. H. Reynolds, Commissioner
M. K. McIver, Commissioner
W. C. Williams, Deputy State Highway Engineer
W. W. Stiffler, Assistant State Highway Engineer
G. S. Paxson, Assistant State Highway Engineer
C. W. Enfield, Chief Counsel
Robert L. May, Jr., Assistant Counsel
R. L. Porter, Right of Way Engineer
C. H. Armstrong, State Parks Superintendent
C. H. Maison, Auditor
H. B. Glaisyer, Secretary

Mr. R. H. Baldock, State Highway Engineer, was excused on account of illness.

Bids as follows for highway construction work were opened and read aloud by the Secretary in conformity with previously published notice, following which he announced that the Commission will award contracts at 3:00 p.m. in the same room.

CLATSOP COUNTY
GRADE WIDENING OF HUMBUG SUMMIT SECTION OF THE SUNSET HIGHWAY

J. N. Conley, Portland	$ 37,881.00
C. J. Eldon, Portland	43,347.00
J. Bacaloff Co., Portland	53,957.50
Walter Goodat, Portland	65,560.00

CLATSOP COUNTY
GRADING AND OILING SUNSET JUNCTION SLIDE SECTION OF THE FISHHAWK FALLS HIGHWAY

C. J. Eldon, Portland	$ 29,535.50
Q. L. Rufener, Inc., Portland	29,822.00
Walter Goodat, Portland	34,317.50

DESCHUTES COUNTY
SISTERS SAND SHED PROJECT

R. H. Jones, Hillsboro	$ 9,832.80
C. P. Patterson, Redmond	10,101.32
Mann Construction Co., Redmond	10,510.00
Rohde Construction Co., Pendleton	10,560.36
A. E. Fitzgerald, Klamath Falls	11,912.00

JACKSON AND 3 OTHER COUNTIES
DIV. NO. 3 (SOUTH) OILING PROJECT ON 7 HIGHWAYS NEAR PINEHURST, ETC.

J. C. Compton Co., McMinnville	$ 56,054.50
Central Paving Co., Independence	57,354.50
Babler Bros., Inc., Portland	65,135.00

JEFFERSON COUNTY
CULVER ("E" ST.) PAVING PROJECT

Babler Bros., Inc., Portland	$ 14,485.00

KLAMATH COUNTY
KLAMATH AGENCY ROCK PRODUCTION PROJECT ON 3 HIGHWAYS

F. L. Somers, Medford	$ 31,200.00
Barney B. Helser, Beaverton	31,200.00
F. H. McEwen, Eugene	31,280.00

LANE COUNTY
FLORENCE (GALLAGHER ST.) GRADING AND PAVING

Umpqua River Navigation Co., Reedsport	$ 16,462.00
The United Contracting Co., Portland	17,372.00

LANE COUNTY
GRADING AND PAVEMENT WIDENING GLENADA HILL SECTION OF THE OREGON COAST HIGHWAY

Umpqua River Navigation Co., Reedsport	$ 63,943.00
The United Contracting Co., Portland	65,939.00

MALHEUR COUNTY
VALE (NACHEZ & "F" STS.) PAVING PROJECT

T. W. Thomas, Portland	$ 17,165.00
H. J. & H. W. Miller, Baker	18,065.00
Russell Olson Construction Co., Inc., Pendleton	19,800.00

BENTON COUNTY
LUCKIAMUTE RIVER BRIDGE ON BENTON COUNTY ROAD

Charles E. Wiedeman, Dallas	$ 23,300.00
Orlando C. Bennard, Portland	26,765.00
Babler Bros., Inc., Portland	27,330.00
Tom Lillebo, Reedsport	27,901.00

COOS COUNTY

Mr. H. J. Fittinger, Hydraulic Engineer, U. S. Forest Service, and Mr. Gene Renard, Lane County Parks and Recreation Superintendent, appeared before the Commission regarding highway facilities on the Willamette Highway at Lookout Point Reservoir in connection with an approach road from the highway to the reservoir. Mr. Fittinger, who acted as spokesman, stated that the Army Engineers have plans to build a boat landing and approach road at their expense, to be maintained by the Forest Service, and he asked the Highway Department to construct turnout facilities on the highway. If the State cannot perform this work,

he stated, the Forest Service will place it in the next forest highway program, but the work cannot be performed by them this year. The Deputy Engineer pointed out the traffic hazards that will be created by reason of crossing the Southern Pacific Company's main line tracks and the congestion of traffic on the Willamette Highway. Construction of a left-turn refuge of sufficient length to hold ten or fifteen cars with boats and trailers, he said, will cost approximately $18,000. Mr. Renard called attention to the great amount of public interest in the boat landing and he mentioned the fact that as many as 400 cars a day had been parked along the highway and many had dragged their boats across the railroad track and to the reservoir. Mr. F. E. Andrews, Division Engineer, Bureau of Public Roads, who was also present, stated that the highway work is eligible for Forest Highway funds, but cannot be performed this year as the forest program is already fully allocated. The matter was discussed in further detail with the Deputy Engineer, who recommended that the work be performed as a State project and that plans be prepared for bidding at the July letting, if possible. The Commission approved the project as recommended.

A delegation representing the Astoria Chamber of Commerce and the City of Warrenton appeared before the Commission concerning the Smith Point project on the Oregon Coast Highway between Astoria and Seaside. The following people were present: Charles Defoe, Manager, Astoria Chamber of Commerce, and Brewer Billie, City Manager; Malcolm MacEwan, Manager, Seaside Chamber of Commerce; E. P. Baldwin, City Manager, Ralph Day, Publisher of "Columbia Beacon", Clair Wade, John Sheppard, and George Stuckrath, all members of the Warrenton Chamber of Commerce; and Francis E. Harrington, Attorney, Clatsop County Development League. Mr. Defoe, who acted as spokesman, introduced the other members of the delegation and requested the Commission to construct the Smith Point project at an early date. He pointed out that the existing highway between Astoria and Seaside carries a large volume of traffic over a very obsolete roadbed. He also said that the Highway Interim Committee in 1948 gave this project a high priority rating. He inquired as to the latest developments. Chairman Chandler stated that although Congress has passed a federal highway bill it has not as yet become law, and that if the present bill is enacted, funds will be provided principally for interstate highways. However, this will mean that state funds which would have otherwise been spent on the interstate routes will be available for improvements on other highways. Commissioner Reynolds inquired if the construction of the Youngs Bay Bridge is considered the group's number one project. Mr. Baldwin, Warrenton City Manager, stated that the bridge construction is not necessarily the number one project, as the bridge structure is very expensive. He mentioned that construction of a section which would eliminate some of the worst curves such as exist at the Warrenton High School would be a worthy project, but whichever section is constructed first, would be left to the discretion of the Highway Commission. In reply to an inquiry of Commissioner Reynolds whether or not they will be satisfied with construction of the bridge first, Mr. Defoe and Mr. Baldwin both replied, "Yes, as a start". Chairman Chandler pointed out that the entire project is estimated to cost approximately $5,000,000, of which about $3,000,000 is for the new bridge across

Youngs Bay.

Mr. MacEwan asked the Highway Commission to expedite the Roosevelt Street by-pass in the City of Seaside. Traffic, he stated,backs up on side streets and finds it difficult to get on the highway.

Mr. Billie presented a letter from the City of Astoria requesting (1.) installation of a stop sign at the northeast corner of 7th and Olney Streets in Astoria, (2.) installation of traffic lights at the intersection of 10th and 12th on Marine Drive, (3.) widening and realignment of Leif Erikson Drive from 41st to 46th Street, and (4.) removal of the "No Parking" restriction on the south side of Marine Drive between 16th and 17th Streets. Chairman Chandler stated that these requests will be given careful consideration and it is possible that something good will develop.

Concerning construction of the new highway between Astoria and Warrenton, Mr. Baldwin gave as his belief that most people favor construction of the Youngs Bay Bridge as the first project. Mr. Harrington stated that he represents the Clatsop County Development League, composed of businessmen on the south side of Astoria and on the south side of the present bridges. It is the opinion of these people, he stated, that first consideration should be given to building the highway section and the bridge section later. He called attention to the bad traffic conditions on the present highway and stated that in determining the benefit quotient for the new highway the engineers apparently failed to consider the cost of maintaining the old bridges, which cannot be abandoned. He pointed out that public opinion in Astoria is far from unanimous as to which part of the construction should be performed first. Chairman Chandler stated that the Commission will give the matter careful consideration.

The following people representing the County Court Unit of the Oregon Coast Highway Association came before the Commission regarding additional improvements on the Oregon Coast Highway: James W. Harrison, County Judge of Coos County and Chairman of the County Court Unit, Coquille; County Judge O. E. Effenberger, Tillamook County Messrs. Wes Schulmerich and August Schollmeyer, Tillamook County Commissioners, Charles Ross, Chairman, Highway Committee, Oregon Coast Association, Fred Guyton, Tillamook City Councilman, and Mr. Burford Wilkerson, Manager, Tillamook Chamber of Commerce,all of Tillamook; Ralph Peterson, Lane County Commissioner, Eugene; and Frank Ashley, Douglas County Commissioner, Roseburg. Judge Harrison acted as spokesman. He explained that the delegation is composed of members of the various County Courts along the Oregon Coast Highway. He complimented the Commission on the fine work that had been done on the Oregon Coast and other highways and stated that the delegation as well as people of Oregon have great confidence in the Highway Commission. Further improvement of the Oregon Coast Highway, he stated, is needed, as there are no railroads which parallel the highway and commerce flowing either north or south must use the highway. The section

between Gold Beach and Brookings, he stated, appears to be the worst bottleneck at the present time. He also called attention to the need for reconstruction at Cascade Head and between Astoria and Seaside. It was his feeling that if the Coast Highway is properly developed it will greatly relieve traffic on the Pacific Highway, particularly because of its attraction to tourists. He inquired as to what expenditure could be expected on the highway from monies set up by the Congress in the new highway road bill. Judge Harrison presented a prepared statement in support of his oral remarks. Chairman Chandler stated that provisions in the present Federal bill would not aid the Oregon Coast Highway much, as funds are specified principally for Interstate Highways, Pacific Highway and the Old Oregon Trail. He also pointed out that unit construction on the section between Gold Beach and Brookings would not be of much value until the entire section is reconstructed, as there is no location where the new construction can hook up with the old highway. Judge Effenberger commented that he has been elected President of the Oregon Coast Association. He urged the Commission to consider early improvement of the Oregon Coast Highway between Bay City and Garibaldi as their Number One project, and construction of a bridge across Nehalem Bay at Fishers Point as their Number Two project. He also commented that early realignment around Cascade Head would be of great value. Mr. Schulmerich pointed out that he and other people in Tillamook County have been doing all they possibly can toward acquiring right of way for the Cascade Head Section. He particularly mentioned an exchange of properties with a Mr. Sutton. Mr. Peterson stated that Lane County at this time has no special problems. Mr. Ashley commented that although Douglas County has no special project of its own they are interested in highway improvements in Curry County. Mr. Ross emphasized the need for a new highway between Gold Beach and Brookings, and he also mentioned that residents of Curry County are hopeful of securing early improvement which has been their problem for 18 years. Mr. Ayers stated that the Coast Association is not interested in the specific location of the highway but is much interested in its overall development, particularly in the southern part of the State. It was his feeling that many tourists do not travel the present road because of its crooked alignment. He also asked the Commission to not divert money from the Coast Highway. Mr. Harrison commented that the Curry County Court wants an accelerated program in repairing the highway in Curry County, caused by the winter storms, before the tourist season gets under way. Chairman Chandler thanked the delegation for its presentation.

Mr. Byron L. Brimm, Mayor of Brookings, and Mr. Ralph W. Reed, Brookings Public Works Superintendent, came before the Commission regarding acquisition and development of an area along the ocean known as Mill Beach. Mr. Brimm stated that the area is attractive from a recreational viewpoint and he urged that it be acquired and developed as a state park. Mr. Reed presented a letter outlining negotiations by correspondence thus far and pointed out that Mr. Elmer Bankus has agreed to deed to the State an area adjacent to the beach for parking or picnic purposes, and that he also has agreed to deed to the City of Brookings a right of way over his property for access to the beach area. The City of Brook-

ings, he added, will maintain this road without expense to the State. The development of the park, he continued, should be patterned after those developments now in Azalea Park. He warned that if the area is to be acquired such action must be taken in the near future, as private interests also wish to acquire the property. Chairman Chandler commented that the area is within the City of Brookings and that the Commission has followed a policy of not acquiring or developing parks within cities. He also pointed out that while nearby Harris Beach Park is now located within the City of Brookings, it was not so located when it was acquired by the State but was taken into the city later when the city boundary was extended. The Commission, he added, will give the matter careful consideration and the city will be advised when a decision has been reached.

The Chief Counsel reported on the matter of acquiring property from the United States Government along the Pacific Highway near the Veterans Hospital in Roseburg. He stated that he has received information from a reliable source that it is the suggestion of Mr. Douglas McKay, former Secretary of the Interior, that application be made for acquisition of the property as a recreational area under the Recreational Act of 1944, as amended. He recommended that such procedure be followed. The Commission authorized the Chief Counsel to file such application with the proper authority.

The meeting recessed at 12:00 noon and reconvened at 2:00 p.m. with the same persons present and participating.

Settlement of a condemnation case of the State versus Arthur R. Holder, L-2446, was presented by the Chief Counsel. He stated this case concerns acquisition of 5.08 acres as right of way for the Myrtle Creek-Canyonville Section of US99, and that his offer to pay the owner $29,500 for the property was refused by the owner. However, after further negotiations, the owner has agreed to accept the sum of $30,700 which is the amount of the original offer plus interest to date. He recommended approval of such settlement. The Commission approved the settlement as recommended.

The Assistant Counsel, Mr. May, again brought up the matter of an agreement with Idaho Power Company in relation to dam construction on the Snake River near Brownlee and Oxbow in Baker County. The proposed agreement, he stated, has been revised to incorporate certain features as ordered by the Commission on the previous day, and he recommended that it be approved as revised. The Commission approved the agreement. The Chief Counsel suggested that the Commission at this time should also adopt a resolution designating the route of the Baker-Homestead Highway over the detour to be constructed by the Idaho Power Company around the dam, contingent upon the Idaho Power Company furnishing evidence that they have proper title to the right of way on which the detour is to be constructed. The Commission approved the suggestion

and thereupon adopted the attached resolution relative thereto, marked EXHIBIT "I", which resolution by this reference is made a part hereof with like effect as though extended in full herein.

The length of time that State cars, trucks and other equipment should be kept in service was discussed. The Deputy Engineer stated that presently cars and pick-ups are being operated an average of eight years and trucks for ten years. He stated further that in his opinion the cost to maintain cars and pick-ups for the first six years is reasonable, and that maintenance of trucks varies depending with the use to which trucks are put. He pointed out that some types of equipment, particularly large snow trucks, are used only for short periods during the year and their useful life may extend much longer than ten years. He estimated that to reduce the average use of cars and trucks to six and eight years, respectively, would cost an additional $100,000 for replacement in 1956 and that it would cost approximately $250,000 for the next two or three years to get all equipment on the six and eight-year basis. Mileage of use of State cars in six years, he stated, averages about 85,000 miles, and for eight years about 111,000 miles. Chairman Chandler recalled that in 1946 the Commission decided to budget the sum of $1,000,000 annually to replace all types of equipment until it was in first-class condition. After some further discussion, motion was made by Commissioner Reynolds that the sum of $100,000 be authorized for expenditure in the year 1956 as a start to get cars and trucks on a six-and eight-year life basis. The motion was seconded by Commissioner McIver and declared by Chairman Chandler to have carried by unanimous vote.

Inquiry was made by Commissioner Reynolds as to whether any further requests had been made for an alternate 99W highway extending north from McMinnville to the Longview Bridge across the Columbia River. The Deputy Engineer replied that the 99W Alternate Association has been organized, and they now want a new highway built, which he stated would cost about $10,000,000. He also said that maps have been furnished the Association showing the proposed route.

Commissioner McIver inquired as to the status of the proposed extension of 82nd Street north from US30 to the Portland Airport. The Deputy Engineer stated that the State has completed a survey on its section of the highway, but he does not know whether or not Multnomah County has taken any action. This project, he added, has been tentatively included in the next five-year program as an urban project.

The matter of holding a hearing in Medford concerning the proposed by-pass of Medford and nearby towns was brought up by Chairman Chandler. The Deputy Engineer stated that it is expected that the investigations will be completed about July 20 so the hearing can be held any time after that date.

The Commission also discussed the holding of a hearing in the City of Burns, concerning relocation of the Central Oregon Highway through that city. The Deputy Engineer commented that there appears to be con-

siderable dissension among residents of the city as to where the highway should be located--one faction favors relocation and another favors improvement of the existing highway. Chairman Chandler offered the suggestion that perhaps no hearing should be held until some sort of agreement has been reached by the people of Burns.

The Commission discussed with the Deputy Engineer the bids received at the morning session. The Deputy Engineer pointed out that tie bids were submitted on the Klamath Agency Rock Production Project by F. L. Somers, Medford, and Barney B. Helser of Beaverton, each having submitted an identical bid in the amount of $31,200. Chairman Chandler flipped a coin and Mr. Helser was determined the winner.

At 3:00 p.m. Commissioner McIver announced awards of contracts as follows:

"Grade Widening on the Humbug Summit Section of the Sunset Highway, about 4.4 miles west of Elsie in Clatsop County: The Commission awarded the contract to the low bidder, J. N. Conley, Portland, at his bid price of $37,881.

"Grading and Oiling Sunset Junction Slide Section of the Fishhawk Falls Highway in Clatsop County: The Commission rejected all bids received on this project as being too high.

"Construction of a frame shed at the State Highway Maintenance Station at Sisters, Oregon, in Deschutes County: The Commission awarded the contract to the low bidder, R. H. Jones, Hillsboro, at his bid price of $9,832.80.

"Division No. 3 (South) Oiling Project on 7 highways, near Pinehurst, Ashland, Medford, Grants Pass, Canyonville and Union Creek in Jackson and three other Counties: The Commission rejected all bids received on this project as being too high.

"Paving "E" Street in Culver, Jefferson County: The Commission elects to accept the bid of Babler Bros., Inc., Portland, in the sum of $14,485 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of the City of Culver is received and the sum of $1,800 is deposited by the City.

"Klamath Agency Rock Production Project on three highways, near Klamath Agency and Fort Klamath in Klamath County: The Commission awarded the contract to Barney B. Helser, Beaverton, at his bid price of $31,200. The Commission tossed a coin to decide the winner as F. L. Somers of Medford had submitted a bid in the same amount.

"Grading and paving Gallagher Street in Florence, Lane County: The Commission elects to accept the bid of Umpqua River Navigation Co., Reedsport, in the sum of $16,462 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of the City of Florence is received and the sum of $4,080 is deposited by the City.

"Grading and pavement widening on the Glenada Hill Section of the Oregon Coast Highway near Florence in Lane County: The Commission rejected both bids submitted on this project as being too high.

"Paving Nachez & "F" Streets in Vale, Malheur County: The Commission elects to accept the bid of T. W. Thomas, Portland, in the sum of $17,165 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of the City of Vale is received and the sum of $4,670 is deposited by the City.

"Construction of Luckiamute River Bridge on Benton County Road, No. 502, in Benton County: The Commission referred all bids submitted on this project to Benton County for award since this is a county project.

"Grading and paving the Catching Slough-Chandler Bridge Section of the Coos River Highway, in Coos County: The only bid submitted on this project was rejected by the Commission as being too high.

"Grading and paving 8th Street-14th Street (Coos Bay) Section of the Empire-Coos Bay Highway in Coos County: The Commission elects to accept the bid of A. T. Fox, North Bend, in the sum of $41,016.20 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired.

"Myrtle Point-Powers Rock Production Project on the Coos Bay-Roseburg and Powers Highway in Coos County: The Commission awarded the contract to the low bidder, Barney B. Helser, Beaverton, at his bid price of $48,750.

"Extension of Harris Beach State Park in Curry County: The Commission awarded the contract to the low bidder, LeRoy Weideman, Brookings, at his bid price of $26,496.75.

"Grading and paving the North Oakland Section of the Oakland-Shady Highway in Douglas County: The Commission awarded the contract to the low bidder, Parker-Schram Co., Portland, at their bid price of $16,972.50.

"Grading and paving of connections on South Oakland Interchange, Chenoweth Park-Deady Section of the Pacific Highway in Douglas County: The Commission elects to accept the bid of Roseburg Paving Co., Roseburg, in the sum of $64,818 and the State Highway Engineer is directed to award the contract to said bidder as soon as necessary right of way is acquired and approval of the Bureau of Public Roads is received.

"Grading and paving S. Wilbur Truck Scale Site on the Pacific Highway, about 6 miles north of Roseburg in Douglas County: The Commission awarded the contract to the low bidder, Roseburg Paving Co., Roseburg, at their bid price of $33,229.

"Construction of a frame dwelling at Austin in Grant County: The Commission awarded the contract to the low bidder, K. L. Clark, Hermiston, at his bid price of $13,982.

"Grading and oiling the Indian Creek-Windmaster Corner Section of the Brookside Drive Road in Hood River County: The Commission elects to accept the bid of Babler Bros., Inc., Portland, in the sum of $27,129 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Hood River County is received and the sum of $7,400 is deposited by the County.

"Torrent Creek Embankment Repair Project on the Pacific Highway about 6 miles south of Ashland in Jackson County: The Commission rejected all bids received on this project as being too high.

"Tiernan-Mapleton Guardrail Project on the Siuslaw Highway in Lane County: The Commission awarded the contract to the low bidder, Vern Hoaglin, Beaverton, at his bid price of $5,083.

"Extension of Jessie M. Honeyman State Park Overnight Camping Area, south of Florence in Lane County: The Commission awarded the contract to the low bidder Schrader Construction Co., Portland, at their bid price of $33,005.

"Grading and oiling the South Unit, Vale-Grand Avenue Section of the Lytle Blvd. Road in Malheur County: The Commission elects to accept the bid of C. E. Leseberg, Nyssa, in the sum of $115,999.50 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Malheur County is received and the sum of $26,150 is deposited by the County.

"Median drainage on the Fairview-Sundial Section of the T. H. Banfield Expressway, east of Portland in Multnomah County: The Commission awarded the contract to Perkins Bros., Portland, at their bid price of $11,812.

"Construction of Grand Avenue Structures on the Banfield Expressway in Portland in Multnomah County: The Commission awarded the contract to the low bidder, Birkemeier Construction Co., Milwaukie, at their bid price of $141,350.50.

"Construction of structures, grading and oiling Luckiamute River Bridge Section of the Independence-Albany Highway in Polk County: The Commission elects to accept the bid of Tom Lillebo, Reedsport, in the sum of $107,240 and directs the State Highway Engineer to award the contract to said bidder as soon as approval of Polk County is received and the sum of $24,750 is deposited by the County.

The Commission signed agreements and other papers as follows:

"Cooperative Agreement" covering the 8th Street-14th Street (Coos Bay) Section of the Empire-Coos Bay Highway. (authorized 7-11-55)

"Lease" with US Department of Commerce covering a weather bureau site at the base of Sexton Mountain in Josephine County.

"Grant of Access" with Mr. and Mrs. R. M. Brandhagen covering their property on Tigard-Onion Flat Unit of Tigard-Newberg Section of Pacific Highway West, Washington County.

"Bargain and Sale Deed" re conveyance to Marion County of right of way along Park Lane for addition to county road system. Consideration $1.00.

"Indentures of Access" on the following properties.

a. State Board of Forestry property on Tillamook Section Oregon Coast Highway, Clatsop County.

b. Bowman property on West Unit-Black Bridge-Richland Section of Baker-Homestead Highway, Baker County.

"Quitclaim Deed" to Polk County, 0.2 acre of excess property on Salem-Independence Highway, Polk County. Consideration of $1.00.

"Option for Transmission Line Easement" granting to Bonneville Power Administration an easement to cross 1.69 acres of excess property on the Chenoweth Park-Deady Section of Pacific Highway, Douglas County. Consideration $240.

"Consent to Street Vacation" re request of Henry L. Bauer, Attorney for Mrs. Emma Vahl, that State consent to vacation of a portion of an alley way lying between Lots 17 to 23, inclusive, and Lots 1 to 7, inclusive, in Block 3, Terrace Addition to Estacada, Clackamas County.

"Power of Attorney" to Robert L. Byrum, District Right of Way Supervisor, to act as the Commission's agent in connection therewith.

"Bargain and Sale Deed" with City of Klamath Falls covering conveyance of an additional area for automobile parking adjacent to property conveyed by the State to the City for recreational park purposes on June 14, 1949.

"Agreement" with City of Klamath Falls re above matter.

"Quitclaim Deed" quitclaiming to John and Arleta Fehlen for property on Pelican City South Sixth Street Section of Klamath Falls-Malin Highway, Klamath County.

"Agreement" re approval of standard service agreement with Pacific Telephone & Telegraph Company covering a separate "operation channel" connecting State Police and Maintenance Superintendent's Office in Astoria with remote radio transmitter located on Coxcomb Hill near the Astor Column in Astoria. Installation charge $9.00; monthly charge $12.50.

"Agreements" re approval of two agreements among State Industrial Accident Commission of Oregon, Industrial Accident Board of Idaho, Idaho State Board of Highway Directors and Oregon State Highway Commission outlining jurisdiction and responsibility of both state agencies with regard to contributions or any accident claims on the four interstate bridges crossing Snake River at Weiser, Payette, Ontario, and Nyssa.

"Supplemental Agreement" with O.W.R.& N. covering Willamette River-42nd Avenue Section of Banfield Expressway. (Authorized 9-9-55)

"Finance & Maintenance Agreement" with Malheur County covering South Unit, Vale-Grand Avenue Section of Lytle Blvd. County Road, FAS 515, Malheur County. (Authorized 9-22-55)

"Agreement" with City of Newport covering the traffic signal installation at the intersections of Cape Street (Oregon Coast Highway) and Olive Street, and Sixth Street (Oregon Coast Highway) and Hurbert Street. (Authorized 1-26-56)

"Agreement" with Umatilla County and the Northern Pacific Railway Company relative to the Helix Grade Crossing project on the Helix-Van Sycle County Road.

"Agreement" with O.W.R. & N. and Morrow County covering the widening of the Messner Overcrossing in Morrow County.

"Agreement" with City of Salem, also "Maintenance Agreement" with City of Salem re Union Street-Bellevue Street project.

"Finance & Maintenance Agreement" with Hood River County covering the Indian Creek-Windmaster Corner Section of FAS 356.

"Lease Agreement" with A. J. Sauer for a parcel of land in Section 7, Township 22 South, Range 12 West, W.M., Douglas County, for a period of 10 years, from June 1, 1956 to May 31, 1966. Consideration $1,500.

"Indenture of Access" to A. J. Sauers property in Section 7, Township 22 South, Range 12 West, W.M., Douglas County.

"Agreement" with Idaho Power Company providing for reconstruction of the Baker-Homestead Highway between M.P. 61.70 and 62.94 because of construction of the Brownlee Dam.

"Application for Purchase of Surplus Property" owned by the U.S. General Service Administration along the east side of the Pacific Highway near Roseburg, consisting of property for the Veterans Administration Hospital reservation.

There being no further business to come before the Commission, Chairman Chandler declared the meeting adjourned at 3:15 p. m.

Deputy State Highway Engineer

Chairman

Commissioner

Secretary

Commissioner

June 5, 1956

EXHIBITS "A" through "I"

MINUTES

of the

OREGON STATE HIGHWAY COMMISSION MEETING

held on

June 4 and 5, 1956

EXHIBIT "A"

Minutes of June 4 and 5, 1956

RESOLUTION

WHEREAS, in connection with the future improvement of the highway herein designated, and for the convenience and benefit of the public, it is and has been necessary to acquire property for rights of way, quarry sites, gravel or other material sites, sites for the storage of materials, and properties for other purposes authorized by statute as hereinafter more definitely set forth, and

WHEREAS, as a result of negotiations carried on with the owners of the property required, options have been obtained, which options have been considered by the Commission outlining the bases of settlement which have been agreed upon, and

WHEREAS, it is the judgment of the Commission that the said options should be approved and accepted and/or the said reports be declared acceptable to the State Highway Commission as bases of settlement for the properties involved, and that the acquisition of the properties should be completed.

NOW, THEREFORE, BE IT RESOLVED that the following described properties are hereby declared to be necessary for state highway, park, and other uses under the jurisdiction of the Commission, and that the several options or bases of settlement hereinafter enumerated be, and the same hereby are approved and accepted, and that the attorney for the Commission be, and he hereby is, instructed to complete the acquisition of the said properties and to take title thereto in the name of the State of Oregon, by and through its State Highway Commission. The said properties hereby ordered and authorized to be acquired are as follows:
